SULLIVAN

Rodeschin, Beverly
and the minority committee report was adopted.
Ordered to third reading.
Rep. Pilliod voted Yea and intended to vote Nay.

PROTEST

Pursuant to Part 2, Article 24 of the New Hampshire Constitution, the following protest was presented to be entered in the Permanent Journal.

Madam Speaker:

Whereas, HR 10 as passed by this House, clearly undermines the United States armed forces mission in Iraq, and,

Whereas, the decision to surge troop levels in Iraq is an integral part of success for the mission, and,
Whereas, a sensible amendment having been rejected in favor of a final bill that promotes withdrawal before the mission in Iraq is completed, and,

Whereas precipitous withdrawal in Iraq would be disrespectful to the sacrifice of our brave men and women who have sacrificed their lives thus far for the mission, and,

Whereas, I fully support our men and women in the armed forces and also support their mission in Iraq and the Commander in Chief, and,

Whereas, HR 10 regrettably uses support for the United States armed forces as a political tool, and,

Whereas HR 10 gives aid and comfort to the enemy, and,

Whereas HR 10 deteriorates the morale of our brave troops,

Therefore because of this, I am compelled to respectfully protest this action of this august House under Part II, Article 24 of the New Hampshire Constitution and request the entry of my protest concerning the New Hampshire Representatives' action today on HR 10 in the Permanent Journal of the House provided therein. Respectfully,

Reps. Baldasaro, Charles McMahon, Mary Allen, Waterhouse, Franklin Tilton, Camm, Rodeschin, Major, Lars Christiansen, Garcia, Charron, Hunter, Renzullo, Stepanek, Ingbreton, Hopfgarten, Charles Clark, David Smith, Dingman, Bulis, Gionet, Villeneuve, Itse, Introne, Phyllis Katsakiores, Chandler, Eric Anderson, Mooney, Hawkins, Lynne Ober, Russell Ober, Bergeron, Hogan, Reed, Humphries, Hutchinson, Merrow, Russell Day, Sorg, Haefner, Sanders, Bishop, Barry, Guthrie, James Garrity, Devine, Ingram, Griffin, Manney, Kappler, Remick, Lawrence, Reagan, Ulery, Ahlgren, Marshall Quandt, Matthew Quandt, Pelkey, Daniels, Berube, Kimberly Shaw, Wickson, Priestley, Tahir, Reeves, Tobin, Emerton, Bedrick, Pearson, Hansen, Dalrymple, Graham, Batula, Winchell, Rausch, McRae, Lessard, Carson, Soucy, L'Heureux, Fesh, Emerson, Nancy Elliott, Forsing, Jasper, Packard, Carolyn Brown, Weyler, Belanger, Weare, Stevens, Dumaine, Martin, Crane, Tholl, Coughlin, Patten, Buxton, Wendelboe, David Russell, Infantine, Boyce, Bettencourt, Whalley, Hess, John Thomas, John Flanders, Nedea, Rowe, Welch, Lund, Emiro, Price, Janet Allen, Chris Christensen, Headd, Denley and Nowe.

UNANIMOUS CONSENT

Rep. Carl Robertson addressed the House.

MOTION TO PRINT REMARKS

Rep. John Thomas moved that the remarks made by Rep. Carl Robertson be printed in the Permanent Journal.

Without objection, the Speaker so ordered.

REMARKS

Rep. Carl Robertson: Thank you, Madam Speaker. Honorable members of the House, I rise today for a very sad occasion. When I first ran for the House of Representatives, I was encouraged to do so by a gentleman who sat here in this body and sat next door in the Senate for awhile. He told me "You need to do this. You need to serve there. You need to find out what these people do and what goes on up there." And I have to admit, I'm in awe. I look out, no matter what the issue is, no matter what side you're on. The passion, the soul searching, the energy, the effort, the time that you put in will never, ever be recognized by the people you represent. "But you'd do such a great job of it." He told me that. I said, "Yeah, yeah. They are just people." He was right. Even though I may disagree with you sometimes, and I may not agree with a lot of things, I really respect what you bring here and what you do for the people of New Hampshire. Anyway, this gentleman lived in my town of Exeter and yesterday, long time Exeter resident, the Honorable J. Arthur Tufts died at the age of 85. He was a member of this House from 1961 to 1964 and again from 1979 to 2003 – quite a commitment. He also served as a member of the Senate from 1965 to 1971 serving as its President from 1969 to 1970. Arthur Tufts was the kind of person who spent a lot of time volunteering and doing things to help people. He served as Rockingham County Commissioner in 1970. He served on the UNH board of trustees. He served as a volunteer for Easter Seals and one of his favorite things was to work in the New Hampshire Special Olympics where he could be seen doing everything from coaching to officiating to just cheering the kids on. He was always involved in youth sports in Exeter encouraging kids again the same way. His volunteerism, his energy and his way should serve as a model to all of us. Arthur Tufts is gone. May he rest in peace and thank you J. Arthur Tufts for all you did for the people of New Hampshire. Madam Speaker, could we have a moment of silent meditation, please.

MOMENT OF SILENCE

A moment of silence was observed in memory and honor of former New Hampshire State Representative J. Arthur Tufts.

UNANIMOUS CONSENT

Rep. Hess addressed the House.

MOTION TO PRINT REMARKS

Rep. Daniel Eaton moved that the remarks made by Rep. Hess be printed in the Permanent Journal. Without objection, the Speaker so ordered.

REMARKS

Rep. Hess: Thank you very much, Madam Speaker, fellow members. Most of you, if you have been here for more than 4 months, knew Jim Oliver. You recognized him certainly. You probably talked with him. You knew who he was. I knew Jim since he moved to Hooksett in 1978. And I also know that probably few, if any, of you know who he really was and what he was. So I would like to ask you to commemorate and celebrate his life with me for a few moments. Jim was an orphan before he became a teenager. His mother died in his arms when he was 12. His father died shortly thereafter. He volunteered for the New York police department at a young age and in 1962 was sent directly into the special services unit which, for those of you who don't know it, was the elite of the elite. He served undercover for 3 years starting with the Cuban missile crisis in counter-intelligence. He worked in counter-intelligence after the crisis was over to ensure that the nation's civil rights movement in New York progressed and succeeded without reactionary violence. He continued to work in the special services for the remainder of his full 16 years in the NYPD and was instrumental, among other things, in wiping out the so called Mickey Featherstone gang or the Westies as they were known which were so violent and in control of Hell's Kitchen which is the area from about 40th to 65th Street on the West Side, 9th, 10th and 11th avenues. Even the mafia didn't enter the area. He even served for a period in the internal investigations unit which as you know is the unit that is responsible for ensuring the integrity and honesty of the department and its personnel. If you, like me, lived in New York during that period from '62 to '78 or visited or knew anything about it or remember, you know that it was the worst of times in New York. The city was broken. Crime was rampant. We had riots, not only in Harlem but across Bedford-Styvesant. Garbage was piled 15 feet deep. The tactical police force, which is those guys 6'6" and taller, were on the street corners every couple of weeks because another nurse at Columbia Presbyterian had been raped or murdered. Jim served in the city during that period of time. He came to Hooksett when we were a small village, a backwater if you will, and as you heard in the Resolution read by the Clerk this morning, turned our police department into a model of professionalism. Jim embodied the best in law enforcement and the best in our society. He practiced what he believed. He lived by his principles: integrity, dignity, pride and respect for everyone – even the bad guys. His motto was, "If you are good, the bad guys, they'll reciprocate." And they did. He used to say to me and some others, "In New York City you could tell the bad guys because they carried the guns. In New Hampshire, you knew who the bad guys were because they were the local politicians and their friends and families who thought they were entitled to special consideration by local law enforcement entities." He didn't mean it in a derogatory sense. It was a statement of fact. His whole life was dedicated to service, but it was quiet service. You never heard him talk about it. You never heard him brag about it. He never gave up on a life. There were many, including heroin addicts, who came back to thank him for what he did. And he never gave up on his job. He spent 20 years ensuring that the murderer of Danny Paquette was brought to justice and trial in the last year or two. Jim was a cops' cop and he was also just a good man. Thank you.

MOMENT OF SILENCE

A moment of silence was observed in memory and honor of New Hampshire State Representative James Oliver.

MOTION TO RECONSIDER

Having voted with the prevailing side, Rep. Kjellman moved that the House reconsider its action whereby it adopted the minority committee report of Ought to Pass on **HR 10**, opposing President George W. Bush's Iraq policy and urging the President and Congress to take actions relative to veterans' benefits and the war in Iraq.

Rep. Kjellman spoke against.

Motion failed.

The House recessed at 1:30 p.m.

RECESS

(Speaker Norelli in the Chair)

The House reconvened at 2:30 p.m.

REGULAR CALENDAR (CONT'D)

HB 565-FN, prohibiting the use of leghold traps and conibear traps. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. Vincent E. Greco for the Majority of Fish and Game: This bill, seeking to ban leg hold and "conibear" traps, faced strong opposition from the Fish and Game Department, New Hampshire Wildlife Federation, Department of Transportation, New Hampshire Timberland Owners Association, New Hampshire Farm Bureau, Department of Agriculture, local communities, New Hampshire Trappers Association and the general public. A prohibition aimed at the common types of traps used would have a financial impact on local communities and landowners as property damage would increase and the practice of trapping would effectively end. Nuisance complaints would also increase and affect both Fish and Game and animal control agencies. Trapping is a long standing practice, highly regulated, and does not occur without written permission from landowners and registration with the Fish and Game Department. The New Hampshire Trappers Association, working with the Fish and Game Department has developed a code of ethics and is very active in policing their activity and the members. Testimony that trappers no longer make a living pursuing their activity is not relevant. Dogs caught in traps, an infrequent occurrence, is usually the result of the animal being on private property without landowner permission and results in distress both to the pet owner and also to the landowner. Although the bulk of the testimony was in opposition to the bill the compelling reason for rejecting this legislation again, as it was rejected in 1997, is that we choose not to restrict lawful and longstanding practices here in New Hampshire. Vote 13-2.

Rep. Carla M. Skinder for the Minority of Fish and Game: This is a humane treatment of animals issue. Until there are truly humane traps, the minority is unable to support the position of the majority on this bill. There are solutions to many of the problems that are encountered by "nuisance" animals.

Reps. Skinder, McCarthy and Vaillancourt spoke against.

Reps. Henson and Porter spoke in favor.

Rep. L'Heureux requested a roll call; sufficiently seconded.

and the majority committee report was adopted.

Rep. Carolyn Brown did not vote and notified the Clerk that she wished to be recorded in favor.

MOTION TO RECONSIDER

Having voted with the prevailing side, Rep. L'Heureux moved that the House reconsider its action whereby it adopted the majority committee report of Inexpedient to Legislate on **HB 565-FN**, prohibiting the use of leghold traps and conibear traps.

Rep. L'Heureux spoke against.

Motion failed.

REGULAR CALENDAR (CONT'D)**HB 273-FN**, relative to special needs trusts. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Ruth Z. Bleyler for Health, Human Services and Elderly Affairs: This bill simply states that when determining continuing eligibility for Medicaid, the distributions from "Special Needs" trusts should be counted, or not counted, as provided for in federal law, specifically Title XVI of the Social Security Act. Thus, distributions other than for food and shelter can be made to enhance quality of life while retaining medical benefits necessary for well-being. The committee heard from several experts who testified to the security families need in knowing that their disabled family members may continue to maintain a similar quality of life after the trauma of losing a parent; thus providing stability that could prevent the need for additional support from the state. The Department of Health and Human Services acknowledged that with this amendment, the amount of the fiscal note will decrease. Testimony received at the hearing did not support any costs to the department, but in fact the department may save dollars. Vote 19-0.

Amendment (0440h)

Amend the bill by replacing all after the enacting clause with the following:

1 New Paragraph; Public Assistance to the Blind, Aged, or Disabled Persons, and to Dependent Children; Eligibility for Assistance; Special Needs Trusts. Amend RSA 167:4 by inserting after paragraph IV the following new paragraph:

V. Distributions of the income or principal, or both, of a special needs trust to or for the benefit of the disabled beneficiary shall be disregarded for income eligibility purposes of all categories of public medical assistance to the same extent that such distributions are disregarded for purposes of Title XVI of the Social Security Act. Funds expended by a trustee of a special needs trust to purchase or maintain assets owned by the trustee in his or her capacity as trustee of the trust shall also be disregarded for such income eligibility purposes. For the purposes of this paragraph "special needs trust" means any trust established by a third party for the sole benefit of an individual who is considered disabled under the provisions of section 1614(a)(3) of the Social Security Act, and any trust funded with the resources of such an individual and complying with the provisions of section 1917(d)(4) of such Act.

2 Effective Date. This act shall take effect 30 days after its passage.

AMENDED ANALYSIS

This bill provides that disbursements from qualifying special needs trusts shall not be counted as unearned income when determining eligibility for public medical assistance unless they are used for food or shelter, as those terms are defined for the purposes of the federal Supplemental Security Income program.

Amendment adopted.

Committee report adopted and ordered to third reading.

HB 408, establishing a council for the homeless. **INEXPEDIENT TO LEGISLATE.**

Rep. Jennifer Daler for Health, Human Services and Elderly Affairs: This bill would create a council on homelessness to include actual homeless or recently homeless individuals. The committee felt there are at least two current vehicles, the Emergency Shelter and Homeless Coordination Commission and the Governor's Interagency Council on Homelessness, which can be worked with to include those voices. It was recommended that a caucus on homelessness be created to work on legislation addressing this complex issue. Vote 17-1.

Committee report adopted.

HB 563, relative to obtaining birth certificates for stillborn children. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Cindy Rosenwald for Health, Human Services and Elderly Affairs: This bill, as amended, changes the terminology of a Certificate of Fetal Death to a Certificate of Stillbirth. It may provide some measure of comfort for grieving parents. There was no opposing testimony, and the sponsor agreed. Vote 16-1.

Amendment (0895h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to obtaining certificates of stillbirth.

Amend the bill by replacing all after the enacting clause with the following:

1 New Section; Certificate of Stillbirth. Amend RSA 5-C by inserting after section 19 the following new section:

5-C:19-a Certificate of Stillbirth. The director shall establish a certificate of stillbirth on a form approved by the director for each fetal death, as defined in RSA 5-C:1, XII, occurring in this state. This certificate shall be available to the parent or parents of a stillborn upon request.

2 Reporting of Fetal Deaths. RSA 5-C:74, IV is repealed and reenacted to read as follows:
IV. The director shall establish a certificate of stillbirth on a form approved by the director for each fetal death, as defined in RSA 5-C:1, XII, occurring in this state. This certificate shall be available to the parent or parents of a stillborn upon request.

3 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill requires the director of the division of vital records administration to establish a certificate of stillbirth.

Rep. Rosenwald moved Recommit, spoke in favor and yielded to questions.

Motion adopted.

Recommitted to the Committee on Health, Human Services and Elderly Affairs.

HB 774-FN, relative to the use of marijuana for medicinal purposes. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. Robert G. Bridgham for the Majority of Health, Human Services and Elderly Affairs: This bill would attempt to immunize from state prosecution the preparation and use of marijuana for relief of symptoms associated with "debilitating medical conditions." There was consensus in the committee that the limiting provisions in the bill are so loose and broad that effective control is not possible. Authoritative national organizations, such as the National Academy of Science and other prestigious medical organizations have not produced statements of clear guidance regarding the consequences of marijuana use. This may be because reliable science on marijuana is difficult, since it is not a single substance, but a mixture of many chemicals, different with each lot. This bill would create a dangerous precedent by authorizing a drug for medicinal purposes through legislative action, bypassing the FDA process in which the effectiveness and safety of prescription drugs are established and their prescription, distribution and use carefully monitored. Much of the symptomatic relief claimed for marijuana may soon be available from Sativex, a drug now in the FDA process of investigation and approval. The majority of the committee found the bill to be fundamentally flawed. The possession and use of marijuana is illegal under federal laws, and state law in this area cannot block federal law. Litigation has gone all the way up to the U.S. Supreme Court. The Ninth Circuit Court of Appeals has also just reaffirmed that individuals are not immune from federal prosecution even if their state has a medical marijuana law. It would be fundamentally cruel to promise protection to the sick and vulnerable that this bill cannot provide. Vote 12-7.

Rep. Evalyn S. Merrick for the Minority of Health, Human Services and Elderly Affairs: The minority of this committee believes the legislature should pass HB 774. The minority also believes the use of marijuana, for medically-appropriate purposes only, will provide safe, responsible and humane options for patients suffering from severe and chronic pain. Studies and available evidence have proven that marijuana can and does alleviate and/or minimize pain and suffering associated with certain diseases, illnesses and powerful drug therapies (i.e. chemo). The minority contends that meaningful, appropriate and acceptable legislation often begins at the state level. The minority does not condone the legalization of marijuana. However, HB 774, as written, provides safeguards to assure the controlled, certified, monitored, and appropriate use of marijuana. A physician must deem its use medically necessary, at a therapeutic level, based on the patient's diagnosis. Finally, the minority feels that no physician should be told which therapeutic intervention he/she can or cannot prescribe. To withhold a treatment, which has proven to ameliorate and/or reduce substantially, severe pain and suffering, is immoral, unethical and unconscionable. At this time, there is no other pharmaceutical agent which provides the relief to patients that marijuana does.

Reps. Timothy Robertson, Evalyn Merrick and William Chase spoke against

Reps. Miller, Butynski and Bridgham spoke in favor.

Rep. Batula requested a roll call; sufficiently seconded.

and the majority committee report was adopted.

HB 826-FN, relative to coverage of medically necessary services and items under the medical assistance program. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Suzanne S. Butcher for Health, Human Services and Elderly Affairs: This bill addresses coverage of services and items, including durable medical equipment, under the state Medicaid program. It affirms the intent of the Legislature to support persons with special health care needs and disabilities so that they may live in their homes and communities as independently as possible. It requires DHHS to establish a review process that would consider extenuating circumstances in individual cases. The amendment replaces the bill's definition of medical necessity with a requirement that the department develop definitions consistent with federal law and the Legislature's intent, and sets criteria for the review process. Criteria include consideration of whether the service or item is medically necessary, denial would be clinically contraindicated, new scientific evidence demonstrates efficacy or medical appropriateness, or the service or item will prevent the need for a more costly covered service or item, including hospitalization or institutionalization. The bill specifically requires coverage of disposable incontinence supplies. This would enable citizens to live in dignity and would prevent the greater cost of institutionalization, since incontinence is a major reason for admissions to nursing homes. Vote 19-0.

Amendment (0833h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to coverage of services and items under the medical assistance program.

Amend the bill by replacing section 1 with the following:

1 New Section; Coverage of Services and Items Under the Medical Assistance Program. Amend RSA 167 by inserting after section 3-g the following new section:

167:3-h Coverage of Services and Items Under the Medical Assistance Program.

I. It is the intent of the general court to support persons with special health care needs and disabilities with coverage of medically necessary service and items under the medical assistance program so that they may live in their home and communities as independently as possible and with the maximum ability to be mobile and exercise self care.

II. For the purpose of providing medical assistance, the department shall develop a definition of "medical necessity" consistent with Title XIX of the Social Security Act and consistent with paragraph I.

III. The commissioner of the department of health and human services shall establish by rules adopted under RSA 541-A an independent coverage review process for any and all services and items allowable under Title XIX of the Social Security Act and not otherwise identified as a covered service or item under rules established by the department. The review process shall include consideration of extenuating circumstances unique to the medical assistance recipient that warrant coverage of the service or item. Criteria for coverage shall include all of the following:

- (a) The service or item is medically necessary;
- (b) The service or item does not meet the definition of medically necessary, but the department's clinical review finds that there are extenuating circumstances unique to the recipient that would make a denial for coverage clinically contraindicated;
- (c) The service or item does not meet the definition of medically necessary, but the department's clinical review finds that new scientific evidence exists in the medical literature or by experts in the field about the efficacy or medical appropriateness of the requested item, and the department determines that the original basis for non-coverage was based on the previous lack of such evidence; or
- (d) The service or item will prevent the need for a more costly covered service or item, including prevention of hospitalization or institutionalization.

IV. Medical assistance shall include coverage for disposable incontinence supplies under the Medicaid state plan for individuals who have a medical condition resulting in incontinence, as documented by a physician.

AMENDED ANALYSIS

This bill requires the department of health and human services to define medical necessity in a manner consistent with the Social Security Act and to establish an independent coverage review process under the medical assistance program for services and items not otherwise covered. The bill also requires coverage for disposable incontinence supplies under the Medicaid state plan. Amendment adopted.

Committee report adopted and ordered to third reading.

HB 864-FN, requiring licensing of outpatient abortion facilities. **INEXPEDIENT TO LEGISLATE.**

Rep. James R. MacKay for Health, Human Services and Elderly Affairs: The majority is concerned that this bill would micromanage the practice of licensed doctors and nurses and health care providers working in outpatient abortion facilities. If passed, it would require DHHS to inspect and license abortion facilities, requiring additional inspectors in an already over-extended licensure staff. Currently, outpatient providers are required to meet federal OSHA and clinical laboratory improvement amendments, and the credentialing requirements of Medicaid, Medicare and private insurers. In addition, this bill would add certain fees and fines. The majority strongly agreed that this legislation is not needed in light of the professional licensing requirements. Vote 13-4.

Rep. Nancy Elliott spoke against.

Rep. Daler spoke in favor.

Rep. Dumaine spoke against and yielded to questions.

Rep. Rosenwald spoke in favor and yielded to questions.

Committee report adopted.

HB 893-FN, relative to long-term care. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Thomas E. Donovan for Health, Human Services and Elderly Affairs: This bill is the continuation of a number of bills relative to enhancing and strengthening the long-term care program within the State of New Hampshire. Of critical importance in the bill is the fact that it maintains current eligibility criteria for nursing facility services established through HB 691 in 2005, which would have otherwise sunset and reverted back to the old unacceptable criteria prior to the enactment of HB 691. The bill also reinforces that individuals really are in control of their lives in their waning years by adding stronger language both to their role in the long-term care process and in maintaining their ability to remain in their own home for as long as possible. It requires the department to make public an annual report that quantifies certain needs that elderly and chronically-ill adults have and how those needs are or are not being met, as well as the reasons why they are not being met. It also looks at the length of time it takes with respect to the process for an individual to receive these critically necessary services from the time one applies for them or is re-

ferred to them, among other areas of concern. The bill also establishes a presumptive eligibility process for those individuals who in all probability would meet the clinical and financial eligibility criteria; services could be provided in a much more timely manner rather than having to wait, at times, months for all the paperwork to wind its way through the system. The department will set the eligibility requirements, allowing them to control risk. Applicants that the department believes less likely to meet eligibility requirements would not be fast tracked through the presumptive mechanism, which will protect the state from making a hasty wrong decision. The great majority of the committee looked at this bill primarily as a bill of efficiency to help fix a system that has been struggling a great deal over the last two years for numerous reasons at the client's expense. Timely intervention into these critically-ill individuals' lives will allow them to receive the necessary services that hopefully will enable them to remain in their own homes and not have to enter more costly, more restrictive nursing home care. Vote 18-1.

Amendment (0751h)

Amend RSA 151-E:1, III as inserted by section 1 of the bill by replacing it with the following:

III. This chapter is ~~[an initial]~~ **an essential** step toward ~~[incrementally]~~ rebalancing the long-term care system and expanding choices available to recipients. It increases the continuum of care by adding mid-level care, including but not limited to, assisted living and residential care services. Through an acuity-based reimbursement system ~~[and]~~, a comprehensive needs assessment process, **and an information and assistance process**, it ~~[encourages]~~ **provides** those eligible for Medicaid nursing facility services **the opportunity** to ~~[consider]~~ **choose** more appropriate, less costly mid-level services and home and community-based care. In this way, the state intends to serve this increasing Medicaid eligible population more appropriately and more economically.

Amend the introductory paragraph of RSA 151-E:3, I(a) as inserted by section 3 of the bill by replacing it with the following:

(a) Clinically eligible for nursing facility care because the person requires 24-hour care for one or more of the following purposes, as determined by registered nurses ~~[employed by state or county government using]~~ **appropriately trained to use** an assessment tool **and employed by state government, county government, an independent case management agency, or a designee acting on behalf of the department**:

Amend RSA 151-E:3, IV as inserted by section 4 of the bill by replacing it with the following:

IV. For the purposes of the assessment performed pursuant to paragraph I, the registered nurse shall give substantial weight to clinical information provided by the applicant's physician, including, but not limited to, diagnosis, prognosis, and plan of care recommendations.

Amend the introductory paragraph of RSA 151-E:16, I as inserted by section 7 of the bill by replacing it with the following:

I. The department shall make publicly available an annual report, beginning on January 1, 2008, that quantifies the following information for all services provided to elderly or chronically ill adults by or through the bureau of elderly and adult services; such report to include data which is available, and if data is unavailable or incomplete, an explanation for such omission:

Amend RSA 151-E:18 as inserted by section 7 of the bill by replacing it with the following:

151-E:18 Availability of Targeted Management Services. The department shall make available to and advise all Medicaid recipients who require a nursing facility level of care or are at risk of needing such care and who are patients in hospitals, rehabilitation hospitals, or nursing facilities of the availability of targeted case management services provided by independent case managers, to explore the feasibility of transitioning to home and community-based care.

Amend RSA 151-E:19, III as inserted by section 7 of the bill by replacing it with the following:

III. Presumptive eligibility authorizations shall be dependent upon a face-to-face interview of each applicant and review of a completed Medicaid application. The department district offices, information and referral resource centers, and qualified providers shall perform the face-to-face interview within 20 business days of a request for medical assistance. The department district offices, information and referral resource centers, and qualified providers shall assist the applicant in completing the application within 5 business days of the face-to-face interview and the department shall review the application for presumptive eligibility within 5 business days of completion of the application.

AMENDED ANALYSIS

This bill:

I. Authorizes individuals eligible to receive Medicaid-funded nursing home services with the right to have their individual support plans developed through a person-centered planning process regardless of age, disability, or residential setting.

II. Maintains current eligibility criteria for nursing facility services which would change on July 1, 2007.

III. Requires that the department make publicly available an annual report on the availability of, need for, and quality of long-term care services in each county of the state.

IV. Requires that the department calculate accurate cost estimates of the full cost to the state of adequately funding long-term care services and to submit these estimates as an informational addendum with its budget request.

Amendment adopted.

Committee report adopted.

Referred to the Committee on Finance.

CACR I, relating to the definition of marriage. Providing that marriage between one man and one woman shall be the only legal union that shall be valid or recognized in this state. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. Bette R Lasky for the Majority of Judiciary: This constitutional amendment proposal would put to the voters the question of whether to amend the New Hampshire Constitution to recognize only the legal union between one man and one woman. The majority of the committee voted to find it inexpedient to legislate for several reasons. First and foremost, the majority believes that this "House of the People" should not enshrine discrimination of any kind in the New Hampshire Constitution. All our citizens deserve the freedoms, protections and rights guaranteed in the document. The Constitution should be a protector of minority rights and this Legislature should never allow otherwise. Vote 14-6.

Rep. Nancy J. Elliott for the Minority of Judiciary: Given that we have many bills attempting to redefine marriage, the minority believes that we should let the people vote and have a voice in what the future of marriage in this state will be.

Rep. Dumaine spoke against.

Rep. Lasky spoke in favor.

MOTION TO LAY ON THE TABLE

Rep. Serlin moved that **CACR I**, relating to the definition of marriage. Providing that marriage between one man and one woman shall be the only legal union that shall be valid or recognized in this state, be laid on the table.

Rep. Dumaine requested a roll call; sufficiently seconded.

and the majority committee report was adopted.

(Rep. Foster in the Chair)**MOTION TO RECONSIDER**

Having voted with the prevailing side, Rep. MacKay moved that the House reconsider its action whereby it adopted the majority committee report of Inexpedient to Legislate on **HB 774-FN**, relative to the use of marijuana for medicinal purposes.

Reps. MacKay, Wallner and Whalley spoke against.

Reps. Trinka Russell and Scott Merrick spoke in favor.

On a division vote, 167 members having voted in the affirmative and 190 in the negative, the motion failed.

REGULAR CALENDAR (CONT'D)

CACR 15, relating to citizen review retention elections for judges. Providing that a judge shall be subject to a citizen review retention election at the biennial election next occurring after he or she has served for 2 years and subsequently at regular intervals which depend on the court in which the judge serves. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.** Rep. Peter S. Espieffs for the Majority of Judiciary: CACR 15 is a proposal to amend the Constitution (Art. 35 and Art. 73) that would add another requirement, called a citizen retention election, which every New Hampshire judge would have to periodically undergo to keep his or her judicial appointment alive. For instance, the proposed amendment would require a NH Supreme Court Justice appointed in April 2007 to undergo a statewide election at the time of the first biennial election after two (2) years of judicial service. This would have the judge on the ballot in the 2010 biennial elections. Thereafter, if he survived that election he would then be required to undergo further citizen retention elections every six (6) years. These judicial elections would be virtually closed to any active public participation by the so-called candidate-judge because a judge cannot publicly comment on or respond to issues involving the merits or demerits of his or her rulings and decisions. This CACR would force judges to compromise their independence and their commitment to the rule of law, in exchange for the security of continued reelections. This proposal also creates a shorter political leash for Supreme Court judges who would face elections every 6 years, while District Court judges would face elections every 10 years and all other judges every 8 years. Our judges are already subject to several processes that oversee their competence and good behavior. They are subject to regular Performance Reviews. Complaints of misconduct are heard

by the Judicial Conduct Committee. The impeachment process under Articles 17 and 38 of the Constitution allow for prosecution and removal on charges of bribery, corruption, malpractice and maladministration. Finally, under Art. 73 a judge may be removed by the Governor and Council for reasonable cause upon the Address of both Houses. The majority believes that our judges are not out of control, and need no further oversight in performing their duties. Vote 13-4.

Rep. Maureen C. Mooney for the Minority of Judiciary: CACR 15 proposes a mechanism by which a judge can be removed by citizen review. Every state except for 3 (MA, RI, NH) has some form of direct review by citizens either through elections, a reappointment process (terms), or retention elections. This CACR creates Citizen Review Retention elections to allow citizens a public review of their judiciary in a fair process where the judge is only running against himself/herself and his/her own performance. The sponsor of the amendment believes the people of New Hampshire deserve the same right of public review of the Judiciary that citizens in other states presently enjoy. Rep. Crane spoke against.

Rep. Espieffs spoke in favor and yielded to questions.

Rep. Crane requested a roll call; sufficiently seconded.

and the majority committee report was adopted.

Rep. Coughlin declared a conflict of interest on *CACR 15* and did not participate.**HB 71**, excluding a municipality's list of owners of registered dogs from the right-to-know law. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Donald R. Buxton for the Majority of Judiciary: This legislation, as originally referred to the committee, would have removed the list of owners of registered dogs from the right-to-know law. The majority acknowledged the apprehension many experience in making any alterations, however slight, to the right-to-know law. Therefore, the bill was amended, taking the matter out of the right-to-know realm and placing it into the dog owner's statutes. The heart of the matter lies around dog lists being sold to advertisers who use the lists to market their product to customers who may not wish to be solicited. The majority believed that the list of owners of registered dogs did not constitute any public interest and that the privacy rights of dog owners was a prevailing concern. Vote 13-1.

Rep. Nancy J. Elliott for the Minority of Judiciary: This bill restricts our expectations of an open government. While the ability to see the dog lists is a small matter, the next item we restrict may not be. There does not appear to be a serious problem and this solution leads us down a slippery slope to a closed government.

Majority Amendment (0573h)

Amend the title of the bill by replacing it with the following:

AN ACT prohibiting the sale, rent, lease, transfer, or distribution of records, information, or lists of licensed dog owners in New Hampshire to another person by the town clerk's office.

Amend the bill by replacing all after the enacting clause with the following:

1 New Section; Lists of Licensed Dog Owners. Amend RSA 466 by inserting after section 1-c the following new section:

466:1-d Lists of Licensed Dog Owners.

I. Except as provided in paragraphs II and III, no dog registration records, information, or lists shall be sold, rented, transferred, or otherwise made available in whole or in part, in any form or format, directly or indirectly, to another person.

II. Dog registration records, information, or lists may be made available pursuant to a court order or in response to a request from the state, a political subdivision of the state, the federal government, or a law enforcement agency solely for use in official business. The request shall be on a case-by-case basis. Any information, record, or list received pursuant to this paragraph shall not be further transferred or otherwise made available to any other person or listed entity not authorized under this paragraph.

III. Without otherwise compromising the confidentiality of the files, nothing in this section shall prohibit a body or agency from releasing information relative to health or safety from investigative files on a limited basis to persons whose health or safety may be affected, or to a person or agency attempting to provide for the welfare of an animal.

2 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill prohibits the sale, rent, lease, transfer or distribution in any manner of any records, information, or lists of licensed dog owners in New Hampshire to another person by the town clerk's office. Majority committee amendment adopted.

On a division vote, 263 members having voted in the affirmative and 68 in the negative, the majority committee report was adopted.

Ordered to third reading.

HB 83, relative to the deliberations of certain state agencies under the right-to-know law. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Gary B. Richardson for the Majority of Judiciary: The Board of Tax and Land Appeals has historically been exempt from the Right-to-Know Law when it conducts deliberations. This bill preserves that exemption. The BTLA conducts its hearings in public, but needs to be able to deliberate and write extensive opinions similar to those of court of law with multiple drafts. Requiring the BTLA to conduct deliberations in public would significantly interfere with its proceedings. Vote 15-5.

Rep. Robert H. Rowe for the Minority of Judiciary: In New Hampshire, we have over 60 administrative agencies which act as judge and jury deciding citizen's disputes. The members of these boards and agencies are both paid and unpaid appointees. Plus we have hundreds of city and town zoning boards which also act as quasi judicial boards in deliberating and deciding matters. This bill is one of a series proposed by agencies to exempt them from the Right to Know Act. HB 83 authorizes the Board of Land and Tax Appeals to deliberate and decide matters in private. They requested this bill but gave no reason for the exemption except that it would be more difficult for them to deliberate in public. Certainly secrecy in government is quick, efficient and easy; open government is more difficult and possibly costly but it is the public's business and the public has the right to see and hear its government at work. The minority believes that the Right to Know law should not be weakened without valid reasons and we should not continually pick away at the Right to Know law agency by agency. Complying with the Right to Know law is more important than the convenience of governmental boards and agencies.

Majority Amendment (0953h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to the deliberations of the board of tax and land appeals under the right-to-know law.

Amend the bill by replacing all after the enacting clause with the following:

1 New Section; Board of Tax and Land Appeals; Board Meetings. Amend RSA 71-B by inserting after section 7-a the following new section:

71-B:7-b Board Meetings. The board's deliberative processes in adjudicatory proceedings held pursuant to RSA 541-A shall be privileged and exempt from the public meeting, notice, and dis-

closure provisions of RSA 91-A. Decisions and orders in adjudicatory proceedings shall be publicly available, but only after they have been reduced to writing, signed by a quorum of the board, and served upon the parties. Discussions and actions by the board concerning procedural, administrative, legal, and internal matters shall be exempt from the meeting and notice provisions of RSA 91-A:2.

2 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill clarifies certain exemptions of the board of tax and land appeals under the right-to-know law.

Rep. Gary Richardson spoke against.

Majority committee amendment failed.

Rep. Rowe offered floor amendment (0987h)

Floor Amendment (0987h)

Amend RSA 71-B:7-b as inserted by section 1 of the bill by replacing it with the following:

71-B:7-b Board Meetings. The board's deliberative processes in adjudicatory proceedings held pursuant to RSA 541-A shall be exempt from the public meeting and notice provisions of RSA 91-A. Decisions and orders in adjudicatory proceedings shall be publicly available, but only after they have been reduced to writing, signed by a quorum of the board, and served upon the parties. The board shall maintain a stenographic record or recording of all deliberative processes. The stenographic record or recording of the deliberative processes shall be made available in accordance with the provisions of RSA 91-A, upon request, within 5 business days after a decision or order has been served upon the parties. Discussions and actions by the board concerning procedural, administrative, legal, and internal matters shall be exempt from the meeting and notice provisions of RSA 91-A:2.

Reps. Rowe and Gary Richardson spoke in favor.

Floor amendment (0987h) was adopted.

Majority committee report adopted and ordered to third reading.

Rep. Baldasaro declared a conflict of interest on **HB 83** and did not participate.

HB 210, establishing a committee to study the effects of rescinding the charter of the New Hampshire Bar Association, and relative to the regulation of attorneys by the supreme court. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. Lucy M. Weber for the Majority of Judiciary: There was sympathy on the part of the committee with the goal of making membership in the New Hampshire Bar Association optional. However, in 2004, the NH Supreme Court held, in Petition of NH Bar Association, that under Part 1, Article 37 of the NH Constitution, the judicial branch of government retains ultimate authority to regulate the practice of law, and in that exercise of authority it is necessarily permitted to determine whether certification of the Bar is advantageous. Any attempt by the legislature to regulate in this area will undoubtedly result in further expensive litigation. Moreover, testimony revealed that the current system works well, on the whole, to regulate the practice of law. The majority therefore believes the establishment of a study committee is unnecessary and would be a waste of resources. Vote 11-7.

Rep. Nancy J. Elliott for the Minority of Judiciary: This bill, in addition to establishing a committee to study the effects of rescinding the charter granted by the legislature in 1873 to the New Hampshire Bar Association and the subsequent incorporation of a voluntary membership organization, does the following: establishes the authority and procedures for the regulation of attorneys by the Supreme Court and removes from current law all references to the New Hampshire Bar Association and its mandatory membership as a requirement to practice law or hold state appointed positions in RSA 494:1, RSA 363:1, RSA 604-B:2X. It further deletes the contract approval requirement by the Board of Governors of the New Hampshire Bar Association for the public defender program, and replaces with the words "State Bar" all previous references to the New Hampshire Bar Association.

Majority committee report adopted.

HB 235, relative to the recognition of out-of-state marriages. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Bette R. Lasky for the Majority of Judiciary: This bill, as amended, was written to provide that any marriage legally contracted and valid outside of New Hampshire be recognized as valid in this state. The majority believes this bill now does just that and affords legally married people the rights accorded to any married couple. Vote 10-8.

Rep. Nancy J. Elliott for the Minority of Judiciary: It is the position of the minority that this bill allows same sex couples to go out of state and marry and then have those marriages recognized in this state. This bill would also allow polygamous marriages from other countries to be recognized in this state, thus lowering the status of women and children. The minority feels that we should not go in this direction.

Majority Amendment (0969h)

Amend the bill by replacing section 1 with the following:

1 Effect of Marriage; Recognition of Out-of-State Marriages. RSA 457:3 is repealed and reenacted to read as follows:

457:3 Effect of Marriage; Recognition of Out-of-State Marriages. Every marriage legally contracted outside of New Hampshire shall be recognized as valid in this state.

AMENDED ANALYSIS

This bill provides that any marriage legally contracted outside of this state shall be recognized as valid in this state.

Majority committee amendment adopted.

The question now being adoption of the majority committee report of Ought to Pass with Amendment. Reps. Garcia and Sorg spoke against.

Reps. Rowe and Lasky yielded to questions.

Reps. Pierce and Shurtleff spoke in favor.

Rep. DeChane moved the previous question.

On a division vote, 179 members having voted in the affirmative and 131 in the negative, the motion to limit debate was adopted.

PROTEST

Under Article 24, Part 2 of the constitution, I protest these kinds of tactics which shut off debate especially when some controversy seems to have been engendered.

Rep. Vaillancourt

The question now being adoption of the majority committee report of Ought to Pass with Amendment. Rep. Dumaine requested a roll call; sufficiently seconded.

Rodeschin, Beverly
and the majority committee report failed.

Rep. Mooney moved Inexpedient to Legislate and spoke in favor.

MOTION TO LAY ON THE TABLE

Rep. Hunt moved that **HB 235**, relative to the recognition of out-of-state marriages, be laid on the table. On a division vote, 149 members having voted in the affirmative and 193 in the negative, the motion failed.

The question now being adoption of the motion of Inexpedient to Legislate.

Rep. DeChane moved Recommit.

Rep. Lasky spoke in favor.

Motion adopted.

Recommitted to the Committee on Judiciary.

(Speaker Norelli in the Chair)

REGULAR CALENDAR (CONT'D)

HB 377-FN-L, relative to the right-to-know law. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Maureen C. Mooney for Judiciary: This bill with amendment completes the long awaited updates to the Right to Know law contained in RSA 91-A. The bill reflects the new types of communications created by advancements in technology, such as the internet and conference call telephone systems. The update was the product of a three-year study by a commission formed by the legislature to revise RSA 91-A. Additionally the bill prohibits communications outside of a public body meeting among the quorum of the membership and sequential communications. All parties agreed that it was essential to make the changes provided in HB 377 as amended. Vote 19-0.

Amendment (0933h)

Amend RSA 91-A:2, II as inserted by section 4 of the bill by replacing it with the following:

II. ~~[All public proceedings shall be open to the public, and all persons shall be permitted to attend any meetings of those bodies or agencies.]~~ *Subject to the provisions of RSA 91-A:3, all meetings, whether held in person, by means of telephone or electronic communication, or in any other manner, shall be open to the public.* Except for town meetings, school district meetings, and elections, no vote while in open session may be taken by secret ballot. Any person shall be permitted to use recording devices, including, but not limited to, tape recorders, cameras, and videotape equipment, at such meetings. Minutes of all such meetings, including names of members, persons appearing before the *public* bodies ~~[or agencies]~~, and a brief description of the subject matter discussed and final decisions, shall be promptly recorded and open to public inspection ~~[within 144 hours of]~~ *not more than 5 business days after* the ~~[public]~~ meeting, except as provided in RSA 91-A:6, and shall be treated as permanent records of any *public* body ~~[or agency]~~, or any subordinate body thereof, without exception. Except in an emergency or when there is a meeting of a legislative committee, a notice of the time and place of each such meeting, including a nonpublic session, shall be posted in 2 appropriate places, *one of which may be the public body's Internet website, if such exists*, or shall be printed in a newspaper of general circulation in the city or town at least 24 hours, excluding Sundays and legal holidays, prior to such meetings. An emergency shall mean a situation where immediate undelayed action is deemed to be imperative by the chairman or presiding officer of the *public* body ~~[or agency]~~, who shall *post a notice of the time and place of such meeting as soon as practicable, and shall* employ whatever *further* means are *reasonably* available to inform the public that a meeting is to be held. The minutes of the meeting shall clearly spell out the need for the emergency meeting. When a meeting of a legislative committee is held, publication made pursuant to the rules of the house of representatives or the senate, whichever rules are appropriate, shall be sufficient notice. If the charter of any city *or town* or guidelines or rules of order of any *public* body ~~[or agency described in RSA 91-A:1-a]~~ require a broader public access to official meetings and records than herein described, such charter provisions or guidelines or rules of order shall take precedence over the requirements of this chapter. *For the purposes of this paragraph, a business day means the hours 8 a.m. to 5 p.m. on Monday through Friday, excluding national and state holidays.*

91-A:2-a Communications Outside Meetings.

I. Any communications, in whatever form, outside of a public meeting among the members of a quorum of the membership of a public body which bear upon matters over which such body has supervision, control, jurisdiction, or advisory power are prohibited and in violation of the provisions of RSA 91-A.

II. Sequential communications among a quorum of elected or appointed members of a public body, are considered communications under paragraph I and are prohibited and shall not be used to circumvent the spirit and purpose of RSA 91-A.

Amend the bill by inserting after section 6 the following and renumbering the original section 7 to read as 8:

7 Joint Committee on Legislative Facilities; Minutes. Amend RSA 17-E:6 to read as follows: 17-E:6 Committee Records. A record of the minutes of committee and subcommittee meetings shall be available to the public and shall be maintained in accordance with the provisions of RSA 91-A:2, II. The minutes shall include the names of members in attendance and of persons appearing before the committee, and a brief description of the subjects discussed, votes taken, and final dispositions of all actions. The minutes shall be available and open to public inspection [~~within 144 hours of~~] ***not more than 5 business days after*** the meeting. The record of the minutes of the joint committee on legislative facilities and the house and senate subcommittees shall be available at the office of legislative accounting. ***For the purposes of this section, a business day means the hours of 8 a.m. to 5 p.m. on Monday through Friday, excluding national and state holidays.***

Reps. Jasper, Kurk and Dokmo spoke against.

Rep. Mooney spoke in favor.

On a division vote, 100 members having voted in the affirmative and 177 in the negative, the committee amendment failed.

Motion of Ought to Pass adopted.

Ordered to third reading.

HB 401-FN, relative to the removal of certain property tax abatement petitions filed with the superior court. **INEXPEDIENT TO LEGISLATE.**

Rep. Robert H. Rowe for Judiciary: Under current law, when a citizen appeals his or her municipal real estate tax, he or she has the statutory right to make the appeal either to the superior court or to the Board of Tax and Land Appeals. This bill would eliminate the appeal to the superior court unless the taxable value in controversy is more than \$500,000. The committee is sympathetic to the fact that the Board of Land and Tax Appeals is being subject to an ever increasing volume of cases, and thus to the laudable goal of the sponsor. Nonetheless, the committee felt that it was important to preserve this statutory right for citizens from lower property value communities and of more modest means. Vote 18-0.

Committee report adopted.

HB 421, relative to the right to a jury trial. **INEXPEDIENT TO LEGISLATE.**

Rep. Bette R. Lasky for Judiciary: The language and the intention of this bill is unclear and the constitution already provides more than adequate protection of the right to a trial by jury. Vote 15-0.

Committee report adopted.

HB 430, establishing a committee to study a constitutional amendment to guarantee a right to personal privacy. **INEXPEDIENT TO LEGISLATE.**

Rep. Anthony R. DiFruscia for Judiciary: The right to personal privacy is important. Some committee members believed that the Constitution already addressed the issue while other members fear that the RSA was a more appropriate method to address privacy issues. A study is unnecessary. Common law of New Hampshire recognizes the importance of privacy and courts have upheld the right to privacy. RSA 644:9 makes it a crime to invade a person's privacy. Vote 11-5.

Committee report adopted.

SUSPENSION OF RULES

Reps. Wallner and Whalley move that the Rules be so far suspended as to allow the last day to act on all House bills not in a second committee, with the exception of budgets, to be extended to April 4, 2007 and to allow the reporting after the deadline of Noon on April 5th of all remaining House bills requiring action in the first year session.

Adopted by the necessary two-thirds.

SPECIAL ORDERED

Without objection, the Speaker ordered the remainder of the bills on today's calendar to be made Special Orders for the next session day in their Regular Calendar order.

RESOLUTION

Rep. Wallner offered the following: **RESOLVED**, that the House now adjourn from the early session, that the business of the late session be in order at the present time, that the reading of bills be by title only and resolutions by caption only and that all bills ordered to third read-

ing be read a third time by this resolution, and that all titles of bills be the same as adopted, and that they be passed at the present time, and when the House adjourns today it be to meet Wednesday, April 4, 2007 at 10:00 a.m.
Adopted.

LATE SESSION

Third reading and final passage

(Clerk's Note: Includes bills from March 27 and March 28)

- HB 304**, relative to the criteria under which guardianship over a minor is granted.
HB 406, relative to access to state child support enforcement records.
HB 410, establishing a commission on child support issues.
HB 444, relative to parental rights in abuse and neglect cases.
HB 463, relative to the awarding parental rights and responsibilities to a stepparent or grandparent.
HB 470, relative to the determination of parental rights and responsibilities.
HB 495-FN, relative to criminal record and central registry checks of prospective foster and adoptive parents and relative to the custody of a child placed by the court in a delinquency proceeding or a proceeding for a child in need of services (CHINS).
HB 602-FN, relative to child support enforcement.
HB 827-FN, relative to the reasonable cost of medical support for dependent children.
HB 867-FN-L, relative to parent liability for court-ordered services in juvenile proceedings.
HB 298, relative to the healthy kids corporation.
HB 513, establishing a housing commission.
HB 536, relative to the regulation of martial arts schools.
HB 549, relative to accepting a purchase and sale agreement on developed waterfront property.
HB 636-FN, relative to physician credentialing under the managed care law.
HB 782-FN, relative to reinsurance intermediaries and conduct of examinations.
HB 889-FN, relative to securities regulation.
HB 921-FN, making technical changes in the insurance laws.
HB 64-FN, relative to driving a commercial motor vehicle while violating an out-of-service order.
HB 309, relative to the uniform fine schedule for the fish and game department.
HB 395-FN, relative to penalties for computer crime.
HB 446, relative to criminal threatening in a safe school zone.
HB 504-FN, relative to registration requirements for certain criminal offenders under age 21.
HB 539-FN, relative to manslaughter.
HB 587-FN, relative to the duties of probation and parole officers.
HB 703, relative to day reporting programs in the county department of corrections.
HB 707, relative to the time frames for hearings in domestic violence cases.
HB 719, relative to the statute of limitations for fire code violations.
HB 743, relative to the rights of crime victims while making a victim impact statement.
HB 205, relative to procedures for certain court ordered out-of-district placements.
HB 701, relative to the definition of a school district in the case of unincorporated towns or unorganized places.
HB 822, relative to enrollment of students in regional vocational schools.
HB 914-L, establishing a committee to study issues related to cooperative school districts.
HB 272, relative to presidential primary elections.
HB 344, relative to conduct of recounts.
HB 534, relative to political committees of political parties.
HB 608-FN, relative to the number of ballots furnished by the secretary of state for a state general election.
HB 735, relative to the form of the presidential primary election ballot.
HB 206, relative to the disclosure of certain livestock health information and relative to voluntary registration of livestock and agricultural premises.
HB 243, relative to a rabies immunization exemption.
HB 251, relative to the authority of the agricultural advisory board.
HB 672, establishing a commission to study requirements for safe and secure landfills.

HB 859, relative to the definitions of agriculture and farming in the motor vehicle laws.

HB 312-FN, relative to alternative providers for certain health services.

HB 338, requiring the plumbers' board to report on the feasibility of reestablishing reciprocity with neighboring states in licensing of plumbers.

HB 568-FN, repealing the option to purchase nonqualified service credit in the New Hampshire retirement system.

HB 629-FN, relative to authorizing continued membership in the Manchester employees' contributory retirement system, and relative to the Nashua public works retirement system.

HB 652-FN, relative to the collection of debts owed to the state.

HB 673, allowing advanced registered nurse practitioners to certify walking disabilities.

HB 718-FN, establishing a committee to study the cost, quality, accountability and oversight standards used by the state when contacting with private entities for delivery of public services.

HB 733-FN, relative to certain authority and procedures of the department of revenue administration.

HB 749, changing the position of forensic toxicologist within the department of safety from an unclassified to a classified position.

HB 876-FN-L, establishing a commission to make recommendations to ensure the long-term viability and sustainability of the New Hampshire retirement system.

HB 895-FN, relative to licensure of court reporters.

HB 451-FN, relative to the application of non-state sources of funding to catastrophic special education costs.

HB 134, relative to electronic prescribing for prescription drugs.

HB 491, establishing a public health improvement services council.

HB 688, establishing the council on the relationship between public health and the environment.

HB 727-FN, establishing a commission to study health insurance coverage in the construction industry.

HB 926-FN, relative to the regulation of pharmacies and pharmacists.

HB 244, repealing a certain provision of law regarding advance directives and mentally incompetent or developmentally disabled persons.

HB 303, allowing Sunday dancing and repealing the prohibition on transporting moving picture films aboard passenger train cars.

HB 394-FN, relative to notice to defendants in small claims actions.

HB 336, requiring notice of the classifications of employee and independent contractor.

HB 533, relative to Occupational Safety and Health Administration certification requirements for state contracts.

HB 611, relative to payment of wages by automated pay card or cash voucher.

HB 833, establishing a committee to study the outsourcing of jobs involving state contracts.

HB 523, relative to lobbyist registration and statements, and regulation of volunteer public service.

HB 715, establishing a committee to study the state heritage collections committee and the joint legislative historical committee.

HB 379, relative to the adoption, revision, and amendment of municipal charters.

HB 380, relative to the forms of government under town charters.

HB 393, relative to information filed by utilities paying the utility property tax.

HB 551, allowing cities to use capital reserve funds for debt replacement.

HB 566-FN-L, relative to the housing of inmates in county correctional facilities.

HB 649, relative to the disposition of real estate given, devised, or bequeathed to a town for charitable or community purposes.

HB 692, allowing certain municipalities in economically depressed counties to adopt a property tax exemption for industrial construction.

HB 709, making various changes to department of revenue administration authority concerning property tax administration.

HB 803, relative to the sale of tax-deeded property.

HB 731, relative to the use of vehicle information or location tracked by an electronic toll collection system.

HB 219, relative to the membership of the wetlands council.

HB 319, relative to emergency permits for projects funded through the Emergency Watershed Protection Program.

- HB 383**, relative to waterfront buffer and woodland buffer requirements in the comprehensive shoreland protection act.
- HB 459**, relative to the identification of wells and monitoring wells.
- HB 648**, establishing a commission to develop a comprehensive flood management plan.
- HB 665-FN**, relative to the comprehensive shoreland protection act.
- HB 722**, relative to the rivers management protection program.
- HB 813-FN**, expanding the definition of income of the land conservation investment program monitoring endowment.
- HB 857-FN-L**, relative to permitting responsibilities under the comprehensive shoreland protection act.
- HB 903-FN**, prohibiting delivery of oil to non-compliant underground storage facilities.
- HB 447**, relative to net energy metering.
- HB 694**, establishing a commission to study the feasibility of tidal power generation under the Little Bay and General Sullivan Bridges, in Dover.
- HB 917**, relative to the duties of the oversight committee on telecommunications.
- HCR 8**, urging Congress to rename the Veterans Administration Hospital the Styles Bridges Veterans Administration Hospital.
- HJR 1**, urging that more veterans' mental health counseling centers be established in New Hampshire and urging that funding be continued for the Manchester Veterans' Center.
- HB 188**, excluding certain watercraft from the definition of ski craft.
- HB 247**, allowing surviving spouses to retain temporarily special number plates for veterans.
- HB 301**, relative to nonresident registration of motor vehicles.
- HB 311**, establishing a committee to review liability issues for commuter rail operations.
- HB 397**, relative to restricted drivers' licenses.
- HB 448-L**, relative to early renewals of vehicle registrations.
- HB 547-FN**, relative to the inspection of trucks.
- HB 659-FN**, exempting certain motor vehicles manufactured prior to 1941 from vehicle equipment and inspection requirements.
- HB 918-FN**, relative to motor vehicle registrations for manufacturers.
- HB 511**, increasing the total prize value of a bingo game or series of games.
- HB 844-FN**, authorizing the commissioner of revenue administration to issue demands for records for purposes of interest and dividends tax audits and to seize and destroy unstamped and invalidly stamped tobacco products.
- HB 519**, requiring children 12 years of age or under to wear personal flotation devices.
- HB 232**, relative to retaliatory rent increases and mediation of manufactured housing park disputes.
- HB 263-FN**, relative to health insurance riders.
- HB 305**, establishing a task force to develop legislation for expanding access to affordable health insurance for the 2008 and 2009 legislative session.
- HB 767**, relative to insurance for volunteer drivers.
- HB 556**, relative to school emergency response plans.
- HB 927-FN**, relative to the specific criteria and substantive educational program that define an adequate education.
- HB 32**, establishing a commission to study voter registration cards.
- HB 191**, relative to the authority to unseal ballots following a state election.
- HB 429**, relative to nominations by multiple parties.
- HB 480**, relative to party columns listing names on ballots.
- SB 36**, eliminating straight ticket voting.
- HB 704**, relative to the commission on the status of men and relative to appropriations to the STARC armory and making appropriations for state matching funds for federal emergency management agency disaster assistance grants and energy expense shortfalls.
- HB 416**, relative to mercury reduction.
- HB 699**, establishing a commission to study methods and costs of sewage, sludge, and septage disposal.
- HB 907-FN**, relative to the sale and distribution of certain mercury-added products.
- HB 38**, relative to terms of appointment for certain state officers.
- HB 229**, relative to licensing requirements for operators of games of chance.

HB 543, establishing a commission to study the licensing process for licensed alcohol and drug counselors.

HB 571-FN, relative to full-time seasonal state employees.

HB 653, relative to the determination of benefits, funding, and administration of the New Hampshire retirement system.

HB 828-FN, relative to a state ethics officer.

HB 928, relative to the Christa McAuliffe planetarium commission.

HB 46-FN-A-L, making an appropriation to fund kindergarten programs in the towns of Merrimack, Hampstead, Goffstown, and Fremont, and in the Timberlane regional school district.

HB 553-FN-A, requiring the state to pay legal fees for certain supreme court justices and making an appropriation therefor.

HB 812, relative to making permanent certain exceptions to limits on land application of septage and sludge.

HB 558, repealing the education trust fund.

HB 583-FN, relative to funding for HIV/AIDS services.

HR 10, opposing President George W. Bush's Iraq policy and urging the President and Congress to take actions relative to veterans' benefits and the war in Iraq.

HB 273-FN, relative to special needs trusts.

HB 826-FN, relative to coverage of services and items under the medical assistance program.

HB 71, prohibiting the sale, rent, lease, transfer, or distribution of records, information, or lists of licensed dog owners in New Hampshire to another person by the town clerk's office.

HB 83, relative to the deliberations of certain state agencies under the right-to-know law.

HB 377-FN-L, relative to the right-to-know law.

UNANIMOUS CONSENT

Rep. Bridgham addressed the House.

RECESS MOTION

Rep. Wallner moved that the House stand in recess for the purpose of introduction of bills and receiving Senate messages.

Adopted.

The House recessed at 7:20 p.m.

RECESS

(Speaker Norelli in the Chair)

RESOLUTION

Rep. Wallner offered the following: **RESOLVED**, that in accordance with the list in the possession of the Clerk, Senate Bills numbered 18, 27 through 33, 35, 37 through 43, 47, 50 through 56, 58, 59, 63 through 65, 69, 70, 72 through 76, 78, 80, 83 through 85, 88, 91, 94, 97, 99, 100, 104 through 108, 111, 113, 118, 119, 124, 125, 128, 129, 132, 135 through 137, 139, 145, 159, 161, 164, 167, 168, 170, 175, 179, 180, 184 through 186, 193, 195, 197, 200, 208, 209, 219, 223, 232, 238 and 243 shall be by this resolution read a first and second time by the therein listed titles and referred to the therein designated committees.

Adopted.

INTRODUCTION OF SENATE BILLS

First, second reading and referral

SB 18-FN, raising the age of required attendance of children in school. (Education)

SB 27-FN, relative to the display of the POW-MIA flag. (Judiciary)

SB 28, redefining the "board of public employer for the judiciary" in public employee collective bargaining. (Judiciary)

SB 29, updating laws relative to child impact seminars to reflect the implementation of the judicial branch family division. (Children and Family Law)

SB 30, combining the judicial branch salary adjustment fund and the judicial branch benefit adjustment account into a single fund. (Judiciary)

- SB 31**, adding the chief justice of the supreme court or designee to the advisory council on emergency preparedness and security. (Executive Departments and Administration)
- SB 32-FN**, increasing the maximum amount of debt or damages for small claims actions. (Judiciary)
- SB 33-FN**, equalizing the pay of administrative judges in the judicial branch. (Judiciary)
- SB 35-FN-A**, making an appropriation for disaster relief assistance in response to the May 2006 floods and establishing a committee to study the distribution of financial disaster assistance. (Finance)
- SB 37**, relative to accidental death benefit payments in the city of Manchester employees' contributory retirement system. (Executive Departments and Administration)
- SB 38**, relative to uninsured or hit-and-run motor vehicle coverage. (Commerce)
- SB 39**, allowing a newly-retired supreme court justice to continue to participate as a temporary justice in a case held before retirement but decided after. (Judiciary)
- SB 40**, relative to the modular building code. (Municipal and County Government)
- SB 41**, relative to the authority of law enforcement officers to obtain registration checks on motor vehicles for official purposes and prohibiting the use of automated number plate scanning devices. (Criminal Justice and Public Safety)
- SB 42**, prohibiting smoking in restaurants, cocktail lounges, and certain enclosed public places. (Commerce)
- SB 43**, relative to the training for barbers and establishing the master barber license under the board of barbering, cosmetology, and esthetics. (Executive Departments and Administration)
- SB 47-FN-A**, making a supplemental appropriation for school building aid. (Finance)

- SB 243-FN**, relative to regulating home contractors. (Executive Departments and Administration)

RECESS

(Speaker Norelli in the Chair)

Rep. Wallner moved that the House adjourn.

Adopted.

HOUSE JOURNAL No. 12

Wednesday, April 4, 2007

The House assembled at 10:00 a.m., the hour to which it stood adjourned, and was called to order by the Speaker.

Prayer was offered by House Chaplain, Reverend Jared A. Rardin, Pastor of the South Congregational Church in Concord.

In the space of this moment, O God, and in the long day ahead of us, grant to us a Holy pause, and a stilling of mind and heart. We confess that no matter what side of today's vital issues we find ourselves on, we have come armed to the hilt with our passions, our proof-texts and, if we are quite honest, perhaps a few prejudices about one another. Disarm us, we pray, and surprise us with Your Grace. Let our discourse honor the full humanity of every person in this chamber and in this state, and remind us again that our enemies are not flesh and blood but principalities and powers. Give us the courage to step out of the shadows of our fears, and guide us, we pray, in the direction of life, liberty, and hope for all.

We offer up our prayers for the Speaker today in her unenviable role; we pray for Representatives Wallner and Whalley. We offer up our prayers for all those on staff here whose hard work of preparation makes this work possible. And hear our prayer especially for Representative Stephen Johnson who is facing a lengthy recovery due to a punctured nerve in his spinal column and Steve Holland who was severely injured when struck by a car while jogging last week and faces a long rehabilitation.

O God, when the day is over, and our voices are hoarse, our hair is tussled, and the pizza no longer looks appetizing, let us look back on this day and call it good. Amen.

Rep. James Headd, member from Auburn, led the Pledge of Allegiance.

The National Anthem was sung by Sarah, Rebecca, Zachary and Amanda Blanchard, granddaughters, grandson and granddaughter-in-law of Rep. Blanchard.

LEAVES OF ABSENCE

Reps. Ahlgren, Peter Cote, Fesh, Stephen Johnson, Laliberte, Srncac and Francis Sullivan, the day, illness.

Reps. Bedrick and Tahir, the day, important business.

Rep. Parkhurst, the day, death in the family.

INTRODUCTION OF GUESTS

Josh Blanchard and Dawn Hagy, family and friend of the singers, guests of the House. Kristina Vezinat, daughter of Rep. Manney. Debra Lacross and Elizabeth Foy, guests of Rep. Sally Kelly.

COMMITTEE REPORTS

REGULAR CALENDAR – SPECIAL ORDERS

HB 437-FN-L, permitting same gender couples to enter spousal unions and have the same rights, responsibilities, and obligations as married couples. **OUGHT TO PASS WITH AMENDMENT.** Rep. Bette R. Lasky for Judiciary: This bill establishes civil unions in New Hampshire. RSA 457 will be amended to allow same gender couples to enter civil unions and have the same rights, responsibilities and obligations as married couples. The majority of the committee feels the time has come to give same gender couples and their families the same legal protections that married couples enjoy. Over the years the committee has heard hundreds of pleas from couples who have told us of the difficulties they encounter in their daily lives with property rights, hospital visitation, health benefits to name only a few. With the passage of HB 437 New Hampshire will move closer to equality. Vote 15-5.

Amendment (0972h)

Amend the title of the bill by replacing it with the following:

AN ACT permitting same gender couples to enter civil unions and have the same rights, responsibilities, and obligations as married couples.

Amend the bill by replacing all after the enacting clause with the following:

1 New Chapter; Civil Unions. Amend RSA by inserting after chapter 457 the following new chapter:

CHAPTER 457-A CIVIL UNIONS

457-A:1 State Recognition of Civil Unions; Purpose. The state of New Hampshire recognizes the civil union between one man and another man or one woman and another woman. The purpose of this chapter is to delineate the rights, obligations, and responsibilities of parties entering a civil union, to establish a process by which the civil union is established, and to provide a process for the dissolution of a civil union.

457-A:2 Requisites. Parties entering into a civil union shall be subject to the same requirements and conditions as contained in RSA 457, provided that civil unions shall only be allowed between one man and another man or one woman and another woman, subject to the prohibitions in RSA 457-A:3 and RSA 457-A:4.

457-A:3 Civil Unions Prohibited; Men. No man shall enter into a civil union with his father, his father's brother, his mother's brother, his son, his brother, his daughter's son, his brother's son, his sister's son, his father's brother's son, his mother's brother's son, his father's sister's son, or his mother's sister's son.

457-A:4 Civil Unions Prohibited; Women. No woman shall enter into a civil union with her mother, her father's sister, her mother's sister, her daughter, her sister, her son's daughter, her daughter's daughter, her brother's daughter, her sister's daughter, her father's brother's daughter, her mother's brother's daughter, her father's sister's daughter, or her mother's sister's daughter.

457-A:5 Forms, Documents, and Applications; Solemnization. The secretary of state shall develop forms, documents and applications for entering into a civil union, which shall conform to this chapter as well as RSA 5-C:41-61. Civil unions shall be solemnized pursuant to the provisions of RSA 457:31. Nothing in this chapter shall be construed to require a minister or clergy to solemnize a civil union.

457-A:6 Rights, Obligations, and Responsibilities. Notwithstanding any other law to the contrary, the parties who enter into a civil union pursuant to this chapter shall be entitled to all the rights and subject to all the obligations and responsibilities provided for in state law that apply to parties who are joined together pursuant to RSA 457.

457-A:7 Dissolution. Parties who have entered into a civil union who wish to dissolve the civil union shall do so pursuant to RSA 458.

457-A:8 Other Jurisdictions. Civil unions or other legal domestic relationships between parties of the same gender, entered into by nonresidents or by New Hampshire residents in other jurisdictions shall be recognized by the state of New Hampshire, provided that those relationships are legal in the jurisdiction where they are performed.

2 Effective Date. This act shall take effect January 1, 2008.

AMENDED ANALYSIS

This bill permits same gender couples to enter civil unions and have the same rights, responsibilities, and obligations as married couples.

Rep. Rowe moved Recommit.

Reps. Vaillancourt and Lasky spoke against.

Rep. Rowe spoke in favor and yielded to questions.

Rep. Mooney spoke in favor.

On a division vote, 134 members having voted in the affirmative and 217 in the negative, the motion failed.

The question now being adoption of committee amendment (0972h).

Reps. Mooney, Mark Clark and Lasky spoke against.

Committee amendment failed.

Rep. Lasky offered floor amendment (1156h).

Floor Amendment (1156h)

Amend the title of the bill by replacing it with the following:

AN ACT permitting same gender couples to enter civil unions and have the same rights, responsibilities, and obligations as married couples.

Amend the bill by replacing all after the enacting clause with the following:

1 New Chapter; Civil Unions. Amend RSA by inserting after chapter 457 the following new chapter:

CHAPTER 457-A CIVIL UNIONS

457-A:1 State Recognition of Civil Unions; Purpose. The state of New Hampshire recognizes the civil union between one man and another man or one woman and another woman. The purpose of this chapter is to delineate the rights, obligations, and responsibilities of parties entering a civil union, to establish a process by which the civil union is established, and to provide a process for the dissolution of a civil union.

457-A:2 Requisites. Parties entering into a civil union shall be subject to the same requirements and conditions as contained in RSA 457, provided that civil unions shall only be allowed between one unmarried man and another unmarried man both of whom are at least 18 years of age or one unmarried woman and another unmarried woman both of whom are at least 18 years of age, subject to the prohibitions in RSA 457-A:3 and RSA 457-A:4 and provided that they are not in another civil union.

457-A:3 Civil Unions Prohibited; Men. No man shall enter into a civil union with his father, his grandfather, his father's brother, his mother's brother, his son, his brother, his son's son, his daughter's son, his brother's son, his sister's son, his father's brother's son, his mother's brother's son, his father's sister's son, or his mother's sister's son.

457-A:4 Civil Unions Prohibited; Women. No woman shall enter into a civil union with her mother, her grandmother, her father's sister, her mother's sister, her daughter, her sister, her son's daughter, her daughter's daughter, her brother's daughter, her sister's daughter, her father's brother's daughter, her mother's brother's daughter, her father's sister's daughter, or her mother's sister's daughter.

457-A:5 Forms, Documents, and Applications; How Performed. The secretary of state shall develop forms, documents and applications for entering into a civil union, which shall conform to this chapter. Civil unions shall be performed pursuant to the provisions of RSA 457:31 and entered into pursuant to the analogous provisions of RSA 5-C:41-61. Nothing in this chapter shall be construed to require a minister or clergyman or clergywoman to solemnize or perform a civil union.

457-A:6 Rights, Obligations, and Responsibilities. Notwithstanding any other law to the contrary, the parties who enter into a civil union pursuant to this chapter shall be entitled to all the rights and subject to all the obligations and responsibilities provided for in state law that apply to parties who are joined together pursuant to RSA 457.

457-A:7 Dissolution. Parties who have entered into a civil union who wish to dissolve the civil union shall do so pursuant to RSA 458.

457-A:8 Other Jurisdictions. A civil union or a marriage between a man and another man or a woman and another woman legally contracted outside of New Hampshire shall be recognized as a civil union in this state, provided that the relationship does not violate the prohibitions of this chapter.

2 Effective Date. This act shall take effect January 1, 2008.

AMENDED ANALYSIS

This bill permits same gender couples to enter civil unions and have the same rights, responsibilities, and obligations as married couples.

Rep. Mooney spoke against and yielded to questions.

Reps. Lasky and Butler spoke in favor.

On a division vote, 223 members having voted in the affirmative and 137 in the negative, floor amendment (1156h) was adopted.

Rep. DiFruscia offered floor amendment (1158h).

Floor Amendment (1158h)

Amend the title of the bill by replacing it with the following:

AN ACT establishing the familial relationship act.

Amend the bill by replacing all after the enacting clause with the following:

1 New Chapter; Familial Relationship Act. Amend RSA by inserting after chapter 457 the following new chapter:

CHAPTER 457-A FAMILIAL RELATIONSHIP ACT

457-A:1 State Recognition of Familial Relationship; Purpose. The state of New Hampshire recognizes the contract of familial relationship between any 2 unmarried adults for the purpose of

providing mutual financial support and emotional comfort to each other. The purpose of this chapter is to delineate the rights, obligations, and responsibilities of parties entering a contract of familial responsibility, to establish a process by which the contract of familial relationship is established, and to provide a process for the dissolution of a contract of familial relationship.

457-A:2 Requisites. Parties entering into a contract of familial relationship shall be 2 unmarried persons 18 years of age or older, who have the same residence and domicile and who are entering into the contract in order to provide mutual financial support and emotional comfort to each other.

457-A:3 Forms, Documents, and Applications. The secretary of state shall develop forms, documents, applications, and fees for entering into a contract of familial relationship, which shall conform to this chapter and include information as to the address, age, and health of each party.

457-A:4 Terms and Conditions; Rights, Privileges, and Responsibilities.

I. The laws of New Hampshire shall govern the terms and conditions of a contract entered into under this chapter.

II. All rights, privileges, and responsibilities conferred by state and federal law, including the laws of partnership, shall apply to contracts entered into under this chapter.

457-A:5 Inheritance. If a party to a contract of familial relationship dies intestate, the remaining party shall be considered sole heir for purposes of intestate distribution, except as to the children of the parties.

457-A:6 Dissolution; Child Support. Parties who have entered into a contract of familial responsibility under this chapter shall do so by filing suit in equity in the superior court. The child support laws under RSA 458 through RSA 458-D shall apply, if the parties have a child.

2 Effective Date. This act shall take effect January 1, 2008.

AMENDED ANALYSIS

This bill permits any 2 unmarried persons, both of whom are 18 years of age or older, to enter into a contract of familial relationship.

Rep. DiFruscia spoke in favor and yielded to questions.

Reps. Morrison and Gary Richardson spoke against.

Rep. David Smith spoke in favor.

On a division vote, 113 members having voted in the affirmative and 253 in the negative, floor amendment (1158h) failed.

Rep. Mooney offered floor amendment (1155h).

Floor Amendment (1155h)

Amend the title of the bill by replacing it with the following:

AN ACT permitting any 2 unmarried persons 18 years of age or older to enter civil unions and have the same rights, responsibilities, and obligations as married couples.

Amend the bill by replacing all after the enacting clause with the following:

1 New Chapter; Civil Unions. Amend RSA by inserting after chapter 457 the following new chapter:

CHAPTER 457-A

CIVIL UNIONS

457-A:1 State Recognition of Civil Unions; Purpose. The state of New Hampshire recognizes the civil union between any 2 unmarried persons 18 years of age or older. The purpose of this chapter is to delineate the rights, obligations, and responsibilities of parties entering a civil union, to establish a process by which the civil union is established, and to provide a process for the dissolution of a civil union.

457-A:2 Requisites. Parties entering into a civil union shall be subject to the same requirements and conditions as contained in RSA 457, provided that civil unions shall only be allowed between any 2 unmarried persons 18 years of age or older.

457-A:3 Forms, Documents, and Applications; Solemnization. The secretary of state shall develop forms, documents and applications for entering into a civil union, which shall conform to this chapter as well as RSA 5-C:41-61. Civil unions shall be solemnized pursuant to the provisions of RSA 457:31. Nothing in this chapter shall be construed to require a minister or clergy to solemnize a civil union.

457-A:4 Rights, Obligations, and Responsibilities. Notwithstanding any other law to the contrary, the parties who enter into a civil union pursuant to this chapter shall be entitled to all the rights and subject to all the obligations and responsibilities provided for in state law that apply to parties who are joined together pursuant to RSA 457.

457-A:5 Dissolution. Parties who have entered into a civil union who wish to dissolve the civil union shall do so by petitioning the superior court pursuant to RSA 458.

2 Effective Date. This act shall take effect January 1, 2008.

AMENDED ANALYSIS

This bill permits any 2 unmarried persons 18 years of age or older to enter civil unions and have the same rights, responsibilities, and obligations as married couples.

Rep. Pierce spoke against.

Reps. Mooney and MacKay spoke in favor.

On a division vote, 115 members having voted in the affirmative and 249 in the negative, floor amendment (1155h) failed.

The question now being adoption of the committee report of Ought to Pass with Amendment.

Reps. Nancy Elliott and Baldasaro spoke against.

Reps. Vaillancourt and Hilliard spoke in favor.

Rep. Carson requested a roll call; sufficiently seconded.

and the committee report was adopted.

Ordered to third reading.

Rep. Solomon voted Yea and intended to vote Nay.

Rep. Emerson did not vote and notified the Clerk that she wished to be recorded against.

Rep. Bettencourt did not vote and notified the Clerk that he wished to be recorded in favor.

MOTION TO RECONSIDER

Having voted with the prevailing side, Rep. Splaine moved that the House reconsider its action whereby it adopted the committee report of Ought to Pass with Amendment, **HB 437-FN-L**, permitting same gender couples to enter civil unions and have the same rights, responsibilities, and obligations as married couples.

Rep. Splaine spoke against.

Motion failed.

MOTION TO PRINT DEBATE

Rep. Infantine moved that the debate on **HB 437-FN-L**, permitting same gender couples to enter civil unions and have the same rights, responsibilities, and obligations as married couples, be printed in the Permanent Journal.

Adopted.

DEBATE ON HB 437

Rep. Rowe: Thank you, Madam Speaker. I would move to recommit this matter back to the Judiciary Committee and I would like to speak to my motion.

Speaker: Rep. Rowe moves that HB 437 be recommitted to the Judiciary Committee. He is recognized to speak to his motion.

Rep. Rowe: Thank you, Madam Speaker: This is a most important bill for our state and this legislature. It will make a tremendous difference to our society. It's important for all people, but the bill itself is extremely technical and it has not had as much time in our committee evaluating and studying it and that is why I would like to have it recommitted. Consider if you would, just a few points. We are here today on a committee amendment. When I wrote my presentation, I thought we had four floor amendments. Someone said we have seven now. Even at four we wouldn't get through this until Noon or 1:00 p.m. – one bill. We are falling further and further behind. Second, there are a lot of errors in the committee amendment and possibly in the floor amendments and with all of these floor amendments coming forth, we're going to be expected to listen to the speaker speaking, read the floor amendment for the first time, evaluate it, ponder it, compare with others and to come forth and have a responsible vote. That is simply not going to be possible. This is what the committee is for. Now, I would ask you to turn to page 555 in your amendment in your House Calendar and look at the House amendment.

Speaker: Rep. Rowe. You were recognized to speak to your motion to recommit.

Rep. Rowe: Yes, thank you.

Speaker: I would ask that you keep your remarks to the motion to recommit.

Rep. Rowe: I am speaking to the amendment that's before us and that's the one that's going to be recommitted and I'm referring to it as a basis for recommitment.

Speaker: Okay. I would just note that there is no amendment before us.

Rep. Rowe: If the House committee amendment is not before us, I would be happy to sit down and wait until that's brought forward and then I will stand up and ask to recommit. Madam Speaker, in due respect, I will accept your decision on that issue.

Speaker: There is no amendment before us at the moment. You were recognized for the motion to recommit, to recommit the bill in its entirety.

Rep. Rowe: Then I will wait until the committee amendment is brought forth so I can refer to a few points in that committee amendment that strongly suggest why it should be recommitted. Thank you.

Speaker: Rep. Rowe, did you withdraw your motion?

Rep. Rowe: I guess I have to withdraw my motion until after the motion is made for the committee amendment and when that is introduced, I will stand up and I will ask to be recognized for a higher priority motion. Yes, my request has been delayed.

Speaker: Rep. Rowe withdraws his motion to recommit. The question before the House is on committee amendment (0972h) printed in House Record 25 on pages 781 and 782. The Chair recognizes Rep. Rowe for a motion.

Rep. Rowe: Thank you, Madam Speaker. It almost seems as though I've been here before. I would move recommitment.

Speaker: Rep. Rowe moves recommitment of HB 437 and is recognized to speak to his motion.

Rep. Rowe: This legislature is made up of intelligent people with a great ability to retain facts. I respect that and I won't repeat my introduction remarks, but I ask you to transfer them to this presentation. I've indicated one reason why we should recommit because we'll be sitting here until 1:00, 2:00 or 3:00 p.m. on all of these amendments and guess what? At the end of all these, we're probably going to get another motion to recommit. Well let me talk about a few errors there are in the House amendment and there very likely is going to be an awful lot of problems, inconsistencies and ambiguities in these four, five, six or seven floor amendments so I would ask you once again to turn to page 555 in your House Calendar which has all of the amendments.

Speaker: The House will be in order. The committee amendment is on pages 781 and 782.

Rep. Rowe: I stand corrected, Madam Speaker, but I ask you to refer to that and in the House Bill, I ask you to turn to sections A3 and A4. These are the sections that indicate the relationship where a civil union is not allowed. These relationships are similar to the classes of people who can't marry and they were put into law for genetic reasons. Issue born of the brother and a sister, etc. have a high priority of it being defective, but when it's civil unions, I hardly think there can be issue born of one man who has a civil union with another man. We have discriminated in many

respects against the homosexual community and I feel that we definitely should do something in that area, but this bill would prohibit two elderly brothers wanting to live their life out together or two same sex cousins wanting to live their life together so they get the benefit of health insurance. That is simply wrong. That is discrimination and there is not a strong basis for that. That's one of the issues. The other is a public policy issue. If you turn down to section A8 it says, "Civil unions or other legal domestic relationships." What is another legal domestic relationship? Is it defined? It is not defined and yet for any non-resident from Massachusetts or Africa or China that has a civil union by that country's standard and in a legal domestic relationship by that country's laws must be accepted here under this bill. That is simply wrong. We should set policy as to what is prohibited as we do in heterosexuals.

Speaker: Would the member please suspend for just a moment. I want to explain to you and to the House why I am going to...the motion that you have made is to recommit. The issues that you are addressing are issues about a particular amendment. When you are speaking to recommitment, you need to address the House as to why you think this bill needs to go back to the committee and leave the debate on the problems with the particular amendment to when we're having the debate about the amendment. You may continue.

Rep. Rowe: Thank you for your clarification, but this old man just plods along in his own way and yes, I am getting to that point. I've indicated some of the rationale as to why this should go back to a committee, why we should retain it, why we should once again evaluate all options so we can come forth next January and operate and pass an excellent bill. I feel it's foolhardy for us to ponder at this date so many amendments, trying to recognize them, understand them, compare them and vote on them. This is too important a task to do in a matter of hours. Thank you, Madam Speaker.

Speaker: Will the member yield to a question? The member yields, Rep. Peter Allen, you may inquire.

Rep. Peter Allen: Thank you very much, Madam Speaker. Thank you very much, Representative, for taking my question.

Rep. Peter Allen: We all pledge, "With liberty and justice for all." What is the problem?

Rep. Rowe: In what context?

Speaker: Will the member yield to a follow up?

Rep. Rowe: Yes.

Speaker: The member yields.

Rep. Rowe: I feel that we are discriminating against, for example, two brothers, two same sex cousins who want to have a civil union for the benefits of it, to live together the rest of their life. There's many, you might say, well it's not the same thing. I say it is because you may be thinking in terms of a stranger vs. relationship. That may or may not be a sexual one. There's others things such as brotherly love. I think it's reasonable to allow related people of the same sex to have the same benefits as non related people because there is not going to be a genetic issue and that is why this prohibitive section was put in in the first place possibly centuries ago.

Speaker: The question before the House is on the motion to recommit HB 437. The Chair recognizes the member from Manchester, Rep. Vaillancourt.

Rep. Vaillancourt: Thank you, Madam Speaker. I rise in opposition to the motion to recommit. This is not new. This House has dealt with this now since the opening of the session. We've dealt with many permutations of this for the last couple of years. What is going to be a long day has already become a longer day by this motion to recommit. I suggest this is nothing more than an attempt to kill a bill which has come to us and it's time to do something about it. What we do about it is up to the wisdom of this House. I suggest we could do one of many things, but let's not lose focus. This bill is not about brothers and sisters being allowed to fit into civil unions. If you want to do that, you can introduce another bill next January. If you want to do that I guess you can do a floor amendment and confuse this issue even more. This bill and others and the amendments are about civil unions for gays and lesbians, about giving equal rights to a group that is the last in our society to get them. To recommit this bill now would be an insult to them, an insult to the Judiciary Committee, which has worked on this and frankly I think the previous speaker was one of the people that worked on this. It may take three or four hours to do this. It may take all day to do this, but eventually we're going to give it the time it deserves and I suggest the time is now. Please do not recommit this.

Speaker: The question before the House is on the motion to recommit. The Chair recognizes the member from Merrimack, Rep. Mooney.

Rep. Mooney: Thank you, Madam Speaker and members of this Honorable House. I rise in support of a motion to recommit. This bill was exec'd in an amendment format at the very end of the last long day to exec bills before the deadline. The bill we took up last week to recognize out of state marriages was one of these bills as well. There are currently four in depth floor amendments to make this bill better policy. At least two specific concepts for members of the committee to greatly improve this bill were not properly considered due to committee time constraints beyond our control. The floor amendments proposed are really too tedious to consider as floor amendments therefore I feel a motion to recommit is my only recourse. Those in the bi-partisan minority on the committee believe that we must properly deliberate and amend this serious bill in order to make it fair and equal for all consenting adults and I ask you to please vote green when the question is called on a motion to recommit and I thank you for your considerate attention.

Speaker: The question before the House is on the motion to recommit HB 437. The Chair recognizes the member from Nashua, Rep. Lasky.

Rep. Lasky: Thank you, Madam Speaker. Good morning fellow colleagues. There is absolutely no need to recommit HB 437. The Judiciary Committee has done its work. I'd like to say as usual, contentiously and competently. We have had long hearings on all the bills devoted to this subject matter. Everyone was heard who wanted to be and we had sufficient inclusive sub-committee meetings on the bill. There was an entire afternoon spent discussing it and yes the vote was taken at the end of that afternoon, but after we had spent hours discussing it. There is no new information to look into and no reason to recommit and I believe that part of our process is floor amendments from time to time. There is no reason that everyone in this House cannot look at those amendments. They will be spoken to and they can digest and grasp what is needed to make a good decision. Also the concepts that were alluded to will be addressed in another bill we are proposing from the committee that will be taken on later today. So I ask you, please vote red, press red and vote "no" to recommitment. Thank you.

Speaker: The question before the House is on the motion to recommit HB 437. Are you ready for the question? A division has been requested. Will members please take their seats?

Speaker: Rep. Gionet requests a roll call. Is that sufficiently seconded? It is not sufficiently seconded. This will be a division vote.

Speaker: The question before the House is on the motion to recommit HB 437. Voting stations are open for 30 seconds. The House will be attentive to the state of the vote. 134 having voted in the affirmative, 217 in the negative, the motion fails.

Speaker: The question before the House is committee amendment (0972h). The Chair recognizes the member from Merrimack, Rep. Mooney.

Rep. Mooney: Thank you, Madam Speaker, thank you members of the House. I rise opposed to the committee amendment found on page 781 of this week's House Calendar. Emotions aside, this amendment's content is flawed. It does not specify whether a person has to be married or not to enter into a civil union. This is a critical component of this bill since technically it leaves a wide open gap for someone to be married at the same time as entered into a civil union. It allows for out of state civil unions or domestic relationships to be recognized in New Hampshire and this puts us into the same position where we were last week recognizing out of state marriage laws created by courts or otherwise into New Hampshire as our law. But most importantly, this amendment is not fair or equal. There are floor amendments that you'll hear after this vote to clarify each technical point that I just named for you just now. I ask that you vote down this flawed amendment and consider one of the several substitute floor amendments that will be offered today. And again, I would request that you vote red on the committee amendment. Thank you, Madam Speaker and members of the House.

Speaker: The question before the House is on the committee amendment. The Chair recognizes the member from Bedford, Rep. Mark Clark.

Rep. Mark Clark: Thank you, Madam Speaker and Honorable members of this House. I have a running joke with my wife that since we were married in Hawaii, it doesn't count in New Hampshire. Hawaii was one of the first states to consider civil unions, but in fact they voted it down. Then they established a marriage amendment that only allows for marriage between one man and one woman. I stand here today in defense of marriage as between one man and one woman. I equate civil unions to marriage and in my opinion it is absurd to think civil unions are any different from marriage. I know some of you surround yourselves with those who argue for civil unions, but in reality most of our constituents do not want homosexual marriage. In fact, you would not even let

them vote on it. The fact is this is not an issue of civil rights as you've been told over and over again. This is more about the idea that homosexual couples are no different than heterosexual couples. Hopefully we agree there is a difference between a man and a woman. We are fundamentally different. I believe in equal rights for both sexes, however, men and women are different. I don't think I have to explain that. When I asked my wife if she wants to become a man, she says "Absolutely not." I believe civil unions strike at the very core of our society, redefining its social structure and thus becoming a wrong approach to solving the issues that homosexual couples have. I'm not for taking away civil rights based on someone's sexual preference. What people do in their bedrooms is none of my business. What people do in their bedrooms should not make them married. I'm for solving issues that those who live in domestic partnerships have. They should have all financial rights as that of married couples do. Domestic partnerships should be based on what people do, not be based on what people do in their bedrooms. Civil unions should not be only allowed for those who do something in their bedrooms differently than heterosexuals. This is discrimination. Let me give you an example. If my wife died, I would like to enter into a relationship with my best friend. He could stay at home. He already has a cleaning company and is a pretty good cook. He could also help me raise my kids. We should have the rights like any other couple. However, we will not have sex with each other. Excluding us would be discrimination and clearly this court is not in the business of discriminating against anyone based on what they do or don't do in their bedrooms. Please support the domestic partnership concept and vote no on civil unions. A bill that would surely be discriminatory the way it is written. Thank you.

Speaker: The question before the House is on committee amendment (0927h). The Chair recognizes the member from Nashua, Rep. Lasky.

Rep. Lasky: Thank you, Madam Speaker. Good morning again. Fellow members of the House, I stand before you and I agree with my esteemed colleague on Judiciary, the representative from Merrimack, and I ask you to vote against the committee report as amended. In the time since that amendment...

Speaker: Will the member...I just want to be clear that the question before the House is on the committee amendment, not Ought to Pass with Amendment.

Rep. Lasky: No. Did I...I am sorry, Madam Speaker, if I said that, I am in error. I am asking you to vote against the committee amendment. In the time since that amendment was proposed and placed in the calendar, issues were raised that members of this House felt they could address and present an even better bill to the House - one that would be clearer and unambiguous and would meet these concerns. Shortly, we will be able to do just that. So at this point, I ask you to vote no on the committee amendment. Thank you.

Speaker: The question before the House is on committee amendment (0972h). Are you ready for the question? All those in favor say Aye. All those opposed Nay. The Nay's have it and the committee amendment fails. The Chair recognizes Rep. Vaillancourt for the purpose of a floor amendment.

Rep. Vaillancourt: Thank you, Madam Speaker. In difference to the Judiciary Committee which will be offering a new amendment, I withdraw my amendment so we can hear their new amendment first. It could well be that their amendment does what my amendment, albeit more wordy, would also do. Words are not bad things, so I withdraw that amendment at this time. Thank you, Madam Speaker.

Speaker: The Chair recognizes Rep. Lasky for the purpose of introducing a floor amendment. Rep. Lasky moves floor amendment (1156h). It's in your seat pockets and she's recognized to speak to her floor amendment.

Rep. Lasky: Thank you, Madam Speaker and I will give each of you a minute to get that out and follow along with me. The former teacher in me wants to say, does everyone have the right place? Okay, thank you. Honored members of the House, I proudly stand before you today in support of HB 437 as amended by amendment (1156h). A bill that will establish civil unions in our state and give same gender couples and their families the same rights, responsibilities and obligations as married couples. Over the past six years, the Judiciary Committee has listened to hundreds of stories from New Hampshire residents about the difficulties they face every day as same gender couples without the legal rights of marriage. Always heartfelt and compelling, they have told us of not being able to be with their partners in the hospital, of being denied healthcare benefits. We've heard stories of not being able to share in end of life decisions and everyday difficulties of picking up a sick child at school. These people are our neighbors, our sisters, brothers, children, teachers, politicians and they are fighting for our country. They contribute to our communities and enrich the fabric of our daily lives with their individuality and they should no longer be discriminated against because

of their sexual orientation. New Hampshire has a long and proud history of independence and support for all its citizens. We can demonstrate that now by passing amendment (1156h) and HB 437 as amended. We have the opportunity to prove this legislature's commitment to minority rights by guaranteeing fair and just treatment to same gender couples. The amendment is simple, straightforward, gets the job done. The purpose of the new chapter, civil unions RSA 457A is to recognize civil unions, to delineate the rights, obligations and responsibilities of parties entering a civil union, to establish a process by which one is established and to provide a process for its dissolution, if needed. This amendment addressed concerns expressed by this House, as I stated previously, during the past couple of weeks. No one under the age of 18 can enter a civil union and there is now in the bill prohibitions against an already married person from entering a civil union nor can one who's already in a civil union enter into another one. Other than that, the bill is as you have been presented and have seen and as was previously in the Calendar. No longer will same gender couples have to go through expensive complicated contracts for each of the approximately 399 state rights afforded to married couples. The time is right. These families have waited long enough for recognition, legitimacy and legal relief. So I ask you, please do the right thing. What you know in your heart is right. Help our daughters, sons, friends and neighbors live their lives, the way I believe we all want to live, with the people we love in peace and dignity. Thank you, Madam Speaker.

Speaker: Will the member yield to a question? The member does not yield. The question before the House is on the Lasky floor amendment (1156h). I would remind all of the speakers to please confine your remarks to the amendment. The debate is not on Ought to Pass with Amendment, just on the amendment. The Chair recognizes the member from Merrimack, Rep. Mooney.

Rep. Mooney: Thank you, Madam Speaker and members of this Honorable House. I rise opposed to floor amendment (1156h). Although some technicalities have been addressed, one glaring flaw is that this civil union contract is only allowed for same gender couples. A further floor amendment will be offered to open this contract since it is not a marriage. It is a domestic partnership contractual agreement. Another interesting point to notice is in section A8 on page 2 of the floor amendment which allows marriages and civil unions created out of the state of New Hampshire into New Hampshire. Even more so, in this section, it converts Massachusetts marriages, Massachusetts same gender marriages, into a New Hampshire civil union. I don't understand that provision and if a civil union is not a marriage I don't see how that works. Colleagues, we on the Judiciary Committee have not seen or examined or had a hearing on this amendment or its ramifications and I would encourage you all to vote red against this floor amendment. Thank you, Madam Speaker and members for your attention.

Speaker: Will the member yield to a question? The member yields. Rep. Carson, you may inquire.

Rep. Carson: Thank you, Madam Speaker and thank you Representative for taking my question. I would just like some clarification on something. We've had discussion in this House especially on this bill concerning equality and discrimination. The one thing that I am really surprised at is the fact that in this bill there is no provision for heterosexual couples to enter into civil unions. Can you speak about that a little please?

Rep. Mooney: That is correct. This floor amendment is only applicable to same gender couples. However, I do know there are at least 2 floor amendments to follow this amendment that is inclusive of any two unmarried adults. Thank you.

Speaker: Will the member yield to another question? The member does not yield. The question before the House is on the Lasky floor amendment (1156h). The Chair recognizes the member from Hart's Location, Rep. Butler.

Rep. Butler: Thank you, Madam Speaker. Fellow colleagues, I rise in support of the amendment to create civil unions for same gender couples. Many of you have told me and others of our colleagues that you will support this bill today which creates a legal bond for committed gay and lesbian couples in which we will be able to access all the rights, responsibilities and obligations of marriage in the state of New Hampshire. To those supporters, and for the thousands of gay and lesbian citizens for whom this legislation will mean so much, I say thank you. Thank you for understanding that gays and lesbians deserve yet one more step on the road to full equality.

Speaker: Will the member please suspend for a moment? The question before the House is on the committee amendment so you should address your remarks to the amendment. At some point we'll get to the bill itself with any attending amendments.

Rep. Butler: My understanding is that the amendment speaks to civil unions directly and that's my intent. Writing my testimony has been somewhat difficult. It's not like I don't know the sub-

ject. I'm gay. I've been in a committed relationship with my partner Les for 29 years. I've been active in advocating for gay and lesbian equality for much of my adult life. I was on the commission created by this body to study same sex marriage and its legal equivalents or so it was titled. Many of you received email messages over the past several days in support of this bill. I hope you read them. They were from gay and lesbian couples and singles, from parents and grandparents, friends and pastors. Allow them to help me give this testimony. One woman wrote, "I have a personal stake in this bill, as I am with a partner of ten years who is very sick. We have attorney in fact and power of attorney papers. My partner was in the ICU for ten days between December and January and again last week. She is completely bedridden. When in the ICU, where she almost died, I was asked by a nurse if she had any family to be with her. I told the nurse that after ten years together and three children, I believed that I was her family." And this was after they had already given their power of attorney papers to the hospital. Another woman wrote, "We have been together for 24 years in a committed relationship. As we grow older together we not only want but need to be recognized by our state as a committed couple, especially in situations of poor health where we would not have access to each other and to the decisions made about each other." A gentleman from Portsmouth wrote, "No citizen who abides by the law deserves to remain in a second class status." This bill seems to me to support the sort of committed relationships and strong families that make a more civilized and stable society that benefits all of us. Several ministers sent messages. One priest said, "As a priest of the church, I have seen first hand the trauma that can ensue for those who have no legal rights upon the death of a partner or for children who are not able to avail themselves to protections of the law." We can make a difference in the lives of many people by offering them rights and protections. From someone who works in HHS, "My partner of five years had to go without medical coverage for quite a while simply because, unlike my married co-workers, I was unable to add her to my insurance." And one last and longer quote. "I write to you as a teacher. I have taught for several years as an openly gay educator. I have seen the healing that comes with honesty and integrity. Children thrive in an atmosphere of safety, honesty and inclusion. Children are very aware of the debate going on over gay marriage. They are awaiting the result like a verdict on the human value rating of their gay and lesbian family members, friends, neighbors, teachers, classmates and for some it is a statement about their very selves. Please give them the support of freedom. I write to you as a Christian, although there are some sects of Christianity that would be oppressive to gay and lesbian families. There are several denominations that believe fervently in our equality to heterosexual families before both God and man. We are assured in the New Hampshire state constitution that no one sect would have dominance over another. Those churches in favor of gay marriage are not trying to denominate other denominations by forcing them to accept that which they do not want to do. However, anti gay church groups are indeed attempting to force legislation which would set their own beliefs as the officially sanctioned beliefs of the state. Our constitution stands to keep us safe from that threat. I write to you as a gay man engaged to be married in August of 2008. Please make our special day even more special. Our priest just told me he would marry us in a second. I cannot express in words how humbled and grateful we would be." Isn't it amazing that this gentleman is using the language of the mainstream of society and even without the legal supports, he is engaged to be married - God, that younger generation. And then there was that one email in which one of our constituents said he did not favor this bill because it runs counter to his moral belief system. And the good Representative from Jaffrey quickly sent out his own message saying, "Finally, someone has made a good argument." After dozens and dozens of emails urging us to vote in favor of civil unions, many with personal stories or well thought out messages, finally someone said what at least one of our august body wanted to hear. I guess that's why it's been difficult to come up with compelling testimony. Many people have sent powerful requests for that one big step up the ladder toward equality and yet those of you who don't want to believe that we should be your equals, are not likely to listen to any of our entreaties. You can justify your position by saying, "You are already my equal. You can marry someone of the opposite sex just as I can." How many times have I heard that canard? Or that traditional marriage must be protected, that our society is losing its moral compass and the support of gays and lesbians and our loving relationships will somehow further society's social decline. Or that society has expressed interest in supporting the model between one man and one woman because it supports and encourages procreation upon which the ability of society depends and traditional marriage is one of the basic building blocks of civilization as we know it and should not be changed any further. And because of these arguments and these fears, attempt after attempt

have been made and are being made today to prevent access for gays and lesbians to those rights, responsibilities and obligations of marriage in this bill through a ceremony called civil unions. As so many people did in their messages to you over the past few days, let me try to assuage your fears. Let me try to assuage your misconceptions. Let me try to appeal to your basic humanity. Gays and lesbians have worked over the past many decades to come out of the closet and into the light. That process has been difficult because of the deep fears and prejudices of many. Obviously issues of sexuality are very powerful. As you know, many people have lost their livelihoods because of being gay or lesbian. We have been rejected by family and kicked out of housing or have been marginalized in other ways. Many gays and lesbians have been beaten because of who they are. Many have lost their lives. And yet we continue to work to become more a part of society because we know that we are simply the same as you, our straight counterparts and want and deserve the same rights and responsibilities in society. We want you to know that you have nothing to fear from our lifestyle any more than we have anything to fear from yours. Our loving relationships are as precious and as powerful as yours. Most of us settle into committed relationships just as you do and as we become more an accepted part of society, our households are mirroring family norms. Many couples are having or adopting children or bringing their kids from a previous relationship. We will resist attempts to minimize our loving relationships by comparing them to any two adults who desire to have some legal benefits. As couples, we are the same as you. Our loving relationships endure the same challenges, the same exhilaration, the same communication problems, and the same negotiations over who's balancing the checkbook and who's washing the dishes tonight. We deserve the same legal and societal recognition of our relationships. I wish I was more eloquent, more clever, somehow could construct the images that help those of you who do not support this bill. Understand why you should reconsider your reasoning, but I can only say that we are requesting to have this ceremony called civil unions, not because we want to undermine the institution of marriage, but rather because we respect it. Ours is a vibrant statement that reinforces the tradition of marriage and looks forward to the securities that civil unions will provide for our families. I'm asking you to support your gay and lesbian constituents by supporting this bill. Civil unions do not give us equality, but it does bring us closer. It sanctions our love and commitment in a way that has not yet been done in this state. You will continue to learn in a way that has not yet been seen that we are not a threat to the safety or civility of your belief systems or the stability of society or the family structure. Thank you.

Thank you, Madam Speaker and I will not take questions.

Speaker: The member does not yield. The question before the House is on the Lasky floor amendment (1156h). Are you ready for the question? All those in favor say Aye. I'm sorry, a division was requested. Will members please take their seats? Rep. Vaillancourt has requested a roll call. Is that sufficiently seconded? It is not sufficiently seconded. This is a division vote. The question before the House is on the Lasky floor amendment (1156h). If you're in favor of that, you'll be pressing the green button. If you're opposed, you'll be pressing the red button. Voting stations are open for 30 seconds. The House will be attentive to the state of the vote. 223 having voted in the affirmative, 137 in the negative, Lasky floor amendment (1156h) is adopted.

Rep. DiFruscia moves floor amendment (1158h). That's also located in your seat pocket. He is recognized to speak to his amendment.

Rep. DiFruscia: Thank you, Madam Speaker. I hope that floor amendment (1158h) will be adopted. A week ago we talked about the constitutional amendment, you may remember, and I was very interested to hear that one of the new State Representatives, a young one, talked about discrimination and how she saw it first hand. I must share with you that I feel that that's occurred to me too. The last speaker, Madam Speaker could never pronounce my name, but somehow he didn't have that situation with the other members. What I am really concerned about is the family unit and when you look at the family unit what do you want? The Judiciary Committee with its amendment today or at least in the Judiciary Committee proposing it, if you think about it, seems that that amendment itself is in and of itself a situation that expands marriage and expands family. How does that happen? How many of you are divorced? Do you like paying alimony? That's simple. Under the floor amendment from the committee, you are paying alimony. Did you bargain for that? Did you really bargain for that? What my amendment does is it takes it out of the category of family, so called family law, so that you're dealing with two adult individuals who have a common purpose. I was asked when I was coming up here today whether or not the amendment is printed could have been any smaller. Quite frankly, I don't think so. But I would like you to come with me for

a few seconds to just hear what it says. It expands what a family is and it says that the purpose, of course, in the first section is to form a contract. It also says qualified two people over 18 consistent with the present law. It also says if you jump down to line 22 and 23, it talks about rights, privileges and responsibility conferred by state and federal law including law of partnership. I'm not so sure I'm happy with the word partnership. But I must share with you the fact that we are now not in the family court. This is the only bill before you, by the way, that has bi-partisan support. The next speaker is a member of the Democratic Party. I don't view this at all to be simply a case dealing with marriage. It's not. Traditionally we all know what a marriage is and traditionally we know too that there is no place for discrimination. So if you want to be fair, if this family contract is dissolved, it's in equity court. Now, what does that mean? You're not subjecting yourself to the family court. Equity court which is now able to and has been able to do for the last couple of hundred years, divides various property interests between various individuals such as partitions to partition. They deal with contribution. They deal with who has contributed what in building up that asset. If you look also within our own statute you deal with liens, Medicare liens. You'll see in Medicare liens that anyone who is a member of that household, including a spouse, would not be evicted. I sit now as the Chairman of that subcommittee. So, what this amendment does, the amendment quite frankly simply makes it a contract issue and makes it fair. The word is fair. I can understand both sides of the issue. I feel they have some merit, but I also feel the biggest pitfall here. The biggest one is by trying to make this something of more than what it is not. If you keep it in equity, it's a contract. If you make it a contract, and you put the terms of a contract that the laws of the state of New Hampshire shall govern no matter where you go. We now know, as so often happens, that when you make a contract, you can make a contract and say the laws of a particular state will be applied. Is it unique? Yes. Is it different? Yes. Does it handle and take care of people of the same sex or not of the same sex? Yes, as long as you're unmarried. Is it fair? Yes. And if you don't have a will, does it take care of the other party? Yes. Because if you look at it, under line 25 dealing with inheritance, it means that if there's no will, the other party to the contract now would end up picking the remaining share, except in one spot. And that's the rights of children, children of either party. So what are we doing now? What we're trying to do is we're trying to say clear and simple, it's a contract. Now whatever either party wants to do, whatever church they want to go to, they can do it. The same thing applies. I'm suggesting to all of us that if you really want to be fair, if you really don't want to discriminate, if you really and truly as in the bill it says that the purpose is to provide mutual financial support and emotional comfort to each other, is there anything else you want? When you get into a situation like this, isn't that what it's all about? I know it's a little bit different. Further on you're going to see a bill that talks about a study concerning this issue. Nobody wants to talk about a study. But let me suggest to you. If we're going to amend and change the family unit, the best way to do it is dispassionately, fairly, adopting amendment (1158h). Thank you, Madam Speaker.

Speaker: Will the member yield to a question? The member yields, Rep. Dumaine, you may inquire.

Rep. Dumaine: Thank you, Madam Speaker. My voice is a little rough today because I don't know how long it is going to last. I'm just curious, if it's going to have basically the same elements as a marriage, what's to stop the Supreme Court from coming in and just saying "Hey, might as well be a marriage," and it is?

Rep. DiFruscia: Thank you for the question. It's simple why the Supreme Court wouldn't. With the current amendment, the Supreme Court can, because you're clearly saying with the current amendment that all of the statutes dealing with marriage dissolution fall within a civil union. In my amendment it does not, it says the equity court that does not deal specifically with the section dealing with dissolving of a marriage, the creation of a marriage, or in fact divorce, alimony and all the other good things. Thank you because I think the present amendment that's before you that's been submitted. Now the biggest nightmare we ever have is the court coming in and trying to figure out what we meant today. And I can possibly see somebody coming forward and challenging and saying, "Well, why are you calling it civil unions, it's really a marriage." Now do you want that to happen in the court system? It's your choice.

Speaker: Will the member yield to a further question? The member yields. Rep. Dumaine, you may inquire.

Rep. Dumaine: Thank you, Madam Speaker. As you know, Representative, I don't trust the Supreme Court as far as I can throw a school bus. And, what's to stop them from even taking your amendment and doing it anyway?

Rep. DiFruscia: Very specific within my amendment, it says clearly that the laws of contract from the state of New Hampshire shall apply and it also says clearly under line 28 by filing suit in equity in the superior court. To me that's clear, so clear that even a Supreme Court judge can understand it.

Speaker: Will the member yield to another question? The member yields. Rep. Itse, you may inquire.

Rep. Itse: Thank you, Madam Speaker. Thank you to the Representative from Windham for taking my question. Representative, does your amendment allow the execution of civil rights and distribution of property absolutely blind to sexuality?

Rep. DiFruscia: Thank you for the question. I want everybody to know that I did not set up these questions. Okay? The answer is yes, of course it does. Sexuality has nothing to do with this amendment dealing with the family contract. I hope that you will consider my amendment seriously because I think it's a step forward and I hope that you listen to the other two speakers and Madam Speaker I'm requesting a division. The next speaker is going to be a Democrat who certainly will have a different point of view. Thank you.

Speaker: The question before the House is on the DiFruscia floor amendment. The Chair recognizes the member from Sanbornton, Rep. Morrison.

Rep. Morrison: Thank you, Madam Speaker, esteemed members of this House. You have heard people say in response to the plea for the right of marriage, "You can have the same thing by drawing up a series of contracts." The usual response is that no one can carry a suitcase of contracts around with them to show proof of that relationship. One document could do the whole thing. The civil union's bill, as amended a few moments ago, is a very simple document and it does what is needed at this moment. This amendment that is being discussed is even simpler. It does nothing to address the needs of gay families. It does not extend the family court system and its dissolution process that we've been working on for so many years. It does not extend it to gay families. It leaves that to the equity courts. That is not right. This is a sham. It's a sham with a fancy title, the title being, family relationship act. Is that so? It allows parties to make an agreement and that's something we can do now. It does not extend rights and that's what we really and truly need, the extension of rights. You heard the Representative from Hart's Location say that very same thing. I'll say that to you again, too. We need those rights. This last weekend, my partner and I of 25 years did something that we had been hoping to do on Valentines' Day. We exchanged rings and I'm glad to take your congratulations. We exchanged rings with the knowledge that this was something that was going to have special meaning because in a very short time we would be able to enter a civil union. I spoke with someone in the women's room just before we came in and she said, "You know, this may be the most important bill we pass this year." And so, I urge you to defeat this amendment and to support the bill as amended by the Lasky amendment. Thank you so much.

Speaker: The question before the House is on the DiFruscia floor amendment. The Chair recognizes the member from Nashua, Rep. David Smith.

Rep. David Smith: Thank you very much Madam Speaker. My friends, this is a most important issue as you all know. I spoke in this well last year on a constitutional amendment for a marriage between a man and a woman. And I alluded to the fact that there was an alternative. The reciprocal benefits agreements that are working in the state of Hawaii are working very, very well. The DiFruscia amendment pretty much reflects what those reciprocal benefits are. So we have a system here that is in fact tested and it is working well in society. This is about equal rights and the amendment, I feel, does address that factor. It was mentioned there were 390 rights that people who are in homosexual relationships do not have the benefit of as if they were married. This is to grant them those rights. I've heard an awful lot about equality. I'd like to remind everyone here that we are not equal. And before you take a quick breath, our constitution in the first paragraph says most clearly that all men are equally created to be free and independent and that means that we have equal opportunities and by having the equal opportunities you should have access to those equal rights. The problem with marriage is not in the institution itself. The problem with marriage is manmade law that we've attached over the years. The tax benefits, the benefits of visiting someone in the hospital, inheritance. The list goes on and on and on. And people who have the strong committed relationships are being denied those. Let's fix man's law. That's what this amendment does. And, to my friend in Hart's Location, I say you ought to be commended for having had such a long and steady relationship with someone who you obviously dearly love and are committed to. And what this legislature does here or does not do here is not going to change that one bit. And you should be very proud of that relationship, just as I am very proud of my relationship with my

wife. There is another thing that we should consider also. We've all received a lot of communications. We've received a lot of emails on this issue. We have denied the people of New Hampshire the right to vote on what they feel should be a constitutional amendment. I think that we should also remember when we cast our votes today to remember what our oath is and that is to what we should be doing for our constituents. Do you feel that your constituents truly want this or would they prefer to have people being able to come before the law freely and independent on equal terms as they should be able to? I thank you all for listening to me. I thank you very much Madam Speaker.

Speaker: The question before the House is on the DiFruscia floor amendment. The Chair recognizes Rep. Gary Richardson.

Rep. Gary Richardson: Thank you, Madam Speaker. First I would like to give my compliments to my friend and fellow Judiciary Committee member, the Honorable Representative from Windham for making a really excellent argument on a very poor and weak bill. There is a fundamental flaw in the amendment. And that is that although it talks about familial relationship, nowhere in the bill does it define, nor in the amendment, does it define what a familial relationship would be nor does it give it any status. Basically all the bill does is to say that two people can enter into a contract to do something. Well, I have news for you. Two people can enter into a contract to do something as long as it's not illegal right now. We don't need a bill labeled as a familial relationship bill to give us that. With respect to the substance of the bill, it really doesn't say much, but what it does address, the one area where there is some specificity, is related to the area of inheritance. And it says the remaining party, if one of the parties dies, shall be considered the sole heir except as to the children of the parties, but nowhere in the bill does it define what interest the children of the parties would have in inheritance and it is an illustration of the fundamental problem of not adopting the process that we have in this state to deal with relationships between people who are in a marriage or hopefully will be in a civil union. We have 200 years of statutes and development of law with respect to the relationship between married people. The Lasky amendment we have just adopted incorporates that language into the relationship of civil union. I beg to disagree seriously with the Representative from Windham that the judges will not be able to interpret this. They interpret issues of law in divorce every day and by adopting that language in civil unions, they will know how to interpret those relationships. The other last comment I would like to make is with respect to the last speaker from Nashua and he raised the issue of what our constituents want. I think what our constituents want, ladies and gentlemen, is that people be treated fairly. I think they want to let people do what they want to do in the privacy of their own homes and I think they want to let them enter into relationships such as civil unions and respect their rights as well as the rights of those of us who are heterosexual. I don't think it's a disallowance of what our constituents want to adopt the policy that people be treated fairly regardless of their race, creed or sexual preference. Thank you.

Speaker: Will the member yield to a question? The member does not yield. A division has been requested. Will members please take their seats? The question before the House is on the DiFruscia floor amendment (1158h). This is a division vote. If you're in favor of that amendment, you'll be pressing the green button. If you're opposed, you'll be pressing the red button. Voting stations are open for 30 seconds. The House will be attentive to the state of the vote. 113 having voted in the affirmative and 253 in the negative, the DiFruscia floor amendment fails.

Rep. Mooney is recognized for a motion.

Rep. Mooney: Thank you, Madam Speaker and members of this Honorable court. I rise in support of floor amendment (1155h) which should have been found in your seat pockets first thing this morning.

Speaker: Rep. Mooney moves the Mooney/MacKay floor amendment (1155h). That is in your seat pocket and she is recognized to speak to her amendment.

Rep. Mooney: Thank you, Madam Speaker. Article 2 of our state constitution etches life, liberty, property and happiness as natural rights. There is no greater happiness than human companionship. Our state constitution also emphasizes equality of all in Part First Article 1. This floor amendment blends these two key elements of life in New Hampshire to benefit all family relationships in whatever form they come in. The floor amendment opens the civil union concept to any two unmarried people who so wish to enter such a contract. It takes the concept behind the committee amendment and the floor amendment that was adopted earlier, but fairly and equally broadens it by replacing the phrase "same gender couples" with the phrase "any two unmarried persons 18 years of age or older." It takes the state out of the business of love and instead deals with the fair

and equal distribution of the economic benefits of marriage. The family unit has evolved over time to include all sorts of combinations. Why shut the door after same gender couples? I've been told repeatedly that a civil union is not a marriage. If this is the case, then why can't a civil union, a domestic contract between parties, be opened to any two unmarried people who so choose to enter one. Upon adoption of this floor amendment, we in New Hampshire will establish ourselves as a leader in caring for all combinations of family relationships. The bill as it is now as amended is a separate but equal clause in our law, an exclusive contract for only a certain sect of New Hampshire society. Lastly, I want to draw your attention and direct your attention to the blurb on 755 of your calendar. The last line states that the bill will move us closer to equality. It will move us closer to equality and I say let's get to equality today. Thank you, Madam Speaker and I would appreciate a vote of green on my floor amendment. Thank you, Madam Speaker.

Speaker: The question before the House is on the Mooney/MacKay floor amendment. The Chair recognizes the member from Etna, Rep. Pierce.

Rep. Pierce: Thank you, Madam Speaker. Amendment (1155h) is a fatally flawed bill to recognize civil unions in New Hampshire. First of all, amendment (1155h) is really a solution searching for a problem. My emails and I'm sure everyone else's emails have been flooded with pleas from gay and lesbian couples across the state pleading for recognition of their relationships. I've not received one email, one letter, one phone call from any two brothers seeking the same relationship. Have you? If not, again this is a solution searching for a problem. Should we relegate our gay and lesbian citizens to fear status in the law and keep them there because of this misguided bill? If someone wants a bill to have the state elevate these relationships to civil union status, they can offer one, but let's deal with the problem in front of us today. Indeed the sponsors of this amendment and all the other floor amendments we've heard favor equality for same sex couples. So let's deal with that, let's vote on it and then let's move on. Second, you'll see in amendment (1155h) there is no incest prohibition as the last amendment inserts. Now I'm not for, and most of you probably agree with me, having any kind of state or implicit or tacit state approval of incest relationships. We shouldn't be passing any bills that recognize relationships, familial relationships like this that do not have these prohibitions in it. Again, if someone wants to offer a bill that condones state approval of incest relationships, they can offer one. I'm not going to vote for one, but they can offer it. Third, amendment (1155h) has no exclusivity requirement. Although it does speak in terms of that no married person shall enter into a civil union, it does not go further and say that no one already in a civil union shall not enter into another civil union. And again, if someone wants to offer a bill that puts out that we should have these types of polygamous civil unions, they can offer it, we can debate it but that's not what we're here to do today. Again, I won't vote for it, but as another Representative, I believe a Representative from the Judiciary Committee said, "This amendment has no process for applying for civil unions." The Lasky amendment has direct references to RSA 5-c 41-61 which is the law as it has evolved in New Hampshire over 100 years about how these licenses will be applied for. Amendment (1155h) does not do that. There is no reason to and no application for it so we don't know how it would work. Amendment (1155h) does not say. Finally, amendment (1155h) provides no mechanism for recognition of out of state civil unions like the Lasky amendment does. So even those, it seems, we're mostly all in agreement that civil unions should be the law of the state, and I even note that President Bush has come out in favor of civil unions for same sex couples. Amendment (1155h) would not recognize any civil union that has been solemnized in Connecticut, Vermont, New Jersey or California here in New Hampshire. That's another fatal flaw and another reason why I think we should vote against this amendment. For these reasons, I ask you to vote down amendment (1155h) and Thank you, Madam Speaker.

Speaker: Will the member yield to a question? The member does not yield. The question before the House is on the Mooney/MacKay floor amendment (1155h). The Chair recognizes the member from Concord, Rep. MacKay.

Rep. MacKay: Thank you, Madam Speaker. Madam Speaker, I'll be brief because I have to be. I am losing my voice. Just so there is no confusion, I support civil unions for gay and lesbian couples and there is nothing in my presentation that is intended to denigrate that part of it. This bill is based on the basic principle of keep it simple and I'll leave out the other aspect that it does some things that make it possible to get where so many people want to get to. We worked with this yesterday and after quite a considerable amount of consultation, felt that at least this is another avenue to get to civil unions for those that deserve it. There are some that feel that adding in this for everybody 18 and over for any and unmarried is overly broad, but it does what people

want it to do. I felt it might be a way that some people that are rather conflicted about this could find this a way to move ahead with this subject. I hope you can support this. As I say, I support civil unions and my final vote will be in support of that. I hope along the way you can do this and I hope you vote green. Thank you, Madam Speaker.

Speaker: The question before the House is on the Mooney/MacKay floor amendment. Are you ready for the question? A division has been requested. Will the members please take their seats? The question before the House is on the Mooney/MacKay floor amendment (1155h). If you're in favor of that, you'll be pressing the green button. If you're opposed, you'll be pressing the red button. Voting stations are open for 30 seconds. The House will be attentive to the state of the vote. 115 having voted in the affirmative, 249 in the negative, the Mooney/MacKay floor amendment fails.

The question before the House is on the committee report of Ought to Pass with Amendment. The Chair recognizes the member from Merrimack, Rep. Nancy Elliott.

Rep. Nancy Elliott: Thank you, Madam Speaker. Please bear with me. I've had to revise my speech several times through this debate. This bill is unconstitutional because it discriminates and does not allow other groups access to this new class. Proponents of HB....

Speaker: Will the member please suspend? The House will please be in order. The member deserves to be heard. You may continue.

Rep. Nancy Elliott: Thank you. As I said before, this bill is unconstitutional because it discriminates and does not allow other groups access to this new class. Proponents of HB 437 say that same sex pairs love and are committed to each other and that should be a basis for marriage. Lots of people love and are committed to each other that would be excluded in this bill. For example, three people that love and are committed to each other, two couples that love and are committed to each other and all forms of groups: a mother and daughter, two sisters or a father and son who may be interested due to finances. There is an issue as to whether the concept of civil unions is constitutional. We will have two institutions that are exactly the same except for the title. A rose by any other name is still a rose. We have heard discussion of separate but equal. Would this be the case? California has ruled this unconstitutional to have separate but equal. Traditional marriage is not discriminatory. It allows every woman to marry a man and every man to marry a woman. Marriage is for procreation. While all married couples do not have children, that does not change the fact that procreation requires a man and a woman. Nature bears witness to the legitimacy of one man and one woman. This bill is unconstitutional in the fact that it recognizes out of state unions. It does not recognize their marriages. Couples married in Mass., same sex couples, will most certainly sue and have their marriages recognized. The court will see this as reasonable due to the changes in our state. We are recognizing their relationship, but are we really? We are saying that you were a marriage and now you are just a union. Do you really think that our courts are going to accept that? The first same sex marriage union that is recognized from Mass. will spark a planned lawsuit to demand this equal protection of the law for New Hampshire based same sex couples. This state will be forced by the court to recognize same sex marriage just like the situation in Massachusetts. Face it. Is it fair that people who move here from another state have more rights than natives? No. Therefore we must all recognize that gay marriage is the end result of passing this bill. Know that if you vote for this bill that you are in fact voting for full gay marriage. What changes will gay marriage make in our state? Marriage will lose its meaning. It will no longer be a standard of morality. There will be a new morality. The need for marriage will decrease as it becomes irrelevant. It will affect our schools and children. As in Mass., our children will be forced to study the methods of homosexuality, something many parents feel their children would be okay never knowing. In Mass., the court's ruled that parents do not have the right to have their children excused from classes even if they oppose this teaching. And in Mass. this starts at the kindergarten level. Faith based adoption agencies will be forced by this statute to place children in gay homes in opposition to their teachings or face closure as is happening in Massachusetts. This bill now has a conflict in it due to all the amending processes. It says that no one under 18 can enter into a civil union. However, it also references the marriage laws which allow girls of 13 and boys of 14 to enter in, so I think we have a conflict already. Know that if you vote for this bill you are in fact voting for full gay marriage. If that is your intent to impose gay marriage on the citizens of this state, then you want to vote yes. But if you are looking at this civil union's bill as a compromise and not really marriage or even that by voting for civil unions you are protecting marriage, you are deceiving yourself. Be honest with yourself and your constituents. If you do not want gay marriage, and this is a gay marriage bill, you must vote no and press the red button.

Speaker: Will the member yield to a question? The member does not yield. The question before the House is on the committee report of Ought to Pass with Amendment. The Chair recognizes the member from Manchester, Rep. Vaillancourt.

Rep. Vaillancourt: Thank you, Madam Speaker. I rise in support of Ought to Pass with Amendment. As I alluded to earlier, I had an amendment which basically would have done the same thing. I think it was more elaborate and would have been better, but I don't think we should be any more confused than we already are here today. There was a time in my life, just a couple of years ago, when I thought when this bill came forward, I was going to have to get up here and plead with my colleagues to pass something that would at last bring the final segment of our society into equality with everyone else in the human race. I'm not going to have to do that. I can read the votes. Junie Blaisdell or Lyndon Johnson, some great man, I always forget which one, said, "When you've got the votes, sit down and vote." But I'm not as wise as either Junie Blaisdell or Lyndon Johnson or whoever said that and I would like to clear up some misconceptions about this bill. The previous speaker said this was gay marriage. It is not gay marriage. In fact, later this morning, later this afternoon we will consider HB 791 which in its original form, was and is about gay marriage. It has been amended to a study committee. The reason I mention this is because this bill as it stands today is a compromise, similar to the bill I introduced, a compromise. And what I see now is something rather miraculous happening. A lot of members of the gay and lesbian community showed up in this room to push for full fledged marriage – 791, the members of the Judiciary Committee and the members of this House. My friend from the North Country who served on the same sex marriage commission with me voted against this compromise on the same sex marriage commission. He has now accepted this compromise. What I see today are members of the gay community, the lesbian community saying, "You know we've got 99 percent of what we want. We're willing to accept that. We're willing to compromise." So I think what we need to do now is to ask the other side to say okay we're willing to compromise as well. It would be nice to see this not pass by a two to one margin, but by unanimity. In the Declaration of Independence, perhaps the most important document ever penned, Thomas Jefferson wrote those immortal words. I hope you'll allow me to read them. "We hold these truths to be self evident, that all men are created equal, that they are endowed, by their Creator, with certain unalienable rights, that among these are life, liberty and the pursuit of happiness." The New Hampshire House today, in adopting this measure, will bring our society, albeit somewhat belatedly, into compliance with Jeffersonian ideals. All men and women are created equal whether they are black or white, gay or straight. Whether they are tall or short, color blind or can see colors, left handed or right handed. In the Jeffersonian spirit, the New Hampshire constitution, adopted June 2, 1784, reaffirmed in Part I, Article II all men, all men have certain natural, essential and inherent rights among which are the enjoying and defending of life and liberty, acquiring and possessing and protecting property and in a word, of seeking and obtaining happiness. I ask you, what could a more basic happiness be than that attained by two individuals falling so much in love that they wish to share their lives together in body, mind and soul. To deny two people that basic right, that right to sanctify that love before God, if they choose, and man is to deny an expression of that basic right of happiness. In 1974, in Article 2 of the New Hampshire constitution, we included the rather radical words, equality of rights under the law shall not be denied or abridged by this state on account of race, creed, sex or natural origin. And in Part 10 of the constitution it was kind of a right of revolution, if you remember, that so many constitutional scholars like to bring up Part 10, it says, "Government being instituted for the common benefit," similar to common benefit in Vermont law, "common benefit protection and security of the whole community and not for the private emolument of any man, family or class of man." And then it goes on to enumerate the right of revolution when government becomes dedicated to only one segment of society. By passing this bill today, although we are not granting full marriage rights to homosexuals, gays and lesbians, we are saying, "Hey, you have the same rights as other people and we are acknowledging that as other states have done." On the other hand this bill does not go as far as Massachusetts. This bill is not something handed down on high from a court as was the case in Massachusetts or Vermont. I am proud to say that this bill comes out of the Legislature. This bill which I hope will pass by tremendous margin, comes out of the peoples' will. And you know,

Speaker: The House will be in order.

Rep. Vaillancourt: No, they should be allowed to boo. I believe that shows the situation we are in, in society today.

Speaker: The House will be in order. I would ask the guests in the gallery to please remain in their seats or you will be removed from the gallery.

Rep. Vaillancourt: All men are created equal. They are endowed with their Creator with certain unalienable rights among these are life, liberty and the pursuit of happiness. It's time that we recognize that gays and lesbians have a right to pursue that happiness. Madam Speaker, one thing this bill does not do is force any religion to honor the wishes of a gay or lesbian. If you will look at page 2, lines 3 and 4 of the amendment, nothing in this chapter shall be constructed to require a minister or clergyman or clergywoman to solemnize and perform a civil union. So this bill is not forcing any lifestyle on anybody else. Forest Gump, yes Forest Gump had that famous line, "Life is like a box of chocolates." Remember that? Well, to those people who are afraid of this bill, to those people who say that if we allow homosexuals, gays and lesbians this kind of right, we're going to be taking something away from the straight community, I say to you life may be like a box of chocolates, but love is not like a box of chocolates. If I take a chocolate and eat it out of a box, I am denying you that chocolate. If a gay or lesbian choose to marry or get united with another gay or lesbian they are denying nobody anything. They are not denying you a chocolate. Love is infinite. There is enough love for everybody to go around. You know opinion polls and again I don't think we should act because of opinion polls and I have to tell you the truth, I never lie so I am going to tell you I had a caller last night, night before who said, "I will never vote for you if you pass this." I explained that I am going to pass it if I can. Opinion polls show that while the majority of New Hampshire residents do not yet support gay marriage, they do support civil unions. So be not afraid. We are not taking a chocolate away from the heterosexual community. We're not forcing anything on the heterosexual community. What we are doing is bringing society a little bit forward. In 1967, the Supreme Court in the *Loving vs. Virginia* decision stated that blacks and whites could indeed be allowed to solemnize their love for each other and marry. As you may know, public opinion was very much against that decision, but today no one among us would deny blacks and whites to solemnize their love for each other. And I think in 15 to 20 years society will feel the same way about denying gays and lesbians to solemnize their love in this form. I will take the question if you want to ask me if this is indeed a racial matter. What it does is say society advances incrementally. After this bill passed the committee, a gay activist was quoted in the Concord Monitor as saying, "This was one of the happiest days of my life." And you know I thought it would be a happy day for everybody who honors and appreciates equality. I thought it would be this uplifting experience, but it's an evolutionary process. We didn't arrive here overnight. You know when I realized that this was the kind of bill that would pass here today? And I hope it will. A couple of weeks ago on *This Week with George Stephanopoulos*, the godfather of conservatism, and I say that with all pride, I like the man a great deal, George Will was quoted as saying, "For most young people, being gay is like being left handed or being color blind." George Will saying that. In other words, George Will said that if we all think like young people and they are the future, then we're going to consider gays and the rights of lesbians and homosexuals and gay people just like we consider left handed people and color blind people. That's from George Will. If George Will can recognize it, I believe the rest of us can as well. Let's just clear up a few things this bill does not do. It does not allow more than one person to marry or enter into civil unions. It does not allow civil unions between a man or a woman and a young boy or girl. It does not give any special rights for gay people. Let's get that clear. In fact, gay people still come up a little bit short because they can't have that full thing of marriage. So what it does is provide equal rights virtually, nothing special. A song that I love a great deal was by Rod Stewart who is coming to the Verizon Center in less than a month. I hope he sings the song. It's called *The Killing of Georgie* about a young gay person who realizes that he is gay and leaves home and ends up getting killed on the cruel streets of New York City. There is a line that I would like to quote as I leave you and I would like you to think about it because we all deserve what Georgie wanted, nothing more and nothing less. Rod Stewart wrote and sang to us, "His mother's tears fell in vain the day Georgie tried to explain that he needed love like all the rest." It's time to say that gays and lesbians need love like all the rest and we honor the right to that love. Thank you, Madam Speaker.

Speaker: The question before the House is on the committee report of Ought to Pass with Amendment. Will the member yield to a question? The member does not yield. The question before the House is on the committee report of Ought to Pass with Amendment. A roll call has been requested and sufficiently seconded. We are down to our last two speakers. I would ask the Sergeant at Arms to please ask members to come up from the common room and in from the anteroom and quietly take their seats. The Chair recognizes the member from Londonderry, Rep. Baldasaro.

Rep. Baldasaro: Thank you, Madam Speaker.

Speaker: The House will be in order.

Rep. Baldasaro: First of all before I get started, for my friend from Manchester about being the will of the people. I hope we all wake up here because this is a small minority pushing the choices on the will of the people. Okay, so this here is not the will of the people and they will speak here come 2008. Thank you. You heard fellow Representatives tell you the homosexual rights are being stepped on is unconstitutional. I come to you today as a straight speaker and I don't use no three dollar words. I tell it like it is. Okay, and I will try to stay right to the point. This is a choice. I am tired of hearing about civil rights. Okay, this has nothing to do with your rights. This is your choice. You choose it. Whether you choose male on male or female on female or you're a male with two women, it does not make a difference. That's your choice. This is a stepping stone to an agenda and we all know it. As a fellow Representative, I agree with what was said before. This is a shame. It's actually a shame on the good people of New Hampshire that you have to sit here and listen to discussions here with people pushing their agenda. Hello, this is about opening the door. I want to make sure. This is about opening the door to the gay agenda. This is about marriage. This ain't about unions. This is about getting equal rights as a male/female. That's been around for many years. That's all this is about. Let's not kid ourselves. This is the stepping stone, as I said, to teaching our children from kindergarten on as they do in Massachusetts. This is about telling our kids that it's alright for Johnny and Joey to kiss together and cross dress or whatever. This is about Mary and Lucy or whatever coming together in our schools. Okay? This must stop right now because there is a slope that we're going down with this here. This is wrong. I wish you'd keep your choices in the bedroom and not push them on to the American people or the people of New Hampshire. I notice my friends, on the other side are in sequence on their votes. There is an agenda and it's not the peoples or New Hampshire's agenda. It's a national agenda. I hope that you keep the Massachusetts agenda out of New Hampshire because we talk about immigration. I believe that we need to put up fences around our border and keep the people of New Hampshire. We must not recognize the marriages of Massachusetts. That's what this is leading to. Marriage is not an American invention. It has existed as an institution since the beginning of civilization. As a marine, I've been through this once before during the White House a few years ago. I'm not going to mention any names, because I don't know if it's proper or what is or what's not. There was a certain President that was pushing their agenda down on the people of the military. We were disgusted. I was ready to throw in my retirement. We turned around. We talked about okay, now if in the military we're going to have gay sex or gay marriage or homosexuals in the military. The big discussion was were we going to have four bathrooms? Because I as a male marine I refused to take a shower, eat, drink, and sleep with a gay homosexual. I don't knock them because I have them in my family. I love them. This is not about being against them and knocking them down. This is about I don't support their choices and don't push it on me. And let me tell you today, I am not a religious man. I'm a Catholic and I walked away from the church. Okay, so this has nothing to do about religion, the Bible or any of that stuff there. I was married by a justice of the peace 20 years ago to my wife who is disgusted over this and she is a person of the Bible. Okay? Once again I talked to you a little bit about as my experience as a marine because what has to happen in the schools if you approve civil unions. My daughter of 15 years old said "Dad, does this mean that now in high school if lesbians come out and say they're lesbians, I have to take showers with them?" I said you know something, you're right 'cause we had talked about this at the dinner table. Okay? So this is opening the doors here because I as a male, as a marine like I was, do not want to take a shower with a homosexual. If that's the case, bring in the women and let me shower with women then because it's not right. Once again, let me tell you. Once again, this is not right. This is not about marriage. This is about a hidden agenda. This is about people up there that want to take people to court there if their agenda comes to here. We're going to be fighting them in court. Okay? On other issues this will go all the way to the Supreme Court. So be prepared to pay the good taxpayers' money and we're trying to educate our children so this is what this is all about. Some say that same sex marriage or, you know, should be between a man and a woman and of course they say it's unjust because people that make other choices are not invited in. Well, let me tell you here. Marriage, like I said once again, has been around for many years.

Speaker: Will the member please suspend? The question before the House is on Ought to Pass with amendment.

Rep. Baldasaro: Yes Ma'am, that's what I'm on. I'm on Ought to Pass here. I'm talking about the final bill Ought to Pass. Thank you. I apologize if I did something wrong.

Speaker: The bill is not a marriage bill.

Rep. Baldasaro: Yes Ma'am, you're correct but it's leading us down a slippery slope there to marriage. Is that proper? Today I see my friends once again and of course I dropped my notes here and I'll get with the program. Today I see my friends on the other side voting in sequence. I think we talked about that. This is about a national agenda. This is not about the good people of New Hampshire. We're pushing this around the country.

Speaker: Will the member please suspend? I want to explain that Mason's 124.3 talks about, says, "It is not the person, but the measure that is the subject of debate, and it is not allowable to arraign the motives of another." That means that you cannot assign motives for people's actions in a floor debate so I would ask you to please to refrain from doing that.

Rep. Baldasaro: Ma'am is that as an individual member or is that as a nation, on an agenda? That's what I'm confused on.

Speaker: Well, you should not be assigning motives to others during a floor debate.

Rep. Baldasaro: Okay. I'll rephrase that then. I apologize.

Speaker: Thank you very much.

Rep. Baldasaro: Today, I see my friends around the country voting in sequence on some special agenda. It's not right. The good people of New Hampshire don't deserve it for a small minority that goes on here. We do not want to be like everyone else. We demand that marriage be between one man one woman and keep your choices in the bedroom. In closing, I'm sure some are happy, I ask all New Hampshire residents to hold people accountable for pushing civil unions on to the great people of New Hampshire, without no say. This is a marriage. Who we trying to kid? In 2008, we will come back and repeal this bill. I guarantee it. So don't get too comfortable. I ask you to put your party platform aside, all of you, and vote for the people of New Hampshire by opposing this gay civil unions. Thank you.

Speaker: Will the member yield to a question? The member does not yield. The question before the House is on Ought to Pass with Amendment. The House will be in order. The question before the House is on the committee report of Ought to Pass with Amendment. A roll call has been requested and sufficiently seconded. We are down to the last speaker. I would ask members to please quietly take their seats. The Chair recognizes the member from Somersworth, Dana Hilliard. Please quietly take your seats.

Rep. Hilliard: Thank you, Madam Speaker. It's been a long morning, Madam Speaker. As most of you in this Honorable body are aware, I am a high school teacher. I am used to talking for 90 minutes three times a day. I assure you I will not do that. We'll keep all of you happy and I'm going to try and break my record as far as a lesson goes this morning. I'll have to agree with some of the opposition. This isn't about business. This isn't about marriage. You're right it's about something higher. It's about something a little bit more pertinent. It's about something that we identify all as ourselves; all of us together as a collective body. It's about something that holds us together as Americans. It's not about a fight that has been in existence or a battle for 20 years. This thought started, believe it or not, over 400 years ago. Quick history lesson: late 1600's things in Europe got shaken up a little bit by a gentlemen by the name of John Locke when he wrote this famous book called The Two Treatises on Government. Underneath that, Locke talked about this brand new concept called inalienable rights. Locke referred to these rights as life, liberty and property. Bringing you back across the Atlantic - In June of 1776 this gentleman stood up in the 2nd Continental Congress, a gentleman by the name of Richard Henry Lee, a delegate from Virginia, and called for a Declaration of Independence. Of course that legislative body like us did the norm, assigned it to a committee for study. The committee then of course did the norm which we like to do, look for the volunteer for who was going to write it. At that point, this 33 year old redhead aristocrat stands up and says, "I'll do it." Thank you, Thomas Jefferson. See, Thomas Jefferson was a scholar of Locke in theory. Mr. Jefferson wrote that document. On his own and with a few editorial changes, he produced the greatest human manifesto that has ever been written in western civilization. Mr. Jefferson tweaked Locke in theory a little bit and included life, liberty and the pursuit of happiness. With Lockean theory he included that these are inalienable rights, God given rights, the right of the pursuit of happiness. This is what we identify, us, ourselves, as being part of American. This is the fabric of our foundation; such the fabric of the foundation of the citizens of this state that we included it in Article 2 of the New Hampshire constitution. This is part of who

we are. This is part of what we are committed to. This is part of what we are all about. Today is about the right thing to do. It is about ensuring that we will stand up for inalienable rights for everyone. This country has gone through tremendous growing pains in the past 231 years; the growing pains of civil rights. In July 1776 when we adopted that Declaration of Independence, when we adopted the foundation of who we are, we knew it was going to encompass growing pains. We knew it was going to be a venture to get there. Our history has been plagued with racism. Our history has been plagued with injustice, yet at the end of the day we are still trying to get there. We are still committed to that promise. We are committed to that promise as New Hampshire citizens. We are committed to that promise as American citizens. Why? Because it is the right thing to do; because it is who we identify ourselves as; standing up for those inalienable rights for all. Today is about the current generation of New Hampshire citizens being able to enjoy that promise that we inscribed on that document on July 4, 1776. It's about the future generations of this state being able to partake in that promise. Our state motto "Live Free or Die" is a reflection of this. It is a reflection of the promise that we set forth in our revolution. If we are not willing to deliver on that promise, colleagues, then I ask you, what are we all about? What are we all about as a state? What are we all about as a nation? What are we all about as a people? Now I love activities as a teacher so I would like to indulge you to look at your neighbor to your right, look deep into their eyes and say the following: "You are not worthy." Now look to your left. Look into their eyes and say the following: "You are not worthy." Because by not supporting this today, that's what you are saying. You are not worthy.

Speaker: Will the member please suspend? I want to repeat Mason's 124.3 which is that you may not assign motives to other peoples' action during floor debate.

Rep. Hilliard: Point well taken, Madam Speaker. Great classroom management. Do the right thing today. We set forth great motions with that document. I believe in that document. I believe in the ideals that we stand up for as a state. I believe in the ideals that we stand up for as a nation. I would be willing to sacrifice my life for those ideals. I know that everyone in this body believes that we are all equal. Carry forward on that promise today. Push the green button. Thank you, Madam Speaker.

Speaker: Will the member yield to a question? The member does not yield. The question before the House is on the committee report of Ought of Pass with Amendment. A roll call has been requested by Rep. Carson and it has been sufficiently seconded. Will the members please take their seats? The question before the House is on the committee report of Ought to Pass with Amendment. This is a roll call vote. If you're in favor of that, you'll be pressing the green button. If you're opposed, you'll be pressing the red button and I would please ask you to stay in your seats. Voting stations are now open for 30 seconds. The House will be attentive to the state of the vote. 243 having voted in the affirmative, 129 in the negative, the committee report is adopted.

The Chair recognizes Rep. Splaine. For what purpose does the member rise? Rep. Splaine moves reconsideration on HB 437 and is recognized to speak to his motion.

Rep. Splaine: Madam Speaker. If I am very proud of the equality that the New Hampshire legislature has just given by its vote to the residents of New Hampshire on this historic vote, would I say no?

Speaker: The question before the House is on the motion to reconsider HB 437. Are you ready for the question? All those in favor say Aye. All those opposed Nay. The Nays have it. Reconsideration fails.

REGULAR CALENDAR – SPECIAL ORDERS (CONT'D)

HB 518-FN, relative to establishing reciprocity for liability limitations on claims against the state and against foreign jurisdictions. **INEXPEDIENT TO LEGISLATE.**

Rep. Anthony R. DiFruscia for Judiciary: The purpose of this bill was to begin the process of establishing reciprocal arrangements with other states to limit the liability of each when sued for damages in another. The exposure to damages of each state enacting this or any substantially identical bill would be limited to the statutory limit (if any) enacted by that state, regardless of in which other participating state it was sued. In the case of New Hampshire this would mean that, when sued in the courts of any other participating state, its exposure would be limited to the current statutory cap of \$250,000 establishing by RSA 541-B:14, the same limit to which it is exposed when sued in the courts of this state. Several objections to this bill were raised, which included its confusing wording, the questions of why other states would wish to limit the recovery rights of its citizens to a cap so low as that of New Hampshire, and the constitutionality – notwithstanding

decisions of our Supreme Court upholding it – of any statutory cap on damage awards, given the right expressed in Article 14 of our Bill of Rights that every subject of the state is entitled to have recourse to a complete remedy of all injuries. Vote 16-0.

Committee report adopted.

HB 554, requiring that funds in the civil legal services fund be distributed to New Hampshire Legal Assistance to establish an office in Concord. **OUGHT TO PASS.**

Rep. Frances D. Potter for Judiciary: Concord area residents needing legal assistance are served by the Legal Assistance Office in Manchester which is stretched thin. NH Legal Assistance has a proven record in easing state and local budgets by helping clients obtain SSI benefit, Medicare coverage, town/city welfare payments and child support in domestic violence cases. The poor and the near-poor (those with incomes at or below the basic needs budget) must often represent themselves in court proceedings – a daunting role – especially for the growing population of elderly. HB 554 has no FN since it only provides for the distribution of existing funds from the civil legal services fund in the office of the state treasurer. Vote 16-1.

Committee report adopted and ordered to third reading.

HB 577-FN, establishing the number of associate justices of the superior court. **OUGHT TO PASS.**

Rep. Lucy M. Weber for Judiciary: This bill requested by the Supreme Court would increase the number of justices on the Superior Court from 21 to 23. In support of the bill, the court produced a weighted case study showing that, even with the transfer of domestic cases to the Family Court, the Superior Court would require 23.8 associate justices to keep up with the case load. The request was for only two additional associate justices. Vote 16-1.

Committee report adopted.

Referred to the Committee on Finance.

HB 612-FN, relative to coercion of abortion on a minor. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. Philip Preston for the Majority of Judiciary: This bill makes anyone who uses or threatens the use of force to make a minor undergo an abortion guilty of a class A felony. It makes a person guilty of a class B felony if he or she uses coercion to induce a minor to have an abortion. Although the committee believed that coercion and the use or threat of physical force in order to procure this type of medical procedure is inappropriate and unjustifiable, it also believed that existing criminal statutes covering simple assault and criminal threatening adequately address the issues raised by the sponsor. Thus the committee decided that additional legislation is unnecessary. Vote 13-4.

Rep. Nancy J. Elliott for the Minority of Judiciary: This bill establishes a class A felony if a person uses or threatens the use of physical force against a pregnant minor under 18 years of age in order to force the minor to have an abortion. The bill also establishes a class B felony if a person uses coercion to induce such a minor to have an abortion against her will. There was substantial testimony in committee that there is abuse happening in this state, both physical and psychological. We currently do not have laws that would make this aggressive behavior a crime. As the decision to have an abortion has far reaching consequences, the minority feels that this bill should be passed to protect the girls of this state.

Reps. Nancy Elliott and Dumaine spoke against.

Rep. Philip Preston spoke in favor.

Rep. Nancy Elliott requested a roll call; sufficiently seconded.

and the majority committee report was adopted.

HB 614-FN, relative to eminent domain. **INEXPEDIENT TO LEGISLATE.**

Rep. Gary B. Richardson for Judiciary: This bill attempts to redefine the term “public use” in the statutes and codify the constitutional language adopted last year found in Part 1, Article 12-a. Last session, the House and Senate had separate task forces to study eminent domain legislation in light of the *Kelo v New London* US Supreme Court decision. Additionally, the House had a subcommittee that extensively studied eminent domain legislation. Last session’s legislature carefully defined the term “public use” for the first time in the New Hampshire statutes and carefully crafted constitutional language to further protect private property from unlawful government takings. The changes to the statute became effective on January 1, 2007 and the constitutional language was adopted by the voters in November 2006. The committee felt the changes in HB 614 are premature in light of the statutory revisions made last session. Vote 17-1. Committee report adopted.

HB 615-FN, relative to the locations of superior courts, district courts, and the judicial branch family division. **INEXPEDIENT TO LEGISLATE.**

Rep. David J. Bettencourt for Judiciary: This legislation as originally referred to the committee would have vastly changed where superior and district courts throughout New Hampshire would or could be physically located. While the majority was sympathetic to the predicament in Cheshire County, as detailed by the sponsor, we believed that the original methodology in locating the courts in the current locations was sound and carefully crafted. We further believed that the particular issue raised could be dealt with individually. Vote 13-4. Committee report adopted.

HB 744-FN, relative to informed consent before abortion. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. Bette R. Lasky for the Majority of Judiciary: This bill would require informed consent before a woman procures an abortion. Health care service providers now carefully follow all legal and regulatory requirements and RSA 332-I:32 already mandates informed consent and protects the rights of patients to be fully informed. The majority of the committee felt HB 744 would establish government intrusion into the relationship between a health care professional and the patient and would impose an undue burden by requiring a 24 hour waiting period. Also, the testimony given by many who stated that they had not been informed sufficiently was generally 20 years old. Vote 12-5.

Rep. Nancy J. Elliott for the Minority of Judiciary: This bill requires informed consent before a woman procures an abortion unless it is a medical emergency. The bill requires the Commissioner of the Department of Health and Human Services to publish printed materials relative to options available to the woman. This information shall also be available on the internet. Information is always a good thing. We heard many women discuss the less than favorable outcomes of their abortions due to misleading information or no information at all. Given that women in our state have suffered consequences in our abortion clinics that could have been avoided if they had been given the necessary information; the minority feels that we should pass this legislation.

Rep. Dumaine spoke against.

Reps. Lasky and Mitchell spoke in favor.

Rep. Rowe requested a roll call; sufficiently seconded.

SULLIVAN

Donovan, Thomas Rodeschin, Beverly
and the majority committee report was adopted.

HB 791-FN, relative to religious freedom and civil marriage. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Bette R. Lasky for the Majority of Judiciary: This bill would have removed the marriage prohibition for same gender couples. The committee felt for a myriad of reasons that the bill as written was not ready to be passed. The committee chose to amend the entire bill and replace it with a commission to study the legal and social effects of permitting same gender marriage. While some in the majority of the committee strongly believes in marriage equality, we feel that too many legal questions and concerns are still unanswered. With the establishment of a commission which will seriously study all the ramifications of same gender marriages and all the marriage statutes we believe true equality can be achieved. Vote 15-5.

Rep. Nancy J. Elliott for the Minority of Judiciary: The minority feels that marriage should be between a man and a woman. Additionally, civil unions will most likely pass giving the protections that were sought. The minority also feels this issue was studied extensively in the last commission and that the expense of an additional commission is unnecessary.

Majority Amendment (0954h)

Amend the title of the bill by replacing it with the following:

AN ACT establishing a commission to study the legal and social effects of permitting same gender marriage.

Amend the bill by replacing all after the enacting clause with the following:

1 Commission Established. There is established a commission to study the legal and social effects of permitting same gender marriage.

2 Membership and Compensation.

I. The members of the commission shall be as follows:

(a) Four members of the house of representatives, at least 2 of whom shall be members of the judiciary committee, appointed by the speaker of the house of representatives.

(b) Four members of the senate, appointed by the president of the senate.

(c) One representative of the governor's office, appointed by the governor.

(d) Four public members, 2 of whom shall be appointed by the speaker of the house of representatives and 2 of whom shall be appointed by the president of the senate.

(e) An attorney who specializes in family law, appointed by the New Hampshire Bar Association.

II. Legislative members of the commission shall receive mileage at the legislative rate when attending to the duties of the commission.

3 Duties. The commission shall study the legal and social effects of permitting same gender marriage. The commission shall compile information on the legal and social effects of legislative acts and judicial decisions to permit same gender marriage. The commission's study shall include, but not be limited to, the collection and analysis of data to determine the legal and societal changes which have occurred in other jurisdictions as a result of permitting same gender marriage.

4 Chairperson; Quorum; Hearing and Meetings.

I. The commission shall choose a chairperson, vice-chairperson, and clerk at its first meeting. The clerk shall keep a complete record of the proceedings of the commission and may call upon the resources of the legislature for assistance.

II. The first meeting of the commission shall be called by the first-named house member and shall be held within 45 days of the effective date of this section. A majority of the members of the commission shall constitute a quorum.

III. The commission shall hold no fewer than 3 public hearings in different parts of the state. Notice of all commission meetings and hearings shall be printed in the house and senate calendars. Commission meetings and hearings shall be open to the public and shall be subject to the requirements of RSA 91-A:2.

5 Report. The commission shall make a final report to the speaker of the house of representatives and the senate president on or before December 1, 2008.

6 Effective Date. This act shall take effect June 30, 2007.

AMENDED ANALYSIS

This bill establishes a commission to study the legal and social effects of permitting same gender marriage.

Rep. Vaillancourt spoke against.

Rep. Lasky spoke in favor and yielded to questions.

On a division vote, 245 members having voted in the affirmative and 120 in the negative, the majority committee amendment was adopted.

MOTION TO LAY ON THE TABLE

Rep. Hunt moved that **HB 791-FN**, establishing a commission to study the legal and social effects of permitting same gender marriage, be laid on the table.

On a division vote, 158 members having voted in the affirmative and 207 in the negative, the motion failed.

Rep. Wendelboe offered floor amendment (1011h).

Floor Amendment (1011h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to marriage.

Amend the bill by replacing all after the enacting clause with the following:

1 New Section; Legally Recognized Marriage. Amend RSA 457 by inserting after section 2 the following new section:

457:2-a Legally Recognized Marriage. A marriage between one man and one woman shall be the only legal marriage that shall be valid or recognized in this state.

2 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill establishes that a marriage between one man and one woman shall be the only legal marriage that shall be valid or recognized in this state.

Rep. Wendelboe spoke in favor and yielded to questions.

Rep. Weber spoke against.

Rep. Wendelboe requested a roll call; sufficiently seconded.

REGULAR CALENDAR – SPECIAL ORDERS (CONT'D)

HB 849, relative to rent payments by voucher issued by a state or municipal agency. **MAJORITY: OUGHT TO PASS. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Frances D. Potter for the Majority of Judiciary: The existing statute RSA 540:9-a provides that rent vouchers (promises to pay) from state, county or town agencies shall constitute payment by the tenant of the amount stated in the voucher. Typically such agencies also expect “ordinary and reasonable verification” from the landlord of the requested rental information. HB 849 provides that in any eviction based on non-payment it shall be an affirmative defense that the tenant’s payment was refused or that the landlord hasn’t provided verification. (The gap in the existing law arises when the landlord fails to complete the verification form.) Affected tenants are often destitute and have no way to get a new apartment. Vote 11-6.

Rep. Robert H. Rowe for the Minority of Judiciary: The minority agrees that this bill fills an important requirement for New Hampshire tenants who are financially needy or possibly in a temporary status where they need financial assistance to make their rent payments. The bill insures that landlords cannot evict those tenants just because rent payments are made by a municipal voucher. The objection to the bill is that it gives the many agencies providing the voucher undefined and broad authority to demand information from the landlord that may be an invasion of the property owner’s privacy. The bill should limit or define the tenancy information the landlord must provide, such as a copy of the lease or other specified information.

On a division vote, 209 members having voted in the affirmative and 106 in the negative, the majority committee report was adopted.

Ordered to third reading.

Rep. Blanchard declared a conflict of interest on **HB 849** and did not participate.

HB 866, relative to the right-to-know law application to board of tax and land appeals and public utilities commission matters. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Janet G. Wall for the Majority of Judiciary: This bill addresses a unique situation within the Right to Know law. The Public Utilities Commission is a full-time Commission with quasi-judicial functions and is comprised of only three members. The provisions contained in HB 866 will allow the PUC to conduct its business efficiently with a quorum of two in a timely manner. HB 866 would exempt the PUC from certain specific provisions of RSA 91-A. Notwithstanding, the PUC must make their adjudicating proceedings and investigations publicly available. Vote 18-1.

Rep. Nancy J. Elliott for the Minority of Judiciary: This bill as amended exempts the Public Utilities Commission from some of the Right to Know provisions. It is the concern of the minority that we are heading in the wrong direction and weakening the public’s right to know.

Majority Amendment (0847h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to the right-to-know law application to public utilities commission matters.

Amend the bill by replacing all after the enacting clause with the following:

1 New Section; Public Utilities Commission. Amend RSA 363 by inserting after section 17-b the following new section:

363:17-c Meetings of the Commission. The commission’s deliberative processes in adjudicatory proceedings held pursuant to RSA 541-A and investigations held pursuant to its authority under Title 33 shall be privileged and exempt from the public meeting, notice, and disclosure provisions of RSA 91-A. Decisions and orders in adjudicatory proceedings and investigations shall be publicly available but only after they have been announced at a public meeting or hearing of the commission or reduced to writing, signed by a majority of the commission and served upon the parties.

Discussions and actions by the commission concerning procedural, administrative, legal, and internal matters shall be exempt from the meeting and notice provisions of RSA 91-A:2.

2 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill clarifies certain administrative procedures of the public utilities commission with respect to RSA 91-A.

Majority committee amendment adopted.

Majority committee report adopted and ordered to third reading.

HB 882-FN, relative to limitations on tort liability of government units. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Anthony R. DiFruscia for the Majority of Judiciary: The bill as amended raises the limits of liability of a governmental unit from 150,000 to 275,000 and from 500,000 to 925,000 per occurrence. The committee amendment is a compromise since the present limits have not been raised since 1986. The bill also raises the tort limits against any agency from 250,000 to 475,000 per claimant to a max of 3,750,000 per incident. The committee felt that this is below the inflation level from 1986 to the present. Vote 12-7.

Rep. Robert H. Rowe for the Minority of Judiciary: This bill will increase the municipal liability caps for bodily injury, personal injury and property damage suits against New Hampshire towns and cities from the current cap of \$150,000 per single incident to \$1,000,000. The bill will increase the aggregate damage limit cap from \$500,000 to \$3,000,000. The bill was sponsored and supported by only one individual. Testimony in objection was made by the municipal association, the office of the attorney general and one selectman. While the purpose of this bill is laudable, this six-fold raise will increase the liability insurance costs to our cities and towns, and may be considered as a unfunded mandate under section 28A of our Constitution.

Majority Amendment (0921h)

Amend the bill by replacing all after the enacting clause with the following:

1 Limit of Liability. Amend RSA 507-B:4, I to read as follows:

I. Liability of a governmental unit for bodily injury, personal injury or property damage sustained by any one person in actions brought under this chapter is limited to ~~[\$150,000]~~ **\$1,000,000**. Such limit applies in the aggregate to any and all actions to recover for bodily injury, personal injury or property damage arising out of bodily injury, personal injury or property damage sustained by one person in a single incident or occurrence. Liability of a governmental unit for bodily injury, personal injury or property damage sustained by any number of persons in a single incident or occurrence is limited to ~~[\$500,000]~~ **\$3,000,000**.

2 Limitation on Action and Claims. Amend RSA 541-B:14, I to read as follows:

I. All claims arising out of any single incident against any agency for damages in tort actions shall be limited to an award not to exceed ~~[\$250,000]~~ **\$1,000,000** per claimant and ~~[\$2,000,000]~~ **\$3,000,000** per any single incident, or the proceeds from any insurance policy procured pursuant to RSA 507-B, whichever amount is greater; except that no claim for punitive damages may be awarded under this chapter.

3 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill increases the cap for tort liability of governmental units.

Rep. Rowe spoke against.

Reps. Sorg and DiFruscia spoke in favor.

Majority committee amendment failed.

Rep. Gary Richardson offered floor amendment (1002h).

Floor Amendment (1002h)

Amend the bill by replacing all after the enacting clause with the following:

1 Limit of Liability. Amend RSA 507-B:4, I to read as follows:

I. Liability of a governmental unit for bodily injury, personal injury or property damage sustained by any one person in actions brought under this chapter is limited to ~~[\$150,000]~~ **\$275,000**. Such limit applies in the aggregate to any and all actions to recover for bodily injury, personal

injury or property damage arising out of bodily injury, personal injury or property damage sustained by one person in a single incident or occurrence. Liability of a governmental unit for bodily injury, personal injury or property damage sustained by any number of persons in a single incident or occurrence is limited to [~~\$500,000~~] **\$925,000**. *Beginning January 1, 2009, each of the limits stated above shall be increased or decreased annually by an amount that represents the percentage increase or decrease in the consumer price index for all urban consumers, as published by the Bureau of Labor Statistics, United States Department of Labor, since the last adjustment of such limits. The state treasurer shall determine the adjustment provided for herein on or before January 1 of each year and shall transmit it to the director of the administrative office of the courts. The limits so established shall take effect on January 1 and remain in effect through December 31 of the same year. The limits applicable to any action shall be the limits in effect at the time of judgment.*

2 Limitation on Action and Claims. Amend RSA 541-B:14, I to read as follows:

I. All claims arising out of any single incident against any agency for damages in tort actions shall be limited to an award not to exceed [~~\$250,000~~] **\$475,000** per claimant and [~~\$2,000,000~~] **\$3,750,000** per any single incident, or the proceeds from any insurance policy procured pursuant to RSA 507-B, whichever amount is greater; except that no claim for punitive damages may be awarded under this chapter. *Beginning January 1, 2009, each of the limits stated above shall be increased or decreased annually by an amount that represents the percentage increase or decrease in the consumer price index for all urban consumers, as published by the Bureau of Labor Statistics, United States Department of Labor, since the last adjustment of such limits. The state treasurer shall determine the adjustment provided for herein on or before January 1 of each year and shall transmit it to the director of the administrative office of the courts. The limits so established shall take effect on January 1 and remain in effect through December 31 of the same year. The limits applicable to any action shall be the limits in effect at the time of judgment.*

3 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill increases the cap for tort liability of governmental units and ties further increases or decreases to the consumer price index.

Rep. Gary Richardson spoke in favor.

Floor amendment (1002h) was adopted.

The question now being adoption of the majority committee report of Ought to Pass with Amendment. Rep. Gary Richardson yielded to questions.

On a division vote, 220 members having voted in the affirmative and 118 in the negative, the majority committee report was adopted.

Ordered to third reading.

HB 905, establishing civil unions as legally recognized relationships. **INEXPEDIENT TO LEGISLATE**.

Rep. Bette R. Lasky for Judiciary: This bill was one of a group of bills the committee dealt with regarding same gender marriages. We chose to find this bill inexpedient to legislate and incorporated many of the concepts and ideals into another bill. Vote 19-1.

Committee report adopted.

HCR 1, declaring the directives of the judicial branch in the Claremont cases that the legislative and executive branches define an "adequate education," adopt "standards of accountability," and "guarantee adequate funding" of a public education are not binding on the legislative and executive branches. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. Gary B. Richardson for the Majority of Judiciary: This resolution requests that the Legislature declare that the Claremont rulings are not binding on the Legislative and Executive branches of government. The majority of the committee believes that under the New Hampshire Constitution the Supreme Court is the final arbiter of the constitutionality of legislative acts. Vote 15-5.

Rep. Gregory M. Sorg for the Minority of Judiciary: This resolution is identical to that which, as HCR 14, passed the House 213-142 in 2003, but was tabled in the Senate. It declared that the Claremont school funding decisions were not impartial adjudications, but were in fact result-driven

policy choices by the Supreme Court that usurped the authority of the Legislature. The adoption of this resolution would, in the view of the minority, go a long way towards restoring the proper balance of power between the Legislative and Judicial branches.

Rep. Sorg spoke against.

Rep. Gary Richardson spoke in favor.

On a division vote, 242 members having voted in the affirmative and 109 in the negative, the majority committee report was adopted.

HR 8, requesting an opinion from the New Hampshire supreme court on certain questions regarding education funding. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. Lucy M. Weber for the Majority of Judiciary: The resolution would require the justices of the New Hampshire Supreme Court to answer many detailed questions for the entire series of education funding decisions dating back to 1993. The questions include each justice's training in New Hampshire and American history and constitutional law, the bases for the individual justice's nomination and confirmation in addition to the bases for each justice's legal decisions. Article 74, Part II of the New Hampshire Constitution provides that "...the legislature...shall have the authority to require the opinions of the Justices of the Supreme Court upon important questions of law and upon solemn occasions. The majority of the committee did not believe that Article 74 was sufficiently broad to include the information sought in the resolution. Vote 13-7.

Rep. Gregory M. Sorg for the Minority of Judiciary: By this resolution, the House would invoke Article 74 of Part II of the New Hampshire Constitution to require the Supreme Court to answer specific questions concerning the constitutional, historical and factual basis of the conclusion in the Claremont school funding decision that the word "cherish" in Article 83 of Part II creates an individual right to an "adequate" education at state expense. Scholarly articles published since the original Claremont decision was issued in 1993 strongly suggest that the founding generation plainly intended to continue the colonial-era practice of funding public schools 100 percent by means of locally raised properly taxes. This is not to say that this is the best way to fund public education, but only that it is not unconstitutional. The Supreme Court, however, has consistently refused not only to revise its prior rulings in light of this scholarship; it has refused even to address pleadings filed in subsequent Claremont cases that have directed its attention to it. This refusal leaves begging the fundamental issue of the very legitimacy of the Claremont decision, and invites the fundamental question of whether the Court can defend the intrusive role it has carved out for itself in education funding policy. The authority of the Court must not be permitted to control the discretion of the Legislature any further than the force of its reasoning may deserve.

Reps. Sorg and Ingbretson spoke against.

Rep. Itse spoke against and yielded to questions.

Rep. Weber spoke in favor.

Rep. Dumaine requested a roll call; sufficiently seconded.

SULLIVAN

Rodeschin, Beverly

and the majority committee report was adopted.

HB 81, relative to required pay for employees called into work. MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.

Rep. Jeffrey P. Goley for the Majority of Labor, Industrial and Rehabilitative Services: Under current law, when an employee reports to work at an employer's request he or she shall be paid no less than two hours pay at his or her regular rate of pay. This bill changes the number of hours an employee must be paid to three. With the increased costs of travel to and from work, the majority of the committee felt it was reasonable that the employee be paid a minimum of three hours when called into work. Vote 10-7.

Rep. William J. Infantine for the Minority of Labor, Industrial and Rehabilitative Services: The minority of the committee believes the bill is unnecessary and will do nothing other than increase the cost of doing business in New Hampshire. Current law requires employers to pay for two hours of work in situations where an employee is scheduled to work and then sent home. The majority argues that increasing the number of mandatory hours paid to three instead of four is a good compromise. It is not a compromise made by the employers who are affected by it and is still a 50% increase in costs to employers complying with the law. Other than the sponsor of the bill, no one spoke in favor of this proposal at the public hearing. This is not a good time to needlessly increase costs to small business in the state and the minority of the committee asks that you join us in opposing this measure.

Majority Amendment (0709h)

Amend RSA 275:43-a as inserted by section 1 of the bill by replacing it with the following:
275:43-a Required Pay.

I. On any day an employee reports to work at an employer's request, he *or she* shall be paid not less than 3 hours' pay at his *or her* regular rate of pay; provided, however, that this section shall not apply to employers of counties or municipalities, and provided further that no employer who makes a good faith effort to notify an employee not to report to work shall be liable to pay wages under this section. However, if the employee reports to work after the employer's attempt to notify him *or her* has been unsuccessful or if the employer is prevented from making notification for any reason, the employee shall perform whatever duties are assigned by the employer at the time the employee reports to work.

II. The following are exempt from paragraph I:

(a) Any employee who reports to work and then requests to leave on the basis of illness or personal or family emergency, providing that a written explanation initialed by the employee is entered on the employee's time slip or card:

(b) Any employee who is hired and reports to work with the expectation that he or she will work fewer than 3 hours and who is notified in advance of his or her schedule, provided that the notification is in writing.

(c) Any health care employee of community based outreach services providers including licensed home health and hospice providers who voluntarily makes schedule changes to meet the needs of the physically or mentally infirm clients he or she serves and who signs a statement upon hire stating that he or she understands this job requirement.

AMENDED ANALYSIS

This bill:

I. Requires an employer to pay 3 hours wages to an employee called in to work unless the employer makes a good faith effort to notify an employee not to report to work.

II. Creates exemptions for health care employees of community based outreach services providers, employees who leave work for illness or family emergency, and certain employees who report to work with the expectation of working fewer than 3 hours.

Majority committee amendment adopted.

The question now being adoption of the majority committee report of Ought to Pass with Amendment. Rep. Infantine spoke against and yielded to questions.
Rep. Skinder spoke against.
Rep. Goley spoke in favor.
On a division vote, 153 members having voted in the affirmative and 141 in the negative, the majority committee report was adopted.
Ordered to third reading.

HB 203, relative to protections for temporary workers. **OUGHT TO PASS WITH AMENDMENT.** Rep. Jeffrey P. Goley for Labor, Industrial and Rehabilitative Services: This legislation defines the differences between a day laborer employer, and a temporary worker employer. It also prohibits a temporary help service from charging a fee for the cashing of an employee's check. Day laborers are paid daily and are charged up to \$1.00 a day if they are given cash from their employer. The majority of the committee felt the fees were excessive to be paying daily and felt that no employee should have to pay to receive cash from their employer versus a check. Vote 12-4.

Amendment (0754h)

Amend the bill by replacing all after the enacting clause with the following:

1 New Subdivision; Temporary Workers. Amend RSA 275 by inserting after section 66 the following new subdivision:

Temporary Workers

275:67 Definitions. In this subdivision:

I. "Day labor worker" means any person who:

(a) Is employed on a day-to-day basis and whose work assignments are for a day at a time; and
(b) Reports to, or assembles at the office of the temporary services employer or other location, is dispatched to the work assignment from that office or location directly to the worksite of the client, and returns to the temporary services employer's office upon completion of the assignment.

II. "Temporary help service" means any person, entity, or agency that recruits, dispatches, or otherwise facilitates the employment of temporary workers or day labor workers by third-party clients.

III. "Temporary worker" means any person or entity who directly or indirectly, or through an agency, agent, or other entity working in the employer's interest, engages in work for wages or other benefits on a temporary basis and is not employed by the third party client entity.

IV. "Temporary worker employer" means any person or entity whose business consists primarily of:

(a) Recruiting and hiring its own employees;
(b) Locating organizations requiring the services of those employees;
(c) Assigning those employees to work for those organizations to support or supplement such organizations' workforces, or to provide assistance in special work situations such as, but not limited to, employee absences, skill shortages, seasonal workloads, or to perform special assignments or projects; and

(d) Attempting to reassign the employees to other organizations at the completion of each assignment.

V. "Third-party client" means any person or entity that contracts for temporary labor through a temporary help service.

VI. "Wages" means payment made under RSA 275:43 or more frequently at the employer's discretion.

275:68 Wages.

I. If a temporary worker's term of employment is less than one week, payment of wages shall be made by the temporary help service pursuant to RSA 275:43.

II. If a day labor worker's term of employment is less than one week, payment of wages by check shall be made available by the temporary help service at the end of each workday.

III. Under no circumstances shall a temporary help service charge a direct or indirect fee for the cashing of paychecks.

275:69 Transportation Fees. Under no circumstances shall a temporary worker employer charge a fee of any kind for transportation when such transportation is a condition of employment. If transportation is provided from the point of hire to the worksite, transportation shall be made available from the worksite back to the point of hire.

275:70 Notice. Temporary work service agencies shall post the terms of this subdivision in a public access area.

275:71 Waiver Prohibited. Any contract between a temporary worker and a temporary worker employer to waive rights or responsibilities assigned under this subdivision shall be considered void and unenforceable.

275:72 Penalties.

I. An employee shall have all of the remedies under RSA 275:53 to enforce the provisions of this subdivision.

II. The commissioner may, after hearing, impose a civil penalty not to exceed \$2,500, for a violation of any provision of this subdivision. Any person on whom a penalty is imposed under this section may appeal as provided in RSA 273:11-c and 273:11-d. All moneys collected under this section shall be deposited in the general fund.

III. The labor commissioner may prosecute any violation of this subdivision in accordance with RSA 273:11

275:73 Rulemaking. The commissioner shall adopt rules, pursuant to RSA 541-A, relative to the conduct of hearings under RSA 275:72, II.

2 Effective Date. This act shall take effect 60 days after its passage.

Amendment adopted.

Committee report adopted and ordered to third reading.

HB 254, relative to mandatory employer meetings about political and religious beliefs, including beliefs about joining a union. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Sally H. Kelly for the Majority of Labor, Industrial and Rehabilitative Services: This bill allows employees the right not to attend a meeting that is about either political or religious beliefs or about joining a union without fear of reprisal. It does still allow employers to conduct meetings in these three areas. However, it is the choice of the employee to attend or not attend. HB 254 is neither in conflict nor is it duplicative of existing federal labor law. Vote 11-5.

Rep. Gary L. Daniels for the Minority of Labor, Industrial and Rehabilitative Services: This bill is preempted by the National Labor Relations Act (NLRA) and would be invalid if enacted. HB 254 would also have the unintended effect of subjecting employees to conduct currently unlawful under the NLRA. Under the proposed law, employees would be put in the position of identifying themselves to their employer and co-workers as supporting or being against unionization when they choose or choose not to attend meetings or participate in communications. Such self identification would run counter to the protection afforded by secret ballot elections and would interfere with the established body of NLRA law protecting employees in these circumstances. No other state has seen fit to enact legislation such as this.

Majority Amendment (0741h)

Amend the bill by replacing section 1 with the following:

1 New Chapter; Worker Freedom Act. Amend RSA by inserting after chapter 275-E the following new chapter:

CHAPTER 275-F WORKER FREEDOM ACT

275-F:1 Definitions. In this chapter:

I. "Constituent group" includes, but is not limited to, civic associations, community groups, social clubs, mutual benefit alliances and labor organizations.

II. "Constituent group matters" includes representation of constituents, such as employees or other members of the constituent group, or considerations relative to joining or not joining, participating in or not participating in, and supporting or not supporting the constituent group or any lawful activity of the constituent group.

III. "Labor organization" means any organization that exists for the purpose, in whole or in part, of collective bargaining or of dealing with employers concerning grievances, terms or conditions of employment, or of other mutual aid or protection in connection with employment.

IV. "Political matters" includes political party affiliation, campaigns for candidates for political office or legislation or both, and considerations relative to joining or not joining, participating in or not participating in, and supporting or not supporting the political party, candidate, or legislative campaign or any lawful activity in support thereof.

V. "Religious matters" includes religious affiliation or identification or considerations relative to joining or not joining, adhering to or not adhering to, supporting or not supporting any bona fide religious faith, organization, or activity.

275-F:2 Prohibition of Mandatory Meetings on Politics, Religion, or Joining a Union.

I. No employer, employer's agent, representative, or designee shall require its employees to attend an employer-sponsored meeting for the purpose of communicating the employer's opinion about politics, religion, or joining a union.

II. No employer, employer's agent, representative, or designee shall discharge, discipline, otherwise penalize, or threaten to discharge, discipline, or otherwise penalize or take any adverse employment action against any employee:

(a) As a means of requiring an employee to attend a meeting.

(b) Because the employee refused to attend a meeting or to respond to, address, or participate in a meeting.

(c) Because the employee, or a person acting on behalf of the employee, makes a good faith report, verbally or in writing, of a violation or a suspected violation of this chapter, except that such prohibition shall not be applicable when the employee knows that such report is false.

(d) Because the employee has challenged or opposed any practice that the employee reasonably believes violates or would violate this section, or because the employee has made a charge, filed suit, testified, assisted in doing any of these things, or assisted or participated in any manner in any investigation, proceeding, or hearing under this section.

III. Any aggrieved employee, may enforce the provisions of this section by commencing a civil action no later than 90 days after the date of the alleged violation in the court for the judicial district where the violation is alleged to have occurred or where the employer has its principal office. The court may award a prevailing employee all appropriate relief, including injunctive relief, rehiring or reinstatement of the employee to the employee's former position or equivalent position, back pay and reestablishment of any employee benefits including seniority, to which the employee would otherwise have been eligible if such violation had not occurred, damages for any reasonably foreseeable losses sustained by such employee as a result of such violation, and any other appropriate relief as deemed necessary by the court to make the employee whole, and to restrain violation of this section. The court shall award a prevailing employee treble damages, together with reasonable attorney's fees and costs.

IV. In any proceeding under this section, when it is alleged that an employer or employer's agent, representative, or designee engaged in conduct constituting retaliation prohibited by this section within 180 days of the date on which the employee refused to attend a meeting or to respond to, address, or participate in a meeting or mandatory communication; made a good faith report; challenged or opposed a practice; or charged, filed suit, testified, assisted, or participated as described in this section, a presumption shall arise that the alleged conduct violated this section. The employer may rebut the presumption by adducing clear and convincing evidence that the discharge of or action taken against the employee was for a bona fide job-related or business reason unrelated to any conduct prohibited by this section.

V. Nothing in this chapter shall be construed to limit an employee's right to bring a common law cause of action against an employer for wrongful termination or to diminish or impair the rights of a person under any collective bargaining agreement.

VI. Nothing in this chapter shall prohibit:

(a) A religious organization from requiring its employees to attend an employer-sponsored meeting or to participate in any communications with the employer or its agents or representatives for the primary purpose of communicating the employer's religious beliefs, practices, or tenets.

(b) A political organization, including political parties and other organizations which engage in substantial part in political activities, from requiring its employees to attend an employer-sponsored meeting or to participate in any communications with the employer or its agents or representatives, for the primary purpose of communicating the employer's political tenets or purposes.

(c) A labor organization, when acting as an employer, from requiring its employees to attend an employer-sponsored meeting.

(d) Meetings for the purpose of collective bargaining or the administration of a collective bargaining agreement or the resolution of employee grievances.

(e) Meetings of an employer's executive or administrative personnel to discuss issues related to the employer's business.

(f) Meetings for the purpose of training employers and employees to understand and eliminate discrimination in the workplace on the basis of race, color, religion, religious creed, national origin, gender, sexual orientation or identity, disability, age, or any other form of invidious discrimination, if such action does not include a meeting otherwise prohibited by this section;

(g) Any employer from allowing employees to use its facilities, bulletin board, inter-office mail, or electronic messaging systems for or in connection with voluntary meetings or expression by employees on religious, political, or constituent group matters, so long as such access is extended on a non-discriminatory basis, and if the grant of such access does not involve a meeting or mandatory communication otherwise prohibited by this section.

VII. Covered employers shall post a notice to employees of employee rights under this bill. The posting shall be in a place normally reserved for such employment-related notices and in a place frequented by employees.

Majority committee amendment adopted.

The question now being adoption of the majority committee report of Ought to Pass with Amendment. Reps. Daniels and Infantine spoke against.

Rep. Sally Kelly spoke in favor.

Rep. Patrick Garrity requested a roll call; sufficiently seconded.

and the majority committee report was adopted.
Ordered to third reading.

MOTION TO RECONSIDER

Having voted with the prevailing side, Rep. Pilliod moved that the House reconsider its action whereby it adopted the majority committee report of Ought to Pass with Amendment on **HB 81**, relative to required pay for employees called into work.

Reps. Pilliod, Vaillancourt and Chandler spoke in favor.

Rep. Mears spoke against.

On a division vote, 158 members having voted in the affirmative and 201 in the negative, the motion failed.

REGULAR CALENDAR – SPECIAL ORDERS (CONT'D)

HB 514-FN-L, relative to the applicable minimum wage for hourly employees. **OUGHT TO PASS.**

Rep. Sally H. Kelly for Labor, Industrial and Rehabilitative Services: The minimum wage for New Hampshire citizens has not increased in nine years and in that time, education costs, healthcare costs and housing costs have all increased. A strong bi-partisan committee vote supports the bill. Vote 15-2. Rep. Mears yielded to questions.

Rep. Mary Ann Knowles requested a roll call; sufficiently seconded.

and the committee report was adopted.

Ordered to third reading.

Rep. Emerson voted Nay and intended to Vote Yea.

HB 797, regulating mandatory overtime for nurses and assistants. **OUGHT TO PASS.**

Rep. Mary J. Gorman for Labor, Industrial and Rehabilitative Services: This bill allows a nurse who has been working 12 consecutive hours the option to say "no" if asked to stay longer than his or her shift without being subject to disciplinary action. Nurses are bound to act in the patient's best interest. The chances for medical errors increase with human fatigue. This bill also allows an employer to enter into a written agreement with employees wishing to be exempt from this legislation and submitting such agreements to the Department of Labor. Vote 11-2.

Rep. Millham offered floor amendment (1160h).

Floor Amendment (1160h)

Amend RSA 275:67, II as inserted by section 1 of the bill by replacing it with the following:

II. The prohibition against mandatory overtime shall not apply in the case of:

- (a) A nurse participating in surgery, until the surgery is completed;
- (b) A nurse working in a critical care unit, until another employee beginning a scheduled work shift relieves him or her;
- (c) A public health emergency;
- (d) An institutional emergency, such as adverse weather, a catastrophe, or illness, that a facility administrator believes will reduce the number of nursing personnel available for a scheduled shift to an unsafe level;
- (e) An absence of a subsequent worker or caregiver;
- (f) Any situation where the purpose of the overtime is to prevent imminent harm to a resident or patient; or
- (g) A nurse covered by a collective bargaining agreement containing provisions addressing the issue of mandatory overtime.

Rep. Holden spoke against and yielded to questions.

On a division vote, 129 members having voted in the affirmative and 198 in the negative, floor amendment (1160h) failed.

The question now being adoption of the committee report of Ought to Pass.

Rep. Gorman spoke in favor.

On a division vote, 262 members having voted in the affirmative and 69 in the negative, the committee report was adopted.

Ordered to third reading.

Rep. Roberts declared a conflict of interest on **HB 797** and did not participate.

HB 819, establishing a right to work act which provides for freedom of choice on whether to join a labor union. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. Randolph N. S. Holden for the Majority of Labor, Industrial and Rehabilitative Services: The majority of the committee felt that HB 819 was not in the best interest of the working citizen of New Hampshire. The committee felt that this bill is a bi-annual bill and is killed time and time again. The committee voted overwhelming in a non partisan vote. Vote 15-3.

Rep. Gary L. Daniels for the Minority of Labor, Industrial and Rehabilitative Services: This bill is about individual freedom in the work place. At a time when we are focusing on the rights of workers in the labor force, no one should face the prospect of losing their job for choosing to join a union and paying dues, or choosing not to join a union and paying a mandated fee to the union (a private organization). Basic rights such as these must not be on the negotiating table and HB 819 would uphold those workers rights.

Rep. Baldasaro spoke against and yielded to questions.

Rep. Holden spoke in favor and yielded to questions.

Rep. Daniels spoke against.

Rep. Mears spoke in favor.

Rep. Mears requested a roll call; sufficiently seconded.

(Rep. Foster in the Chair)

REGULAR CALENDAR – SPECIAL ORDERS (CONT'D)

HB 848, relative to a private right of action to recover workers' compensation coverage payments.

MAJORITY: OUGHT TO PASS. MINORITY: INEXPEDIENT TO LEGISLATE.

Rep. Jeffrey P. Goley for the Majority of Labor, Industrial and Rehabilitative Services: A private right of action to recover workers' compensation coverage payments allows a civil action in the name of the State of New Hampshire to be taken against an employer if probable cause exists, showing an employer is engaging in workers' compensation fraud. Vote 11-5.

Rep. William J. Infantine for the Minority of Labor, Industrial and Rehabilitative Services: The minority believes that this bill at its core has to do with independent contractors and workers' compensation laws. The bill sets a dangerous precedent by allowing private individuals and groups the ability to bring suit and receive compensation costs and attorneys fees if they prove an employer was not in compliance with current workers' compensation laws. Until now, fines and penalties could only be assessed by the Department of Labor. Also, some of the collected funds cannot be used by the Department of Labor administration fund as outlined in the bill.

Rep. Infantine spoke against.

Rep. Long spoke in favor.

On a division vote, 197 members having voted in the affirmative and 132 in the negative, the majority committee report was adopted.

Ordered to third reading.

HB 293, allowing municipalities to establish agricultural commissions. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Betsey L. Patten for Municipal and County Government: The Farm Viability Task Force worked on HB 293 in order to create local agricultural champions to promote farms and offer advice to other town boards on how to encourage towns to be farm-friendly. The amendment offered removed any authority for the commission to control any money received and the ability to buy and control real property. The committee felt that having an advisory commission on agriculture was a good idea as long as there were no enforcement powers or regulatory authority given to the commission. The local legislative body may establish this commission so the bill is enabling at the local level. The stakeholders on the Farm Viability Task Force invested a lot of time and effort into this bill and they agreed with the amendment. Vote 15-1.

Amendment (0834h)

Amend RSA 674:44-e – 674:44-g as inserted by section 1 of the bill by replacing it with the following:

674:44-e Agricultural Commission. An agricultural commission may be established in accordance with RSA 673 for the proper recognition, promotion, enhancement, encouragement, use, management, and protection of agriculture and agricultural resources, tangible or intangible, that are valued for their economic, aesthetic, cultural, historic, or community significance within their natural, built, or cultural contexts. The word "agriculture" shall include the entirety of RSA 21:34-a, which is the definition of farm, agriculture, and farming.

674:44-f Powers. Agricultural commissions shall have advisory and review authority and other duties as follows:

- I. Survey and inventory all agricultural resources.
- II. Conduct activities to recognize, promote, enhance, and encourage agriculture, agricultural resources, and agricultural-based economic opportunities.
- III. Assist the planning board, as requested, in the development and review of those sections of the master plan which address agricultural resources.
- IV. Advise, upon request, local agencies and other local boards in their review of requests on matters affecting or potentially affecting agricultural resources.
- V. Coordinate activities with appropriate service organizations and nonprofit groups.
- VI. Publicize and report its activities.
- VII. Hire consultants and contractors as needed.
- VIII. Receive gifts of money to assist in carrying out its purpose.
- IX. Hold meetings and hearings necessary to carry out its duties.

674:44-g Appropriations Authorized.

I. A town or city, having established an agricultural commission under this subdivision, may appropriate money as deemed necessary to carry out its purposes. The whole or any part of money so appropriated in any year and any gifts of money received pursuant to RSA 674:44-f shall be placed in an agricultural fund and allowed to accumulate from year to year.

II. The town treasurer, pursuant to RSA 41:29, shall have custody of all moneys in the agricultural fund and shall pay out the same only upon order of the agricultural commission. The disbursement of agricultural funds shall be authorized by a majority of the agricultural commission. The use of such funds shall not be for the purchase of any interest in real property.

Amend RSA 673:4-b, II-III as inserted by section 3 of the bill by replacing it with the following:

II. Each agricultural commission member shall be a resident of the city or town which establishes the commission. One commission member may be a member of the local governing body. One commission member may be a member of the planning board. Not more than 5 alternate members may be appointed. When an alternate sits in absence or disqualification of a regular member, the alternate shall have full voting powers. In determining each member's qualifications, the appointing authority shall take into consideration the appointee's demonstrated interest and ability to understand, appreciate, and promote the purpose of the agricultural commission.

III. Members of an agricultural commission also may serve on other municipal boards and commissions, including but not limited to a conservation commission established under RSA 36-A, a historic district commission established under RSA 674:46, or a heritage commission established under RSA 674:44-a.

Amend RSA 673:7, II(c) as inserted by section 4 of the bill by replacing it with the following:

(c) Either one appointed member or one ex officio member may be a member of the heritage commission, ~~[or] the historic district commission, [or both,]~~ **or the agricultural commission, or all three** if such ~~[a commission exists]~~ **commissions exist** in the city.

On a division vote, 306 members having voted in the affirmative and 6 in the negative, the committee amendment was adopted.

On a division vote, 306 members having voted in the affirmative and 9 in the negative, the committee report was adopted.

Ordered to third reading.

HB 390, relative to review of developments of regional impact. **INEXPEDIENT TO LEGISLATE.** Rep. Robert J. Elliott for Municipal and County Government: The Regional Planning Commissions (RPCs) are a resource tool for the local communities within their regions and are supported by dues paid by each municipality. When a local planning board determines that a development will have regional impact, a copy of the plans and discussion are given to the RPC and a review is done. HB 390 would require each regional planning commission to develop guidelines to assist local land use boards to determine if there is a potential regional impact. The process for developing these guidelines would be paid for by the applicants, putting the cost onto individuals, not the RPCs who are making decisions regarding regional impacts. Testimony was given that the RPCs are already assisting the local land use boards when asked and have sufficient authority now for assisting the municipalities. Vote 13-3.

On a division vote, 301 members having voted in the affirmative and 9 in the negative, the committee report was adopted.

HB 457, allowing municipalities to restrict lawn watering during declared droughts. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Robert J. Watson for the Majority of Municipal and County Government: This bill would enable cities and towns to establish regulations to restrict residential lawn watering when the state or federal government have designated the region as being under a declared state of drought. Each municipality would have the authority to decide what restrictions, if any, would be appropriate for its community. The bi-partisan majority, while respectful of individual property rights, believes that water is a shared resource that should be used responsibly during droughts. We agree with the Department of Environmental Services that reasonable restrictions on discretionary water use like lawn watering can help prevent water supply emergencies. Vote 9-5.

Rep. Betsey L. Patten for the Minority of Municipal and County Government: During times of drought it is very necessary to educate every citizen to conserve water, which is one of our basic needs. Currently public alerts and notices advise the citizens of any drought situations and those public alerts have worked. HB 457 would require restricting the use of water from private or public water systems for residential outdoor water when any administrative agency of the state or federal government designates a drought in any region. The intention of HB 457 is to distinguish agricultural watering and golf courses or other businesses where watering is critical. Commercial property land owners also sprinkle their lawns but these properties are not included in the "residential outdoor lawn watering" category. The minority of the committee feels that this restriction will be hard to enforce and is also uncertain who will be the enforcement arm of the government. Private land is a sacred right of our citizens. Many residential land owners are not on public water systems and the minority of the committee believes that those owners are intelligent enough not to water lawns during a drought. Not to require the restriction of all outdoor lawn watering during drought conditions discriminates against private property owners.

Majority Amendment (0684h)

Amend the title of the bill by replacing it with the following:

AN ACT allowing local governing bodies to restrict lawn watering during declared droughts.

Amend the bill by replacing section 1 with the following:

1 New Section; Restricting the Watering of Lawns. Amend RSA 41 by inserting after section 11c the following new section:

41:11-d Restricting the Watering of Lawns.

I. The local governing body may establish regulations restricting the use of water from private wells or public water systems for residential outdoor lawn watering when administrative agencies of the state or federal government have designated the region as being under a declared state or condition of drought.

II. The local governing body shall give notice prior to the implementation of the regulations in paragraph I. Notice shall be given at least 3 calendar days before the regulations are implemented. The notice required under this section shall not include the day notice is posted. Notice of the regulations shall be published in a paper of general circulation in the municipality and shall be posted in at least 2 public places.

III. The full text of the proposed regulations need not be included in the notice if an adequate statement describing the proposal and designating the place where the proposal is on file for public inspection is stated in the notice.

AMENDED ANALYSIS

This bill allows local governing bodies to restrict lawn watering during declared droughts. On a division vote, 244 members having voted in the affirmative and 63 in the negative, the majority committee amendment was adopted.

The question now being adoption of the majority committee report of Ought to Pass with Amendment. Rep. Bettencourt requested a roll call; sufficiently seconded.

SULLIVAN

Ferland, Brenda Phinizy, James
 and the majority committee report was adopted.
 Ordered to third reading.

HB 479, relative to the default budget in official ballot towns. **INEXPEDIENT TO LEGISLATE.** Rep. Bennett F. Moore for Municipal and County Government: The committee believes that abuse, if any, of default budget calculations, which the sponsors wished to address in the bill, can best be remedied by voters at the local ballot box. Towns and school boards can also adopt, under existing law, a process that allows default budget calculations to be used by a town budget committee. Testimony received did raise questions of potential unintended consequences on towns who do not abuse the system. Detailed laws to govern the calculation of a default budget may never be sufficient to totally avoid abuse. Support for the bill was limited to citizens from one community in the state. The bill was opposed by the NH Municipal Association. Vote 11-3.
 Reps. Kurk and Weyler spoke against and yielded to questions.
 Reps. Bennett Moore and Patten spoke in favor.
 On a division vote, 206 members having voted in the affirmative and 117 in the negative, the committee report was adopted.

(Speaker Norelli in the Chair)**REGULAR CALENDAR – SPECIAL ORDERS (CONT'D)**

HB 662-FN-A-L, exempting vehicles adapted for use by persons with disabilities from motor vehicle registration fees. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. Larry Brown for the Majority of Municipal and County Government: The majority of the committee while agreeing that the scope and costs of vehicle modifications can, in particular cases, be high, felt that the financial resources of disabled individuals, trusts established for their benefit, and the resources of family members vary and that this was an issue separate from the transportation needs of individuals with a permanent and total disability. Vote 9-5.

Rep. Joseph A. Guthrie for the Minority of Municipal and County Government: The minority vote reflected a desire to assist those persons with a permanent and total disability by exempting them from paying registration fees on vehicles specially modified or adapted to accommodate the person's disability.

Reps. Guthrie, Knox and Martin spoke against.

Reps. Patten and Theberge spoke in favor.

On a division vote, 224 members having voted in the affirmative and 96 in the negative, the majority committee report was adopted.

Rep. Trinka Russell declared a conflict of interest on **HB 662-FN-A-L** and did not participate.

HB 838-FN-L, allowing municipalities to recover certain costs related to right-to-know requests. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. Jessie L. Osborne for the Majority of Municipal and County Government: The committee felt that the "costs associated" was a nebulous term in the bill and left open many costly options which could be a disincentive for citizens to get the public information they need and request. The commission on the Right to Know Law is currently addressing many issues and the issue contained in this bill will be addressed by the commission this year. Vote 11-3.

Rep. Earle Goodwin for the Minority of Municipal and County Government: There have been many instances in Dover when one or two individuals have imposed unreasonable and extensive requests for public records. These very expensive costs in turn are passed on to the taxpayers of the community. The minority appreciates that 91A must be preserved, but in this instance, the action of a few adversely affects the pocket book of all taxpayers, many who can't afford any increase in taxes. This information may be passed onto the Right to Know Commission, but the potential problem could occur in any community in the state. In addition, the bill does not state the actual amount of costs that could be charged for "public records."

On a division vote, 308 members having voted in the affirmative and 11 in the negative, the majority committee report was adopted.

HB 863, relative to the assessment of property subject to a housing subsidy restriction. **INEXPEDIENT TO LEGISLATE.**

Rep. Bennett F. Moore for Municipal and County Government: This bill would have limited property tax liability on property subject to housing subsidy restrictions to 10%. The committee recommendation of ITL was based on the perception that such property already benefits from federal subsidies or tax credits and low interest loans. The issue of determining fair market value for such properties may also be discussed by the assessing standards board. Vote 13-1.

On a division vote, 317 members having voted in the affirmative and 4 in the negative, the committee report was adopted.

HB 739, relative to contractor accountability and disclosure in the public works construction procurement process. **INEXPEDIENT TO LEGISLATE.**

Rep. Franklin T. Tilton for Public Works and Highways: This bill deals with information on subcontractor bid prices, the requirement of state approval for the substitution of a new subcontractor, and the posting of details on subcontractors on the jobsite. Most, if not all, of these requirements currently are routinely being done on Department of Transportation projects. The additional paperwork suggested by the legislation is not desirable. The details proposed in the bill are limited to the traditional design-bid-build method and would not be compatible with the construction management, or design-build methods that are becoming more common in public

as well as private construction. While the study has been useful in drawing attention to these contract administration procedures and has caused sharing of different procedures among agencies, the legislation is not necessary. Vote 9-7.

Rep. Benn spoke against.

Reps. Franklin Tilton and Sprague spoke in favor.

On a division vote, 268 members having voted in the affirmative and 41 in the negative, the committee report was adopted.

SPECIAL ORDERED

Rep. Spang moved that **HB 777-FN-A**, imposing a fee and a fine for certain changes to terrain alteration permits, be made a Special Order for April 5, 2007 as the first order of business.

Adopted.

SUSPENSION OF RULES

Rep. Wallner moved that the Rules be so far suspended to allow the deadline for reporting on House Bills not in a second committee, except budgets, be extended until April 5, 2007.

Adopted by the necessary two-thirds.

SPECIAL ORDERED

Without objection, the Speaker ordered the remainder of the bills on today's calendar to be made Special Orders for April 5, 2007 in their Regular Calendar order.

RESOLUTION

Rep. Wallner offered the following: **RESOLVED**, that the House now adjourn from the early session, that the reading of bills be by title only and resolutions by caption only and that all bills ordered to third reading be read a third time by this resolution, and that all titles of bills be the same as adopted, and that they be passed at the present time, and when the House adjourns today it be to meet Thursday, April 5, 2007 at 10:00 a.m.

Adopted.

Third reading and final passage

HB 437-FN-L, permitting same gender couples to enter civil unions and have the same rights, responsibilities, and obligations as married couples.

HB 554, requiring that funds in the civil legal services fund be distributed to New Hampshire Legal Assistance to establish an office in Concord.

HB 791-FN, establishing a commission to study the legal and social effects of permitting same gender marriage.

HB 849, relative to rent payments by voucher issued by a state or municipal agency.

HB 866, relative to the right-to-know law application to public utilities commission matters.

HB 882-FN, relative to limitations on tort liability of government units.

HB 81, relative to required pay for employees called into work.

HB 203, relative to protections for temporary workers.

HB 254, relative to mandatory employer meetings about political and religious beliefs, including beliefs about joining a union.

HB 514-FN-L, relative to the applicable minimum wage for hourly employees.

HB 797, regulating mandatory overtime for nurses and assistants.

HB 848, relative to a private right of action to recover workers' compensation coverage payments.

HB 293, allowing municipalities to establish agricultural commissions.

HB 457, allowing local governing bodies to restrict lawn watering during declared droughts.

RECESS MOTION

Rep. Wallner moved that the House stand in recess.

Adopted.

The House recessed at 6:30 p.m.

RECESS

(Speaker Norelli in the Chair)

Rep. Wallner moved that the House adjourn.

Adopted.

HOUSE JOURNAL No. 13

Thursday, April 5, 2007

The House assembled at 10:00 a.m., the hour to which it stood adjourned, and was called to order by the Speaker.

LEAVES OF ABSENCE

Reps. Ahlgren, Beauchesne, Clemons, Coughlin, Daler, Dumaine, Fesh, Fontas, Heald, Stephen Johnson, Laliberte, Benjamin Moore, Moran, Spaulding and Wood, the day, illness.

Reps. Arsenault, Beck, Jennifer Brown, Julie Brown, Brendon Browne, Russell Day, Stephanie Eaton, Ginsburg, Goodwin, Grassie, Haley, Hebert, Henson, Houde, Jean, Sally Kelly, John Knowles, Mary Ann Knowles, Lisle, Mack, Matheson, McCarthy, Evalyn Merrick, Scott Merrick, Merrow, Mesa, Mickelonis, Miller, Bennett Moore, O'Brien, Parkhurst, Pelkey, Priestly, Reed, Reeve, Reeves, Reuschel, Gary Richardson, Serlin, Daniel Sullivan, Sysyn, Tahir and Wells, the day, important business.

Reps. Hofemann and Lovett, the day, illness in the family.

CLERK'S NOTE

When less than two-thirds of the elected membership is present, Part II, Article 20 of the state constitution requires the assent of two-thirds of those present and voting to render their acts and proceedings valid.

SPECIAL ORDER

HB 777-FN-A, imposing a fee and a fine for certain changes to terrain alteration permits. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Susan R. Kepner for Resources, Recreation and Development: This bill as amended clarifies agricultural exemptions for alteration of terrain permits and sets penalties for change of use to any other activity. The penalty shall be based on the amount of land changed and length of time before the change. It will be distributed as follows: 40% to the Land and Community Heritage Investment Program; 40% to the wetlands fund (RSA 482-A:14, III); and 20% to town conservation commissions, to be distributed to the other two if there is no commission. This mirrors the wetland mitigation program where penalties for disturbing wetlands fund a compensatory conservation of land. Vote 16-2.

Amendment (0862h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to agricultural exemptions from alteration of terrain permitting requirements and penalties for site development.

Amend the bill by replacing all after the enacting clause with the following:

1 Terrain Alteration; Exemption. Amend RSA 485-A:17, III to read as follows:

III. ~~[Normal agricultural operations shall be exempt from the provisions of this section:]~~ The department may exempt other state agencies from the permit and fee provisions of this section provided that each such agency has incorporated appropriate protective practices in its projects which are substantially equivalent to the requirements established by the department under this chapter.

2 New Sections; Agricultural Exemption for Alteration of Terrain; Site Development Penalty. Amend RSA 485A by inserting after section 17 the following new sections:

485-A:17-a Agricultural Exemption for Alteration of Terrain.

I. Normal agricultural operations shall be exempt from the provisions of RSA 485-A:17.

II. Any project that involves the removal of trees and stumps from lands that are not wetlands and would otherwise require a permit under RSA 485-A:17, I-II or RSA 483-B:6, solely for purposes of conversion to agriculture may be considered normal agricultural operations and, therefore, is exempt from the permitting requirements of RSA 485-A:17 subject to filing prior notification with the department on a form prescribed by the department with complete information. This exemption shall expire one year after its filing with the department.

III. Projects that qualify for this agricultural exemption include those that:

(a) Only involve tree removal and stumping;

(b) Do not significantly alter the characteristics of the terrain in such a manner as to impede the natural runoff or create an unnatural runoff by causing significant contour changes by filling or grading or terracing or both; and

(c) Are necessary for an agricultural operation as defined in RSA 21:34-a and are not intended as a phase towards site development for a different purpose that would be covered by the alteration of terrain requirements.

IV. Exempt projects shall not include projects involving:

(a) Contour changes created by significant filling, grading, and topsoil removal;

(b) The erection of structures not related to agricultural operations; or

(c) Construction of roads not related to agricultural operations.

485-A:17-b Site Development Penalty.

I. The landowner shall pay to the department a penalty as described in paragraph II if, within 6 years of filing the notification under RSA 485-A:17-a, II:

(a) Land use changes from agriculture to any activity other than forestry; or

(b) Changes described in RSA 485-A:17-a, III occur.

II. The penalty shall be based on the amount of land on which changes described in paragraph I occur, and the following time periods in which the changes took place calculated from the filing date of the notification, and the associated per acre rates with such acre rates to be prorated:

(a) Filing to 2 years - \$5,000 per acre;

(b) 2 to 3 years - \$4,000 per acre;

(c) 3 to 4 years - \$3,000 per acre;

(d) 4 to 5 years - \$2,000 per acre; and

(e) 5 to 6 years - \$1,000 per acre.

III. The department shall distribute these funds as follows:

(a) 40 percent to the trust fund for the New Hampshire land and community heritage investment program established under RSA 227-M:7;

(b) 40 percent to a non-lapsing fund held by the treasurer under RSA 482-A:14, III; and

(c) 20 percent to the town conservation commission established under RSA 36-A, if any. If the town has not established a conservation commission, the money shall be equally divided between the funds listed under subparagraph (a)-(b).

IV. The penalties provided for in this section shall be in addition to any other penalties, fines, or enforcement provisions or other requirements of law.

3 Effective Date. This act shall take effect January 1, 2008.

AMENDED ANALYSIS

This bill:

I. Establishes an agricultural exemption from the alteration of terrain permitting requirements.

II. Establishes a penalty for site development.

Amendment adopted.

Committee report adopted by the necessary two-thirds.

Referred to the Committee on Ways and Means.

REGULAR CALENDAR – SPECIAL ORDERS

HB 753-FN-A, relative to the electronic toll collection transponder inventory fund. **OUGHT TO PASS.** Rep. John A. Graham for Public Works and Highways: This bill allows the Department of Transportation to establish a revolving fund for the purpose of maintaining an adequate supply of EZ Pass transponders. The fund would be capped at \$1 million, with the source being the turnpike fund. In 2006, the House passed an identical measure (HB 1656), and while it passed the Senate, the bill died in a committee of conference when the House would not agree to a non-germane amendment. Vote 14-0.

Committee report adopted by the necessary two-thirds.

Ordered to third reading.

HB 754-FN, repealing the law relative to the Maine-New Hampshire Interstate Bridge Authority. **OUGHT TO PASS WITH AMENDMENT.**

Rep. John A. Graham for Public Works and Highways: This bill dissolves the Maine-New Hampshire Interstate Bridge Authority. This Authority was established in the 1930's to build and oper-

ate the Sarah Mildred Long Bridge between Portsmouth and Kittery. The Authority has outlived its usefulness and should be eliminated. The amendment establishes a non-lapsing fund for the remainder of the funds under the control of the Authority, which was originally funded through tolls. This new fund will be utilized for the operation and maintenance of the bridge until such time as it is exhausted. Vote 12-1.

Amendment (0726h)

Amend the bill by inserting after section 2 the following and renumbering the original section 3 to read as 5:

3 New Section; Fund Established. Amend RSA 234 by inserting after section 65 the following new section:

234:66 Fund Established. Any and all funds received by the department of transportation relative to the Portsmouth Kittery Bridge, also known as the Sarah Mildred Long Bridge, shall be deposited with the state treasurer who shall keep such funds in a special nonlapsing account known as the Portsmouth-Kittery Bridge fund, to be expended by the department of transportation for the purpose of operations, maintenance, and repairs of the Portsmouth-Kittery Bridge.

4 New Subparagraph; Portsmouth-Kittery Bridge Fund. Amend RSA 6:12, I(b) by inserting after subparagraph (252) the following new subparagraph:

(253) Moneys deposited in the Portsmouth-Kittery Bridge fund under RSA 234:66.

AMENDED ANALYSIS

This bill:

I. Repeals the law relative to the Maine-New Hampshire Interstate Bridge Authority and the Portsmouth-Kittery Bridge also known as the Sarah Mildred Long Bridge.

II. Requires the department of transportation to deposit funds received relative to the bridge with the state treasurer.

This bill is a request of the department of transportation.

Amendment adopted.

Committee report adopted by the necessary two-thirds.

Ordered to third reading.

HB 165, establishing a committee to study the feasibility of carbon reduction incentives. **INEXPEDIENT TO LEGISLATE.**

Rep. David A. Borden for Science, Technology and Energy: The original intent of this bill was to study the concept of incentives to reduce carbon consumption and promote energy conservation by citizens and organizations in New Hampshire. The majority agreed that the intent of this bill could be satisfied in other legislation, notably HB 467, which would develop a climate change action plan. Vote 15-2. Committee report adopted by the necessary two-thirds.

HB 467, requiring the department of environmental services to develop a climate action plan and to report on global warming issues. **OUGHT TO PASS WITH AMENDMENT.**

Rep. David A. Borden for Science, Technology and Energy: It shall be the goal of the state of New Hampshire to reduce greenhouse gas emissions to 1990 levels by 2010 and 10% below 1990 levels by 2020. This is consistent with a plan endorsed by the Conference of New England Governors and Eastern Canadian Premiers and the commission will be charged with establishing a plan for New Hampshire to meet these goals. Vote 11-3.

Amendment (0880h)

Amend the title of the bill by replacing it with the following:

AN ACT establishing a state climate change policy commission and developing a climate action plan and to report on climate change issues.

Amend the bill by replacing all after the enacting clause with the following:

1 Purpose. The Conference of New England Governors and Eastern Canadian Premiers (NEGECP) agreed in 2001 to a regional goal of reducing greenhouse gas emissions to 1990 levels by 2010, and to 10 percent below 1990 levels by 2020. That agreement also called for each jurisdiction to create a plan articulating measures to achieve greenhouse gas reductions in view of these regional short and mid-term targets. It shall be the goal of the state of New Hampshire to reduce greenhouse gas emissions consistent with the NEGECP agreement, as practicable, recognizing the regional nature of that agreement.

2 Commission Established. There is hereby established a state climate change policy commission.

3 Membership and Compensation.

I. The members of the commission shall be as follows:

(a) Two members of the senate, appointed by the president of the senate.

(b) Four members of the house of representatives, appointed by the speaker of the house of representatives.

(c) Ten members appointed by the governor, two of whom shall come from each of the following organizations or interests: general commerce and industry, environmental interests, science/academia, public utilities, and insurance interests.

(d) The commissioner of the department of environmental services, or designee.

(e) A member of the public utilities commission, appointed by the commission.

(f) The public utilities consumer advocate, or designee.

(g) The director of the office of energy and planning, or designee.

(h) The commissioner of the department of resources and economic development, or designee.

(i) The commissioner of the department of transportation, or designee.

(j) The commissioner of the department of safety, or designee.

II. Legislative members shall receive mileage at the legislative rate when attending to the duties of the commission.

4 Duties.

I. The commission shall propose and adopt a climate action plan consistent with the goals of the NEGECP Climate Change Agreement of 2001. Recommended actions in the plan shall be both prudent and achievable, and shall recognize the regional nature of the agreement. The plan shall:

(a) Be comprehensive in scope and identify greenhouse gas reductions in each economic sector including power generation, transportation and land use, and industrial, commercial, and residential energy use, that are needed to meet overall reduction goals.

(b) Promote the economic and efficient use of energy and the development of renewable energy resources.

(c) Include provisions for public education and outreach by the department of environmental services and other state agencies relative to climate action.

(d) Include recommendations to the general court and the governor for legislation necessary to implement the plan.

II. Prior to adopting the plan, the commission shall hold at least 2 public hearings on the proposed plan and appropriately consider all stakeholder comments.

III. The department of environmental services shall serve as the lead agency in assisting the commission in its duties. The department of environmental services shall update its state greenhouse gas emissions inventory and develop baselines for both 1990 emissions and future projected emissions without reductions to determine the amount of reductions needed. The department, in conjunction with other member state agencies and commission members, as appropriate, shall prepare an initial draft action plan for review by the full commission by September 1, 2007, unless extended by the commission.

IV. As part of its work in developing the plan, the commission shall:

(a) Study the current state of climate science and scientific studies on the current and anticipated state and regional impacts of climate change in order to better define the need and urgency for state policy actions.

(b) Identify how energy efficiency opportunities and incentive programs, in all forms of energy usage, can contribute to greenhouse gas emissions reductions, including conservation.

(c) Study promoting renewable energy, both for electrical production and as a heat and transportation fuel source, including all current and ongoing legislation and other efforts to promote development of cleaner, less carbon intensive energy including renewable portfolio standards, the regional greenhouse gas initiative, the governor's "25 percent by '25" renewable energy initiative, the governor's executive order on energy efficiency, and any other such measures.

5 Long-term NEGECP Goal. The commissioner of environmental services shall consult with the NEGECP to establish a date for the organization's long-term regional goal of reducing the emissions of greenhouse gases by 75 to 85 percent below 2001 levels.

6 Chairperson. The members of the commission shall elect a chairperson from among the members. The first meeting of the commission shall be called by the first-named house member. The first meeting shall be held within 45 days of the effective date of this section.

7 Report. The commission shall file its plan with the president of the senate, the speaker of the house of representatives, the senate clerk, the house clerk, the governor, and the state library by December 1, 2007.

8 Effective Date. This act shall take effect upon passage.

AMENDED ANALYSIS

This bill establishes a state climate change policy commission to develop a climate action plan in conjunction with the department of environmental services and report on and make recommendations on climate change issues in New Hampshire.

Amendment adopted.

The question now being adoption of the committee report of Ought to Pass with Amendment.

On a division vote, 152 members having voted in the affirmative and 80 in the negative, the committee report failed lacking the necessary two-thirds.

Rep. Hawkins moved Inexpedient to Legislate.

MOTION TO LAY ON THE TABLE

Rep. Daniel Eaton moved that **HB 467**, establishing a state climate change policy commission and developing a climate action plan and to report on climate change issues, be laid on the table.

On a division vote, 167 members having voted in the affirmative and 93 in the negative, the motion failed lacking the necessary two-thirds.

Rep. Kaen moved Recommit.

On a division vote, 248 members having voted in the affirmative and 19 in the negative, the motion was adopted by the necessary two-thirds.

Recommitted to the Committee on Science, Technology and Energy.

MOTION TO RECONSIDER

Having voted with the prevailing side, Rep. Whalley moved that the House reconsider its action whereby it adopted the motion to Recommit **HB 467**, establishing a state climate change policy commission and developing a climate action plan and to report on climate change issues, to the Committee on Science, Technology and Energy.

Rep. Whalley spoke against.

Rep. Daniel Eaton spoke in favor.

Motion failed.

REGULAR CALENDAR – SPECIAL ORDERS (CONT'D)

HB 689, establishing a commission to study production and distribution of biodiesel fuel in New Hampshire. **OUGHT TO PASS WITH AMENDMENT.**

Rep. David A. Borden for Science, Technology and Energy: Biodiesel, produced from vegetable oils and animal waste, potentially could replace 20% of the fossil fuels used in diesel and home heating oil in New Hampshire. The commission created by this bill will explore how New Hampshire farmers and businesses can develop local production facilities for biodiesel, and for distribution of this fuel to our residents. Vote 15-1.

Amendment (0818h)

Amend the bill by replacing all after the enacting clause with the following:

1 Commission Established. There is established a commission to study the production and distribution of biodiesel in New Hampshire.

2 Membership and Compensation.

I. The members of the commission shall be as follows:

(a) Three members of the house of representatives, appointed by the speaker of the house of representatives.

(b) Two members of the senate, appointed by the president of the senate.

(c) The commissioner of the department of environmental services, or designee.

(d) The director of the New Hampshire office of energy planning, or designee.

(e) The commissioner of the department of transportation, or designee.

(f) A professor of agribusiness from the university of New Hampshire, appointed by the president of the university.

- (g) The commissioner of the department of agriculture, markets, and food, or designee.
- (h) The commissioner of the department of safety, or designee.
- (i) The commissioner of the department of resources and economic development, or designee.
- (j) A member of the faculty of the university of New Hampshire, physics department, appointed by the president of the university.
- (k) A professor from Keene state college, appointed by the president of the college.
- (l) A representative from the motor transport industry.
- (m) A representative from the fuel dealers business.

II. Legislative members of the commission shall receive mileage at the legislative rate when attending to the duties of the commission.

3 Duties. The commission shall study:

- I. How much biodiesel New Hampshire can produce.
- II. What sources exist for production in the state and region.
- III. What is the best way to distribute biodiesel.
- IV. Ways to encourage biodiesel production in New Hampshire.
- V. What barriers exist preventing or slowing increased use of biodiesel in New Hampshire.
- VI. What is the current demand and what action would encourage increased demand for biodiesel in New Hampshire.

4 Chairperson; Quorum. The members of the commission shall elect a chairperson from among the members. The first meeting of the commission shall be called by the first-named house member. The first meeting of the commission shall be held within 45 days of the effective date of this section. Nine members of the commission shall constitute a quorum.

5 Report. The commission shall report its findings and any recommendations for proposed legislation to the speaker of the house of representatives, the president of the senate, the house clerk, the senate clerk, the governor, and the state library on or before November 1, 2007.

6 Effective Date. This act shall take effect upon its passage.

Amendment adopted.

Committee report adopted by the necessary two-thirds.

Ordered to third reading.

HB 768, relative to voluntary registration with the Eastern Climate Registry. OUGHT TO PASS WITH AMENDMENT.

Rep. Thomas R. Fargo for Science, Technology and Energy: This bill amends RSA 125-L to replace New Hampshire's existing voluntary greenhouse gas registry with the regional Eastern Climate Registry. The committee recognized that documenting greenhouse gas emissions needs to be regional in scope and requires rigorous data quality assurance protocols. Participating in the Eastern Climate Registry would enable businesses and other greenhouse gas sources to document their early voluntarily emission reduction efforts and establish a baseline by which potential future state and federal regulatory action could be measured. Testimony indicated that businesses are seeking opportunities to report their environmental leadership efforts. The Eastern Climate Registry includes standards for reporting emissions data and third-party verification. The bill anticipates expansion into a multi-state and perhaps national registry and directs the department of environmental services to coordinate with other states and report annually to the legislature. The majority felt that the legislature should affirmatively support New Hampshire's participation established by statute, rather than participating by executive order. Vote 12-5.

Amendment (0778h)

Amend the bill by deleting section 1 and renumbering the original sections 2-4 to read as 1-3, respectively.

Amend the bill by replacing section 1 with the following:

1 Eastern Climate Registry; New Hampshire Participation. Amend RSA 125-L:2 to read as follows: 125-L:2 *Eastern Climate Registry.*

I. In order to help protect the interests of New Hampshire sources and the state's economy under a future federal regulatory scheme relating to greenhouse gas emissions, and to help encourage the voluntary reduction of greenhouse gas emissions by New Hampshire sources, the department shall [establish and administer a registry whereby sources of greenhouse gas emissions may record and register early, voluntary greenhouse gas emissions reductions made after 1990. The

~~purpose of this registry shall be to help sources establish a baseline against which any future federal greenhouse gas emissions reduction requirements may apply.] encourage sources to register their inventory of greenhouse gas emissions with the Eastern Climate Registry.~~

II. The department shall work with other states to expand upon the Eastern Climate Registry and develop a broader multi-state registry for greenhouse gas emissions records to support emissions reporting and reduction policies.

III. The department shall prepare an annual report for the general court summarizing New Hampshire's participation in the Eastern Climate Registry.

Amendment adopted.

On a division vote, 208 members having voted in the affirmative and 57 in the negative, the committee report was adopted by the necessary two-thirds.

Ordered to third reading.

CLERK'S NOTE

The constitutionally required two-thirds of the membership for the normal transaction of business was declared present.

REGULAR CALENDAR – SPECIAL ORDERS (CONT'D)

HR 7, urging increased consideration and preservation of local authority in international trade and investment agreements. **OUGHT TO PASS.**

Rep. Kris E. Roberts for State-Federal Relations and Veterans Affairs: As pertaining to the New Hampshire Constitution, the purpose of HR 7 is to ensure that the Governor of New Hampshire retains the opportunity to use the authority granted to him/her by the people of this state to have input into any international and/or investment agreement that may be entered into by the federal government that could have a major impact on the citizens and businesses of New Hampshire. Whenever the U.S. Senate gives up its constitutional authority to approve all treaties by allowing the President "fast track" authority, the citizens are placed at risk. There have been a number of occasions where the people of New Hampshire have paid a high price for fast tracked agreements. An issue of grave concern to many communities is who controls ground water withdrawal rights. HR 7 tells our local congressional delegation that we as citizens desire that they withhold their final votes until the governor has had his/her input. Vote 7-5.

Rep. Campbell requested a roll call; sufficiently seconded.

and the committee report was adopted.

Ordered to third reading.

HR 9, supporting the U.S. Mayors Climate Protection Agreement. **OUGHT TO PASS.**

Rep. Doreen Howard for State-Federal Relations and Veterans Affairs: It is very important that we don't confuse HR 9 with a global warming bill. This resolution is to tell congress that the people at the local level around New Hampshire and the country have taken it upon themselves to come with new and inventive ways of eliminating wastefully energy usage and reducing our dependence on foreign oil with renewal energy sources, while reducing the amount of pollution that we release into our surrounding environment. This while reducing the tax burden on our citizens. The U.S. Mayors Climate Protection Agreement has proven that governments at the local levels in partnerships with local businesses can improve energy efficiency without destroying or limiting the private's sector ability to make a profit. This HR is telling congress we know we can and have done it better and cheaper at the local and state level and now we would like to see the same result at the federal level. Vote 7-5.

On a division vote, 183 members having voted in the affirmative and 90 in the negative, the committee report was adopted.

Ordered to third reading.

HB 898, relative to the use of sled dogs and the training of sled dogs on state trails. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Betsy McKinney for the Majority of Resources, Recreation and Development: This bill as amended defines "mushing" to include training sled dogs using ATV's when there is no snow, to control their speed. Mushers and the Department of Resources & Economic Development Bureau

of Trails want to start opening some trails to ATV-assisted sled dog training that currently are specified for non-motorized use only. Mushers need straight long rock free trails to train off-season. They attested that they would have an impact that would be very different from usual ATV riding. HB 898 provides for a pilot project that opens seven specific trails until January 1, 2009, during which the impact on both mushers and the other users of the trails can be assessed. In the meantime, the Bureau of Trails will be able to develop criteria for opening trails to ATV-mushing and approaches management of that activity. Vote 13-5.

Rep. David H. Russell for the Minority of Resources, Recreation and Development: The minority had an amendment requiring the Bureau of Trails to adopt administrative rules for approving trails for off season sled dog training with ATV's, rather than putting a list of approved trails in statute. We feel that this bill as passed gives the appearance of micro-managing, rather than allowing the Bureau of Trails to adopt rules defining trails appropriate for this use. The Bureau has more expertise in this than a legislative committee.

Majority Amendment (0855h)

Amend the bill by replacing all after the enacting clause with the following:

1 New Paragraphs; Definitions. Amend RSA 215-A:1 by inserting after paragraph XX the following new paragraphs:

XXI. "Mushing" means the activity of using sled dogs to pull motorized or non-motorized devices.

XXII. "Sled dogs" means teams of dogs driven by a person or persons pulling sleds, a skier, wheeled rigs, and other motorized and non-motorized devices used to train or control the teams.

2 New Subparagraph; Sled Dog Trails. Amend RSA 215-A:42, I by inserting after subparagraph (d) the following new subparagraph:

(e) A management plan exists that specifically allows the operation of sled dogs and training devices used to train or control sled dogs on the property.

3 New Subparagraph; Sled Dog Trails; Evaluation Process. Amend RSA 215-A:43, II by inserting after subparagraph (cc) the following new subparagraph:

(dd) The bureau has consulted the New Hampshire Mushers Association about the use of sled dogs and training equipment on the trails.

4 Use of Statewide Trail System; Mushing Added. Amend RSA 216-F:2, I to read as follows:

I. The trails within the system shall be held, developed and administered under this chapter primarily as recreational trails for hiking, nature walks, bird watching, horseback riding, bicycling, ski touring, snowshoeing, snowmobiling, **mushing**, and off highway recreational vehicles and the natural scenic beauty thereof shall be preserved insofar as is practical; provided, however, that the commissioner may permit uses of trails and land acquired hereunder, by the owner of adjoining land or others, in such a manner and at such seasons as will not substantially interfere with the primary use of the trails. ***Any trail designated as a sled dog training area shall be posted as such on each end of the trail during the training season.***

5 Multi-Use Statewide Trail System; Advisory Committee. Amend RSA 216-F:5, I to read as follows:

I. The commissioner shall appoint a New Hampshire statewide trail system advisory committee, for the purposes of advising the director of parks and recreation on matters related to the New Hampshire statewide trail system. The members shall equally represent the different trail interests involved and the general public. This committee shall include, but not be limited to, representation from the following: the bureau of trails; department of fish and game; office of energy and planning; department of transportation; governor's commission on disability; New Hampshire Snowmobile Association; a representative of Granite State ATV Association; Appalachian Mountain Club; New Hampshire Municipal Association; Society for the Protection of New Hampshire Forests; the New Hampshire Heritage Trail; the New Hampshire Farm Bureau Federation; the New Hampshire Horse Council, Inc.; ***the New Hampshire Mushers Association***; a representative of landowners; and the bicycle trail coordinator from the department of transportation.

6 New Section; Exception to Use of ATVs on Public Land. Amend RSA 215-A by inserting after section 3-a the following new section:

215-A:3-b Exception to Use of ATVs on Public Land.

I. The use of ATVs for sled dog training shall be prohibited on non-motorized trails on public lands except those listed below:

(a) Rockingham Recreational Rail Trail, Fremont Branch from Route 107 in Fremont to Route 25 in Epping.

(b) Ashuelot Recreational Rail Trail, in the towns of Hinsdale, Winchester, Swanzey, and Keene.

(c) Northern Branch Recreational Rail Trail, in the towns of Lebanon, Enfield, Canaan, Grafton, Danbury, and Andover.

(d) Rochester Branch Recreational Rail Trail, in the towns of Rochester and Farmington.

(e) Presidential Recreational Rail Trail, in the towns of Gorham, Randolph, and Jefferson.

(f) Bear Brook state park, roads and road-width trails, in the towns of Allenstown, Deerfield, Candia, and Hooksett.

(g) Pawtuckaway state park, roads and road-width trails, in the towns of Deerfield and Nottingham.

II. The use of all trails is subject to the conditions of the Federal Highway Administration for trails funded through the Transportation Enhancement Program.

7 Repeal. RSA 215-A:3-b, relative to exception to use of ATVs on public land, is repealed.

8 Effective Date.

I. Section 7 of this act shall take effect January 1, 2009.

II. The remainder of this act shall take effect 60 days after its passage.

Rep. David Russell spoke against and yielded to questions.

Rep. Spang spoke in favor and yielded to questions.

On a division vote, 180 members having voted in the affirmative and 101 in the negative, the majority committee amendment was adopted.

Rep. David Russell offered floor amendment (1004h).

Floor Amendment (1004h)

Amend the bill by replacing all after the enacting clause with the following:

1 New Paragraphs; Definition; Mushing; Sled Dogs. Amend RSA 215-A:1 by inserting after paragraph XX the following new paragraphs:

XXI. "Mushing" means the activity of using sled dogs to pull motorized or non-motorized devices.

XXII. "Sled dogs" means teams of dogs driven by a person or persons pulling sleds, a skier, wheeled rigs, and other motorized and non-motorized devices used to train or control the teams. When a team of sled dogs is physically attached to the front of an ATV, as defined in this section, for the sole purpose of sled dog training, it shall not be classified as an OHRV.

2 New Subparagraph; Sled Dog Trails. Amend RSA 215-A:42, I by inserting after subparagraph (d) the following new subparagraph:

(e) A management plan exists that specifically allows the operation of sled dogs and training devices used to train or control sled dogs on the property.

3 New Subparagraph; Sled Dog Trails; Evaluation Process. Amend RSA 215-A:43, II by inserting after subparagraph (cc) the following new subparagraph:

(dd) The bureau has consulted the New Hampshire Mushers Association about the use of sled dogs and training equipment on the trails.

4 Use of Statewide Trail System; Mushing Added. Amend RSA 216-F:2, I to read as follows:

I. The trails within the system shall be held, developed and administered under this chapter primarily as recreational trails for hiking, nature walks, bird watching, horseback riding, bicycling, ski touring, snowshoeing, snowmobiling, *mushing*, and off highway recreational vehicles and the natural scenic beauty thereof shall be preserved insofar as is practical; provided, however, that the commissioner may permit uses of trails and land acquired hereunder, by the owner of adjoining land or others, in such a manner and at such seasons as will not substantially interfere with the primary use of the trails. *Any trail designated as a sled dog trail area shall be posted as such on each end of the trail during the training season.*

5 Multi-Use Statewide Trail System; Advisory Committee. Amend RSA 216-F:5, I to read as follows:

I. The commissioner shall appoint a New Hampshire statewide trail system advisory committee, for the purposes of advising the director of parks and recreation on matters related to the New Hampshire statewide trail system. The members shall equally represent the different trail interests involved and the general public. This committee shall include, but not be limited to, representa-

tion from the following: the bureau of trails; department of fish and game; office of energy and planning; department of transportation; governor's commission on disability; New Hampshire Snowmobile Association; a representative of Granite State ATV Association; Appalachian Mountain Club; New Hampshire Municipal Association; Society for the Protection of New Hampshire Forests; the New Hampshire Heritage Trail; the New Hampshire Farm Bureau Federation; the New Hampshire Horse Council, Inc.; *the New Hampshire Mushers Association*; a representative of landowners; and the bicycle trail coordinator from the department of transportation.

6 New Paragraph; Bureau of Trails; Bureau Responsibilities. Amend RSA 215-A:3 by inserting after paragraph X the following new paragraph:

XI. The New Hampshire bureau of trails shall adopt administrative rules relative to approved trails for off season sled dog training. The New Hampshire bureau of trails shall also maintain a list of approved trails for off season sled dog training. Updated lists shall be sent to the chair of the house resources, recreation and development committee and the New Hampshire statewide trails advisory committee when trails are added or removed from the list.

7 Effective Date. This act shall take effect 60 days after its passage.

Rep. David Russell spoke in favor and yielded to questions.

Rep. Spang spoke against.

Floor amendment (1004h) failed.

The question now being adoption of the majority committee report of Ought to Pass with Amendment. Rep. David Russell requested a roll call; sufficiently seconded.

and the majority committee report was adopted.
Ordered to third reading.

HB 873-FN-L, establishing minimum renewable standards for energy portfolios. OUGHT TO PASS WITH AMENDMENT.

Rep. Suzanne Harvey for Science, Technology and Energy: Twenty-three states have adopted a renewable portfolio standard (RPS), including every New England state except NH. HB 873 will require electric suppliers to obtain renewable energy certificates (RECs) for a certain percentage of their electricity supplied to NH customers. Eligible renewable resources include development of a broad range of new electricity generation as well as certain existing renewable generation common to NH. The purpose of the bill is to spur economic development, reduce our dependence on imported fuels, mitigate energy price and supply volatility, and reduce air emissions from our energy supply. An economic analysis by UNH's Whittemore School of Business & Economics showed a small short-term cost but a long-term economic gain from the positive effects on the energy market and in-state development. Over many months the bill's sponsors scheduled group meetings with the state's energy stakeholders, including the utilities, associations, and private companies, plus DES, the Office of Energy Planning, and the Public Utilities Commission, to listen to interests and concerns and develop a NH RPS that would satisfy the majority of parties. The committee held an all-day hearing at which members heard overwhelming support for an RPS. Vote 14-1.

Amendment (0857h)

Amend the bill by replacing all after the enacting clause with the following:

1 Findings. The general court finds that:

I. New Hampshire's electric utility restructuring policy principles in RSA 374-F:3, IX recognize that increased use of renewable resources can provide environmental, economic, and energy security benefits.

II. In 2005, 2.3 million megawatt hours of electricity was generated from renewable energy facilities, including hydroelectric, biomass, and landfill gas power plants, with a combined generating capacity of 576 megawatts. This equaled 10 percent of the total electricity generation and 20 percent of the total retail electricity sales in New Hampshire in 2005.

III. The 2002 state energy plan prepared by the governor's office of energy and community services pursuant to 2001, 121 recommended establishing a renewable portfolio standard to support indigenous renewable energy sources such as wood and hydroelectric, to encourage investments in new renewable power generation in the state, and to allow New Hampshire to benefit from the diversity, reliability, and economic benefits that come from clean power.

IV. The state energy policy commission, established by 2006, 257:1 identified in its December 1, 2006 interim report principles that the governor and general court should use to evaluate any new energy policy initiative. One principle is to increase the state's fuel diversity by reducing the fossil fuel component of the state's energy mix and promoting use of renewable energy resources to buffer against global instability.

V. The energy planning advisory board established by 2004, 164:2 received extensive comments supporting establishment of a state renewable portfolio standard during a stakeholder forum on energy policy held June 23, 2006.

VI. Governor Lynch has committed New Hampshire to a goal of meeting 25 percent of the state's energy needs from renewable energy resources by 2025. Enactment of a renewable portfolio standard in New Hampshire will be an important step in meeting this goal.

2 New Chapter; Electric Renewable Portfolio Standard. Amend RSA by inserting after chapter 362-E the following new chapter:

CHAPTER 362-F

ELECTRIC RENEWABLE PORTFOLIO STANDARD

362-F:1 Purpose. Renewable energy generation technologies can provide fuel diversity to the state and New England generation supply through use of local renewable fuels and resources that serve to displace and thereby lower regional dependence on fossil fuels. This has the potential to lower and stabilize future energy costs by reducing exposure to rising and volatile fossil fuel prices. The use of renewable energy technologies and fuels can also help to keep energy and investment dollars in the state to benefit our own economy. In addition, employing low emission forms of such technologies can reduce the amount of greenhouse gases, nitrogen oxides, and particulate matter emissions transported into New Hampshire and also generated in the state, thereby improving air quality, public health, and mitigating against the risks of climate change. It is therefore in the public interest to stimulate investment in low emission renewable energy generation technologies in New England and, in particular, New Hampshire, whether at new or existing facilities.

362-F:2 Definitions. In this chapter:

I. "Begun operation" means the date that a facility, or a capital addition thereto, for the purpose of repowering to renewable energy is first placed in service for purposes of the implementing regulations of the Internal Revenue Code of 1986, as amended.

II. "Biomass fuels" means plant-derived fuel including clean and untreated wood such as brush, stumps, lumber ends and trimmings, wood pallets, bark, wood chips or pellets, shavings, sawdust and slash, agricultural crops, biogas, or liquid biofuels, but shall exclude any materials derived in whole or in part from construction and demolition debris.

III. "Certificate" means the record that identifies and represents each megawatt-hour generated by a renewable energy generating source under RSA 362-F:6.

IV. "Commission" means public utilities commission.

V. "Customer-sited source" means a source that is interconnected on the end-use customer's site of the retail electricity meter in such a manner that it displaces all or part of the metered consumption of the end-use customer.

VI. "Default service" means electricity supply that is available to retail customers who are otherwise without an electricity supplier as defined in RSA 374-F:2, I-a.

VII. "Department" means the department of environmental services.

VIII. "Eligible biomass technologies" means generating technologies that use biomass fuels as their primary fuel, provided that the generation unit:

(a) Has a quarterly average nitrogen oxide (NOx) emission rate of less than or equal to 0.075 pounds/million British thermal units (lbs/Mmbtu), and an average particulate emission rate of less than or equal to 0.02 lbs/Mmbtu as measured and verified under RSA 362-F:12; and

(b) Uses any fuel other than the primary fuel only for start-up, maintenance, or other required internal needs.

IX. "End-use customer" means any person or entity that purchases electricity supply at retail in New Hampshire from another person or entity but shall not include:

(a) A generating facility taking station service at wholesale from the regional market administered by the independent system operator (ISO-New England) or self-supplying from its other generating stations; and

(b) Prior to January 1, 2010, a customer who purchases retail electricity supply, other than default service under a supply contract executed prior to January 1, 2007.

X. "Historical generation baseline" means:

(a) The average annual electrical production from a facility other than hydroelectric, stated in megawatt-hours, for the 3 years 2004 through 2006, or for the first 36 months after the facility began operation if that date is after December 31, 2001; provided that the historical generation baseline shall be measured regardless of whether or not the emissions from the facility during the baseline period meets emissions requirements of the class.

(b) The average annual production of a hydroelectric facility from the later of January 1, 1986 or the date of first commercial operation through December 31, 2005. If the hydroelectric facility experienced an upgrade or expansion during the historical generation baseline period, actual generation for that entire period shall be adjusted to estimate the average annual production that would have occurred had the upgrade or expansion been in effect during the entire historical generation baseline period.

XI. "Methane gas" means biologically derived methane gas from anaerobic digestion of organic materials from such sources as yard waste, food waste, animal waste, sewage sludge, septage, and landfill waste.

XII. "New England control area" means the term as defined in ISO-New England's transmission, markets and services tariff, FERC electric tariff no. 3, section II.

XIII. "Primary fuel" means a fuel or fuels, either singly or in combination, that comprises at least 90 percent of the total energy input into a generating unit.

XIV. "Provider of electricity" means a distribution company providing default service or an electricity supplier as defined in RSA 374-F:2, II.

XV. "Renewable energy source," "renewable source," or "source" means a class I, II, III, or IV source of electricity or electricity displacement by a class I source under RSA 362-F:4, I(g). An electrical generating facility, while selling its electrical output at long-term rates established before January 1, 2007 by orders of the commission under RSA 362-A:4, shall not be considered a renewable source.

XVI. "Year" means a calendar year beginning January 1 and ending December 31.

362-F:3 Minimum Electric Renewable Portfolio Standards. For each year specified in the table below, each provider of electricity shall obtain and retire certificates sufficient in number and class type to meet or exceed the following percentages of total megawatt-hours of electricity supplied by the provider to its end-use customer that year, except to the extent that the provider makes payments to the renewable energy fund under RSA 362-F:10, II:

	<u>2008</u>	<u>2009</u>	<u>2010</u>	<u>2011</u>	<u>2012</u>	<u>2013</u>	<u>2014</u>	<u>2015</u>	<u>2025</u>
Class I	0.0%	0.5%	1%	2%	3%	4%	5%	6%	16%(*)
Class II	0.0%	0.0%	0.04%	0.08%	0.15%	0.2%	0.3%	0.3%	0.3%
Class III	3.5%	4.5%	5.5%	6.5%	6.5%	6.5%	6.5%	6.5%	6.5%
Class IV	0.5%	1%	1%	1%	1%	1%	1%	1%	1%

* Class I increases an additional one percent per year from 2015 through 2025. Classes II-IV remain at the same percentages from 2015 through 2025 except as provided in RSA 362-F:4, V-VI.

362-F:4 Electric Renewable Energy Classes.

I. Class I (New) shall include the production of electricity from any of the following, provided the source began operation after January 1, 2006, except as noted below:

(a) Wind energy.

(b) Geothermal energy.

(c) Hydrogen derived from biomass fuels or methane gas.

(d) Ocean thermal, wave, current, or tidal energy.

(e) Methane gas.

(f) Eligible biomass technologies.

(g) The equivalent displacement of electricity, as determined by the commission, by end-use customers, from solar hot water heating systems used instead of electric hot water heating.

(h) Class II sources to the extent that they are not otherwise used to satisfy the minimum portfolio standards of other classes.

(i) The incremental new production of electricity in any year from an eligible biomass or methane source or any hydroelectric generating facility licensed or exempted by Federal Energy Regulatory Commission (FERC), regardless of gross nameplate capacity, over its historical generation baseline, provided the commission certifies demonstrable completion of capital investments attributable to the efficiency improvements, additions of capacity, or increased renewable energy output that are sufficient to, were intended to, and can be demonstrated to increase annual renewable electricity output. The determination of incremental production shall not be based on any operational changes at such facility but rather on capital investments in efficiency improvements or additions of capacity.

(j) The production of electricity from a class III or IV source that has begun operation as a new facility by demonstrating that 80 percent of its resulting tax basis of the source's plant and equipment, but not its property and intangible assets, is derived from capital investment directly related to restoring generation or increasing capacity including department permitting requirements for new plants. Such production shall not qualify for class III or IV certificates.

II. Class II (New Solar) shall include the production of electricity from solar technologies, provided the source began operation after January 1, 2006.

III. Class III (Existing Biomass/Methane) shall include the production of electricity from any of the following, provided the source began operation prior to January 1, 2006:

(a) Eligible biomass technologies having a gross nameplate capacity of 25 MWs or less.

(b) Methane gas.

IV. Class IV (Existing Small Hydroelectric) shall include the production of electricity from hydroelectric energy, provided the source began operation prior to January 1, 2006, has a gross nameplate capacity of 5 MWs or less, has installed upstream and downstream dianadromous fish passages that have been required and approved under the terms of its license or exemption from the Federal Energy Regulatory Commission, and when required, has documented applicable state water quality certification pursuant to section 401 of the Clean Water Act for hydroelectric projects.

V. For good cause, and after notice and hearing, the commission may accelerate or delay by up to one year, any given year's incremental increase in class I or II renewable portfolio standards requirement under RSA 362-F:3.

VI. After notice and hearing, the commission may modify the class III and IV renewable portfolio standards requirements under RSA 362-F:3 for calendar years beginning January 1, 2012 such that the requirements are equal to an amount between 85 percent and 95 percent of the reasonably expected potential annual output of available eligible sources after taking into account demand from similar programs in either states.

362-F:5 Commission Review and Report. Commencing in January 2011, 2018, and 2025 the commission shall conduct a review of the class requirements in RSA 362-F:3 and other aspects of the electric renewable portfolio standard program established by this chapter. Thereafter, the commission shall make a report of its findings to the general court by November 1, 2011, 2018, and 2025, respectively, including any recommendations for changes to the class requirements or other aspects of the electric renewable portfolio standard program. The commission shall review, in light of the purposes of this chapter and with due consideration of the importance of stable long-term policies:

I. The adequacy or potential adequacy of sources to meet the class requirements of RSA 362-F:3;

II. The class requirements of all sources in light of existing and expected market conditions;

III. The potential for addition of a thermal energy component to the electric renewable portfolio standard;

IV. Increasing the class requirements relative to classes I and II beyond 2025;

V. The possible introduction of any new classes such as an energy efficiency class or the consolidation of existing ones;

VI. The timeframe and manner in which new renewable class I and II sources might transition to and be treated as existing renewable sources and if appropriate, how corresponding portfolio standards of new and existing sources might be adjusted;

VII. The experience with and an evaluation of the benefits and risks of using multi-year purchase agreements for certificates, along with purchased power, relative to meeting the purposes and goals of this chapter at the least cost to consumers and in consideration of the restructuring policy principles of RSA 374-F:3; and

VIII. Alternative methods for renewable portfolio standard compliance, such as competitive procurement through a centralized entity on behalf of all consumers in all areas of the state.

362-F:6 Renewable Energy Certificates.

I. The electric renewable portfolio standard program established in this chapter shall utilize the regional generation information system (GIS) of energy certificates administered by ISO-New England and the New England Power Pool (NEPOOL) or their successors. If the regional GIS certificate tracking program administered by the ISO-New England is no longer operational or accessible, the commission shall develop an alternative certificate program, after public notice and hearing, designed to provide at least the same information on the type and generation of renewable energy resources as the GIS certificate tracking program.

II. The commission shall establish procedures by which electricity production not tracked by ISO-New England from customer-sited sources, including behind the meter production, may be included within the certificate program, provided such sources are located in New Hampshire. The procedures may include the aggregation of sources and shall be compatible with procedures of the certificate program administrator. The production shall be monitored and verified by an independent entity designated by the commission, which may include electric distribution companies.

III. The commission shall designate in a timely manner New Hampshire eligible renewable sources together with any conditions pursuant to this chapter to the certificate program administrator under paragraph I, with such sources being the recipient of all certificates issued for purpose of this chapter.

IV. (a) Certificates issued for purposes of complying with this chapter shall come from sources within the New England control area unless the source is located in a control area adjacent to the New England control area and the energy produced by the source is actually delivered into the New England control area for consumption by New England customers. The delivery of such energy from the source into the New England control area shall be verified by:

(1) A unit-specific bilateral contract for sale and delivery of a source's electrical energy to the New England control area is in place for the time period during which renewable certificates are generated;

(2) Confirmation from ISO-New England that the sale of the renewable energy was actually settled in the ISO market system; and

(3) Confirmation through the North American Electric Reliability Corporation tagging system that the import of energy into the New England control area actually occurred.

(b) The commission may impose such other requirements as it deems appropriate, including methods of confirming actual delivery of the electrical energy into the New England control area.

362-F:7 Sale, Exchange, and Use of Certificates.

I. A certificate may be sold or otherwise exchanged by the source to which it was initially issued or by any other person or entity that acquires the certificate. A certificate may only be used once for compliance with the requirements of this chapter. It may not be used for compliance with this chapter if it has been or will be used for compliance with any similar requirements of another non-federal jurisdiction, or otherwise sold, retired, claimed, or represented as part of any other electrical energy output or sale. Certificates shall only be used by providers of electricity for compliance with the requirements of RSA 362-F:3 in the year in which the generation represented by the certificate was produced, except that unused certificates of the proper class issued for production during the prior 2 years or the first quarter of the subsequent year may be used to meet up to 30 percent of a provider's requirements for a given class obligation in the current year of compliance.

II. Certificates from behind-the-meter distributed generation shall be initially issued to the owner of the customer-sited source or their designee, regardless of whether the source has received assistance from the renewable energy fund established in RSA 362-F:10.

362-F:8 Information Collection. By July 1 of each year, each provider of electricity shall submit a report to the commission, in a form approved by the commission, documenting its compliance with the requirements of this chapter for the prior year. The commission may investigate compliance and collect any information necessary to verify and audit the information provided to the commission by providers of electricity.

362-F:9 Purchased Power Agreements.

I. Upon the request of one or more electric distribution companies and after notice and hearing, the commission may authorize such company or companies to enter into multi-year purchase agreements with renewable energy sources for certificates, in conjunction with or independent of purchased power agreements from such sources, to meet reasonably projected renewable portfolio requirements and default service needs to the extent of such requirements, if it finds such agreements or such an approach, as may be conditioned by the commission, to be in the public interest.

II. In determining the public interest, the commission shall find that the proposal is substantially consistent with the following factors:

- (a) The efficient and cost-effective realization of the purposes and goals of this chapter;
- (b) The restructuring policy principles of RSA 374-F:3;
- (c) The extent to which such multi-year procurements are likely to create a reasonable mix of resources, in combination with the company's overall energy and capacity portfolio, in light of the energy policy set forth in RSA 378:37 and either the distribution company's integrated least cost resource plan pursuant to RSA 378:37-41, if applicable, or a portfolio management strategy for default service procurement that balances potential benefits and risks to default service customers;
- (d) The extent to which such procurement is conducted in a manner that is administratively efficient and promotes market-driven competitive innovations and solutions; and
- (e) Economic development and environmental benefits for New Hampshire.

III. The commission may authorize one or more distribution companies to coordinate or delegate procurement processes under this section.

IV. Rural electric cooperatives for which a certificate of deregulation is on file with the commission shall not be required to seek commission authorization for multi-year purchased power agreements or certificate purchase agreements under this paragraph.

362-F:10 Renewable Energy Fund.

I. There is hereby established a renewable energy fund. This nonlapsing, special fund shall be continually appropriated to the commission to be expended in accordance with this section. The state treasurer shall invest the moneys deposited therein as provided by law. Income received on investments made by the state treasurer shall also be credited to the fund. All payments to be made under this section shall be deposited in the fund. The moneys paid into the fund under paragraph II of this section, excluding class II moneys, shall be used by the commission to support thermal and electrical renewable energy initiatives. Class II moneys shall only be used to support solar energy technologies in New Hampshire. All initiatives supported out of these funds shall be subject to audit by the commission as deemed necessary. All fund moneys including those from class II may be used to administer this chapter, but all new employee positions shall be approved by the fiscal committee of the general court.

II. In lieu of meeting the portfolio requirements of RSA 362-F:3 for a given year if, and to the extent sufficient certificates are not otherwise available at a price below the amounts specified in this paragraph, an electricity provider may, at the time of report submission for that year under RSA 362 F:8, make payment to the commission at the following rates for each megawatt-hour not met for a given class obligation through the acquisition of certificates:

- | | |
|-----------------|----------|
| (a) Class I – | \$ 57.12 |
| (b) Class II – | \$150 |
| (c) Class III – | \$ 28 |
| (d) Class IV – | \$ 28 |

III. Beginning in 2008, the commission shall adjust these rates by January 31 of each year using the Consumer Price Index as published by the Bureau of Labor Statistics of the United States Department of Labor.

IV. The commission shall make an annual report by October 1 of each year, beginning in 2009, to the legislative oversight committee on electric utility restructuring under RSA 374-F:5 detailing how the renewable energy fund is being used and any recommended changes to such use.

362-F:11 Application.

I. The commission, in a non-adjudicative process, shall certify the classification of an existing or proposed generation facility by issuing a determination within 45 days of receiving from an applicant sufficient information to determine its classification. The application shall contain the following:

- (a) Name and address of applicant.
- (b) Facility location, ISO–New England asset identification number, and NEPOOL GIS facility code, if available.
- (c) Description of the facility, including fuel type, gross generation capacity, initial commercial operation date, and, in the case of a biomass source, NOx and particulate matter emission rates and a description of pollution control equipment or practices proposed for compliance with applicable NOx and particulate matter emission rates.

(d) Such other information as the applicant may provide to assist in determining the classification of the generating facility.

II. The commission shall certify applications of customer-sited sources in a manner that is compatible with the procedures established for recognizing such production under RSA 362-F:6, II.

III. Biomass facilities otherwise meeting the requirements of a source shall be conditionally certified by the commission subject to compliance with the applicable NOx and particulate matter emission standards. Within 10 days of verification of compliance with emissions standards from the department, as provided in RSA 362-F:12, III, the commission, in a non-adjudicative process, shall designate the facility as eligible pursuant to RSA 362-F:6, III.

362-F:12 Verification of Emissions From Biomass Sources. Any source seeking to qualify using an eligible biomass technology shall verify emissions in accordance with the following methods:

I. For nitrogen oxide emissions, the source shall install and operate a continuous emissions monitor that meets departmental standards as codified in rules.

II. For particulate matter emissions, the source shall conduct an annual stack test in accordance with methods approved by the department. Upon completion of 3 annual tests which demonstrate compliance, the source may request of the department for a decrease in the frequency of testing, but to not less than once every 3 years.

III. Each such source shall file with the department and the commission within 45 days of the end of each calendar quarter an affidavit and documentation attesting to the source's average NOx emission rate for such quarter and the most recent particulate matter stack test results. For purposes of initial certification under RSA 362-F:6, the results of a stack test may be filed with the department at any time to demonstrate compliance with both the particulate matter and nitrogen oxide emissions standards. Within 30 days of a filing, the department shall provide verification of the emissions reported in the filing to the commission.

362-F:13 Rulemaking. The commission shall adopt rules, under RSA 541-A to:

I. Administer the electric renewable portfolio standard program including the development of an alternative to the regional generation information system to the extent necessary.

II. Ascertain, monitor, and enforce compliance with the program to the extent not addressed in the department's rules.

III. Include within the program electric production not tracked by ISO-New England from eligible customer-sited sources.

IV. Administer the renewable energy fund and make expenditures from the fund.

V. Establish procedures for the classification of existing or proposed generation facilities, including a provision for a preliminary designation option, and to verify the completion of capital investments required of certain class I resources.

VI. Define when a repowered generation unit qualifies as a new class I source under RSA 362F:4.

VII. Otherwise discharge the responsibilities delegated to the commission under this chapter.

3 New Subparagraph; Application of Receipts; Renewable Energy Fund. Amend RSA 6:12, I(b) by inserting after subparagraph 252 the following new subparagraph:

(253) Moneys deposited in the renewable energy fund established under RSA 362-F:10.

4 Default Service. Amend RSA 374-F:3, V(c) to read as follows:

(c) Default service should be designed to provide a safety net and to assure universal access and system integrity. Default service should be procured through the competitive market and may be administered by independent third parties. ***Any prudently incurred costs arising from compliance with the renewable portfolio standards of RSA 362-F for default service or purchased power agreements shall be recovered through the default service charge.*** The allocation of the costs of administering default service should be borne by the customers of default service in a manner approved by the commission. If the commission determines it to be in the public interest, the commission may implement measures to discourage misuse, or long-term use, of default service. Revenues, if any, generated from such measures should be used to defray stranded costs.

5 Competitive Electricity Supplier Requirement. Amend RSA 374-F:7, III to read as follows:

III. The commission is authorized to assess fines against, revoke the registration of, and prohibit from doing business in the state, any competitive electricity supplier which violates the requirements of this section ***or RSA 362-F.***

6 Thermal Renewable Study; Statement of Purpose.

I.(a) Thermal renewable energy technologies provide fuel diversity to New Hampshire and New England energy supply through use of local renewable fuels and resources and have the potential to lower and stabilize future energy costs by helping to minimize regional dependence on imported fossil fuels such as natural gas, propane, and oil for heating and cogeneration.

(b) The increased use in New Hampshire and New England of thermal energy generated using low emission, renewable energy technologies will help to reduce the amount of nitrogen oxide, sulfur dioxide, particulate matter, and greenhouse gas emissions transported into New Hampshire and also generated in the state, thereby improving air quality and public health.

(c) In addition to benefits stated above, it is in the public interest to stimulate economic development by investment in low emission thermal renewable energy technologies in New England and in particular, New Hampshire.

II.(a) The office of energy and planning in consultation with the energy planning advisory board established by 2004, 164 shall study, evaluate, and make recommendations including potential legislation on:

(1) A thermal renewable portfolio standard and other incentives or mechanisms that will promote the use of high efficiency low emission thermal renewable energy technology and fuels in residential, commercial, and industrial applications;

(2) Regulatory, technological, or other impediments to the rapid deployment of thermal renewable energy systems; and

(3) Recommendations to the state and local governments on programs and actions that can be implemented to encourage residential, commercial, and industrial use of thermal renewable energy.

(b) The office of energy and planning shall solicit advice and expertise from members of the public representing thermal energy technology and fuels and may solicit the advice and expertise of any individual, state agency or organization, or state employee.

(c) The office of energy and planning shall report its findings and any recommendations for proposed legislation to the president of the senate, the speaker of the house of representatives, the senate clerk, the house clerk, the governor, and the state library on or before November 30, 2008.

7 Effective Date.

I. Sections 1-4 of this act shall take effect 60 days after its passage.

II. The remainder of this act shall take effect upon its passage.

AMENDED ANALYSIS

This bill:

I. Establishes minimum electric renewable portfolio standards.

II. Requires the commission to make reports to the general court.

III. Requires the use of renewable energy certificates.

IV. Requires the office of energy and planning to conduct a study of incentives to promote thermal renewable energy.

Amendment adopted.

Rep. Harvey offered floor amendment (1033h).

Floor Amendment (1033h)

Amend the introductory paragraph of RSA 362-F:9, II as inserted by section 2 of the bill by replacing it with the following:

II. In determining the public interest, the commission shall find that the proposal is, on balance, substantially consistent with the following factors:

Rep. Harvey spoke in favor.

Floor amendment (1033h) adopted.

The question now being adoption of the committee report of Ought to Pass with Amendment.

Reps. Harvey and James Garrity spoke in favor and yielded to questions.

Reps. Itse and Gene Andersen spoke against.

On a division vote, 253 members having voted in the affirmative and 37 in the negative, the committee report was adopted.

Ordered to third reading.

Rep. Reardon declared a conflict of interest on **HB 873-FN-L** and did not participate.

UNANIMOUS CONSENT

Rep. Rowe addressed the House.

The House recessed at 12:35 p.m.

RECESS**(Speaker Norelli in the Chair)**

The House reconvened at 1:50 p.m.

CLERK'S NOTE

When less than two-thirds of the elected membership is present, Part II, Article 20 of the state constitution requires the assent of two-thirds of those present and voting to render their acts and proceedings valid.

REGULAR CALENDAR – SPECIAL ORDERS (CONT'D)

HB 296, prohibiting the use of flatbed trailers with outrigger wheels in parades. **MAJORITY: OUGHT TO PASS. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Robert W. Williams for the Majority of Transportation: This bill simply states “no person may use any type of flatbed trailer with outrigger wheels in a parade.” It removes the use of a dangerous vehicle which, when used, increases the possibility of serious injury or death if a person falls off a trailer in a parade. Vote 13-4.

Rep. Brenda L. Ferland for the Minority of Transportation: This bill came out of a tragic accident during a parade and although the minority sympathizes with what happened we feel this leads to the slippery slope of what will be banned next or if these parade vehicles are greatly modified at such a cost that most people or companies will not volunteer the use of their equipment. Most towns that have the permitting process for parades can and will continue to set limits of what can be done. There was so much publicity of this tragedy we feel modifications in future parade vehicles will take place without laws banning certain vehicles.

Rep. Skinder spoke against.

Rep. McEachern spoke in favor.

On a division vote, 161 members having voted in the affirmative and 91 in the negative, the committee report failed lacking the necessary two-thirds.

Rep. Ferland moved Inexpedient to Legislate.

Rep. Ryan moved Recommit.

On a division vote, 184 members having voted in the affirmative and 70 in the negative, the motion was adopted by the necessary two-thirds.

Recommitted to the Committee on Transportation.

CLERK'S NOTE

The constitutionally required two-thirds of the membership for the normal transaction of business was declared present.

REGULAR CALENDAR – SPECIAL ORDERS (CONT'D)

HB 685, prohibiting New Hampshire from participating in a national identification card system. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Sherman A. Packard for Transportation: In May of 2005 the US Congress passed a law that never received a hearing, called the Real ID Act. The Act would require all states to have uniform driver licenses. It also requires that a national data base be established by linking all driver license information together. This Act created a national identification card. It is estimated by the National Conference of State Legislatures to cost the states \$11 billion to implement and Congress approved \$40 million at passage. After a year and 10 months when the Dept. of Homeland Security finally released a 160 page draft copy of the rules and regulations, they estimated the cost to the states and federal upgrades at approximately \$24 billion. This act is one of the most egregious pieces of legislation ever passed by the U.S. Congress. Not only does it violate the unfunded mandate law, it is a clear violation of the 10th Amendment of the U.S. Constitution. The law states that if a state does not comply, that the driver license cannot be used to board a plane or enter a federal building. This is federal blackmail of the most heinous manner. Numerous other states are working on

legislation to prevent their states from complying. When we took the oath of office, we swore to uphold the N.H. and the U.S. Constitution and because of this oath we have no choice but to tell the federal government that just because it feels that it can violate the U.S. Constitution, the legislature of N.H. will not. Our liberty and the liberty of this country are at stake if we do not say no to this piece of madness that came out of Washington. We ask the N.H. House to abide by our oath of office and unanimously pass HB 685. Vote 16-0.

Amendment (0795h)

Amend section 1 of the bill by inserting after paragraph III the following new paragraph:

IV. Nothing in this act shall prohibit the department of safety from making ongoing improvements to the driver licensing system, drivers' licenses, or the driver license database for the purpose of making licenses and nondriver's identification cards more secure or reliable or changing their physical appearance and design, or from sharing necessary driver's license and driver history information with other states and Canadian provinces or continuing to provide driver's license and driver history information to other agencies entitled to receive the information in the form in which it was provided prior to the effective date of this act for the purpose of determining eligibility for licensure or verifying the identity of applicants for licenses or nondriver's identification cards. Amendment adopted.

The question now being adoption of the committee report of Ought to Pass with Amendment. Reps. Packard and Kurk spoke in favor.

Rep. Robert Williams requested a roll call; sufficiently seconded.

and the committee report was adopted.

Ordered to third reading.

Rep. Morrison did not vote and notified the Clerk that she wished to be recorded in favor.

MOTION TO PRINT DEBATE

Rep. Winters moved that the debate on **HB 685**, prohibiting New Hampshire from participating in a national identification card system, be printed in the Permanent Journal.

Adopted.

DEBATE ON HB 685-FN-L

Rep. Packard: Thank you, Madam Speaker. Ladies and gentlemen of the General Court, last year, for those of you that were here, this bill came before this body and at the time the Transportation Committee recommended that we kill it and my dear friend from Weare got up and said he was going to fire a shot across the bow. Well, the shot blew my head off. It missed the bow altogether. This year I'm getting up and I'm asking you to support this. When we took our oath back on December 6th, we swore to uphold the constitution of this state and the United States. Real ID violates the constitution Article 10 about as much as any bill ever passed out of Congress. Obviously when they passed this bill, they didn't uphold their oath to uphold the United States Constitution. I do not want this Legislature sitting here saying that we will violate our oath. We swore to uphold these documents and it is incumbent upon us to pass this bill, send a message to Congress that we take our oath seriously even if they don't. And if we are the first state to opt out well then so be it. There are 24 other states that are working on this type of legislation right now. I urge all of you to support this piece of legislation and I am going to ask for a roll call vote, Madam Speaker so that we can go on record to our federal delegation saying change this insidious law. It is probably the worst piece of blackmail to ever come out of the federal government and that's what it is, pure unadulterated blackmail. Thank you, Madam Speaker.

Speaker: The question before the House is on the committee report of Ought to Pass with amendment. A roll call has been requested. It has been sufficiently seconded and there is only one more speaker so I would ask members to start to make their way to their seats. The Chair recognizes the member from Weare, Rep. Kurk.

Rep. Kurk: Thank you, Madam Speaker. It is with the greatest of pleasure that I say to Sherman Packard, "Ditto."

Speaker: The Chair appreciates the briefest speech of the year.

REGULAR CALENDAR – SPECIAL ORDERS (CONT'D)

HB 755-FN, relative to transfers of motor vehicle registration. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Jean-Guy J. Bergeron for Transportation: This bill allows a person who transfers the registration of his or her vehicle to receive a refund if the permit fee for the new motor vehicle is less than the permit fee for the previously registered motor vehicle. Vote 10-5.

Amendment (0892h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to transfers of motor vehicle permits.

Amend the bill by replacing all after the enacting clause with the following:

1 Refunds. RSA 261:151 is repealed and reenacted to read as follows:

261:151 Refunds.

I. If a person transfers or loses a registered vehicle, upon filing a new application for registration in his or her name, if the permit fee of the newly registered vehicle is less than the one first registered by him or her, he or she shall receive a refund for the difference.

II. If the department acting under the authority of law shall have refused upon original application for the registration period to register the vehicle to which a permit relates, the town clerk, upon application therefor, shall refund the permit fee.

2 Effective Date. This act shall take effect July 1, 2007.

AMENDED ANALYSIS

This bill allows a person who transfers the registration of his or her vehicle to receive a refund if the permit fee for the new motor vehicle is less than the permit fee for the previously-registered motor vehicle.

Amendment adopted.

Committee report adopted and ordered to third reading.

HB 802, relative to passenger restraints. **MAJORITY: OUGHT TO PASS. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Robert W. Williams for the Majority of Transportation: This bill would ask New Hampshire to join the 49 other states of the union and mandate the use of seat belts in most instances. The General Court has resisted attempts at such "mandatory" legislation in the past largely grounded on a generalized notion that the reach of the legislature should be temperate and allow people to make such decisions as a matter of individual selection. In point of fact, the NH Highway Safety office testified that voluntary seat belt use continues to be encouraging—though that office conceded—as well it must—that the current 64% attainment level was the lowest in the nation and that usage would increase significantly by enactment of HB 802. The NH Highway Safety Office was the paradoxical exception to the majority of the testimony that featured a cross section of state agencies, physicians, nurses, law enforcement personnel and citizens. The overwhelming majority of evidence received at the hearing clearly and abundantly demonstrated that the public safety would substantially improve by requiring the use of seat belts consistent with our authority to assure the safety of the citizens of the state. Evidence received from the medical community, particularly emergency responders, clearly indicated the value of seat belt use. Evidence received from the law enforcement community, including the NH Chiefs of Police, clearly indicated that enactment of the bill would enhance public safety and avoid the tragic consequences of many automobile accidents. Evidence received from the National Transportation Safety Board revealed that NH is last in seat belt use. That evidence, coupled with an alarming increase in un-belted fatalities shared with the committee by the sponsors based on a study conducted by the University of New Hampshire, revealed that enactment of the law would directly enhance driver safety and protect citizens. The Commissioner of Transportation appeared

and urged the committee to enact the bill and the Department of Safety joined to express its desire that the bill be passed to put an end to the many injuries, trauma and fatalities that resulted when accidents occur without seat belt use. The committee is mindful of the concerns of those who claim enactment of the law would in some measure surrender what they described as one of the unique features of New Hampshire living and impact their particular concept of liberty. We are no longer persuaded by the arguments and decide today to pass the legislation. We believe the safety of all citizens on the highways of the state is implicit in a free society and that the risk of trauma, tragedy, injury or death should be avoided when reasonable regulations are available. The use of seat belts in 2007 is reasonable, and more importantly, a reasonable use of the legislative authority to protect all drivers and passengers from the avoidable carnage of the all too human capacity to have accidents. Accordingly, the committee recommends that the public policy of the state be changed and that we pass HB 802 as a strong signal of our continued commitment to safety. Vote 8-7.

Rep. Brenda L. Ferland for the Minority of Transportation: No insurance company representative that testified said that our insurance rates will go down if we adopt an adult seat belt law. As a matter of fact we are enjoying some of the lowest auto rates in the New England area. A lot of the testimony focused on young drivers and we already have a law to cover them. Driving while intoxicated and inattentiveness are still the leading causes for accidents. No state gets 100% usage even with a primary offense law. There is no dispute about the education of using seatbelts. The state does not lose any federal funding because we don't have the adult seat belt law. As a matter of fact, we were told we would get additional funds if we passed the law. Somehow or another, this smacks of the "No Child Left Behind" program and the Real ID Act. Let us, the federal government, get you, the state, to adopt our rules and we may or may not give you more funds. We are the last state to not adopt an adult seat belt law. So what's wrong with being unique? We are unique in our freedom of rights which is why people move here from other states. The minority feels we should stay unique.

Rep. Peterson offered floor amendment (1187h).

Floor Amendment (1187h)

Amend RSA 265:107-a as inserted by section 2 of the bill by inserting after paragraph IX the following new paragraph:

X. Enforcement of this section by law enforcement agencies shall be accomplished only as a secondary action when a driver of a motor vehicle has been cited or charged with a violation or some other offense.

Reps. Denley and Ryan spoke against.

Rep. Peterson spoke in favor and yielded to questions.

Floor amendment (1187h) failed.

The question now being adoption of the majority committee report of Ought to Pass.

Reps. Bedrick, Winters, Ferland, Boyce and Cali-Pitts spoke against and yielded to questions.

Rep. Skinder spoke in favor and yielded to questions.

Reps. Packard and Denley spoke against.

Reps. Robert Williams, McLeod and Ryan spoke in favor.

Rep. Robert Williams requested a roll call; sufficiently seconded.

MOTION TO RECONSIDER

Having voted with the prevailing side, Rep. Daniel Eaton moved that the House reconsider its action whereby it adopted the majority committee report of Ought to Pass on **HB 802**, relative to passenger restraints.

Rep. Daniel Eaton spoke against.

On a division vote, 131 members having voted in the affirmative and 162 in the negative, the motion failed.

REGULAR CALENDAR – SPECIAL ORDERS (CONT'D)

HB 494-FN-A, relative to keno in New Hampshire. **INEXPEDIENT TO LEGISLATE.**

Rep. Catherine Mulholland for Ways and Means: This bill was an attempt to expand our lottery revenues for the Education Trust Fund. However, testimony indicated the placing of 500 keno machines in the state would generate no more than \$2-6 million after expenses, based upon results in average performing states, Maryland and Missouri. The sponsor agreed this was not worth the effort. Vote 13-6.

Committee report adopted.

HB 619-FN-A, establishing an additional exemption from the interest and dividends tax for individuals who are 70 years of age or older. **INEXPEDIENT TO LEGISLATE.**

Rep. Gilman C. Shattuck for Ways and Means: While the committee is very sympathetic to the plight of many older citizens, the committee believes that this legislation is an inappropriate approach to this issue. This legislation would give this additional exemption to all individuals who are 70 years or older, regardless of need. There is no needs test such as found in other existing legislation. The committee feels that is unfair. At the same time, existing legislation provides much more substantial relief to qualified elderly for property taxes. Selectmen may further abate property taxes if appropriate. Vote 17-2.

Rep. Lynne Ober requested a roll call; sufficiently seconded.

and the committee report was adopted.

BILLS REMOVED FROM CONSENT CALENDAR – SPECIAL ORDERS

HB 606-FN, relative to the minimum age for purchasing, possessing, or using tobacco products. **INEXPEDIENT TO LEGISLATE.**

Rep. Edward A. Butler for Commerce: The intention of this bill is that it will protect the health of older teenagers until age 21, when they will be more mature and better able to decide whether to smoke cigarettes. It was also suggested that it would then be easier to identify under-age smokers. The committee agreed that it would be unreasonable to raise the age limit and difficult to enforce. Furthermore, there would be a significant negative impact on the general fund (general fund revenue by \$3,145,000 in FY 2008 and \$6,290,000 in FY 2009 and each year thereafter, and decrease education trust fund revenue by \$3,655,000 in FY 2008 and \$7,310,000 in FY 2009 and each year thereafter). Vote 15-1.

Rep. Timothy Robertson spoke against and yielded to questions.

Rep. Jasper spoke against.

Rep. Butler spoke in favor.

Committee report adopted.

HB 745, relative to the use of secret databases. **INEXPEDIENT TO LEGISLATE.**

Rep. Matthew S. Houde for Commerce: This bill would prohibit, with certain exceptions, the use of government databases containing personal information if the individual about whom personal information is maintained is not provided an opportunity to challenge the accuracy of the information. The committee is concerned that many of the potential enumerated uses of information from the databases are already covered by the federal Fair Credit Reporting Act and that enforcement of the bill is not feasible. Vote 16-0.

Rep. Kurk spoke against.

Rep. Jill Hammond spoke in favor.

On a division vote, 120 members having voted in the affirmative and 129 in the negative, the committee report failed.

Rep. Kurk moved Recommit.

Rep. Hunt spoke against.

LAID ON THE TABLE

Rep. Daniel Eaton moved that **HB 745**, relative to the use of secret databases, be laid on the table.

On a division vote, 151 members having voted in the affirmative and 134 in the negative, the motion was adopted.

BILLS REMOVED FROM CONSENT CALENDAR – SPECIAL ORDERS (CONT'D)

HB 762-FN, prohibiting smoking in restaurants, cocktail lounges, and certain enclosed places. **INEXPEDIENT TO LEGISLATE.**

Rep. Edward A. Butler for Commerce: This bill was voted inexpedient to legislate after it was confirmed that SB 42, also a smoking ban bill, will come to the committee. This issue will receive a full hearing and review with SB 42. Vote 15-1.

Rep. Holden spoke against.

Rep. Butler spoke in favor.

Rep. Winters requested a roll call; sufficiently seconded.

and the committee report was adopted.

HB 92, decriminalizing marijuana. INEXPEDIENT TO LEGISLATE.

Rep. John E. Tholl for Criminal Justice and Public Safety: This bill would have allowed any person to have in their possession, cultivate, or sell any quantity of marijuana. There would be no difference between a person who had in his possession ¼ oz. of marijuana for personal use, or a person who had a tractor trailer load (20 tons). One of the arguments made was that if it were legal the state could tax it and have revenue income from the sale. This argument falls short for several reasons. It would still be illegal under federal law and arrests could and would be made by federal agents. The idea that people would pay taxes for something that they could grow in their gardens under the bill is less than realistic. Another argument is that the jails are full of inmates whose sole offense was possession of small amounts of marijuana. This argument also falls short as the conviction for possession of small amounts of marijuana results in a fine ranging from \$100 to \$250 and no jail sentence. The committee felt that HB 92 was ill conceived and would only result in numerous problems without solving any. Vote 13-3.

Reps. Weed and Vaillancourt spoke against.

Rep. Mark Clark moved Recommit.

LAI D ON THE TABLE

Rep. Campbell moved that **HB 92**, decriminalizing marijuana, be laid on the table.

On a division vote, 186 members having voted in the affirmative and 99 in the negative, the motion was adopted.

**BILLS REMOVED FROM CONSENT CALENDAR – SPECIAL ORDERS
(CONT'D)**

HB 340, restricting sex offenders from residing within a certain distance from schools and child-oriented organizations. **INEXPEDIENT TO LEGISLATE.**

Rep. John E. Tholl for Criminal Justice and Public Safety: This bill, although well intended, may result in registered sex offenders failing to register because they are unable to find a place to live due to the restrictions. This has happened in other states where, when the restrictions were enacted,

40% of the offenders locations became unknown because they failed to register. When Springfield, MA attempted to pass such legislation, it was discovered that the entire City of Springfield, with the exception of two small blocks, was excluded and these two blocks were in an industrial area. The committee felt that it is important to know who and where the registrants reside. Vote 15-1.

Rep. Infantine spoke against.

Rep. Tholl spoke in favor.

Rep. Infantine requested a roll call; sufficiently seconded.

Gagnon, Raymond Jillette, Arthur Jr Rodeschin, Beverly
and the committee report was adopted.

HB 591-FN, relative to an affirmative defense to certain felonious sexual assault offenses. **INEXPEDIENT TO LEGISLATE.**

Rep. Ellen Nielsen for Criminal Justice and Public Safety: The committee felt that this bill focuses attention on the behavior of the victim rather than the accountability of the offender and that it might well undermine the Rape Shield Law. A Fiscal Note for this bill was not yet available. Vote 14-4. Rep. Nielsen yielded to questions.

Rep. James Garrity moved the previous question.

On a division vote, 246 members having voted in the affirmative and 35 in the negative, the motion to limit debate was adopted.

Committee report adopted.

HB 655-FN, relative to unborn victims of violence. **INEXPEDIENT TO LEGISLATE.**

Rep. Lori A. Movsesian for Criminal Justice and Public Safety: The New Hampshire Legislature has consistently rejected legislation aimed at creating separate legal status for a fetus. HB 655 is another attempt to define "unborn child" in statute. New Hampshire law already imposes an additional penalty for assailants who commit a violent act toward a pregnant woman resulting in miscarriage or stillbirth. In 1991, New Hampshire passed laws that punish an assailant who "purposely, or knowingly causes injury to another resulting in miscarriage or stillbirth" (RSA 631:1c), or who "recklessly or negligently causes injury to another resulting in miscarriage or stillbirth" (RSA 631:2e). An assault on the mother is an assault on the fetus. This bill is simply unnecessary. Vote 10-6.

Rep. Itse spoke against and yielded to questions.

Rep. Rowe spoke against.

Rep. William Knowles spoke in favor.

Rep. Bettencourt requested a roll call; sufficiently seconded.

and the committee report was adopted.

Rodeschin, Beverly

HB 902, establishing a committee to study the costs and benefits of the drug prohibition policy on the people of New Hampshire. **INEXPEDIENT TO LEGISLATE.**

Rep. David A. Welch for Criminal Justice and Public Safety: This bill asks for a committee to study and report to the legislature whether or not our "War on Drugs" has been effective. Many of us believe that it has not been effective, but feel that any alternative other than legalizing drugs would not be acceptable to the proponents. As time goes on and more and more money is spent and lives are lost, we may realize a need to alter our system of laws to reflect changes in our society. Yet another study to state the obvious and gather dust in some executive office will not help. The proponents ought to gather the information themselves and make the report to all of us for consideration. Vote 14-2.

Rep. Mark Clark spoke against and yielded to questions.

Rep. Ingbretson spoke against.

Rep. Welch spoke in favor.

Rep. Hutchinson moved the previous question.

Adopted.

On a division vote, 229 members having voted in the affirmative and 37 in the negative, the committee report was adopted.

HB 314, authorizing the Pelham school board to transfer funds for the purpose of renting portable classrooms. **INEXPEDIENT TO LEGISLATE.**

Rep. Sharon M. Carson for Education: This bill attempted to address a confusing situation. The citizens of Pelham voted on a school bonding issue last year dealing with the purchase of portable classrooms. The majority voted not to adopt the warrant article. Subsequently, upon an inspection by the fire chief, the high school was found to have numerous code violations. The school board made a decision to close those classrooms and replace them with portables, an apparent violation of the “no means no” law. The school board attempted to seek a remedy to this situation by appealing to town officials and the State Board of Education. The State Board denied the request to relieve the district of potential liability. At a recent town meeting, the town decided to pay for the portable classrooms. There was concern expressed by the committee that we did not have the expertise to deal with violations of the “no means no” law and could not give them the relief they needed. Vote 11-1.

Committee report adopted.

HB 424-FN-A, relative to industrial hemp and establishing an industrial hemp special program fund. **OUGHT TO PASS.**

Rep. Derek Owen for Environment and Agriculture: This bill to allow the growing, cultivation and processing of industrial hemp should be passed. There are many countries that allow it including our neighbor Canada with which we share a border. This agricultural crop can be used in numerous ways: as a food product (hemp oil, hemp seed, and hemp beer), body products (shampoo and soaps), animal feed and bedding, paper, clothing and plastic products, and finally as a fuel or pulp product. The only opposition to this bill was a representative from the testing lab from the Department of Safety and a member of the Chiefs’ of Police. Their testimony was primarily based on the assumption that hemp and marijuana are both problematic in the mind altering abilities. You don’t smoke hemp. A wheelbarrow full would only make you sick. The main differences between the two are: hemp plants are grown very close together (to promote stalk for cellulose) and “pot” is grown well apart (to promote flowers and leaves). Also the T.H.C. (the mind altering compound) has almost been completely bred out of hemp which by law can be no more than three tenths of 1 percent. And finally because of cross pollination effects, marijuana cannot be grown anywhere near hemp. Vote 14-3.

Rep. Peterson spoke against.

Rep. Owen spoke in favor.

Rep. Peterson requested a roll call; sufficiently seconded.

and the committee report was adopted.

Ordered to third reading.

HB 363, relative to certain notification for emergency contraception. **INEXPEDIENT TO LEGISLATE.**

Rep. Ken Hawkins for Executive Departments and Administration: This bill would require the pharmacists dispensing emergency contraception to post a sign at each cash register with a statement about fertilization. The committee was reluctant to force private businesses to display signs expressing a particular point of view. Pharmacists also indicated their great concern at displaying signs that they (or their check out staff) might well be forced to explain to the general public. While some of the committee was sympathetic to the intention of the bill, no one thought this bill was good public policy. Vote 17-0.

Committee report adopted.

CLERK'S NOTE

When less than two-thirds of the elected membership is present, Part II, Article 20 of the state constitution requires the assent of two-thirds of those present and voting to render their acts and proceedings valid.

BILLS REMOVED FROM CONSENT CALENDAR – SPECIAL ORDERS (CONT'D)

CACR 17, relating to funding for education. Providing that revenue from lotteries and games of chance may only be used for educational purposes. **INEXPEDIENT TO LEGISLATE.**

Rep. Robert A. Foose for Finance: This constitutional amendment expands the definition of gambling revenues to provide that revenues from games of chance may only be used for educational purposes. The majority of the committee believed that it is premature to add games of chance as another source of permitted gambling unless the legislature first acts to approve “games of chance.” Vote 19-1.

MOTION TO LAY ON THE TABLE

Rep. Leishman moved that **CACR 17**, relating to funding for education. Providing that revenue from lotteries and games of chance may only be used for educational purposes, be laid on the table. On a division vote, 153 members having voted in the affirmative and 109 in the negative, the motion failed lacking the necessary three-fifths vote.

The question now being adoption of the committee report of Inexpedient to Legislate. On a division vote, 245 members having voted in the affirmative and 18 in the negative, the committee report was adopted by the necessary two-thirds.

BILLS REMOVED FROM CONSENT CALENDAR – SPECIAL ORDERS (CONT'D)

HB 567-FN, relative to lowering the legal drinking age. **INEXPEDIENT TO LEGISLATE.**

Rep. Frances D. Potter for Judiciary: This bill was strongly opposed in testimony. A representative of the Health and Human Services Department pointed out that no state has a drinking age under 21. The committee heard testimony from NH Liquor Commission Enforcement and Licensing that the brains of 18-25 year-olds are still developing. A board certified health educator from St. Paul’s School stated that alcohol use is a primary medical concern. He also stated that the adolescent brain is vulnerable and not like the adult brain. Alcohol disrupts sleep cycles, short term memory, and impairs maturation, as well as causing the loss of frontal lobe function, permanently. For these reasons the committee recommends Inexpedient to Legislate. Vote 17-0.

Rep. Timothy Robertson spoke against.

Rep. Potter spoke in favor.

On a division vote, 234 members having voted in the affirmative and 31 in the negative, the committee report was adopted by the necessary two-thirds.

HB 670, relative to repealing the incorporation of the New Hampshire Bar Association. **INEXPEDIENT TO LEGISLATE.**

Rep. Bette R. Lasky for Judiciary: This bill would revoke the charter granted to the New Hampshire Bar Association in 1873 by the New Hampshire Legislature. The committee recognized that it is the responsibility of the Judicial Branch to regulate the practice of law in our state and they have chosen to do so through the New Hampshire Bar Association. Furthermore, this bill would have required any and all assets of the New Hampshire Bar Association to be forfeited to the State of New Hampshire. This action would be contrary to Part 1, Article 19, of the New Hampshire Constitution. Vote 16-0. Committee report adopted by the necessary two-thirds.

HB 906, relative to an informed jury. **INEXPEDIENT TO LEGISLATE.**

Rep. Gary B. Richardson for Judiciary: The majority of the committee felt that the instructions that are currently given to juries on jury nullification are adequate, and that it would be a mistake to encourage juries to ignore the law that is given to them by the judge. It is the passage of laws following the legislative process that should govern our conduct, not juries. Vote 15-1.

Rep. DiFruscia spoke against.

Rep. Weber spoke in favor.

On a division vote, 199 members having voted in the affirmative and 59 in the negative, the committee report was adopted by the necessary two-thirds.

HB 310, allowing municipalities to regulate small wind energy systems. **OUGHT TO PASS.**

Rep. Mary R. Cooney for Municipal and County Government: Municipalities may now allow the construction of residential wind turbines. This bill helps them by establishing guidelines for

height and set backs. Under this bill, municipalities may adopt ordinances to allow these residential uses of wind energy systems consistent with the overall goal of saving energy. As part of this bill, the office of energy and planning will develop a technical bulletin relative to model municipal ordinances. Vote 10-2.

Rep. Simon moved Recommit.

Adopted by the necessary two-thirds.

Recommitted to the Committee on Municipal and County Government.

Rep. Peter Allen declared a conflict of interest on **HB 310** and did not participate.

HB 474, excluding septic and sewage treatment facilities from the tax exemption for water and air pollution control facilities. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Betsey L. Patten for Municipal and County Government: The original law exempting pollution control facilities from the local real estate tax was passed in 1955. During discussion last session regarding these facilities it was brought out that the law could be applied to every private septic and sewage treatment system. The Department of Environmental Services has only granted this tax exemption twice in 2004, with no input from the municipalities. This year another request for exemption of a private septic system was received. HB 474 was introduced to remove private septic and sewage treatment systems from RSA 72:12-a "Water and Air Pollution Control Facilities." In essence, the state gives these local property tax exemptions even when the requirement for septic and sewage treatment systems are mandated by the state and federal government. The committee supports the amendment removing these private systems used primarily for the treatment or disposal of human water from this property tax exemption. Vote 15-0.

Amendment (0769h)

Amend RSA 72:12-a, I as inserted by section 1 of the bill by replacing it with the following:

I. Any person, firm or corporation which builds, constructs, installs, or places in use in this state any treatment facility, device, appliance, or installation wholly or partly for the purpose of reducing, controlling, or eliminating any source of air or water pollution shall be entitled to have the value of said facility and any real estate necessary therefor, or a percentage thereof determined in accordance with this section, exempted from the taxes levied under this chapter for the period of years in which the facility, device, appliance, or installation is used in accordance with the provisions of this section. This paragraph shall not apply to privately-owned landfills or ancillary facilities located at such landfills, *or to private septic and sewage treatment systems that have as their primary purpose treatment or disposal of human waste.*

Amend section 2 of the bill by replacing it with the following:

2 Effective Date. This act shall take effect April 1, 2008.

Rep. Theberge moved Recommit.

Adopted by the necessary two-thirds.

Recommitted to the Committee on Municipal and County Government.

HB 674, extending the veterans' property tax credit to all honorably discharged veterans. **INEXPEDIENT TO LEGISLATE.**

Rep. Jessie L. Osborne for Municipal and County Government: The committee felt that this bill would shift the tax burden to the rest of the population by imposing a new tax on residents due 4/1 every year of \$10 per person ages 18-65 to pay for this new all encompassing veterans property tax credit. This tax credit is not means tested and in addition repeals definition of combat veterans, specific wars and time frames which are necessary references for other RSAs. NH already recognizes and honors its combat veterans with property tax credit. Vote 15-0.

Reps. Lawrence, Haefner and Baldasaro spoke against.

Rep. Theberge spoke in favor and yielded to questions.

Rep. Bettencourt requested a roll call; sufficiently seconded.

and the committee report failed lacking the necessary two-thirds.

LAID ON THE TABLE

Rep. Campbell moved that **HB 674**, extending the veterans' property tax credit to all honorably discharged veterans, be laid on the table.

On a division vote, 176 members having voted in the affirmative and 79 in the negative, the motion was adopted by the necessary two-thirds.

Rep. Ingbretonson declared a conflict of interest on **HB 674** and did not participate.

BILLS REMOVED FROM CONSENT CALENDAR – SPECIAL ORDERS
(CONT'D)

HB 318, relative to large groundwater withdrawals. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Pamela J. Hubbard for Resources, Recreation and Development: This bill amends certain statutes relating to large groundwater withdrawals in order to make all statutes consistent with one another. The amendment specifies that the same large groundwater permit is required for withdrawals from multiple wells installed on the same property as a single well extracting that quantity (57,600 gallons per day). Vote 16-0.

Amendment (0605h)

Amend the bill by replacing all after the enacting clause with the following:

1 Approval for Large Groundwater Withdrawals. Amend RSA 485-C:21, I to read as follows:

I. No person may withdraw *more than a total of 57,600 gallons [or more]* of water in any 24-hour period from [~~a well sited after the effective date of this section~~] *a well or wells sited at a single property or place of business after the effective date of this section, regardless of the number of wells sited on the property or business*, without the prior approval of the department.

2 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill limits the withdraw of groundwater to the cumulative amount of 57,600 gallons from a single property or place of business, regardless of the number of wells on that property.

Amendment adopted.

Committee report adopted by the necessary two-thirds.

Ordered to third reading.

HB 710, establishing a commission to study issues relative to the practice of leasing state-owned real estate on the shores of public waters. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Harry C. Merrow for Resources, Recreation and Development: This bill forms a committee to study the issues relative to leasing state owned real estate on the shores of public waters. While allowing for the extension of existing leases, it temporarily prohibits entering into any new leases between the effective date and January 2009. Vote 14-0.

Amendment (0807h)

Amend the title of the bill by replacing it with the following:

AN ACT establishing a commission to study issues relative to the practice of leasing state-owned real estate on the shores of public waters and temporarily prohibiting new leases of state-owned real estate on the shores of public waters.

Amend paragraph I of section 2 of the bill by inserting after subparagraph (k) the following new subparagraphs:

(l) Two members of the public, appointed by the governor.

(m) One representative from the department of safety.

(n) One representative from the long range capital planning and utilization committee.

(o) One representative of a municipality with leased shorefront property, appointed by the

New Hampshire Municipal Association.

Amend the bill by replacing section 4 with the following:

4 Chairperson; Quorum. The members of the study commission shall elect a chairperson from among the members. The first meeting of the commission shall be called by the first-named house member. The first meeting of the commission shall be held within 45 days of the effective date of this section. Nine members of the commission shall constitute a quorum.

Amend the bill by inserting after section 5 the following and renumbering the original section 6 to read as 7:

6 Leases; Temporary Prohibition. The state shall not enter into any new leases of real estate on the shores of public waters between the effective date of this section and January 1, 2009. The state may extend any lease in effect on the effective date of this section.

AMENDED ANALYSIS

This bill establishes a commission to study issues relative to the practice of leasing state-owned real estate on the shores of public waters. This bill also temporarily prohibits new leases of state-owned real estate on the shores of public waters.

Rep. Spang spoke against.

Amendment failed.

Rep. Cloutier offered floor amendment (1032h).

Floor Amendment (1032h)

Amend paragraph I of section 2 of the bill by inserting after subparagraph (k) the following new subparagraphs:

- (l) Two members of the public, appointed by the governor.
- (m) One representative from the department of safety.
- (n) One representative from the long range capital planning and utilization committee.
- (o) One representative of a municipality with leased shorefront property, appointed by the New Hampshire Municipal Association.

Amend the bill by replacing sections 4 and 5 with the following:

4 Chairperson; Quorum. The members of the study commission shall elect a chairperson from among the members. The first meeting of the commission shall be called by the first-named house member. The first meeting of the commission shall be held within 45 days of the effective date of this section. Nine members of the commission shall constitute a quorum.

5 Report. The commission shall report its findings and any recommendations for proposed legislation in a final report to the speaker of the house of representatives, the president of the senate, the house clerk, the senate clerk, the governor, the commissioner of transportation, the commissioner of environmental services, the director of the office of energy and planning, the chair of the long range capital planning and utilization committee, and the state library on or before November 30, 2008.

Rep. Cloutier spoke in favor and yielded to questions.

Floor amendment (1032h) adopted by the necessary two-thirds.

Committee report adopted by the necessary two-thirds.

Ordered to third reading.

HB 559, relative to seat belts on school buses. INEXPEDIENT TO LEGISLATE.

Rep. Howard N. Cunningham for Transportation: Student safety was the foremost concern of the committee. The language of this bill refers to "seat belts" – line 10 – without specificity as to type of belts. There are two types of seat belts: two point lap belts and three point shoulder-lap belts. Research and testimony indicated a high probability of secondary injury from the use of 2 point belts in an impact accident. In addition, 3 point belts need to be sized to students in order to be effective. The 3 point belt anchors require enough space to reduce the student capacity of a bus by one third. This would create the need for additional buses thus increase the odds of an accident. The issue of student misuse of the belts in interactions with other students was also an issue as was the release of students from belts in case of either fire or accident in which the bus came to rest upside down. The science and technology of school bus safety is ongoing and student safety is presently at a very high level. If student safety is an issue we could save significantly more students by focusing efforts on students driven to and from school in private vehicles by parents or siblings. Vote 17-0.

Committee report adopted by the necessary two-thirds.

HB 795, relative to restricting usage of cellular phones while driving. INEXPEDIENT TO LEGISLATE.

Rep. Sherman A. Packard for Transportation: The bill seeks to impose a violation and thereby prohibit the use of conventional cellular phones by drivers while a motor vehicle is in operation. The laudable intent of the sponsor was to focus drivers on the task of driving and to discourage the lamentable pattern of using phones and engaging in other activities that distract the driver and increase the risk of driving error and accident. A similar bill appeared before the House in a previous session and the House responded by enacting laws to regulate negligent driving. We believe enforcement of that statute is crucial to the goals of the sponsor and while we resolve that this bill is inexpedient to legislate, we do agree to closely work with the Department of Safety to observe enforcement of the negligent driving statute as we share the sponsor's well-founded concerns. Vote 11-4.

Committee report adopted by the necessary two-thirds.

CACR 16, relating to an income and a sales tax. Providing that there shall be a state referendum prior to the legislature's adoption of an income tax or sales tax. INEXPEDIENT TO LEGISLATE.

Rep. Priscilla P. Lockwood for Ways and Means: This CACR allows for a statewide referendum before the introduction of an income tax or sales tax bill. This state is not a referendum state and the committee agreed that this bill should be ITL. Vote 18-0.

Rep. Boyce requested a roll call; sufficiently seconded.

and the committee report was adopted by the necessary two-thirds.

Reps. Ulery and Stiles did not vote and notified the Clerk that they wished to be recorded in favor.

HB 622-FN-A-L, establishing an income tax and repealing all state and local taxes, with the exception of the tobacco tax, beginning in 2012. **INEXPEDIENT TO LEGISLATE.**

Rep. Christine C. Hamm for Ways and Means: By replacing all but one of New Hampshire's current revenue sources with an income tax for a trial period from FY 2012 to FY 2018, this bill would radically reshape how both the state and municipalities raise funds. Committee members were apprehensive about a five-year trial of such magnitude and expressed concern about its implication, including the loss of local control and the assumption that all levels of government could survive on a one-percent increase over recent spending. Vote 18-0.

On a division vote, 250 members having voted in the affirmative and 8 in the negative, the committee report was adopted by the necessary two-thirds.

HB 757-FN-A, relative to the beer tax. **INEXPEDIENT TO LEGISLATE.**

Rep. Peyton B. Hinkle for Ways and Means: This bill changes the way beer is taxed from \$0.30 per gallon to 5% of the wholesale value per 12 ounces sold to retail. No other state taxes beer this way. The Liquor Commission felt this would make beer tax collection more difficult and complicated to enforce. The proposed changes may result in less tax being collected in the case of keg beer. The Retail Grocers Association was opposed because their member stores enjoy an advantage from having no sales tax. Approximately 40 percent of the sale from convenience stores and mom-and-pop stores is cross-border, and they could lose sales of not only of beer, but of other products as well. This is critical since stores operate at a margin of around 1% in the case of larger chains down to ¼% for small operators. Other members of the committee felt that since the features of this bill are contained in another bill being retained by the committee, an amended beer tax could still be considered at a later date, which might not create the same problems. Vote 18-1. Committee report adopted by the necessary two-thirds.

HB 793-FN-A, establishing an exemption from the interest and dividends tax for individuals who are 62 years of age or older. **INEXPEDIENT TO LEGISLATE.**

Rep. William A. Hatch for Ways and Means: This bill establishes a \$24,000 exemption from the interest and dividends tax for individuals who are 62 years of age or older. The committee commends the sponsor for his attempt to aid this group, however the fiscal note shows a loss of \$15,443,000 in revenue based on 2005 tax data and assumes at least that amount in 2008 and thereafter without replacement. Also there is not a means test offered to identify individual need. Vote 18-1.

On a division vote, 222 members having voted in the affirmative and 37 in the negative, the committee report was adopted by the necessary two-thirds.

HB 820-FN-A, establishing tax on candy. **INEXPEDIENT TO LEGISLATE.**

Rep. Catherine Mulholland for Ways and Means: Although well-intentioned, this bill provoked an outcry from wholesalers, distributors and vending machine salespeople. Requiring a stamp on every package and candy bar would present untold expense for the middleman and as such the verdict was inexpedient to legislate. Vote 19-0.

On a division vote, 257 members having voted in the affirmative and 3 in the negative, the committee report was adopted by the necessary two-thirds.

HB 891-FN-A, establishing a beverage fee to be paid by beverage manufacturers and distributors. **INEXPEDIENT TO LEGISLATE.**

Rep. Ron J. Mack for Ways and Means: The committee recognized the financial burden placed on local bottlers, the complexity of tracking the interstate products and the discriminatory issue of determining which products should be included in the fee schedule. Over the past several years, many states have eliminated their beverage fee on nonalcoholic beverages and the committee is aware of only three states that still impose a beverage tax/fee. The Department of Revenue Administration was unable to determine how much revenue this would bring in or the fiscal impact on state expenditures. Vote 19-0.

Committee report adopted by the necessary two-thirds.

HB 913-FN-A, establishing a senior citizen property tax postponement program. **INEXPEDIENT TO LEGISLATE.**

Rep. Ron J. Mack for Ways and Means: This bill requires the New Hampshire Housing Finance Authority to organize, evaluate and administer individual senior citizens property tax relief. The committee determined that the administrative costs will be excessive. The State Treasury Depart-

ment determined taxable bonds, rather than state tax-exempt bonds must be issued, thus negating any cost advantage in the bond market. The Municipal and County Government Committee has retained a similar bill (HB 829) for future study. Vote 19-0.

Rep. Almy spoke in favor.

Committee report adopted by the necessary two-thirds.

RESOLUTION

Rep. Wallner offered the following: **RESOLVED**, that the House now adjourn from the early session, that the business of the late session be in order at the present time, that the reading of bills be by title only and resolutions by caption only and that all bills ordered to third reading be read a third time by this resolution, and that all titles of bills be the same as adopted, and that they be passed at the present time, and when the House adjourns today it be to meet Wednesday, April 11, 2007 at 10:00 a.m.

Adopted by the necessary two-thirds.

LATE SESSION

Third reading and final passage

HB 753-FN-A, relative to the electronic toll collection transponder inventory fund.

HB 754-FN, repealing the law relative to the Maine-New Hampshire Interstate Bridge Authority.

HB 689, establishing a commission to study production and distribution of biodiesel fuel in New Hampshire.

HB 768, relative to voluntary registration with the Eastern Climate Registry.

HR 7, urging increased consideration and preservation of local authority in international trade and investment agreements.

HR 9, supporting the U.S. Mayors Climate Protection Agreement.

HB 898, relative to the use of sled dogs and the training of sled dogs on state trails.

HB 873-FN-L, establishing minimum renewable standards for energy portfolios.

HB 685, prohibiting New Hampshire from participating in a national identification card system.

HB 755-FN, relative to transfers of motor vehicle permits.

HB 802, relative to passenger restraints.

HB 424-FN-A, relative to industrial hemp and establishing an industrial hemp special program fund.

HB 318, relative to large groundwater withdrawals.

HB 710, establishing a commission to study issues relative to the practice of leasing state-owned real estate on the shores of public waters.

ENROLLED BILL REPORT

The Committee on Enrolled Bills has examined and found correctly enrolled Senate Bill number 36.

Rep. Hager, Sen. D'Allesandro for the Committee

UNANIMOUS CONSENT

Rep. Wendelboe addressed the House.

RECESS MOTION

Rep. Wallner moved that the House stand in recess for the purpose of introduction of bills, enrolled bill amendments, enrolled bill reports and receiving Senate messages.

Adopted.

The House recessed at 7:00 p.m.

RECESS

(Rep. Foster in the Chair)

RESOLUTION

Rep. Gionet offered the following: **RESOLVED**, that in accordance with the list in the possession of the Clerk, Senate Bills numbered 46, 57, 60, 86, 87, 93, 95, 133, 144, 148, 149, 153, 155, 160, 169, 187, 192, 206, 215, 216, 220 through 222, 229, 231, 245, 252, 260 and Senate Concurrent Resolutions numbered 2 and 4 shall be by this resolution read a first and second time by the therein listed titles and referred to the therein designated committees.

Adopted.

INTRODUCTION OF SENATE BILLS AND SCRS**First, second reading and referral**

SB 46, requiring criminal conviction record checks of all applicants to practice medicine in New Hampshire. (Executive Departments and Administration)

SB 57, requiring a course in civics for high school graduation. (Education)

SB 60-FN, relative to compensations for injuries and illnesses suffered by national guard members on state active duty. (Labor, Industrial and Rehabilitative Services)

SB 86, naming a bridge in Plymouth. (Public Works and Highways)

SB 87, making technical corrections to certain lottery commission provisions. (Ways and Means)

SB 93-FN, relative to insurance coverage for children's early intervention therapy services. (Commerce)

SB 95, relative to bingo games conducted by senior citizens' organizations. (Ways and Means)

SB 133-FN, relative to the escrow fund for court facility improvements. (Judiciary)

SB 144-FN, relative to the permissible sales commission on the sale of lottery tickets. (Ways and Means)

SB 148-FN, relative to retirement system status for members of the university system police force. (Executive Departments and Administration)

SB 149, relative to the 2 family support councils for the developmentally disabled serving Lebanon and Claremont. (Health, Human Services and Elderly Affairs)

SB 153, establishing a committee to study changing statutory references to "mental retardation." (Health, Human Services and Elderly Affairs)

SB 155, relative to insurance coverage for chiropractic services. (Commerce)

SB 160-FN-L, adding members to the Skyhaven airport operation commission and changing the required completion date for the Skyhaven airport transfer plan. (Public Works and Highways)

SB 169-FN-A, establishing a death benefit to be paid to the family of a police officer or firefighter killed in the line of duty and establishing a committee to study the feasibility of establishing a state death benefit for emergency medical technicians killed in the line of duty. (Executive Departments and Administration)

SB 187, relative to motor vehicles operated in parades. (Transportation)

SB 192-FN, establishing an outreach program in the children's health insurance program. (Health, Human Services and Elderly Affairs)

SB 206-FN-L, relative to the investment authority of local government entities. (Municipal and County Government)

SB 215-FN-A, making an appropriation for AIDS services. (Health, Human Services and Elderly Affairs)

SB 216, relative to certification of employee organizations to represent public employees. (Labor, Industrial and Rehabilitative Services)

SB 220, establishing a commission to study the feasibility of establishing a public review board for health insurance rate increase requests. (Commerce)

SB 221, establishing a commission to organize events in celebration of the Abraham Lincoln bicentennial. (State-Federal Relations and Veterans Affairs)

SB 222-FN, relative to health insurance for national guard members. (Commerce)

SB 229, relative to restitution ordered against an inmate. (Executive Departments and Administration)

SB 231, exempting certain department of corrections practices and procedures from the provisions of RSA 541-A. (Executive Departments and Administration)

SB 245, relative to the New Hampshire college tuition savings plan. (Education)

SB 252, relative to publication of supreme court reports. (Judiciary)

SB 260-FN, relative to the location and budget practices of the lottery commission. (Executive Departments and Administration)

SCR 2, urging Congress to amend the No Child Left Behind Act. (Education)

SCR 4, calling on the President and the Congress to fully fund the federal government's share of special education services in public elementary and secondary schools in the United States under the Individuals with Disabilities Education Act. (Education)

RECESS**(Speaker Norelli in the Chair)**

Rep. Wallner moved that the House adjourn.

Adopted.

HOUSE JOURNAL No. 14

Wednesday, April 11, 2007

The House assembled at 10:00 a.m., the hour to which it stood adjourned, and was called to order by the Speaker.

Prayer was offered by House Chaplain, Reverend Jared A. Rardin, Pastor of the South Congregational Church in Concord.

O God of Holy struggle, we have had quite a couple of weeks here together in this chamber - long days, heated debates, and significant differences of opinion. Remind us now and then what a privilege it is, disguised though it may be, to have long days together, to engage in heated debates, and to express our differences of opinion. Give to us the extra measure of awareness we need to discover the blessings that are often hidden in the midst of our struggles.

We pause at the beginning of this session to re-center ourselves, to be in silence that we might be mindful of the power of wordlessness, and that we might pray silently for those whose lives and challenges are very much in our thoughts today.

O God of kindness and of justice, of bills and budgets, in some small way today, broaden and deepen our work in ways which affirm the extension of life, liberty and responsibility to all those in this state whom we serve, whatever their station, whatever their orientation, whatever their economic situation, whatever their race, whatever their creed, and whatever their need. Amen.

Rep. Vernon Dingman, member from Haverhill, led the Pledge of Allegiance.

The National Anthem was sung by Zach Bencal, a student at Londonderry High School.

LEAVES OF ABSENCE

Reps. Stephen Johnson, Owen, Carl Robertson and Stohl, the day, illness.

Reps. Bishop, Jennifer Brown, Ingersoll, Lister, Morrison, O'Keefe, Serlin and Srncac, the day, important business.

INTRODUCTION OF GUESTS

Cindy and Jonah Bencal, mother and brother of the singer, guests of the House. Jane McGaw Palmer and Bob Landman, guests of Rep. Judith Day. Tim, Ben and Jon Arsenault and members of the Gay Straight United Club of Laconia High School, guests of Reps. Reeve and Arsenault. Catherine Dingman and Wendy Cheney, wife and guest of Rep. Dingman.

TARTAN DAY PROGRAM

Rep. John Hunt introduced special guests who performed for the House in honor of New Hampshire Tartan Day: Piper Elliott Smith and Highland Dancers from the New Hampshire School of Scottish Arts Laura Zbehlick, Marie Holmes, Allison Leger, Abby Crawford, Fionna Barker, Madison Bergethon, Hannah Marcel, Sara Arianna and Colleen Dudley.

Piper Elliott Smith of Concord piped "Flowers of the Forest" in memory of Representatives Lee Slocum, Clair Snyder, Don Carlson and Jim Oliver.

Rep. Rowe offered a traditional Scottish parting blessing and Piper Elliott Smith piped "Amazing Grace."

SUSPENSION OF RULES

Reps. Wallner and Whalley moved that Rule 25(a) be suspended to allow reconsideration of all House action on March 28, 2007 on **HB 83**, relative to the deliberations of certain state agencies under the right-to-know law.

Rep. Wallner spoke in favor.

Adopted by the necessary two-thirds.

RECONSIDERATION

Reps. Mooney and Gary Richardson moved reconsideration of all votes taken on **HB 83**, relative to the deliberations of certain state agencies under the right-to-know law, including majority committee amendment (0953h), floor amendment (0987h) and the majority committee report of Ought to Pass with Amendment.

Reps. Mooney and Gary Richardson spoke in favor.

Adopted.

The question now being adoption of majority committee amendment (0953h).

Adopted.

The question now being adoption of floor amendment (0987h).

Adopted.

The question now being adoption of the majority committee report of Ought to Pass with Amendment.

Adopted.

Ordered to third reading.

COMMITTEE REPORTS

CONSENT CALENDAR

Rep. Wallner moved that the Consent Calendar as printed in the day's House Record be adopted.

HB 660-FN, relative to an assistant state veterinarian, removed by Rep. Vaillancourt.

HB 897-FN-A, relative to the salary of the state veterinarian, removed by Rep. Vaillancourt.

Consent Calendar adopted.

Rep. Timothy Robertson declared a conflict of interest on **HB 239-FN-A** and did not participate in the vote on the Consent Calendar.

HB 137, relative to food safety in restaurants. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Ken Hawkins for Executive Departments and Administration: Food safety in the preparation and serving of food is important not only for the people of New Hampshire but for the many thousands of people who visit New Hampshire. This legislation would assure that at least one person in a food serving establishment will have passed a food safety course and test covering such information as what to know about buying food, how to store food safely and how to safely prepare and serve food. Each establishment will post the certificate of the course and food safety person's name. There are exemptions for farm stands and occasional food service events. All programs offered in New Hampshire are low in cost and able to accommodate people who are unable to read English. There are no financial implications for the state. Vote 15-0.

Amendment (0479h)

Amend RSA 143-A:9-b, III(d) as inserted by section 5 of the bill by replacing it with the following:

(d) Public schools, private schools, and other food service activities licensed under this chapter that are administered under United States Department of Agriculture child nutrition programs.

HB 440-FN, relative to the authority to quarantine to prevent dissemination of forest pests, relative to police training for forest rangers, and relative to forest resources and timber harvesting. **OUGHT TO PASS.**

Rep. A. Laurie Harding for Executive Departments and Administration: This bill requires all forest rangers hired after January 1, 2005 to complete the preparatory training for full-time police officers and that any forest ranger hired before January 1, 2005 be certified as a full time police officer upon successful completion of a preparatory training course. Given the increasing number of incidents of a criminal nature that rangers have encountered over the last 10 years, the committee agreed that this was a reasonable step to take in order to protect the public and the rangers. Vote 14-1.

HB 221, removing the requirement that the department of transportation report certain information relative to highway activity to the department of administrative services. **OUGHT TO PASS.**

Rep. Kenneth L. Weyler for Finance: Similar to HB 220, this bill relieves the Department of Transportation (DOT) from doing a separate report to the Department of Administrative Services (DAS) each biennium. The requirement is redundant for DOT as they already do this in the budget phase. It is not as obvious in the other agencies' budgets as to how the highway funds are spent. Therefore, for accountability purposes, the other agencies must continue to make this report. Vote 22-1.

HB 239-FN-A, appropriating funds to the barn preservation fund matching grants program. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Bernard L. Benn for Finance: This bill appropriates \$150,000 to the Barn Preservation Fund established in 1999 as part of the Historic Agricultural Structures Matching Grants Program in RSA 227-C:27-32. This grant program for privately owned properties complements the LCHIP program for public properties. The program has never been funded by the state, however between 2001 and 2003 it received \$88,746 in grant money from the Federal Historic Preserva-

tion Fund of the National Park Service which it leveraged to raise \$128,828 of private matching funds for total of \$217,574 used for restoration of 11 barns. The federal grant money is no longer available in New Hampshire. The program's advisory committee is supported by the NH Division of Historical Resources and the NH Preservation Alliance. It has offered workshops and technical support to over 4,000 residents in over 60 NH communities. There was wide support for the idea of barn preservation in the committee although some would like to clarify the criteria for awarding the matching grants to include some form of "means testing." The committee amended the bill to appropriate \$1.00 to establish a line in the '08-'09 budget which, the testimony suggested, would help the advisory committee solicit contributions and/or gain additional future funding for the preservation program. Vote 24-0.

Amendment (0891h)

Amend the bill by replacing section 1 with the following:

1 Appropriation. The sum of \$1 is appropriated to the division of historical resources, department of cultural resources for each year of the biennium ending June 30, 2009, for the purpose of funding the barn preservation fund established under RSA 227-C:28. The governor is authorized to draw a warrant for said sums out of any money in the treasury not otherwise appropriated.

HB 419-FN-L, relative to the cost to counties of convicted inmates awaiting sentencing in a county correctional facility. **INEXPEDIENT TO LEGISLATE.**

Rep. Peter R. Leishman for Finance: This proposed legislation would require the state to reimburse counties for the costs of any inmate incarcerated at a county correctional facility if the inmate is awaiting the completion of a pre-sentencing investigation and their confinement has exceeded 30 days. The committee was unable to determine the financial impact of this proposed legislation on the state or the counties. Vote 24-0.

HB 433-FN-A, relative to funding of fish and game department search and rescue operations. **INEXPEDIENT TO LEGISLATE.**

Rep. Marjorie K. Smith for Finance: This bill calls for a \$200,000 appropriation from the general fund. The committee agrees that the search and rescue work of the Fish and Game Department is important to the state. It is understood that the department is no longer able to continue to operate without any support from the general fund. Members of the Finance, Fish and Game, and Ways and Means Committees are working to devise an overall funding plan to provide essential support to the department. Funding for search and rescue will be part of the plan which will be incorporated into HB 1 and HB 2. Vote 23-1.

HB 505-FN-A, relative to enhanced water quality monitoring for lakes and beaches. **INEXPEDIENT TO LEGISLATE.**

Rep. Lynne M. Ober for Finance: This bill defines public beach and public bathing places. The purpose was to provide enhanced water quality monitoring, which is a seasonal activity. However, the bill proposed to hire a full time staff member for the Department of Environmental Services (DES). This staff member would duplicate programming already being done in DES, which currently runs a number of programs where volunteers can be trained in monitoring the quality of water. The committee felt that since this was a seasonal activity, the bill should have hired seasonal employees if additional staff is needed to provide water quality monitoring training and felt that little water quality monitoring efforts are expended during late fall, winter and early spring. Vote 22-1.

HB 597-FN, relative to expenditure caps for institutional health facilities under the certificate of need law. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Martha McLeod for Finance: The bill as amended raises the capital expenditure threshold whereby acute care facilities have to apply to the Certificate of Need Process from \$1,173,000 to \$2,504,754. This increase is the result of the annual calculation of the inflation index. Vote 23-0.

Amendment (0674h)

Amend the bill by replacing sections 1 and 2 with the following:

1 Standard Development; Expenditure Cap Changed. Amend RSA 151-C:5, II(a) to read as follows:

(a) The construction, development, expansion, or alteration of any acute care facility requiring a capital expenditure of more than [~~\$1,759,512~~] **\$2,504,754**. The board shall, by rule, adjust the capital expenditure threshold annually using an appropriate inflation index.

2 Standard Development; Expenditure Cap Changed. Amend RSA 151-C:5, II(f)(1) to read as follows:

(f)(1) Except as provided in subparagraph (2), the construction, development, expansion, renovation, or alteration of any nursing home, ambulatory surgical facility, rehabilitation hospital, psychiatric hospital, specialty hospital, or other health care facility requiring a capital expenditure of more than [~~\$1,173,000~~] **\$2,504,754**. The board shall, by rule, adjust the capital expenditure threshold annually using an appropriate inflation index.

HB 623-FN, establishing a game management account in the fish and game fund and transferring certain other fish and game accounts into the game management account. **OUGHT TO PASS.**

Rep. Robert A. Foose for Finance: As originally reported by the Fish and Game Committee, this bill removes separate dedicated funds for moose, bear, wild turkey, and waterfowl licenses or permits, and transfers the balances in those accounts into a new game management account. The game management fund will allow the Fish and Game Department to expend funds in the best interests of the resource and to the best benefit of all our citizens. The consolidation of the dedicated funds will also reduce administration costs amounting to over \$50,000 per year. Vote 22-0.

HB 669-FN-A-L, relative to kindergarten aid and kindergarten construction aid. **INEXPEDIENT TO LEGISLATE.**

Rep. Marjorie K. Smith for Finance: This bill was based on the theoretical future agreement of all school districts to offer kindergarten. Since the initial funding programs for kindergarten expired, the legislature has agreed to funding new kindergarten programs once school districts voted to establish such programs. The committee proposes to continue that practice and the funds necessary for the five relevant school districts will be included in HB 46. Vote 24-1.

HB 911-FN-L, establishing an automated external defibrillator trust fund and making an appropriation therefor. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Martha McLeod for Finance: The original bill established an automated external defibrillator trust fund and made an appropriation to the trust fund. The bill as amended establishes an automated external defibrillator (AED) advisory commission. The intent of the bill is to encourage all schools to obtain and maintain automated external defibrillators at appropriate school locations for the safety and protection of students and others participating in or attending school athletic and related activities. The AED advisory commission would provide leadership, education, coordination, and advocacy throughout the State. The committee heard testimony from people whose lives and been saved because an AED was available as well as from family members of people who may have been saved if an AED had been available for use. Vote 23-0.

Amendment (0924h)

Amend the title of the bill by replacing it with the following:

AN ACT establishing an automated external defibrillator advisory commission.

Amend the bill by replacing all after the enacting clause with the following:

1 Policy and Purpose. Each year, thousands of children and adults die from sudden cardiac arrest while participating in or attending school athletic and related activities. It is the intent of the state of New Hampshire to encourage all schools to obtain and maintain automated external defibrillators at appropriate school locations for the safety and protection of students and others participating in or attending school athletic and related activities.

2 New Chapter; Automated External Defibrillator Advisory Commission Established. Amend RSA by inserting after chapter 195-H the following new chapter:

CHAPTER 195-I

AUTOMATED EXTERNAL DEFIBRILLATOR ADVISORY COMMISSION

195-I:1 Declaration of Purpose. It is the intent of the state of New Hampshire to encourage all schools to obtain and maintain automated external defibrillators at appropriate school locations for the safety and protection of students and others participating in or attending school athletic and related activities.

195-I:2 Automated External Defibrillator Advisory Commission Established.

I. There is hereby established an automated external defibrillator advisory commission which shall provide leadership, education, coordination, and advocacy throughout the state to implement the purposes of this chapter.

II. The commission shall consist of the following members:

- (a) The governor, or designee.
- (b) The state treasurer.
- (c) Two members of the house of representatives, one of whom shall be a member of the house education committee, appointed by the speaker of the house of representatives.
- (d) One member of the senate, appointed by the senate president.
- (e) The school nurse consultant of the department of education.
- (f) The bureau chief of the bureau of emergency medical services of the department of safety.
- (g) A physician, nominated by the New Hampshire Medical Society.
- (h) Three public members, one of whom shall have business experience, appointed by the governor.
- (i) One member from the New Hampshire Interscholastic Athletic Association, appointed by such association.

III. The commission shall:

- (a) Meet at regular times as determined by the commission.
- (b) Review state policies to ensure the achievement of the purposes and policies of this chapter.
- (c) Review and provide coordination strategies for public and private sector efforts and agencies to raise and appropriate funds to ensure the achievement of the purposes and policies of this chapter.
- (d) Establish accounts, and accept and administer grants, donations, and other funds received by the commission to achieve the purposes and policies of this chapter.
- (e) Publish studies and reports, and hold public seminars and educational events, regarding the need to obtain and maintain automated external defibrillators at appropriate school locations for the safety and protection of students and others participating in or attending school athletic and related activities.
- (f) Enter into agreements with state departments or agencies, and private sector organizations and persons, as it deems necessary, to implement and further the policies and purposes of this chapter.
- (g) Advise the general court on legislative initiatives that would further the purposes and policies of this chapter.
- (h) Perform any other tasks it deems necessary for achieving the purposes and policies of this chapter.

IV. Members of the commission shall serve without compensation, except that legislative members shall receive mileage at the legislative rate while attending to the duties of the commission.

V. The commission shall keep written records of all its proceedings.

VI. No member of the commission shall have any personal financial interest in the work of the commission.

VII. Members of the commission shall be held harmless from either criminal or civil liability for any decisions made or services rendered under the provisions of this subdivision.

195-I:3 Power to Accept and Disburse Gifts and Donations. The commission shall have the authority to solicit and receive gifts or donations of any kind, and to disburse such funds to such persons as shall be determined by the commission, to achieve the purposes and policies of this chapter. Notwithstanding any provision of law to the contrary, the commission may accept gifts and donations including, but not limited to, cash gifts and real or personal property, and make disbursements of such funds as shall be determined by the commission without the approval of the governor and council.

195-I:4 Rulemaking. The automated external defibrillator advisory commission shall adopt rules, pursuant to RSA 541-A, relative to:

I. The administration, management, and procedures of the commission.

II. Procedures for determining the disbursement of any gifts and donations among schools and school districts throughout the state.

III. Any other issue which the commission deems relevant to the implementation and administration of the policies and purposes of this chapter.

195-I:5 Report. By November 1 of each year, the commission shall prepare a report regarding the status of the commission's work, including specific reports on the progress of the effort to ensure

that all schools obtain and maintain automated external defibrillators at appropriate school locations for the safety and protection of students and others participating in or attending school athletic and related activities. Such report shall be submitted to the president of the senate, the speaker of the house of representatives, the governor, and the state library, and shall be posted to the state government's Internet website.

3 Effective Date. This act shall take effect July 1, 2007.

AMENDED ANALYSIS

This bill establishes an automated external defibrillator advisory commission.

HB 862-FN, establishing an incapacitated adult fatality review committee. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Gregory M. Sorg for Judiciary: This was a second committee referral on a bill to establish a permanent committee to address issues concerning fatalities among incapacitated adults. The Judiciary Committee amended the bill to clarify the language and intent, but otherwise embraced the intent of the bill and left it untouched substantively. Vote 13-0.

Amendment (1145h)

Amend RSA 21-M:16, II-III as inserted by section 1 of the bill by replacing it with the following:

II. The attorney general shall appoint members and alternate members to the committee. The members of the committee shall include individuals representing the health care field, organizations with expertise in services provided to incapacitated adults, law enforcement, organizations or individuals who advocate for or provide legal representation for incapacitated adults, and such other members as the attorney general determines will assist the committee in fulfilling its objectives. The terms of the members shall be 3 years; provided, that the initial members shall be appointed to staggered terms. Members shall serve at the pleasure of the attorney general.

III. The committee shall:

- (a) Recommend policies, practices, and services that will promote collaboration among service providers for, and reduce preventable fatalities among, incapacitated adults.
- (b) Evaluate policies, practices, interventions and responses to fatalities among incapacitated adults and offer recommendations for any improvements in those interventions and responses.
- (c) Determine and report on trends and patterns of incapacitated adult deaths in New Hampshire.
- (d) Evaluate and report on high risk factors, current practices, gaps in systematic responses, and barriers to safety and well-being for incapacitated adults in New Hampshire.
- (e) Educate the public, policy makers, and budget authorities about fatalities involving covered incapacitated adults.
- (f) Recommend improvements in the sources of data relative to preventing fatalities among incapacitated adults.
- (g) Identify and evaluate the prevalence of risk factors for preventable deaths in the population of incapacitated adults.

Amend RSA 21-M:16, VII as inserted by section 1 of the bill by replacing it with the following:

VII. The committee shall make an annual report, on or before the first day of November each year, beginning on November 1, 2008, to the speaker of the house of representatives, the president of the senate, and the governor describing any trends and patterns of deaths or serious injuries or risk factors, together with any recommendations for changes in law, policy, and practice that will prevent deaths and related serious occurrences. The committee may also issue special reports when doing so is necessary to alert authorities or the public to the need for prompt corrective action.

Amend the bill by replacing section 2 with the following:

2 Executive Committee Established.

I. There is established an executive committee to recommend to the attorney general the membership of the incapacitated adult fatality review committee established in RSA 21-M:16 as inserted by section 1 of this act. All executive committee members shall also be members of the incapacitated adult fatality review committee established pursuant to RSA 21-M:16.

II. The members of the executive committee shall be appointed by the attorney general and shall be follows:

- (a) Two representatives of the department of health and human services, nominated by the commissioner of the department of health and human services.

- (b) Two representatives of the attorney general's office.
- (c) One representative of the Disabilities Rights Center, nominated by the center.
- (d) The chief medical examiner, or designee.
- (e) A representative of the New Hampshire Medical Society, nominated by the society.
- (f) One representative of law enforcement.

III. Members shall be appointed within 30 days of the effective date of this section and the first meeting shall be within 45 days of the effective date of this section.

IV. The executive committee shall make a report to the attorney general recommending the membership of the incapacitated adult fatality review committee on or before November 1, 2007.

HB 183-FN-A-L, relative to the acquisition of a certain tract of land in the towns of Peterborough, Sharon, and Temple as a state reservation, and making an appropriation therefor. **INEXPEDIENT TO LEGISLATE.**

Rep. John A. Graham for Public Works and Highways: This bill was referred to Public Works and Highways after the policy had been passed by the House. Since the sponsors filed the bill at the start of the session, the Governor has included funding for the purchase of Temple Mountain in his Capital Budget request. The committee feels that the Capital Budget is the proper vehicle for the bonding of any monies required for the purpose of real estate purchases. Vote 16-0.

HB 337, relative to penalties for failure to have workers' compensation coverage and continually appropriating a special fund. **OUGHT TO PASS WITH AMENDMENT.**

Rep. William A. Hatch for Ways and Means: This bill changes the civil penalty and penalty assessment period for an employer who is in non-compliance with the workers' compensation law. This bill also changes the amount of the civil penalty assessed on an insurance carrier for failure to file notice of coverage and also establishes a special fund into which some of the civil penalties are deposited to support enforcement. After hearing much testimony from the Department of Labor and construction interests, the committee voted unanimously to pass as amended. The committee amendment changed the penalties from an absolute fine to allow the department to reduce penalties when they found it appropriate. Vote 16-0.

Amendment (1133h)

Amend the bill by replacing all after the enacting clause with the following:

1 Liability of Employer Failing to Comply; Penalty Assessment Period Changed; Fund Established. RSA 281-A:7, I is repealed and reenacted to read as follows:

I.(a)(1) After a hearing, an employer subject to this chapter who knowingly fails to comply with the provisions of RSA 281-A:5 by not securing payment of compensation may be assessed a civil penalty of up to \$2,500; in addition, such an employer may be assessed a civil penalty of up to \$100 per employee for each day of noncompliance. The penalties shall be assessed from the first day of the infraction not to exceed one year. Notwithstanding any provision of law to the contrary, the chief executive officer, chief financial officer, and the manager of limited liability companies shall be held personally liable for the payment of penalties for knowingly failing to obtain workers' compensation coverage in compliance with this chapter.

(2) There is hereby established a nonlapsing workers' compensation fraud fund in the office of the state treasurer. All funds collected under subparagraph I(a)(1) shall be deposited in such fund and continually appropriated to the commissioner of labor to be used for investigations and compliance activities required under this subparagraph and related sections pertaining to labor and insurance law. Any amounts over \$400,000 in the fund shall lapse into the general fund on June 30 of each year.

(b) An insurance carrier which insures an employer and fails to file with the commissioner a notice of coverage within a reasonable period of time as prescribed by rule shall be assessed a civil penalty of up to \$50 for each day of noncompliance. The commissioner shall deposit all moneys collected under this subparagraph with the state treasurer for deposit into the general fund.

2 Report. The commissioner of the department of labor shall make a report relative to the effectiveness of the fund established in RSA 281-A:7, I(a)(2) as inserted by section 1 of this act, together with any recommendations for legislation, to the speaker of the house of representatives, the president of the senate, and the governor on or before November 1, 2010.

3 Administration Fund; Reference Change. Amend RSA 281-A:59, IV to read as follows:

IV. The civil penalties collected under RSA 281-A:7, *I(b)*, 23, 24, 42, 43, and 53 shall be forwarded to the state treasurer and deposited in the general fund.

4 New Subparagraph; Workers' Compensation Fraud Fund. Amend RSA 6:12, I by inserting after subparagraph (252) the following new subparagraph:

(253) Moneys deposited in the workers' compensation fraud fund established in RSA 281-A:7, I(a)(2).

5 Liability of Employer Failing to Comply; Penalty Assessment. RSA 281-A:7, I(a)(2) is repealed and reenacted to read as follows:

(2) All funds collected under subparagraph I(a)(1) shall be deposited into the general fund.

6 Repeal. RSA 6:12, I(253) relative to the workers' compensation fraud fund is, repealed.

7 Effective Date.

I. Sections 5 and 6 of this act shall take effect July 1, 2011.

II. The remainder of this act shall take effect 30 days after its passage.

AMENDED ANALYSIS

This bill:

I. Changes the penalty assessment period for an employer who is in noncompliance with the workers' compensation law.

II. Changes the amount of the civil penalty assessed on an insurance carrier for failure to file notice of coverage.

III. Establishes a special fund into which some of the civil penalties are to be deposited.

IV. Repeals the special fund in 2011 at which time the civil penalties shall go to the general fund.

HB 471-FN-A, relative to workers' compensation compliance in the construction sector and continually appropriating a special fund. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Jordan G. Ulery for Ways and Means: After thorough examination of the fines section, consultation with the commissioner's office, consultation with the AG's office and receiving definitions from the Supreme Court Law Library, the committee modified language to assure due process (hearings) for employers who knowingly fail to provide workers' compensation coverage to their employees. The committee concurs with the policy committee on the fine structure. Increased participation should reduce the cost per dollar of payroll insurance premiums. Also established is a non-lapsing fraud fighting fund with sunset provisions. Vote 14-0.

Amendment (1149h)

Amend RSA 228:4-b, III and IV as inserted by section 2 of the bill by replacing it with the following:

III. After a hearing, the commissioner of labor may assess any contractor, subcontractor, or independent contractor who knowingly falsifies information or fails to comply with this section a civil penalty of up to \$2,500 and in addition, such an employer shall be assessed a civil penalty of up to \$100 per employee per day of noncompliance. The chief executive officer, chief financial officer, and members of limited liability companies shall be held personally liable for the payment of fines and such contractor, subcontractor, or independent contractor shall not be allowed to bid or work on state projects for up to 5 years. The state shall be entitled to recover from the violator all costs and fees directly associated with uncovering falsified information supplied under this section.

IV. There is hereby established a nonlapsing workers' compensation fraud fund in the office of the state treasurer. All funds collected under this section shall be deposited in such fund and continually appropriated to the commissioner of labor to be used for investigations and compliance activities required under this section and related sections pertaining to labor and insurance law. Any amounts over \$400,000 in the fund shall lapse to the general fund on June 30 of each year.

Amend RSA 21-I:80, VI(c) as inserted by section 3 of the bill by replacing it with the following:

(c) After a hearing, the commissioner of labor may assess any contractor, subcontractor, or independent contractor who knowingly falsifies information or fails to comply with this section a civil penalty of up to \$2,500 and in addition, such an employer shall be assessed a civil penalty of up to \$100 per employee per day of noncompliance. The chief executive officer, chief financial officer, and members of limited liability companies shall be held personally liable for the payment of fines and such contractor, subcontractor, or independent contractor shall not be allowed to bid or work on state projects for up to 5 years. The state shall be entitled to recover from the violator all costs and fees directly associated with uncovering falsified information supplied under this section.

Amend the bill by replacing all after section 5 with the following:

6 Report. The commissioner of the department of labor shall make a report relative to the effectiveness of the fund established in RSA 228:4-b, IV as inserted by section 2 of this act, together with any recommendations for legislation, to the speaker of the house of representatives, the president of the senate, and the governor on or before November 1, 2010.

7 Workers' Compensation Fraud Fund. RSA 228:4-b, IV is repealed and reenacted to read as follows:

IV. All funds collected under this section shall be deposited into the general fund.

8 Workers' Compensation Fund. RSA 21-I:80, VI(d) is repealed and reenacted to read as follows:

(d) All funds collected under this paragraph shall be deposited into the general fund.

9 Repeal. RSA 6:12, I (b)(253), relative to the workers' compensation fraud fund, is repealed.

10 Effective Date.

I. Sections 7-9 of this act shall take effect July 1, 2011.

II. The remainder of this act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill requires that all contractors, including subcontractors and independent contractors, provide certification of their workers' compensation coverage and compliance with all applicable workers' compensation safety provisions before beginning work on state transportation or public works projects. This bill establishes a special fund which is repealed in 2011.

HB 714-FN, relative to motorized watercraft rental agencies. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Gilman C. Shattuck for Ways and Means: This bill requires motorized watercraft rental agencies to register with the Department of Safety. Such rental agencies are presently required to provide written instructions to renters to ensure safe operation of rental watercraft. Some agencies do not properly educate their renters, creating a danger on the water. The bill as amended allows the department to close down a rental agency if it continues to refuse to comply. The fees generated by this bill as amended will only cover the costs of this registration. Vote 15-0.

Amendment (0219h)

Amend the bill by replacing all after the enacting clause with the following:

1 Boating Safety Checklist; Instructions. Amend RSA 270-D:2-c, I to read as follows:

I. No person shall rent a vessel for operation on any waters of this state, including tidal and coastal waters and all inland waters, unless the rental operator initials a rental safety checklist, prepared by the department of safety, which certifies the rental operator's knowledge of boating safety laws *and which certifies that the rental operator possesses a safe boater education certificate or its equivalent. In addition, no person shall rent or lease any motorized watercraft to another person without providing the renter or lessee with written instructions on operating the watercraft in accordance with New Hampshire law, and reviewing with the renter or lessee such written instructions and the guidelines on New Hampshire navigation laws provided by the division.*

2 New Subdivision; Regulation of Rental Agents. Amend RSA 270-E by inserting after section 23 the following new subdivision:

Regulation of Rental Agents

270-E:24 Rental Agent Registration; Fees.

I. Any person renting or leasing motorized watercraft shall register as a rental agent with the department. Applications for registration shall include the name of the applicant, including any additional names under which the applicant may be doing business, the address or addresses of the applicant and rental locations, the vessel registration numbers of all watercraft available for rent or lease, and the fees required by this section. Upon receiving the completed application for registration, the department shall issue the applicant a rental agent safety certificate.

II. The registration fee for rental agents shall be \$25, which shall be deposited in the navigation safety fund established under RSA 270-E:6-a.

III. All rental agency safety certificates shall expire on December 31 of the year in which they are issued.

270-E:25 Prohibitions; Penalties.

I. No person shall:

(a) Rent or lease any motorized watercraft to any other person without having a rental agent safety certificate. This subparagraph shall not apply to the use of any motorized watercraft which is included in the rental or lease of real property.

(b) Rent or lease any motorized watercraft to any other person without complying with the requirements of RSA 270-D:2-c.

(c) Rent or lease any motorized watercraft that is unsafe to any other person.

II. Any person violating subparagraph I(a) shall be guilty of a violation for a first or second offense committed within the same calendar year and guilty of a misdemeanor for any subsequent offense committed within the same calendar year.

III. The commissioner may revoke the rental agent safety certificate upon finding that the certificate holder has violated subparagraph I(b) or I(c).

3 Effective Date. This act shall take effect January 1, 2008.

REGULAR CALENDAR

HB 1-A, making appropriations for the expenses of certain departments of the state for fiscal years ending June 30, 2008 and June 30, 2009. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Marjorie K. Smith for the Majority of Finance: While HB 1-A follows long-standing practice of the general court, there are some significant changes which received strong bi-partisan support in the committee. Our first goal was to increase transparency and accountability. Acting on house policy established in HB 558, this bill reflects the elimination of the Education Trust Fund. The creation of the fund was a public relations gimmick to have the public think that money was being put away to pay for education. The reality is that the state has a constitutional obligation to pay its share of education and it doesn't matter if there is money in something called an education trust fund. No matter what, the State must pay its share. Eliminating the fund makes it possible for people to understand the real financial picture of the State. The Committee broke down some of the budget lines which were the largest - with millions and millions of dollars - into smaller units so that we can understand the difference between, for example, nursing care and home health care. The current practice has been not to include potential grants in the budget and instead, if a grant was received, the agency would come to the 10 person Fiscal Committee for permission to expend those funds. In this budget we required agencies to include grants for which they intend to apply, even if they have not yet been granted the funds. Now, 424 members of the House and Senate will have the opportunity to vote on these projects. One result is that while this does not increase the final adjusted authorized total, it does increase the number in the budget. We removed all back-of-the budget cuts with the exception of Health and Human Services. Past practice has been for the legislature to appropriate funds to an agency but then, when one gets to the end of the story, require that a specified amount of those appropriated funds be returned to the coffers. It might look as if the agency was getting permission to spend \$1 when in fact they could spend only 90 cents. We changed the way we report expenditures for retirement and for retirees' health insurance, laying the ground work for us to comply with government accounting standards in the future and easing the task of the legislature and the public to understand how much we are spending for these purposes. Understanding that investing in prevention, early intervention and treatment saves money in the long run in direct and related costs we added \$4 million for New Hampshire's Comprehensive Cancer Plan, added \$6 million for alcohol and other drug treatment and prevention, and added \$2.2 million in general funds (matched by federal funds) to provide direct and indirect medical education payments for teaching hospitals. Regularly the budgets have under-funded the Judicial Council budget for public defenders and the Department of Corrections' budget for medical and dental care, knowing that we are required to pay for these services and that, therefore, the agencies will come before the Fiscal Committee to ask for and be granted additional funds. As part of our "truth in budgeting" commitment this budget provides \$5 million more to the Judicial Council which will permit them to increase the pay for public defenders (although they will still be \$20,000 below the comparable pay for attorneys in the Justice Department). We hope this will help to recruit and retain competent attorneys so that the state does not have to hire contractual lawyers at a much higher rate. In addition, we added funds to close the gap between what the Department of Corrections will need and what we budget for medical and dental care. Our third goal was to strengthen and maintain existing programs. We provided essential funds for Fish and Game to continue its operation while we wait for the results of the performance audit to help guide any

necessary reorganization. We continued our efforts to re-direct highway funds back to the Department of Transportation where they can be used for the purposes they were intended. We tried, without success, to end a continuing conflict between the counties and the state, but we did take the opportunity to save the counties half a million dollars each year by taking over the cost of autopsies. The budget provides additional funds to build the infra-structure necessary to meet the needs of the developmentally disabled who now are marking time on a waiting list. We provided some additional funding for the Community and Technical Colleges and the University System of New Hampshire to help them carry out their responsibilities in educating those who will build and maintain the future economy of the State. We honored the Governor's request for education funding by adding \$62 million more for distribution to cities and towns, and we added funds for charter schools. We created a designated fund to support the work of LCHIP. The total of this budget for the biennium is \$10.38 billion dollars, of which \$4.8 billion are general funds (including what had formerly been in the education trust fund). The total amount is approximately \$178 million more than the Governor's budget. About \$62 million of the difference can be accounted for by the Governor's subsequent request to increase education funding. A significant portion of the remaining increase comes from the truth in budgeting changes noted above including the Judicial Council, the Justice Department, the Department of Corrections and potential federal funds, increases that in the past were part of the work of the Fiscal Committee rather than the full legislature. In the last three years the 12 month percent change in CPI were 3.5, 3.6 and 3.6, or something over 11% compounded. The revenue estimates produced by the House for many years have been significantly lower than those passed out of the committee of conference which have, in turn, been lower than the actual revenues. The Ways and Means Committee had the benefit of key business and insurance revenues being reported in March which, together with national sectorial forecasts and a good understanding of the auditing process ramping up in the Department of Revenue Administration, allowed the committee to increase certain revenue estimates to levels closer to where they are likely to end up in June after the committee of conference. The Finance Committee would like to thank Representative Almy and the Ways and Means Committee for their hard work, dedication and cooperation. In accordance with RSA 9:8-B, and despite other claims, there is no bonding in this bill. Vote 15-10.

Rep. Neal M. Kurk for the Minority of Finance: The greater "transparency" of the majority's budget cannot hide the fact that it is not in the best interests of the people of New Hampshire. At more than \$10 billion, it is the biggest budget in New Hampshire's history. It represents a 16% increase in general funds, an amount far in excess of the 3% annual rate of inflation and significantly higher than the average budget increase of the past two decades. This rate of growth is unsustainable; it puts an undue burden on our constituents who must pay for this high level of spending with the over \$158 million in increased taxes and fees mandated through the trailer bill. Despite these additional taxes and fees, the majority's budget is unbalanced. It relies on revenue estimates that are inflated by \$81 million, estimates produced by a Ways and Means Committee which for the first time in many years was unable to produce a consensus forecast. Finally the capital budget relies on \$60 million in borrowing to pay for state bridge repairs and replacements that have always been funded on a "pay as you go" basis from highway funds in the operating budget. A New York City-style "borrow and spend" policy has no place in the responsible budgeting tradition of this state. The minority acknowledges that there are many good things funded in this budget, but the minority is steadfast in its view that, since this budget does not meet our statutory requirement that it be balanced, it should not be supported.

Majority Amendment (1195h)

This amendment was printed in its entirety in House Record No. 27, April 6, 2007 and is made part of this Journal by reference.

Reps. Wendelboe, Stepanek and Mark Clark spoke against.

Rep. Marjorie Smith spoke in favor and yielded to questions.

Rep. Whalley requested a roll call; sufficiently seconded.

and the majority committee amendment was adopted.
Rep. Major offered floor amendment (1218h).

Floor Amendment (1218h)

Amend the bill by replacing section 13 with the following:

13 Estimates of Unrestricted Revenue.

<u>GENERAL FUND</u>	<u>FY 2008</u>	<u>FY 2009</u>
Business Profits Tax	\$ 339,300,000	\$ 359,500,000
Business Enterprise Tax	276,600,000	283,100,000
Subtotal for the Business taxes	\$ 615,900,000	\$ 642,600,000
State Wide Property Tax	363,000,000	363,000,000
Meals and Rooms Tax	222,600,000	234,800,000
Tobacco Tax	215,800,000	209,500,000
Real Estate Transfer Tax	140,000,000	144,200,000
Liquor Sales & Distribution	135,000,000	143,100,000
Interest and Dividends	95,400,000	100,100,000
Insurance Tax	91,700,000	92,500,000
Communications Tax	74,700,000	77,500,000
Other	70,300,000	74,700,000
Tobacco Settlement	48,300,000	49,100,000
Securities Revenue	33,000,000	34,000,000
Court Fines and Fees	31,000,000	31,500,000
Utility Property Tax	22,900,000	23,600,000
Board and Care	16,000,000	16,400,000
Beer Tax	12,800,000	12,900,000
Utility Consumption Tax	6,400,000	6,600,000
Horse and Dog Racing	3,000,000	3,000,000
Estate and Legacy Tax	100,000	100,000
Subtotal	\$ 2,197,900,000	\$ 2,259,200,000
Medicaid Enhancement Tax	91,000,000	91,800,000
Medicaid Recoveries	14,100,000	14,600,000
Total	\$ 2,303,000,000	\$ 2,365,600,000
<u>HIGHWAY FUND</u>	<u>FY 2008</u>	<u>FY 2009</u>
Gasoline Road Toll	\$ 137,900,000	\$ 139,900,000
Motor Vehicle Fees	103,800,000	105,400,000
Miscellaneous	13,600,000	13,700,000
Total	\$ 255,300,000	\$ 259,000,000

FISH AND GAME FUND

	<u>FY 2008</u>	<u>FY 2009</u>
Fish and Game Licenses	\$ 8,300,000	\$ 8,300,000
Fines and Penalties	145,000	145,000
Miscellaneous Sales	480,000	480,000
Indirect Costs	875,000	875,000
Total	<u>\$ 9,800,000</u>	<u>\$ 9,800,000</u>

Rep. Almy spoke against and yielded to questions.

Reps. Weyler and Vaillancourt spoke in favor.

Rep. Major spoke in favor and yielded to questions.

Rep. Whalley requested a roll call; sufficiently seconded.

and the majority committee report was adopted.
Ordered to third reading.

The House recessed at 12:25 p.m.

RECESS

(Speaker Norelli in the Chair)

The House reconvened at 1:30 p.m.

REGULAR CALENDAR (CONT'D)

HB 2-FN-A, relative to state fees, funds, revenues, and expenditures. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Marjorie K. Smith for the Majority of Finance: HB 2-FN-A, sometimes referred to as the trailer bill, contains the changes to the laws of the State of New Hampshire needed to support the state budget and to ensure that the House passes a balanced budget to the Senate. An important component of HB 2 is changes in existing legislation concerning revenues. There is significant evidence that tobacco use results in significant health care and related costs to the state. Both the Ways and Means and Finance Committees received weighty testimony that an increase of at least 40 cents was necessary in New Hampshire to begin to affect teen cigarette consumption. The Department of Revenue Administration's well-tested model shows that the sacrifice in packs lost to retailers relative to state revenues becomes significant at 45 cents. The majority therefore stopped at this number. That would bring the New Hampshire tax on tobacco to \$1.25. For comparison, the effective tax rate (including sales tax) in Vermont is \$2.12, with another 20 cent increase going into effect on July 1, 2008. In Maine the effective tax rate is \$2.23, although there is a bill now pending to increase the tax another \$1.00. In Massachusetts the rate is \$1.71, or 46 cents above the proposed New Hampshire rate. The increase in motor vehicle registration fees is a stop-gap measure to allow vital highway projects to continue while the highway fund finances are sorted out. The committee reduced a severe impact on large trucks and included motorcycles in the tax burden we all must share. The increase in motor vehicle fines, the first in 14 years which passed last term, was and is meant to finance the badly needed Nashua Legal Assistance Office. The sunset was put in the following year to allow the Criminal Justice Committee a chance to review the fines. The Real Estate Transfer Tax was originally instituted to fund the predecessor of LCHIP but was subsequently used by the legislature as a major general revenue source. A 4% increase would fund a dedicated LCHIP fund that should provide for its needs for a long time to come. The NH Housing Finance Authority has stated that this will not affect the ability of lower-income people to buy affordable housing. The Governor had originally suggested that each school district receive 5% more than they had received the current biennium. Subsequently he revisited this issue and asked that additional funds be directed to those districts that would have received an increase under the existing law. While the legislature defines an adequate education, determines the cost of an education and addresses how to raise the necessary funds, the committee concluded that it was best to create as little disruption as possible in the school districts' budgets. Vote 15-10.

Rep. Neal M. Kurk for the Minority of Finance: The minority cannot support the excessive tax and fee increases contained in the trailer bill. Two years ago, the legislature raised the cigarette tax from 52 cents to 80 cents, an increase of 28 cents, but one that still kept us competitive with other New England states. Now we are asked to raise it another 45 cents to \$1.25 per pack, effectively cutting our competitive advantage with Massachusetts in half, harming many small retailers

and unfairly burdening one group of taxpayers. Motor vehicle registration fees are raised \$6 per vehicle for those weighing less than 8000 lbs. – that's a 25% increase for some vehicles – and nearly \$200 on average for large trucks. Highway fund revenues, already inadequate to maintain state roads and bridges, will be further reduced in future bienniums by about 5% to pay debt service on the "borrow and spend" highway bonds. The recent increases in motor vehicle fines, also passed two years ago are being ignored, and these higher fines will now continue for another two years. The real estate transfer tax, already among the highest in the nation, is inappropriately raised by 4% on the buyer and 4% on the seller in order to support LCHIP. Finally, this bill changes the education funding formula, arbitrarily reducing grants to most school districts to 94.6596522% of the anticipated level in order to provide an unanticipated 5% increase to a small group of school districts. This will increase local property taxes for those districts least able to afford them, a policy the minority finds unconscionable.

Majority Amendment (1194h)

Amend the bill by replacing all after the enacting clause with the following:

1 Office of Information Technology; Increase Purchase Amount Requiring Approval of Chief Information Officer. Amend RSA 21-I:11, XI and XII to read as follows:

XI. Requiring, prior to an agency's submission of a request for proposal for state data processing equipment, software, or services exceeding [~~\$250~~] **\$500** in total cost, that the agency obtain approval of the proposal by the chief information officer to ensure that the procurement is consistent with the state information technology plan.

XII. Requiring agencies to submit the approval from the chief information officer in support of requests for purchases of information technology equipment or software in excess of [~~\$250~~] **\$500**.

2 Department of Safety; Motor Vehicle Registration Fees Increased. Amend RSA 261:141, III(g) and (h) to read as follows:

(g) For all motor vehicles other than those in RSA 261:141, I:

0-3000 lbs.	[\$25-20] \$31.20 ([\$2-10] \$2.60 per month)
3001-5000 lbs.	[\$37-20] \$43.20 ([\$3-10] \$3.60 per month)
5001-8000 lbs.	[\$49-20] \$55.20 ([\$4-10] \$4.60 per month)
8001-73,280 lbs.	[\$-84] \$1.08 per hundred lbs. gross weight.

(h) Truck-tractors to be used in conjunction with a semi-trailer, gross weight shall include the weight of such tractors, the weight of the heaviest semi-trailer to be used therewith, and the weight of the maximum load to be carried thereby: up to 73,280 pounds—~~[\$-84]~~ **\$1.08** per 100 pounds gross weight, over 73,280 pounds—**\$1.44** shall be charged for each 100 pounds gross weight or portion thereof in excess of 73,280 pounds.

3 Department of Safety; Motor Vehicle Registration Fees Increased. Amend RSA 261:141, III(o) to read as follows:

(o) For each motorcycle—~~[\$12]~~ **\$15**.

4 Sweepstakes Commission; Maximum Ticket Price Prior to July 1, 2009. Amend RSA 284:21-i, II(c)(1) to read as follows:

(1) The price for which tickets for drawings and sweepstakes races shall be sold; not to exceed [~~\$20~~] **\$30** per ticket.

5 Sweepstakes Commission; Maximum Ticket Price; July 1, 2009 Version. RSA 284:21-i, II(c)(1) is repealed and reenacted to read as follows:

(1) The price for which tickets for drawings shall be sold; not to exceed \$30 per ticket.

6 Tobacco Tax; Rate Increase. Amend RSA 78:7 to read as follows:

78:7 Tax Imposed. A tax upon the retail consumer is hereby imposed at the rate of [~~\$-80~~] **\$1.25** for each package containing 20 cigarettes or at a rate proportional to such rate for packages containing more or less than 20 cigarettes, on all cigarettes sold at retail in this state. The payment of the tax shall be evidenced by affixing stamps to the smallest packages containing the cigarettes in which such products usually are sold at retail. The word "package" as used in this section shall not include individual cigarettes. No tax is imposed on any transactions, the taxation of which by this state is prohibited by the Constitution of the United States.

7 Tobacco Tax; Applicability. Section 6 of this act shall apply to all persons licensed under RSA 78:2. Such persons shall inventory all taxable tobacco products in their possession and file a report of such inventory with the department of revenue administration on a form prescribed by the commissioner within 20 days after the effective date of this act. The tax rate effective July 1, 2007 shall apply to such inventory. The inventory form shall be treated as a tax return for the purpose of computing penalties under RSA 21-J.

8 Tobacco Tax; Distribution of Funds. RSA 78:32 is repealed and reenacted to read as follows:
78:32 Application of Funds. The commissioner shall transmit all taxes, interest, additions to tax, and penalties imposed under this chapter to the state treasurer for deposit in the general fund.

9 New Section; Health and Human Services; Homeless Housing Access Fund Established. Amend RSA 126-A by inserting after section 62 the following new section:

126-A:63 Homeless Housing and Access Revolving Loan Fund. There is hereby established a non-lapsing and continually appropriated homeless housing and access revolving loan fund. The fund shall be administered by the department of health and human services with advice and recommendations from the governor's interagency council on homelessness. Funds shall be used solely to provide loans for the first months' rent and security deposit for homeless individuals and families transitioning from state-sponsored shelters to rental housing. Repayment terms of the loans shall be determined by the department in consultation with the interagency council and shall be based on need. Such payments shall not commence sooner than 120 days after the loan is granted.

10 New Subparagraph; Special Accounts. Amend RSA 6:12, I(b) by inserting after subparagraph (252) the following new subparagraph:

(253) Moneys deposited in the homeless housing and access revolving loan fund, established in RSA 126-A:63.

11 Long-Term Care Assistance Fund; ServiceLink New Hampshire. Notwithstanding RSA 167:94, III, the balance of funds in the long-term care assistance fund, established in RSA 167:94, on June 30, 2007 is hereby transferred and appropriated to the department of health and human services to support operation of the ServiceLink New Hampshire program in the fiscal year ending June 30, 2008.

12 Tobacco Use Prevention Funds Deposited in the General Fund. Notwithstanding RSA 126-K:15, RSA 198:39, or 2000, 212, in each year of the biennium ending June 30, 2009, all tobacco settlement funds received by the state of New Hampshire shall be deposited in the general fund.

13 Liquor Commission; Revenue. Notwithstanding RSA 176:16, II, for the biennium ending June 30, 2009, all gross revenue derived by the liquor commission from the sale of liquor, or from license fees, shall be deposited into the general funds of the state.

14 Name Change from Glencliff Home for the Elderly to Glencliff Home. Amend the following RSA provisions by replacing "Glencliff home for the elderly" with "Glencliff home": RSA 10:1; 94:1-a, I(b); 94:5, I(c); 94:8; 99:2-a; 99:11, I; 99:12; 99:13; 126-A:5, V and VI; 126-A:34, I(a); 135:21-b; 135-C:4, I; 135-C:6, I; 318:58, III(c); and 611:5-a.

15 Effective Date of Repeal Changed; Reimbursement of Funds for Persons Eligible to Receive Nursing Home Services; Limitation on County Payments. Amend 1998, 388:17, II, as amended by 2003, 223:8 and 2004, 260:9 and 2005, 177:10, to read as follows:

II. Paragraphs I and II of section 16 of this act shall take effect on July 1, [2007] 2008.

16 County Payments of Funds for Persons Eligible to Receive Nursing Facility Services; Limitation on County Payments. Amend RSA 167:18-b, IV to read as follows:

IV. The total billings by all counties made pursuant to this section for persons who have been determined eligible to receive nursing facility services shall not exceed 50 percent of the non-federal share of the combined long-term care Medicaid spending for which the counties are obligated and in no instance shall the billings for the 12-month period of the state fiscal year, dated between July 1, [2004] 2005 and June 30, [2007] 2008 exceed:

(a) State fiscal year [2004] 2006 – [~~\$60,000,000~~] **\$68,000,000.**

(b) State fiscal year [2005] 2007 – [~~\$64,000,000~~] **\$70,000,000.**

(c) State fiscal year [2006] 2008 – [~~\$68,000,000~~] **\$71,500,000.**

~~[(d) State fiscal year 2007 – \$70,000,000.]~~

17 Department of Health and Human Services; Limitation on Mental Health Services. For the biennium ending June 30, 2009, the department of health and human services shall maintain a limit on benefits of \$4,000 per person per year for adults with low service utilization of community mental health services, as identified in He-M 401.07; provided, that the department also shall establish, by rule under RSA 541-A, a procedure for such persons or community mental health providers to request a waiver of the \$4,000 limit based on legitimate treatment considerations. Upon request by the commissioner of the department of health and human services, the fiscal committee of the general court may authorize a higher per person per year limit.

18 Department of Health and Human Services; Program Eligibility; Additional Revenues; Transfer Among Accounts.

I. For the biennium ending June 30, 2009, the department of health and human services shall not authorize, without prior approval of the fiscal committee of the general court and governor and council, any change to program eligibility standards or benefit levels that might be expected to increase enrollment in the program or increase expenditures from any source of funds; provided, however, that no such prior approval shall be required if a change to a federal program in which the state is participating as of the effective date of this section is required by federal law.

II. Notwithstanding any provision of the law to the contrary, for the biennium ending June 30, 2009, the fiscal committee of the general court and the governor and council may authorize the commissioner of the department of health and human services to accept and expend additional revenues in excess of \$50,000, that are in addition to the budgeted amounts, from any source, which become available to the department. Such additional revenues shall be available to the department of health and human services to supplement funds in the following programs and services: provider payments, provider rate increases, and any other program or service that requires deficit reduction or for which revenue has been specifically obtained to improve program operations; provided, that such improvements do not increase eligibility standards or benefit levels.

III. Notwithstanding the provisions of RSA 9:17-a or any other provision of law to the contrary and subject to the approval of the fiscal committee of the general court and governor and council, for the biennium ending June 30, 2009 the commissioner of the department of health and human services is hereby authorized to transfer funds within and among all PAUs within the department, as the commissioner deems necessary and appropriate to address present or projected budget deficits, or to respond to changes in federal laws, regulations, or programs, and otherwise as necessary for the efficient management of the department.

19 Medical Assistance; Memorandum of Understanding Between the Departments of Revenue Administration and Health and Human Services.

I. For the purpose of determining and reviewing eligibility for medical assistance pursuant to Titles XIX and XXI of the Social Security Act and eligibility for Temporary Assistance to Needy Families (TANF), the commissioner of the department of health and human services (DHHS) and the commissioner of the department of revenue administration (DRA) shall renew the existing memorandum of understanding for the period of July 1, 2007 through June 30, 2009 under which:

(a) DHHS may supply DRA with financial information of applicants for and recipients of Titles XIX or XXI medical assistance, or TANF.

(b) DRA shall verify the accuracy of such financial information to the applicant or recipient and not to DHHS.

(c) DRA shall notify DHHS that the verification has been provided to the applicant or recipient.

(d) DHHS shall request the DRA verification be furnished to the DHHS by the applicant or recipient.

(e) DHHS shall comply with all applicable laws for timely case processing.

II. Nothing in the arrangement shall be construed to change the protections of confidentiality provided to individuals and information relating to them under applicable laws, and DRA and DHHS each shall at all times maintain the confidential nature of the records in its possession.

III. DHHS and DRA shall report annually to the fiscal committee of the general court on the benefits and costs of this program.

20 Department of Environmental Services; Fee for Department Review of Plan for Terrain Alteration. Amend RSA 485-A:17, II to read as follows:

II. The department shall charge a fee for each review of plans, including project inspections, required under this section. The fee shall be based on the extent of contiguous area to be disturbed. Except for RSA 483-B:9, the fee for plans encompassing an area of at least 100,000 square feet but less than 200,000 square feet shall be ~~[\$500]~~ **\$1,000**. For the purposes of RSA 483-B:9, the fee for plans encompassing an area of at least 50,000 square feet but less than 200,000 square feet shall be ~~[\$500]~~ **\$1,000**. An additional fee of ~~[\$200]~~ **\$400** shall be assessed for each additional area of up to 100,000 square feet to be disturbed. No permit shall be issued by the department until the fee required by this paragraph is paid. All fees required under this paragraph shall be paid when plans are submitted for review and shall be deposited in the treasury as unrestricted funds.

21 Department of Environmental Services; Wetlands Fees Prior to July 1, 2010. Amend RSA 482A:3, I to read as follows:

I. No person shall excavate, remove, fill, dredge or construct any structures in or on any bank, flat, marsh, or swamp in and adjacent to any waters of the state without a permit from the department. The permit application together with a detailed plan and a map showing the exact location of the proposed project, along with 4 copies of the permit application, plan and map, shall be submitted to the town or city clerk, accompanied by a filing fee in the form of a check made out by the applicant to the state of New Hampshire. The permit application fee shall be \$100 for minimum impact projects under this chapter. The permit application fee for minor and major shoreline structure projects shall be \$100 plus an impact fee, based on the area of dredge, fill, or dock surface area proposed, or a combination. The shoreline structure impact fee shall be ~~[\$1]~~ \$2 per square foot for permanent dock surface area; ~~[\$.50]~~ \$1 per square foot for seasonal dock surface area; and ~~[\$.10]~~ \$.20 per square foot for dredge or fill surface area or both. The permit application fees for minor or major projects shall be ~~[\$.10]~~ \$.20 per square foot of proposed impact for all other projects under this chapter. For projects involving the repair, reconstruction, or reconfiguration of an existing docking structure, the application fee shall be \$100. At the time the permit application is submitted to the city or town clerk, the applicant shall provide postal receipts or copies, verifying that abutters, as defined in the rules of the department, and except as further provided in said rules, have been notified by certified mail. The postal receipts or copies shall be retained by the municipality. The town or city clerk shall immediately sign the application and forward by certified mail, the application, plan, map and filing fee to the department. The town or city clerk shall then immediately send a copy of the permit application, plan and map to the local governing body, the municipal planning board, if any, and the municipal conservation commission, if any, and may require an administrative fee not to exceed \$10 plus the cost of postage by certified mail. One copy shall remain with the city or town clerk, and shall be made reasonably accessible to the public. The foregoing procedure notwithstanding, applications and fees for projects by agencies of the state may be filed directly with the department, with 4 copies of the application, plan and map filed at the same time with the town or city clerk to be distributed as set forth above.

22 Department of Environmental Services; Wetlands Fees; Version Effective July 1, 2010. RSA 482-A:3, I is repealed and reenacted to read as follows:

I. No person shall excavate, remove, fill, dredge or construct any structures in or on any bank, flat, marsh, or swamp in and adjacent to any waters of the state without a permit from the department. The permit application together with a detailed plan and a map showing the exact location of the proposed project, along with 4 copies of the permit application, plan and map, shall be submitted to the town or city clerk, accompanied by a filing fee in the form of a check made out by the applicant to the state of New Hampshire. The permit application fee shall be \$100 for minimum impact projects under this chapter. The permit application fee for minor and major shoreline structure projects shall be \$100 plus an impact fee, based on the area of dredge, fill, or dock surface area proposed, or a combination. The shoreline structure impact fee shall be \$2 per square foot for permanent dock surface area; \$1 per square foot for seasonal dock surface area; and \$.20 per square foot for dredge or fill surface area or both. The permit application fees for minor or major projects shall be \$.20 per square foot of proposed impact for all other projects under this chapter. For projects involving the repair, reconstruction, or reconfiguration of an existing docking structure, the application fee shall be \$100. At the time the permit application is submitted to the city or town clerk, the applicant shall provide postal receipts or copies, verifying that abutters, as defined in the rules of the department, and except as further provided in said rules, have been notified by certified mail. The postal receipts or copies shall be retained by the municipality. The town or city clerk shall immediately sign the application and forward by certified mail, the application, plan, map and filing fee to the department. The town or city clerk shall then immediately send a copy of the permit application, plan and map to the local governing body, the municipal planning board, if any, and the municipal conservation commission, if any, and may require an administrative fee not to exceed \$10 plus the cost of postage by certified mail. One copy shall remain with the city or town clerk, and shall be made reasonably accessible to the public. The foregoing procedure notwithstanding, applications and fees for projects by agencies of the state may be filed directly with the department, with 4 copies of the application, plan and map filed at the same time with the town or city clerk to be distributed as set forth above.

23 Department of Environmental Services; Revising the Laboratory Fee Schedule for Environmental Tests. RSA 131:3-a is repealed and reenacted to read as follows:

131:3-a Fee Required.

I. Notwithstanding the provisions of RSA 131:4, the commissioner of environmental services shall collect a fee for analyses made pursuant to RSA 131:3.

(a) Fees for analyses offered as a service shall be set from the following schedule:

(1) Agricultural Pesticides	\$ 200
(2) Alkalinity	\$ 15
(3) Ammonia	\$ 30
(4) Asbestos	\$ 35
(5) Bacteria as cts/100mL (all types)	\$ 20
(6) Bacteria as MPN (all types)	\$ 30
(7) Bacteria as P/A (all types)	\$ 15
(8) Biosuitability	\$ 145
(9) Biochemical Oxygen Demand	\$ 35
(10) Carbamates	\$ 120
(11) Chloride	\$ 12
(12) Chlorine Residual	\$ 16
(13) Chlorophenoxy Herbicides	\$ 130
(14) Cyanide	\$ 35
(15) Diquat	\$ 125
(16) Ethylene dibromide/Dibromochloropropane	\$ 75
(17) Fluoride	\$ 12
(18) Glycols	\$ 150
(19) Glyphosate	\$ 100
(20) Gross Alpha	\$ 60
(21) Haloacetic Acids	\$ 100
(22) Heterotropic Plate Count	\$ 25
(23) Iron Bacteria	\$ 25
(24) Metals (each)	\$ 15
(25) Metals Preparation Charge	\$ 20
(26) Methyl-tert-butyl ether	\$ 75
(27) Nitrate	\$ 12
(28) Nitrite	\$ 12
(29) Oil & Grease (HEM)	\$ 60
(30) pH	\$ 9
(31) PolyaromaticHydrocarbons	\$ 150
(32) Phosphorus (all forms)	\$ 20
(33) Radium 226	\$ 150
(34) Radon	\$ 25
(35) Semivolatile Compounds	\$ 225
(36) Solids (all forms)	\$ 30
(37) Special Study (per hour)	\$ 50
(38) Specific Conductance	\$ 10
(39) Sulfate	\$ 20
(40) Sulfide	\$ 20
(41) Thermometer Calibration	\$ 15
(42) Total Organic Carbon	\$ 40
(43) Total Kjeldahl Nitrogen	\$ 25
(44) Total Petroleum Hydrocarbons (DRO)	\$ 125
(45) Total Petroleum Hydrocarbons (GRO)	\$ 125
(46) Total Trihalomethanes	\$ 75
(47) Toxaphene	\$ 75
(48) Turbidity	\$ 12
(49) Uranium (activity)	\$ 150
(50) UV-254	\$ 30
(51) Volatile Organic Compounds	\$ 120

(b) Fees for analyses of the following special parameter groupings required by the federal Safe Drinking Water Act shall be:

(1) Drinking Water Bacteria	\$ 15
(2) Haloacetic Acids	\$ 100
(3) Inorganic Chemicals	\$ 335
(4) Inorganic Chemicals (new system)	\$ 395
(5) Lead/Copper	\$ 30
(6) Nitrate/Nitrite	\$ 12
(7) Radiological Chemicals	\$ 75
(8) Synthetic Organic Chemicals	\$ 650
(9) Total Trihalomethanes	\$ 75
(10) Volatile Organic Compounds	\$ 120
(11) Water Quality Parameters	\$ 40

(c) Fees for analyses of the following parameters in support of the department's private homeowner initiative shall be:

(1) Bacteria/Nitrate/Chloride	\$ 30
(2) Drinking Water Bacteria	\$ 15
(3) Fluoride	\$ 12
(4) Methyl-tert-butyl ether	\$ 60
(5) Radon	\$ 20
(6) Standard Analysis	\$ 85
(7) Homeowner Radiologicals	\$ 80
(8) Volatile Organic Compounds	\$ 120

II. All such fees collected by the commissioner of environmental services from federal or state grants or from other state agencies shall be credited against the operating costs of the laboratory. Fees collected from public or private clients shall be deposited with the state treasurer as unrestricted revenue, with the exception that 50 percent of every analysis fee shall be deposited with the state treasurer and reserved in a special nonlapsing fund to be used by the commissioner of environmental services for the purchase of replacement or new laboratory equipment designed to improve service. The commissioner may, with prior approval of the governor and council, use funds in the nonlapsing account for unanticipated personnel or supply expenditures made necessary by unexpected changes in or additions to federal or state required laboratory analyses, or unusual volume of samples.

24 School Money; Determination of Grants. Notwithstanding the provisions of RSA 198:40-a, 198:40-b, 198:40-c and 198:41, for the fiscal year beginning July 1, 2007, each municipality shall receive total education grants in an amount that equals the greater of either: a 5 percent increase in the education grant amount received by the municipality pursuant to RSA 198:41, I(b)(2) for the fiscal year beginning July 1, 2006, or 94.6596522 percent of the education grant amount to be received by the municipality pursuant to RSA 198:41, I(b)(2) for the fiscal year beginning July 1, 2007. For the fiscal year beginning July 1, 2008, each municipality shall receive the same grant amount as determined for the fiscal year beginning July 1, 2007.

25 Highway and Bridge Betterment Program; Funding. Amend RSA 235:23-a, II to read as follows:

II. The program shall be funded from ~~[\$.03]~~ **\$.02** per gallon of the road toll imposed under RSA 260:32; of these revenues, in each fiscal year 88 percent shall be deposited into a separate account established in the highway fund called the highway and bridge betterment account, to be allocated as provided in paragraph III. The amount deposited into the highway and bridge betterment account is hereby continually appropriated and shall be nonlapsing. The remaining 12 percent shall be distributed in accordance with the formula in RSA 235:23, I, and shall be in addition to any amounts to be allocated under that paragraph.

26 Highway and Bridge Betterment Program; Funding Effective July 1, 2009. Amend RSA 235:23-a, II to read as follows:

II. The program shall be funded from ~~[\$.02]~~ **\$.03** per gallon of the road toll imposed under RSA 260:32; of these revenues, in each fiscal year 88 percent shall be deposited into a separate account established in the highway fund called the highway and bridge betterment account, to be allocated as provided in paragraph III. The amount deposited into the highway and bridge betterment account is hereby continually appropriated and shall be nonlapsing. The remaining 12 percent shall be distributed in accordance with the formula in RSA 235:23, I, and shall be in addition to any amounts to be allocated under that paragraph.

27 New Paragraph; Retirement System; Coordination with Administrative Services. Amend RSA 100-A:14 by inserting after paragraph XIV the following new paragraph:

XV. The board of trustees shall, consistent with RSA 21-I:13, V, provide the commissioner of the department of administrative services with information necessary for the commissioner to carry out the responsibilities set forth in RSA 21-I:27, including such information as the name and social security number of each covered retiree, spouse, and dependent; the retiree agency-identifying information in a format compatible with the billing needs of the department; and such other information that the commissioner of the department of administrative services shall request in order to carry out the retiree health benefits program administration.

28 Statement of Purpose. The general court finds that an actuarial valuation of the liabilities incurred for state retiree health care costs is necessary to accurately fund the cost of state retiree health benefits in the state. The general court also finds that the creation of a commission to establish assumptions used in the valuation of state retiree health care costs will promote the accurate calculation, disclosure, and funding of health benefits for state retirees.

29 New Chapter; State Retiree Health Plan Commission. Amend RSA by inserting after chapter 100-C the following new chapter:

CHAPTER 100-D STATE RETIREE HEALTH PLAN COMMISSION

100-D:1 State Retiree Health Plan Commission.

I. There is hereby established a state retiree health plan commission consisting of the following members:

(a) One member of the house of representatives, appointed by the speaker of the house of representatives.

(b) One member of the senate, appointed by the president of the senate.

(c) One member appointed by the governor.

(d) The state treasurer.

(e) The commissioner of the department of administrative services.

II. Legislative members of the commission shall receive mileage at the legislative rate while attending to the duties of the commission.

III. The commission shall:

(a) Determine the actuarial assumptions to be used in the actuarial valuation of liabilities relative to state retiree health benefits.

(b) Ensure that an actuarial valuation report is completed by a qualified, independent actuary and submitted to the speaker of the house of representatives, the president of the senate, and the governor, on or before December 1 of every even-numbered year.

IV. The members of the commission shall elect a chairperson from among the members. The first meeting of the commission shall be called by the member appointed by the speaker of the house of representatives. The first meeting of the commission shall be held within 45 days of the effective date of this section. Three members of the commission shall constitute a quorum. The terms of the members of the commission shall be coterminous with their terms of office.

100-D:2 State Retiree Health Fund Established. There is hereby established the state retiree health fund which shall be administered by the department of administrative services. All funds accumulated from any source for state retiree health benefits shall be accounted for in this fund. The fund shall be used to pay for state retiree health care expenses and any administrative costs related thereto pursuant to RSA 21-I:30, and for expenses related to the production of the biennial actuarial valuation report, and shall not be used for any other purpose. The fund shall be nonlapsing and continually appropriated to the department of administrative services. At the end of each fiscal year, the state treasurer shall credit the fund with interest and any other income earned.

30 New Subparagraph; Application of Receipts; State Retiree Health Fund. Amend RSA 6:12, I(b) by inserting after subparagraph (252) the following new subparagraph:

(253) All funds accounted for in the state retiree health fund established pursuant to RSA 100-D:2.

31 Transfers Among Accounts; Office of Information Technology. Notwithstanding the provisions of RSA 9:17-a or any other provision of law to the contrary, the office of information technology may, subject to the approval of the fiscal committee, transfer funds within and among all PAU's within said office as necessary for the efficient management of the office.

32 New Paragraph; Tobacco Tax; Stamps; Rules Relative to Bonding Requirements for Wholesalers. Amend RSA 78:9 by inserting after paragraph II the following new paragraph:

III. The commissioner shall adopt rules pursuant to RSA 541-A authorizing the department to adjust bonding requirements for wholesalers with an established history of payment of taxes under this section.

33 Tax on the Transfer of Real Property. Amend RSA 78-B:1, I(b) to read as follows:

(b) The rate of the tax is [~~\$.75~~] **\$.78** per \$100, or fractional part thereof, of the price or consideration for such sale, grant, or transfer; except that where the price or consideration is \$4,000 or less there shall be a minimum tax of \$20. The tax imposed shall be computed to the nearest whole dollar.

34 Distribution of Funds. Amend RSA 78-B:13 to read as follows:

78-B:13 Distribution of Funds.

I.(a) The commissioner shall determine the additional amounts of revenue produced by an increase of \$.25 per \$100 in the rate of tax imposed by RSA 78-B:1 for each fiscal year and shall certify such amounts to the state treasurer by October 1 of that year for deposit in the education trust fund established by RSA 198:39.

(b) The commissioner shall determine the additional amounts of revenue produced by an increase of \$.03 per \$100 in the rate of tax imposed by RSA 78-B:1 for each fiscal year and shall certify such amounts to the state treasurer by October 1 of that year for deposit in the trust fund for the New Hampshire land and community heritage investment program established under RSA 227-M:7.

II.(a) The commissioner shall make quarterly estimates of the amount of additional revenues that will be produced by the increase in tax rate **under subparagraph I(a)** for the next fiscal year and shall certify such amounts to the state treasurer for deposit in the education trust fund established by RSA 198:39. Such estimates shall be certified on June 1, September 1, December 1, and March 1 of each year.

(b) The commissioner shall make quarterly estimates of the amount of additional revenues that will be produced by the increase in the tax rate under subparagraph I(b) for the next fiscal year and shall certify such amounts to the state treasurer for deposit in the trust fund for the New Hampshire land and community heritage investment program established under RSA 227-M:7. Such estimates shall be certified on June 1, September 1, December 1, and March 1 of each year.

35 Commission Relative to Court Security Issues Established.

I. There is established a commission to study court security issues.

II. The members of the commission shall be as follows:

(a) A representative of the courts, appointed by the chief justice of the supreme court.

(b) A representative of the New Hampshire Sheriff's Association, appointed by the association.

(c) Three members of the house of representatives, appointed by the speaker of the house of representatives, one of whom shall be a member of the criminal justice and public safety committee, one of whom shall be a member of the judiciary committee, and one of whom shall be a member of the finance committee.

(d) Two members of the senate, appointed by the president of the senate, one of whom shall be a member of the judiciary committee and one of whom shall be a member of the finance committee.

III. Legislative members of the commission shall receive mileage at the legislative rate when attending to the duties of the commission.

IV. The commission shall study issues relative to court security, including assessing the adequacy of the current security system, identifying potential improvements to current court security measures, and estimating the cost of such improvements. The commission shall develop an implementation plan relative to its recommendations.

V. The members of the commission shall elect a chairperson from among the members. The first meeting of the commission shall be called by the first-named house member. The first meeting of the commission shall be held within 45 days of the effective date of this section. Four members of the commission shall constitute a quorum.

VI. The commission shall report its findings and any recommendations for proposed legislation to the speaker of the house of representatives, the president of the senate, the house clerk, the senate clerk, the governor, and the state library on or before November 1, 2007.

36 Medicaid Enhancement Tax; Imposition of Tax. Amend RSA 84-A:2 to read as follows:

84-A:2 Imposition of Tax. A tax is imposed at a rate of [6] 5.5 percent upon the net patient services revenue of every hospital for the hospital's fiscal year ending during the first full calendar year preceding the taxable period.

37 Nursing Facility Quality Assessment; Imposition of Fee. Amend RSA 84-C:2 to read as follows:

84-C:2 Imposition of Fee. An assessment of [6] 5.5 percent of net patient services revenues is hereby imposed on all nursing facilities on the basis of patient days in each nursing facility. The fee shall be implemented in accordance with the provisions of 42 C.F.R. part 433.

38 New Paragraph; Department of Health and Human Services; RFPs. Amend RSA 126-A:5 by inserting after paragraph XV the following new paragraph:

XVI. Notwithstanding any other provision of law, administrative rule, or administrative process to the contrary, the commissioner of health and human services may advertise requests for proposals and recruitment of personnel by using the Internet rather than traditional newspaper print media. The department shall regularly publish a notice in traditional print media referring prospective service providers and persons seeking state employment to the state's website for detailed information about opportunities.

39 Department of Health and Human Services; Authority to Fill Unfunded Positions. Notwithstanding any provision of law to the contrary, the commissioner of the department of health and human services may fill any unfunded positions during the biennium ending June 30, 2009, provided that the total expenditure for such positions shall not exceed the amount appropriated for personal services, permanent, and personal services, unclassified.

40 New Paragraph; Family Mutual Support Services; Requests for Proposals. Amend RSA 126-P:2 by inserting after paragraph IV the following new paragraph:

V. The New Hampshire developmental disabilities council shall assist the department in developing any requests for proposal for family mutual support services before they are released for competitive bidding.

41 Nursing Facility Rates; Report by Department of Health and Human Services. For the biennium ending June 30, 2009, the department of health and human services shall provide a report to the fiscal committee of the general court detailing assumptions used by the department to calculate acuity-based rates paid to nursing facilities. Said report shall be filed with the committee prior to the effective date of any rate change, and shall include, but not be limited to, the average monthly nursing facility bed days used to calculate rates, the projected surplus or deficit in current operating budget appropriations for nursing services, and the budget neutrality factor that will be applied to the rates, if any. The budget neutrality factor shall be defined as the adjustment to rates made by the department to accommodate the difference between the allowable medicaid costs, derived from the nursing facility Medicaid acuity rate setting system, which nursing facilities incur in providing care to Medicaid residents, and the amount which the state has budgeted in order to fund that care. The budget neutrality factor shall not consider amounts appropriated in the operating budget for the Medicaid quality incentive program (MQIP) or the proportionate share program (Proshare).

42 New Paragraph; Recovery of Assistance. Amend RSA 167:13 by inserting after paragraph III the following new paragraph:

IV. There is established in the state treasury an estate administration fund for use as a depository account by the department of health and human services for the purpose of estate administration conducted pursuant to RSA 553:2, III. The fund shall be used to receive and temporarily hold estate funds subject to supervision of the probate court until funds are disbursed, in accordance with RSA 554:19, to creditors, including the state, for public assistance provided under this chapter.

43 New Subparagraph; Treasury; Application of Receipts. Amend RSA 6:12, I(b) by inserting after subparagraph (252) the following new subparagraph:

(253) Moneys deposited in the estate administration fund established under RSA 167:13, IV.

44 Legal Services Study Commission Established.

I. There is established a commission to study the consolidation and centralization at the department of justice of legal services by the department of health and human services and other departments.

II. The members of the commission shall be as follows:

(a) Two members of the house of representatives, appointed by the speaker of the house of representatives.

- (b) Two members of the senate, appointed by the president of the senate.
- (c) Two members appointed by the governor.
- (d) The attorney general, or designee.
- (e) The commissioner of the department of health and human services, or designee.
- (f) One member of the New Hampshire Bar Association who has both government service experience and experience in the private sector management of a large law firm, appointed by the attorney general.

III. Legislative members of the commission shall receive mileage at the legislative rate when attending to the duties of the commission.

IV. The commission shall study the employment of attorneys by the department of health and human services and other state agencies to determine whether transfer of those employees and responsibility for those legal service functions to the attorney general's office would improve the efficiency and effectiveness of legal services by the state. The study shall address whether centralization and consolidation of legal services within the state would allow the state to:

- (a) More effectively and efficiently hire and retain highly qualified legal professionals.
- (b) Standardize management, supervision, and accountability of attorneys and legal support staff working for the state.
- (c) Establish a consistent and uniform training program for all attorneys and legal staff employed by the state.
- (d) Provide more timely and consistent legal advice to state departments and officials.
- (e) Eliminate duplication of legal services currently being performed by attorneys working at different departments.
- (f) Establish uniform standards for attorneys appearing on behalf of the state before courts or administrative proceedings.

V. The members of the commission shall elect a chairperson from among the members. The first meeting of the commission shall be called by the first-named house member. The first meeting of the commission shall be held within 45 days of the effective date of this section. A simple majority of the members of the commission shall constitute a quorum.

VI. Report. The commission shall report its findings and any recommendations for proposed legislation to the speaker of the house of representatives, the president of the senate, the house clerk, the senate clerk, the governor, and the state library on or before November 1, 2007.

45 Fish and Game Fund; Game Management Account; Effective Date. Notwithstanding any provision of law to the contrary, if HB 623-FN of the 2007 legislative session becomes law, it shall take effect on July 1, 2007.

46 Fish and Game Fund. RSA 215-A:23, VIII(f) is repealed and reenacted to read as follows:

(f) Any other purposes of the fish and game department funded by the fish and game fund.

47 Moose; Permit Fees; Nonresident Minimum Fee. Amend RSA 208:1-a, II to read as follows:

II. The executive director, with the consent of the commission, shall also adopt rules under RSA 541-A to regulate the issuance of licenses or permits, including the establishment of a lottery for awarding of permits to applicants, and to set fees for applications, licenses, or permits for both resident and nonresident applicants, *provided the fee for nonresident permits shall be at least \$450.*

48 Wild Turkey; Nonresident Fee. Amend RSA 214:9, XI to read as follows:

XI. If the applicant *is a resident* and wishes to hunt wild turkeys, [~~\$5~~] *\$15, and if the applicant is a nonresident and wishes to hunt wild turkeys, \$30,* and the fish and game department shall thereupon issue a wild turkey license or permit which shall entitle the licensee to hunt, shoot, kill and take turkey, except by the use of traps.

49 Motor Vehicle Fines; Review. The house criminal justice and public safety committee shall review fines for motor vehicle violations, as they have been amended by 2005, 177 and 2006, 259. The committee shall consider the appropriateness of the fine amounts and the advisability of reducing the fine amounts upon passage of the state operating budget. The committee shall report its findings to the speaker of the house of representatives and to the chairman of the house ways and means committee by November 1, 2007.

50 Motor Vehicle Fine Reductions; Effective Date. Amend 2006, 259:33-34 to read as follows:

259:33 Contingency. If HB 298 of the 2006 legislative session becomes law, sections 20, 21, and 22 of this act shall not take effect and sections 30, 31, and 32 of this act shall take effect one day after the passage of the state operating budget for the biennium ending June 30, [~~2009~~] *2011.*

If HB 298 does not become law, sections 30, 31, and 32 of this act shall not take effect and sections 20, 21, and 22 of this act shall take effect one day after the passage of the state ~~[operation]~~ **operating** budget for the biennium ending June 30, 2009.

259:34 Effective Date.

I. Sections 20, 21, 22, 30, 31, and 32 of this act shall take effect as provided in section 33 of this act.

II. Section 33 of this act shall take effect upon its passage.

III. The remainder of this act shall take effect one day after the passage of the state operating budget for the biennium ending June 30, ~~[2009]~~ **2011**.

51 Regional Community-Technical College System; Authority to Accept Funds and Exemption from Hiring Freeze; Prospective Repeal Extended to July 1, 2009. Amend 2005; 227:6, I to read as follows:

I. Section 4 of this act shall take effect July 1, ~~[2007]~~ **2009**.

52 Regional Community-Technical Colleges; Contracts with the Community-Technical College Foundation; Prospective Repeal Extended. Amend 2004, 9:5, I to read as follows:

I. Section 3 of this act shall take effect July 1, ~~[2007]~~ **2009**.

53 Lease Agreements. Notwithstanding RSA 6:35, for the biennium ending June 30, 2009, the fish and game department, the department of transportation, and the department of regional community-technical colleges may enter into lease agreements for vehicles and equipment at the discretion of the agency head. In this section, "lease" includes a lease-purchase, sale and lease back, installment sale, or other similar agreement.

54 New Section; Compensation for Retired Full-Time Justices for Service after Retirement. Amend RSA 493-A by inserting after section 1-a the following new section:

493-A:1-b Compensation. Any retired full-time justice of the supreme, superior, district, or probate court who serves after retirement as a senior active status justice or a judicial referee shall be allowed his or her expenses and a per diem compensation determined by the supreme court upon recommendation by the judicial branch administrative council and based on the daily equivalent of the annual salary the retired justice would then be earning pursuant to RSA 491-A:1; provided however, that in any calendar year the total of the service retirement benefits that the retired justice receives pursuant to RSA 100-C:5 plus the compensation provided by this section shall not exceed the annual salary the retired justice would then be earning pursuant to RSA 491-A:1.

55 Appropriation. There is hereby appropriated to the judicial branch the sum of \$200,000 for the fiscal year ending June 30, 2008, and the sum of \$200,000 for the fiscal year ending June 30, 2009, for the purpose of compensating retired, full-time justices for service after retirement. The governor is authorized to draw a warrant for said sums out of any money in the treasury not otherwise appropriated.

56 Effective Date.

I. Section 5 of this act shall take effect on July 1, 2009 at 12:01 a.m.

II. Section 22 of this act shall take effect on July 1, 2010 at 12:01 a.m.

III. Section 26 of this act shall take effect on July 1, 2009.

IV. Sections 35, 49, and 50 of this act shall take effect upon its passage.

V. Sections 36, 37, 47, and 48 of this act shall take effect January 1, 2008.

VI. Section 51 of this act shall take effect June 30, 2007.

VII. Section 40 shall take effect 60 days after its passage.

VIII. The remainder of this act shall take effect July 1, 2007.

AMENDED ANALYSIS

This bill:

I. Increases the minimum purchase price for agency hardware and software that requires approval by the office of information technology.

II. Increases certain motor vehicle registration fees.

III. Increases the limit for sweepstakes ticket prices from \$20 to \$30.

IV. This bill increases the tobacco tax by 45 cents and provides that all tobacco tax revenues be deposited in the general fund.

V. Establishes the homeless housing and access revolving loan fund.

VI. Transfers the balance of the long-term care assistance fund on June 30, 2007 to the department of health and human services to support ServiceLink New Hampshire.

VII. Provides that, for the biennium ending June 30, 2009, all tobacco settlement funds shall be deposited in the general fund.

VIII. Provides that, for the biennium ending June 30, 2009, all revenue from the sale of liquor and from liquor licensing fees shall be deposited in the general fund.

IX. Changes the name of the Glencliff home for the elderly to the Glencliff home.

X. Extends the current funding formula relative to county nursing homes and proportionate share payments to July 1, 2008.

XI. Establishes a \$4,000 cap on community mental health services benefits available to persons identified as adults with low service utilization of such services, and requires the department to establish, by rule, a procedure to waive the financial cap.

XII. Limits the ability of the department of health and human services to change program eligibility standards and rates in the biennium ending June 30, 2009.

XIII. Provides that, for the biennium ending June 30, 2009, the department of health and human services may accept and expend additional revenues above budgeted amounts for provider payments and certain other programs and services, subject to approval of the fiscal committee and governor and council.

XIV. Authorizes the department of health and human services to transfer funds within and among all PAUs within the department for certain purposes, subject to approval of the fiscal committee and governor and council.

XV. Directs the department of revenue administration and the department of health and human services to renew the existing memorandum of understanding between the agencies relative to eligibility for public assistance.

XVI. Increases certain department of environmental service fees for the review of terrain alteration plans and wetlands or shoreline structure impact fees.

XVII. Revises the laboratory fee schedule for environmental tests.

XVIII. Establishes that each municipality shall receive total education grants in an amount that equals the greater of either: a 5 percent increase in the education grant amount received by the municipality pursuant to RSA 198:41, I(b)(2) for the fiscal year beginning July 1, 2006, or 94.6596522 percent of the education grant amount to be received by the municipality pursuant to RSA 198:41, I(b)(2) for the fiscal year beginning July 1, 2007.

XIX. Decreases the percentage of the road toll used to fund the highway and bridge betterment program until July 1, 2009.

XX. Directs the New Hampshire retirement system to provide the department of administrative services with certain information relative to retirees for the retiree health benefits program.

XXI. Establishes the state retiree health plan commission and the state retiree health plan fund to ensure the accurate calculation, disclosure, and funding of the cost of state retiree health benefits.

XXII. Permits the office of information technology to transfer funds within the office with the approval of the fiscal committee.

XXIII. Directs the commissioner of revenue administration to adopt rules under RSA 541-A relative to bonding requirements for wholesalers of tobacco products.

XXIV. Increases the rate of tax on the transfer of real property.

XXV. Requires the commissioner of the department of revenue administration to certify the additional revenue to the treasurer for deposit in the trust fund for the New Hampshire land and community heritage investment program.

XXVI. Establishes a commission relative to court security issues.

XXVII. Reduces the Medicaid enhancement tax and the nursing facility quality assessment fee from 6 percent to 5.5 percent.

XXVIII. Permits the department of health and human services to use the Internet, rather than newspapers, for its requests for proposals and recruitment of personnel for the biennium ending June 30, 2009.

XXIX. Authorizes the commissioner of the department of health and human services to fill any unfunded position for the biennium ending June 30, 2009 within the limits of the appropriations for personal services, permanent, and personal services, unclassified.

XXX. Requires the developmental disabilities council to assist the department of health and human services in developing any requests for proposal for family mutual support services.

XXXI. Directs the department of health and human services to file a report relative to the calculation of acuity-based rates for nursing facilities with the fiscal committee prior to implementing a rate change.

XXXII. Establishes an estate administration fund for the department of health and human services to hold estate funds before disbursement by the probate court.

XXXIII. Establishes a commission to study the consolidation and centralization at the department of justice of legal services by the department of health and human services and other departments.

XXXIV. Establishes a July 1, 2007 effective date for HB 623-FN, relative to the fish and game fund, game management account.

XXXV. Provides that funds appropriated to the fish and game department may be used for any purpose of the fish and game department funded by the fish and game fund.

XXXVI. Sets a required minimum moose permit fee for nonresidents and increases the nonresident wild turkey license or permit fee issued by the fish and game department.

XXXVII. Requires the house criminal justice and public safety committee to review motor vehicle fines and extends the effective date for certain motor vehicle fine reductions.

XXXVIII. Extends the department of regional community-technical colleges' authority to accept certain funds without the approval of the governor and council and their exemption from a hiring freeze or delay until July 1, 2009.

XXXIX. Extends the prospective repeal of the regional community technical college system's contracting authority with the community-technical college foundation.

XL. For the biennium ending June 30, 2009, allows the fish and game department, the department of transportation, and the department of regional community-technical colleges to lease vehicles and equipment at the discretion of the agency head.

XLI. Allows certain limited compensation for retired full-time justices for service after retirement, and makes an appropriation therefor.

Majority committee amendment adopted.

Rep. Camm offered floor amendment (1227h).

Floor Amendment (1227h)

Amend the bill by deleting sections 2 and 3 and renumbering the original sections 4-56 to read as 2-54, respectively.

Amend the bill by replacing section 5 with the following:

5 Tobacco Tax; Applicability. Section 4 of this act shall apply to all persons licensed under RSA 78:2. Such persons shall inventory all taxable tobacco products in their possession and file a report of such inventory with the department of revenue administration on a form prescribed by the commissioner within 20 days after the effective date of this act. The tax rate effective July 1, 2007 shall apply to such inventory. The inventory form shall be treated as a tax return for the purpose of computing penalties under RSA 21-J.

Amend the bill by replacing section 54 with the following:

54 Effective Date.

I. Section 3 of this act shall take effect on July 1, 2009 at 12:01 a.m.

II. Section 20 of this act shall take effect on July 1, 2010 at 12:01 a.m.

III. Section 24 of this act shall take effect on July 1, 2009.

IV. Sections 33, 47, and 48 of this act shall take effect upon its passage.

V. Sections 34, 35, 45, and 46 of this act shall take effect January 1, 2008.

VI. Section 49 of this act shall take effect June 30, 2007.

VII. Section 38 of this act shall take effect 60 days after its passage.

VIII. The remainder of this act shall take effect July 1, 2007.

Rep. Marsh spoke against.

Reps. Camm and Packard spoke in favor.

Rep. Whalley requested a roll call; sufficiently seconded.

Rep. Major voted Nay and intended to vote Yea.

Rep. Vaillancourt offered floor amendment (1214h).

Floor Amendment (1214h)

Amend the bill by replacing section 6 with the following:

6 Tobacco Tax; Rate Increase. Amend RSA 78:7 to read as follows:

78:7 Tax Imposed. A tax upon the retail consumer is hereby imposed at the rate of [~~\$5.80~~] **\$1.08** for each package containing 20 cigarettes or at a rate proportional to such rate for packages containing more or less than 20 cigarettes, on all cigarettes sold at retail in this state. The payment of the tax shall be evidenced by affixing stamps to the smallest packages containing the cigarettes in which such products usually are sold at retail. The word "package" as used in this section shall not include individual cigarettes. No tax is imposed on any transactions, the taxation of which by this state is prohibited by the Constitution of the United States.

Rep. Almy spoke against.

Rep. Vaillancourt spoke in favor.

Rep. Itse requested a roll call; sufficiently seconded.

and floor amendment (1214h) failed.
 Rep. Major offered floor amendment (1226h).

Floor Amendment (1226h)

Amend the bill by deleting sections 6-7 and renumbering the original sections 8-56 to read as 6-54, respectively.

Amend the bill by replacing section 54 with the following:

54 Effective Date.

I. Section 5 of this act shall take effect on July 1, 2009 at 12:01 a.m.

II. Section 20 of this act shall take effect on July 1, 2010 at 12:01 a.m.

III. Section 24 of this act shall take effect on July 1, 2009.

IV. Sections 33, 47, and 48 of this act shall take effect upon its passage.

V. Sections 34, 35, 45, and 46 of this act shall take effect January 1, 2008.

VI. Section 49 of this act shall take effect June 30, 2007.

VII. Section 38 of this act shall take effect 60 days after its passage.

VIII. The remainder of this act shall take effect July 1, 2007.

Rep. Hamm spoke against.

Reps. Major, Waterhouse and Wendelboe spoke in favor.

Rep. Whalley requested a roll call; sufficiently seconded.

HB 43, relative to the procedure for establishing medicaid reimbursement rates. OUGHT TO PASS WITH AMENDMENT.

Rep. John DeJoie for Finance: This bill is the result of a study committee from the summer of 2006. The bill makes changes to the Medicaid Rate Setting process to provide increased transparency to providers and consumers. The House has already passed the policy in this bill. During the work session, Finance Division III received testimony regarding Medicaid rate changes to a particular service code, relating to hospital based physician billing. HHS is moving ahead with this rate change, which they believe will save \$5,000,000 as a result. The Governor did not include the HHS savings from this initiative in the budget. As a result of the significant difference between the HHS estimates of savings versus the hospitals' estimated losses, the committee determined that the most prudent action was to prevent action on this single rate code pending further study of the issue. The amendment from the committee authorized the rate setting changes previously approved by the House, except for the hospital based physicians, which it puts a moratorium on changing, until the completion of the study committee's work. The study committee is directed to finish its report by November 2007. Vote 18-6.

Amendment (0745h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to the procedure for establishing Medicaid reimbursement rates, establishing a committee to study Medicaid payments for hospital-based physician and outpatient services, and establishing a moratorium on certain reimbursement policy changes pending the results of the study.

Amend the bill by replacing all after section 1 with the following:

2 Committee Established. There is established a committee to study Medicaid payments for hospital-based physician and outpatient services.

3 Membership and Compensation.

I. The members of the committee shall be as follows:

(a) Three members of the house of representatives, appointed by the speaker of the house of representatives.

(b) Three members of the senate, appointed by the president of the senate.

II. Members of the committee shall receive mileage at the legislative rate when attending to the duties of the committee.

4 Duties. The committee shall study current Medicaid reimbursement policies for hospital-based physician and outpatient services billed using the National Uniform Billing Committee Revenue Code 510, including differences in billing instructions from the New Hampshire Medicaid program and the Centers for Medicare and Medicaid Services (CMS) for comparable services covered by Medicare.

5 Chairperson; Quorum. The members of the study committee shall elect a chairperson from among the members. The first meeting of the committee shall be called by the first-named house member. The first meeting of the committee shall be held within 45 days of the effective date of this section. Four members of the committee shall constitute a quorum.

6 Report. The committee shall report its findings and any recommendations for proposed legislation to the speaker of the house of representatives, the president of the senate, the house clerk, the senate clerk, the governor, and the state library on or before November 15th, 2007.

7 Moratorium. Notwithstanding any law to the contrary, there shall be a moratorium on reimbursement policy changes for hospital-based physician and outpatient services billed using the National Uniform Billing Committee Revenue Code 510 until the committee has reported its findings and recommendations.

8 Effective Date. This act shall take effect upon passage.

AMENDED ANALYSIS

This bill:

I. Directs the department of health and human services to review medicaid reimbursement rates every 2 years and establishes certain reporting requirements relative to such rates.

II. Establishes a committee to study Medicaid payments for hospital-based physician and outpatient services billed using the National Uniform Billing Committee Revenue Code 510 and establishes a moratorium on reimbursement changes for such services pending the results of the study. Amendment adopted.

Committee report adopted and ordered to third reading.

HB 407-FN-A, relative to assistance for milk producers. **OUGHT TO PASS WITH AMENDMENT.** Rep. Lynne M. Ober for Finance: This bill is the first part of a two step process to ensure that New Hampshire not only will retain as many dairy farms as possible, but ensure agricultural viability. New York and Vermont have already enacted similar emergency dairy relief. The Committee was presented with testimony outlining the drastic losses incurred by dairy farmers in 2006, not only due to bad weather, which caused crop failure and the necessity to replant, but also huge increases in fuel, feed and energy costs. Contrary to popular belief, milk prices are set nationally by the federal government and are not determined by the marketplace. These prices do not take into account regional factors and hardships such as weather. In 2006, New Hampshire's dairy farmers saw the lowest milk prices in 25 years, yet retail prices of milk have remained constant, varying no more than five or ten cents per gallon. In fact, the price of milk has always been heavily regulated for the benefit of the consumer, despite skyrocketing costs at the farm. The funds made available through this bill (\$3 million) will in no way compensate these farmers for all their losses, but will act as a bridge in providing them with necessary funds for spring planting. Vote 22-0.

Amendment (1106h)

Amend RSA 184-B:2, V as inserted by section 1 of the bill by replacing it with the following:

V. When applying for assistance, a milk producer shall sign an agreement to reimburse the department of agriculture, markets, and food for payments if the producer disperses the herd or reduces herd production by more than 50 percent by July 1, 2009. Funds collected by the department in the form of a reimbursement shall be deposited into the general fund.

Amendment adopted.

The question now being adoption of the committee report of Ought to Pass with Amendment.
Rep. Cunningham requested a roll call; sufficiently seconded.

and the committee report was adopted.
Ordered to third reading.

HB 488-FN-A-L, relative to the state chief medical examiner and medico-legal death investigations. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Peter R. Leishman for Finance: This bill repeals RSA 611, relative to medical examiners, and RSA 611-A, relative to the office of the chief medical examiner. The bill recodifies the responsibilities of the office of the chief medical examiner and the procedure for medico-legal death investigations in one new chapter, RSA 611-B. This legislation is the result of a comprehensive study by members of the House and Senate, and representatives from the justice department, office of the chief medical examiner, county government, funeral home directors, and crematory operators. With the passage of this legislation, the state will conduct all autopsies and medical examinations and county governments will be removed from this responsibility, and all costs borne by the counties for autopsies and medical investigations (more than \$550,000) will end. This legislation will also improve communications between police authorities, funeral homes and family members as all investigations will be conducted by the chief medical examiner's office. Additionally, the confusion regarding the payments to funeral homes for their services will be eliminated. Vote 23-0.

Amendment (0975h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to the state chief medical examiner and medico-legal death investigations and making an appropriation to the department of justice for autopsy costs.

Amend RSA 611-B:27-28 as inserted by section 1 of the bill by replacing them with the following:
611-B:27 Assistant Deputy Medical Examiner Accounts.

I. Assistant deputy medical examiners shall be paid at the following rates: telephone consultations - \$25; death investigations involving an external examination of the body - \$140, plus mileage at the state rate; pre-cremation examinations conducted pursuant to RSA 325-A:18 - \$50.

II. Assistant deputy medical examiners shall submit all claims for telephone consultation fees, death investigation fees and expenses, and pre-cremation examination fees to the office of the chief medical examiner, which shall authorize such claims and submit them for payment to the state

treasurer, chargeable to the medico-legal investigation fund established pursuant to RSA 611-B:28. On a monthly basis, the office of the chief medical examiner shall bill each of the counties for the services provided to that county by the assistant deputy medical examiners during the previous month, and any body transportation costs associated with the billed services, as provided under RSA 611-B:15, I. Services shall be billed at the following rates: telephone consultation - \$34; death investigation - \$149; travel expenses - the state mileage rate. The county treasurer shall submit payment to the state treasurer, for deposit in the medico-legal investigation fund.

611-B:28 Medico-Legal Investigation Fund.

I. There is established in the office of the state treasurer a nonlapsing fund to be known as the medico-legal investigation fund, which shall be kept distinct and separate from all other funds. The medico-legal investigation fund is established to receive all fees paid to the state related to medico-legal investigations and reports, to pay fees due to assistant deputy medical examiners for investigations conducted related administrative salaries, and the costs of recruitment, training, administration, and supervision of assistant deputy medical examiners.

II. The treasurer shall deposit in the medico-legal investigation fund all fees collected by the department of justice, office of the chief medical examiner pursuant to RSA 611-B. The treasurer shall also deposit in the medico-legal investigation fund such other funds received under state or federal law, or donated to the state by private parties, for the purposes related to medico-legal investigations, the recruitment, training, administration, and supervision of assistant deputy medical examiners, and related technology projects and improvements, and the treasurer shall credit any interest or income earned on moneys on deposit to the fund.

III. The attorney general is authorized to accept, budget, and expend moneys in the medico-legal investigation fund received from any party without the approval of the governor and council for the purposes of paying fees due by law to assistant deputy medical examiners, and for recruitment, training, administration, and supervision of assistant deputy medical examiners, administrative support costs, and related information technology.

IV. All moneys in the medico-legal investigation fund shall be continually appropriated to the department of justice and shall not lapse.

V. The treasurer, upon approval of the attorney general, shall pay assistant deputy medical examiners fees to which they are entitled by law, the expenses of recruiting, training, administering, and supervising assistant deputy medical examiners, administrative support costs, and the expenses of related information technology.

VI. The attorney general shall include the medico-legal investigation fund in the department budget submitted pursuant to RSA 9:4.

Amend the bill by inserting after section 16 the following and renumbering the original sections 17-18 to read as 19-20, respectively:

17 Administrative Support Position Established. The department of justice shall have the authority to hire a full-time support person in a supervisor II position at labor grade 21, who shall be responsible for administrative duties associated with the office of the chief medical examiner. The position shall be funded through the medico-legal investigation fund established in RSA 611-B:28.

18 Appropriation. There is hereby appropriated the sum of \$181,000 for the fiscal year ending June 30, 2008, and the sum of \$204,000 for the fiscal year ending June 30, 2009, to the department of justice for autopsy expenses. The appropriation in this section shall be in addition to any other sums appropriated to the department for such purpose. The governor is authorized to draw a warrant for said sums out of any money in the treasury not otherwise appropriated.

AMENDED ANALYSIS

This bill:

I. Repeals RSA 611, relative to medical examiners, and RSA 611-A, relative to the office of chief medical examiner, and recodifies the responsibilities of the office of the chief medical examiner and the procedure for medico-legal death investigations in one new chapter, RSA 611-B.

II. Establishes a classified administrative support position for the office of chief medical examiner.

III. Makes an appropriation to the department of justice for autopsy costs.

Rep. Rochette spoke in favor.

Amendment adopted.

Committee report adopted and ordered to third reading.

HB 498-FN-A, dedicating certain OHRV and snowmobile unrefunded road tolls to the fish and game department. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Robert A. Foose for Finance: This bill continues to dedicate certain OHRV and small snowmobile unrefunded road tolls to the Fish and Game Department and the Bureau of Trails. The bill increases the average estimated purchase of gas from 50 to 100 gallons and directs that the increase in funds resulting from the change in assumption be directed to the Fish and Game Department to provide badly needed additional funds. Vote 23-0.

Amendment (0985h)

Amend the bill by replacing section 1 with the following:

1 Road Tolls; Credit Provided; OHRV and Snowmobiles; Fish and Game Department Use.
Amend RSA 260:61, I to read as follows:

I. Annually on or before June 30 the state treasurer shall transfer, from road tolls collected, an amount equal to the number of licensed OHRVs and snowmobiles for the previous year times the average number of gallons consumed per year per OHRV and snowmobile times the gasoline road toll imposed under RSA 260:32, less any amount refunded for OHRV and snowmobile use for the previous year, to the *fish and game department and the bureau of trails as follows. The road toll administrator shall report to the state treasurer if there is a balance of unrefunded road tolls collected. The administrator shall certify the amount to the state treasurer who shall credit ½ of such balance to the bureau of trails for use as provided in paragraph I-a, and ½ of such balance to the fish and game department.* For the purposes of this section, "the average number of gallons consumed per year per OHRV or snowmobile" is [56] 100.

I-a. The bureau shall use 66 2/3 percent of the amount credited for grants under its grant-in-aid program, and 33 1/3 percent for general operating expenses and expenses incurred in administering and supervising the grant-in-aid program. Any balances in the funds hereby transferred shall not lapse at the end of the fiscal year but shall remain in the OHRV and snowmobile fund.
Amendment adopted.

The question now being adoption of the committee report of Ought to Pass with Amendment.
Rep. Abbott requested a roll call; sufficiently seconded.

and the committee report was adopted.

Ordered to third reading.

HB 661-FN-A, establishing an executive planning commission on special education. **OUGHT TO PASS.**

Rep. Linda T. Foster for Finance: The cost, scope, and delivery of services associated with special education continue to be of major importance to school districts throughout our state. The com-

mittee believes that the \$50,000 appropriation will allow this important executive commission to retain consultants and to fund other expenses which are necessary to accomplish its mission. The reporting date for this commission shall be October 1, 2008. Any unexpended funds as of June 30, 2008 shall lapse to the general fund. Vote 22-0.

Committee report adopted and ordered to third reading.

HB 663-FN-A, relative to the comprehensive shoreland protection act and making an appropriation therefor. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Neal M. Kurk for Finance: This bill is the funding vehicle for three other shoreland protection policy bills passed earlier this session. As the bill came to Finance, it appropriated \$750,000 for the biennium for up to six new positions and established permits, together with fees, to implement these policy changes. After consultation with the Ways and Means Committee, Finance amended the bill to phase in the new positions, appropriating \$375,000 for the biennium. This "seed money" will be repaid from the permit fees, most likely during the biennium. Thus, we expect that there will be no net impact on the general fund. The amended bill retains the fees at the level proposed by the policy committee, but caps them and places them into an existing dedicated fund from which the positions will be paid. At the request of the policy committee, timber harvesting operations and public road and utility construction were exempted from permitting. Vote 20-0.

Amendment (1110h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to the protected shoreland permitting process and establishing and funding positions within the department of environmental services.

Amend the bill by replacing all after the enacting clause with the following:

1 New Section; Permit Required. Amend RSA 483-B by inserting after section 5 the following new section:

483-B:5-a Permit Required; Exemption.

I.(a) No person shall commence construction, excavation or filling activities within the protected shoreland without obtaining a permit from the department to ensure compliance with this chapter.

(b) The permit application fee shall be \$100 plus \$.10 per square foot of area affected by the proposed activities and shall be deposited in the wetlands and shorelands review fund established under RSA 482-A:3, III. Such fees shall be capped as follows:

- (1) For projects of 0-9,999 square feet, \$750.
- (2) For projects of 10,000 – 24,999 square feet, \$1,875.
- (3) For projects of 25,000 square feet or more, \$3,750.

II. Timber harvesting operations permitting requirements shall be in accordance with RSA 485-A:17, IV and therefore shall be exempt from the permitting requirement under paragraph I.

III. Construction of public roads and public utility lines and associated structures and facilities shall be exempt from the permitting fees of paragraph I.

2 New Paragraph; Rulemaking. Amend RSA 483-B:17 by inserting after paragraph X the following new paragraph:

XI. Procedures and criteria for permitting under RSA 483-B:5-a, including permit by notification and the identification of those activities that may be conducted without obtaining a permit, all consistent with the provisions of this chapter.

3 Excavating and Dredging Permit; Certain Exemptions. Amend RSA 482-A:3, III to read as follows:

III. The filing fees collected pursuant to paragraphs I, V(c), XI(h), and XII(c) *and RSA 483-B:5-a* are *continually* appropriated to and shall be expended by the department for paying per diem and expenses of the public members of the council, hiring additional staff, reviewing applications and activities relative to the wetlands of the state *and protected shorelands under RSA 483-B*, conducting field investigations, and holding public hearings. Such fees shall be held by the treasurer in a nonlapsing fund identified as the wetlands *and shorelands* review fund.

4 Application of Receipts. Amend RSA 6:12, I(b)(131) to read as follows:

(131) Moneys deposited in the wetlands *and shorelands* review fund under RSA 482-A:3, III.

5 Positions Established. The department of environmental services may hire up to 6 additional staff positions to implement RSA 483-B and to perform education and outreach. Authorized po-

sitions include, at a minimum, 2 environmentalist II and 2 environmental III positions for implementation of RSA 483-B, and one environmentalist II position for education and outreach. Funding for the positions and associated costs shall be drawn from the wetlands and shorelands review fund under RSA 482-A:3, III.

6 Funding Transfer and Repayment. The state treasurer shall transfer \$375,000 from the general fund to the wetlands and shorelands review fund under RSA 482-A:3, III for the biennium ending June 30, 2009. Notwithstanding any provision of law to the contrary, 1/2 of the permit fees collected under RSA 483-B:5-a shall be deposited in the general fund until such time as the \$375,000 is repaid.

7 Repeal. RSA 483-B:5-a, I(b), relative to permit application fees, is repealed.

8 Effective Date.

I. Section 1 of this act shall take effect March 1, 2008.

II. Section 7 of this act shall take effect July 1, 2011.

III. The remainder of this act shall take effect July 1, 2007.

AMENDED ANALYSIS

This bill:

I. Requires a permit prior to construction, excavation, or filling activities within the protected shoreland and establishes a permit application fee.

II. Limits the purposes for which the fee shall be expended.

III. Establishes new positions within the department of environmental services.

IV. Requires the state treasure to transfer certain funds from the general fund to the wetlands and shorelands review fund.

Amendment adopted.

Committee report adopted and ordered to third reading.

HB 721, relative to the appropriation to the department of health and human services for rates paid for nursing services. **OUGHT TO PASS WITH AMENDMENT.**

Rep. John DeJoie for Finance: This bill pertains to the "budget neutrality" factor applied to nursing home rates by the Department of Health and Human Services (DHHS). Budget neutrality is intended so the department does not overspend the money appropriated for nursing homes. However, the department has used budget neutrality to lapse dollars, effectively reducing nursing home rates without using required rate setting methodologies. The committee amended this bill to address only the current fiscal year. With this bill, the nursing homes will receive the full rates to which they are entitled for the patients they served in 2007. Subsequent years will be addressed through the budget. Vote 21-1.

Amendment (1066h)

Amend the bill by deleting section 2 and renumbering the original section 3 to read as 2.

AMENDED ANALYSIS

This bill adds a footnote to the operating budget for the appropriation to the department of health and human services for rates paid for nursing services.

Amendment adopted.

Committee report adopted and ordered to third reading.

HB 790-FN, relative to dependent coverage for health insurance and establishing the joint legislative oversight committee on insurance expansion initiatives. **OUGHT TO PASS.**

Rep. Bonnie G. Mitchell for Finance: This bill expands the definition of dependent young adults to those who are less than 26 years of age for purposes of health insurance coverage. There are no direct public funding consequences of HB 790. The state employee's health plan is self-insured and not subject to this legislation. The NH Insurance Department estimates that while the number is difficult to determine it would possibly be in the area of 4,000 lives and involves a cost increase (not premium) of less than 1%. This legislation would have the impact of extending health insurance to the NH population that has the highest percent of uninsured with no fiscal impact to the State. This is not a mandate, but an excellent idea. Insurers and employers will benefit by having a larger and healthier pool from which to draw. Employers still have the option of offering the coverage. Vote 15-8.

Rep. Ingbretonson requested a roll call; sufficiently seconded.

Watson, Robert

SULLIVAN

Rodeschin, Beverly
and the committee report was adopted.
Ordered to third reading.

HB 796, relative to civil liability for damaging highway protective barriers. OUGHT TO PASS WITH AMENDMENT.

Rep. Gregory M. Sorg for Judiciary: This was a second committee referral of a bill whose intent is to amend RSA 236:39 so as to expand the ability of the State of New Hampshire and municipalities to recover for damages to highways and protective barriers caused by motorists and other persons. The committee amended the bill to enable recovery only from persons causing damage intentionally or negligently, and made general grammatical revisions to clarify the statute. Vote 11-4.

Amendment (1196h)

Amend the bill by replacing section 1 with the following:

1 Civil Liability Expanded. RSA 236:39 is repealed and reenacted to read as follows:

236:39 Civil Liability. If any person negligently or intentionally, without authority, shall place any obstruction in a highway, or cause any defect, insufficiency, or want of repair of a highway which renders it unsuitable for public travel, he or she shall be liable to the state for all damages to the highway, including replacement costs of protective barriers, when maintained by the state, or to the municipality for all damages to a highway, including replacement costs of protective barriers, when maintained by the municipality, and for all damages and costs which the state or municipality shall be compelled to pay to any person injured by such obstruction, defect, insufficiency or want of repair.

Amendment adopted.

Committee report adopted and ordered to third reading.

HB 25-FN-A, making appropriations for capital improvements. OUGHT TO PASS WITH AMENDMENT.

Reps. Candace C.W. Bouchard and David B. Campbell for Public Works and Highways: This bill (Capital Budget) as amended had two public hearings and numerous work sessions and all agencies requesting an appropriation testified at least once. Departments not included in the Capital Budget were also allocated time to testify. The committee also had a work session with Division II of Finance. A subcommittee reviewed lapse dates and made recommendations. Lapse dates are projects given bonding authority in previous Capital Budgets that have some, or all, unexpended appropriations. Capital Bonds are issued for projects such as building maintenance, construction, land acquisition, furnishings and equipment that have a life expectancy of 20 years. However, HB 25 is unique in that it bonds highway funds for one-time appropriations for the Highway Transportation Plan. The treasurer does not object to this as a "short term solution." Bonding General Funds – Amendment Changes: HB 25 as amended fully funds, as requested by the Adjutant General, the

acquisition of land in Pembroke for a new 195th NH Regional Training Institute (NHRTI). The NHRTI is the NH Army National Guard's military academy. This facility provides training for soldiers from NH and around the country. The state must provide the land to receive the \$38,000,000 federal grant for construction. The current NHRTI facility in Strafford is not adequate and will be used for other purposes. The Capital Budget, as presented by the Governor, did not include any courthouse projects. While the Governor was developing the Capital Budget, no courthouse was ready to be included due to community disagreement over site location. However, during the House Capital Budget hearings, Merrimack offered a site for the Merrimack District Court. The other two towns within the district, Bedford and Litchfield, agreed to the site. The courts testified that the site is suitable for the existing plans of a 24,000 square foot facility that will include the district court and family division. Merrimack District Court was third on the court's priority list. The other two courts, Merrimack County Superior Court and Cheshire Superior Court are not ready to move forward. Recognizing that the current Merrimack District Court is grossly inadequate, has severe security issues, lacks privacy, has ADA accessibility restrictions and insufficient secure office space, the committee voted to include this court. However, the appropriation has a footnote requiring the land be acquired prior to 7/1/2008 and the site work and infrastructure cost no more than the appropriation. The Merrimack County Superior Court does have a proposed site and because Cheshire County does not, the lapse appropriation for design of the Cheshire County Courthouse was amended to Merrimack County Superior Courthouse Design. Under the Department of Administrative Services, the committee increased the appropriated amount for the State House, State Library and LOB maintenance and granite re-pointing by \$170,000. The Department of Transportation was equally sharing the \$2,100,000 project for the Hazen Drive improvements, with the Department of Administrative Services. The Department of Transportation testified they could do the entire Hazen Drive Roadway improvements, including the sidewalk extension for \$1,100,000. This project will be bonded with highway funds. DOT also requested Hazen Drive be its responsibility. The committee agreed. Also, under Administrative Services, the State House repairs and Hugh Gallen State Office Park roof repairs are funded by previously appropriated lapse funds from the Bridges Enhancement fund which Health and Human Services asked to be reduced. Changes to the Community – Technical College System request included Nursing labs and Classroom renovations along with a new student service center for the Claremont campus. The committee did reduce the request for planning and funding for future projects. The Department of Corrections request remained the same except for a reduction to \$10,000,000 line item. The committee believed the DOC could not do all the work in the line item appropriation this biennium and thought it more prudent to fund a new 150 bed minimum security unit (MSU) in Berlin, appropriated funds for the architectural and engineering for the Berlin 500 bed expansion and Phase I of the Concord residential treatment unit. HB 25 as amended includes \$100,000 for the Housing Authority housing fund. The funds are used to facilitate the purchase and rehabilitation of affordable housing primarily for low and moderate income persons and families. The committee fully funded the 75% state match for the Exeter and Manchester regional career technical centers. The Temple Mountain appropriation of \$535,000 included \$100,000 for operating costs which the committee omitted. The committee also added a footnote that excludes the deed restrictions that were in HB 183 and prohibits DRED from using any state park fund money for the purposes of development, operation, or maintenance of the Temple Mountain property. The amendment authorizes DRED to sell its facility in Concord on Langdon Street and to build a new facility in Allenstown, Bear Brook State Park. The committee heard testimony that the current facility is too small, energy inefficient and lacks adequate parking (currently DRED leases parking) and the adjacent property owner will purchase the facility. The sum appropriated for the sale of the current facility shall be received before DRED can begin building the new facility. The rail match for the Nashua/Manchester project was amended to appropriate \$500,000 of lapse funds and reduces the new requested appropriation by \$500,000, thus reducing by \$500,000 new General Fund bonding. The appropriation for the rail match remains \$1,000,000. Bonding Highway Funds – Amendment Changes: The Department of Safety's request for the VISION, Office of Information Technology and DMV project was reduced from \$8,305,000 to \$1,915,000. This new appropriation allows the department to begin the estimated \$12,000,000 VISION system. The department testified that the current OIT system, although old, was in no immediate danger of failing. However, it is important to note that completion of VISION (as was true with the un-amended appropriation) will require appropriations in future Capital Budgets. The Department of Transportation

(DOT) oil underground fuel tank replacement request has been amended to be appropriated out of the ODD Fund. The ODD Fund is able to support this appropriation. The amendment includes a new Welcome Center in Chesterfield on Route 9. The Chesterfield Welcome Center will accommodate a liquor store, Department of Resources and Economic Development, (DRED) and the Department of Safety. The Liquor Commission will pay rent to the Welcome Center and the sum shall be credited to the highway fund. The Liquor Commission testified with a larger store sales would more than double. DRED has been invited and will be allocated space by DOT to provide services for tourist. DOT is allocating space to the Department of Safety and thus will have the benefit of state troopers using the Welcome Center. A new request for a fuel center computer system was approved. This computer system will enable the department to have an accurate record of fuel being pumped from their fueling stations and provide an efficient means of payment from municipalities that use the stations. The most difficult decision for the committee was the inclusion of the bonding proposal in the Capital Budget that was put forth by the Governor. The committee reluctantly agreed to bond almost 60 million dollars (\$59,895,260) as a one time short-term fix in HB 25 because there is no fiscally prudent alternative at this time. The Commissioner of Transportation testified that because of the current 60 million dollar shortfall in the NHDOT budget this biennium there are only three alternatives: 1) Raise revenues (that means the gas tax) in this year's budget, 2) Cut 60 million dollars in highway bridge projects that are ready to go out to bid or, 3) Issue bonds to cover the shortfall. The DOT Commissioner and the majority of the committee support the bonding as a short-term solution to a long-term problem; which is the deteriorating condition of the State's highways and bridge infrastructure, and because of a lack of adequate revenue and inflation, the 10 Year Highway Plan has become a 16 Year Plan. A second alternative is to raise the gas tax to balance the books. A "quick fix" increase of 3 or 4 cents in the gas tax (even if sunsetted) is opposed by the majority of the Committee, the DOT Commissioner and the Governor for the same reason: NH DOT's books are currently in a condition that makes it impossible to determine the full financial picture or the actual long-term revenue needs. The House and Senate have already passed HB 103, establishing a study committee which will explore this problem in depth and along with the Commissioner of DOT will recommend to the Legislature long-term solutions before November 2007. In the meantime, raising the gas tax without fully understanding the financial ramifications on the 10 Year Highway Plan was deemed by the committee to be imprudent. The third alternative: to delay or cut up to 60 million dollars in scheduled highway construction projects was also rejected by the committee. Such a move would only worsen the back log of projects, cost the state millions more in inflated construction costs, and would have negative impacts on jobs and the state's economy. Nobody has brought forth any other alternative other than bonding. The State Treasurer testified that the bonding the 60 million dollars this biennium is a "fiscally viable short-term solution and that it *would not* damage the state's bond rating or financial integrity." She did warn however, that to continue this practice would put the state on a "slippery slope." To help the Legislature's ability to make this a temporary solution, the Treasurer indicated she would probably issue variable 20 year bonds that could be paid off at any time. Additionally, Public Works & Highways worked with the Finance Committee to include in HB 2 a provision to sunset on July 1, 2009 the one cent allocation from the Betterment portion of gas tax revenues used to pay the loan for this budget cycle. This insures that there is *no decrease* in the Betterment Program this biennium or in the future. Finally, the House can be assured that these bonds *do not* bond operating expenses, as NHDOT supplied the committee and the Treasurer with a list of 20 year capital projects the equal or exceed the bonding allocations of the 60 million dollars. Vote 19-0.

Amendment (1178h)

Amend the bill by replacing all after the enacting clause with the following:

1 Capital Appropriations. The sums hereinafter detailed are hereby appropriated for the projects specified to the departments, agencies, and branches named:

I. Adjutant General.

A. Armory - Roofing Projects	\$ 600,000
B. Armory - Statewide Auxiliary Power	1,500,000
Less Federal	<u>-750,000</u>
Net state appropriation subparagraph B	750,000
C. Armory - Alarm Fire Systems	575,000
Less Federal	<u>-287,500</u>
Net state appropriation subparagraph C	287,500

D. NHSVC - Columbarium Expansion	765,000
Less Federal	<u>-765,000</u>
Net state appropriation subparagraph D	0
E. 195th Training Institute Land Acquisition	3,500,000
F. Regional Training Institute Construction	38,000,000
Less Federal	<u>38,000,000</u>
Net state appropriation subparagraph F	0
G. Mini-Excavator-Veterans' Cemetery	62,000
H. Pole Barn - Veterans' Cemetery	<u>70,000</u>
Total state appropriation paragraph I	\$ 5,269,500
II. Department of Administrative Services.	
A. Bureau of Court Facilities.	
1. Hillsborough County North - Asbestos Abatement	\$ 2,000,000
2. Merrimack District Courthouse*	<u>7,000,000</u>
Total state appropriation subparagraph A	\$ 9,000,000
* The sum appropriated in subparagraph A. 2 for the Merrimack district courthouse shall not be spent, obligated, or encumbered until land suitable for a standard court facility similar to the Dover district court layout has been acquired prior to July 1, 2008 provided that there is no cost of land acquisition by the state and that site work and infrastructure costs can be accomplished within the sum appropriated or the authority shall lapse.	
B. Bureau of General Services.	
1. State House Annex - Renovate Restrooms	\$ 177,000
2. State House, State Library and LOB - Maintenance and Repointing	270,000
3. Safety Building - Replace HVAC Chillers	720,000
4. Monadnock Mill - New Roof	225,000
5. All State Owned Facilities	100,000
6. All State Owned Buildings - Energy Improvement Fund	250,000
7. Legislative Office Building - Replace Ice Stop System	104,000
8. Statewide Library Roof Repairs	<u>775,000</u>
Total state appropriation subparagraph B	\$ <u>2,621,000</u>
Total state appropriation paragraph II	\$ 11,621,000
III. Department of Agriculture, Markets, and Food.	
A. NH Building at Eastern States Exposition	\$ <u>190,000</u>
Total state appropriation paragraph III	\$ 190,000
IV. Community-Technical College System.	
A. Automotive Bldg Education and Training Center Updates	\$ 3,000,000
B. Main Building Renovations - Interior	1,000,000
C. Main Campus Renovations	2,000,000
D. Wellness Student Center	1,160,000
Less Other*	<u>-1,160,000</u>
Net state appropriation subparagraph D	0

*To provide funds for the appropriations made in subparagraphs D, the state treasurer is hereby authorized to borrow upon the credit of the state not exceeding the sum of \$1,160,000 and for said purpose may issue bonds and notes in the name of and on behalf of the state of New Hampshire in accordance with RSA 6-A. Payments of principal and interest on the bonds and notes shall be made from student fees.

E. Health, Education, Technology Center	500,000
F. Academic, Career and Health Education Center	6,500,000
Less Federal	-491,032
Less Other*	<u>-2,008,968</u>
Net state appropriation subparagraph F	4,000,000

*To provide funds for the appropriations made in subparagraphs F, the state treasurer is hereby authorized to borrow upon the credit of the state not exceeding the sum of \$2,008,968 and for said

purpose may issue bonds and notes in the name of and on behalf of the state of New Hampshire in accordance with RSA 6-A. Payments of principal and interest on the bonds and notes shall be made from donations, pledges, and grants.

G. Pease Campus Renovation - Main Campus	11,000,000
Less Other (Sale of Land) *	<u>-11,000,000</u>
Net state appropriation subparagraph G	0

*The proceeds from the sale of the Stratham campus land shall be used up to July 1, 2010 to offset the sum appropriated for the Pease campus renovation authorized in subparagraph G.

H. Planning Funding for Future Projects	250,000
I. Information Technology- Standardize System wide Network Architecture	1,000,000
J. Critical Maintenance/Repairs	4,000,000
K. Student Services, Nursing Lab and Classroom - Claremont	450,000
L. Christa McAuliffe Planetarium - Alan B Shepard Mem. Wing	4,263,167
Less Other*	<u>-4,263,167</u>
Net state appropriation subparagraph L	<u>0</u>

*To provide funds for the appropriations made in subparagraph L, the state treasurer is hereby authorized to borrow upon the credit of the state not exceeding the sum of \$4,263,167 and for said purpose may issue bonds and notes in the name of and on behalf of the state of New Hampshire in accordance with RSA 6-A. Payments of principal and interest on the bonds and notes shall be made from the planetarium fund established in RSA 12-L:10.

Total state appropriation paragraph IV	\$ 16,200,000
--	---------------

V. Department of Corrections.

A. Electronic Security Upgrades - Men's Prison	\$ 350,000
B. NHSP/M Chiller and Tower Replacement	349,400
C. NHSP/M Structural Wall and Beam Repair	1,780,000
D. NHSP/M and NHSP/W Boiler Room Upgrades	370,000
E. Roof Repairs	1,300,000
F. LRF - Sewer Stormwater Water System Repairs*	1,300,000

*The department shall seek and apply for federal matching funds and state revolving funds for the project in subparagraph F. Any matching funds received shall reduce the state appropriation as provided in section 9 of this act.

G. Residential Treatment Unit, Phase 1 - Concord	1,480,000
H. MSU 150-beds, Berlin	5,300,000
I. Architectural and Engineering - 500 bed, Max. Security - Berlin	200,000
J. Comprehensive Master Plan and Secure Psychiatric Care	500,000
K. Community Corrections HVAC and Water Upgrades	<u>410,000</u>

Total state appropriation paragraph V	\$ 13,339,400
---------------------------------------	---------------

VI. Department of Education.

A. Renovation Regional Career and Tech Ed Center - Exeter	\$ 6,375,000
B. Renovation Regional Career and Tech Ed Center - Manchester	7,425,000
C. Pre-Engineering Technology	<u>400,000</u>

Total state appropriation paragraph VI	\$ 14,200,000
--	---------------

VII. Department of Environmental Services.

A. Drinking Water SRF Matching Funds*	\$ 3,249,460
---------------------------------------	--------------

* The department shall give a priority to the SRF project authorized for the department of corrections in subparagraph V. F.

B. Wastewater SRF Matching Funds	3,008,863
C. Hazardous Waste Superfund Match I	1,210,000
D. Dam Repairs, Removal and Reconstruction *	1,810,000

*The sum appropriated in subparagraph D shall not be spent, obligated, or encumbered until the department has received approval of the dam repair, removal, or reconstruction projects from the capital budget overview committee.

E. Technical Services - Air Monitoring Program	<u>274,100</u>
Total state appropriation paragraph VII	\$ 9,552,423

VIII. Fish and Game Department.

A. Dam Construction and Repair	\$ 450,000
Total state appropriation paragraph VIII	\$ 450,000

IX. Department of Health And Human Services.

A. Main Building - Asbestos Abatement	\$ 250,000
B. Main Building - Lead Paint Abatement	191,000
C. Glencliff - Brown Building Patient Room Floor Abatement	950,000
D. Replacement of Huntress and Lodge Houses	976,000
E. Twitchell Bldg - Roof Replacement and Electrical Upgrade	160,000
Total state appropriation paragraph IX	\$ 2,527,000

X. Housing Finance Authority.

A. Affordable Housing	100,000
Total state appropriation paragraph X	\$ 100,000

XI. Liquor Commission.

A. Renovate Store Parking Lot #76	\$ 790,000
B. Concord Warehouse Racking	270,000
Total state appropriation paragraph XI	\$ 1,060,000

XII. Pease Development Authority.

A. Market Street Marine Terminal Pier	2,300,000
Less Other*	-2,300,000
Net state appropriation subparagraph A	0
B. Rye Harbor Commercial Fish Pier	1,560,000
Less Other*	-1,560,000
Net state appropriation subparagraph B	0

*To provide funds for the appropriations made in subparagraphs A and B, the state treasurer is hereby authorized to borrow upon the credit of the state not exceeding the sum of \$3,860,000 and for said purpose may issue bonds and notes in the name of and on behalf of the state of New Hampshire in accordance with RSA 6-A. Payments of principal and interest on the bonds and notes shall be made from fees relating to wharfage, dockage, and other marine terminal operations under RSA 12-G:42. For the appropriation made in subparagraph A, the Pease development authority and the attorney general shall seek reimbursement or restitution for the cost of repairs of damage to the facility, and the appropriation may not be expended until approval is received by the capital budget overview committee.

Total state appropriation paragraph XII	\$ 0
---	------

XIII. Department of Resources and Economic Development.

A. Statewide Park Funding	\$ 6,000,000
B. Temple Mountain Purchase*	435,000

*The sum appropriated in subparagraph B shall not be spent, obligated, or encumbered until the remaining sums required for the purchase are received. The purchase of property shall not be subject to deed restrictions which prohibit the installation of telecommunications or similar towers and associated facilities on the property or which prohibit any off-road motorized vehicular recreational activities. The department of resources and economic development shall not develop, operate, or maintain any recreational facilities on the property unless funding for such development, operation, or maintenance is provided through state, federal, or municipal sources, private contributions, or other sources, nor shall the department use any state park fund money for the purposes of development, operation, or maintenance of the Temple Mountain property.

C. Statewide - Exterior Repairs, Roofing	400,000
D. New Facility - Allenstown	1,149,758
Less Other (Sale of Land- Concord) *	-332,000
Total state appropriation subparagraph D	817,758

* The sum appropriated in subparagraph D shall not be spent, obligated, or encumbered until the proceeds from the sale of land are received.

E. Statewide Radio System	883,000
Total state appropriation paragraph XIII	\$ 8,535,758

XIV. Department of Transportation.

A. 5-10% Match for FAA Projects	\$ 50,765,517
Less Federal	-41,423,900
Less Other	<u>-6,632,870</u>
Net state appropriation subparagraph A	2,708,747
B. Public Transit Bus Replacement	384,500
C. Rail - Match	500,000
D. Repair State Rail Lines	950,000
E. Maintenance Hanger at the Skyhaven Airport	650,000
Less Other*	<u>-650,000</u>
Net state appropriation subparagraph E	<u>0</u>

*To provide funds for the appropriations made in subparagraph E, the state treasurer is hereby authorized to borrow upon the credit of the state not exceeding the sum of \$650,000 and for said purpose may issue bonds and notes in the name of and on behalf of the state of New Hampshire in accordance with RSA 6-A. Payments of principal and interest on the bonds and notes shall be made from the Skyhaven airport maintenance and operations fund under RSA 422:39.

Total state appropriation paragraph XIV	\$ 4,543,247
---	--------------

XV. Veterans' Home.

A. Upgrades to Facility/Asbestos Abatement	\$ 1,165,000
Less Federal	<u>-757,250</u>
Net state appropriation subparagraph A	407,750
B. Energy Enhancements	5,000,000
Less Federal	<u>-3,250,000</u>
Net state appropriation subparagraph B	1,750,000
C. Therapeutic Pool Study	<u>50,000</u>
Total state appropriation paragraph XV	\$ <u>2,207,750</u>
Total state appropriation section 1	\$ 89,796,078

2 Appropriations; Highway Fund. The sums hereinafter detailed are appropriated for the projects specified:

I. Department of Safety.

A. Sprinklers 3rd Floor 33 Hazen & Elevator Control Upgrades	\$ 550,000
B. 33 Hazen - Computer Room Electrical Upgrades	548,000
C. Lab HVAC Modification/Upgrade	220,000
D. OIT projects for DMV	<u>1,915,000</u>
Total state appropriation paragraph I	\$ 3,233,000

II. Department of Transportation.

A. Patrol and Salt Sheds	\$ 1,300,000
B. Statewide - Underground Fuel Tank Replacement	3,000,000
Less Other *	<u>3,000,000</u>
Net state appropriation subparagraph B	<u>0</u>

*To provide funds for the appropriations made in subparagraph B, the state treasurer is hereby authorized to borrow upon the credit of the state not exceeding the sum of \$3,000,000 and for said purpose may issue bonds and notes in the name of and on behalf of the state of New Hampshire in accordance with RSA 6-A. Payments of principal and interest on the bonds and notes shall be made from the oil discharge and disposal cleanup fund established in RSA 146-D:3.

C. Statewide - Energy/Environmental Renovations	500,000
D. Chesterfield Welcome Center *	3,000,000

* All rents and lease payments made for use of the Chesterfield welcome center property shall be credited to the highway fund. The liquor commission shall pay rent to the department of transportation for its facility on the property at the rate paid for non-state facilities.

E. Fuel Center Computer System	800,000
F. Hazen Drive - Roadway Improvements and Sidewalk Extension	1,100,000
G. Highway Construction Projects	
1. Consolidated Federal Funds - State Match	27,695,260
2. Betterment *	15,000,000

3. State Highway Construction Aid	3,600,000
4. Municipal Bridge Program *	<u>13,600,000</u>
Total state appropriation subparagraph G	<u>59,895,260</u>

* Section 8 of this act shall not apply to the sums appropriated in subparagraph G. 2 and G.4 .

Total state appropriation paragraph II	\$ <u>66,595,260</u>
--	----------------------

Total state appropriation section 2	\$ <u>69,828,260</u>
-------------------------------------	----------------------

3 Expenditures; General. The appropriation made for the purpose mentioned in sections 1 and 2 and the sums available for those projects shall be expended by the trustees, commissions, commissioner, or department head of the institutions and departments referred to herein; provided that all contracts and projects and plans and specifications therefor shall be awarded in accordance with the provisions of RSA 228.

4 Land Acquisition. Any land acquired under the appropriations made in sections 1 and 2 of this act, if any, as may be acquired under the appropriation except such land if any as may be acquired for the water resources board, shall be purchased by the commissioner of department of transportation with the approval of governor and council.

5 Bond Authorized. To provide funds for the total of the appropriations of state funds made in sections 1 and 2 of this act, the state treasurer is hereby authorized to borrow upon the credit of the state not exceeding the sum of \$159,624,338 and for said purposes may issue bonds and notes in the names and on behalf of the state of New Hampshire in accordance with the provisions of RSA 6-A.

6 Payments.

I. The payment of principal and interest on bonds and notes issued for the projects in section 1 shall be made when due from the general funds in the state.

II. The payment of principal and interest on bonds issued for the projects in section 2 shall be made from the highway fund.

7 Powers of Governor and Council. The governor and council are hereby authorized and empowered:

I. To cooperate with and enter into such agreements with the federal government, or any agency thereof, as they may deem advisable, to secure federal funds for the purposes hereof.

II. To accept any federal funds which are, or become available for any project under sections 1 and 2 of this act beyond the estimated amounts. The net appropriation of state funds for any project for which such additional federal funds are accepted shall be reduced by the amount of such additional funds, and the amount of bonding authorized by section 5 of this act shall be reduced by the same amount.

8 Transfers. The individual project appropriations provided in sections 1 and 2 of this act shall not be transferred or expended for any other purposes; provided that if there is a balance remaining after an individual project, which is fully funded by state funds, is completed, accepted, and final payment made, said balance or any part thereof may be transferred by governor and council, to any other individual project or projects, which are also fully funded by state funds, within the same section and from the same funding source, provided that prior approval of the capital budget overview committee is obtained.

9 Reduction of Appropriation and Bonding Authority. If the net appropriation of state funds for any project provided for by sections 1 and 2 of this act is determined on the basis of an estimate of anticipated federal, local, or other funds, and if the amount of such funds actually received or available is less than said estimate, then the total authorized cost for such projects and the net appropriation of state funds thereof shall be reduced by the same proportion as the proportion by which federal, local, or other funds are reduced. The amount of bonding authorized by section 5 of this act shall be reduced by the amount that the appropriation of state funds is reduced pursuant to this section.

10 Commission Established; Road Toll Authority.

I. There is established a commission to study the transfer of road toll collections to the department of revenue administration.

II. The members of the commission shall be as follows:

(a) Three members of the house of representatives, appointed by the speaker of the house of representatives.

(b) Three members of the senate, appointed by the president of the senate.

(c) The commissioner of safety, or designee.

(d) The commissioner of revenue administration, or designee.

III. Legislative members of the commission shall receive mileage at the legislative rate when attending to the duties of the commission.

IV. The commission shall study transferring the authority for road toll collections and administration from the department of safety to the department of revenue administration.

V. The members of the commission shall elect a chairperson from among the members. The first meeting of the commission shall be called by the first-named house member. The first meeting of the commission shall be held within 45 days of the effective date of this section.

VI. The commission shall report its findings and any recommendations for proposed legislation to the speaker of the house of representatives, the president of the senate, the house clerk, the senate clerk, the governor, and the state library on or before November 1, 2007.

11 Appropriation Purpose Amended. Cheshire County Courthouse. Amend 2005, 259:1, II, A, 2 to read as follows:

2. ~~[Cheshire]~~ **Merrimack** County Courthouse Design [*] 250,000

~~[* The appropriation for the design of the Cheshire County courthouse shall not be expended until input is received from the Cheshire County commissioners.]~~

12 Appropriation Purpose Amended. Department of Transportation. Amend 2005, 259:4, II, D to read as follows:

D. District 5 Office – ~~[Hooksett]~~ **Bedford** 1,780,000

13 Appropriation Purpose Amended. Department of Transportation. Amend 2005, 259:1, XIII, F to read as follows:

F. Railroad Acquisition, Right of First Refusal – **Rail Match** 500,000

14 Christa McAuliffe Planetarium; Alan B. Shepard Memorial Wing; Project Funding. Amend 2003, 240:1, III to read as follows:

III. Community-Technical College System.

A. Library Expansion - Academic Program Support - Stratham \$ 2,373,000

B. Library Addition - Design - Claremont 125,000

C. Ventilation - Berlin 307,000

D. Student Residence Hall Rehabilitation -NHTI 270,000

E. New Academic Building – Laconia 5,500,000

F. MacRury Hall Addition – Dental Facility 1,500,000

G. Critical Repairs 1,252,000

H. Christa McAuliffe Planetarium –

Alan B. Shepard Mem. Wing ~~[6,200,000]~~ **5,019,000**

Less Federal ~~[-4,900,000]~~ **3,719,000**

Net state appropriation subparagraph H 1,300,000

I. Police Standards and Training – Storage Building Expansion 95,000

Total state appropriation paragraph III \$ 12,722,000

The sum appropriated in subparagraph E for the academic building in Laconia shall not be spent, obligated, or encumbered until the department has received approval of the master plan process from the capital budget overview committee. In addition to the approval of the master plan process, the department shall submit the program and design development drawings which include cost estimates, design criteria, and square footage requirements for the project in subparagraph E to the capital budget overview committee for its review and approval.

~~[No state funds may be expended for the Shepard memorial wing project in subparagraph H until all the federal funds for the project have been received.]~~

and the committee report was adopted.

Ordered to third reading.

(Rep. Foster in the Chair)**REGULAR CALENDAR (CONT'D)**

HB 472-FN, increasing fees for hazardous waste management and contaminated site cleanup and changing reporting requirements. **OUGHT TO PASS.**

Rep. Michael G. Marsh for Ways and Means: This bill increases the fee for hazardous waste permits, self-certification fees for small quantity waste generators, and fees for hazardous waste notifications. The bill also increases the fee for the generation of hazardous wastes by \$.03 per pound. The committee heard testimony that these fees go the Department of Environmental Services' Hazardous Waste Cleanup Fund, which pays to clean up waste sites in the state. This fund has seen its balance shrink in the current biennium. Without these fee increases, the Hazardous Waste Cleanup Fund will have a balance of less than \$1.4 million at the end of FY09, and the cost of cleaning up a single gas station spill could exceed this amount. In the hearing, we heard opposing testimony from a representative of the NH Auto Dealers Association who was concerned about the fee increase for small quantity waste generators like car repair shops. His concerns were answered by DES and he withdrew his opposition to the bill. Vote 15-0.

Committee report adopted and ordered to third reading.

HB 599-FN, relative to fees for meals and rentals licenses. **OUGHT TO PASS.**

Rep. Norman L. Major for Ways and Means: This bill was introduced at the request of the Department of Revenue Administration (DRA) to enable DRA to keep track of restaurant and restaurant licensees, many of whom change hands without notifying DRA thus making the collection of the meals and rentals tax difficult. This bill establishes an original license fee and a renewal fee of \$5 for meals and rental licenses. In years past, restaurants and rental licenses expired every two years but the statute was amended to make the licenses of indefinite term. As a result of that experiment, DRA has found it difficult to track the current owner of some facilities in order to collect the tax. This bill solves that problem at minimum cost and inconvenience to the owners. Vote 14-0. Committee report adopted and ordered to third reading.

HB 664-FN, relative to annual dam registration and permit application fees. **OUGHT TO PASS.** Rep. Michael G. Marsh for Ways and Means: This bill raises the annual inspection fees the state charges owners of certain dams, and the fees it charges for dam construction or reconstruction permits. The fees are deposited in the dam maintenance fund and are used to pay for the inspection of dams. The Department of Environmental Services testified that these fee increases were required to fully fund and staff its dam inspection department, to insure that all of the approximately 1100 hazardous dams in state are inspected on a reasonable schedule. The committee was made aware of the cost in both money and lives should dams not be adequately inspected, and believed this was an important program and the self-funding mechanism is reasonable. The committee learned that non-hazard dams such as those found on farms are not subject to annual fees, and the cost of the fee is based on the anticipated cost to perform the inspection or permitting process. Vote 12-3. Committee report adopted and ordered to third reading.

HB 815-FN-A, requiring the display of boater education decals on vessels registered in other states. **OUGHT TO PASS.**

Rep. Michael G. Marsh for Ways and Means: This bill requires owners of boats not registered in New Hampshire to purchase and display an annual boater education decal on their boats if they wish to use them on New Hampshire waters. The decal is purchased for \$20, and the purchaser will receive boater educational safety materials. The committee heard testimony that at least 30,000 out-of-state boaters use New Hampshire lakes and rivers each year, and the state will receive between \$600,000 and \$750,000 in revenue from this program. This revenue will be equally shared between the lake restoration and preservation fund, the dam maintenance fund, the statewide public boat access fund, and the navigation safety fund. As all of these funds in some way benefit users of New Hampshire waters, and since out-of-state boaters otherwise do not pay the state for the use of our waters, the committee believed this was a reasonable fee to impose on out-of-state users. Vote 9-6. On a division vote, 236 members having voted in the affirmative and 109 in the negative, the committee report was adopted. Ordered to third reading.

(Speaker Norelli in the Chair)

BILLS REMOVED FROM CONSENT CALENDAR

HB 660-FN, relative to an assistant state veterinarian. **INEXPEDIENT TO LEGISLATE.**

Rep. Frederick W. King for Finance: The committee believes that this position can be established when federal funds are available to support such a position through approval from the Fiscal Committee. This has become an acceptable procedure of state agencies and does not require general funds as the source of funds for new positions. Vote 21-2.

Rep. Vaillancourt spoke in favor.

On a division vote, 280 members having voted in the affirmative and 66 in the negative, the committee report was adopted.

HB 897-FN-A, relative to the salary of the state veterinarian. **INEXPEDIENT TO LEGISLATE.**

Rep. Neal M. Kurk for Finance: This bill would raise the labor grade of the state veterinarian. There is an established process to deal with such matters. The Department of Administrative Services, after consultation with an advisor, currently the Hay Group, periodically recommends labor grades and the appropriate salary range for each unclassified position in state government. The recommendations become law when approved by the legislature, usually in the so-called trailer bill that accompanies the budget. The committee believes that singling out one position for different treatment, as this bill does, would compromise the fairness underlying our salary-setting process and establish a very inappropriate precedent. Vote 24-0.

Rep. Vaillancourt spoke in favor.

On a division vote, 279 members having voted in the affirmative and 67 in the negative, the committee report was adopted.

RESOLUTION

Rep. Wallner offered the following: **RESOLVED**, that the House now adjourn from the early session, that the business of the late session be in order at the present time, that the reading of bills be by title only and resolutions by caption only and that all bills ordered to third reading be read a third time by this resolution, and that all titles of bills be the same as adopted, and that they be passed at the present time, and when the House adjourns today it be to meet at the call of the Chair. Adopted.

LATE SESSION**Third reading and final passage**

HB 83, relative to the deliberations of the board of tax and land appeals under the right-to-know law.

HB 137, relative to food safety in restaurants.

HB 440-FN, relative to the authority to quarantine to prevent dissemination of forest pests, relative to police training for forest rangers, and relative to forest resources and timber harvesting.

HB 221, removing the requirement that the department of transportation report certain information relative to highway activity to the department of administrative services.

HB 239-FN-A, appropriating funds to the barn preservation fund matching grants program.

HB 597-FN, relative to expenditure caps for institutional health facilities under the certificate of need law.

HB 623-FN, establishing a game management account in the fish and game fund and transferring certain other fish and game accounts into the game management account.

HB 911-FN-L, establishing an automated external defibrillator advisory commission.

HB 862-FN, establishing an incapacitated adult fatality review committee.

HB 337, relative to penalties for failure to have workers' compensation coverage and continually appropriating a special fund.

HB 471-FN-A, relative to workers' compensation compliance in the construction sector and continually appropriating a special fund.

HB 714-FN, relative to motorized watercraft rental agencies.

HB 1-A, making appropriations for the expenses of certain departments of the state for fiscal years ending June 30, 2008 and June 30, 2009.

HB 2-FN-A, relative to state fees, funds, revenues, and expenditures.

HB 43, relative to the procedure for establishing Medicaid reimbursement rates, establishing a committee to study Medicaid payments for hospital-based physician and outpatient services, and establishing a moratorium on certain reimbursement policy changes pending the results of the study.

HB 407-FN-A, relative to assistance for milk producers.

HB 488-FN-A-L, relative to the state chief medical examiner and medico-legal death investigations and making an appropriation to the department of justice for autopsy costs.

HB 498-FN-A, dedicating certain OHRV and snowmobile unrefunded road tolls to the fish and game department.

HB 661-FN-A, establishing an executive planning commission on special education.

HB 663-FN-A, relative to the protected shoreland permitting process and establishing and funding positions within the department of environmental services.

HB 721, relative to the appropriation to the department of health and human services for rates paid for nursing services.

HB 790-FN, relative to dependent coverage for health insurance and establishing the joint legislative oversight committee on insurance expansion initiatives.

HB 796, relative to civil liability for damaging highway protective barriers.

HB 25-FN-A, making appropriations for capital improvements.

HB 472-FN, increasing fees for hazardous waste management and contaminated site cleanup and changing reporting requirements.

HB 599-FN, relative to fees for meals and rentals licenses.

HB 664-FN, relative to annual dam registration and permit application fees.

HB 815-FN-A, requiring the display of boater education decals on vessels registered in other states.

SENATE MESSAGES**CONCURRENCE**

HB 33, relative to the compensation of members of the county convention.

HB 167, relative to areas of assessment required under the statewide improvement and assessment program.

HB 704, relative to the commission on the status of men and relative to appropriations to the STARC armory and making appropriations for state matching funds for federal emergency management agency disaster assistance grants and energy expense shortfalls.

HCR 2, urging the federal government to establish a post office and a zip code in the town of Lee.

HCR 4, recognizing the sacrifices and service of New Hampshire Air Force veterans on the 60th anniversary of the United States Air Force.

LAID ON THE TABLE

HB 87, relative to the exceptions to compulsory school attendance.

UNANIMOUS CONSENT

Rep. Guthrie addressed the House.

MOTION TO PRINT REMARKS

Rep. Graham moved that the remarks made by Rep. Guthrie be printed in the Permanent Journal. Without objection, the Speaker so ordered.

REMARKS

Rep. Guthrie: Thank you, Madam Speaker. It is with deep regret that I have to rise to say that we have lost a native son in Iraq. Hampstead resident Captain Jonathan Grassbaugh, U.S. Army Ranger, was killed last week outside of Baghdad. He was killed in a roadside bomb incident that killed at least three others. He was 25 years old and on his 2nd tour of duty in Iraq. He leaves behind his wife who he married just last June, Jenna, mother Patty, father Mark and a brother Jason. They are a military family. Jonathan will be remembered as an exceptional student, a wonderful son, brother and husband. He was a proud and dedicated career military officer. The town of Hampstead was grief stricken in losing their 2nd son in little over a year. Marine PFC Matthew Bertolino was killed in Afghanistan on February 9, 2006. Please join me in reflecting on all the losses of our brave servicemen and women and take a moment of silence in respect to the loss of Jonathan. Thank you.

MOMENT OF SILENCE

A moment of silence was observed in honor and memory of fallen soldier, Captain Jonathan Grassbaugh.

RECESS MOTION

Rep. Wallner moved that the House stand in recess for the purpose of introduction of bills, enrolled bill amendments, enrolled bill reports and receiving Senate messages.
Adopted.

The House recessed at 4:35 p.m.

RECESS

(Rep. Wallner in the Chair)

RESOLUTION

Rep. Roberts offered the following: **RESOLVED**, that in accordance with the list in the possession of the Clerk, Senate Bills numbered 71, 82, 102, 117, 123, 126, 131, 143, 146, 154, 157, 162, 166, 172, 173, 182, 183, 189, 194, 201, 204, 207, 233 through 235, 237, 241, 242, 244, 247, 254, 258 and 261 and Senate Concurrent Resolution number 3 shall be by this resolution read a first and second time by the therein listed titles and referred to the therein designated committees.
Adopted.

INTRODUCTION OF SENATE BILLS AND SCR**First, second reading and referral**

SB 71, relative to setback requirements for new landfills located near designated rivers. (Environment and Agriculture)

SB 82-FN, reorganizing the administration and governance of the regional community-technical college system. (Education)

RECESS

(Speaker Norelli in the Chair)

Rep. Daniel Eaton moved that the House adjourn.

Adopted.

HOUSE JOURNAL No. 15

Wednesday, May 2, 2007

The House assembled at 10:00 a.m. and was called to order by the Speaker.

Prayer was offered by House Chaplain, Reverend Jared A. Rardin, Pastor of the South Congregational Church in Concord.

O God of time; God of endless time; God of abundant, infinite time, we pause at the beginning of yet another busy day to prepare ourselves for the work ahead of us. We multi-taskers and list-makers who have grown perfectly accustomed to backing out of our parking spots with one hand on the wheel and the other clutching our cell phone, help us to pause in this moment of silence from all of our frenetic doing, and simply remember that every now and then during a day, it is enough simply to be.

We give thanks for this glorious day, and for this opportunity to honor it with the work we do and the words we share. Consecrate this time to the purposes You have in mind. And by Your Grace we pray, care for those whose needs for health and healing we lift up today: Representative Stephen Johnson, Steve Holland who works in Information Services, and Lily Carson of the Clerk's office. We lift into Your care as well any of our loved ones who are sick or hospitalized, and the needs of any of the residents of this state who suffer this day. In Your Holy name we pray. Amen.

Rep. Earle Goodwin, member from Dover, led the Pledge of Allegiance.

The National Anthem was sung by Kristen Warren of Rochester, a senior at the University of New Hampshire and daughter of Representative Warren.

LEAVES OF ABSENCE

Reps. Mark Clark, Domingo, Fletcher, Hunter, Stephen Johnson, Laliberte, Solomon and Stohl, the day, illness.

Reps. Ahlgren, Gene Andersen, Barry, Bishop, Campbell, Dumaine, Ferland, Forsing, Gould, Grassie, Haley, Lee Hammond, Ingbreton, Introne, John Knowles, Mary Ann Knowles, Lessard, McGuirk, Owen, Rochette, Serlin, Yvonne Thomas, Tobin and Wallner, the day, important business.

Reps. Benn and Casey, the day, illness in the family.

INTRODUCTION OF GUESTS

Maryann Briggs and Melisa Briggs, guests of the House. Nicole Knox DiCenzo, Cathy Crane and Mark Burzynski, guests of the House. Maureen Tessier, representing the Manchester Police Department, guest of Rep. Porter. Lieutenant Colonel Wayne Nicoll, US Army retired, and Jemi Nicoll, guests of Rep. Franklin Tilton.

COMMUNICATION

April 28, 2007

The Honorable Terie Norelli
Speaker, House of Representatives
North Main St.
Concord, NH 03301

Dear Madame Speaker,

It is with sincere regret that I write you today to submit my resignation from the New Hampshire House of Representatives. Circumstantial changes affecting both my professional and personal life have required me to seek a new career path and home. After careful consideration, I have accepted a position in San Francisco, which is, unfortunately, located well west of Rockingham County, District 14.

I regret that I am not able to participate fully and complete my term during this exciting and historic period of the New Hampshire General Court. However, during my short tenure here, I have been most honored and proud to have participated in ground-breaking civil rights legislation that I certainly plan to brag about in San Francisco.

Furthermore, it has been an honor to serve my Rockingham County constituents in the Public Works and Highways Committee. My best thoughts and wishes go to my House colleagues as they continue to provide their invaluable service to the people of the state of New Hampshire.

Best Regards,
Rep. Peter O'Keefe
Rockingham County
District 14
12 Ocean Blvd
Seabrook, NH 03874

The Speaker accepted the resignation.

MOTION TO VACATE

Rep. Rous moved that the House vacate the reference of **SB 168-FN**, establishing tuition waivers for foster children, to the Committee on Education.

Adopted.

The Speaker referred **SB 168-FN** to the Committee on Children and Family Law.

MOTION TO VACATE

Rep. Phinizy moved that the House vacate the reference of **SB 68-FN-A**, making an appropriation to the department of environmental services to implement the New Hampshire estuaries project's comprehensive conservation and management plan, to the Committee on Environment and Agriculture.

Adopted.

The Speaker referred **SB 68-FN-A** to the Committee on Resources, Recreation and Development.

MOTION TO VACATE

Rep. Irwin moved that the House vacate the reference of **SB 233-FN**, relative to sales by beverage manufacturers and relative to the definition of specialty beer, to the Committee on Executive Departments and Administration.

Adopted.

The Speaker referred **SB 233-FN** to the Committee on Commerce.

MOTION TO VACATE

Rep. Ryan moved that the House vacate the reference of **SB 56**, relative to Old Drewsville Road in the town of Walpole, to the Committee on Transportation.

Adopted.

The Speaker referred **SB 56** to the Committee on Public Works and Highways.

COMMITTEE REPORTS

CONSENT CALENDAR

Rep. Daniel Eaton moved that the Consent Calendar as printed in the day's House Record be adopted. Consent Calendar adopted.

SB 37, relative to accidental death benefit payments in the city of Manchester employees' contributory retirement system. **OUGHT TO PASS.**

Rep. Ken Hawkins for Executive Departments and Administration: This bill clarifies that the accidental death benefit paid to a retiree in the Manchester Retirement System will be 50% of the final average earnings and will be paid in equal monthly installments. The way the current language is written a claimant could receive 50% of the member's final average salary on a monthly basis. The Mayor and Board of Aldermen in Manchester support this unanimously. Vote 12-0.

SB 43, relative to the training for barbers and establishing the master barber license under the board of barbering, cosmetology, and esthetics. **OUGHT TO PASS.**

Rep. A. Laurie Harding for Executive Departments and Administration: This bill establishes the qualifications for licensed barbers and establishes a category of licensed master barber under the board of cosmetology, barbering and esthetics. This bill was described as very much needed by the cosmetology board as barbering is considered to be a dying art in the state. Many individuals avoid pursuing a career in barbering because the 1500 hours of training required working with

chemicals. SB 43 creates a barbers license without chemical services being required. This legislation enables an individual to go to school for 800 hours instead of 1500 hours. The focus of the training will be on barbering and not on coloring and perming hair. People taking the 1500 hour course will be called a master barber. Those currently licensed with the board of cosmetology will obtain a new master barber title. Vote 10-1.

SB 164, relative to renewals and reinstatements of licenses issued by the board of dental examiners and procedures of the board. **OUGHT TO PASS.**

Rep. Ken Hawkins for Executive Departments and Administration: This bill cleans up language of RSA 317 in various areas regarding renewals and reinstatements of lapsed licenses by the dental board. It lays out procedures and better defines when a renewal application is actually received by the dental board using a date and time stamp. It also clarifies the inactive status of members, as well as exempting members of the Armed Forces serving on duty, from having to be in active practice in New Hampshire prior to renewal. Vote 11-0.

SB 200-FN, relative to the state directory of new hires. **OUGHT TO PASS.**

Rep. James F. Headd for Executive Departments and Administration: This bill eliminates a loop hole in current law which allows a "deadbeat" parent under court order to make child support payments, the opportunity to quit his/her state job then return 26 weeks later and NOT be reported as back on the payroll to the Department of Employment Security. This correction permits the reporting of this individual as back on the payroll and allows for child support to be withheld from the individual's wages. Vote 12-0.

SB 39, allowing a newly-retired supreme court justice to continue to participate as a temporary justice in a case held before retirement but decided after. **OUGHT TO PASS.**

Rep. Lucy M. Weber for Judiciary: Currently, RSA 490:3,II requires all retired judges to be randomly assigned to each and every case on which they sit. This bill creates a narrow exception to allow a justice who sat on the case prior to retirement to continue on the case until a decision is handed down. The committee determined this exception promotes truth, judicial efficiency, and the American way. Random assignment of judges would continue to be required for any subsequent hearings in the case. Vote 17-0.

SB 51, transferring authority over court forms from the supreme court to the judicial branch administrative council. **OUGHT TO PASS.**

Rep. Lucy M. Weber for Judiciary: The Supreme Court requested this bill which delegates to the judicial branch administrative council the day-to-day administrative responsibility for court forms. The Supreme Court retains overall constitutional responsibility for and oversight of the forms. Vote 17-0.

SB 252, relative to publication of supreme court reports. **OUGHT TO PASS.**

Rep. Gary B. Richardson for Judiciary: SB 252 changes certain hard-cover publication requirements for Supreme Court reports. This bill changes the deadline for publication from 120 days to as soon as practicable and clarifies that the publication need include only formal opinions of the court. The court already publishes opinions immediately after they are issued on the Internet and to the parties. The bill would not change that practice. Vote 16-0.

SB 64, changing the dates of the reports on court facilities made to the supreme court by the court accreditation commission and made to the commissioner of administrative services by the supreme court. **OUGHT TO PASS WITH AMENDMENT.**

Rep. David B. Campbell for Public Works and Highways: This bill and its amendment merely change the due dates of the reports on court facilities to make them consistent with the capital budget process. Vote 17-0.

Amendment (1297h)

Amend RSA 490-B:4 as inserted by section 2 of the bill by replacing it with the following:

490-B:4 Facilities Plan. ~~[By July 1]~~ **Before March** 1 of each year, the supreme court shall submit a report to the commissioner of administrative services setting forth the space and facility operating requirements for each court location.

AMENDED ANALYSIS

This bill changing the dates of the reports on court facilities made to the supreme court by the court accreditation commission and made to the commissioner of administrative services by the supreme court.

SB 238, relative to funding for the Groveton Branch Corridor repairs. **INEXPEDIENT TO LEGISLATE.**

Rep. John A. Graham for Public Works and Highways: This bill would take \$500,000 from a previous capital budget and utilize the funds to repair a rail spur from Groveton to Whitefield. The committee feels strongly that all capital expenditures should be contained in the biennial capital budget. The House recently completed work on the most recent capital requests and this project was not brought up at any of the hearings or work sessions conducted by the committee. Additionally, the final Capital Budget approved by the House utilizes the funds mentioned in this bill for other rail projects. To pass this bill would mean amending the Capital Budget which is no longer in the possession of either this committee or the House. Therefore, the committee unanimously recommends that this bill be found ITL. Vote 16-0.

REGULAR CALENDAR

SB 83, naming the Epsom traffic circle in honor of Officer Jeremy Charron and Officer Michael Briggs and naming a portion of Route 4 in honor of Officer Michael Briggs. **OUGHT TO PASS.** Rep. Carole M. Brown for Public Works and Highways: This bill dedicates the Epsom Traffic Circle in honor of Officer Jeremy Charron and Officer Michael Briggs. The bill also dedicates the portion of Route 4 through the Town of Epsom after Officer Michael Briggs. The committee felt that these two civil servants served their communities and State with honor. Vote 16-0.

Rep. Porter spoke in favor.

Rep. L'Heureux requested a roll call; sufficiently seconded.

and the committee report was adopted.
Ordered to third reading.

MOTION TO PRINT REMARKS

Rep. Patrick Garrity moved that the remarks made during the debate on **SB 83**, naming the Epsom traffic circle in honor of Officer Jeremy Charron and Officer Michael Briggs and naming a portion of Route 4 in honor of Officer Michael Briggs, be printed in the Permanent Journal. Without objection, the Speaker so ordered.

REMARKS

Rep. Porter: Thank you, Madam Speaker. Esteemed colleagues of the General Court, in the aftermath of senseless tragedy, we strive to comfort those who mourn and we raise up the fallen in whatever way we can. That is how Senate Bill 83 came to be. What a privilege and a sobering responsibility, to serve as one of the three House co-sponsors of this legislation. The purpose of the bill before us this morning is to establish a new and official memorial for Officer Michael Briggs and Officer Jeremy Charron. Michael Briggs grew up in Epsom. He and Jeremy Charron served

together on the Epsom Police force. Very early on the morning of August 24, 1997, nearly ten years ago, Officer Charron, age 24, was killed on duty. Many in Epsom recall with painful clarity the news of his violent and untimely death in our pleasant and peaceful riverside park. Had he lived, he would surely have emulated the exemplary and inspiring career of his comrade Michael Briggs, a pallbearer at his funeral, who later served several other New Hampshire communities with distinction. On October 16, 2006, Officer Briggs, a son, husband and father, age 35, was violently taken from those he loved and who loved him, in one of the Manchester neighborhoods he patrolled. This, the day we honor him, is his birthday. A portion of Route 28 in Epsom already bears Jeremy Charron's name. The passage of Senate Bill 83 conveys an identical honor on Michael Briggs, naming a portion of Route 4 for him. Shortly before Officer Briggs fell, a beautification project was undertaken to improve the Epsom Traffic Circle. Our action today will ensure that thousands of drivers who daily navigate the junction of Route 4 and Route 28 will reflect upon the sacrifice of these brave officers. It will be a visible, permanent symbol that demonstrates to their families and friends, travelers and all law enforcement personnel that their all-too-brief lives are respectfully and perpetually remembered. Honorable members, in unanimously affirming Senate Bill 83, let us unite in the hope that we shall have no cause, ever again, to enact similar legislation in the future. Thank you, Madam Speaker.

REGULAR CALENDAR (CONT'D)

SB 86, naming a bridge in Plymouth. OUGHT TO PASS.

Rep. Franklin T. Tilton for Public Works and Highways: This names the bridge on Route 175-A spanning the Pemigewasset River in Plymouth in honor of Captain Douglas A. DiCenzo, U. S. Army, who was killed in Iraq on May 25, 2006. Captain DiCenzo, a graduate of Plymouth Regional High School and the United States Military Academy, was an outstanding athlete, a remarkable leader, a dedicated patriot, and truly one of New Hampshire's finest heroes. Vote 15-0.

Reps. Franklin Tilton and Cooney spoke in favor.

Rep. Schmidt requested a roll call; sufficiently seconded.

and the committee report was adopted.

Ordered to third reading.

MOTION TO PRINT REMARKS

Rep. Daniel Eaton moved that the remarks made during the debate on *SB 86*, naming a bridge in Plymouth, be printed in the Permanent Journal.

Without objection, the Speaker so ordered.

REMARKS

Rep. Franklin Tilton: Thank you, Madam Speaker. Honorable members of the General Court, it is fitting for you to learn something about the individual you are about to honor by naming this important bridge in Plymouth the Captain Douglas A. DiCenzo Memorial Bridge. Those of you who were here last June heard the very moving tribute to Doug DiCenzo expressed very eloquently by the two Representatives from Plymouth. Many of you are new, however, and did not hear Doug's story. Doug grew up in Plymouth and he was a classic all-American story. What he didn't have in natural ability, he more than made up for in determination and perseverance. For you older folks, this is Chip Hilton from the Chip Hilton sports series. At Plymouth Regional High School he became captain of the wrestling team. He won many personal accolades, honors and awards in wrestling. He became captain of his football team. His football team won the state championship. He graduated fifth in his class. He was the Class President. He was given the National Football Scholar Athlete Award for New Hampshire. In everything he did, his innate leadership was very evident. Doug then received an appointment to the United States Military Academy at West Point. Once again Doug quickly stood out among his peers. I speak with the experience of five years of serving on the faculty at West Point, and many years of assisting outstanding young men and women with a complex admission process for the Academy, the most recent fifteen years in New Hampshire. Doug was a perfect candidate. I have encountered and gotten to know hundreds of cadets and cadet candidates over the years. Some stand out as memorable. Doug was one of those. Aside from the traditional academics, West Point primarily focuses on leadership development. Doug was

right at home. In his first class year and his senior year, he was a Company Commander of his Cadet Company. I got to know Doug first through Lieutenant Colonel Wayne Nicoll, who is in the gallery and was the retired US Army Officer who assisted Doug with the admissions process. We often shared details about our great candidates, who were really the elite youngsters in New Hampshire. I also got to know Doug through my son who was a year behind him at West Point, who always spoke glowingly with admiration and respect for Doug. I also got to know Doug through his mom, Cathy Crane and his step dad, Mark, in the West Point Parents Club of New Hampshire. Cathy quickly became the President of the Parents Club of New Hampshire. It is easy to see where Doug's leadership skills started. Doug selected Infantry as his branch of the Army. He went to Fort Benning to attend the Infantry Officer's basic course followed by Airborne training and then he graduated from the Army's premier leadership school, the Army Ranger School. While at Benning, he met Nicole, his future bride. Their first assignment was Fort Wainwright, Alaska. That was followed by an assignment in Germany. Young Army officers, particularly Infantry Officers, aspire to become Company Commanders. Very simply that is the rule which most demands leadership and that is where top leadership is most evident in leading and caring for our great American soldiers. Doug became Company Commander of Charlie Company, 2nd Battalion, 6th Infantry, 1st Armored Division in Heidelberg, Germany. The unit was deployed first to Kuwait and subsequently to the Baghdad area of Iraq. On May 25, 2006, Doug's humvee was hit by an improvised explosive device – an IED. Doug and PFC Robert Blair were killed. Doug was a unique individual, a truly natural leader, an eternal optimist who made the world better for all those who knew him or were around him, whether it was personal friends, Army soldiers whom he led and even senior officers who were always impressed and inspired by his performance and upbeat attitude. Doug and Nicole's young son, Dakin, has a remarkable legacy to follow. There are many stories, pictures and memories. The Douglas A. DiCenzo Memorial Bridge will be a small expression of gratitude from the citizens of New Hampshire and it will serve as a permanent reminder to all of us of a true New Hampshire hero. Thank you, Madam Speaker.

Rep. Cooney: Thank you, Madam Speaker. Members of the House, some of what I have to say has already been said listing Doug's incredible career in the Army and some has not. The family of Douglas DiCenzo, previously introduced to the House, is in the gallery today watching the progress of SB 86 which, if passed by the House and signed by the Governor, will honor the sacrifice and memory of the husband of Nicole, the father of Dakin, who had a previous engagement at the day care center, and the son of Cathy and Mark. Doug DiCenzo pursued his life with enthusiasm, optimism, and a fierce competitive spirit. He grew up in Plymouth making his mark with an outstanding high school record in academics, athletics, and extra curricular activities. All of his peers and teachers described Doug as a leader. He was a natural, take-charge kind of person. He was President of his class, captain of the wrestling and football teams, received the "Outstanding Senior" Award, class of 1995; he was All-State Offensive Guard in football and as previously stated, ranked 5th in his class, and was a member of the Outing and Spanish clubs. He loved the out-of-doors, spending his free time hiking, skiing and working with kids at wrestling camps. Once Doug decided to pursue a military career, it seemed a natural choice to go for the best, to apply for an appointment to the United States Military Academy at West Point. Doug graduated from West Point in 1999, and then received Airborne and Ranger training at Fort Benning, GA. There he met and married Nicole Knox in the year 2000. He was assigned to Fort Wainwright near Fairbanks, Alaska. There he was promoted to Captain. After spending a year training back in Georgia, Doug was deployed to Heidelberg, Germany. In 2005 he took command of Charlie Company, First Armored Division and headed to Kuwait, and then to Iraq. Doug's mother Cathy, his brother Dan, and step-father Mark described him as at the happiest time in his life after he met and married Nicole. They spent six wonderful years together, hiking and traveling to see and learn about everything around them wherever they were. After their son Dakin was born in 2004, Doug's family was inundated with pictures of Nicole and Doug's beautiful little boy. Little Dak is a treasured legacy from Doug. He delights and amazes his family every day. Like most of those who have chosen military careers, Doug wanted to be where his training and skills would be of the most value. He wanted to make a difference in Iraq and I know those Iraqis he did come in contact with understood that, as he helped build facilities and worked with some of the Iraqi children. Nothing could be more fitting than to honor Doug by naming the new bridge spanning the Pemigewasset River between Plymouth and Holderness after him. It can be thought of as a metaphor, spanning generations and

ever flowing life; of what went before and what is to come; of renewal and remembrance. Captain Douglas A. DiCenzo lost his life May 25, 2006 when his humvee hit an IED in Baghdad. Our town will never feel the same having lost one of our brightest sons in this war, but he will be remembered for his sacrifice for our country every day, as we cross the bridge that bears his name, the Captain Douglas A. DiCenzo Memorial Bridge. Please vote with me for the passage of SB 86. Thank you, Madam Speaker.

RESOLUTION

Late drafting and introduction having been approved by the House Rules Committee, Rep. Almy offered the following: RESOLVED, that House Resolution 12, affirming revenue estimates for fiscal years 2007, 2008 and 2009, shall be by this resolution read a first and second time by the therein listed title. Adopted.

INTRODUCTION OF HR 12

HR 12, affirming revenue estimates for fiscal years 2007, 2008 and 2009. (Almy, Graf 11)

HOUSE RESOLUTION 12

A RESOLUTION affirming revenue estimates for fiscal years 2007, 2008, and 2009.

Whereas, the House Ways and Means Committee has considered what the unrestricted revenue estimates should be for fiscal years 2007, 2008, and 2009 and has presented those estimates to the House of Representatives; now, therefore, be it

Resolved by the House of Representatives:

That the House wishes to go on record as affirming the following revenue estimates for fiscal years 2007, 2008, and 2009.

Committee estimates are based on current rates.

	(A)	(B)	(C)	(D)
	FY 2007	FY 2007	FY 2008	FY 2009

Rep. Wallner moved that the House adjourn.

Adopted.

HOUSE JOURNAL No. 16

Wednesday, May 16, 2007

The House assembled at 10:00 a.m., the hour to which it stood adjourned, and was called to order by the Speaker.

Prayer was offered by House Chaplain, Reverend Jared A. Rardin, Pastor of the South Congregational Church in Concord.

O God, if we but pause long enough to listen and to see, the opportunities to serve You and to bless those we serve here in this chamber are many. Nestled in between unemployment compensation for National Guard members and permits for fireworks displays and child impact seminars for divorcing couples and the provision for photo ID's for persons released from correctional facilities are the whispers of Your Holiness and sacred love. Whispers calling us, prodding us, inviting us as leaders to take significant and important steps in improving the lives of people from all walks of life. Remind us that what we do here in the House is not simply work but may in fact, by Your grace, be sacred work. Help us in what we do here to hold one another in holy regard, and always to lean in the direction of generosity, particularly on behalf of those who have far less than we.

We lift up to You our own private prayers for any family members or friends or colleagues who find themselves in places of illness or emotional pain. Bless them we pray, in Your Holy name, Amen.

Rep. Mary Griffin, member from Windham, led the Pledge of Allegiance.

The National Anthem was sung by the Winnisquam Select Regional High and Middle School Choir, who will represent New Hampshire in Washington D.C. as part of the National Anthem Project on Flag Day 2007. Choir members included: Brianna Ainsworth, Mary Beck, RaeAnne Berwick, Taylor Cavanaugh, Catarina Coyman, Elizabeth Crandall, Victoria Eaton, Samantha Marsh, Sarah Racicot, Katelyn Shaw, Abbi Sleeper, Leeza Szepanski, Nicole Weisman, Allisha Yandian, Thomas Arena, Eoin Audet, Lance Dawagia, Robert Laraway, Sean Macdonald, Adam Sattler, Ian Sleeper, Cory Speikers, Alyson Atherton, Amber Bryson, Daley Buckwell, Brianna Campbell, Emily Bolduc, Brittani Cornell, Shawna Kilcoyne, Christina Lewis, Megan McKenna Audriana Mekula, Rachel Moon, Jessica Roy, Rebecca Washburn and Hannah Willcutt. They were accompanied by Choir Directors Kirk Young and Holly Anderson.

LEAVES OF ABSENCE

Reps. Claudia Chase, Domingo, Forsing, Hofemann, Stephen Johnson and Stohl, the day, illness. Reps. Bleyler, Bulis, Dumaine, Gargas, Hubbard, Sally Kelly, Kopka, Major, McLeod, Miller, Nowe, O'Brien, Pantelakos, Reeves, Rochette, Serlin and Tupper, the day, important business. Reps. Bouchard, Ingersoll and Mears, the day, illness in the family.

Reps. John Knowles and Mary Ann Knowles, the day, death in the family.

INTRODUCTION OF GUESTS

Bill and Florence Dawson and Timothy Sattler, guests of Rep. Joy Tilton. Nour Ali, Devon Mercer and S. Daniel Mattingly, guests of Rep. Levasseur. Members of Leadership Seacoast, guests of the House. Mary Meier, guest of Rep. Bridgman. Birgit Garlasco, guest of Rep. Rodeschin.

INTRODUCTION OF SPECIAL GUESTS

Caitlin Arpin, Griffin Gilman, Candra Hicks and Sarah Atkinson, students from White Mountain Regional High School who participated in the Mountain View Academy Hospitality Management Program and placed 1st in the 2007 National Hospitality Competition. They were accompanied by their teacher, Mrs. Lisa Perras and the Mountain View Grand Hotel Manager, Chris Diego.

PRESENTATION OF SCHOLARSHIPS

Rep. Cali-Pitts recognized and presented OWLs Scholarships to Kristina Bailey of Laconia and Julie Martinez of Gorham.

SENATE MESSAGES**REQUESTS CONCURRENCE WITH AMENDMENTS**

HB 292, relative to consideration of the preference of a mature minor in the modification of parental rights and responsibilities. (Amendment printed SJ 5-3-07)

Rep. Gile moved that the House concur and spoke in favor.

Adopted.

HB 636-FN, relative to physician credentialing under the managed care law. (Amendment printed SJ 5-10-07)

Rep. Reardon moved that the House concur and spoke in favor.

Adopted.

HB 227, relative to identity theft. (Amendment printed SJ 5-10-07)

Rep. William Knowles moved that the House concur and spoke in favor.

Adopted.

HB 126, relative to the definition of "school." (Amendment printed SJ 4-5-07)

Rep. Rous moved that the House concur and spoke in favor.

Adopted.

HB 32, establishing a commission to study voter registration cards. (Amendment printed SJ 5-10-07)

Rep. Clemons moved that the House concur and spoke in favor.

Adopted.

HB 249, relative to preliminary objections to rules made by the joint legislative committee on administrative rules, and relative to extending the study committee on the rules process. (Amendment printed SJ 4-26-07)

Rep. Irwin moved that the House concur and spoke in favor.

Adopted.

HB 362, relative to the advisory committee on quality of vital records information. (Amendment printed SJ 4-18-07)

Rep. Irwin moved that the House concur and spoke in favor.

Adopted.

HB 542, establishing a study committee to study the approval process of nursing education programs. (Amendment printed SJ 5-10-07)

Rep. Rosenwald moved that the House concur and spoke in favor.

Adopted.

HB 727-FN, establishing a commission to study health insurance coverage in the construction industry. (Amendment printed SJ 5-10-07)

Rep. Rosenwald moved that the House concur and spoke in favor.

Adopted.

HB 71, prohibiting the sale, rent, lease, transfer, or distribution of records, information, or lists of licensed dog owners in New Hampshire to another person by the town clerk's office. (Amendment printed SJ 5-10-07)

Rep. David Cote moved that the House concur and spoke in favor.

Adopted.

HB 103, establishing a commission to study the state highway trust fund. (Amendment printed SJ 3-29-07)

Rep. Campbell moved that the House concur and spoke in favor.

Adopted.

HB 428, prohibiting the combustion of the wood component of construction and demolition debris and defining construction and demolition debris. (Amendment printed SJ 5-10-07)

Rep. Kaen moved that the House concur and spoke in favor.

Adopted.

HB 217, establishing a committee to study the New Hampshire park and ride program. (Amendments printed SJ 4-18-07)

Rep. Ryan moved that the House concur and spoke in favor.

Adopted.

COMMITTEE REPORTS

CONSENT CALENDAR

Rep. Wallner moved that the Consent Calendar as printed in the day's House Record be adopted. **SB 236**, extending the authority for police mutual aid, removed by Rep. Patten. Consent Calendar adopted.

Rep. King declared a conflict of interest on **SB 28** and **SB 108** and did not participate in the vote on the Consent Calendar.

Rep. Reardon declared a conflict of interest on **SB 55** and **SB 99** and did not participate in the vote on the Consent Calendar.

Rep. Coughlin declared a conflict of interest on **SB 60** and **SB 222** and did not participate in the vote on the Consent Calendar.

SB 29, updating laws relative to child impact seminars to reflect the implementation of the judicial branch family division. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Elizabeth D. Blanchard for Children and Family Law: This bill updates the laws relative to Child Impact Seminars which are mandated for divorcing couples with children. The bill reflects the implementation of the judicial branch family division. An amendment was added to the bill to make the language more specific and current. Vote 16-0.

Amendment (1517h)

Amend RSA 458-D:4 as inserted by section 2 of the bill by replacing it with the following:

458-D:4 Seminar Schedule. The ~~[court]~~ **judicial branch family division** shall encourage the presenters to schedule courses so that the seminar is available twice monthly in each county unless the county's population warrants otherwise. One parent need not attend the same seminar as the other parent. In the case of domestic violence, parents shall attend separate sessions. The seminar shall be completed within 45 days of service of the original ~~[complaint]~~ **petition** upon the original ~~[defendant]~~ **respondent**.

Amend RSA 458-D:9, I(c) as inserted by section 4 of the bill by replacing it with the following:

(c) The form and content of ~~[presentation]~~ security **at the seminar**.

SB 80, relative to qualified minor's trusts. **OUGHT TO PASS.**

Rep. Daniel C. Itse for Children and Family Law: This bill enables the custodian of a minor's property to be transferred into a "qualified minor's trust" without a court order. This terminates custodianship of the property. The bill is modeled after Florida statute, and provides a solution to unforeseen situations or developments. Vote 16-0.

SB 152, relative to permanency planning for delinquent children, abused and neglected children, and children in need of services. **OUGHT TO PASS.**

Rep. Barbara H. Richardson for Children and Family Law: This bill emphasizes the need for permanency planning for these children who have been removed from their homes. Reunification with their families is the first priority, and all reasonable efforts must be made to achieve this goal. In the event that it is not possible for reunification despite all reasonable efforts, permanency for the child must be achieved within 14 months of the minor's entry into out-of-home placement or within 12 months of the court's adjudicatory finding, whichever is earlier. Concurrent plans, other than reunification, must be adopted by the court. Other options for permanency including termination of parental rights or parental surrender when an adoption is contemplated, guardianship with a fit and willing relative or another appropriate party, or another planned permanent living arrangement are considered. Vote 16-0.

SB 185, relative to photo identification for persons released from correctional facilities and establishing a commission to study the services needed to help chronically homeless children in New Hampshire. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Mary E. Walz for Children and Family Law: This proposed two issues: 1) to establish photo identification for persons released from correctional facilities and 2) to establish a committee to identify the services needed to help chronically homeless children in New Hampshire. The committee agreed that both were important but non-germane. The committee voted OTP to establish the photo identification, and amended the bill with the sponsor's permission to create a subcommittee to study needs of chronically homeless children or youth in New Hampshire. Vote 13-0.

Amendment (1552h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to photo identification for persons released from correctional facilities.

Amend the bill by deleting sections 4-8 and renumbering the original section 9 to read as 4.

AMENDED ANALYSIS

The bill requires the department of safety and the county departments of corrections to provide a nondriver picture identification card to inmates who are being released from a county correctional facilities and do not have a valid driver's license or nondriver picture identification card. Referred to the Committee on Criminal Justice and Public Safety.

SB 100, relative to the authority of a real estate escrow agent to hold funds in the event of a dispute. **OUGHT TO PASS.**

Rep. Matthew S. Houde for Commerce: The bill clarifies that real estate brokers (who hold funds pursuant to a written agreement for the sale of real property, which expressly authorizes the broker to serve as escrow agent and to continue to hold the funds in the event of a dispute), shall not be subject to suit unless said agent breaches the terms of the agreement. The agent shall pay said funds only upon mutual written instructions of the buyer and seller, if any, and any order of the court. Vote 19-0.

SB 104, relative to the directory of charitable trusts. **OUGHT TO PASS.**

Rep. John B. Hunt for Commerce: This bill requires the director of charitable trusts to prepare and make available on the state website a directory of charitable trusts. The committee felt that such a list will be helpful for New Hampshire citizens and New Hampshire non-profits. Vote 17-0.

SB 105, repealing the bond requirement for fund raising counsel of a charitable trust. **OUGHT TO PASS.**

Rep. John B. Hunt for Commerce: As requested by the charitable trust unit of the Attorney General's Office, this bill removes the bond requirement for fund raising counsel of a non-profit. The bond requirement has never been used so it appears to be unnecessary. Vote 18-0.

SB 124, changing the membership of the economic development matching grants screening committee. **OUGHT TO PASS.**

Rep. Stephen T. DeStefano for Commerce: This bill changes the membership of the economic development matching grants screening committee. The committee membership stays at six members, but one member is added from the Business and Industry Association and the NH Association of Counties hoping to add business experience to the committee. Vote 19-0.

SB 137-FN, removing the prospective repeal of community reinvestment and opportunity zones (CROP zones). **OUGHT TO PASS.**

Rep. Stephen T. DeStefano for Commerce: This bill repeals a session law prohibiting the commissioner of resources and economic development from entering into a Community Reinvestment and Opportunity Zone (CROP) credit agreement with any taxpayer after June 30, 2007. Vote 19-0. Referred to the Committee on Ways and Means.

SB 161-FN, relative to the registration fees for mortgage servicing companies. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Stephen P. Spratt for Commerce: This bill was requested by the New Hampshire Banking Department. The bill brings registration fees for mortgage service companies in line with the existing fee structure for other financial institutions. In addition, this bill clarifies the definition of debt adjustment contracts and increases the term of the contract adjusting the debtor's obligations from within 24 months to 60 months. Vote 18-0.

Amendment (1550h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to the registration fees for mortgage servicing companies and relative to debt adjustment services.

Amend the bill by inserting after section 1 the following and renumbering the original section 2 to read as 5, respectively:

2 Written Notice; Delegation of Duties and Responsibilities. Amend RSA 383:7-a, V to read as follows:

V. The commissioner shall provide any board or commission [~~10 days~~²] written notice of his ~~or her~~ intent to delegate his ~~or her~~ duties and responsibilities to serve on such board or commission.

3 Debt Adjustment; Definition. RSA 399-D:2, V is repealed and reenacted to read as follows:

IV. "Debt adjustment" means:

(a) Providing debt management advice or counseling to consumers for direct or indirect compensation;

(b) Creating debt management plans for consumers for direct or indirect compensation;

(c) Negotiating with debtors on behalf of consumers for direct or indirect compensation; or

(d) Receiving, for a fee or compensation and as agent of a debtor, money or evidences thereof for the purpose of distributing such money or evidences thereof among creditors in full or partial payment of obligations of the debtor.

4 Discharge of Debt Adjustment Contracts. Amend RSA 399-D:20 to read as follows:

399-D:20 Contract With Debtor. Each licensee shall make a written contract with a debtor, and immediately furnish the debtor with a true copy thereof. Such contract shall set forth the complete list of the debtor's obligations to be adjusted, a complete list of the creditors holding such obligations, the total charges agreed upon for the services of the licensee and the beginning and expiration date of the contract. No licensee shall enter into a contract in which the debtor's obligations will not be discharged within [~~24~~²] **60** months, exclusive of contractual debts which exceed the [~~24-month~~] **60-month** period.

AMENDED ANALYSIS

This bill:

I. Increases registration fees for mortgage servicing companies.

II. Eliminates the 10 day requirement for written notice to a board or commission by the bank commissioner of his or her intent to delegate a duty to serve on such board or commission.

III. Redefines debt adjustment.

IV. Extends the time in which a debtor's obligations must be discharged.

SB 222-FN, relative to health insurance for national guard members. **OUGHT TO PASS.**

Rep. Donald H. Flanders for Commerce: This bill requires that National Guard members ordered to or retained on state active duty for longer than 30 days who do not have other health insurance coverage shall elect Tricare coverage. The state shall pay the Tricare premium up to 100 percent of the service member's share of the premium for the period of state active duty to include the whole month in which the state active duty ends. Vote 18-0.

Referred to the Committee on Finance.

SB 242-FN, establishing the intellectual property business loan development program. **OUGHT TO PASS.**

Rep. James R. Martin for Commerce: This bill establishes the intellectual property business loan development program to be administered by the Business Finance Authority. The program will have the authority to guarantee a loan secured by intellectual property, up to a maximum of \$250,000. The loan shall not exceed 75 percent of the appraised value of the intellectual property and loan guarantees are limited to 10 years. The Business Finance Authority strongly supports this bill because it believes the bill will help attract new high tech businesses to New Hampshire and help support companies with intellectual property, such as software companies. The committee believes that this new program will have a long term positive impact on the state's business climate and tax revenues. Vote 18-0.

Referred to the Committee on Finance.

SB 65-FN, requiring that the state provide 21 days' written notice to the defendant prior to jury selection for his or her trial of the state's request for an extended term of imprisonment. **OUGHT TO PASS.**

Rep. Stanley E. Stevens for Criminal Justice and Public Safety: This bill was brought at the request of the Supreme Court. It requires that the state provide 21 days written notice to a defendant, in a criminal trial, prior to jury selection for his or her trial where the state will request an extended term of imprisonment. Current law does not provide for a specific term of notice and

sometimes notice was not given until the date of trial. The 21 day notice was arrived at as a result of agreement between the Attorney General's Office and the New Hampshire criminal defense lawyers. This is a reasonable course of action to assure that a defendant has sufficient time to prepare his or her defense. Vote 16-0.

SB 66, relative to involuntary civil commitment of sexually violent predators and relative to payment of the sex offender registration fee by criminal offenders. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Delmar D. Burrige for Criminal Justice and Public Safety: This bill divides certain responsibilities for involuntary civil commitment of sexually violent predators between the Department of Corrections and Health and Human Services and provides that a sex offender registry fee shall be collected twice per year by the Department of Safety. The committee made a technical correction by deletion of Section IV of Page 3, line 16, which did not exist and referenced the entire Section of RSA 135-E:15. Vote 16-0.

Amendment (1453h)

Amend RSA 135-E:3, VI as inserted by section 10 of the bill by replacing it with the following:

VI. Records, reports, and proceedings of the multidisciplinary team shall be confidential and shall be exempt from the provisions of RSA 91-A, except as provided in RSA 135-E:15.

SB 136, relative to the attorney general's authority to appoint, organize, and assign investigatory personnel at the department of justice. **OUGHT TO PASS.**

Rep. Ellen Nielsen for Criminal Justice and Public Safety: This bill corrects an anomaly in the process by which the Attorney General appoints, organizes and assigns investigators. Until now, investigators have been sworn in by county sheriffs. This bill gives the Attorney General the power to vest, with statewide law authority, any municipal or state law enforcement officer assigned by the employing authority for the purpose of conducting or assisting with criminal investigations being conducted by the Attorney General's Office for a period of up to five years. The investigators employed by the Department of Justice will be certified as full-time police officers, but while they are employed by the department as special investigators, their time worked will not be considered in calculation of Group II retirement benefits. Vote 15-0.

SB 194, establishing a commission to study the trafficking of persons across borders for sexual and labor exploitation. **OUGHT TO PASS.**

Rep. Laura C. Pantelakos for Criminal Justice and Public Safety: This bill establishes a commission to study the trafficking of persons across borders for sexual and labor exploitation. The committee heard very compelling testimony that this matter needs to be looked at. As an example, an event happened in the seacoast where a young lady had been held hostage since she was 12 years old. Because she was from a foreign country, she had no one to turn to, to get help, yet she was brought to the country against her will. There is also evidence that this may be much more widespread throughout the state. Vote 16-0.

SB 72-L, relative to standards for public school approval. **INEXPEDIENT TO LEGISLATE.**

Rep. Sharon M. Carson for Education: The committee believes it is important to keep the term "minimum" in the current statute. New Hampshire's minimum standards for all of our schools are very high and designed to encourage districts to go beyond what is required. To take out the word "minimum" is counterproductive towards the standards' intent. Vote 16-0.

SB 78, relative to the placement of twins or other multiples in the same classroom. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Sharon M. Carson for Education: This bill prevents school boards from adopting a policy that either separates or places twins in the classroom without input from their parents. The committee heard testimony concerning situations in which the parents' concerns were not addressed and we believe it to be very important that parents have the opportunity to participate in the decision making process. Vote 16-0.

Amendment (1287h)

Amend RSA 193:3-a, I as inserted by section 1 of the bill by replacing it with the following:

I. No school board shall adopt a policy of automatically separating or placing together twins or other multiples. In this section, "multiples" means triplets or more.

SB 117-FN, relative to fireworks display permits and the position of permissible fireworks inspector. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Maurice L. Pilotte for Executive Departments and Administration: This bill filed at the request of the State Fire Marshall has three components: (1) requires that a fireworks display permit be submitted to the Department of Safety at least 72 hours prior to the display. (2) makes the position of fireworks inspector a full-time, rather than a seasonal, position funded by the Fire Standards and Training and Emergency Medical Services Fund. (3) adds to the current duties of the fireworks inspector dealing with permissible fireworks the following: (a) inspect sites and facilities for the display or storage of display fireworks, as defined in RSA 160-B:1,X and (b) coordinate enforcement activities relative to illegal sales, including the disposal or storage of illegal fireworks. Vote 15-0.

Amendment (1515h)

Amend the bill by replacing all after the enacting clause with the following:

1 Requirements for the Display of Fireworks; Permit Fee. Amend RSA 160-B:7, V to read as follows:

V. An application for a display permit shall be made in writing at least 15 days in advance of the date of the display. The town, city, or village district may charge a reasonable fee for a permit to display fireworks. No display permit granted under this section shall be transferable, and each display permit shall be valid for only one display to be held on the date permitted. If, in the opinion of the chief of the fire department, conditions deteriorate during the 15 days before the date for which such permit is granted so that a fire hazard exists, the chief may revoke the permit. *At least 72 hours prior to the date of display, the operator of the display shall transmit a copy of the completed display permit, with proof of insurance for the display, approved by the town, city, or village district, to the department of safety.*

2 Fireworks Inspector. Amend the introductory paragraph of RSA 160-C:17 to read as follows:

160-C:17 ~~[Permissible]~~ Fireworks Inspector. There is hereby established in the office of the state fire marshal the ~~[seasonal]~~ *full-time classified* position of ~~[permissible]~~ fireworks inspector. The ~~[permissible]~~ fireworks inspector *shall be under the direction and supervision of the state fire marshal and shall:*

3 Fireworks Inspector; Duties. Amend RSA 160-C:17, I to read as follows:

I. Inspect ~~[permissible]~~ fireworks sales outlets.

I-a. Inspect sites and facilities for the display or storage of display fireworks, as defined in RSA 160-B:1, X.

I-b. Coordinate enforcement activities relative to illegal sales, including the disposal or proper storage of illegal fireworks.

4 Fire Standards and Training and Emergency Medical Services Fund. Amend RSA 21-P:12-d to read as follows:

21-P:12-d Fire Standards and Training and Emergency Medical Services Fund. There is established in the office of the state treasurer a separate, nonlapsing fund to be known as the fire standards and training and emergency medical services fund from which the state treasurer shall pay expenses incurred in the administration of the division of fire standards and training and emergency medical services, under RSA 21-P:12-a, the division of fire safety, under RSA 21-P:12, ~~[and]~~ the bureau of emergency management in the division of emergency services, communications, and management under RSA 21-P:36, *and the position of fireworks inspector under RSA 160-C:17.* If the expenditure of additional funds over budget estimates is necessary for the proper functioning of the division of fire standards and training and emergency medical services, the division of fire safety, or the bureau of emergency management in the division of emergency services, communications, and management, the department of safety may request, with prior approval of the fiscal committee of the general court, the transfer of funds from the fire standards and training and emergency medical services funds to the department of safety for such purposes.

5 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill:

I. Requires that a fireworks display permit be submitted to the department of safety at least 48 hours prior to the display.

II. Makes the position of fireworks inspector a full-time, rather than seasonal, position, responsible for permissible and display fireworks, and funded by the fire standards and training and emergency medical services fund.

Referred to the Committee on Finance.

SB 204-FN-A, relative to collection of debts owed the state. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Ronald J. Nowe for Executive Departments and Administration: This will allow the attorney general's office to have a person solely to collect funds due the state. Twenty five percent of the collected funds will be paid to the general fund until the \$100,000 in start up costs is reimbursed. Vote 15-0.

Amendment (1485h)

Amend the bill by replacing all after the enacting clause with the following:

1 New Section; Collection of Debts Owed The State. Amend RSA 7 by inserting after section 15 the following new section:

7:15-a Collection of Debts Owed to the State.

I. State agencies and departments may refer any uncollected debt owed to the state to the attorney general for collection after determining that a debt owed to the state cannot be collected through means other than an action in court. All debts collected pursuant to this section shall be credited to the debt recovery fund established in paragraph IV.

II. No debt may be referred to the attorney general unless:

(a) There have been at least 2 documented attempts in writing to notify the debtor of the existence of the debt and of the fact that the debt may be assigned to the attorney general for collection if it is not paid;

(b) At least 30 days have elapsed from the last notice attempt; and

(c) All applicable administrative remedies have been exhausted.

III. The attorney general may:

(a) Compromise the claim.

(b) Extend for a reasonable period the time for payment of the debt by agreeing to accept monthly or other periodic payments.

(c) Cancel the debt or cause it to be cancelled if the attorney general finds, after investigation, that any debt due and owing to the state cannot be reasonably collected.

IV.(a) There is established in the office of the state treasurer a nonlapsing fund to be known as the debt recovery fund which shall be kept distinct and separate from all other funds. The debt recovery fund is established to receive all recoveries of debts paid to the state under this section.

(b) A percentage of each amount collected under this section shall be retained in the debt recovery fund for the purpose of funding the costs of all debt collection. The percentage shall be set annually by the attorney general in consultation with the commissioner of the department of administrative services as 150 percent of the total costs and expenses of the debt collection during the prior fiscal year divided by the total debt collected. Any amount remaining in the fund at the end of a fiscal year in excess of 200 percent of the costs and expenses of debt collection during the fiscal year shall be paid in a proportional amount to the accounts for which they were collected.

(c) The treasurer shall deposit in the debt recovery fund all amounts collected by the department of justice under this section. The attorney general is authorized to accept, budget, and expend moneys in the debt recovery fund received from any party without the approval of the governor and council for the purposes of:

(1) After deducting the amounts authorized in subparagraph IV(b), transferring on a quarterly basis a proportional amount recovered to the accounts for which they were collected; and

(2) For recruitment, training, administration, overhead, and supervision of such assistant attorneys general and support staff as necessary for the purposes of this section.

(d) All moneys in the debt recovery fund shall be continually appropriated to the department of justice and shall not lapse.

(e) The state treasurer, upon approval of the attorney general, shall pay the expenses of recruitment, training, administration, and supervision of assistant attorneys general and support staff as necessary for the purposes of this section, and transfer a proportional amount of unretained funds recovered to the accounts for which they were collected.

V. For purposes of this section, the term “debt” shall include fines and other debts or amounts owed to the state.

VI. Notwithstanding any other provision of this section, and subject to the supervision of the attorney general as to matters of law, state agencies and departments may seek collection of debts in small claims court without referring the debt to the attorney general. The authorization granted to seek collection of debts in small claims court under this paragraph shall not be construed to constitute a waiver of the sovereign immunity of the state, or any other defense, right, immunity, or other protection under law, including any statutory provision.

2 Attorney General; Duties. Amend RSA 7:6 to read as follows:

7:6 Powers and Duties as State’s Attorney. The attorney general shall act as attorney for the state in all criminal and civil cases in the supreme court in which the state is interested, and in the prosecution of persons accused of crimes punishable with death or imprisonment for life. The attorney general shall have and exercise general supervision of the criminal cases pending before the supreme and superior courts of the state, and with the aid of the county attorneys, the attorney general shall enforce the criminal laws of the state. ***The attorney general shall have the power to collect uncollected debts owed to the state as set forth in RSA 7:15-a.***

3 New Subparagraph; Debt Recovery Fund. Amend RSA 6:12, I(b) by inserting after subparagraph (252) the following new subparagraph:

(253) Moneys deposited in the debt recovery fund by the treasurer under RSA 7:15-a, IV.

4 New Section; Position Established. Amend RSA 7 by inserting after section 15-a the following new section:

7:15-b Debt Collection Attorney. The department of justice shall have the authority to hire a full-time support attorney and such staff as may be necessary, who shall be responsible solely for all duties associated with the collection of debt and to the state. The position shall be funded through the debt recovery fund established in RSA 7:15-a, IV.

5 Appropriation. The amount of \$100,000 for the fiscal year ending June 30, 2008 is hereby appropriated to the debt recovery fund established by RSA 7:15-a, IV for the purpose of start-up costs, provided, that 25 percent of the recoveries collected each quarter shall be paid into the general fund until \$100,000 has been paid into the fund. The appropriation in this section shall be in addition to any other sums appropriated to the department for such purpose. The governor is authorized to draw a warrant for said sum out of any money in the treasury not otherwise appropriated.

6 Effective Date. This act shall take effect July 1, 2007.

Referred to the Committee on Finance.

SB 229, relative to restitution ordered against an inmate. **OUGHT TO PASS.**

Rep. Ken Hawkins for Executive Departments and Administration: This bill makes a change to RSA 622:32. Currently, if a prisoner willfully escapes, commits a breach of discipline, or if on parole violates parole, the commissioner of corrections can cause the forfeiture of all earnings remaining in the prisoners account. The second part allows the courts to require restitution to be paid for damages. It is the second part that we are changing. Currently any restitution paid is credited to the general fund, and this bill allows the restitution to be credited to the prison system for operating expenses. This could include repair of damages, medical bills for the inmate that was attacked, etc. Vote 15-0.

Referred to the Committee on Criminal Justice and Public Safety.

SB 232-FN, relative to profits from the prison industries program. **INEXPEDIENT TO LEGISLATE.**

Rep. Frederick W. King for Finance: The committee felt that this bill which addressed the distribution of the prison industries program profits can wait until this program is profitable. The department is undertaking an in-depth study of the program and will seek legislative support prior to the 2008 session. Vote 17-0.

SB 175-FN-A, establishing an apprentice hunting license. **INEXPEDIENT TO LEGISLATE.**

Rep. James E. Kennedy for Fish and Game: When the members of this committee first read this bill, we individually arrived at a unanimous conclusion. To send a person of any age into the woods unfamiliar with a firearm was courting disaster. Even with an amendment changing the age of the supervising hunter from 18 to 21 was not considered satisfactory. We felt after a full discussion in which the entire committee present participated, even our more taciturn member, it was decided

that this bill should be found inexpedient to legislate. Safety was the foremost issue. Though the idea for the program has merit, a new bill should be considered with more input from the Hunter Safety Programs. A hunting accident in a program like this would reflect poorly on the Legislature and the Fish & Game Department. Vote 15-0.

SB 167-FN, relative to the licensure of medical assistants by the board of nursing. **INEXPEDIENT TO LEGISLATE.**

Rep. Suzanne S. Butcher for Health, Human Services and Elderly Affairs: This bill provides for licensing of medical assistants. The term "medical assistant" can refer to workers doing a variety of clinical and administrative duties, with training that can range from "on the job" to a two-year program of study. The committee heard testimony that the national medical assistants organization had asked for oversight by the Board of Nursing. However, we later learned that there are two national organizations with differing views. SB 167 is unclear with regard to scope of practice, educational prerequisites and licensure examination requirements, leaving these to the Board of Nursing. The committee did not feel that we have sufficient basis for licensing medical assistants. Vote 19-0.

SB 192-FN, establishing an outreach program in the children's health insurance program. **OUGHT TO PASS.**

Rep. Jennifer Daler for Health, Human Services and Elderly Affairs: This bill adds an outreach and education component to the New Hampshire Healthy Kids insurance program. The committee feels this program has been successful in providing access to healthcare for New Hampshire's children and would like to see all eligible children participate. Vote 20-0.

Referred to the Committee on Finance.

SB 28, redefining the "board of the public employer for the judiciary" in public employee collective bargaining. **OUGHT TO PASS.**

Rep. Lucy M. Weber for Judiciary: The board of public employer for the judiciary is the body which negotiates terms and conditions of employment with the judicial employee bargaining committee. Currently the board consists solely of the Chief Justice, with the advice and consent of the chief justice of the superior court. This bill redefines the board as the judicial branch administrative council, which includes the administrative judges of the district court and probate court as well as the administrative judge of the superior court and family division, so that all the courts are represented. Vote 14-0.

SB 108, making technical corrections to the probate laws. **OUGHT TO PASS.**

Rep. Bette R. Lasky for Judiciary: This bill was requested by the Supreme Court on behalf of the Probate Court to make certain technical corrections to various probate related statutes. These corrections deal with minor guardianships, attachments and clarifies that probate court judges are referenced in RSA 516:3. Vote 17-0.

SB 132-FN, allowing marital masters to be reimbursed for certain expenses and repealing a provision permitting court stenographers to be reimbursed for expenses. **OUGHT TO PASS.**

Rep. Philip Preston for Judiciary: This bill provides that marital masters shall be reimbursed for expenses in the same manner as superior court justices when serving on a court other than the one to which they are assigned. It also repeals a statute which reimburses expenses for court stenographers, since there are no longer any employed by the courts. Vote 17-0.

SB 133-FN, relative to the escrow fund for court facility improvements. **OUGHT TO PASS.**

Rep. Philip Preston for Judiciary: This bill repeals the flat fees paid to the escrow fund for court facility improvements. It establishes in their place a fee based upon 7% of entry fees for all courts. With an anticipated increase in court fees, the revenue will double the amount paid into the escrow fund for needed repairs to court facilities. Vote 14-0.

Referred to the Committee on Ways and Means.

SB 145-FN, allowing marital masters and registers and deputy registers of probate to perform notarial acts. **OUGHT TO PASS.**

Rep. Lucy M. Weber for Judiciary: Currently, RSA 456-B:3, I(b) already allows judges, clerks and deputy clerks to perform notarial acts. This bill promotes efficiency and convenience by adding marital masters, registers of probate and deputy registers of probate to the list of those authorized to perform notarial acts. Testimony before the committee was that the actual financial impact of the bill would be minimal. Vote 17-0.

SB 59, establishing a committee to study the effect on the unemployment compensation trust fund of employees with negative balance separate accounts. **OUGHT TO PASS WITH AMENDMENT.** Rep. Mary Ann Knowles for Labor, Industrial and Rehabilitative Services: This bill was requested by the Department of Employment Security. It establishes a committee to study the effect on the unemployment compensation trust fund of employees with negative balance separate accounts. Vote 17-0.

Amendment (1282h)

Amend the title of the bill by replacing it with the following:

AN ACT establishing a committee to study the effect on the unemployment compensation trust fund of employers with negative balance separate accounts.

Amend the bill by replacing section 1 with the following:

1 Committee Established. There is established a committee to study the effect on the unemployment compensation trust fund of employers with negative balance separate accounts.

Amend the bill by replacing section 3 with the following:

3 Duties. The committee shall study the effect on the unemployment compensation trust fund of employers with negative balance separate accounts.

AMENDED ANALYSIS

This bill establishes a committee to study the effect on the unemployment compensation trust fund of employers with negative balance separate accounts.

SB 60-FN, relative to compensations for injuries and illnesses suffered by national guard members on state active duty. **OUGHT TO PASS.**

Rep. John K. Knowles for Labor, Industrial and Rehabilitative Services: This bill permits a national guard member on state active duty who sustains an injury which falls within the definition of "injury" or "personal injury" under RSA 281-A, to receive state workers' compensation benefits. The bill also requires the state to pay or reimburse the costs of necessary medical treatment to national guard members on state active duty who become ill or whose injuries do not fall within the definition of the workers' compensation law. Vote 15-0.

Referred to the Committee on Finance.

SB 69, relative to exceptions to the confidentiality provisions for certain department of employment security records. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Randolph N. S. Holden for Labor, Industrial and Rehabilitative Services: The bill allows the department of employment security to share certain information with the Social Security Administration provided such information is limited and on a case by case basis. This information would be used to detect and prevent fraud, waste, and abuse in Social Security Administration programs. Vote 16-1.

Amendment (1283h)

Amend RSA 282-A:118, VI as inserted by section 1 of the bill by replacing it with the following:

VI. That for the purpose of the Social Security Administration and the department of employment security establishing and verifying eligibility and payment amounts; and preventing and detecting waste, abuse, fraud and identity theft, the commissioner may enter into a reciprocal electronic data-exchange agreement with the Social Security Administration. The Social Security Administration's use of the information provided shall be limited to use in accordance with federal laws and regulations pertaining to prevention and detection of fraud, waste, and abuse in the Social Security Administration's programs, and the entitlement, eligibility, and benefit payment amounts of individuals under Title II or Title XVI of the Social Security Act. Authorized federal employees granted access as provided in this paragraph shall be granted access on a case by case basis as provided in paragraph III. Information under this paragraph shall only be provided upon a finding by the commissioner that sufficient guarantees of continued confidentiality are in place.

AMENDED ANALYSIS

This bill allows the department of employment security to share certain information with the Social Security Administration provided such information is limited to detecting and preventing fraud, waste, and abuse in Social Security Administration programs.

SB 40, relative to the modular building code. **OUGHT TO PASS.**

Rep. Joseph A. Guthrie for Municipal and County Government: This bill removes the reference to the International Residential Code 2000 from the definition of the modular building code. The modular building code is defined as the state building code, which is defined to include the International Residential Code 2000 under RSA 155-A: 1, IV. Vote 13-0.

SB 99, relative to the terms for payment in lieu of taxes for renewable generation facilities. **OUGHT TO PASS.**

Rep. Bennett F. Moore for Municipal and County Government: This bill allows, as a local option, the ability for governing bodies to enter into arrangements of longer than 5 years for agreements for payments in lieu of taxes on renewable generation facilities. Current law limits such agreements to a term of no more than 5 years. The economic life of such facilities are much longer than 5 years and the ability to finance them may be improved by allowing the term of agreements for payments in lieu of taxes to more closely match the economic life of the facility. Vote 12-0.

SB 118, increasing fines for certain dog violations. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Joseph A. Guthrie for Municipal and County Government: This bill as amended increases fines from \$25.00 for the first nuisance offense to \$100.00 for any subsequent offense. In addition, the fines for menace offenses are increased from \$50.00 for the first offense committed to \$200.00 for subsequent menace offenses. Vote 13-0.

Amendment (1279h)

Amend RSA 466:31-a, II(a) through (c) as inserted by section 2 of the bill by replacing it with the following:

(a) \$25 for the first nuisance offense under RSA 466:31, II(a), (b), (c) or (d); [~~\$50~~] **\$100** for the second **or subsequent** nuisance offense committed within 12 months of the first nuisance offense under RSA 466:31, II(a), (b), (c) or (d).

(b) \$50 for the first menace offense under RSA 466:31, II(e) or (f); [~~\$100~~] **\$200** for the second or subsequent menace offense committed within 12 months of the first menace offense under RSA 466:31, II(e) or (f).

(c) \$100 for the first vicious offense under RSA 466:31, II(g).

SB 180, relative to local regulation of persons soliciting contributions on streets. **INEXPEDIENT TO LEGISLATE.**

Rep. Bennett F. Moore for Municipal and County Government: This would force local governing boards to issue permits for solicitations in public ways if a fixed list of documents are provided to it. This would not allow for special local knowledge to influence the conditions of any such permit. Vote 13-0.

SB 186-FN, establishing a committee to study a state elderly homeowner property tax credit. **INEXPEDIENT TO LEGISLATE.**

Rep. Bennett F. Moore for Municipal and County Government: Originally the bill would have created a tax credit for the elderly. A senate amendment modified the bill so that it merely creates a study committee for the question. Another study for tax relief for elderly property tax relief that only indicates a tax credit removes the ability of the study committee to review all other options. This issue and similar questions have been studied in the past and no benefit is seen from a new study committee. Vote 13-0.

SB 160-FN-L, adding members to the Skyhaven airport operation commission and changing the required completion date for the Skyhaven airport transfer plan. **OUGHT TO PASS WITH AMENDMENT.**

Rep. David B. Campbell for Public Works and Highways: The original senate bill added members to the Skyhaven Airport operation commission and extended the transfer plan date. The amendment reflects a unanimous compromise by the committee, between those who, frustrated by over 18 years of delays in the possible transfer of Skyhaven to the city of Rochester, advocated immediate disposition of the airport and those who wanted to give the City of Rochester a chance for an economic study to be considered by its City Council. The amendment gives Rochester an opportunity to review the economic study before March 1, 2008, by which time the City must legally

commit itself to acquisition of Skyhaven by July 1, 2008. If Rochester does not commit to acquiring Skyhaven by March 1, 2008, then the Department of Transportation is required to negotiate a lease with Pease Development Authority commencing July 1, 2008. Vote 17-0.

Amendment (1410h)

Amend the title of the bill by replacing it with the following:

AN ACT adding members to the Skyhaven airport operation commission and relative to the Skyhaven airport transfer plan.

Amend the bill by replacing section 2 with the following:

2 Contingency; Operation of Skyhaven Airport by the Pease Development Authority. Notwithstanding the provisions of 1998, 317:1, if the city of Rochester has not legally committed on or before March 1, 2008 to acquire Skyhaven airport no later than July 1, 2008, the department of transportation shall negotiate a lease with the Pease development authority for operation of the Skyhaven airport, with the approval of the long range capital planning and utilization committee and the governor and council. The lease shall be completed by July 1, 2008.

AMENDED ANALYSIS

This bill adds members to the Skyhaven airport operation commission.

The bill also requires the department of transportation to negotiate a lease with the Pease development authority for operation of the Skyhaven airport, if the city of Rochester has not legally committed by March 1, 2008 to acquire the airport no later than July 1, 2008.

SB 50, relative to the membership of the state veterans' advisory committee and authorizing the state veterans council to accept certain donations and bequests. **OUGHT TO PASS.**

Rep. Kris E. Roberts for State-Federal Relations and Veterans Affairs: This bill serves two purposes. The first expands the state veteran's advisory committee membership from ten to fourteen members. Membership is limited to national chartered veteran's organizations such as VFW, DAV and American Legion. This bill will grant organizations such as the Marine Corps League, which has taken an active role in supporting our veterans, our youth and our citizens for years, the authority to become a voting member. The second part of this bill will grant the state veteran's advisory committee the authority to accept donations from citizens who want to improve the New Hampshire Veterans Cemetery or to allow the committee to help veterans in urgent need that sometimes fall through the cracks. Neither purpose will cost the state any tax payer money but will improve the quality of life for our veterans. Vote 12-0.

SB 221, establishing a commission to organize events in celebration of the Abraham Lincoln bicentennial. **OUGHT TO PASS.**

Rep. Kris E. Roberts for State-Federal Relations and Veterans Affairs: This bill provides the people of New Hampshire the opportunity to honor one of our greatest presidents, who through personal strength, courage and strength of conviction, paid the ultimate price in order to preserve the union. The committee to honor the Lincoln Bicentennial will not only work to show President Lincoln's connection to the Granite State but will provide our citizens the opportunity to participate in exhibits, programs and local events. The goal is to allow our citizens to "Live the Legacy" and to learn about the character that not only made Lincoln a great person but a great leader. Vote 12-0.

SB 234-FN, relative to privileges, benefits, and immunities for national guard members. **OUGHT TO PASS.**

Rep. Pamela D. Coughlin for State-Federal Relations and Veterans Affairs: The committee recommends that a member of the New Hampshire National Guard be treated as a resident and citizen of the State of New Hampshire for the purposes of entitlement to privileges, benefits and immunities provided under state law. This bill ensures that all New Hampshire Guard members are entitled to the same rights and privileges without any element of discrimination on the basis of where the service member resides. This bill provides a fair employment policy by the New Hampshire Guard for all its members as a tool for retention and recruiting of guard members. Many officers, to include pilots and air crew and senior NCO's with valuable skills, come from all over the country to be a member of the New Hampshire Army and Air Guard providing much needed skills while saving the New Hampshire taxpayers training expenses. Vote 12-0.

SB 126-FN-A, relative to motor vehicle fines. **INEXPEDIENT TO LEGISLATE.**

Rep. Sherman A. Packard for Transportation: This bill would have repealed the sunset on the increase in motor vehicle fines passed in the last session. These fines were increased last session. Matters relative to fines are now under consideration in HB 2. Vote 15-0.

SB 187, relative to motor vehicles operated in parades. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Howard N. Cunningham for Transportation: The committee took into consideration SB 187 and the closely related HB 296. The goal was to promote safety while not detracting from the enjoyment of parades. The amendment successfully addresses risks posed by outrigger wheel assemblies and also provides specific guidelines for the supervision and safety of children. Vote 14-2.

Amendment (1434h)

Amend the bill by replacing all after the enacting clause with the following:

1 New Section; Parade Vehicles. Amend RSA 265 by inserting after section 108 the following new section:

265:108-a Parade Vehicles.

I. No person may operate a vehicle in a parade unless the following safety precautions are taken:

(a) No person may use any type of vehicle with outrigger wheels in a parade unless the vehicle is modified to protect both riders and pedestrians from the outrigger wheel assembly.

(b) At least one adult, other than the driver, shall supervise children riding on a vehicle in a parade and have a reasonable means of immediate communication with the driver. The number of adults supervising the children shall not be less than one adult per every 4 children and sufficient to ensure that each child is visible to a supervising adult.

(c) Children riding on a vehicle in a parade shall remain entirely within the perimeter of the vehicle and, if standing, shall be reasonably protected from probable injury if the vehicle suddenly starts or stops.

II. Any person operating a vehicle without following all of the safety precautions listed in paragraph I shall be guilty of a violation, and shall be subject to the following fines:

(a) \$50 for a first offense.

(b) \$100 for a second or subsequent offense.

2 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill establishes safety requirements that must be followed by operators of parade vehicles.

SB 55-FN, establishing a committee to study the efficacy of the Master Settlement Agreement and strategies for addressing the financial burden imposed on the state by cigarette smoking and the use of tobacco products. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Christine C. Hamm for Ways and Means: This bill was submitted in an effort to review the Master Settlement Agreement and the terms that impact New Hampshire's allocable share payments. The committee heard testimony that not all manufacturers pay equally into the Master Settlement Agreement. Members concluded that this bill would offer an opportunity to better understand the impact of pending litigation and other factors which have caused New Hampshire's share of the MSA revenues to decline and to consider if there is a better way to achieve the financial and public health benefits the state now accrues from the Master Settlement Agreement. Vote 15-1.

Amendment (1468h)

Amend subparagraph I(b) as inserted by section 2 of the bill by replacing it with the following:

(b) Three members of the house of representatives, one of whom shall be a member of the finance committee, and one of whom shall be a member of the ways and means committee, appointed by the speaker of the house of representatives.

SB 87, making technical corrections to certain lottery commission provisions. **OUGHT TO PASS.**

Rep. Gilman C. Shattuck for Ways and Means: This bill makes several technical corrections to lottery commission provisions in RSA's which are inconsistent with long term practice by the commission. These corrections are requests by the lottery commission after their performance audit. Vote 16-1.

REGULAR CALENDAR

SB 193, relative to adjustments to the child support guidelines under special circumstances. **OUGHT TO PASS.**

Rep. Carolyn M. Gargasz for Children and Family Law: This bill provides that adjustments to the child support guidelines shall be considered in light of the best interests of the child. The bill also establishes criteria for making adjustments to the child support guidelines in cases involving significantly high or low incomes and in shared parenting cases. Vote 13-3.

Rep. Matarazzo offered floor amendment (1544h).

Floor Amendment (1544h)

Amend RSA 458-C:5, I(h)(1) as inserted by section 1 of the bill by replacing it with the following:

(1) Equal or approximately equal parenting residential responsibilities in and of itself shall not eliminate the need for child support.

Reps. Matarazzo and Itse spoke in favor.

Reps. Gile and Walz spoke against.

On a division vote, 148 members having voted in the affirmative and 199 in the negative, floor amendment (1544h) failed.

The question now being adoption of the committee report of Ought to Pass.

On a division vote, 230 members having voted in the affirmative and 118 in the negative, the committee report was adopted.

Ordered to third reading.

Rep. Coughlin declared a conflict of interest on **SB 193** and did not participate.

SB 38, relative to uninsured or hit-and-run motor vehicle coverage. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Robert F. Matheson for Commerce: The bill as amended addresses a problem in motor vehicle insurance coverage. It clarifies that if an insured elects to raise his liability coverage, the insured's "uninsured motorist coverage" shall automatically rise to an equal amount. It further states if this is not desired by the insured then this must be in writing. The amendment goes on to say rejection will also cover anyone on the policy as well as all the vehicles on the policy. Vote 14-4.

Amendment (1530h)

Amend the bill by replacing section 1 with the following:

1 Uninsured or Hit-and-Run Motor Vehicle Coverage; Rejection by Insured. Amend RSA 264:15, I to read as follows:

I. No policy shall be issued under the provisions of RSA 264:14, with respect to a vehicle registered or principally garaged in this state, unless coverage is provided therein or supplemental thereto at least in amounts or limits prescribed for bodily injury or death for a liability policy under this chapter, for the protection of persons insured thereunder who are legally entitled to recover damages from owners or drivers of uninsured motor vehicles, and hit-and-run vehicles because of bodily injury, sickness, or disease, including death resulting therefrom. When an insured elects to purchase liability insurance in an amount greater than the minimum coverage required by RSA 259:61, [his] *the insured's* uninsured motorist coverage shall automatically be equal to the liability coverage elected. For the purposes of this paragraph umbrella or excess policies that provide excess limits to policies described in RSA 259:61[.] shall also provide uninsured motorist coverage equal to the limits of liability purchased, unless the named insured rejects such coverage *in writing. Rejection of such coverage by a named insured shall constitute a rejection of coverage by all insureds, shall apply to all vehicles then or thereafter eligible to be covered under the policy, and shall remain effective upon policy amendment or renewal, unless the named insured requests such coverage in writing.* Amendment adopted.

Committee report adopted and ordered to third reading.

SB 93-FN, relative to insurance coverage for children's early intervention therapy services. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Jill Shaffer Hammond for the Majority of Commerce: This bill mandates health insurance coverage for the fixed amount of \$3200 annually toward the costs of early childhood intervention

services for children age birth to 3 years. In this state, these services are already covered by Anthem, the state employees' health plan, and Medicaid/Healthy Kids; this will require other insurers to do the same. Early childhood intervention, such as occupational, physical, and speech-language therapies for developmental disabilities and/or delays, mitigate, improve, and often cure these situations at a critical age, forestalling more extensive and expensive medical or educational intervention at a later age, and best prepare a child for entering school. The finite cost to insurers will put minimal pressure on premiums, while providing substantial benefits to these children, their families, and our educational and social systems. Vote 11-8.

Rep. John B. Hunt for the Minority of Commerce: The bi-partisan minority of the committee felt this mandate would add to the already burdensome cost of health insurance here in New Hampshire. This bill assumes there will be future savings projections that were unsubstantiated. This bill was originally introduced in the Senate who decided to send it to the insurance department for a financial review. The 3rd party company estimated that there could be long term societal savings but there certainly would be an immediate impact on premiums. The report further states that to reduce the impact of this bill some employers and individuals will accept higher deductibles and co-payments to offset the increased premiums. Finally the report states that this legislation will only effect 50% of New Hampshire health plans and that the benefits can be positive only if it "is focused on children who truly need early intervention." Unfortunately no study can guarantee that!

Majority Amendment (1520h)

Amend the bill by replacing all after the enacting clause with the following:

1 New Section; Individual; Coverage for Children's Early Intervention Therapy Services. Amend RSA 415 by inserting after section 6-m the following new section:

415:6-n Coverage for Children's Early Intervention Therapy Services. Each insurer that issues or renews any individual policy, plan, or contract of accident or health insurance providing benefits for medical, rehabilitation or hospital expenses, shall provide to certificate holders of such insurance, who are residents of this state, coverage for expenses arising from the services of licensed and credentialed occupational therapists, physical therapists, speech-language pathologists, and clinical social workers working with children from birth to 36 months of age with an identified developmental disability and/or delay as specified in rules adopted pursuant to RSA 171-A:18, IV as long as the providing therapist receives a referral from the child's primary care physician if applicable. The benefits included in this section may be subject to deductibles, copayments, coinsurance, or other terms and conditions of the policy, and may have a cap of \$3,200 per child per year not to exceed \$9,600 by the child's third birthday. Notwithstanding any provision of law or rule to the contrary, the coverage under this section shall apply to the medical assistance program, pursuant to RSA 161 and RSA 167.

2 New Section; Group; Coverage for Children's Early Intervention Services. Amend RSA 415 by inserting after section 18-r the following new section:

415:18-s Coverage for Children's Early Intervention Services. Each insurer that issues or renews any policy of group or blanket accident or health insurance providing benefits for medical, rehabilitation or hospital expenses, shall provide to each group, or to the portion of each group comprised of certificate holders of such insurance who are residents of this state, coverage for expenses arising from the services of licensed and credentialed occupational therapists, physical therapists, speech-language pathologists, and clinical social workers working with children from birth to 36 months of age with an identified developmental disability and/or delay as specified in rules adopted pursuant to RSA 171-A:18, IV as long as the providing therapist receives a referral from the child's primary care physician if applicable. The benefits included in this section may be subject to deductibles, copayments, co-insurance, or other terms and conditions of the policy, and may have a cap of \$3,200 per child per year not to exceed \$9,600 by the child's third birthday. Notwithstanding any provision of law or rule to the contrary, the coverage under this section shall apply to the medical assistance program, pursuant to RSA 161 and RSA 167.

3 New Section; Health Service Corporations; Coverage for Children's Early Intervention Services. Amend RSA 420-A by inserting after section 17-f the following new section:

420-A:17-g Coverage for Children's Early Intervention Services. Every health service corporation and every other similar corporation licensed under the laws of another state that issues or renews any policy of group or blanket accident or health insurance providing benefits for medical, rehabilitation or hospital expenses, which provides coverage for outpatient services shall provide

to each group, or to the portion of each group comprised of certificate holders of such insurance who are residents of this state, coverage for expenses arising from the services of licensed and credentialed occupational therapists, physical therapists, speech-language pathologists, and clinical social workers working with children from birth to 36 months of age with an identified developmental disability and/or delay as specified in rules adopted pursuant to RSA 171-A:18, IV as long as the providing therapist receives a referral from the child's primary care physician if applicable. The benefits included in this section may be subject to deductibles, copayments, co-insurance, or other terms and conditions of the policy, and may have a cap of \$3,200 per child per year not to exceed \$9,600 by the child's third birthday. Notwithstanding any provision of law or rule to the contrary, the coverage under this section shall apply to the medical assistance program, pursuant to RSA 161 and RSA 167.

4 New Section; Managed Care; Coverage for Children's Early Intervention Services. Amend RSA 420-B by inserting after section 8-p the following new section:

420-B:8-q Coverage for Children's Early Intervention Services. Every health maintenance organization and every similar corporation licensed under the laws of another state that issues or renews any policy, plan, or contract of individual or group or blanket health insurance providing benefits for medical, rehabilitation or hospital expenses, shall provide to each individual or group, or to the portion of each group comprised of certificate holders of such insurance who are residents of this state, coverage for expenses arising from the services of licensed and credentialed occupational therapists, physical therapists, speech-language pathologists, and clinical social workers working with children from birth to 36 months of age with an identified developmental disability and/or delay as specified in rules adopted pursuant to RSA 171-A:18, IV as long as the providing therapist receives a referral from the child's primary care physician if applicable. The benefits included in this section may be subject to deductibles, copayments, co-insurance, or other terms and conditions of the policy, and may have a cap of \$3,200 per child per year not to exceed \$9,600 by the child's third birthday. Notwithstanding any provision of law or rule to the contrary, the coverage under this section shall apply to the medical assistance program, pursuant to RSA 161 and RSA 167.

5 Effective Date. This act shall take effect 60 days after its passage.

Majority committee amendment adopted.

The question now being adoption of the majority committee report of Ought to Pass with Amendment.

Rep. Hunt spoke against.

Rep. Jill Hammond spoke in favor.

Rep. Hunt requested a roll call; sufficiently seconded.

SULLIVAN

Ferland, Brenda
and the majority committee report was adopted.
Referred to the Committee on Finance.

Rodeschin, Beverly

Rep. Morrison declared a conflict of interest on **SB 93-FN** and did not participate.

SB 125-FN, relative to certificates for architect business organizations. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Paul McEachern for Commerce: This legislation prohibits a person who is not a licensed architect from holding himself out to the public as performing architectural services. It also permits licensed architects to practice as a member of a business organization which holds itself out as practicing architecture and creates a regulating structure for such practice. Vote 13-6.

Amendment (1383h)

Amend the bill by inserting after section 3 the following and renumbering the original section 4 to read as 5:

4 Violations; Representation. Amend RSA 310-A:50, I, (e) to read as follows:

(e) Practice architecture or to offer, advertise or hold oneself out to the public as being in the practice of architecture in this state without a license, *or to represent by verbal claim, sign, letterhead, card, or in any other way that such person performs architectural services, unless the person holds a license under this subdivision*; or

AMENDED ANALYSIS

This bill establishes procedures for issuance of certificates for architect business organizations, and clarifies the crime of falsely representing the performing of architectural services.

Amendment adopted.

Committee report adopted.

Referred to the Committee on Executive Departments and Administration.

SB 155, relative to insurance coverage for chiropractic services. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. Charles L. Clark for the Majority of Commerce: In the matter of co-payments to the insured for chiropractic services, the committee feels that although there are times that patients are unhappy with their employer's choice of plans, the proposed bill is not a good solution. The chiropractors ask to be treated the same as primary care physicians regarding co-payments but the committee believes it is not for us to categorize health care providers. We recommend inexpedient to legislate. Vote 13-6.

Rep. Robert F. Matheson for the Minority of Commerce: The bill addresses health plans that offer chiropractic benefits. Employers buy these plans believing chiropractic care is covered. As the co-pay costs rise, the total cost of the service is being buried in the co-pay. By holding the co-pays amount similar to the primary care provider, we allow better access to health care.

Majority committee report adopted.

Rep. Greco declared a conflict of interest on **SB 155** and did not participate.

SCR 2, urging Congress to amend the No Child Left Behind Act. **MAJORITY: OUGHT TO PASS. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Emma L. Rous for the Majority of Education: This resolution urges the US Congress to amend the No Child Left Behind Act as it comes up for reauthorization this year, in accordance with the National Conference of State Legislatures' task force report, a report created with bipartisan representation from the NH General Court. While NCLB's goal of raising achievement is admirable and NH has made every effort to comply with the program, the resolution asks for flexibility for states in promoting and evaluating the growth of each child. It also urges Congress to request a GAO evaluation of the costs to states and local districts of full NCLB compliance, including reaching 100% proficiency for every student. An important critique of NCLB is that it is a minimally funded mandate that violates the 10th amendment of the US Constitution by assuming powers that belong to the states. Vote 10-6.

Rep. Sharon M. Carson for the Minority of Education: The minority believes it serves no purpose passing SCR 2 other than to make a statement of dissatisfaction. The NCLB program is currently under review and changes are being contemplated by the United States Congress. The program has vastly improved school performance across the country and experience has shown that in the re-authorization some changes should be and shall be made. The continuing problem in New Hampshire seems to be a lack of communication between the New Hampshire Department of Education and school districts across the state.

On a division vote, 205 members having voted in the affirmative and 125 in the negative, the majority committee report was adopted.

Ordered to third reading.

SB 18-FN, raising the age of required attendance of children in school. **MAJORITY: OUGHT TO PASS. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. J. Timothy Dunn for the Majority of Education: In current practice, a student can leave school at 16 simply by meeting with a principal and getting signed approval from a parent or guardian. With SB 18, students need a plan for completing their education in order to leave the traditional classroom before age 18. The plan can include work-study, night school, GED prep, internships, apprenticeships, independent study, or placement in a vocational or alternative learning program. Plans are developed by the student, a parent or guardian, a guidance counselor, and the principal. Under RSA 193:5, a superintendent can still exempt a student from compulsory attendance "if facts warrant" and if "the welfare of the child will be best served," and the bill exempts homeschoolers. Raising the legal age for school attendance is a missing and necessary piece in the state's ongoing effort to lower dropout rates in New Hampshire. Knowing the demands of today's society, we cannot send the message that it is acceptable to leave high school without a diploma. Higher completion rates lower social costs. These students are not new to our system; they are already in our school budgets. The state currently spends \$23 million for programs for at-risk students and DOE has budgeted an additional \$4.5 million for new or expanded programs. One and a half million is budgeted to accompany SB 101, providing additional tuition and transportation aid for extended programs at regional vocational schools. The bill has widespread support in the education and business community (including BIA, NHRMA, Auto Dealers, Law Enforcement, NEA/AFT). Vote 12-6.

Rep. David W. Hess for the Minority of Education: The committee minority believes SB 18 as proposed is not ready for enactment. Currently, a student can drop out at age 16 only if the parents, after consultation with the school principal, agree. This bill takes away these parental rights and vests that authority with the school district superintendent. The minority believes these parental rights in making this decision about one's own children should be protected. The minority also believes this bill imposes an unnecessary new mandate on our local schools without providing either the funding to pay for it or the infrastructure and capacity needed to implement its complex requirements. This bill will keep an additional 1100 students in our high schools. Twenty six percent of these dropouts are special education students; an estimated 30 percent are eligible for free or reduced lunch. Thus, over half of these students are the very ones that require the greatest resources and the most intensive supervision and instruction. Yet the state is unwilling to commit the resources and funds needed to provide these services. The minority strongly believes that the local property tax payers will wind up paying the extra millions, if not tens of millions of dollars needed to implement this legislation. Finally, mandating is not the New Hampshire way. Certainly a "one size fits all" mandate to all of our local school districts is not warranted nor appropriate when the school dropout rate here in New Hampshire is already dropping dramatically under existing practices. Over the past four years, the cumulative high school dropout rate (the percentage of entering 9th graders who fail to graduate) has declined from over 15 percent to just over 12 percent, a 20 percent reduction. Fifteen of our high schools, small and large, north and south, in rich districts and poor, have cumulative dropout rates of less than 5 percent. Rather than mandate a uniform, bureaucratic overlay across the state to address this legitimate concern, the minority believes the Department of Education should use these successful dropout programs as models to be studied and evaluated in less successful high schools. Use proven models that work to solve this problem, not yet another untried, unfunded mandate. The minority would have preferred to retain the bill. Rep. Kurk offered floor amendment (1632h).

Floor Amendment (1632h)

Amend the bill by replacing all after section 5 with the following:

6 Applicability. This act shall take effect in each school district of the state beginning July 1, 2009 only after both of the following occur:

I. The commissioner of the department of education certifies to the secretary of state and the governor that the state has the ability to fully fund the educational programs, services, and personnel and, where appropriate, the alternative learning plans as set forth in RSA 193:1, I(g), necessary to provide appropriate educational services to children who are at least 16 years of age but under 18 years of age and who, but for the increase in the age of compulsory attendance set forth in RSA 193:1, I(a), would not have attended school; and

II. The school board of the school district certifies to the commissioner of the department of education that the school district is able to comply with the provisions of this act.

7 Effective Date.

I. Sections 1-5 of this act shall take effect as provided in section 6 of this act.

II. The remainder of this act shall take effect upon its passage.

AMENDED ANALYSIS

This bill raises from 16 to 18 the age for compulsory school attendance and provides a procedure for a pupil who is at least 16 years of age to obtain an attendance waiver from school and requires that the commissioner of the department of education and the school board of a school district certify their respective abilities to comply with the provisions of the bill.

Rep. Kurk spoke in favor.

Rep. Rous spoke against.

Rep. Belanger requested a roll call; sufficiently seconded.

Referred to the Committee on Finance.

SB 82-FN, reorganizing the administration and governance of the regional community-technical college system. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Judith T. Reeve for Education: This bill grants the New Hampshire Community Technical College System the same legal status as that of the University System of New Hampshire, responsible to the people through the governance of its board of trustees. This status would allow the NHCTCS to conduct its business, manage its facilities, and perform its functions under the management of its administration and with the policy direction and oversight of its board. It requires the continuance of biennium reporting of operating and capital appropriations to support students and the colleges. The amendment addresses terminology changes, places limits on administrative expenses, and establishes a one-year legislative transition oversight committee. Vote 17-0.

Amendment (1566h)

Amend RSA 188-F:7, III as inserted by section 2 of the bill by replacing it with the following:

III. Service as an employee of the community college system of New Hampshire shall be creditable service for purposes of RSA 100-A, RSA 21-I:29, RSA 21-I:30, RSA 21-I:30-a, RSA 21-I:30-b, and RSA 21-I:30-c. Any community college system of New Hampshire employee who transfers, without a break in service, to a state classified or unclassified service position shall retain and transfer all leave accruals and seniority and be entitled to all the rights and benefits of a permanent employee in the classified or unclassified service of the state based on the years of creditable state service. At the time of such a transfer, the employee shall immediately begin to accrue annual and sick leave as granted at the time of the transfer by the receiving agency according to the employee's continuous years worked. Any state employee in a classified

or unclassified service position who transfers, without a break in service, to the community college system of New Hampshire shall retain and transfer all leave accruals and seniority and be entitled to all the rights and benefits of a permanent employee in the classified or unclassified service of the state based on the years of creditable state service. At the time of such a transfer, the employee shall immediately begin to accrue annual and sick leave as granted at the time of the transfer by the receiving agency according to the employee's continuous years worked.

Amend RSA 188-F:11 as inserted by section 2 of the bill by replacing it with the following:

188-F:11 Report.

I. The chancellor and the chairman of the board of trustees of the community college system of New Hampshire shall issue a joint report annually which shall include detail on the proposed use and distribution of federal vocational and financial aid funds, ongoing upgrades to the information technology systems used by the community college system of New Hampshire, and the overall operation of the community college system of New Hampshire including financial status, enrollment data and program administration. Such report shall be completed by October 15 of each year. A copy of this report shall be delivered to the chairs of the house education committee, and senate education committee, the speaker of the house, president of the senate, the governor, the senate clerk, the house clerk, and the state library.

II. Each year the chancellor of the community college system of New Hampshire, as well as one representative from the board of trustees, and the president of each institution shall appear before the house finance committee and the senate finance committee to review the department's programs, cost analysis, revenue projections and any other information detailed in the written report. Amend RSA 188-F as inserted by section 2 of the bill by inserting after RSA 188-F:21 the following new RSA section:

188-F:21-a Use of State Funds Limited. Expenditures for administrative expenses of the community college system of New Hampshire, including personnel, shall not exceed 10 percent of any state funds appropriated to the community college system of New Hampshire in the fiscal year. For the purposes of this section, any federal funds received by the state on behalf of the community college system of New Hampshire shall not be considered state funds.

Amend the bill by deleting section 4 and renumbering the original sections 5-46 to read as 4-45, respectively.

Amend RSA 188-F:25 as inserted by section 22 of the bill by replacing it with the following:

188-F:25 Agency Attached. The police standards and training council is ~~[transferred to the department of regional community-technical colleges and is administratively attached to that department]~~ ***an executive branch council and is not a body corporate and politic. The police standards and training council shall be administratively attached to the community college system of New Hampshire subject to the same provisions prescribed by RSA 21-G:10. The police standards and training council and the director and employees hired by the director performing the functions required by RSA 188-F:22 through RSA 188F:32-d shall be subject to RSA 7:8, RSA 541-B:1, and RSA 99-D:1, and shall be subject to attorney general review of contracts subject to governor and council review.***

Amend the bill by replacing all after section 44 with the following:

45 New Hampshire Retirement System; Definitions. Amend RSA 100-A:1, IV to read as follows:

IV. "Employer" shall mean (a) the state or any department, commission, institution, or agency of the state government by which an employee is paid through the office of the state treasurer with respect to their employees, (b) the state, the local school district, or other employers of teachers eligible for membership in the system with respect to the teachers in their employ, (c) any police department or police force of the state, or of any county, city, town, village, or precinct in the state with respect to the permanent policemen in their employ, (d) any fire department of the state, or of any county, city, town, village, or precinct in the state with respect to the permanent firemen in their employ, ~~[and]~~ (e) any political subdivision that has elected to participate under RSA 100-A:20; provided, however, that in no instance shall any employer contribute or participate in the retirement system unless by a reasonable determination of the board of trustees such employer qualifies as a governmental entity, political subdivision, agency, or instrumentality eligible to participate in the retirement system as a governmental plan within the meaning of section 414(d) of the United States Internal Revenue Code of 1986, as amended, ***and (f) the community college system of New Hampshire.***

46 Community College System Legislative Oversight Committee Established; Effective July 1, 2009.

I. There is established a community college system legislative oversight committee to study the efficacy of the transition of the community college system's academic programs, financial management, and administrative operations from state agency to self-governing entity.

II. Membership and Compensation. The members of the committee shall be as follows:

(a) Three members of the house of representatives, appointed by the speaker of the house of representatives.

(b) Three members of the senate, appointed by the president of the senate.

III. Members of the committee shall receive mileage at the legislative rate when attending to the duties of the committee.

IV. Duties. The committee shall study:

(a) The efficacy of the transition of the community college system's academic programs, financial management, and administrative operations from state agency to self-governing entity.

(b) The changes in student enrollment, categorized by academic area.

(c) Financial and budgeting practices employed by the community college system of New Hampshire, including the change in administrative overhead expenses and the ability to keep tuition affordable for students.

(d) The amount of state funds requested by the community college system of New Hampshire.

(e) Any other issue concerning the operation or administration of the community college system of New Hampshire deemed relevant to the committee. The committee may solicit input from any individual or organization with relevant information or expertise.

V. Chairperson; Quorum. The members of the study committee shall elect a chairperson from among the members. The first meeting of the committee shall be called by the first-named house member. The first meeting of the committee shall be held within 45 days of the effective date of this section. Four members of the committee shall constitute a quorum.

VI. Report. The committee shall report its findings and any recommendations for proposed legislation to the speaker of the house of representatives, the president of the senate, the chairpersons of the house and senate education committees, the house clerk, the senate clerk, the governor, and the state library on or before November 1, 2009. If the committee concludes there are substantial concerns with the operation or administration of the community college system of New Hampshire, the committee shall include in its report detailed proposed legislation to remedy such concerns, including, if appropriate, additional legislative oversight and continued partnership with the state on certain duties and functions, or legislation necessary to return the community college system of New Hampshire to state agency status.

47 Effective Date.

I. Paragraphs I-III of section 44 of this act shall take effect July 1, 2009.

II. Section 46 of this act shall take effect November 1, 2008.

III. The remainder of this act shall take effect upon its passage.

Amendment adopted.

Committee report adopted.

Referred to the Committee on Finance.

Rep. Carson declared a conflict of interest on **SB 82-FN** and did not participate.

SB 101, relative to payment of costs for certain students attending alternative education programs. **OUGHT TO PASS.**

Rep. Nancy F. Stiles for Education: This bill provides an additional opportunity for every student in New Hampshire who may be at risk of dropping out of school to access alternative education programming at a regional vocational education center or associated high school, regardless of where they live. School districts will receive reimbursements for the transportation and tuition for these identified "at risk" students. Expenses will come from the Department of Education's current budget. Programming will be developed during FY 2007-2008 to accommodate these needs and students can begin access as early as 2008. Vote 12-2.

Rep. Rous yielded to questions.

Committee report adopted.

Referred to the Committee on Finance.

MOTION TO RECONSIDER

Having voted with the prevailing side, Rep. Daniel Eaton moved that the House reconsider its action whereby it adopted the majority committee report of Ought to Pass on **SB 18**, raising the age of required attendance of children in school.

Rep. Daniel Eaton spoke against.

Reps. Vaillancourt and Hess spoke in favor.

Rep. Berube requested a roll call; sufficiently seconded.

The House recessed at 1:00 p.m.

RECESS

(Speaker Norelli in the Chair)

The House reconvened at 2:00 p.m.

REGULAR CALENDAR (CONT'D)

SB 235-FN-A, relative to milk support for dairy farmers. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Richard H. Snow for the Majority of Environment and Agriculture: This bill is the second and third leg of the milking stool that will help keep New Hampshire's dairy farms viable and also help preserve the open spaces they protect. It is the second stage of a multi-part program designed to ensure that New Hampshire agriculture stays viable and strong. This legislation accomplishes two significant, long term objectives. The first objective is to provide our dairy farmers with a subsidy when national milk prices, which are set by a federal milk pricing order, fall below a target price equivalent to the cost of producing the milk. Milk pricing has been regulated by the federal government since 1937. It is one of our country's most highly regulated commodities. Our subsidy will allow our dairy farmers to remain competitive with other milk-producing regions that have lower costs. The bill establishes an independent board to regularly monitor and adjust the target price level and to consider any other cost or price factors that might affect the price of fluid milk. The bill is also intended to help insulate our dairy farms from predatory pricing and New Hampshire from a total reliance on imports from the western states, where there is a continued concentration and industrialization of the nation's dairy supply. (Depending on imported food and feed from developing countries that are not subject to the same safety and quality standards we observe also raises concerns). Recent headlines about compromised food quality, feed supply and safety have raised consumer awareness of the value of a healthy, local food production and supply sys-

tem. We have an opportunity now to help prevent further losses of our capacity to produce fresh, local milk. (Currently about 134 NH dairy farms produce over 34 million gallons of fresh milk annually, enough to supply over twenty-five gallons for every man, woman and child in New Hampshire). The second objective is to provide a stable source of funding for the purchase of Agricultural Land Development Rights, a program established by this legislature in 1985, by establishing a two and one half cent fee (only 62.5 cents per person per annum) on every gallon of milk sold at the local retail level. Keeping agricultural land open provides significant, tangential benefits to our state. New Hampshire's dairy industry is responsible for over 85,000 acres of open space supporting hunting, fishing, snowmobiling and other recreational activities, fundamental to the state's revenue stream. Purchasing the development rights to agricultural land helps preserve them. A dedicated fund was established in 1985 to do that, but no regular, reliable source of money has been available for the fund for a number of years. This bill will provide that funding source. The committee has worked diligently with the sponsors of the bill, members of the farm business community, conservation advocates, and those citizens of NH who want to preserve the New Hampshire way of life, in order to come up with legislation that will satisfy the diverse requirements of an interstate milk production system that is regulated at the federal level and subject to interstate commerce. The majority of our committee respectfully request that you support this joint effort. Vote 16-1.

Rep. Steve Vaillancourt for the Minority of Environment and Agriculture: This bill creates a new sales tax. It creates a "fee" for each gallon of milk sold in New Hampshire and dedicates it for "the acquisition of agricultural land development rights." A tax is a tax, no matter how one labels it. A dedicated fund is a dedicated fund, no matter how one labels it. If a person does not report on how much he or she sells in three months and enclose the appropriate tax, a 10% penalty will be added. Where does this end? The majority of people in this Legislature ran on a platform opposed to a sales tax, but it doesn't count when it applies to milk. This bill is a bail out that will hurt business and our consumers.

Majority Amendment (1516h)

Amend the title of the bill by replacing it with the following:

AN ACT establishing a milk producers emergency relief fund, assessing dairy processors a fee per gallon of milk sold in New Hampshire, and using the proceeds for the acquisition of agricultural land development rights.

Amend all after the enacting clause by replacing it with the following:

1 New Subdivision; Milk Producers Emergency Relief Fund. Amend RSA 184 by inserting after section 105 the following new subdivision:

Milk Producers Emergency Relief Fund

184:106 Definitions. In this subdivision:

I. "Annual production" means the total quantity of milk produced in a 12-month period beginning June 1 and ending May 31 of the next calendar year. Total quantity is expressed in hundredweight.

II. "Base price" means the price of milk calculated each month by adding to the Boston Blend Price the amount per hundredweight received by milk producers as a monthly payment from the federal government due to low milk prices.

III. "Boston Blend Price" means the Suffolk County, Massachusetts statistical uniform price of milk as determined for each month by the Northeast Market Administrator of the United States Department of Agriculture and expressed per hundredweight of milk.

IV. "Commissioner" means the commissioner of the department of agriculture, markets, and food.

V. "Department" means the department of agriculture, markets, and food.

VI. "Milk producer" means "milk producer" as defined in RSA 184:79, IX, except that governmental or institutional entities shall be excluded.

VII. "Target price" means the short-run break-even point for annual production. Target price shall be determined in accordance with RSA 184:108.

184:107 Milk Producers Emergency Relief Fund Established.

I. There is established a milk producers emergency relief fund in the office of the state treasurer. This fund shall be administered by the commissioner who shall deposit into the fund any appropriations made to the department from the general fund to be used consistent with the definitions and provisions of this subdivision, to reimburse New Hampshire producers of raw milk when the base price of milk falls below the target price. The fund shall be non-lapsing and shall be continually appropriated to the department. The treasurer may invest the proceeds of the fund as provided by law and any income earned on such investment shall be credited to the fund.

II. Beginning with the month of July in 2008, for each month that the base price is below the target price, each participating milk producer in the state shall receive an amount of money equal to the month's production in hundredweight multiplied by the difference between the target price and the base price for the month. The commissioner shall make payment from the fund on a quarterly basis after all information necessary to compute payment amounts is available for the applicable prior 3 month period.

III. In the event there is an insufficient balance in the fund to make full payment to all producers, the commissioner shall prorate payments to each producer to the extent funds are available. Any amount not paid to a producer shall be carried forward and later paid should sufficient funds become available.

184:108 Target Price. The target price for New Hampshire milk producers shall be \$16.94 per hundredweight and shall be adjusted as provided in RSA 184:110, II.

184:109 Milk Producers Emergency Relief Fund Board Established; Membership.

I. There is established the milk producers emergency relief fund board, to be composed of the following members:

(a) The commissioner.

(b) Four members appointed by the governor, who shall have no official business or professional connection or relation with any segment of the dairy industry.

(c) One member of the house of representatives who shall be a member of the house environment and agriculture committee, appointed by the speaker.

(d) One member of the senate, appointed by the senate president.

II. The board shall select a chairperson from among its members at its organizational meeting.

III. The board members shall serve without compensation, except that while attending to the duties of the board, the legislative members shall be reimbursed for mileage at the legislative rate and the non-legislative members shall be reimbursed for mileage at the state employee rate.

IV. Any member of the board having an individual interest, or an interest in another business, which may conflict with an issue under consideration by the board, shall not participate in any deliberations or vote of the board on the issue before the board.

V. The initial terms of the board members under subparagraph I(b) shall expire on January 1, 2010. New board members appointed under subparagraph I(b) shall have 4-year terms. Legislative members shall serve terms coterminous with their legislative terms. Upon term expiration, each appointed member shall hold office until a successor is appointed. Board members may be reappointed to subsequent terms, including those members whose terms expire as of January 1, 2010. Should a board member under subparagraph I(b) not fill out a term for any reason, a successor shall be appointed by the governor for the remainder of that term.

184:110 Board Powers and Duties.

I. The board shall adopt rules, pursuant to RSA 541-A, relative to:

(a) Developing eligibility criteria for obtaining relief from the milk producers emergency relief fund.

(b) Procedures for processing applications for compensation from the milk producers emergency relief fund and verifying claims.

(c) Procedures for calculating payments to milk producers.

II. The board shall review, and adjust as necessary, the target price at any time, but shall do so at least semi-annually by October 1 and April 1 of each year. The first such review and adjustment of the target price shall be completed no later than April 1, 2008. The board shall hold at least one public hearing prior to each adjustment of the target price. Adjustment of the target price shall be exempt from rulemaking under RSA 541-A.

III. The board shall submit to the governor, the speaker of the house of representatives and the president of the senate a report, no later than October 1 of each year, on the status of the emergency milk producers relief fund, including the state of the milk industry. The report in even-numbered years shall include a request for any necessary appropriation in the next biennium from the general fund. Any appropriations to the board shall be included in the department's operating budget for each biennium. The first such report shall be submitted no later than October 1, 2008.

IV. The board, with approval of the governor and council, may employ, using fund moneys, legal counsel as necessary to perform its duties in administering the emergency milk producers relief fund.

V. The board may request that the attorney general issue subpoenas, examine witnesses, or request any other information on behalf of the board for the purposes of determining eligibility for compensation under this subdivision.

2 New Section; Acquisition of Agricultural Land Development Rights. Amend RSA 432 by inserting after section 31-a the following new section:

432:31-b Milk Distribution Fee and Payment.

I. Milk plants, milk distributors, or producer-distributors licensed under RSA 184:84 shall be assessed a fee of \$0.025 per gallon of milk sold or transferred for retail sale in this state. All fees shall be deposited in the separate account established in RSA 432:30 for the acquisition of agricultural land development rights and shall be non-lapsing.

II. The fee shall be collected by the department of agriculture, markets and food. Each entity subject to the fee shall, on or before the twentieth day of July, October, January, and April, submit a return to the department on forms prescribed and furnished by the commissioner. The return shall report the total number of gallons sold or transferred for retail sale in the state during the previous 3 calendar months along with such other information as the department may require for accurate collection of the fee. The return shall also include payment of the fee based on the number of gallons reported. The first return shall be filed no later than October 20, 2007.

III. Failure to file by the required date or to enclose fees due shall result in the assessment of a 10 percent penalty to be added to the amount of fees due for the quarterly return. Said penalty shall immediately accrue and thereafter the overdue fees and the penalty shall bear interest at the annual rate of 12 percent.

IV. No entity subject to this fee shall sell or transfer for retail sale milk in this state without paying the fee when due.

V. The commissioner shall adopt rules under RSA 541-A relative to the process for collecting the fee and identifying those entities liable for payment of the fee.

VI. Any person who violates this section shall be guilty of a misdemeanor if a natural person or guilty of a felony if any other person.

3 Reference Change. Amend RSA 432:30, I to read as follows:

I. The state treasurer shall establish a separate account to which shall be credited all funds appropriated or acquired to fund the acquisition of development rights in accordance with ~~[RSA 432:17-31-a]~~ **RSA 432:17 – 31-b**. This shall be a non-lapsing account, and funds in said account are hereby appropriated for the purposes of this subdivision.

4 Minimum Prices. Amend RSA 434:56 to read as follows:

434:56 Establishment of Minimum Producer Dairy Prices. *Notwithstanding the provisions of RSA 184:106-110*, the commissioner, after consulting with the ~~[agricultural advisory]~~ **milk producers emergency relief fund** board, may establish by order an equitable minimum price to be paid to ~~[dairy]~~ **milk** producers for raw milk produced in New Hampshire on the basis of the use thereof in the various classes, grades and forms. The commissioner, after consulting with the ~~[agricultural advisory]~~ board, may from time to time make, amend or rescind an order if the commissioner finds that the federal milk marketing order covering New Hampshire is adequate or inadequate as the case may be to ensure a stable raw milk production and distribution system in the state. ~~[In no case shall the commissioner establish by order a price greater than the average price established for comparable classes, grades and forms of raw milk in the contiguous states.]~~

5 New Subparagraph; Application of Receipts; Emergency Milk Producers Relief Fund. Amend RSA 6:12, I(b) by inserting after subparagraph (252) the following new subparagraph:

(253) Moneys deposited in the emergency milk producers relief fund established under RSA 184:107.

6 Effective Date. This act shall take effect July 1, 2007.

AMENDED ANALYSIS

This bill:

I. Establishes a milk producers emergency relief fund.

II. Assesses dairy processors a fee per gallon of milk sold in New Hampshire.

III. Uses the proceeds for the acquisition of agricultural land and development rights.

Majority committee amendment adopted.

The question now being adoption of the majority committee report of Ought to Pass with Amendment. Rep. Vaillancourt spoke against and yielded to questions.

Reps. Snow and Phinizy spoke in favor and yielded to questions.

MOTION TO DIVIDE

Rep. Vaillancourt moved that Section 1 of the bill be divided from Sections 2 and 3.
The Speaker ruled that the bill was divisible.

The question now being adoption of the motion to divide the bill.

Rep. Phinizy spoke against.

Rep. Kurk spoke in favor and yielded to questions.

Rep. Owen requested a roll call; sufficiently seconded.

SULLIVAN

Rodeschin, Beverly
and the majority committee report was adopted.
Referred to the Committee on Ways and Means.

SB 148-FN, relative to retirement system status for members of the university system police force.
MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.

Rep. Ken Hawkins for the Majority of Executive Departments and Administration: This bill would allow police employed by UNH and Plymouth State University to become members of Group II of the New Hampshire Retirement System (Keene has a separate security force). These officers do attend the police academy; however, the difference occurs when you look at who is allowed to be a member of Group II. The RSA is very explicit in that Group II members must be employed by a political subdivision of the state, and UNH and Plymouth State are not political subdivisions. In addition, we heard testimony from legislators from the Durham and Plymouth areas that they were not in support of this bill. The towns, as well as the university, also were opposed. There was conflicting testimony regarding whether or not UNH would be exempt from Social Security. If they weren't exempt, it would place an additional burden on the students paying tuition because the

university system would have increased costs by paying into both Social Security and NH Retirement for each officer. Currently, the university system is a defined contribution system versus the NH Retirement System which is a defined benefit system, but the university system allows officers to retire after 20 years, which allows the university to match this Group II benefit. This topic has come up previously and, based upon all of the testimony in opposition, we concluded this is an issue to be worked out between the towns, the university system and the campus police. Vote 12-5.

Rep. Daniel J. Sullivan for the Minority of Executive Departments and Administration: The minority feels that the officers of the University System Police Department deserve the same rights as any other police officer in the state, which includes membership in Group II of the New Hampshire Retirement System. These officers have the same training and run the same risks while working side by side with officers of other local police agencies. They serve not only the campus, but the greater community, and see the same level of crime as their counterparts of neighboring departments. The minority strongly disagrees with the ITL of SB 148 and believes we should finally give these officers Group II retirement benefits they deserve.

Rep. Daniel Sullivan spoke against and yielded to questions.

Rep. Patricia McMahon spoke in favor and yielded to questions.

MOTION TO LAY ON THE TABLE

Rep. Campbell moved that **SB 148-FN**, relative to retirement system status for members of the university system police force, be laid on the table.

Rep. Michael Rollo requested a roll call; sufficiently seconded.

and the majority committee report was adopted.

SB 169-FN-A, establishing a death benefit to be paid to the family of a police officer or firefighter killed in the line of duty and establishing a committee to study the feasibility of establishing a state death benefit for emergency medical technicians killed in the line of duty. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.** Rep. Daniel J. Sullivan for the Majority of Executive Departments and Administration: This bill establishes a Line of Duty death benefit of \$100,000 for the family of a police officer or firefighter who perishes while serving the people of New Hampshire in the performance of his or her duties. The committee amended language in the bill which would have added a committee to study the feasibility of including emergency medical technicians as well. The committee feels that the amended version projects more accurately the true spirit of the intention of the bill, honoring police officers and firefighters of our state who give the ultimate sacrifice for their fellow man and to assist their survivors. It also establishes a committee to study the eligibility of the recipient and implementation of the award. Vote 12-5.

Rep. Alida I. Millham for the Minority of Executive Departments and Administration: The minority support the work of the fire and police members of our state. We understand the risks of each and every one in the line of duty. While the payment would be a gesture, the minority feels there are better and more comprehensive ways to further protect these employees and their families. The legislative process demands not rushing legislation through on the basis of an emotional reaction to a tragic situation. There are other public employees who work in harm's way and need consideration in this process. This issue would be best considered in the collective bargaining process.

Majority Amendment (1528h)

Amend the title of the bill by replacing it with the following:

AN ACT establishing a death benefit to be paid to the family of a police officer or firefighter killed in the line of duty and establishing a committee to study the eligibility for and award of the benefit.

Amend the bill by replacing all after the enacting clause with the following:

1 New Section; Death Benefit for Police Officer or Firefighter Killed in Line of Duty. Amend RSA 21-I by inserting after section 29 the following new section:

21-I:29-a Death Benefit for Police Officer or Firefighter Killed in Line of Duty.

I. In this section:

(a) "Family" means the surviving spouse of the police officer or firefighter, or if there is no surviving spouse, the child or children of such police officer or firefighter or, if there is no surviving child, the parent or parents of such police officer or firefighter.

(b) "Firefighter" means any firefighter, including auxiliary, intermittent, special, part-time, volunteer, call, or reserve firefighters who are employed by a city or town within the state of New Hampshire, or any firefighter employed by the state of New Hampshire.

(c) "Killed in the line of duty" means a death of a police officer or firefighter while in the performance of his or her duties as a result of incident, accident, or violence causing death or injuries which are the direct or proximate cause of death.

(d) "Police officer" means any law enforcement officer with the power of arrest, including auxiliary, intermittent, special, part-time, or reserve police officers who are employed by a city or town within the state of New Hampshire, or any state law enforcement officer employed by the state of New Hampshire who has power of arrest as determined by state law.

II. In addition to any other benefits provided under this chapter, the state treasurer shall pay a \$100,000 death benefit to the family of a police officer or firefighter killed in the line of duty. The governor is authorized to draw a warrant for said sum out of any money in the treasury not otherwise appropriated.

III. This section shall be known as "Michael's Law," in honor of Manchester Police Officer Michael Briggs who was shot while on duty.

2 Committee Established. There is established a committee to study the policies and methods for determining eligibility for, and the award of, benefits under section 1 of this act.

3 Membership and Compensation.

I. The members of the committee shall be as follows:

(a) Three members of the senate, appointed by the president of the senate.

(b) Two members of the house of representatives, appointed by the speaker of the house of representatives.

II. Members of the committee shall receive mileage at the legislative rate when attending to the duties of the committee.

4 Duties. The committee shall study the policies and methods for determining eligibility for, and the award of, benefits under section 1 of this act.

5 Chairperson; Quorum. The members of the study committee shall elect a chairperson from among the members. The first meeting of the committee shall be called by the first-named senate member. The first meeting of the committee shall be held within 45 days of the effective date of this section. Three members of the committee shall constitute a quorum.

6 Report. The committee shall report its findings and any recommendations for proposed legislation to the president of the senate, the speaker of the house of representatives, the senate clerk, the house clerk, the governor, and the state library on or before November 1, 2007.

7 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill establishes a death benefit to be paid to the family of a state or local police officer or firefighter killed in the line of duty.

The bill also establishes a committee to study the policies and methods for determining eligibility for, and the award of, the death benefit.

Majority committee amendment adopted.

Majority committee report adopted.

Referred to the Committee on Finance.

Rep. Patrick Garrity declared a conflict of interest on **SB 169-FN-A** and did not participate.

SB 47-FN-A, making a supplemental appropriation for school building aid. OUGHT TO PASS WITH AMENDMENT.

Rep. Kenneth L. Weyler for Finance: School construction aid for FY 2007 was budgeted at \$40,735,039. There was a shortfall of \$2,252,356 due to three circumstances. The first was the increasing use of capital appreciation bonds by many of the districts. This financing method results in payments beginning earlier than customary. The second reason was districts choosing ten year bonding over twenty year. The third reason was legislation changing the formula on multi-district/state cost sharing. This change allowed districts that had long term tuition contracts to be treated as if they were a multi-town district. This latter affected Manchester, Conway, and Sanborn Regional. The bill was amended to reduce the amount to that stated above and also to allow a third payment for FY 2007 for the districts affected. Future legislation will make the amounts for construction aid more predictable. Vote 18-0.

Amendment (1428h)

Amend the bill by replacing section 1 with the following:

1 Supplemental Appropriation; School Building Aid. In addition to any other sums appropriated to PAU 06, 03, 02, 02, 02, class 90, school building aid, there is hereby appropriated the sum of \$2,252,356 to the department of education for the fiscal year ending June 30, 2007 for school building aid. The governor is authorized to draw a warrant for such amount from any money in the treasury not otherwise appropriated. Notwithstanding RSA 198:15-a, the commissioner of the department of education is authorized to disburse this additional sum upon the effective date of this act.

AMENDED ANALYSIS

This bill makes a supplemental appropriation of \$2,252,356 to the department of education for school building aid for the 2007 fiscal year.

This bill is a request of the department of education.

Amendment adopted.

Committee report adopted and ordered to third reading.

SB 191-FN-A, relative to the nongame species account in the fish and game fund. **OUGHT TO PASS WITH AMENDMENT.**

Rep. John W. Henson for Fish and Game: This bill will provide resources to match federal grants to support non-game species management. The match requirement has changed from a three to one match to a one to one match. There is \$600,000 of federal matching funds available in 2007. Private contributions and other sources will fund \$250,000 leaving \$350,000 needed from the General Fund. This is not an increase in total program spending from previous years. New Hampshire Fish and Game's program, recognized as one of the best in the nation, has been very successful and is targeted to avoid putting more species on the endangered or threatened list. When a species becomes listed, the cost of management increases exponentially. Non-game species are a valuable asset to the state. Vote 15-0.

Amendment (1331h)

Amend RSA 212-B:6, II as inserted by section 1 of the bill by replacing it with the following:

II. ~~[The fish and game department shall issue a certificate of participation to any individual who donates not less than \$10 to the nongame species account established in paragraph I.]~~ The state treasurer shall deposit annually from the general fund into the special nongame species account an amount equal to the moneys donated *and federal grants appropriated for the nongame species management act* during any fiscal year under this paragraph up to and including a total of ~~[\$50,000]~~ *\$350,000* annually. The governor is authorized to draw ~~[his]~~ *a* warrant for such amount out of any money in the treasury not otherwise appropriated. This is a continuing appropriation. Amendment adopted.

Committee report adopted.

Referred to the Committee on Finance.

SB 138-FN-A, relative to the waiting list for services to persons with developmental disabilities and acquired brain disorders and making appropriations therefor. **MAJORITY: OUGHT TO PASS. MINORITY: OUGHT TO PASS WITH AMENDMENT.**

Rep. Ruth Z. Bleyler for the Majority of Health, Human Services and Elderly Affairs: This bill requires the Department of HHS to fund services to persons with developmental disabilities and acquired brain disorders within 90 days of eligibility. Not only does it provide a permanent solution to end the waitlist, but it also makes necessary improvements for building the capacity of the area agency system by including pay increases for direct care support staff; a rate increase for family home care providers; evaluating the need for assistive technologies; and a quality assurance system. After years of funding cuts and system erosion, the majority of the committee was convinced by the testimony of experts that both funding and infrastructure improvements are necessary to provide high quality and timely services to these vulnerable individuals. Vote 13-7.

Rep. Charles E. McMahon for the Minority of Health, Human Services and Elderly Affairs: This measure seeks to provide the financial means to end the Developmental Disability (DD) Wait List by amending SB 138 to include the money needed to end the Wait List as we know it. It does this by providing the funding necessary to meet the 90 day maximum wait for services goal as originally set forth in the Renewing the Vision Plan of 2001. The DD Wait List has for over two decades been the gate-keeper for support services promised to New Hampshire families after the closing of the Laconia State School in 1990. The Legislature since then has consistently underfunded the waiting list and as a result, access to programs and services for those families with developmentally disabled young adults has suffered, greatly. The untold strain on individuals and their extended families is one that is met with a resiliency and resolve that has made New Hampshire proud and a model for the rest of the country. These families have committed to meet the ever changing needs of their disabled family members in the face of financial and personal hardship while saving the State of New Hampshire virtually millions of dollars. They have done their part, it is now time for us to do ours. Over the past four years, the DD Wait List Oversight Committee resolved, together, to work with one bi-partisan common goal, the elimination of the Wait List by offering a viable plan as a direct result of these efforts. Yet the bill was retained in committee with the claim that area agencies could not meet the service challenge over two years which full funding provided. Then, SB 138 suddenly appeared, with additional issues, but not ending the wait list as quickly as would be hoped for. In effect, it is Renewing the Vision once again, providing the false promise of helping some families on the wait list while not providing the funding required for all families. This is not right. Subsequently, the claim that the area agencies cannot

meet their obligations has been totally refuted through a signed document by all area agency heads. Working with the department and with the support of Division III House Finance, we are now \$2.3 million away from full funding and the end of this abomination known as the waiting list. Let us prioritize and join together in support of this amendment to fully support the section in SB 138 for wait list funding and meet the goal of the 90 day maximum wait over the upcoming two year biennium. We can and must offer to those citizens of New Hampshire with severe disabilities the support and hope for a better life with nothing less than full funding for them and their families. Rep. Charles McMahon offered minority committee amendment (1346h).

Minority Amendment (1346h)

Amend paragraphs II-V of section 8 of the bill by replacing them with the following:

II. The sum of \$4,100,000 in general funds together with federal matching funds for the fiscal year ending June 30, 2008 and the sum of \$11,900,000 in general funds together with federal matching funds for the fiscal year ending June 30, 2009 are hereby appropriated to the department of health and human services, for the purposes of providing services to persons with developmental disabilities and acquired brain disorders who have applied and have been determined eligible for services and who have been placed on a waiting list for such services. The governor is authorized to draw a warrant for said sums out of any money in the treasury not otherwise appropriated.

III. For the enhanced family care rate increase under RSA 171-A:1-d, II as inserted by section 3 of this act, the sum of \$480,000 in general funds together with federal matching funds for the fiscal year ending June 30, 2009 are hereby appropriated to the department of health and human services, for the purposes of funding this rate increase. The governor is authorized to draw a warrant for said sums out of any money in the treasury not otherwise appropriated.

IV. For the assistive technology assessments under RSA 171-A:6, II as inserted by section 6 of this act, the sum of \$100,000 in general funds together with federal matching funds for the fiscal year ending June 30, 2008 and the sum of \$200,000 in general funds together with federal matching funds for the fiscal year ending June 30, 2009 are hereby appropriated to the department of health and human services, for the purposes of funding these assessments. The governor is authorized to draw a warrant for said sums out of any money in the treasury not otherwise appropriated. Reps. Rosenwald and Nordgren spoke against.

Reps. Charles McMahon and Batula spoke in favor.

Rep. Batula requested a roll call; sufficiently seconded.

and the majority committee report was adopted.
Referred to the Committee on Finance.

(Rep. Foster in the Chair)
REGULAR CALENDAR (CONT'D)

SB 176-FN, relative to lead paint poisoning and establishing a commission to study the current childhood lead poisoning prevention law, policies, and standards. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Robert G. Bridgham for Health, Human Services and Elderly Affairs: This bill sets a lower threshold blood lead level for children that triggers investigation of lead exposure hazards in the child's environment. The threshold value of 10 micrograms/deciliter in this bill has been recommended by the Center for Disease Control since 1991. Concentrations of lead at or above 10 micrograms/deciliter are known to reduce growth and intellectual development in young children, when growth rates, especially in the nervous system, are greatest. Consequently, elevated lead levels cause increase special education costs. When the child lives in a leased or rented dwelling, the bill authorizes inspection for lead exposure hazard of all units in the dwelling. The bill makes one change to current law's required response when a lead exposure hazard is found—if the hazard is found in a unit where a child doesn't reside or regularly frequent, interim controls may be used for an extended period. Interim controls, such as painting, are less extensive (and expensive) than full abatement. The bill creates a commission, including legislators, officials, health officers, landlords, and other interested parties, to study considerations and strategies important to furthering prevention of lead poisoning in New Hampshire. The commission will report by November 1, 2008. As amended, the lower threshold and multi-unit inspections will take effect July 1, 2008, to allow the HHS department to build the necessary work force for proper compliance and also allow landlords more time to voluntarily inspect and repair their premises. Vote 19-1.

Amendment (1534h)

Amend RSA 130-A:7, V as inserted by section 4 of the bill by replacing it with the following:

V. Interim controls, as defined in this chapter, may be used as an acceptable alternative to lead hazard abatement only with the prior written approval of the commissioner and for a period not to exceed 2 years. Within that 2-year period the person subject to the order shall either take the steps necessary to eliminate or enclose the lead exposure hazards or remove the dwelling or dwelling unit from the rental market. *For orders issued in leased or rented dwellings where no child resides or frequents regularly at the time of inspection and issuance of the order, interim controls may be used for a period exceeding 2 years with the prior written approval of the commissioner if a hardship is claimed by the lessor and approved by the commissioner and if a lead exposure hazard reduction plan or any other subsequent plan is adopted and in place at the department to address compliance with the intent of this section. The commissioner shall adopt rules, under RSA 541-A, for the procedures for extensions of interim controls.*

Amend RSA 130-A:10, VI as inserted by section 7 of the bill by replacing it with the following:

VI. Procedures for issuing orders under RSA 130-A:7, including procedures for extending the time available for lead hazard reduction *and interim controls for leased or rented dwellings where no child resides or frequents regularly at the time of inspection and issuance of the order.*

Amend paragraph I of section 11 of the bill by replacing it with the following:

I. The members of the commission shall be as follows:

- (a) Two members of the senate, appointed by the president of the senate.
- (b) Two members of the house of representatives, appointed by the speaker of the house of representatives.
- (c) The governor, or designee.
- (d) The attorney general, or designee.
- (e) The commissioner of the department of health and human services, or designee.
- (f) The commissioner of the department of education, or designee.
- (g) A parent of a lead poisoned child, appointed by the governor.
- (h) A lead safe renovator/instructor, appointed by the commissioner of the department of health and human services.
- (i) Three representatives of the New Hampshire Property Owners Association, appointed by the association.
- (j) Two New Hampshire property owners, one owning a property of 4 or fewer units and one owning a property of 20 or more units, appointed by the governor.
- (k) A representative of the insurance industry, appointed by the insurance commissioner.

(l) A representative of The Way Home, appointed by such organization.

(m) A representative of a municipal health department, appointed by the commissioner of health and human services.

(n) A representative of the Minority Health Office, department of health and human services, appointed by the office.

(o) A representative of the Endowment for Health, appointed by such organization.

(p) A representative of the New Hampshire Charitable Foundation, appointed by the foundation.

(q) The program director of the Dartmouth Toxic Metals Research Program, Center for Environmental Health Sciences, Dartmouth College, or designee.

(r) A representative of a local lead action committee, appointed by the commissioner of the department of health and human services.

(s) A representative of the New Hampshire Association of Realtors, appointed by the president of the association.

(t) A representative of New Hampshire Legal Assistance, familiar with tenant issues, appointed by the executive director.

Amend the bill by replacing section 12 with the following:

12 Duties; Funding.

I. The commission shall identify and consider the full range of legislative and policy strategies that may be effective in furthering lead poisoning prevention in New Hampshire. In its deliberation, the commission shall seek input from individuals or entities that the commission deems relevant to its study recognizing that all stakeholders will need to work together to develop fair and workable solutions that prevent childhood lead poisoning for the purposes of examining the following issues of concern, including but not limited to:

(a) The efficacy of current laws, regulations, education and certification standards, and clinical protocols in reducing the exposure of children to lead hazards.

(b) Examining evidenced-based or promising practices from other states and jurisdictions relative to statewide policy, local ordinance, educational programming and financing strategies.

(c) Considering the economic impact of lead prevention policies and determining strategies and funding mechanisms for distributing the economic costs as broadly as possible.

(d) Examining the insurance-related concerns tied to lead and lead exposure including accessibility to insurance coverage and liability issues.

(e) Developing strategies and protocols for addressing the needs of particular communities or regions of the state or certain populations within the state most impacted by lead poisoning.

II. The commission may seek grant funding support to carry out its duties under paragraph I.

Amend the bill by replacing section 16 with the following:

16 Effective Date.

I. Sections 10-14 of this act shall take effect upon its passage.

II. The remainder of this act shall take effect July 1, 2008.

Amendment adopted.

The question now being adoption of the committee report of Ought to Pass with Amendment.
Rep. Headd requested a roll call; sufficiently seconded.

SULLIVAN

Rodeschin, Beverly
and the committee report was adopted.
Referred to the Committee on Finance.
Rep. Blanchard declared a conflict of interest on **SB 176-FN** and did not participate.

SB 213-FN-A, establishing a comprehensive cancer plan fund and making an appropriation therefor, and establishing a comprehensive cancer plan oversight board. **OUGHT TO PASS.**

Rep. Robert G. Bridgham for Health, Human Services and Elderly Affairs: This bill uses some of the bonus money from the tobacco settlement to fund a targeted set of activities in cancer prevention as part of a comprehensive cancer plan, prepared under earlier funding. Approximately 65% of the funds are used for advertising and other efforts to discourage smoking and for help to smokers in quitting. Screening, or related activities, will be funded for breast, cervical, colorectal, and prostate cancer, with special emphasis on low-income populations. An oversight board is established to oversee allocation of moneys from the cancer plan fund. The activities funded will prevent the development of a significant number of important cancers, avoiding the sickness, death, emotional impact, and cost of care that would otherwise have been experienced. Vote 19-0. Committee report adopted.

Referred to the Committee on Finance.

SB 215-FN-A, making an appropriation for AIDS services. **OUGHT TO PASS.**

Rep. James R. MacKay for Health, Human Services and Elderly Affairs: New Hampshire has a comprehensive program to deal with the variety of services required for those who live with HIV/AIDS that are provided by the following agencies: Community Resource Network (ACORN) in Lebanon, AIDS Response Seacoast (ARS) in Portsmouth, AIDS Services for Monadnock in Keene, the Greater Manchester AIDS in central and southern New Hampshire and the Southern New Hampshire HIV/AIDS Task Force in Nashua. One of the significant sources of income for these agencies was from the Boston Public Health Commission which administers the Ryan White title federal monies. This money is used for drug reimbursement, primary care, case management, mental health, substance abuse, transportation, housing, food services, client advocacy and peer support services. Unfortunately, New Hampshire is not going to continue to receive these funds for essential services. This bill restores one million dollars that will be specifically assigned to the above AIDS service organizations to support the continuation of needed services. The committee unanimously supported the bill. Vote 20-0.

Committee report adopted.

Referred to the Committee on Finance.

SB 226-FN, relative to the temporary assistance to needy families (TANF) program. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: OUGHT TO PASS.**

Rep. Suzanne S. Butcher for the Majority of Health, Human Services and Elderly Affairs: This bill makes changes to the Temporary Assistance to Needy Families (TANF) program to: 1) reinforce current law that the primary goal of TANF is to move recipients to employment that enables them to support their families; 2) require outcome measures from DHHS that show how well recipients are able to get and keep jobs and earn enough to move out of poverty and no longer need TANF; 3) provide DHHS with five options being used by many other states to meet the federal participation rate and increase flexibility to design programs that move recipients into jobs and out of poverty. After much supportive testimony and two subcommittee hearings, the bill was amended to clearly state that DHHS has the authority to mandate an employment orientation interview as a condition of eligibility for TANF financial assistance. The increased flexibility of programmatic elements will help New Hampshire meet federal participation rates and avoid financial penalties. With regard to fiscal impact, the department agreed the original fiscal note was incorrect and expressed concern only about resources that may be needed to produce the outcome measures. Vote 16-4.

Rep. Peter L. Batula for the Minority of Health, Human Services and Elderly Affairs: The TANF (temporary assistance to needy families) is an assistance program supported by 50% state and 50% federal funding. In most all cases there is a five year maximum lifetime benefit. In 2006 the federal government reauthorized the TANF program as part of the Federal Deficit Reduction Act along with new guidelines for the states. New Hampshire reacted to the new guidelines including a renewed commitment to move people from welfare to work. Failure to meet the federal guidelines states would heavily be financially penalized in the millions. In June of 2006, this legislature passed HB 1331 which would put this state on the pathway to meeting federal guidelines while meeting the educational and training needs of the TANF client. When the 2006, HB 1331, went into effect, over the last 10 months it was evident that HB 1331 was a good working document. As an example, HB 1331 contained a requirement that each client "shall" attend orientation classes peri-

odically which was offered to assist the client in getting more prepared to enter or reenter the workplace. Prior to HB 1331, the orientation attendance/participation was 70% no shows. After HB 1331, participation rose significantly to 75% show which proves in one case that the current program is working. Now SB 226, in the opinion of the minority on the committee, weakens the current state by eliminating the "shall" participate requirement to the "department has the authority to require" which will weaken the bill according to the minority of the committee. Overall the minority is concerned that this change and others in SB 226 would severely weaken the current, ten month old working piece of legislation and end up with less training for the clients and potentially the financial penalty to the state by the feds.

Majority Amendment (1521h)

Amend RSA 167:79, III(a) as inserted by section 6 of the bill by replacing it with the following:

(a) *The department has the authority to require [an applicant shall attend] appointments necessary for entry into the employment program, including but not [necessarity] limited to the initial orientation interview, as a condition of eligibility for TANF financial assistance in accordance with rules established pursuant to RSA 541-A. The department shall provide an opportunity for an orientation interview within 10 days of the date of application and shall offer referral assistance for child care and transportation.*

On a division vote, 189 members having voted in the affirmative and 92 in the negative, the majority committee amendment was adopted.

Majority committee report adopted.

Referred to the Committee on Finance.

SB 261, naming the state law library the John W. King law library. **OUGHT TO PASS.**

Rep. Stephen J. Shurtleff for Judiciary: The late Governor John W. King led a life dedicated to service to the people of New Hampshire. He served as minority leader in the New Hampshire House. He went on to serve three terms as Governor. After he left the governorship he was appointed Associate Justice of the Supreme Court. From that position he rose to become Chief Justice of the New Hampshire Supreme Court. It is only fitting that the State Law Library be named in his honor. Vote 17-2. Committee report adopted and ordered to third reading.

SB 97, relative to unemployment administrative contributions and the training fund, and transferring the job training program administered by the department of regional community-technical colleges to the department of resources and economic development. **OUGHT TO PASS.**

Rep. Jeffrey P. Goley for Labor, Industrial and Rehabilitative Services: The bill designates an increased portion of employer contributions for deposit into contingency, reduces the amount deposited in the training fund, and makes deposits into the training fund fixed. This bill also transfers the job training program and funding for the program from the department of regional community technical colleges to the department of resources and economic development. The bill was supported by both the technical colleges and DRED. Vote 12-7.

Rep. DiFruscia moved Recommit.

Rep. Goley spoke against and yielded to questions.

Rep. Gorman spoke in favor and yielded to questions.

Rep. DeChane spoke against.

Rep. DiFruscia spoke in favor.

On a division vote, 142 members having voted in the affirmative and 143 in the negative, the motion failed.

The question now being adoption of the committee report of Ought to Pass.

On a division vote, 153 members having voted in the affirmative and 136 in the negative, the committee report was adopted.

Referred to the Committee on Ways and Means.

MOTION TO RECONSIDER

Having voted with the prevailing side, Rep. Campbell moved that the House reconsider its action whereby it adopted the committee report of Ought to Pass on **SB 97**, relative to unemployment

administrative contributions and the training fund, and transferring the job training program administered by the department of regional community-technical colleges to the department of resources and economic development.

Reps. Campbell and Daniel Eaton spoke against.

Rep. DiFruscia spoke in favor.

On a division vote, 130 members having voted in the affirmative and 157 in the negative, the motion failed.

REGULAR CALENDAR (CONT'D)

SB 195-FN, relative to unemployment benefits for persons needed to care for family members who are disabled. **OUGHT TO PASS.**

Rep. Franklin C. Bishop for Labor, Industrial and Rehabilitative Services: This bill allows individuals who need to care for disabled family members, who are certified by a licensed physician of the need of full time care, to be eligible for part time benefits. Vote 17-2.

Committee report adopted and ordered to third reading.

SB 54, relative to dog license fees. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. Betsey L. Patten for the Majority of Municipal and County Government: This bill proposes to increase the fee required to license dogs owned or kept in a municipality to be "no more than \$5.00" instead of the current "no more than \$1.00," as stated in RSA 466:39. All dog owners are required to furnish rabies vaccination verification to the municipal clerk prior to licensure. The majority of the committee knows that a rabies vaccination is costly, although there is help for income eligible owners. However the vaccination program is a higher public policy priority than an increase of licensing fees. There was concern by the majority that a license increase might force dog owners to opt out of the successful rabies vaccination program presently in statute. Vote 8-5.

Rep. Earle Goodwin for the Minority of Municipal and County Government: The Minority believes that the increase in annual fees required for a dog license at no more than \$5.00 in addition to the current \$1.00 fee is a reasonable fee under the circumstances. This would partially defray the cost of certified mail, supplies, labor, etc., of participating cities/towns. This is enabling and could be less than the \$5.00 and is a small part of the cost of owning a dog, such as shots, food, housing, etc.

Rep. Simon moved Recommit and spoke in favor.

On a division vote, 208 members having voted in the affirmative and 46 in the negative, the motion was adopted.

Recommitted to the Committee on Municipal and County Government.

(Speaker Norelli in the Chair)

REGULAR CALENDAR (CONT'D)

SB 217-FN-A, establishing the New Hampshire housing and conservation planning program. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Jessie L. Osborne for the Majority of Municipal and County Government: The majority of the committee feels that the Housing and Conservation Program established by this bill enables the Office of Planning and Energy to administer a program which can aid communities in making decisions regarding housing and conservation issues. The program is voluntary and utilizes grants and has a set of guidelines for the applicants. The program will be overseen by an advisory board consisting of legislation, licenses and conservation interests. This is a program which will try to bridge the differences between development and conservation by creating opportunities for communities to utilize a new planning tool. This is a voluntary grant program which is encouraging communities to look to their future planning needs. The amendment just added legislative members to the board. Vote 9-5.

Rep. Joseph A. Guthrie for the Minority of Municipal and County Government: This bill creates a new Housing and Conservation Planning Program which enables municipalities to apply for matching grants to assist them in their plan for growth and development that permits a balanced housing stock while still considering the natural resources and open space in the municipality is a laudable program. The amendment adds House and Senate members to the advisory committee that will be reviewing and commenting on administrative rules promulgated by the Office of Energy and Planning. The minority of the committee feels that adding funding to any new program is stretching the limit of our taxpayers' ability to cover new costs when there are programs already in place that need attention.

Majority Amendment (1437h)

Amend RSA 4-C:29, III as inserted by section 1 of the bill by replacing it with the following:

III. The advisory board shall consist of:

(a) Four members of the house of representatives, appointed by the speaker of the house of representatives.

(b) Two members of the senate, appointed by the senate president.

(c) One member appointed by each of the following entities:

(1) The New Hampshire Housing Finance Authority.

(2) The New Hampshire Municipal Association.

(3) The New Hampshire Association of Regional Planning Commission Executives.

(4) The Business and Industry Association of New Hampshire.

(5) The New Hampshire Community Loan Fund.

(6) The Home Builders and Remodelers Association of New Hampshire.

(7) The Land and Community Heritage Commission.

(8) The New Hampshire Preservation Alliance.

(9) The New Hampshire Main Street Program.

(10) The Society for the Protection of New Hampshire Forests.

(11) The Audubon Society of New Hampshire.

(12) The Jordan Institute.

IV. Members of the advisory board shall serve without compensation, except that legislative members of the board shall receive mileage at the legislative rate when attending to the duties of the board.

Majority committee amendment adopted.

Majority committee report adopted.

Referred to the Committee on Finance.

Rep. Reardon declared a conflict of interest on **SB 217-FN-A** and did not participate.

SB 67-FN-A, relative to implementation of the recommendations of the YDC master plan and making an appropriation therefor. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Patrick T. Long for Public Works and Highways: The committee feels that continuing with the recommendations of the YDC Master Plan gives relief to the state by subdividing property, preserves certain buildings for possible future use, demolishes buildings that have no historical value, or current operational value, and sells two properties for not less than fair market value. The appropriation of \$200,000 allows this to happen. The two properties are currently valued at \$421,000. The amendment makes the \$200,000 a non-lapsing appropriation from the 2007 budget. Vote 17-0.

Amendment (1414h)

Amend the bill by replacing all after section 2 with the following:

3 Appropriation. The sum of \$200,000 is hereby appropriated for the fiscal year ending June 30, 2007 to the department of health and human services for the purpose of implementing section 1 of this act, and such appropriation shall be nonlapsing. The governor is authorized to draw a warrant for such amount out of any money in the treasury not otherwise appropriated.

4 Effective Date. This act shall take effect upon its passage.

Amendment adopted.

Committee report adopted.

Referred to the Committee on Finance.

SB 68-FN-A, making an appropriation to the department of environmental services to implement the New Hampshire estuaries project's comprehensive conservation and management plan. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Elisabeth N. Sanders for Resources, Recreation and Development: This bill makes an appropriation to the Department of Environmental Services (DES) to implement the New Hampshire Estuaries Project's comprehensive conservation and management plan. The New Hampshire Estuaries Project (NHEP) has a ten year record of successfully implementing programs that benefit New Hampshire's estuaries, 43 seacoast region communities, and the state. In 2000 a comprehensive management plan was developed by citizens, organizations, industries, local government and state and national agencies, and approved by the New Hampshire governor and the US environmental

services administrator. The specific action items in the plan target the protection of the environment and economies of the state and seacoast region. Funding for the plan's implementation comes from the US EPA. For every federal dollar that the NHEP receives, the NHEP is required to have a non-federal match. This year the federal funding has been cut by \$317,000. The funding amount has been reduced to \$418,000. Therefore, an appropriation in the amount of \$250,000 for Fiscal Year 2008 is necessary to continue to successfully accomplish the estuary monitoring programs, community assistance programs, and strategic planning as it has for the last several years. Vote 14-0.

Amendment (1504h)

Amend the bill by replacing section 1 with the following:

1 Appropriation. The sum of \$250,000 for the fiscal year ending June 30, 2008 and the sum of \$250,000 for the fiscal year ending June 30, 2009 are hereby appropriated to the department of environmental services, for the purposes of implementing the New Hampshire estuaries project's comprehensive conservation and management plan by undertaking activities, making grants, and entering into contracts to accomplish actions identified in the New Hampshire estuaries project's approved implementation plan. The governor is authorized to draw a warrant for said sums out of any money in the treasury not otherwise appropriated.

Amendment adopted.

Committee report adopted.

Referred to the Committee on Finance.

SB 73-FN-A, relative to lottery prizes and administration by the lottery commission. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS WITH AMENDMENT.**

Rep. Roger G. Wells for the Majority of Ways and Means: A person making minimum wage can lose a half a day's pay in 12 seconds. It is surprising that so many who oppose video gambling are in favor of the \$30 scratch ticket. Scratch tickets are available at hundreds of locations on every street corner, grocery stores and gas stations, while being advertised and promoted by the state. Gambling should have an entertainment component; as video gambling has an entertainment component, the scratch ticket does not. We should not be encouraging retailers to exceed goals with monetary incentives to extract more dollars from customers while at the same time supposedly promoting restraint amongst those with addictions. Vote 13-4.

Rep. Michael G. Marsh for the Minority of Ways and Means: This bill has three purposes: it authorizes the lottery commission to offer a new \$30 scratch-ticket game; it allows the lottery commission to increase sales by offering, at its discretion, incentive awards of up to \$500 to agents meeting or exceeding their sales targets and up to \$30,000 to agents selling a jackpot ticket; and it increases the maximum payout percentage for Tri-State lotto game so we are consistent with the other 2 states that offer the game. Although the House has already given the lottery commission authority for the \$30 scratch ticket in HB 2, the majority was concerned that this new game would be as addictive as slot machines, and so chose to report the bill as ITL. The minority amendment removes the scratch-ticket section from the bill, but retains the remaining two sections, which are important to help the lottery commission meet its revenue targets in the coming biennium.

LAID ON THE TABLE

Rep. Daniel Eaton moved that **SB 73-FN-A**, relative to lottery prizes and administration by the lottery commission, be laid on the table.

On a division vote, 169 members having voted in the affirmative and 111 in the negative, the motion was adopted.

BILL REMOVED FROM CONSENT CALENDAR

SB 236, extending the authority for police mutual aid. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Jessie L. Osborne for Municipal and County Government: The committee felt that this request to allow the police in towns or cities to use mutual aid agreements to legally support each other upon the request of a duly authorized police officer. The department of safety requests this change with the support of the NH Association of Police Chiefs. The amendment makes technical changes. Vote 13-0.

Amendment (1441h)

Amend RSA 105:13 as inserted by section 1 of the bill by replacing it with the following:
105:13 Extended Authority.

I. The authority of any duly authorized police officer, constable or watchman of any town *or city* shall extend to any other city or town in the state, provided that the chief law enforcement officer of the requesting town or city has executed with the chief law enforcement officer of the responding town *or city* a written agreement which sets forth the terms and conditions under which such assistance may be requested or rendered. The executed agreement shall constitute authorization for every request for assistance, and for any assistance rendered in accordance with the terms and conditions of the written agreement, regardless of whether the responding police officer, constable, or watchman is named in the agreement. In an emergency situation, the ranking on-duty law enforcement official of a town or city is authorized to make an oral request for assistance to the ranking on-duty law enforcement official in the responding town, subject to the terms and conditions of such written agreement, and the authority of the responding police officer, constable, or watchman shall extend to the requesting town. The written agreement shall remain in full force and effect until terminated by the mutual consent of the chief law enforcement officers of each town or city, or until 10 days after the chief law enforcement officer of one town or city has received notification from the chief law enforcement officer of the other town or city of his *or her* intention to terminate.

II. *Notwithstanding the provisions of paragraph I, any duly authorized police officer, constable, or watchman shall have temporary police authority in another jurisdiction in the state, when requested by a law enforcement officer from such jurisdiction in the state to render assistance to such officer under such officer's direction in an emergency for the purposes of making an arrest or effecting custody of a detainee, conducting a search, quelling a disturbance, providing traffic or crowd control, or securing a crime scene, until relieved by the requesting officer or otherwise directed by the ranking on-duty officer of the requesting jurisdiction.*

III. *Notwithstanding the provisions of paragraph I, any duly authorized police officer, constable, or watchman from a nearby town or city may exercise temporary police authority as necessary to respond to a crime in progress, traffic accident, natural or human-caused disaster, disturbance in progress, or other emergency, if requested by a public safety dispatch center authorized to dispatch for the jurisdiction where the event is occurring, because there is no local officer or state trooper available for immediate response and in the judgment of the dispatch center the public safety requires an immediate response. Such officer's authority shall terminate when relieved by an officer with authority in the jurisdiction receiving the assistance, unless the officer with authority requests assistance pursuant to paragraph II.*

IV. *When providing assistance under this section the officer shall remain an employee of his or her respective department.*

Rep. Patten moved Recommit and spoke in favor.

Adopted.

Recommitted to the Committee on Municipal and County Government.

RESOLUTION

Rep. Wallner offered the following: **RESOLVED**, that the House now adjourn from the early session, that the business of the late session be in order at the present time, that the reading of bills be by title only and resolutions by caption only and that all bills ordered to third reading be read a third time by this resolution, and that all titles of bills be the same as adopted, and that they be passed at the present time, and when the House adjourns today it be to meet Thursday, May 31, 2007 at 10:00 a.m.

Adopted.

LATE SESSION**Third reading and final passage**

SB 29, updating laws relative to child impact seminars to reflect the implementation of the judicial branch family division.

SB 80, relative to qualified minor's trusts.

SB 145-FN, allowing marital masters and registers and deputy registers of probate to perform notarial acts.

SB 59, establishing a committee to study the effect on the unemployment compensation trust fund of employees with negative balance separate accounts.

SB 69, relative to exceptions to the confidentiality provisions for certain department of employment security records.

SB 40, relative to the modular building code.

SB 99, relative to the terms for payment in lieu of taxes for renewable generation facilities.

SB 118, increasing fines for certain dog violations.

SB 160-FN-L, adding members to the Skyhaven airport operation commission and changing the required completion date for the Skyhaven airport transfer plan.

SB 50, relative to the membership of the state veterans' advisory committee and authorizing the state veterans council to accept certain donations and bequests.

SB 221, establishing a commission to organize events in celebration of the Abraham Lincoln bicentennial.

SB 234-FN, relative to privileges, benefits, and immunities for national guard members.

SB 187, relative to motor vehicles operated in parades.

SB 55-FN, establishing a committee to study the efficacy of the Master Settlement Agreement and strategies for addressing the financial burden imposed on the state by cigarette smoking and the use of tobacco products.

SB 87, making technical corrections to certain lottery commission provisions.

SB 193, relative to adjustments to the child support guidelines under special circumstances.

SB 38, relative to uninsured or hit-and-run motor vehicle coverage.

SCR 2, urging Congress to amend the No Child Left Behind Act.

SB 47-FN-A, making a supplemental appropriation for school building aid.

SB 261, naming the state law library the John W. King law library.

SB 195-FN, relative to unemployment benefits for persons needed to care for family members who are disabled.

UNANIMOUS CONSENT

Reps. Boyce and Lovett addressed the House.

RECESS MOTION

Rep. Wallner moved that the House stand in recess for the purpose of enrolled bill amendments, enrolled bill reports, receiving Senate messages and forming a Committee of Conference on **HB 653**, relative to the determination of benefits, funding, and administration of the New Hampshire retirement system.

Adopted.

The House recessed at 6:00 p.m.

Adopted.

RECESS

(Speaker Norelli in the Chair)

Rep. Wallner moved that the House adjourn.
Adopted.

HOUSE JOURNAL No. 17

Thursday, May 31, 2007

The House assembled at 10:00 a.m., the hour to which it stood adjourned, and was called to order by the Speaker.

Prayer was offered by House Chaplain, Reverend Jared A. Rardin, Pastor of the South Congregational Church in Concord.

Thank you, O God, for this day. Thank you for the work before us; the proposals for salary adjustment fund, tuition waivers for foster children and interpretation services for those receiving medical treatment and all the others. But thank you especially for one another, for all of these Representatives gathered here today, these men and women, sons and daughters, fathers and mothers, brothers and sisters, friends who have willingly forfeited time and resources to serve the rest of us. You know, and we know, O God, that often their only rewards are long days, growling stomachs and occasional headaches. So be with them in their work today that they may leave today having sensed in some small way the gift of Your blessing. And to these prayers we add a prayer for those in the House and in our circles of connection who suffer in health or spirit today. Be their healing and their hope, for we ask it in Your Holy name. Amen.

Rep. Sid Lovett, member from Holderness, led the Pledge of Allegiance.

The National Anthem was sung by Elaine Weatherby, a 5th grade student at the Marston School in Hampton.

LEAVES OF ABSENCE

Reps. Arsenault, Claudia Chase, Forest, Forsing, Hebert, Hopfgarten and Stephen Johnson, the day, illness.

Reps. Carolyn Brown, DeJoie, Foose, Garcia, Greco, Henson, Jeudy, Kepner, Laliberte, Scott Merrick, Benjamin Moore, Morrison, Parkhurst, Plifka, Rochette and Velez, the day, important business.

Reps. Hackel and Mickelonis, the day, illness in the family.

Reps. Clemons and Stephanie Eaton, the day, death in the family.

INTRODUCTION OF GUESTS

David and Lee Weatherby, parents of the singer, guests of the House. Doug Flockhart, husband of Rep. Flockhart. Honorable John Laurent, former member from Westmoreland, guest of Rep. Carson. Carolyn Carruth, guest of Rep. Merrow. Jennifer Porter, sister-in-law of Rep. Porter. Members of the 4th grade class of Wentworth Elementary School, guests of the Wentworth delegation. Robin and Myra Gray, guests of Rep. Owen. Bill and Susan Kuhn, guests of Rep. Ehlers.

COMMITTEE REPORTS CONSENT CALENDAR

Rep. Wallner moved that the Consent Calendar as printed in the day's House Record be adopted.
Consent Calendar adopted.

Rep. Robert Johnson declared a conflict of interest on **SB 106** and did not participate in the vote on the Consent Calendar.

Rep. Coughlin declared a conflict of interest on **SB 30**, **SB 113** and **SB 170** and did not participate in the vote on the Consent Calendar.

SB 168-FN, establishing tuition waivers for foster children. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Jane B. Johnson for Children and Family Law: This bill as amended establishes tuition waivers for foster children at any public postsecondary institution in the state of New Hampshire. The postsecondary education commission is tasked with establishing eligibility, rules, creation of application form and deadline, and provisions for continuing eligibility. No more than 20 tuition waivers shall be granted to those children with greatest financial need. The Division of Children, Youth and Families shall submit an annual report to the Health and Human Services Oversight Committee and the House Children and Family Law Committee detailing the status of the tuition waiver program. Vote 14-0.

Amendment (1699h)

Amend RSA 188-D:43, III as inserted by section 1 of the bill by replacing it with the following:

III.(a) Eligible individuals interested in a tuition waiver shall annually apply to the postsecondary education commission on a form provided by the commission and within the deadlines established by the commission. No more than 20 tuition waivers per year shall be granted. The postsecondary education commission shall adopt rules, pursuant to RSA 541-A, relative to the development of eligibility criteria designed to give the children with the greatest financial need first priority in the tuition waiver program, the creation of an application form, application deadlines, and provisions for continuing eligibility which require continued full-time enrollment as provided in this section and maintaining satisfactory academic progress as defined by the institution.

(b) Beginning November 1, 2008, and no later than November 1 each year thereafter, the division of children, youth and families shall submit a report to the health and human services oversight committee, established in RSA 126-A:13, and the house children and family law committee, or their successor committees, detailing the status of the tuition waiver program.

SB 70-FN, relative to external review for disability income policies. **INEXPEDIENT TO LEGISLATE.**

Rep. Susi Nord for Commerce: This bill would have duplicated the external review process for disputed disability insurance claims that is currently used in the health insurance dispute process. Unfortunately, the two types of disputes are not readily comparable. A health insurance claim dispute is generally a case of whether a procedure or medicine is medically necessary and is a discreet one-time decision. A disability claim dispute may be ongoing and may change over the life of the claimant. At the current time, these disputes are generally resolved either by the Department of Insurance in cases such as a minor delay of payment or for more complicated disputes through litigation. External review for these cases could mean the parties would keep going to review every year or every time progress on the case is reviewed for the duration of the disability. The committee believes that litigation should be a last resort and that third party mediation is generally a good idea. However this particular solution did not fit with the substantially more complicated issues faced in disability claims the way that it works for claims of medical necessity for health insurance disputes. Vote 14-0.

SB 76-FN-L, establishing a commission to study the proper allocation of costs for transporting convicted persons and methods for minimizing the costs of transporting convicted persons. **OUGHT TO PASS WITH AMENDMENT.**

Rep. David A. Welch for Criminal Justice and Public Safety: This bill establishes a commission to study who should pay the costs for transporting convicted persons and identify ways to reduce those costs. Current technologies are in limited use to allow video arraignments and certain court procedures. More use of these might eliminate some costs. This commission could examine items such as this. The amendment deletes the first paragraph which contains the conclusion that the Department of Corrections should bear the cost and reimburse the officers for that service beginning July 1, 2009. The committee felt the commission could make that judgment and added a county attorney and the Attorney General or designee to the commission. Vote 15-0.

Amendment (1369h)

Amend the bill by replacing section 1 with the following:

1 Findings and Purpose. The general court finds that the costs of transporting persons convicted of felonies are high and will become excessive. Technologies exist which can reduce those costs, through teleconferencing and other forms of high speed communication. Therefore, it shall be state policy to establish, by January 1, 2010, technological infrastructure which will minimize the physical transportation of convicted persons.

Amend paragraph I of section 3 of the bill by replacing it with the following:

I. The members of the commission shall be as follows:

- (a) Two members of the senate, appointed by the president of the senate.
- (b) Four members of the house of representatives, appointed by the speaker of the house of representatives.
- (c) The attorney general, or designee.
- (d) The commissioner of the department of corrections, or designee.
- (e) Two members representing the judicial branch, appointed by the chief justice of the supreme court.
- (f) One criminal defense attorney, appointed by the governor.
- (g) One member appointed by the county attorneys affiliate of the New Hampshire Association of Counties.

SB 128-FN, establishing an enhanced penalty for injuring another as a result of resisting arrest. **OUGHT TO PASS.**

Rep. William V. Knowles for Criminal Justice and Public Safety: It is currently a misdemeanor when a person knowingly or purposely physically interferes with a law enforcement officer seeking to affect an arrest. This bill makes it a Class B felony to cause serious bodily injury to another while resisting arrest. Vote 14-2.

SB 53, relative to membership of the board of trustees of the regional community-technical colleges. **OUGHT TO PASS.**

Rep. Judith T. Reeve for Education: This bill establishes a non-voting, ex-officio position for the Commissioner of the Department of Employment Security on the Board of Trustees of the Community Technical College System. Employment Security brings to the table 70 years of knowledge and experience in the workforce development system. In today's world an effective educational system must be closely linked with the work force needs of employers and workers. Educational curriculums must offer training in high demand occupations and in growth industries to ensure job opportunities for graduates. Vote 14-0.

SCR 4, calling on the President and the Congress to fully fund the federal government's share of special education services in public elementary and secondary schools in the United States under the Individuals with Disabilities Education Act. **OUGHT TO PASS.**

Rep. Nancy F. Stiles for Education: As stated this Resolution urges the President and Congress, prior to spending any surplus in the federal budget, to fund 40% of the average per pupil expenditure in public elementary and secondary schools as promised in the Individuals with Disabilities Education Act (IDEA). Currently New Hampshire receives less than 17% of those costs, which places the financial responsibility on the local school district. IDEA has given children the opportunity to reach their greatest potential. Now the promised federal funding needs to follow. Vote 17-0.

SB 159-FN-L, relative to polling place arrangement and accessibility. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Richard B. Drisko for Election Law: The intent of this bill is to modify the requirements for accessible voting booths, bringing them into compliance with the New Hampshire Building Codes and the American with Disabilities Act of 1990. Also established are minimum requirements for number of voting booths and authorizes the bill table top voting screens. Vote 17-1.

Amendment (1640h)

Amend RSA 658:9, IV-V as inserted by section 1 of the bill by replacing it with the following:

IV. In addition to the voting booths described in paragraphs II and III, each polling place shall have table-top voting screens available for use in an election. Each voting screen shall consist of 3 panels, to be positioned on a table or similar surface so that when a voter is marking a ballot he or she is provided privacy. Each panel of the screen shall be at least 17 inches high and 15 inches wide.

V.(a) Each polling place shall have available for use in an election at least 2 of the voting booths described in paragraph II, one of the voting booths described in paragraph III, and 2 of the voting screens described in paragraph IV.

(b) The minimum number of voting booths and screens that shall be erected for an election shall be as follows:

(1) For a general election where votes will be cast for president, one for every 100 voters on the checklist. This requirement may be modified with the approval of the secretary of state and the attorney general for specific polling places, if conditions within the polling place will not permit the required number of voting booths. Under no circumstances shall the required number of voting booths drop below one booth for every 125 voters for a general election where votes will be cast for president.

(2) For a general election where votes will not be cast for president, one for every 125 voters on the checklist.

(3) For all other elections, including the state primary election, one for every 150 voters on the checklist.

(c) The minimum requirements established in subparagraph (b) may be satisfied with any combination of booths or screens, provided that no more than 50 percent of the minimum requirement is satisfied by voting screens and that the requirements of subparagraph (a) are also met. The moderator may require that booths or screens exceeding the minimum number be erected or available at the polling place. This section shall not be interpreted to mandate the erection of voting screens if there are sufficient booths to satisfy the requirements of subparagraph V(b).

SB 207, extending the committee to study the funding necessary to operate the hazardous materials program in New Hampshire. **OUGHT TO PASS.**

Rep. J. David Knox for Environment and Agriculture: The committee agreed that there is a need to adequately fund first responders to hazardous materials incidents, but many in the regulated community still seem to have concerns, issues and questions regarding this funding. After hearing testimony from all of the stakeholders, we agreed that there is a need for more study to analyze the funding needs and potential funding sources, and, therefore, believe the study committee should be continued another year. Vote 15-0.

SB 46, requiring criminal conviction record checks of all applicants to practice medicine in New Hampshire. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Alida I. Millham for Executive Departments and Administration: This bill requires criminal background checks for all applicants for licensure or reinstatement before the Board of Medicine and the Board of Nursing. The bill was requested by both the Board of Medicine and the Board of Nursing. The cost of this requirement will be borne by the applicant. This is an addition to the licensure elements intended to protect the public. Vote 17-0.

Amendment (1797h)

Amend the title of the bill by replacing it with the following:

AN ACT requiring criminal history record checks of all applicants to practice medicine in New Hampshire, and revising the criminal history record checks under the nurse practice act.

Amend the bill by replacing all after the enacting clause with the following:

1 New Section; Physicians and Surgeons; Applicants; Criminal History Record Checks. Amend RSA 329 by inserting after section 11 the following new section:

329:11-a Criminal History Record Checks.

I. Every applicant for initial permanent licensure or reinstatement shall submit to the board of medicine a notarized criminal history record release form, as provided by the New Hampshire division of state police, which authorizes the release of his or her criminal history record, if any, to the board.

II. The applicant shall submit with the release form a complete set of fingerprints taken by a qualified law enforcement agency or an authorized employee of the department of safety. In the event that the first set of fingerprints is invalid due to insufficient pattern, a second set of fingerprints shall be necessary in order to complete the criminal history records check. If, after 2 attempts, a set of fingerprints is invalid due to insufficient pattern, the board may, in lieu of the criminal history records check, accept police clearances from every city, town, or county where the person has lived during the past 5 years.

III. The board shall submit the criminal history records release form and fingerprint form to the division of state police which shall conduct a criminal history records check through its records and through the Federal Bureau of Investigation. Upon completion of the records check, the division of state police shall release copies of the criminal history records to the board.

IV. The board shall review the criminal record information prior to making a licensing decision and shall maintain the confidentiality of all criminal history records received pursuant to this section.

V. The applicant shall bear the cost of a criminal history record check.

2 Qualifications and Licensees; Subparagraph Added. Amend the introductory paragraph of RSA 329:12, I(c) to read as follows:

(c) *Submit a complete set of fingerprints and a notarized criminal history record release form pursuant to RSA 329:11-a.*

(d) Demonstrate to the reasonable satisfaction of the board that the applicant:

3 Action on Applications. Amend RSA 329:14, I to read as follows:

I. The board shall make no final decision concerning the qualifications of a new or reinstatement applicant until it has received the results of all required examinations, *criminal history record checks*, and all third-party certifications required to be submitted with the license application, and the time periods specified by RSA 541-A:29 shall be calculated from the date the last of the required documents is received by the board.

4 New Section; Physician Assistants. Amend RSA 328-D by inserting after section 3 the following new section:

328-D:3-a Criminal History Record Checks.

I. Every applicant for initial permanent licensure or reinstatement shall submit to the board a notarized criminal history record release form, as provided by the New Hampshire division of state police, which authorizes the release of his or her criminal history record, if any, to the board.

II. The applicant shall submit with the release form a complete set of fingerprints taken by a qualified law enforcement agency or an authorized employee of the department of safety. In the event that the first set of fingerprints is invalid due to insufficient pattern, a second set of fingerprints shall be necessary in order to complete the criminal history records check. If, after 2 attempts, a set of fingerprints is invalid due to insufficient pattern, the board may, in lieu of the criminal history records check, accept police clearances from every city, town, or county where the person has lived during the past 5 years.

III. The board shall submit the criminal history records release form and fingerprint form to the division of state police which shall conduct a criminal history records check through its records and through the Federal Bureau of Investigation. Upon completion of the records check, the division of state police shall release copies of the criminal history records to the board.

IV. The board shall review the criminal record information prior to making a licensing decision and shall maintain the confidentiality of all criminal history records received pursuant to this section.

V. The applicant shall bear the cost of a criminal history record check.

5 New Subparagraph; Physician Assistants; Conditions of Licensure. Amend RSA 328-D:3, I by inserting after subparagraph (d) the following new subparagraph:

(e) Submit a complete set of fingerprints and a notarized criminal history record release form pursuant to RSA 328-D:3-a.

6 Nurse Practice Act; Criminal History Record Check. RSA 326-B:15 is repealed and reenacted to read as follows:

326-B:15 Criminal History Record Checks.

I. Every applicant for initial licensure shall submit to the board a notarized criminal history record release form, as provided by the New Hampshire division of state police, department of safety, which authorizes the release of his or her criminal history record, if any, to the board.

II. The applicant shall submit with the release form a complete set of fingerprints taken by a qualified law enforcement agency or an authorized employee of the department of safety. In the event that the first set of fingerprints is invalid due to insufficient pattern, a second set of fingerprints shall be necessary in order to complete the criminal history records check. If, after 2 attempts, a set of fingerprints is invalid due to insufficient pattern, the board may, in lieu of the criminal history records check, accept police clearances from every city, town, or county where the person has lived during the past 5 years.

III. The board shall submit the criminal history records release form and fingerprint form to the division of state police which shall conduct a criminal history records check through its records and through the Federal Bureau of Investigation. Upon completion of the records check, the division of state police shall release copies of the criminal history records to the board. The board shall maintain the confidentiality of all criminal history records information received pursuant to this section.

IV. The applicant shall bear the cost of a criminal history record check.
7 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill requires all physician and physician assistant applicants for licensure or reinstatement before the board of medicine to submit to a criminal history records check.

The bill also revises the authority for criminal history records check under the nurse practice act.

SB 81, relative to the state building code. **OUGHT TO PASS.**

Rep. Patricia M. McMahon for Executive Departments and Administration: This bill updates the state building code and was requested by the State Building Code Board. The code is updated to remain current with the international code. Vote 17-0.

SB 231, exempting certain department of corrections practices and procedures from the provisions of RSA 541-A. **OUGHT TO PASS.**

Rep. John Reagan for Executive Departments and Administration: This bill reinstates the authority of the Department of Corrections commissioner to promulgate rules regulating the behavior of inmates. The commissioner's authority would be established under RSA 541-A:21 I. Lacking this authority, each protest of prison rules would have to be heard at a level higher than prison authorities at great added expense to an already overburdened legal expense in the Department of Corrections. Vote 17-1.

SB 260-FN, relative to the location and budget practices of the lottery commission. **OUGHT TO PASS.**

Rep. Ken Hawkins for Executive Departments and Administration: Currently the Lottery Commission must have its office in Concord which places it in a difficult position when negotiating a lease. This bill does two things: 1) it allows the commission to have its office in Concord or any surrounding community; 2) it requires the commission to submit an operating budget to the General Court. Currently, salaries and expenses are paid as long as sufficient monies are available. This will bring the Lottery Commission in line with other state agencies. Vote 17-0.

SB 129-FN, requiring interpretation services upon request for persons receiving medical treatment. **INEXPEDIENT TO LEGISLATE.**

Rep. Robert G. Bridgham for Health, Human Services and Elderly Affairs: This bill would require that any patient admitted to a hospital could speak with an appropriate bilingual clinician, or, if one is unavailable, have access to a qualified medical interpreter or a telephonic or televieing interpreter service. The bill also specifies the qualifications of a "qualified medical interpreter." Federal statute and related guidance covers assistance to individuals with limited proficiency in English. It was the belief of the committee that the federal law deals with this issue comprehensively and with appropriate flexibility, and that this bill is not necessary and would reduce the flexibility needed to serve patients for whom interpretation may be needed. Vote 16-0.

SB 139-FN, relative to the asset transfer penalty in Medicaid. **OUGHT TO PASS.**

Rep. James R. MacKay for Health, Human Services and Elderly Affairs: This bill clarifies the undue hardship section regarding an asset transfer penalty in Medicaid. The federal government has not supported the imposition of asset transfer penalties when an undue hardship exists. This bill adds language to the existing statute that clearly represents the longstanding federal law requirement. The committee unanimously supported this important clarification of the undue hardship section of existing law. Vote 17-0.

SB 153, establishing a committee to study changing statutory references to "mental retardation." **OUGHT TO PASS WITH AMENDMENT.**

Rep. Evalyn S. Merrick for Health, Human Services and Elderly Affairs: This bill, as amended, establishes a commission which now includes representation from those organizations whose people are being served and are most directly affected by a change to the reference "mental retardation." The committee felt that decreasing the number of legislators gave added voice to the constituent populations. A very important part of establishing the study committee is to examine how, and if, the meaning of related statutes might change as a result of changing the references to mental retardation. It was also acknowledged that, although the intent of the bill is to change how individuals with mental challenges are perceived, and the goal of the committee is to that end, any new reference, although very positive in theory, is still a label. Vote 16-0.

Amendment (1397h)

Amend the title of the bill by replacing it with the following:

AN ACT establishing a commission to study changing statutory references to “mental retardation.”

Amend the bill by replacing all after the enacting clause with the following:

1 Commission Established. There is established a commission to study changing statutory references to “mental retardation.”

2 Membership and Compensation.

I. The members of the commission shall be as follows:

(a) Two members of the senate, appointed by the president of the senate.

(b) Two members of the house of representatives, appointed by the speaker of the house of representatives.

(c) The commissioner of the department of health and human services, or designee.

(d) The executive director of People First of New Hampshire, or designee.

(e) The head of the bureau of special education, department of education.

II. Legislative members of the commission shall receive mileage at the legislative rate when attending to the duties of the commission.

3 Duties. The commission shall study the feasibility and consequences of changing statutory references to “mental retardation.” The commission shall consider specific alternative language and shall consider how such a change may be implemented so as not to jeopardize any relevant program eligibility standards.

4 Chairperson; Quorum. The members of the commission shall elect a chairperson from among the members. The first meeting of the commission shall be called by the first-named senate member. The first meeting of the commission shall be held within 45 days of the effective date of this section. Four members of the commission shall constitute a quorum.

5 Report. The commission shall report its findings and any recommendations for proposed legislation to the president of the senate, the speaker of the house of representatives, the senate clerk, the house clerk, the governor, and the state library on or before November 1, 2007.

6 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill establishes a commission to study changing statutory references to “mental retardation.”

SB 182, establishing a committee to study the confidentiality of health care records in abuse and neglect proceedings. **OUGHT TO PASS.**

Rep. James R. MacKay for Health, Human Services and Elderly Affairs: This bill establishes a committee of two members of the Senate and three members of the House of Representatives to study the confidentiality of health records in abuse and neglect proceedings. Specifically, the committee will study a health provider’s responsibility and obligation to provide or withhold records from a parent or a guardian during an investigation where abuse or neglect has been alleged. There is a sensitive issue that does merit serious study. Vote 16-0.

SB 184-FN, relative to residential home care services providers. **OUGHT TO PASS.**

Rep. Joan H. Schulze for Health, Human Services and Elderly Affairs: This bill expands the pilot residential home care program to allow people to stay in their home community. It is cost efficient. There is a need for respite beds; simply it will be faster to place people and couples could go to the same home. The supervising agency is involved in developing a care plan and maintaining oversight. This is a voluntary program. Vote 16-0.

SB 30, combining the judicial branch salary adjustment fund and the judicial branch benefit adjustment account into a single fund. **OUGHT TO PASS.**

Rep. Bette R. Lasky for Judiciary: This bill combines the judicial branch salary adjustment fund and the judicial branch benefit adjustment account into a single fund. Both are lapsing funds and lately the benefit adjustment account has been used up with money left in the salary adjustment fund where it isn’t needed. Merging the two funds will allow the money in both funds to be better utilized. The Administrative Department is in favor of this bill and there will be no fiscal impact. Vote 18-0.

SB 107, authorizing the judicial branch family division and the superior court to use bail commissioners in civil cases. **OUGHT TO PASS.**

Rep. Lucy M. Weber for Judiciary: Bail commissioners are currently used to fix and receive bail in criminal cases. This bill extends the practice, when needed, in civil or family division cases. Examples of the use of bail commissioners would be when there is an issue of non-appearance of a party, or non-payment of a judgment. Vote 14-0.

SB 109, relative to emergency powers of the supreme court. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Gail C. Morrison for Judiciary: This bill as amended allows the judicial branch a process to respond to a public emergency by ordering a suspension of time deadlines and rules of procedure in the courts for up to twenty-one days. There is a procedure for renewal of the suspension order. The order may be terminated by a majority vote of both houses of the legislature. Vote 18-0.

Amendment (1764h)

Amend RSA 490:6-a as inserted by section 1 of the bill by replacing it with the following:
490:6-a Emergency Powers.

I. The chief justice of the supreme court or, if the chief justice is unavailable, the most senior associate justice available, shall have the power, upon the request of the governor, attorney general, or the chief judge of any court, or on his or her own motion, in the event of a state of emergency, as defined in RSA 21-P:35, VIII, to enter such order or orders as may be appropriate to suspend, toll, or otherwise grant relief from time deadlines imposed by otherwise applicable statutes and rules of procedure for a period of up to 21 calendar days, including, without limitation, those affecting speedy trial procedures in criminal and juvenile proceedings, all civil process and proceedings, and all appellate time limitations. Such order or orders may be renewed by a majority of the justices of the supreme court as justice may require; provided, however, that any such renewal with respect to applicable statutes shall be effective only upon the concurrence of the governor or, in the governor's absence, the attorney general.

II. The general court may terminate any order entered pursuant to paragraph I of this section to the extent that it deals with applicable statutes by concurrent resolution adopted by a majority vote of each chamber. The justices' authority to renew such an order to the extent that it deals with applicable statutes shall terminate upon the adoption of a concurrent resolution under this paragraph.

SB 113-FN, relative to the position of special justice in the district court. **OUGHT TO PASS.**

Rep. Stephen J. Shurtleff for Judiciary: This bill, through attrition, will eliminate the position of "Special Justice" of the District Court. The duties currently performed by the Special Justices will be performed by the full and part-time District Court judges. The bill does allow for the appointment of a Special Justice in the future, but only if the Supreme Court certifies in writing to the Governor the justification for such an appointment. The Administrative Office of the Courts supports this bill, feeling that this position is no longer needed. Vote 16-0.

SB 170-FN, establishing an office of mediation and arbitration within the judicial branch. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Bette R. Lasky for Judiciary: This bill establishes an Office of Mediation and Arbitration within the judicial branch. The purpose of this office will be to develop and implement dispute resolution processes which will increase citizen satisfaction with the legal system, provide affordable justice, shorten litigation time and contention, empower participants to make their own decisions regarding personal matters and enhance court efficiency. SB 170 also combines the probate court mediation fund and the court mediation funds established by RSA 490:27 II and RSA 503:4 II into a separate fund known as the Mediation and Arbitration Fund which shall be used to help fund paid mediation and arbitration in the judicial branch and support the Office of Mediation and Arbitration. Lastly court rules deal with the participant's ability to "opt out" of the mediation process and they can do so. Vote 16-0.

Amendment (1514h)

Amend RSA 490-E:4, I(a) as inserted by section 2 of the bill by replacing it with the following:

(a) All moneys collected pursuant to RSA 490:27, II and RSA 503:4, II.

SB 208, relative to court review of certain planning and zoning decisions. **INEXPEDIENT TO LEGISLATE.**

Rep. Gary B. Richardson for Judiciary: This bill was intended to amend the standard for court review of planning and zoning decisions. Subsequent to the public hearing, the Supreme Court handed down its decision in the case of *Kalil v Town of Dummer* (2006-381) which addressed this issue. Based on this decision, the committee unanimously agreed that SB 208 was no longer required. Vote 14-0.

SB 162, establishing a commission to oversee and negotiate issues relative to the North American Free Trade Agreement (NAFTA) and the World Trade Organization (WTO). **OUGHT TO PASS WITH AMENDMENT.**

Rep. Jason M. Bedrick for Labor, Industrial and Rehabilitative Services: This bill establishes a citizens trade policy commission to evaluate the impact of existing and proposed international trade agreements on the ability of the state of New Hampshire and its municipalities to pass laws and ordinances regarding public health and safety, environmental protection, labor standards, state and local procurement, and the provision of public services. Testimony indicated that ground water issues are of particular concern. The amendment adds a member of the business community active in a managerial capacity to the commission and directs the commission to include the labor commissioner and chairman of the House State-Federal Relations and Veterans Committee as recipients of its annual report. Vote 15-1.

Amendment (1592h)

Amend RSA 19-L:1, II(g) as inserted by section 1 of the bill by replacing it with the following:

(g) Four public members as follows: one member who is active in the organized labor community, one member of a nonprofit human rights organization, one member of a nonprofit environmental organization, and one member who is active in the business community in a managerial capacity, appointed by the speaker of the house of representatives.

Amend RSA 19-L:4 as inserted by section 1 of the bill by replacing it with the following:

19-L:4 Annual Report. The commission shall issue an annual report, describing the activities of the commission and the issues raised at public hearings, beginning on November 1, 2008 to the governor, the speaker of the house of representatives, the president of the senate, the labor commissioner, the chairman of the house standing committee having jurisdiction over state-federal relations and veterans affairs, the New Hampshire congressional delegation, the Speaker of the United States House of Representatives, the President of the United States Senate, the United States Trade Representative, and the state library.

SB 244, relative to employers withholding from employees' wages for certain purposes. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Gary L. Daniels for Labor, Industrial and Rehabilitative Services: This bill adds voluntary payment for an employee's use of an on-site fitness center to the list of items that can be deducted from an employee's paycheck. The amendment expands the opportunity to allow voluntary deductions when an employee contracts with a private health and fitness facility that offers discounted memberships of 50% or more to all employees of the employer. Vote 16-0.

Amendment (1427h)

Amend the introductory paragraph of RSA 275:48, I(d)(6) as inserted by section 2 of the bill by replacing it with the following:

(6) Voluntary payments for the employee's use of a health or fitness facility that is sponsored by the employer for the benefit of its employees and that is located within the employer's facility or workplace, or operated by a private health and fitness facility that offers discounted memberships of 50 percent or more to all employees of the employer, as evidenced by a document that includes the following:

SB 265-FN, relative to the state apprenticeship council and the regulation of apprenticeship programs. **OUGHT TO PASS.**

Rep. Larry Converse for Labor, Industrial and Rehabilitative Services: This bill moves the state apprenticeship program to the Office of Apprenticeship at the US Department of Labor. This move will enable the apprenticeship program to hire additional staff with federal funds. The state Apprenticeship Advisory Council, made up of employers, employees and the NH Commissioner of Labor or designee, retains oversight and authority for job training program standards. Vote 14-3.

SB 106, allowing lobbyists and those connected with lobbyists to sit on committees established by the judicial branch. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Cynthia J. Dokmo for Legislative Administration: The original bill corrects an oversight of last session's ethics legislation the effect of which was to cause the resignation of valuable volunteers from certain committees established by the judicial branch. The amendment, which also corrects last year's ethics legislation, incorporates a bill passed by the House this session, which bill has been tabled by the Senate. The committee feels that it is critical to enact these corrections this year. Vote 9-1.

Amendment (1761h)

Amend the title of the bill by replacing it with the following:

AN ACT allowing lobbyists and those connected with lobbyists to sit on committees established by the judicial branch, and relative to lobbyist registration and statements and regulation of volunteer public service.

Amend the bill by replacing all after section 1 with the following:

2 Lobbyist Registration; Registration Required. RSA 15:1, I is repealed and reenacted to read as follows:

I.(a) The following persons shall register as lobbyists with the secretary of state:

(1) Any person who works as an independent contractor or who provides services for a fee for another to represent the other for the purposes specified in paragraph II including, but not limited to, an attorney, or a legislative or government relations representative;

(2) Any person who is an employee of any other person or employer, and who works in a representative capacity exclusively for the purposes specified in paragraph II; and

(3) Any person who is an employee of any other person or employer, who is employed for purposes in addition to or other than the purposes specified in paragraph II, and who spends more than 200 hours in a calendar year working in a representative capacity for the purposes specified in paragraph II.

(b) Each person described in subparagraphs (a)(1) and (2) shall register prior to engaging in the activities specified in paragraph II. Each person described in subparagraph (a)(3) shall register no later than one week following completion of 200 hours of such work. Each registration shall report the existence of a relationship between a single client and either a single lobbyist or a partnership, firm, or corporation with one or more partners, members, or employees of a firm acting as a lobbyist.

3 Lobbying; Registration Required. Amend RSA 15:1, II(b) to read as follows:

(b) To promote or oppose, directly or indirectly, any action by the governor [;] **or** governor and council [~~or any state agency, as defined in RSA 15-A:2~~], where such action concerns legislation or contracts pending or proposed before the general court, any pending or proposed administrative rule, or the procurement of goods or services that are being or may be purchased by the state, subject to the exclusions in paragraphs III and IV.

4 Expiration Date. Amend RSA 15:1, IV to read as follows:

IV. All registrations required under this section shall expire on December [±] **31**.

5 New Paragraph; Exclusions From Requirements. Amend RSA 15:1 by inserting after paragraph IV the following new paragraph:

V. The following communications are excluded from the regulation imposed by this chapter and shall not be considered in a determination of whether a person is required to register and report as a lobbyist:

(a) Public testimony before a legislative committee or sub-committee;

(b) Public testimony before any entity subject to RSA 91-A, the right-to-know law;

(c) A written document filed in the course of a public proceeding or any other communication that is made on the record in a public proceeding;

(d) Communication made by a public official acting in the public official's official capacity;

(e) Communication made by a representative of a media organization if the purpose of the communication is gathering or disseminating news and information to the public;

(f) Communication made in a speech, article, publication, or other material that is distributed and made available to the public, or through radio, television, cable television, the internet, or other medium of mass communication; and

(g) Communication made in writing which becomes a public record subject to the provisions of RSA 91-A, the right-to-know law, provided in response to a written request by a legislative or executive branch official.

6 Lobbyist Statements. Amend RSA 15:6 to read as follows:

15:6 Statements.

I. Each lobbyist shall file with the secretary of state itemized statements under oath of:

(a) All fees received from any lobbying client that are related, directly or indirectly, to lobbying, such as public advocacy, government relations, or public relations services including research, monitoring legislation, and related legal work.

(b) All expenditures made from lobbying fees, including by whom paid or to whom charged.

(c) Any ~~[honorarium or]~~ expense reimbursement, as defined in RSA 15-B, or political contribution, as defined in RSA 664, made by the lobbyist in his or her professional ~~[or personal]~~ capacity, on behalf of the lobbyist, the partnership, firm, or corporation or by the lobbyist on behalf of the client or employer ~~[or by a family member of the lobbyist]~~. The statements shall be open to public inspection. ~~[For the purposes of this chapter, "family member" shall mean any person related to and living in the same domicile as the lobbyist, who shares a common economic interest in the expenses of daily living, including, but not limited to, a spouse, child, or parents.]~~

II. Lobbyists shall file statements no later than the second Friday of each ~~[month]~~ **January, April, July, and October** covering all fees received and expenditures ~~[-contributions, honorariums,]~~ or expense reimbursements made ~~[during the previous month;]~~ **since the last required filing**, from fees received at any time from a lobbying client or employer or from funds otherwise provided by the lobbyist, partnership, firm, or corporation, or from the client or employer.

III. In this chapter "value" means the amount at which property or services would change hands between a willing buyer and a willing seller when neither is under any compulsion to buy or sell and both have reasonable knowledge of the relevant facts.

~~[IV. A lobbyist, in his or her professional or personal capacity, or a family member of a lobbyist making a contribution, honorarium, or expense reimbursement, in a form other than cash, check or negotiable instrument, to a person with a duty to report that contribution, honorarium, or expense reimbursement pursuant to RSA 15-B or RSA 664 shall provide the recipient with a written statement of the value of the contribution, honorarium, or expense reimbursement if the value is different than any price or value printed on the contribution, honorarium, or expense reimbursement or if the contribution, honorarium, or expense reimbursement does not have a price affixed to it.~~

V.: IV. The lobbyist statement shall be in the form prescribed by the secretary of state, may be in paper or electronic form, and shall include at a minimum:

(a) The full name of each lobbyist covered by the report.

(b) The name of the lobbyist partnership, firm, or corporation, if any.

(c) The business address and telephone number for the lobbyist, partnership, firm, or corporation.

(d) For each lobbying client, the full name and business address of the client, the scope of the representation or lobbyist services being paid for, the gross amount of all fees received from that client, not reduced by any expenses, that are related, directly or indirectly, to lobbying, such as public advocacy, government relations, or public relations services including research, monitoring legislation, and related legal work, a statement of the aggregate total of fees received that are related, directly or indirectly, to lobbying services during the calendar year, and a statement of any fee payment due, but not yet paid.

(e) For each ~~[honorarium or]~~ expense reimbursement made, that is reportable pursuant to RSA 15-B:

(1) The name of the client on whose behalf the expense reimbursement ~~[or honorarium]~~ was made, if any.

(2) The name of the person receiving the ~~[honorarium or]~~ expense reimbursement.

(3) A brief description of the event to which the ~~[honorarium or]~~ expense reimbursement relates.

(4) The value of the ~~[honorarium or]~~ expense reimbursement.

(f) ~~[For each political contribution made that is reportable pursuant to RSA 664:~~

~~(1) The name of the candidate;~~

~~(2) The office the candidate is seeking;~~

~~(3) The value of the contribution;~~

~~(4) If the contribution is an in-kind contribution, a brief description of the contribution.~~

~~(g)~~ For all expenditures for salaries, benefits, support staff, and office expenses, related directly or indirectly to lobbying, a statement of the total aggregate expenses for salaries, support staff, and office expenses related directly or indirectly to lobbying shall satisfy the requirement that an itemized statement of these expenses be filed.

~~[(h)]~~ (g) The following statement followed by a line for each person filing the form to sign and date the form: "I have read RSA 15[-RSA 15-B, and RSA 664] and hereby swear or affirm that the foregoing information is true and complete to the best of my knowledge and belief." ~~[This statement shall be made under oath before a notary public or justice of the peace.]~~

~~[V-E]~~ V. The secretary of state shall maintain the statements required by this section for 6 years from the date of filing, after which time the statements may be destroyed. The public information on the forms shall be available to the public in the form of a photocopy or an electronic record. The secretary of state shall, as soon as is practical, implement an electronic record keeping system that makes lobbyist registration forms and fee and expense reports available to the public through the internet.

7 Gifts; Exclusion From Definition. Amend RSA 15-B:2, V(c)(5) and (6) to read as follows:

(5) Objects ~~or services~~ which primarily serve an informational purpose provided in the ordinary course of business, such as reports, books, maps, or charts.

(6) Money in any form, an object, or an intangible thing ~~or service~~ of economic value, where the donor's act of giving is purely private and personal in nature and the money, object, or intangible thing ~~or service~~ of economic value would have been given and received even if the person were not an elected official, public official, public employee, constitutional official, or legislative employee.

8 New Subparagraph; Definition of Gift; Exclusion Added. Amend RSA 15-B:2, V(c) by inserting after subparagraph (12) the following new subparagraph:

(13) Information or advice concerning any state law or rule, any legislation pending or proposed before the general court, or any pending or proposed administrative rule.

9 Executive Branch; Code of Ethics; Volunteer Service. RSA 21-G:25 is repealed and reenacted to read as follows:

21-G:25 Ethical Standards for Volunteer Public Service. Volunteers shall not use public service for an executive branch agency, directly or indirectly, and whether for themselves or for their employers or business associates:

I. To obtain economic benefit; or

II. To advance personal or pecuniary interests through non-public communications with executive branch officials for the purpose of influencing the performance of their duties.

10 Effective Date.

I. Section 1 of this act shall take effect upon its passage.

II. The remainder of this act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill allows lobbyists and those connected with lobbyists to sit on committees established by the judicial branch.

This bill changes the registration requirements for lobbyists and the frequency and content of the statements required to be filed. The bill also repeals the restriction on simultaneous employment and public service.

SB 258, relative to reliance on ethics committee advisory opinions. **OUGHT TO PASS.**

Rep. Michael J. Reuschel for Legislative Administration: The committee voted unanimously OTP on this bill. The bill allows for the advisory opinion of the legislative ethics committee to be an absolute defense in any complaint when the person complained against relies on this advisory opinion. It is the judgment of the committee that these advisory opinions are given in good faith and that there should not be any criminal prosecution for this good faith effort. Vote 10-0.

SB 119, establishing a committee to study the oversight of municipal capital reserve funds. **IN-EXPEDIENT TO LEGISLATE.**

Rep. Betsey L. Patten for Municipal and County Government: This bill would create a committee to look at one specific type of funding – capital reserve funds. Upon hearing testimony, the committee was informed that the real objective was to answer a taxpayer's concern over an alleged misuse of a municipal electric "enterprise" fund by one local governing body. The committee felt that if the taxpayer's concern had been voiced to the governing body an explanation would have

been received. A full accounting of all capital expenditures of any type of accounting method is reviewed by the Department of Revenue Administration, the local auditor and bond counsel. The committee felt that the current oversight was adequate and that another study committee was not needed at this time. Vote 13-0.

SB 247, establishing a committee to study the adjudication of land use issues and ordinance violations. **INEXPEDIENT TO LEGISLATE.**

Rep. Anthony F. Simon for Municipal and County Government: The sponsor of this bill advised the committee that it was introduced at the request of the City of Manchester based on problems that they are having enforcing city ordinances. This bill is not necessary. Vote 13-0.

SB 56, relative to Old Drewsville Road in the town of Walpole. **OUGHT TO PASS.**

Rep. Gene G. Chandler for Public Works and Highways: This bill would transfer a section of Old Drewsville Road in Walpole from the state to the town upon completion of an upgrade of the road by the state at a cost of approximately \$130,000 while the committee felt that the cost and advantage to the state could be debated but, it was felt that since negotiations had been going on since 2002 it was only fair to treat this project like many others before it, and unanimously agreed to approve the measure. The committee notes and the Department of Transportation agrees that in the future these types of projects would be looked at with more scrutiny to make sure that any upgrades would not be at a higher standard than a municipality would do. These projects can be a win, win, for the state and municipalities, but we need to be increasingly vigilant with the use of our highway funds. Vote 16-0.

SB 224-FN-A, relative to the telecommunications planning and development advisory committee. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Michael A. Kaelin for Science, Technology and Energy: This bill extends the duration of the telecommunications planning and development advisory committee and broadens the scope of the committee to include broadband infrastructure. The intent of the bill is to improve economic opportunity in New Hampshire by increasing access to high-speed telecom infrastructure. Specific duties include assessing availability of broadband in underserved areas, identifying and applying for federal funds, coordination of efforts of various private and government entities, preparing an inventory of the state's broadband infrastructure, facilitating educational programs and public awareness, and providing a final report. Vote 13-0.

Amendment (1579h)

Amend the introductory paragraph and subparagraph (a) of RSA 12-A:46, V as inserted by section 1 of the bill by replacing it with the following:

V. The telecommunications planning and development advisory committee shall assist the director in preparing an inventory of the state's broadband infrastructure. This inventory shall include recommendations to:

(a) Promote access to affordable and reliable broadband service to all state citizens and businesses.

SB 241, relative to availability of cable television in manufactured housing parks. **OUGHT TO PASS.**

Rep. Thomas R. Fargo for Science, Technology and Energy: This bill amends RSA 53-C to establish certain responsibilities of cable television operators when they extend facilities to manufactured housing dwellings and also sets minimum standards for agreements between the park owner and the cable television operator. The bill was introduced to resolve conflicts which prevented residents of a specific park from receiving cable television service; particularly local access programming that affects the resident's ability to participate in local governmental activities. The committee unanimously agreed that the lack of access to local cable television programming may limit the democratic process. While the intent of the bill was to provide park residents with cable television service, the committee recognized that these service connections could also enhance resident's access to high-speed internet, voice over internet telecommunications, and the economic opportunities associated with such connectivity. Vote 13-0.

SB 95, relative to bingo games conducted by senior citizens' organizations. **OUGHT TO PASS.** Rep. William Butynski for Ways and Means: This bill provides flexibility to senior citizen organizations to allow persons down to age 55 to play bingo. (In the past bingo was open only to persons age 60 or older.) Also, since the prize level had not been raised for many years, senior citizens' organizations will be allowed to award up to \$500 in prizes per day of bingo played. Finally, "persons under 55 years of age who are assisting persons 55 years of age or older may be allowed on the premises." Vote 11-0.

SPECIAL ORDERED

Rep. Ryan moved that **SB 75**, relative to establishing a south central New Hampshire rail transit authority that will have responsibility for developing and providing commuter rail and related public rail transportation services in New Hampshire, be made a Special Order for the next session day in its Regular Calendar order.

Rep. Ryan spoke in favor and yielded to questions.
Adopted.

REGULAR CALENDAR

SB 42-FN, prohibiting smoking in restaurants, cocktail lounges, and certain enclosed public places. **MAJORITY: OUGHT TO PASS. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. James R. Martin for the Majority of Commerce: This bill amends the indoor smoking act to prohibit smoking in restaurants and cocktail lounges. The committee recognizes the serious health dangers of secondhand smoke. Second hand smoke causes a variety of serious and frequently fatal illnesses including lung cancer, emphysema and chronic bronchitis. These are collectively referred to as chronic obstructive pulmonary diseases (COPD). There are approximately 24 million Americans with COPD according to the National Institute of Health's National Heart, Lung and Blood Institute. COPD is rising in the United States, particularly among young people and women and is the fourth ranked killer in the United States. The total annual cost is estimated to be \$40 billion annually, including \$21 billion in direct medical costs. One-half of those diagnosed with COPD die within 10 years of diagnosis. Smoking in restaurants and cocktail lounges subjects not only the patrons but also the restaurant and cocktail lounge workers to sustained exposure to heavy concentrations of smoke and the toxins it contains. The committee heard testimony from young people, students, and women, including single moms who need the part time work and flexible hours available by working in restaurants. If they need a job, particularly in a small community, they often have no choice but to work in a restaurant which permits smoking. All too often they have to subject themselves to the very real risks of second hand smoke in order to obtain work. That is not right. The committee also heard testimony concerning the risks to young children who are taken into restaurants where smoking is permitted - children who are at high risk and who have no choice. The risks of second hand smoke are real and serious. Approximately 79 per cent of the citizens of New Hampshire have indicated their desire to have no smoking in restaurants and cocktail lounges. As legislators we should listen to the overwhelming wishes of our constituents including those who own and operate restaurants, restaurant workers and patrons. Vote 11-7.

Rep. Edward A. Butler for the Minority of Commerce: The Minority believes that our energies and effort would be better spent continuing to educate the public about the dangers of smoking tobacco and of second-hand smoke. In the case of public smoking the marketplace has already effectively segregated smokers to only a few public venues. The Minority on this bill believes it goes too far in its effort to control what should be the rights of business owners to define the parameters of their product and service and also too much restricts the rights of those who choose to smoke.

Rep. Hunt offered floor amendment (1431h).

Floor Amendment (1431h)

Amend the bill by replacing all after the enacting clause with the following:

1 Indoor Smoking Act; Definition of "Restaurant." Amend RSA 155:65, XIV to read as follows:

XIV. "Restaurant" means any room or enclosed place used and kept open on a regular basis and in a bona fide manner for the serving of meals to guests for compensation. ***"Restaurant" shall include any such room or place in resorts, hotels, and motels.***

2 Indoor Smoking Act; Smoking Prohibited. RSA 155:66 is repealed and reenacted to read as follows:

155:66 Smoking Prohibited.

I. Except as provided in RSA 155:67 and notwithstanding any law to the contrary, smoking is prohibited in:

- (a) Public educational facilities at any time, and in child care agencies licensed under RSA 170-E during the hours of operation, except foster family homes and foster family group homes.
- (b) Hospitals and other acute care facilities.
- (c) Grocery stores by customers.
- (d) Elevators, tramways, gondolas, and other such public conveyances.
- (e) Public conveyances.
- (f) Except as provided in paragraph III, restaurants.
- (g) Cocktail lounges.
- (h) Enclosed places owned and operated by social, fraternal, or religious organizations when open to the general public, except in fully enclosed rooms. Purposes for which such places may be open to the general public may include, but not be limited to, public meetings, voting, suppers, bingo games, theatrical events, fairs, and bazaars.

II. Smoking may be permitted in enclosed places of public access and publicly-owned buildings and offices, including workplaces, other than those listed in paragraph I, in effectively segregated smoking-permitted areas designated by the person in charge. Smoking shall be totally prohibited in any such enclosed place, if smoking cannot be effectively segregated. The person in charge may declare any facility non-smoking in its entirety.

III. Smoking may be permitted in fully enclosed rooms, as defined in RSA 155:65, VI-a, in dining rooms at restaurants and enclosed places under subparagraph I(h).

3 New Paragraph; Definition Added. Amend RSA 155:65 by inserting after paragraph VI the following new paragraph:

VI-a. "Fully enclosed room" means a structurally enclosed room within an existing enclosed place. Such room shall be enclosed with a floor, ceiling, and 4 solid walls, partitions, or windows, inclusive of doors for exit and entry and shall meet all necessary health and safety codes. Such room shall have a ventilation system which is separate from the ventilation system used for areas where smoking is prohibited. The size and location of the fully enclosed room shall be designed, designated, or juxtaposed so that the smoke, or smell of smoke, does not intrude into the areas where smoking is prohibited. A fully enclosed room shall not contain a service bar or workstation.

4 New Paragraph; Written Policies. Amend RSA 155:68 by inserting after paragraph IV the following new paragraph:

V. Written policies shall state that no employee shall be required to work in fully enclosed rooms where smoking is permitted under RSA 155:66, III. Employers shall require all employees working in fully enclosed rooms where smoking is permitted to sign a form which clearly states the potential dangers of inhaling second-hand smoke and that the employee chooses to work in such area. Such forms shall be kept on file with the employee's records. Any employer who fails to comply with this paragraph shall be subject to the penalty under RSA 155:76, IV.

5 New Paragraph; Rulemaking Added. Amend RSA 155:71 by inserting after paragraph V the following new paragraph:

VI. Forms and procedures for smoking permitted areas under RSA 155:68, V.

6 Applicability. Amend RSA 155:72, II to read as follows:

II. **Except as provided in RSA 155:68, V**, nothing in this subdivision shall be construed to authorize an employee to refuse to discharge his **or her** ordinary and customary duties in the workplace, including, but not limited to, entering a smoking-permitted area in the discharge of such duties.

7 New Paragraph; Penalty Added. Amend RSA 155:76 by inserting after paragraph III the following new paragraph:

IV. Any employer who violates the provisions of RSA 155:68, V shall be guilty of a violation.

8 Repeal. The following are repealed:

I. RSA 155:67, VIII, relative to an exemption for certain restaurants.

II. RSA 155:67, IX, relative to an exemption for cocktail lounges.

9 Effective Date. This act shall take effect 90 days after its passage.

AMENDED ANALYSIS

This bill:

I. Prohibits smoking in cocktail lounges.

II. Prohibits smoking in dining rooms in restaurants and certain enclosed places, except in fully enclosed rooms.

III. Clarifies the smoking prohibited section of the indoor smoking act.

Rep. Hunt spoke in favor.

Rep. Reardon spoke against.

Rep. Martin spoke against and yielded to questions.

Rep. Reardon requested a roll call; sufficiently seconded.

and floor amendment (1431h) failed.

Rep. Vaillancourt offered floor amendment (1681h).

Floor Amendment (1681h)

Amend RSA 155:66, I(h) as inserted by section 3 of the bill by replacing it with the following:

(h) Enclosed places owned and operated by social, fraternal, or religious organizations.

Amend the bill by replacing section 4 with the following:

4 Repeal. The following are repealed:

I. RSA 155:67, II, relative to an exemption for certain enclosed places when used for private purposes.

II. RSA 155:67, VIII, relative to an exemption for certain restaurants.

III. RSA 155:67, IX, relative to an exemption for cocktail lounges.

AMENDED ANALYSIS

This bill:

I. Prohibits smoking in restaurants, cocktail lounges, and enclosed places owned and operated by social, fraternal, or religious organizations in New Hampshire.

II. Clarifies the smoking prohibited section of the indoor smoking act.

III. Clarifies certain definitions under the indoor smoking act.

Rep. Reardon spoke against.

Rep. Vaillancourt spoke in favor and yielded to questions.

Rep. Reardon requested a roll call; sufficiently seconded.

and the majority committee report was adopted.

Ordered to third reading.

SB 52, relative to authorizing the attorney general to bring actions for violations of New Hampshire combination and monopolies law. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Matthew S. Houde for Commerce: This bill, requested by the attorney general's office, would: enable the attorney general to bring actions for violations of combination and monopolies laws (e.g., price-fixing) as *parens patriae* on behalf of natural persons residing in the state - whether the injured person dealt directly or indirectly with the defendant; allow recovery of actual damages, legal fees, and between two to three times actual damages for willful violations; and allow the state and individuals who were indirectly injured to bring suit (the existing law only allows the attorney general's office and an individual consumer to sue for violations if they were injured directly). The majority of the committee supported SB-52 since it provided a necessary tool for the attorney general to protect consumers (the bill would allow the attorney general to join other states' litigation efforts); however, the majority also thought the bill should be amended by deleting the provision that allowed individuals who were indirectly injured to bring suit as that provision would potentially increase litigation involving innocent entities (i.e., the entity in between the defendant and injured consumer in the chain of commerce). Vote 11-6.

Amendment (1436h)

Amend the bill by deleting section 4 and renumbering the original section 5 to read as 4.

Amendment adopted.

Committee report adopted and ordered to third reading.

SB 135, establishing a commission to study lowering costs of health insurance for small businesses. **OUGHT TO PASS.**

Rep. Stephen P. Spratt for Commerce: This bill establishes a commission to create a report identifying approaches and products targeted at lowering the cost of health insurance for small businesses. The intent of the bill is to provide relief for small businesses, creating a shortened window for legislative action by requiring the commission to report its findings and recommendations on or before November 1, 2007. Support for the bill included, among others, the Business and Industry Association, the NH Medical Society, the Citizen's Health Initiative and the Nashua Chamber of Commerce. The bill received no opposition in the public hearing. Vote 12-2.

Committee report adopted and ordered to third reading.

SB 183-FN, requiring health insurance plans for family coverage to extend to dependent under age 26. **INEXPEDIENT TO LEGISLATE.**

Rep. Susi Nord for Commerce: This is the Senate version of the expansion of health insurance for 18 - 26 year olds. The committee worked diligently on the House version of this legislation which passed the House with a strong bi-partisan vote. It then passed the Senate with only minor revision. Therefore the majority feels (as does the Senate sponsor) that this Senate bill is now duplicative and is therefore inexpedient to legislate. Vote 10-7.

Committee report adopted.

UNANIMOUS CONSENT

Rep. Nordgren addressed the House.

The House recessed at 12:15 p.m.

RECESS**(Speaker Norelli in the Chair)**

The House reconvened at 1:20 p.m.

REGULAR CALENDAR (CONT'D)

SB 220, establishing a commission to study the feasibility of establishing a public review board for health insurance rate increase requests. **INEXPEDIENT TO LEGISLATE.**

Rep. Joel F. Winters for Commerce: This bill would create a commission to study creating a public review board to review health insurance rate increase requests. On the face of it, it may sound like an appealing idea; but what are the consequences? For a private business to ask for permission to raise its prices, that flies in the face of the idea of a free market. A fast food restaurant does not need to consult anyone before changing its prices; this allows the industry to stay competitive. Laying more bureaucracy onto the health insurance industry can only result in it passing the cost of compliance onto our constituents through higher premiums something we all want to avoid. Vote 9-8.

Reps. Nord and McEachern spoke against.

Rep. Reardon spoke in favor and yielded to questions.

Rep. Marshall Quandt spoke against and yielded to questions.

Rep. Hunt spoke in favor.

On a division vote, 185 members having voted in the affirmative and 145 in the negative, the committee report was adopted.

SB 254, relative to legal representation during contract negotiations. **OUGHT TO PASS.**

Rep. Matthew S. Houde for Commerce: This bill clarifies a provider's right to legal representation during contract negotiations with a health carrier. The bill was introduced in response to health carriers' practice of refusing to negotiate with counsel selected by the provider during contract negotiation sessions unless counsel agreed to sign a confidentiality agreement with the carrier. The majority of the committee believed that requiring counsel for the provider to enter into a confidentiality agreement with the carrier was not only unnecessary (since attorneys are required by

their rules of professional conduct to maintain the confidentiality of information obtained in the course of representation) but also could create a potential conflict of interest for counsel. Moreover, the majority of the committee believed the playing field between providers and health carriers during contract negotiations (over reimbursement rates, etc) should be level, and having counsel for providers fully present and able to engage in the negotiations is the best way to assure this. Vote 9-4. Committee report adopted and ordered to third reading.

SB 41, relative to the authority of law enforcement officers to obtain registration checks on motor vehicles for official purposes and prohibiting the use of automated number plate scanning devices. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: OUGHT TO PASS WITH AMENDMENT.**

Rep. David A. Welch for the Majority of Criminal Justice and Public Safety: This bill resolves a misinterpretation of a 2006 passed statute which prohibits surveillance on public ways by state or political subdivisions of the state to determine ownership of a motor vehicle through the use of cameras or other imaging devices, etc. An interpretation of this language has resulted in several DWI cases to be dismissed as the judge determined that law enforcement officers were not in compliance with the law by checking the license plate number using a radio or in the cruiser computer. The judge thought the officers should have been charged. This bill re-instates the practice of checking plate numbers by law enforcement officers to identify stolen vehicles, locate lost persons and in some cases identify a vehicle that may be registered to a person that may have a restraining order or pending warrant or for some other general crime detention purposes. The majority amendment clarifies that the system used to capture the image of a license plate of a toll violator at an E-Z Pass toll gate is allowable. Vote 14-1.

Rep. Jeffrey P. Fontas for the Minority of Criminal Justice and Public Safety: The minority is in agreement with many components of this bill. It understands the need for law enforcement to be able to execute queries of license plates during traffic stops and when an officer is suspicious of commitment of a particular offense. However, the minority feels that, as with all legislation, authority should be given with rational consideration of all its consequences. It recommends that license plate queries should be subject to at least some guideline or restriction, and not void of any restraint whatsoever. Limiting the scope of this authority would increase the efficiency of law enforcement while eliminating the unforeseen potential for abuse. The minority asks that the House give due consideration to the amendment proposed by the minority.

Majority Amendment (1343h)

Amend RSA 261:75-b as inserted by section 1 of the bill by replacing it with the following:

261:75-b Use of Automated Number Plate Scanning Devices Prohibited. The use of automated number plate scanning devices is prohibited except as provided in RSA 236:130.

Amend the bill by inserting after section 1 the following and renumbering the original section 2 to read as 3:

2 Highway Surveillance Prohibited; Exceptions. Amend RSA 236:130, III(d)-(e) to read as follows:

(d) Is incidental to the monitoring of a building or other structure under the control of the state or a political subdivision of the state; [or]

(e) *Is undertaken for purposes of operation of the E-Z Pass system.*

(f) Is undertaken for the security of the following bridges and approach structures: I-95 Piscataqua River Bridge, Sarah Mildred Long Bridge, and the Memorial Bridge, all in Portsmouth.

AMENDED ANALYSIS

This bill clarifies the authority of law enforcement officers to obtain through electronic query from the department of safety the registration information on number plates for official purposes.

This bill also prohibits the use of automated number plate scanning devices, with certain exceptions.

Rep. Winters spoke against.

Rep. Welch spoke in favor and yielded to questions.

On a division vote, 212 members having voted in the affirmative and 123 in the negative, the majority committee amendment was adopted.

Reps. Fontas and Kurk offered floor amendment (1913h).

Floor Amendment (1913h)

Amend section 1 of the bill by inserting after RSA 261:75-b the following:

261:75-c Standards for Number Plate Checks. Inquiries made under the authority of RSA 261:75-a that relate to a motor vehicle within the curtilage of a private residence shall be based upon an articulable suspicion that the motor vehicle or its owner or occupants were involved in a particular offense.

Rep. Fontas spoke in favor.

Rep. Stevens spoke against.

Rep. Kurk spoke in favor and yielded to questions.

Floor amendment (1913h) failed.

Majority committee report adopted and ordered to third reading.

SB 57, requiring a course in civics for high school graduation. **INEXPEDIENT TO LEGISLATE.**

Rep. Sharon M. Carson for Education: This bill would include an additional requirement for high school graduation by taking away one half credit of social studies and replacing it with civics. The committee strongly agreed with the bill's sponsor that all New Hampshire students should receive a civics education. New Hampshire's social studies frameworks and assessment requirements have a strong focus on civics education. Testimony provided showed that school districts across the state are either teaching a stand alone class or integrating civics into other social studies/history classes. Since this is already being done, the majority of the committee believes it is inappropriate to micromanage school districts in this subject area. Vote 13-4.

Committee report adopted.

SB 245, relative to the New Hampshire college tuition savings plan. **OUGHT TO PASS.**

Rep. Charles B. Yeaton for Education: This bill makes minor revisions to bring our tuition savings plan into compliance with federal laws. New Hampshire's tremendously successful program is a model for other states and is used by many people both in New Hampshire and throughout the United States. Vote 17-0.

Committee report adopted and ordered to third reading.

SB 91, relative to political contributions by corporations, partnerships, and labor unions. **OUGHT TO PASS WITH AMENDMENT.**

Rep. James R. Splaine for Election Law: The committee spent considerable time discussing the way that contributions and expenditures by corporations, businesses, partnerships, and unions are made to candidates or used to influence political decisions, as well as how those contributions and expenditures are reported. The committee recommends this bill as amended because it preserves important core elements of current New Hampshire law. New Hampshire has had prohibitions of direct contributions by corporations since 1911, and in 1955 added the prohibition by unions. This has helped prevent political corruption and excessive influence-peddling in the political process of our state. A court decision in 1999 declared outright prohibition of corporate donations to be unconstitutional, thus creating an imbalance since now corporations can contribute directly from their treasury, but unions cannot. In an effort to truly level the field, this bill as amended continues our traditional prohibition of donations by corporations, businesses, partnerships and unions but allows those organizations to create a political action committee. This guarantees their right to participate in the democratic process while also ensuring full disclosure to the Office of Secretary of State of their expenditures and contributions. Therefore, passage of SB 91 as amended will accomplish two goals: 1 – level the field for the constitutional right of business organizations and unions to participate in the political process; and, 2 – provide full disclosure reporting for transparency of their expenditures and donations, so the voters will know to whom they are giving funding, and other ways that they are attempting to influence political decision-making. Vote 17-0.

Amendment (1721h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to permissible campaign contributions by business organizations and labor unions.

Amend the bill by replacing all after the enacting clause with the following:

1 New Paragraph; Political Expenditures and Contributions; Definitions; Segregated Accounts.
Amend RSA 664:2 by inserting after paragraph XVII the following new paragraph:

XVIII. "Segregated account" means an account funded by contributions solicited from a business organization's, labor union's, or group of labor unions' employees, officers, shareholders, directors, partners, or members for political purposes.

2 Political Expenditures and Contributions; Prohibited Political Contributions; Business Organizations. RSA 664:4, I is repealed and reenacted to read as follows:

I. By any business organization, or by any officer, director, executive, agent, partner, or employee acting in behalf of such business organization. This shall not prohibit the establishment by a business organization of a political committee that operates as a separate entity from the business organization, provided that the committee's expenditures and contributions are made through a separate, segregated account consisting only of voluntary contributions solicited from individuals. The provisions of this section shall not apply to sole proprietorships.

3 Political Expenditures and Contributions; Prohibited Political Contributions; Labor Unions; Segregated Account Exception. Amend RSA 664:4, III to read as follows:

III. By any labor union or group of labor unions, or by any officer, director, executive, agent, or employee acting in behalf of such union or group of unions; or by any organization representing or affiliated with any such union or group of unions, or by any officer, director, executive, agent, or employee acting in behalf of such organization. *This shall not prohibit the establishment by a labor union or group of labor unions of a political committee that operates as a separate entity from the labor union or group of labor unions, provided that the committee's expenditures and contributions are made through a separate, segregated account consisting only of voluntary contributions solicited from individuals.*

4 Repeal. RSA 664:4, II, relative to prohibited political contributions by partnerships, is repealed.

5 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill permits business organizations and labor unions to establish political committees. Amendment adopted.

Committee report adopted and ordered to third reading.

SB 98, relative to party access to voter information. **OUGHT TO PASS WITH AMENDMENT.** Rep. Charles F. Weed for Election Law: This bill enables the sale of the statewide voter list by the secretary of state to official state parties. The list includes voter's name, street address, mailing address, town or city, gender, birth year, voter history, and party affiliation. This list may be used only for "political" purposes; the penalty for selling the lists for other purposes is a misdemeanor and for buying it, a felony. Vote 13-5.

Amendment (1587h)

Amend the bill by replacing all after the enacting clause with the following:

1 New Section; Party Access to Voter Information. Amend RSA 654 by inserting after section 45 the following new section:

654:46 Party Access to Voter Information.

I. Notwithstanding any other provision of law, the secretary of state shall, upon request, provide to a party, as defined in RSA 652:11, a list of the name, street address, mailing address, town or city, gender, year of birth, voter history, and party affiliation, if any, of every registered voter in the state. In this section, "voter history" means the elections at which the voter voted. The secretary of state may charge a fee of up to \$25 plus \$0.50 per thousand names or portion thereof in excess of 2,500 plus shipping charges for each copy of the list provided under this section. The secretary of state may provide lists as prescribed in this section on paper, computer disk, computer tape, electronic transfer, or any other form. Fees collected by the secretary of state under this section shall be deposited in the election fund established pursuant to RSA 5:6-d.

II. No party shall use or permit the use of voter information provided by the secretary of state under paragraph I for commercial purposes as defined in RSA 654:31, I(b). Whoever knowingly violates any of the provisions of this section shall be guilty of a misdemeanor if a natural person or guilty of a felony if any other person.

2 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill requires the secretary of state to provide certain information about registered voters to political parties. The bill also prohibits the parties from using the voter information provided for any commercial purpose.

Amendment adopted.

Rep. Kurk offered floor amendment (1904h).

Floor Amendment (1904h)

Amend the bill by replacing section 1 with the following:

1 New Section; Party Access to Voter Information. Amend RSA 654 by inserting after section 45 the following new section:

654:46 Party Access to Voter Information.

I. Notwithstanding any other provision of law, the secretary of state shall, upon request, provide to a recognized political party a list of the name, street address, mailing address, town or city, gender, year of birth, voter history, and party affiliation, if any, of every registered voter in the state. In this section, "voter history" means the elections at which the voter voted. The secretary of state may charge a fee of up to \$25 plus \$0.50 per thousand names or portion thereof in excess of 2,500 plus shipping charges for each copy of the list provided under this section. The secretary of state may provide lists as prescribed in this section on paper, computer disk, computer tape, electronic transfer, or any other form. Fees collected by the secretary of state under this section shall be deposited in the election fund established pursuant to RSA 5:6-d.

II.(a) A registered voter may elect at any time not to have his or her name and other voter information appear on any list in any format made available by the secretary of state pursuant to paragraph I. The public checklist shall include a box to check off for the supervisors to record the voter's election. If a voter so elects, the secretary of state shall not thereafter include the name or voter information of the voter on any list provided under paragraph I, nor shall the secretary of state make available a list of the voters who have so elected. Nothing in this paragraph shall be interpreted to cause either the supervisors of the checklist or the secretary of state to remove from the public checklist available for examination by any person pursuant to 654:31 the name and checklist information of a voter making the election permitted by this paragraph.

(b) The supervisors of the checklist and the secretary of state shall inform voters at the time of registration and at reasonable times thereafter in a clear, simple, and conspicuous manner of their right to make the election permitted by this paragraph.

AMENDED ANALYSIS

This bill requires the secretary of state to provide certain information about registered voters to recognized political parties. The bill permits voters to elect that their information not appear on lists of such information provided by the secretary of state.

Rep. Pierce spoke against.

Rep. Kurk spoke in favor and yielded to questions.

On a division vote, 151 members having voted in the affirmative and 170 in the negative, floor amendment (1904h) failed.

The question now being adoption of the committee report of Ought to Pass with Amendment.

On a division vote, 182 members having voted in the affirmative and 141 in the negative, the committee report was adopted.

Ordered to third reading.

SB 71, relative to setback requirements for new landfills located near designated rivers. OUGHT TO PASS WITH AMENDMENT.

Rep. James F. Powers for Environment and Agriculture: Fourteen of New Hampshire's 189 rivers and major streams have been designated by the legislature as protected because of their outstanding natural and cultural resources. About 93% of New Hampshire's waterways are not designated, and would not be affected by SB 71. This bill as amended decreases the chance of pollution from new or expanded landfills entering these waterways due to flooding. Present law specifies that new landfills shall not be permitted "within the corridor of the designated river." This bill keeps that language but adds, "or less than 100 feet from the landward extent of the 500 year flood plain, whichever distance is greater." This bill's language for defining the permitted expansion of exist-

ing landfills is essentially the same as in current law. There are two types of designated rivers: natural rivers and rural rivers; the bill (like current law) applies to both. There is an exception to allow expansion of the Waste Management landfill in Rochester within the river corridor. This exception is important to meet the landfill requirements of the state. Vote 12-2.

Amendment (1786h)

Amend the bill by replacing all after the enacting clause with the following:

1 Natural Rivers Protection. Amend the introductory paragraph of RSA 483:9, VI and RSA 483:9, VI (a) and (b) to read as follows:

VI. Any new solid waste storage or treatment facility, as defined in RSA 149-M:4, ~~IX~~ shall be set back a minimum of 250 feet from the normal high water mark of a designated natural river or segment and screened with a vegetative or other natural barrier to minimize visual impact, except:

(a) New solid waste landfills shall not be permitted within the corridor of a designated natural river or segment, *or less than 100 feet from the landward extent of the 500 year floodplain, whichever distance is greater, and shall be screened from the river with a vegetative or other natural barrier to minimize visual impact;*

(b) *Expansion of existing* ~~[-permitted and secure]~~ solid waste landfills shall not ~~[be expanded]~~ occur within the 500 year floodplain of a designated natural river or segment and any expansion of such a landfill located within the corridor of a designated natural river or segment shall be set back a minimum of 100 feet from the landward extent of the 500 year floodplain and screened from the river with a vegetative or other natural barrier to minimize visual impact.

2 Rural River Protection; Landfill Setback. Amend RSA 483:9-a, VII to read as follows:

VII. Any new solid waste storage or treatment facility, as defined in RSA 149-M:4, IX shall be set back a minimum of 250 feet from the normal high water mark of a designated rural river or segment and *shall be* screened with a vegetative or other natural barrier to minimize visual impact, except:

(a) New solid waste landfills shall not be permitted within ~~[the 500 year floodplain of a designated rural river or segment and any new solid waste landfill located within]~~ the corridor of a designated rural river or segment ~~[shall be set back a minimum of]~~ *or less than 100 feet from the landward extent of the 500 year floodplain, whichever distance is greater, and shall be* screened from the river with a vegetative or other natural barrier to minimize visual impact.

(b) *New solid waste landfills may be permitted within the city of Rochester within the corridor of the segment defined in RSA 483:15, XIV(c), and if located in the river corridor shall be set back a minimum of 100 feet from the landward extent of the 500 year floodplain and shall be screened from the river with a vegetative or other natural barrier to minimize visual impact;*

(c) *Expansion of existing solid waste landfills shall not occur within the 500 year floodplain of a designated rural river or segment, and any expansion of such a landfill shall be set back a minimum of 100 feet from the landward extent of the 500 year floodplain and shall be screened from the river with a vegetative or other natural barrier to minimize visual impact;*

~~(b)(d)~~ (d) Any land application within the river corridor of septage, sludge, or solid waste, as defined in RSA 149-M:4, XXII, shall be set back a minimum of 250 feet from the normal high water mark and shall be immediately incorporated into the soil. The provisions of this subparagraph shall not apply to manure, lime, or wood ash when used for agricultural purposes;

~~(c)(e)~~ (e) An existing solid waste facility which is located within 250 feet of the normal high water mark of a designated rural river or segment may continue to operate under an existing permit provided it does not cause degradation to an area in excess of that area under permit at the time of designation; and

~~(d)(f)~~ (f) The department may permit a resource recovery operation at an existing landfill located within 250 feet of the normal high water mark of a designated rural river or segment.

3 Effective Date. This act shall take effect 60 days after its passage.

Amendment adopted.

Committee report adopted and ordered to third reading.

SB 35-FN-A, making an appropriation for disaster relief assistance in response to the May 2006 floods and establishing a committee to study the distribution of financial disaster assistance. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Linda T. Foster for Finance: This bill provides funds to address flood damage sustained by communities in the May 2006 floods. The \$2,200,000 represents the required state match under

the formula that has been traditionally applied that requires local municipalities to pay 12.5 percent of eligible costs. The bill also appropriates \$1,500,000 to be used as the state match for FEMA eligible projects resulting from the April 2007 floods. These funds are intended to address early projects that may be submitted prior to the legislature reconvening in January 2008 at which time it is expected that the Department of Safety, Bureau of Emergency Management will have a more comprehensive inventory of projects and their costs. The funds will be expended utilizing the traditional formula of 75% federal, 12.5% state and 12.5% local. Finally, the bill establishes a committee to study the distribution of financial disaster assistance and establishes a deadline of November 01, 2007 for its work. Vote 18-0.

Amendment (1697h)

Amend the title of the bill by replacing it with the following:

AN ACT making an appropriation for disaster relief assistance in response to the May 2006 and April 2007 floods and establishing a committee to study the distribution of financial disaster assistance.

Amend the bill by replacing all after the enacting clause with the following:

1 Appropriation; State Matching Funds for May 2006 Disaster Assistance Grants. In response to flood damage sustained by communities in May 2006, a sum not to exceed \$2,200,000 is hereby appropriated to the department of safety, bureau of emergency management, for the fiscal year ending June 30, 2007, as the required state match for federal disaster assistance funds from the Federal Emergency Management Agency (FEMA). With prior approval of the fiscal committee, the department of safety, bureau of emergency management shall distribute the funds appropriated by this act to any eligible FEMA applicant that submitted a timely request for such assistance based on the disaster area declaration date. The funds shall be distributed pursuant to the following funding formula: federal funds shall be used for 75 percent of eligible costs and state funds shall be used for the remaining costs, except that the local municipality first shall pay a portion of such remaining costs, not to exceed 12.5 percent of its total eligible costs. The governor is authorized to draw a warrant for said sum out of any money in the treasury not otherwise appropriated. Any unexpended funds shall lapse to the general fund on June 30, 2009.

2 Appropriation; State Matching Funds for April 2007 Disaster Assistance Grants. In response to flood damage sustained by communities in April 2007, a sum not to exceed \$1,500,000 is hereby appropriated to the department of safety, bureau of emergency management, for the fiscal year ending June 30, 2007, as the required state match for federal disaster assistance funds from FEMA. With prior approval of the fiscal committee, the department of safety, bureau of emergency management shall distribute the funds appropriated by this act for payment of claims in the order in which they were filed, to any eligible FEMA applicant that submitted a timely request for such assistance based on the disaster area declaration date. The funds shall be distributed pursuant to the following funding formula: federal funds shall be used for 75 percent of eligible costs and state funds shall be used for the remaining costs, except that the local municipality first shall pay a portion of such remaining costs, not to exceed 12.5 percent of its total eligible costs. The governor is authorized to draw a warrant for said sum out of any money in the treasury not otherwise appropriated. Any unexpended funds shall lapse to the general fund on June 30, 2009.

3 Committee to Study the Distribution of Financial Disaster Assistance Established.

I. There is established a committee to study the distribution of financial disaster assistance to local communities. The committee shall be comprised of 3 members, one of whom shall be appointed by the governor, one of whom shall be appointed by the senate president, and one of whom shall be appointed by the speaker of the house of representatives.

II. The members of the study committee shall elect a chairperson from among the members. The first meeting of the committee shall be called by the senate appointee. The first meeting of the committee shall be held within 30 days of the effective date of this section.

III.(a) The committee shall study policies relative to state and local matching funds required for federal disaster assistance from FEMA. The committee shall report its findings and any recommendations for proposed legislation to the president of the senate, the speaker of the house of representatives, the senate clerk, the house clerk, the governor, and the state library on or before November 1, 2007.

(b) The committee also shall study policies relative to state payment for private property damaged by disaster, as well as state payment for municipal expenses in municipalities, such as

Dorchester and Colebrook, that have not been declared disaster areas by FEMA. The committee shall report its findings and any recommendations for proposed legislation to the president of the senate, the speaker of the house of representatives, the senate clerk, the house clerk, the governor, and the state library on or before November 1, 2007.

4 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill appropriates state matching funds to the department of safety, bureau of emergency management, for disaster assistance to the communities that sustained flood damage in May 2006 and April 7. The bill also establishes a committee to study the distribution of disaster assistance to local communities.

Amendment adopted.

Committee report adopted and ordered to third reading.

SB 149, relative to the 2 family support councils for the developmentally disabled serving Lebanon and Claremont. **INEXPEDIENT TO LEGISLATE.**

Rep. Susan Emerson for Health, Human Services and Elderly Affairs: In 2005, the Department of Health and Human Services merged four area agencies and made one Northern Region and one Southwest Region which is Claremont and Lebanon. The North Country merger went well. They picked one delegate to send to the State Family Support Council with one vote. The Southwest Region wants two voting delegates. Lebanon asked the Department of Health and Human Services for a waiver to continue sending its own delegate and was denied. This is why this legislation was brought forward and is unnecessary. There is a danger this could be setting a precedent which we would later regret. Vote 10-5.

Committee report adopted.

SB 33-FN, equalizing the pay of administrative judges in the judicial branch. **MAJORITY: OUGHT TO PASS. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Frances D. Potter for the Majority of Judiciary: In the Senate this bill was supported unanimously in committee and in the entire body. The fiscal note indicates that the total cost for the two administrative judges affected would be a bit over \$20,000 (using current salary figures). The bill was presented on the basis of the Court's belief that "we're all in this together" thus the Superior Court administrative judge should not receive more than administrative judges in other courts. Vote 12-4.

Rep. Nancy J. Elliott for the Minority of Judiciary: This bill increases the pay for administrative judges in the Family Division and Probate Courts over the salary of the other sitting judges in these courts. The chief of the Supreme and Superior court are statutory posts appointed by the Governor and Council, the administrative judges are established by court rule and the judges appointed by the chief justices. The judge appointed as an administrative judge will take time from his or her duties sitting on the bench and not additional time. The pay should be the same as all judges in these courts.

Rep. Rowe spoke against.

Rep. Potter spoke in favor.

On a division vote, 178 members having voted in the affirmative and 134 in the negative, the majority committee report was adopted.

Ordered to third reading.

Reps. Coughlin and King declared a conflict of interest on **SB 33-FN** and did not participate.

SB 216, relative to certification of employee organizations to represent public employees. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Jeffrey P. Goley for the Majority of Labor, Industrial and Rehabilitative Services: The bill allows a bargaining unit to request certification of its representative through a petition accompanied by the signatures of a majority of the bargaining unit members. Technical corrections were made in addition to a compromise on the time period of the gathering of employee signatures. Vote 9-7.

Rep. Gary L. Daniels for the Minority of Labor, Industrial and Rehabilitative Services: The minority opposes SB 216 because: (a) there was no testimony that it was needed – the current system is working fine; (b) the passage of this bill strips public employees of their right to vote through secret ballots; (c) there was testimony that the AFL-CIO has called pledge cards "unreliable"; (d) the 180-day timeframe needed for the proposed process is inappropriate and significantly exceeds

the 45 days or less that the current process now takes; (e) the proposed process removes the safeguards that now exist for the certification process; and (f) the bill provides no mechanism for ensuring that employees (who may have signed a card six months earlier) have not changed their mind before submission of the cards for certification. For these reasons the minority believes that the legislature should not disrupt a process that has been working well, to the benefit of our public employees.

Majority Amendment (1322h)

Amend the bill by replacing sections 1 and 2 with the following:

1 New Paragraph; Public Employee Labor Relations; Definition. Amend RSA 273-A:1 by inserting after paragraph XI the following new paragraph:

XII. "Written majority authorization" means writings signed and dated by employees in the form of authorization cards, petitions, or such other written evidence as the public employee labor relations board under RSA 273-A:10 shall find suitable, in which a majority of employees in an appropriate bargaining unit designate an employee organization as their representative for the purpose of collective bargaining. Current employee signatures must be dated within the 6 months preceding the date on which the writings are offered to establish majority and exclusive representative status.

2 New Paragraph; Public Employee Labor Relations; Elections. Amend RSA 273-A:10 by inserting after paragraph VIII the following new paragraph:

IX. Notwithstanding any other provision of this section, the board shall certify and the public employer shall recognize as the exclusive representative an employee organization which has received a written majority authorization for the purpose of collective bargaining of all the employees in the bargaining unit. This rule shall apply only when no other employee organization has been and currently is lawfully recognized as the exclusive representative of the employees in the appropriate bargaining unit. When an employee organization offers evidence that it has received a written majority authorization, the employee organization and the public employer shall agree on a neutral party to conduct a confidential inspection of the evidence of written majority authorization. If within 10 days the employee organization and the public employer do not agree upon a neutral party, the board shall act as the neutral party. The neutral party shall verify the employee organization's majority support within the appropriate bargaining unit and report the results of such inspection in writing to the parties and, if the verification was conducted by an agreed neutral party, to the board, which shall in turn, certify the results to the parties in writing. The board shall establish rules and procedures for the prompt verification of evidence of written majority authorization, including safeguards to protect the privacy of individual employee choice, and shall provide that, absent exceptional cause, the verification procedure shall not last longer than 10 days from the appointment of the neutral party or from assumption by the board of the duties of the neutral party. Majority committee amendment adopted.

The question now being adoption of the majority committee report of Ought to Pass with Amendment. Reps. Bedrick and Daniels spoke against.

Rep. DiFruscia spoke against and yielded to questions.

Reps. Ryan and Sally Kelly spoke in favor.

Rep. Mears requested a roll call; sufficiently seconded.

SCR 3, urging preservation of traditional powers of state and local governments under international trade agreements. **MAJORITY: OUGHT TO PASS. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Kris E. Roberts for the Majority of State-Federal Relations and Veterans Affairs: As pertaining to the New Hampshire Constitution the purpose of SCR 3 is to ensure the governor of New Hampshire retains the opportunity to use the authority granted him/her by the people of this state to have input into any international and/or investment agreement that may be entered into by the federal government that could have a major impact on the citizens and businesses of New Hampshire. Whenever the U.S. Senate gives up its constitutional authority to approve all treaties by allowing the President "fast track" authority the citizens are placed at risk. There have been a number of occasions where the people of New Hampshire have paid a high price for fast tracked agreements. An issue of grave concern to many communities is who controls ground water withdrawal rights. SCR 3 tells our local congressional delegation that we as citizens desire that they withhold their final votes until the governor has had his/her input. The committee believes this resolution sends a timely message. Vote 10-3.

Rep. Alfred P. Baldasaro for the Minority of State-Federal Relations and Veterans Affairs: This bill is one of the most meaningless pieces of Legislation to come before the Legislature this year. It requests, since resolutions are non-binding by nature that the United States Trade Representative consult with state officials when negotiating trade agreements. The bombast of this resolution gets worse when it "instructs" the US Trade Representative to exempt New Hampshire from the trade agreements unless the state is the deciding partner. This resolution assumes that the Federal Government is trying to erode the rights of the state, but the statements in this resolution ignore something called the US Constitution: Article VI, paragraph 2 to be exact, a statement known as the Supremacy Clause. Our Constitution states: "This Constitution, and the Laws of the United States which shall be made in Pursuance thereof: and all Treaties made, or which shall be made, under the authority of the United States, shall be the supreme Law of the land." Whatever trade negotiations are made and adopted are done so by the authority that the people have vested in the Federal Government.

On a division vote, 191 members having voted in the affirmative and 106 in the negative, the majority committee report was adopted.

Ordered to third reading.

SB 144-FN, relative to the permissible sales commission on the sale of lottery tickets. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Michael G. Marsh for Ways and Means: This bill deals with four different aspects of the operation of the lottery and other games of chance: it authorizes the lottery commission to increase the commission paid to lottery agents from a maximum of 5% of sales to 6%; it repeals the restriction on sales from mobile units by sellers other than employees of the lottery commission; it allows the lottery commission to increase sales by offering, at its discretion, incentive awards of up to \$500 to agents meeting or exceeding their sales targets and up to \$30,000 to agents selling a jackpot ticket; and it increases the maximum payout percentage for the Tri-State lotto game so we are consistent with the other two states that offer the game. All of these changes were requested by the lottery commission so that it could meet its goal of increasing the sales of scratch and Tri-State lotto tickets, and the committee voted on a bi-partisan basis to accept the recommendations of the commission with small changes. The latter two items in the bill were contained in SB 73, tabled by the House in the last session, and the committee added them back to SB 144 because they are important to help the Lottery commission meet its revenue goals. Vote 11-1.

Amendment (1678h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to lottery ticket sales and revenue.

Amend the bill by replacing all after the enacting clause with the following:

1 Lottery Sales; Commissions. Amend the introductory paragraph of RSA 284:21-h, II(d) to read as follows:

(d) May be sold by or for the lottery commission at designated locations, other than grounds and campuses of public and private schools, colleges, and universities, by persons, whether natural, associate, or corporate, authorized to sell such tickets on a ~~[uniform]~~ **minimum** 5 percent commission basis for services rendered ~~[, which sum shall be the sole compensation paid to the principal for such ticket selling].~~ **The commission may establish higher sales commission rates no greater than 6 percent and other sales incentives deemed necessary to increase lottery sales.** All sales shall be subject to the rules and regulations of the commission provided:

2 Repeal. RSA 284:21-h, II(d)(1), relative to requiring that sales from mobile units be limited to sales by lottery commission employees, is repealed.

3 Modification of Incentive Caps. RSA 284:21-s is repealed and reenacted to read as follows:

284:21-s Incentive Awards for Ticket Sellers. The lottery commission is authorized to pay cash incentives, at a rate established by the commission but not to exceed \$30,000 for a jackpot winning ticket, or not to exceed \$500 for each incidence of meeting or exceeding lottery commission established sales goals, as an inducement to servants and agents, authorized to sell tickets pursuant to RSA 284:21-h, II(d).

4 Elimination of Payment Restriction. Amend RSA 287-F:9, II to read as follows:

II. Within one week after a tri-state lotto drawing has been held, the party state commission shall pay to the commission, who in turn shall promptly pay to an account known as the tri-state lotto prize account, moneys as are necessary for the payment of prizes, less actual prizes paid by the respective party state in the preceding week ~~[, but not to exceed 50 percent of the total amount for which tickets have been sold].~~

5 Elimination of Payment Restriction. Amend RSA 287-F:3 to read as follows:

287-F:3 Purpose. This compact is enacted to implement the operation of tri-state lotto, for the purpose of raising additional revenue for each of the party states. Tri-state lotto is not intended to replace any existing lottery game in the party states, but, rather, to be run in addition to these games. Tri-state lotto tickets shall be sold in each of the party states and processed in a central area to be determined by the tri-state lotto commission. ~~[Fifty percent]~~ **A percentage** of the gross sales from each state shall be aggregated in a common prize pool, and operating costs shall be charged proportionally to the party states. The remaining revenues generated within each state shall remain in that particular state.

6 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill modifies sales incentive caps for jackpot prizes and eliminates some restrictions on payments to the tri-state lotto commission.

This bill eliminates the set 5 percent commission rate on lottery ticket sales and allows the lottery commission to increase the retailer commission rate and establish sales incentives. This bill also repeals the restriction on sales from mobile units by sellers other than employees of the lottery commission.

Amendment adopted.

Committee report adopted and ordered to third reading.

SUSPENSION OF RULES

Reps. Wallner and Whalley moved that the rules be so far suspended as to allow the last day to act on Senate Bills to be moved to Thursday, June 7, 2007.

Adopted by the necessary two-thirds.

RESOLUTION

Rep. Wallner offered the following: RESOLVED, that the House now adjourn from the early session, that the business of the late session be in order at the present time, that the reading of bills be by title only and resolutions by caption only and that all bills ordered to third reading be read a third time by this resolution, and that all titles of bills be the same as adopted, and that they be passed at the present time, and when the House adjourns today it be to meet Wednesday, June 6, 2007 at 10:00 a.m.

Adopted.

LATE SESSION

Third reading and final passage

SB 168-FN, establishing tuition waivers for foster children.

SB 76-FN-L, establishing a commission to study the proper allocation of costs for transporting convicted persons and methods for minimizing the costs of transporting convicted persons.

SB 128-FN, establishing an enhanced penalty for injuring another as a result of resisting arrest.
SB 53, relative to membership of the board of trustees of the regional community-technical colleges.
SCR 4, calling on the President and the Congress to fully fund the federal government's share of special education services in public elementary and secondary schools in the United States under the Individuals with Disabilities Education Act.

SB 159-FN-L, relative to polling place arrangement and accessibility.

SB 207, extending the committee to study the funding necessary to operate the hazardous materials program in New Hampshire.

SB 46, requiring criminal conviction record checks of all applicants to practice medicine in New Hampshire.

SB 81, relative to the state building code.

SB 231, exempting certain department of corrections practices and procedures from the provisions of RSA 541-A.

SB 260-FN, relative to the location and budget practices of the lottery commission.

SB 139-FN, relative to the asset transfer penalty in Medicaid.

SB 153, establishing a committee to study changing statutory references to "mental retardation."

SB 182, establishing a committee to study the confidentiality of health care records in abuse and neglect proceedings.

SB 184-FN, relative to residential home care services providers.

SB 30, combining the judicial branch salary adjustment fund and the judicial branch benefit adjustment account into a single fund.

SB 107, authorizing the judicial branch family division and the superior court to use bail commissioners in civil cases.

SB 109, relative to emergency powers of the supreme court.

SB 113-FN, relative to the position of special justice in the district court.

SB 170-FN, establishing an office of mediation and arbitration within the judicial branch.

SB 162, establishing a commission to oversee and negotiate issues relative to the North American Free Trade Agreement (NAFTA) and the World Trade Organization (WTO).

SB 244, relative to employers withholding from employees' wages for certain purposes.

SB 265-FN, relative to the state apprenticeship council and the regulation of apprenticeship programs.

SB 106, allowing lobbyists and those connected with lobbyists to sit on committees established by the judicial branch.

SB 258, relative to reliance on ethics committee advisory opinions.

SB 56, relative to Old Drewsville Road in the town of Walpole.

SB 224-FN-A, relative to the telecommunications planning and development advisory committee.

SB 241, relative to availability of cable television in manufactured housing parks.

SB 95, relative to bingo games conducted by senior citizens' organizations.

SB 42-FN, prohibiting smoking in restaurants, cocktail lounges, and certain enclosed public places.

SB 52, relative to authorizing the attorney general to bring actions for violations of New Hampshire combination and monopolies law.

SB 135, establishing a commission to study lowering costs of health insurance for small businesses.

SB 254, relative to legal representation during contract negotiations.

SB 41, relative to the authority of law enforcement officers to obtain registration checks on motor vehicles for official purposes and prohibiting the use of automated number plate scanning devices.

SB 245, relative to the New Hampshire college tuition savings plan.

SB 91, relative to political contributions by corporations, partnerships, and labor unions.

SB 98, relative to party access to voter information.

SB 71, relative to setback requirements for new landfills located near designated rivers.

SB 35-FN-A, making an appropriation for disaster relief assistance in response to the May 2006 floods and establishing a committee to study the distribution of financial disaster assistance.

SB 33-FN, equalizing the pay of administrative judges in the judicial branch.

SB 216, relative to certification of employee organizations to represent public employees.

SCR 3, urging preservation of traditional powers of state and local governments under international trade agreements.

SB 144-FN, relative to the permissible sales commission on the sale of lottery tickets.

UNANIMOUS CONSENT

Rep. Graham addressed the House.

MOTION TO PRINT REMARKS

Rep. Daniel Eaton moved that the remarks made by Rep. Graham be printed in the Permanent Journal.

Adopted.

REMARKS

Rep. Graham: Thank you, Madam Speaker, and my colleagues for allowing me to take this time to address you. For over 140 years our nation has celebrated Memorial Day. It was first widely observed on May 30, 1868 to commemorate the sacrifices of Civil War soldiers by proclamation of General John A. Logan of the Grand Army of the Republic, an organization of former sailors and soldiers. On May 5, 1868, Logan declared in General Order No. 11 that: "The 30th day of May, 1868, is designated for the purpose of strewing with flowers or otherwise decorating the graves of comrades who died in defense of their country." Over this past weekend most, if not all, of us in the chamber participated in ceremonies commemorating those who have given that last full measure to this great nation of ours and yesterday many of us again gathered at our own NH Veterans Cemetery to pay homage to those who have made it possible for us to debate in chambers like this. It has been a year since I last stood here and paid my final respects to our fellow NH citizens who have died in the on-going war on terror. We may debate the causes and conduct of this conflict, but I am heartened that we have learned to separate the war from the warrior. In preparing to speak today I ran across a poem by Walt Whitman, entitled *Dirge for Two Veterans* (1900). In part, it reads:

O my soldiers twain! O my veterans, passing to burial!
 What I have I also give you.
 The moon gives you light,
 And the bugles and the drums give you music;
 And my heart, O my soldiers, my veterans,
 My heart gives you love.

So with gratitude, respect and love and recalling the phrase that always accompanies the presentation of our flag to the family of a fallen service member, "On behalf of a grateful nation," I ask that you join me in paying tribute to our fellow NH citizens who have fallen in the past year in Iraq or Afghanistan:

Captain Douglas DiCenzo	US Army	Plymouth
Sergeant Daniel R. Gionet	US Army	Pelham
Sergeant Russell M. Durgin	US Army	Henniker
Specialist Matthew Schneider	US Army	Gorham
Corporal Nicholas Arvanitis	US Army	Salem
Lance Corporal Ryan T. McCaughn	USMC	Manchester
Specialist Matthew Stanley	US Army	Wolfeboro
Specialist Toby Olsen	US Army	Manchester
Specialist Justin Rollins	US Army	Newport
Captain Jonathan D. Grassbaugh	US Army	Hampstead

If I have mispronounced a name, my sincere apologies. Thank you, Madam Speaker.

Rep. Roberts addressed the House.

MOTION TO PRINT REMARKS

Rep. Whalley moved that the remarks made by Rep. Roberts be printed in the Permanent Journal.
 Adopted.

REMARKS

Rep. Roberts: In America we have three dates that define us as a Nation and as a people, the first being July 4th. Independence Day, where we recognize the courage and foresight of our founding fathers who understood that failure was not an option. As one founding father stated, "If we lose,

we hang together.” The second is November 11th, Veterans Day, where we try to honor every single man, woman and child that has worn the uniform of our country, but most of all we want to say a special thanks to the 45,570,861 veterans that have served during time of war from 1775 to November 2006. Thirdly, and some may rightly say the most important but often the least acknowledged, is Memorial Day, a day that is not even uniformly acknowledged from year to year let alone from community to community. It is the rare person who truly understands that the death and suffering of war does not end when the peace treaty is signed and the victory parades have run their routes. We often weep for the youths that have had their lifeblood drained from them on the battlefields. We build statues to the ones that never returned. Elected leaders take photo ops with service members who have lost limbs. What about the ones that have returned to us only to depart before their time? The true heroes and warriors say little to nothing, they suffer a little each day in silence believing themselves to be the lucky ones; they made it home. For some, life will become a living hell unknowingly dying a little each day, for others a living death but in either case a life rarely known or understood by others. So today, as Americans, today as veterans, today as brothers and sisters in arms, today as family members, let us honor the 685,768 American service members that have spilled their life blood on battlefields under every condition imaginable to man and in every corner of this world. Let us honor the 540,490 who also lost their lives serving both at home, foreign posts and ports of call. That is 1,226,268 sons, fathers, grandfathers, brothers and now sisters and mothers along with a number too gut wrenching to say, children. We often forget those 12 year old boys beating the war drum alongside Old Glory and the battle colors proudly and bravely marching toward the sound of enemy fire, nor the young cabin boys proudly serving on ships of the line. Let us honor these proud service members by not talking of sacrifice but by talking of their accomplishments. Let us never display pity nor feel sorry for them, for they were the chosen few that stood up to be counted when it mattered the most. Many gave their lives knowingly and willingly not because they desired to be remembered as heroes, but deep down inside they knew it was the right thing to do. They understood, just as our founding fathers clearly understood, that the very survival of the nation often rested on their shoulders. They understood that conviction is the mother of courage. They understood that they were making a difference. As Teddy Roosevelt once stated, “The honor belongs to those that enter the arena, for many talk of entering but far too few will ever leave their seats to do so.” So let us all stand a little straighter, let us all stand a little taller and honor these brave men, women and children who have given me the opportunity to speak today and you the opportunity to listen, but let us never forget the pain, suffering, loss and sacrifice that their families made and many still endure.

UNANIMOUS CONSENT

Rep. Kjellman addressed the House.

MOTION TO PRINT REMARKS

Rep. Shurtleff moved that the remarks made by Rep. Kjellman be printed in the Permanent Journal. Adopted.

REMARKS

Rep. Kjellman: Thank you, Madam Speaker. On Monday, May 28th, following the Memorial Day parade in Henniker, on the gazebo at the community center and surrounded by a large crowd assembled for the occasion, Governor John Lynch signed into law House Bill 122, which named the Rte. 114 bridge in Henniker in memory of Army Sgt. Russell M. Durgin. Sgt. Durgin died June 13, 2006, a month before his 24th birthday, as his sniper team battled Taliban insurgents in the Korengal Valley of Northeastern Afghanistan. Russell and his twin brother Sean had joined the military with six other lacrosse team members who were graduating seniors at John Stark High School in 2001. Sean enlisted in the Air Force and Russell in the Army. Russell was on Army Reserve duty at Devens when the World Trade Center twin towers were hit in 2001. He switched to active duty infantry so he could be a part of the response to the attack on the United States. Russell was truly a hero. He earned a bronze star, with a V for valor, a silver star and a Purple Heart. In just a few years, he served in three theaters of war. First deployed to Korea along the DMZ, he had returned safely home only to be deployed just a few weeks later to Iraq. In Baghdad on July 19, 2004, Sgt. Durgin’s unit came under mortar attack and their tents burned to the ground. Two soldiers were killed and the survivors in the unit were left with just the clothes on their backs.

They had lost everything. Russell's twin brother, Airman Sean Durgin, about to fly home from his own deployment to Qatar, shipped his brother his uniforms, boots and sunglasses. Russell wore a bracelet bearing the name of one of the soldiers killed – later he was buried wearing that bracelet. Russell came home from Iraq, went to sniper school, and was assigned to the 10th Mountain Division at Ft. Drum, NY. He was a sniper team leader with HQ Company, First Battalion, 32nd Infantry Regiment, Task Force Spartan. He was deployed a third time – to Afghanistan. When he was killed, he was just two months away from returning to the States, to his family, and to his fiancée. Rarely do parents hear other's personal accounts of the kind of adults their children have become. Many accolades and military awards were given to Sgt. Durgin, but the following excerpt from the community newspaper of June 2006 for the 10th Mountain Division, describes Russell the soldier and Russell the man. "BAGRAM AIRFIELD, AFGHANISTAN – Soldiers, sailors, airmen, marines, coalition partners and Afghan allies lined the main road through Bagram Airfield and the flight line June 15 in solemn tribute to a fallen brother in arms. Allied leaders and service members snapped to attention as the casket bearing Sgt. Russell M. Durgin proceeded from the Joint Logistics Center to the C-130 airplane slated to fly him home. Durgin, a sniper team leader with Headquarters and Headquarters Company, 1st Battalion, 32nd Infantry Regiment, Task Force Spartan, died June 13 as his sniper team battled insurgents in the Korengal Valley of northeastern Afghanistan. The Henniker, N.H., native died a month before his 24th birthday. Durgin's entire Regional Command East chain of command assembled at Bagram to pay the fallen sniper final respects. Maj. Gen. Benjamin C. Freakley, Combined Joint Task Force-76 commander, and Command Sgt. Maj. Ralph C. Borja, attended alongside Col. John Nicholson, Task Force Spartan commander, and Command Sgt. Maj. James Redmore. Lt. Col. Chris Cavoli, 1-32 Infantry commander, and Command Sgt. Maj. Jimmy Carabello, Chosin Battalion command sergeant major, headed a delegation including most of Durgin's leaders, soldiers and closest friends. Staff Sgt. Richard F. Lightner, sniper section leader, served alongside Durgin since November 2003 and accompanied him during an Operation Iraqi Freedom rotation. He described Durgin as an irrepressible personality as well as an outstanding infantryman. "Under the worst circumstances, he'd have a smile on his face," he recalled. "That's the kind of guy he was." Lightner described Durgin as unflappable, praising his "Ability to make decisions under extreme circumstances" as well as his technical and tactical skills. "There's no question he contributed heavily to our success here," added Master Sgt. Kenneth Leslie, 3rd Brigade Special Troops Battalion operations noncommissioned officer. "He was like a son to me," added Leslie, who served with Durgin in B Company, 1-32 Infantry. "He was a first-class Soldier all around." Durgin's soldiers thought as highly of him as his leaders did. Spec. Cesar Cuellar, a sniper on Durgin's team, described his leader as an amiable, optimistic handyman with a lively sense of humor and a penchant for health, fitness and bodybuilding. The burly 6-foot, 1-inch sniper greeted Soldiers with banter, jokes and impressions of "Saturday Night Live" skits on many early mornings in the mountains of eastern Afghanistan. "He was a good leader," Cuellar recalled. "He wasn't about yelling or trying to humiliate you. He'd tell you what was wrong and how to fix something face to face. "When all the other NCOs were huddled together, he'd come and talk to the 'Joes'," he added. Cuellar said Durgin looked forward to marriage, construction work and a career in New Hampshire law enforcement after the Army. Durgin's amiability extended to Afghan National Army (ANA) allies as well as Americans. "He'd hang out with the ANA guys, even their commanders," Cuellar said. "Everyone in the camp knew who he was. One time, after we went out with the ANA and we got a couple Taliban, the company commander gave him an ANA patch." Soldiers saw Durgin's business side as well. "He wasn't afraid to take charge, even when there were senior guys around," Cuellar noted. "If he knew something a staff sergeant didn't, he wouldn't hesitate to take it into his own hands." Durgin's leadership touched some of his soldiers' lives profoundly. "Sgt. Durgin was an awesome leader," said Pfc. Ryan Woodring, another sniper. "He did everything to a 'T,' textbook. He took me under his wing and taught me everything. He was pretty much like a father to me," Woodring added. "I never had a father growing up, and he was the closest thing to a father I had." Durgin's sacrifice, skill, leadership and friendship left indelible marks on his section, company and battalion. "There are American Soldiers still alive in the Chosin Battalion because of his bravery and heroism on the battlefield in the Korengal Valley," Carabello said. "There should be a picture of Sgt. Durgin next to the NCO Creed," he added." The NCO creed, in part, reads:

I am proud of the Corps of Noncommissioned Officers and will at all times conduct myself so as to bring credit upon the Corps, the Military Service and my country regardless of the situation in

which I find myself...My two basic responsibilities will always be uppermost in my mind — accomplishment of my mission and the welfare of my soldiers...All soldiers are entitled to outstanding leadership; I will provide that leadership... I know my soldiers and I will always place their needs above my own. Officers of my unit will have maximum time to accomplish their duties; they will not have to accomplish mine. I will earn their respect and confidence as well as that of my soldiers. I will be loyal to those with whom I serve; seniors, peers, and subordinates alike. I will exercise initiative by taking appropriate action in the absence of orders. I will not compromise my integrity, nor my moral courage.

The mature person that Sgt. Russell Durgin had become since growing up in a small town in this small state was exemplary. One of Sgt. Durgin's superiors credits him with being a lifesaver, and the model of the NCO creed. Another loves him like a son, while yet a third young soldier loves him like a father. He was a hero to all of them and to all of us. What a tremendous loss his death is for the community of Henniker, the State of New Hampshire and for the United States. Please join me in a moment of silence in his memory.

MOMENT OF SILENCE

A moment of silence was observed in honor and memory of fallen Soldier, Army Sgt. Russell M. Durgin.

RECESS MOTION

Rep. Wallner moved that the House stand in recess for the purpose of enrolled bill amendments, enrolled bill reports and receiving Senate messages.
Adopted.

The House recessed at 4:05 p.m.

RECESS

(Rep. Wall in the Chair)

ENROLLED BILLS REPORT

The Committee on Enrolled Bills has examined and found correctly Enrolled House Bills numbered 32, 61, 71, 126, 135, 144, 191, 213, 217, 227, 249, 251, 312, 338, 362, 418, 440, 459, 542, 547, 556, 636, 705, 859, 889 and 907 and Senate Bills numbered 28, 40, 50, 65, 80, 87, 99, 100, 104, 105, 108, 124, 132, 145, 193, 194, 195, 221, 234 and 261.

Rep. Hager, Sen. D'Allesandro for the Committee

RECESS

(Rep. Franklin in the Chair)

SENATE MESSAGES

CONCURRENCE

HB 38, relative to terms of appointment for certain state officers.

HB 44, relative to the authority of authorized persons to take custody of nuisance dogs.

HB 298, relative to the healthy kids corporation.

HB 318, relative to large groundwater withdrawals.

HB 323, establishing a committee to study liquor commission revenues, enforcement, and training.

HB 396, establishing a commission to study autism spectrum disorders in New Hampshire.

HB 406, relative to access to state child support enforcement records.

HB 444, relative to parental rights in abuse and neglect cases.

HB 447, relative to net energy metering.

HB 519, requiring children 12 years of age or under to wear personal flotation devices.

HB 536, relative to the regulation of martial arts schools.

HB 549, relative to accepting a purchase and sale agreement on developed waterfront property.

HB 583-FN, relative to funding for HIV/AIDS services.

HB 673, allowing advanced registered nurse practitioners to certify walking disabilities.

HB 688, establishing the council on the relationship between public health and the environment.

HB 689, establishing a commission to study production and distribution of biodiesel fuel in New Hampshire.

HB 709, making various changes to department of revenue administration authority concerning property tax administration.

HB 803, relative to the sale of tax-deeded property.

HB 862-FN, establishing an incapacitated adult fatality review committee.

NONCONCURRENCE

HB 327, allowing collaborative pharmacy practice agreements to include pharmacy locations during declared emergencies.

HB 470, relative to the determination of parental rights and responsibilities.

HB 791-FN, establishing a commission to study the legal and social effects of permitting same gender marriage.

HB 802, relative to passenger restraints.

HCR 5, a resolution endorsing the National Health Insurance Act.

RE-REFERRED TO COMMITTEE

HB 115, relative to the procedure for counties to apply for, accept, and expend federal, state, or other grants.

HB 281, relative to the cancellation of buying club memberships.

HB 304, relative to the criteria under which guardianship over a minor is granted.

HB 367, relative to incompatible offices.

HB 380, relative to the forms of government under town charters.

HB 456, limiting liability for town health officers and overseers of public welfare when acting in the course of their official duties.

HB 692, allowing certain municipalities in economically depressed counties to adopt a property tax exemption for industrial construction.

HB 867-FN-L, relative to parent liability for court-ordered services in juvenile proceedings.

LAID ON THE TABLE

HB 143, relative to the apportionment of damages in civil actions.

HB 457, allowing local governing bodies to restrict lawn watering during declared droughts.

RECESS

(Speaker Norelli in the Chair)

Rep. Wallner moved that the House adjourn.

Adopted.

HOUSE JOURNAL No. 18

Wednesday, June 6, 2007

The House assembled at 10:00 a.m., the hour to which it stood adjourned, and was called to order by the Speaker.

Prayer was offered by the member from Holderness, Representative Sid Lovett.

Most gracious God, creator of life and sustainer of our lives together, we recall that we have come to do our duty. We are reminded that on June 6, 1944, hundreds of thousands of our citizens did their duty and so if we think we have a hard time, let's remember their sacrifice, their commitment and their success. Make us mindful of the needs of others. Help us to support those in our state who need an extra hand, that we may be instruments of Your peace and be about the legislative challenge. Amen.

Rep. Timothy Robertson, member from Keene, led the Pledge of Allegiance.

SPECIAL PRESENTATION

The Boscawen Elementary School 5th graders recited the *Gettysburg Address*. Students participating were Kayley Beers-Trottier, Shawna Duval, Brady Mock, Corey Boisvert, Brittany Fisher, Autumn Hoyt, Jen McMahon, Courtney O'Keefe, Cheyanne Sprague, Jordan Stacey, Makayla Beauchemin, Lily Davis, Jerome Warren, Ben Reed, Brady Wentworth and Jennifer Paille-Drew. They were accompanied by the Boscawen Elementary School librarian, Karen Meredith.

LEAVES OF ABSENCE

Reps. Dalrymple, Forest, Forsing, Grote, Stephen Johnson, Martineau, Pearson and Stohl, the day, illness.

Reps. Bleyler, Donald Flanders, Garcia, Hamm, Jeudy, Lessard, Manney, Matarazzo, Pelkey, Rausch, Serlin and Daniel Sullivan, the day, important business.

Rep. Ingersoll, the day, illness in the family.

Rep. Heald, the day, death in the family.

INTRODUCTION OF GUESTS

Students and teachers of the Polaris Leadership Group from Claremont Middle School, guests of the Claremont delegation. Members of the 4th grade class from Raymond Elementary School, guests of the Raymond delegation.

INTRODUCTION OF SPECIAL GUESTS

The Lebanon High School Track and Field Team, winners of the NHIAA 2007 Class I Track and Field State Championship. They were accompanied by their coach, Andrew Gamble.

INTRODUCTION OF SPECIAL GUESTS

Six winners of the distinguished Youth of the Year award, the highest honor awarded to a member of the Boys and Girls Club. Annual competitions are held in all Boys and Girls Clubs across the country to name a Youth of the Year. These extraordinary young people have in many cases overcome personal obstacles and challenges while helping to make outstanding contributions to their clubs, communities and families. The award winners from their respective Boys and Girls Clubs are: Martina Devlin from Nashua; Joseph Aberle from Derry; Katherine Mignanelli from Salem; Patrick Blanchette from Concord; Stephanie Ramos from Souhegan Valley; Kory Morrisette from the Lakes Region; and Heidy Rodriguez from Manchester, who is the State Youth of the Year winner and will represent New Hampshire in the Regional Competition this Summer.

INTRODUCTION OF SPECIAL GUESTS

Students who prepared the Penny Project display being presented at the front of the State House. They were accompanied by their advisor, Cindy Johnson.

COMMUNICATION

June 4, 2007

Ms. Karen Wadsworth
 Clerk of the House of Representatives
 State House
 Concord, NH 03301

Dear Karen:

Please be advised that the following representative-elect was sworn into office by the Governor and Executive Council on this day:

Hillsborough County District No. 9, David Scannell, d, Manchester (838 Maple St.) 03104

Sincerely,
 William M. Gardner
 Secretary of State

COMMITTEE REPORTS

CONSENT CALENDAR

Rep. Wallner moved that the Consent Calendar as printed in the day's House Record be adopted. **SB 191-FN-A**, relative to the nongame species account in the fish and game fund, removed by Rep. Henson.

Consent Calendar adopted.

Rep. Coughlin declared a conflict of interest on **SB 60**, **SB 133**, **SB 178**, **SB 209**, **SB 222** and **SB 237** and did not participate in the vote on the Consent Calendar.

SB 188, relative to unfair claim settlement practices by insurers. **OUGHT TO PASS WITH AMENDMENT.**

Rep. James R. Martin for Commerce: This bill, as amended, significantly increases the authority of the insurance department to address and correct unfair trade practices in the insurance industry. Specifically, it increases the penalty the commissioner may impose from \$2500 to \$25,000. In addition, where the commissioner has found an unfair claim settlement practice, he can order restitution to the aggrieved insured. Alternatively, the aggrieved insured can waive restitution and file suit in court. The committee believes that these increased penalties and remedies will give the insurance department the authority it needs to protect consumers from unfair practices. Vote 19-0.

Amendment (1768h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to orders and penalties for engaging in unfair insurance trade practices.

Amend the bill by replacing all after the enacting clause with the following:

1 Unfair Insurance Trade Practices; Orders and Penalties. RSA 417:10 is repealed and reenacted to read as follows:

417:10 Orders and Penalty.

I. If after hearing or at the expiration of the period set forth in a show cause order issued pursuant to this chapter, any person is found to have violated RSA 417:3, the commissioner may take one or more of the following actions:

- (a) Suspend, revoke, or refuse to renew the license of that person.
- (b) Impose an administrative penalty of not more than \$25,000 for each violation of RSA 417:3.
- (c) With respect to a violation based upon RSA 417:4, XV, order relief for actual economic losses sustained by an aggrieved insured as a result of such violation. Relief may be ordered under this subparagraph only when the aggrieved insured has agreed that such relief shall constitute a waiver of any action for the same cause that might otherwise be filed before an administrative agency or any court.

II. The commissioner may institute suits or other legal proceedings as necessary for the enforcement of any order under this section.

2 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill increases the penalties for engaging in unfair insurance trade practices.

SB 189, relative to medical benefits under motor vehicle insurance. **OUGHT TO PASS WITH AMENDMENT.**

Rep. James R. Martin for Commerce: This bill, as amended, clarifies and codifies an Insurance Department Bulletin regarding the medical payment portion required in all auto insurance policies. The bill provides that the insured shall have the exclusive right to submit a claim for medical expenses under either medical payments coverage or a health insurance policy or both, as the insured elects. It also prohibits coordination of benefits against medical payments coverage and provides that the insured shall not receive duplicate payment from both medical payments coverage and a health insurance policy for the same medical expense. Vote 19-0.

Amendment (1767h)

Amend the bill by replacing all after the enacting clause with the following:

1 Medical Payments. Amend RSA 264:16 to read as follows:

264:16 Medical Payments.

I. Any motor vehicle liability policy, as defined in RSA 259:61, covering a private passenger automobile and issued with respect to any motor vehicle registered or principally garaged in this state, shall provide *medical payments* coverage therein or supplemental thereto in an amount equal to or greater than \$1,000 per person for medical costs incurred as a result of injuries sustained in an accident involving the insured vehicle by the driver and passengers in said vehicle. Such coverage shall apply only to medical costs incurred during one year following the date the injuries are sustained.

II. A health carrier, as defined in RSA 420-G:2, VIII, shall not coordinate benefits against medical payments coverage.

III. Medical payments coverage shall not be assignable to any health care provider.

IV. The insured shall have the exclusive right to submit a claim for medical expenses under either medical payments coverage or a health insurance policy or both, as the insured elects; provided, however an insured shall not be entitled to duplicate payment from medical payments coverage and a health insurance policy for the same medical expense.

[H-] V. This section shall not apply to any commercial policy insuring more than 4 automobiles, nor to any commercial policy covering a garage, automobile sales agency, repair shop, service station, public parking place operation hazards, or trucking operation.

2 Effective Date. This act shall take effect upon its passage.

SB 185, relative to photo identification for persons released from correctional facilities and establishing a commission to study the services needed to help chronically homeless children in New Hampshire. **INEXPEDIENT TO LEGISLATE.**

Rep. David A. Welch for Criminal Justice and Public Safety: This bill mandates the county corrections to issue a non-driver photo ID to an inmate prior to release. The ID would be issued by the Department of Safety at the DOS facility pursuant to RSA 260:21 which states in part: "RSA 260:21, III. The identification card shall bear the name, address, social security number, date of birth, blood type (optional), picture and signature of the applicant..." While it may seem strange, occasionally persons may be convicted of a minor crime under an alias. The county and the Department of Safety could be issuing an official ID valid for 5 years for an inmate under an alias. The current practice in most, if not all, county correctional facilities are to issue a check to an inmate for unused funds in the inmate's commissary account. The check would be issued in whatever name is on the account and if needed a Temporary ID for the purpose of cashing such a check. It seems reasonable that a person upon release from the County House of Corrections could obtain a photo ID the same as any other citizen of the state without special treatment required in this bill that may violate the unfunded mandate prohibition in Part First, Article 28-a of the New Hampshire constitution. Vote 14-2.

SB 229, relative to restitution ordered against an inmate. **OUGHT TO PASS.**

Rep. Laura C. Pantelakos for Criminal Justice and Public Safety: Restitution ordered by the Department of Corrections for reimbursement due to destruction of corrections property is currently deposited in the general fund. The Department then goes to the fiscal committee to request the money. This bill allows the Department of Corrections to retain these funds to cover the damage. Vote 16-0.

SB 31, adding the chief justice of the supreme court or designee to the advisory council on emergency preparedness and security. **INEXPEDIENT TO LEGISLATE.**

Rep. James F. Headd for Executive Departments and Administration: The committee did not believe that adding the chief justice of the Supreme Court to the advisory council on emergency

preparedness was the prudent way to advance the court's preparedness. The court has responsibilities that are clear. They should have a better way to ensure their preparedness rather than being a member of an advisory council. Vote 11-3.

SB 125-FN, relative to certificates for architect business organizations. **OUGHT TO PASS.**

Rep. Peter B. Schmidt for Executive Departments and Administration: This bill seeks to protect the public by ending the illegitimate and misleading practice by some unlicensed businesses of purporting to provide architectural services without the actual involvement of a trained and licensed architect. The bill was unopposed and is supported by the Joint Board of Licensure and Certification of the State of New Hampshire. Vote 15-0.

SB 178-FN, relative to the judicial retirement plan. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Ken Hawkins for Executive Departments and Administration: This bill makes a number of changes to the judicial retirement system that was established in 2003. This bill eliminates the special account, allows one member of the board to be retired, changes the quorum from 5 to 4 members, but requires a unanimous vote if only 4 trustees vote. It also allows the trustees to give a COLA to retirees using up to \$50,000 without having to go to the fiscal committee. COLAs totaling more than \$50,000 would have to be approved by the fiscal committee and could not be given if the system was less than 90% funded. It also adds reporting functions from the trustees to the appropriate policy committees. Vote 13-2.

Amendment (1905h)

Amend the bill by replacing all after the enacting clause with the following:

I Board of Trustees; Retired Members. Amend RSA 100-C:11, II to read as follows:

II. The board of trustees of the judicial retirement plan shall consist of 7 members. The governor and council shall appoint 2 trustees, one of whom the governor shall designate to serve as chairman of the board of trustees, and who shall be qualified persons with business experience and not members of the judicial retirement plan, and who shall serve for a term of 3 years and until such trustee's successor is appointed and qualified, except that the original appointment of one of the trustees shall be for a term of one year. The chief justice of the state supreme court, with the advice and consent of the chief justice of the superior court and the administrative justices of the district and probate courts, shall appoint 3 trustees, ~~[who]~~ **at least 2 of whom** shall be active members of the judicial retirement plan **and one of whom may be a retired member**, and who shall serve for a term of 3 years and until such trustee's successor is appointed and qualified, except that the original appointment of one of the trustees shall be for a term of one year, and the original appointment of another of the trustees shall be for a term of 2 years. One member of the state senate shall be appointed biennially by the senate president as a trustee of the board, and one member of the house of representatives shall be appointed biennially by the speaker of the house as a trustee of the board.

2 Judicial Retirement Plan; Method of Financing; Interest. Amend RSA 100-C:13, III(f) to read as follows:

(f) All interest and dividends earned on the funds of the judicial retirement plan shall be credited to the state annuity accumulation fund. The board shall allow interest at such rate or rates as it shall determine from time to time on the individual accounts of members in the member annuity savings fund and shall annually transfer such interest amount from the state annuity accumulation fund. Such interest shall be compounded ~~[monthly]~~ **annually** or more frequently as the board of trustees may determine and shall be allowed to the date of processing upon termination of active service for any reason including withdrawal, retirement, or death.

3 Funding of Supplemental Allowances. RSA 100-C:13, III(g) is repealed and reenacted to read as follows:

(g) The board of trustees shall be permitted to pay out to, or for the benefit of, retired members retired after January 1, 2005 or their beneficiaries, supplemental benefits as provided in RSA 100-C:17, not to exceed \$50,000 in the aggregate per calendar year. Said benefits shall be on a nonrecurring basis. Supplemental benefits greater than \$50,000 per calendar year in the aggregate shall only be paid if the judicial retirement annuity accumulation fund earns at a level greater than the actuarial assumed rate of return approved by the board and the trust is at least 90 percent funded for that calendar year.

4 Supplemental Benefits. RSA 100-C:17, is repealed and reenacted to read as follows:

100-C:17 Supplemental Allowances. Each calendar year, the fiscal committee of the general court may approve supplemental benefits in an amount exceeding \$50,000 in the aggregate upon recommendation of the board. The board shall have the authority to provide supplemental benefits annually in such percentages or amounts as the board deems advisable, including the ability to segment or tier amounts based upon years without such a benefit. Supplemental benefits shall not be permanent. The board shall provide information required by the fiscal committee, including, but not limited to, any change in the Consumer Price Index-Urban for the year prior to the year in which the nonrecurring benefit is to be granted. Supplemental benefits greater than \$50,000 per year in the aggregate shall only be paid if the judicial retirement annuity accumulation fund earns at a level greater than the actuarial assumed rate of return approved by the board and the trust is at least 90 percent funded for that calendar year.

5 Quorum. Amend RSA 100-C:11, V to read as follows:

V. Each trustee shall be entitled to one vote in the board of trustees. ~~[Five]~~ **Four** trustees shall constitute a quorum for the transaction of any business. ***In the event of only four trustees voting at any meeting, a unanimous vote*** shall be necessary for any resolution or action by the board at ~~[any]~~ **such** meeting.

6 New Paragraph; Reports. Amend RSA 100-C:11 by inserting after paragraph X the following new paragraph:

XI. Following each calendar year, the board shall report to the fiscal committee of the general court and the executive departments and administration committees of the senate and house of representatives on the supplemental allowances paid pursuant to RSA 100-C:17. The board shall also annually provide copies of its annual report to the executive departments and administration committees of the senate and house of representatives.

7 Repeal. RSA 100-C:1, XX, relative to the definition of terminal funding, is repealed.

8 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill:

- I. Allows for a retired member to be appointed to the judicial retirement system board of trustees.
- II. Changes the method of determining and funding supplemental allowances or COLAs.
- III. Permits a quorum of only 4 trustees at a meeting of the board, with unanimous votes.
- IV. Requires certain reports to be made to legislative committees.

SB 209, requiring the board of trustees of the judicial retirement plan to study the inclusion of service of all judges who are not members of the judicial retirement plan. **INEXPEDIENT TO LEGISLATE.**

Rep. Daniel J. Sullivan for Executive Departments and Administration: This bill would have required the inclusion of the judicial retirement plan of judges who are otherwise not covered or who are not eligible for such benefits. A proposed amendment would have allowed certain judges who are not eligible to retire to terminate membership in the judicial retirement plan and withdraw their accumulated contributions, while continuing to work under "senior active" status. The committee felt this bill is meant to cater to a select few and was reluctant to craft legislation for just a couple of people. Vote 15-0.

SB 243-FN, relative to regulating home contractors. **INEXPEDIENT TO LEGISLATE.**

Rep. Francis B. Sullivan for Executive Departments and Administration: This bill would create a dilemma as to enforcement and qualifications. The committee agrees that regulation of home contractors and protection of the consumer is of high priority but this bill is far too encompassing to be fair to everyone on both sides of the issue. There were a number of subcommittee meetings, revisions and discussions to attempt to arrive at an amendment that would be fair to all. After much work the committee found it impossible to reconcile all differences. Vote 12-2.

SB 60-FN, relative to compensations for injuries and illnesses suffered by national guard members on state active duty. **OUGHT TO PASS.**

Rep. Benjamin C. Baroody for Finance: The purpose of this bill is to permit a National Guard member on state active duty who sustains an injury to receive state workers compensation benefits. This bill also requires a National Guard member who becomes ill while on active duty to be reimbursed the cost of any necessary medical treatments. The Adjutant General stated it would take effect on a rare occasion. Vote 25-0.

SB 68-FN-A, making an appropriation to the department of environmental services to implement the New Hampshire estuaries project's comprehensive conservation and management plan. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Peter R. Leishman for Finance: This bill as originally proposed would have provided \$250,000 in FY2008 and \$250,000 in FY2009 to the Department of Environmental Services (DES) to partially restore cuts made by the U.S. Environmental Protection Agency (EPA) to the state's estuaries project's comprehensive conservation and management program (NHEP). The EPA cuts have reduced the available federal funds from \$735,000 to \$418,000 in FY2008. The committee agrees with the sponsors and the policy committee regarding the value of this very important program. However, state funding for this program is not presently available. The committee would strongly encourage the DES to include appropriate funding for this program in their next budget if federal funding has not been restored to a level necessary to protect this vital state resource. Vote 24-1.

Amendment (1783h)

Amend the bill by replacing section 1 with the following:

1 Appropriation. The sum of \$1 for the fiscal year ending June 30, 2008 and the sum of \$1 for the fiscal year ending June 30, 2009 are hereby appropriated to the department of environmental services, for the purposes of implementing the New Hampshire estuaries project's comprehensive conservation and management plan by undertaking activities, making grants, and entering into contracts to accomplish actions identified in the New Hampshire estuaries project's approved implementation plan. The governor is authorized to draw a warrant for said sums out of any money in the treasury not otherwise appropriated.

SB 215-FN-A, making an appropriation for AIDS services. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Bonnie G. Mitchell for Finance: This bill replaces federal funds (\$1 million) lost in Ryan White. The original bill makes an appropriation to the human immunodeficiency virus prevention program to DHHS to provide grants to certain AIDS service organizations. The original bill allocated a sum of \$500,000 ending June 2008. The amendment removes the dollar allocation to each AIDS service organization to one amount and leaves the appropriation to each program based on number of clients served. It also adds \$500,000 for FY2009. Vote 25-0.

Amendment (1798h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to funding for the human immunodeficiency virus prevention program and certain AIDS services organizations.

Amend the bill by replacing all after the enacting clause with the following:

1 Department of Health and Human Services; Human Immunodeficiency Virus Prevention Program. The department shall expend the sums of \$500,000 in the fiscal year ending June 30, 2008 and \$500,000 in the fiscal year ending June 30, 2009 for the human immunodeficiency virus prevention program in the department of health and human services for the purchase of antiretroviral drugs. The department shall fund the program from funds appropriated to the department in the state operating budget in fiscal years 2008 and 2009.

2 Department of Health and Human Services; Grants to AIDS Services Organizations. The department shall expend the sums of \$500,000 in the fiscal year ending June 30, 2008 and \$500,000 in the fiscal year ending June 30, 2009 for grants to the following AIDS services organizations: a Community Resource Network (ACORN) in Lebanon; AIDS Response-Seacoast in Portsmouth; AIDS Services for Monadnock in Keene; the Greater Manchester AIDS Project; and Southern New Hampshire HIV/AIDS Task Force in Nashua. The department shall fund said grants from funds appropriated to the department in the state operating budget in fiscal years 2008 and 2009.

3 Effective Date. This act shall take effect July 1, 2007.

AMENDED ANALYSIS

This bill provides funding for the human immunodeficiency virus prevention program within the department of health and human services and certain AIDS services organizations.

SB 222-FN, relative to health insurance for national guard members. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Benjamin C. Baroody for Finance: This bill will cover the states share of Tri-Care health insurance for members of the National Guard and their families who are on state active duty for

more than 30 days. This would cover those members who do not have other health insurance and include the whole month in which the active duty ends. The Adjutant General could not state any occasion in 35 years when this would have been in effect. Tri-Care is a federally managed program in which the federal government pays 50% and the state would pay 50%. Vote 25-0.

Amendment (1906h)

Amend RSA 110-B:6-a as inserted by section 1 of the bill by replacing it with the following:
110-B:6-a Active State Service; Required Health Coverage.

I. National Guard members ordered to or retained on state active duty for longer than 30 days who do not have other health care coverage shall elect TRICARE coverage. The state shall pay the TRICARE premiums, up to a maximum of 100 percent of the service member's share of the premium for the period of state active duty to include the whole month in which the state active duty ends.

II. The governor is hereby authorized to draw a warrant for sums sufficient to pay for premiums paid under this section out of any money in the treasury not otherwise appropriated, and said sums are hereby appropriated.

SB 263, establishing a committee to study Medicaid payments for hospital-based physicians and outpatient services and establishing a moratorium on certain reimbursement policy changes pending the study's recommendations. **INEXPEDIENT TO LEGISLATE.**

Rep. John DeJoie for Finance: This bill is relative to outpatient Medicaid billing, also known as Revenue Code 510. Since this bill is essentially the same as HB 43, which has been appropriately amended and passed by the Senate, this bill is no longer needed. Vote 25-0.

SB 237, establishing a council on employment issues affecting veterans. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Marlene M. DeChane for Labor, Industrial and Rehabilitative Services: The committee agreed with the prime sponsor's intent that veterans should have the ability to find and maintain jobs. With many of our young veterans returning from the Middle East, the New Hampshire Veterans Commission will work with these folks on issues that are specific to them. The committee along with the sponsor agree this is a pro-active response to the needs of our men and women returning home and who may have special needs due to the conditions they endured while serving our country. Vote 15-0.

Amendment (1440h)

Amend the title of the bill by replacing it with the following:

AN ACT establishing a commission on employment issues affecting veterans.

Amend the bill by replacing all after the enacting clause with the following:

1 Findings and Purpose.

I. The legislature finds that:

(a) The unemployment compensation and employment service programs of the New Hampshire department of employment security have assisted the unemployed and underemployed worker for 70 years. During that time the workplace has changed. Nationally, as well as locally, many veterans, especially young veterans between the ages of 18 and 24, are having difficulty finding and maintaining employment.

(b) In a continuously changing workforce, many veterans are especially at risk due to the difficulties adjusting to the differences between military and civilian employment.

II. The purpose of this act is to establish a commission to study methods of enhancing the unemployment compensation program to meet the needs of New Hampshire's veterans. The commission shall also explore ways to promote full employment for underemployed veterans and seek solutions for other problems associated with veterans obtaining and maintaining employment.

2 Commission Established. There is established a commission to study employment issues affecting veterans.

3 Membership and Compensation.

I. The members of the commission shall be as follows:

(a) Two members of the senate, one of whom shall be a member of the commerce, labor and consumer protection committee, appointed by the president of the senate.

(b) Two members of the house of representatives, one of whom shall be a member of the state-federal relations and veterans affairs committee and one of whom shall be a member of the labor, industrial and rehabilitative services committee, appointed by the speaker of the house of representatives.

- (c) The commissioner of the department of employment security, or designee.
- (d) The labor commissioner, or designee.
- (e) The commissioner of the department of resources and economic development, or designee.
- (f) The commandant of the New Hampshire veterans home, or designee.
- (g) One member of the state veterans advisory committee, appointed by the chairman.
- (h) One representative of a labor union, appointed by the governor.
- (i) One person representing the disability insurance industry, appointed by the governor.
- (j) One person appointed by the New Hampshire state veterans council.
- (k) One person appointed by the United States Department of Labor's New Hampshire State Veterans Employment and Training Service.
- (l) One person appointed by the New Hampshire Employer Support for the Guard and Reserve.
- (m) One person appointed by the New Hampshire Veterans of Foreign Wars.
- (n) One person appointed by the New Hampshire American Legion.
- (o) One person appointed by the Disabled American Veterans.
- (p) One representative of New Hampshire Legal Assistance, appointed by the executive director.
- (q) The chairperson of the Workforce Opportunity Council, or designee.
- (r) A representative of the business community, appointed by the governor.

II. Legislative members of the commission shall receive mileage at the legislative rate when attending to the duties of the commission.

4 Duties. The commission shall study methods of enhancing the unemployment compensation program to meet the needs of New Hampshire veterans. The commission shall also explore ways to promote full employment for underemployed veterans and seek solutions for other problems associated with veterans obtaining and maintaining employment. For purposes of the commission's study, "veteran" means current members and former members of the armed forces, national guard, and reserve units.

5 Chairperson. The members of the commission shall elect a chairperson from among the members. The first meeting of the commission shall be called by the first-named senate member. The first meeting of the commission shall be held within 45 days of the effective date of this section.

6 Report. The commission shall report its findings and any recommendations for proposed legislation and other proposals to the president of the senate, the speaker of the house of representatives, the senate clerk, the house clerk, the governor, the members of the executive council, the commissioner of the department of employment security, and the state library. The first report shall be submitted on or before November 1, 2007, an interim report shall be submitted on or before November 1, 2008, and a final report shall be submitted on or before November 1, 2009.

7 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill establishes a commission on employment issues affecting veterans.

SB 206-FN-L, relative to the investment authority of local government entities. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Bennett F. Moore for Municipal and County Government: As amended the bill permits a city to purchase the stock of a company instead of only purchasing a company's physical assets. The City Of Nashua and the Pennichuck Corporation are in negotiations for Nashua's acquisition of the company's stock. The Municipal and County Government added the requirement that the Public Utilities Commission (PUC) make a public interest determination prior to any purchase. The granting of this authority is only one aspect of negotiations between the two parties and when passed will enable the parties to continue on the same track that is currently being taken. Vote 15-0.

Amendment (1938h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to the investment authority of local government entities and authorizing the city of Nashua to purchase Pennichuck Corporation stock.

Amend the bill by replacing all after the enacting clause with the following:

1 County Treasurers. Amend RSA 29:3 to read as follows:

29:3 Excess Funds. Whenever the county treasurer has in custody an excess of funds which are not immediately needed for the purpose of expenditure the county treasurer may, with the approval of the county commissioners and county executive committee ***and upon such terms as shall be approved by the county commissioners***, invest the same ~~[in short-term obligations of the United States or]~~ in participation units in the public deposit investment pool established pursuant to RSA 383:22[; ~~upon such terms as shall be approved by the county commissioners~~] ***or in obligations fully guaranteed as to principal and interest by the United States government. The obligations may be held directly or in the form of securities of or other interests in any open-end or closed-end management-type investment company or investment trust registered under 15 U.S.C. section 80a-1 et seq., if the portfolio of the investment company or investment trust is limited to such obligations and repurchase agreements fully collateralized by such obligations.*** Any person who directly or indirectly receives any such funds or moneys for deposit or for investment in securities of any kind shall, prior to acceptance of such funds, make available at the time of such deposit or investment, an option to have such funds secured by collateral having a value at least equal to the amount of such funds. Such collateral shall be segregated for the exclusive benefit of the county. Only securities defined by the bank commissioner in rules adopted pursuant to RSA 386:57 shall be eligible to be pledged as collateral. At least yearly, the county treasurer, with the approval of the county commissioners, shall review and adopt an investment policy for the investment of public funds in conformance with the provisions of applicable statutes.

2 Investment by Single Trustee. Amend RSA 31:26 to read as follows:

31:26 Investments by Single Trustee. In towns which have chosen a single trustee of trust funds such funds shall be invested only by deposit in any federally or state-chartered bank or association authorized to engage in a banking business in this state, ~~[or in bonds, notes or other obligations of the United States government;]~~ or in state, county, town, city, school district, water and sewer district bonds and the notes of towns or cities in this state and when so invested the trustee shall not be liable for the loss thereof; and in any common trust fund established by the New Hampshire Charitable Foundation in accordance with RSA 292:23; ***or in obligations fully guaranteed as to principal and interest by the United States government. The obligations may be held directly or in the form of securities of or other interests in any open-end or closed-end management-type investment company or investment trust registered under 15 U.S.C. section 80a-1 et seq., if the portfolio of the investment company or investment trust is limited to such obligations and repurchase agreements fully collateralized by such obligations.*** Deposits in a federally or state-chartered bank or association shall be made in the name of the town which holds the same as a trust, and it shall appear upon the books thereof as a trust fund. Any person who directly or indirectly receives any such trust funds for deposit or for investment in securities of any kind shall, prior to acceptance of such funds, make available at the time of such deposit or investment an option to have such funds secured by collateral having value at least equal to the amount of such funds. Such collateral shall be segregated for the exclusive benefit of the town depositing or investing such funds. Only securities defined by the bank commissioner as provided by rules adopted pursuant to RSA 386:57 shall be eligible to be pledged as collateral. The trustee may retain investments as received from donors until the maturity thereof.

3 Refunding Bonds. Amend RSA 33:3-d, II to read as follows:

33:3-d Refunding Bonds.

II. Refunding bonds shall be payable in installments, the first of which shall be not later than the earliest stated principal maturity date of the bonds being refunded and the last of which shall be not later than the last date on which the bonds being refunded could have been made payable under that law applicable to the bonds being refunded. The installment payments of refunding bonds shall be arranged in accordance with RSA 33:2 except that any installment that is payable earlier than the date on which the first installment is required to be made payable may be in any amount. The proceeds of refunding bonds, exclusive of any premium and accrued interest and any proceeds used to pay issuing or marketing costs, shall, upon their receipt, be paid immediately to the paying agent for the bonds which are to be called and prepaid; and such paying agent shall hold such proceeds in trust until the bonds are redeemed. While such proceeds are held in trust, they may be invested for the benefit of the municipality or county ~~[in obligations issued or guaranteed by the United States of America or by any agency or instrumentality thereof, or]~~ as may be provided in any other applicable law of the state of New Hampshire relating to the investment or deposit of municipal or county funds; and the income derived from investment may be expended to pay the

principal of and redemption premium, if any, on the refunded bonds and interest thereon until they are redeemed. Refunding bonds issued in accordance with this section shall be subject to the same statutory limit of indebtedness, if any, as the bonds refunded; provided, however, that upon the issuance of the refunding bonds, the bonds refunded shall no longer be counted in determining any limit of indebtedness of the municipality or county.

4 Treasurer's Duties. Amend RSA 197:23-a to read as follows:

197:23-a Treasurer's Duties. The treasurer shall have custody of all moneys belonging to the district and shall pay out the same only upon orders of the school board or upon orders of the 2 or more members of the school board empowered by the school board as a whole to authorize payments. The treasurer shall deposit the moneys in participation units in the public deposit investment pool established pursuant to RSA 383:22, or in solvent banks in the state, except that funds may be deposited in banks outside the state if such banks pledge and deliver to a third party custodial bank or the regional federal reserve bank collateral security for such deposits United States government obligations, United States government agency obligations, or obligations of the state of New Hampshire in value at least equal to the amount of the deposit in each case. The amount of collected funds on deposit in any one bank shall not at any time exceed the sum of its paid-up capital and surplus. The treasurer shall keep in suitable books provided for the purpose a fair and correct account of all sums received into and paid from the district treasury, and of all notes given by the district, with the particulars thereof. At the close of each fiscal year, the treasurer shall make a report to the district, giving a particular account of all of the treasurer's financial transactions during the year. The treasurer shall furnish to the school board statements from the books, and submit the books and vouchers to them and to the auditors for examination, whenever so requested. Whenever the treasurer has in custody an excess of funds which are not immediately needed for the purpose of expenditure, the treasurer shall, with the approval of the school board, invest the same ~~[in obligations of the United States government;]~~ in participation units in the public deposit investment pool established pursuant to RSA 383:22, in savings bank deposits of banks incorporated under the laws of the state of New Hampshire or in certificates of deposits and repurchase agreements of banks incorporated under the laws of the state of New Hampshire or in banks recognized by the state treasurer ***and obligations fully guaranteed as to principal and interest by the United States government. The obligations may be held directly or in the form of securities of or other interests in any open-end or closed-end management-type investment company or investment trust registered under 15 U.S.C. section 80a-1 et seq., if the portfolio of the investment company or investment trust is limited to such obligations and repurchase agreements fully collateralized by such obligations.*** Any person who directly or indirectly receives any such funds for deposit or for investment in securities of any kind shall, prior to acceptance of such funds, make available at the time of such deposit or investment an option to have such funds secured by collateral having a value at least equal to the amount of such funds. Such collateral shall be segregated for the exclusive benefit of the district. Only securities defined by the bank commissioner as provided by rules adopted pursuant to RSA 386:57 shall be eligible to be pledged as collateral. At least yearly, the school board shall review and adopt an investment policy for the investment of public funds in conformance with the provisions of applicable statutes.

5 New Section; Purchase of Pennichuck Corporation Stock by the City of Nashua.

I. Notwithstanding the provisions of any law to the contrary, the city of Nashua is authorized to purchase the stock of Pennichuck Corporation or one or more of its subsidiaries upon agreement with such corporations. The public utilities commission shall make a public interest determination prior to any such purchase. For the purpose of obtaining control of the plant and property of Pennichuck Corporation or its subsidiaries, the city may acquire and hold such stock, or establish one or more business corporations under RSA 293-A. Except as otherwise provided in this section, the provisions of RSA 38 shall apply to the acquisition of stock by the city.

II. The acquisition of such stock shall be deemed to be within the policy and purposes of RSA 38 if, prior to the acquisition of stock as provided in this section, the board of aldermen of the city find that:

(a) The acquisition of stock, rather than the direct acquisition of plant and property, will provide a more orderly method for the city to establish, own, and operate a municipal water utility consistent with the purposes of RSA 38.

(b) The acquisition of stock, rather than the direct acquisition of plant and property, will be financially beneficial to the city and its customers and will, therefore, be in the best interests of the city and provide a public benefit.

III. The acquisition by the city of the stock of Pennichuck Corporation or its subsidiaries as provided by this act is a purpose for which the city may issue bonds and notes pursuant to RSA 33-B. 6 Effective Date.

I. Sections 1-4 of this act shall take effect 60 days after its passage.

II. The remainder of this act shall take effect upon its passage.

AMENDED ANALYSIS

This bill:

I. Modifies the investment authority of local government entities.

II. Authorizes the city of Nashua to purchase the stock of Pennichuck Corporation.

SB 111, permitting a dam to be constructed on Lake Ivanhoe in the town of Wakefield. **OUGHT TO PASS.**

Rep. Lawrence M. Kappler for Resources, Recreation and Development: This bill will allow drainage of high water at Lake Ivanhoe to prevent flooding. The construction design would be of a storm drain culvert to pipe flood water to Great East Lake. This bill is for permitting only and the project would be privately funded. Vote 15-0.

SB 157, establishing a committee to study the criteria necessary for the creation of a master plan for the development of future all-terrain vehicle parks. **INEXPEDIENT TO LEGISLATE.**

Rep. David H. Russell for Resources, Recreation and Development: It was the unanimous feeling of the committee that this legislation is unnecessary. The likelihood of the bureau of trails pursuing another ATV park in the foreseeable future is very slim. The last thing we need at this time is another study committee for something that may never happen. Vote 15-0.

SB 97, relative to unemployment administrative contributions and the training fund, and transferring the job training program administered by the department of regional community-technical colleges to the department of resources and economic development. **OUGHT TO PASS.**

Rep. Michael G. Marsh for Ways and Means: This bill changes the portion of the unemployment insurance tax that is applied to administrative fund from .1% to .2%, and uses these funds to pay no more than half of the cost of approved employee job training programs and to pay for unemployment services that were previously funded by the federal government for which the state is now responsible. The bill was supported by the BIA, the technical colleges, and DRED, who called it the single most important legislation for economic development this session. The committee heard testimony that the state's unemployment insurance trust fund is very solid, and the unemployment tax is the second lowest in the country. The funds used to support training will come from taxes imposed on businesses, and the benefit will go primarily to employees who will have enhanced skills as a result of the training. In a previous iteration, the fund assisted over 150 companies and 5000 workers at a cost to the state of less than \$2,000,000. The training program has been especially valuable as a tool for smaller companies. More than one third of the companies taking advantage of the program have fewer than 50 employees, while companies with more than 500 employees received only 7% of the grants. The committee determined on a unanimous basis that the program will be an important addition to our economic development activities. Vote 16-0.

SB 133-FN, relative to the escrow fund for court facility improvements. **OUGHT TO PASS.**

Rep. Christine C. Hamm for Ways and Means: Currently the court system deposits part of the entry fee charged to court users into an escrow fund for facility improvements/repairs that fall short of capital expenditures yet exceed ordinary maintenance, e.g. asbestos abatement, improved signage and carpet replacement. This bill repeals a \$20 surcharge currently assessed by the legislature and changes the amount of the escrow deposit from \$3 to 7 percent. Working in conjunction with the legislature, the judicial branch will increase certain filing fees, with a net overall effect of \$201,081 (\$188,180 for court facility improvements and \$12,901 for the general fund). Vote 17-0.

REGULAR CALENDAR

SB 197, relative to continuation of group health insurance in the event of divorce or legal separation. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Susi Nord for the Majority of Commerce: Approximately 15% of people who lose their health insurance coverage do so due to divorce. This bill acknowledges that an arbitrary court date does

not mean that people are not still part of each others' family. Especially when there are children involved, divorced spouses are often still intertwined financially, by childcare responsibilities and emotionally. It allows that a divorced spouse may remain on the family health insurance plan for up to three years following the actual date of the divorce decree or until one spouse remarries. The benefits of this are numerous: it allows a primary childcare giver to make childcare arrangements and find employment; it allows an underemployed person the opportunity to seek job training skills; or it simply delays one more major life change until both parties are more stable. This is enabling legislation in that it does not require a spouse to continue coverage unless the divorce decree requires it. However for those with such a requirement, it saves the family the cost of an additional insurance plan when there was already one in place. Right now a family plan costs the same for one parent with kids or two parents with kids; however after a divorce the second parent is forced to find coverage elsewhere, even though the rest of the family is still covered under the original plan and the cost of that plan has not gone down. SB 197 will help keep health insurance more affordable after the disruption of a divorce, lower the number of people who lose their health insurance coverage after a divorce and acts as a bridge for people at a difficult time in their lives. Vote 13-6.

Rep. John B. Hunt for the Minority of Commerce: Although the concept that just because a family gets divorced they don't stop being a family when it comes to health insurance coverage may seem reasonable, it does come with a cost. Even before a divorce many New Hampshire couples choose between their two employers for their family's health insurance. That decision takes in the quantity of benefits and the amount of cost sharing with the employer. After a divorce it is very tempting to require the employer to continue those richer benefits by court order. If only one spouse has an employer who offers health insurance, they may have fewer options but creating a new mandate on small employers will only drive employers to force families to pay a higher percentage of the premium. Unfortunately, this bill only affects small employers. The minority of the committee certainly appreciates that divorce can be very painful economically, but SB 197 will certainly come at a cost for all small employers. If the divorced spouse moves away, then a health insurance company will have to pay higher out of state providers and therefore will require higher premiums for everyone. The reality is that by the time a couple finally gets the court-approved divorce, one of the spouses is remarried soon after which would eliminate the other spouse from taking advantage of this legislation. But most importantly it delays the potential of the divorcee who does not have insurance from going into the individual market where New Hampshire needs more purchasers, which will help to lower premiums in the struggling individual market.

Majority Amendment (1911h)

Amend the bill by replacing all after the enacting clause with the following:

1 Group or Blanket Policy Provisions. Amend RSA 415:18, VII(e) to read as follows:

(e) The conversion provision shall also be available, upon the death of the employee or member, to the surviving spouse with respect to those family members who are then covered by the group policy, and shall be available to a child solely with respect to himself upon his attaining the limiting age of coverage under the group policy while covered as a dependent thereunder. The conversion provision shall also be available to a former dependent spouse upon remarriage of the group plan member, *after exhaustion of continuation coverage pursuant to RSA 415:18, VII(g)(1), if applicable, and upon termination of the former spouse's eligibility for group coverage under RSA 415:18, VII-b or RSA 415:18, VII(g)(1)*. A former dependent spouse shall exercise the conversion within 31 days of the remarriage of the group plan member.

2 Group or Blanket Policy Provisions. Amend RSA 415:18, VII(g)(1)(G) to read as follows:

(G) The individual, surviving spouse, divorced spouse, legally separated spouse, or dependent shall elect to continue the participation in the group plan according to rules adopted by the commissioner under RSA 541-A. The individual, surviving spouse, or dependent shall be responsible for payment of premiums which may include an administrative fee not to exceed 2 percent of the monthly premium to the employer or policyholder throughout the extension period. Any divorced spouse or legally separated spouse who is responsible for making a portion of or full payment to the employer shall notify the employer and the insurance company, in writing, within 30 days of the decree of divorce or separation *or such later date as is permitted under RSA 415:18, VII-b*, that coverage under this subparagraph is requested. Any employee who is responsible for making a portion of or full payment to the employer shall likewise notify the employer and the insurance company, in writing within 30 days of the decree of divorce or separation *or such later date as is permitted*

under RSA 415:18-b, that coverage under this subparagraph is requested. The employer shall have the right to terminate coverage for a former dependent spouse who is receiving coverage under this subparagraph if any payment for the coverage is not received from the former dependent spouse within 30 days of the date the premium payments are due. If any payment for the coverage for which the employee is responsible is not received from the employee within 30 days of the date the premium payments are due, the employer shall have the right to terminate coverage for a former dependent spouse; however, no such termination shall occur without 30 days' prior *written* notice to the former dependent spouse, during which time the former dependent spouse shall be given an opportunity to make the payments due or to secure payment from the employee. Upon termination of the extension period, the member, surviving spouse, divorced spouse, legally separated spouse, or dependent shall be entitled to exercise any option which is provided in the group plan to elect a converted policy. After timely receipt of the premium payment from the individual, surviving spouse, divorced spouse, legally separated spouse, or dependent, if the employer fails to make payments to the insurer or health service corporation or health maintenance organization, with the result that coverage is terminated, the employer shall be liable for benefits to the same extent as the insurer or health service corporation or health maintenance organization would have been liable if coverage had not been terminated.

3 New Paragraph; Group or Blanket Policy Provisions. Amend RSA 415:18 by inserting after paragraph VII-a the following new paragraph:

VII-b. Any group or blanket accident and health insurance policy covering a resident of New Hampshire shall contain the following provisions:

(a) Upon a final decree of divorce or legal separation, if one spouse is a member of a group or blanket accident and health insurance policy, the former spouse who is a family member or eligible dependent under said policy prior to the date of the decree shall be and remain eligible for benefits under said policy, without additional premium or examination, as if said decree had not been issued. Such eligibility shall not be required if the decree expressly provides otherwise.

(b) The former spouse shall be eligible for coverage pursuant to this section through the member's participation in a group or blanket accident and health insurance policy while such policy remains in force or is replaced by another group or blanket policy covering the member, until the earliest of the following events occurs:

- (1) The 3-year anniversary of the final decree of divorce or legal separation;
- (2) The remarriage of the former spouse;
- (3) The remarriage of the member;
- (4) The death of the member; or
- (5) Such earlier time as provided by the final decree of divorce or legal separation.

(c) Upon the occurrence of the earliest of the events set forth in subparagraph (b), other than remarriage of the former spouse, the former spouse shall have the right to continuation coverage under RSA 415:18, VII(g)(1)(C) and (D). An insurance carrier may charge a premium for the former spouse's continuation coverage under this subparagraph, in accordance with RSA 415:18, VII(g)(1)(G). The former spouse shall request enrollment under RSA 415:18, VII(g)(1)(G), in writing, within 30 days after the first occurring of the events set forth in subparagraph (b), provided that the former spouse may not request enrollment upon remarriage of the former spouse. If the first occurring event is the member's remarriage or death, the former spouse may request enrollment under RSA 415:18, VII(g)(1)(G), in writing, within 30 days after receiving notice of said event.

(d) In the event of the former spouse's remarriage, the former spouse shall notify the insurance carrier, in writing, within 30 days after the date of remarriage, and the effective date of termination of the former spouse's eligibility pursuant to this section shall be the date of remarriage.

(e) The member or former spouse shall submit to the insurance carrier evidence of the former spouse's eligibility under this section within 30 days after the final decree of divorce or legal separation. If the group or blanket accident and health insurance policy existing as of the date of the decree is replaced by another group or blanket policy covering the member that is issued by a different insurance carrier, said carrier may request that the member or former spouse submit evidence of the former spouse's eligibility under this section within 30 days of the effective date of the member's coverage under the replacement policy. A former spouse's coverage under the member's group or blanket accident and health insurance policy pursuant to this section shall be effective as of the date of the final decree of divorce or legal separation in the case of a then existing policy, or, in the case of a replacement policy, the effective date of the member's coverage under such policy.

(f) The former spouse shall notify the insurance carrier, in writing, of any address other than the member's address to which notices and correspondence pertaining to the former spouse's coverage should be mailed, including but not limited to notice of cancellation and any right to reinstate coverage, and the carrier shall use such address until it receives written notice from the former spouse of a change.

(g) Upon termination of the eligibility of a former spouse for coverage pursuant to this section, and the exhaustion of continuation coverage under RSA 415:18, VII(g)(1), if applicable, said former spouse shall be entitled to exercise any option which is provided in the group plan to elect a converted policy, as provided by RSA 415:18, VII(e), or to apply for individual coverage. If the group plan does not contain a conversion option, the former spouse shall have the right to apply for individual coverage and be referred to the high risk pool under RSA 420:G-5, V.

4 Group Health Insurance Plans. Amend RSA 458:18-a to read as follows:

458:18-a Group Insurance Plans. Upon a decree of nullity ~~[or]~~, divorce, *or legal separation*, if one spouse is a member of a group health insurance plan and the employer or any other sponsor is responsible for the payment of the premium required by the insurer as the consideration for providing coverage to an ex-spouse, such premium shall be paid either by the health insurance plan member, the ex-spouse of the member, or by both the member and the ex-spouse as they shall agree or as shall be ordered in the decree of divorce by the court. The provisions of this section shall apply to dental coverage provided by such group health insurance plan and shall apply whether or not the ex-spouse is receiving child support payments. ***This section shall apply only to continued coverage under RSA 415:18, VII(g)(1) or 29 U.S.C. section 1161, and shall not affect or limit any rights of the former spouse under RSA 415:18, VII-b.***

5 Contingent HB 921-FN; Definition; Continuation of Coverage; Termination of Coverage. Amend RSA 415:18, XV(c) to read as follows:

(c) "Individual" means any person covered under a group health plan, including but not limited to, the covered employee, the spouse of the covered employee, whether surviving, dependent, former dependent, *divorced* or legally separated; or the dependent child of the employee, and any other person including a child born or placed for adoption with the covered employee, who is covered under a group health plan through the employment relationship.

6 Contingent HB 921-FN; Continuation of Coverage. Amend RSA 415:18, XVI(c)(4)(B) to read as follows:

(B) The divorce or the legal separation of the covered employee *or, if the employee's former spouse has been covered pursuant to RSA 415:18, VII-b, the first occurring of any of the following events:*

- (i) *The remarriage of the covered employee;*
- (ii) *The death of the covered employee;*
- (iii) *The 3-year anniversary of the final decree of divorce or legal separation; or*
- (iv) *Such earlier time as provided by said decree;*

7 Contingent HB 921-FN; Continuation of Coverage. Amend RSA 415:18, XVI(g)(2) to read as follows:

(2) Where the employee's spouse is also covered by the group plan, and there is a divorce or legal separation, the employee shall notify the employer of the divorce or separation within 30 days, and shall provide the employer and carrier with the employee's spouse's mailing address. In case of a divorce or legal separation, the carrier shall provide a separate notice of the right to continue to the divorced or separated spouse. The divorced or separated spouse may elect to continue coverage *pursuant to this section* by notifying the carrier within 45 days of the date of the notice and remitting the premium payment. ***The notice and election provisions of this paragraph shall also apply if the divorced or legally separated spouse of the employee has been covered pursuant to RSA 415:18, VII-b, upon the occurrence of any of the following events:***

- (A) *The remarriage of the employee;*
- (B) *The death of the employee;*
- (C) *The 3-year anniversary of the final decree of divorce or legal separation; or*
- (D) *Such earlier time as provided by the final decree of divorce or legal separation.*

8 Contingent HB 921-FN; Continuation of Coverage. Amend RSA 415:18, XVI(g)(4) to read as follows:

(4) Where an individual declines the right to continue coverage *pursuant to this section*, waiver shall be made by an affirmative means of declination, including but not limited to written declination of continuation coverage or electronic contact to the employer or plan administrator. An individual shall have the right to revoke the notice of declaration anytime within the specified election period.

9 Contingent HB 921-FN; Continuation of Coverage. Amend the introductory paragraph of RSA 415:18, XVI(h) to read as follows:

(h) End of Continuation Coverage. Nothing in this paragraph shall require a carrier to continue coverage *pursuant to this section* beyond:

10 Contingent HB 921-FN; Group or Blanket Policy Provisions. RSA 415:18, VII-b is repealed and reenacted to read as follows:

VII-b. Any group or blanket accident and health insurance policy covering a resident of New Hampshire shall contain the following provisions:

(a) Upon a final decree of divorce or legal separation, if one spouse is a member of a group or blanket accident and health insurance policy, the former spouse who is a family member or eligible dependent under said policy prior to the date of the decree shall be and remain eligible for group benefits as a family member or eligible dependent under said policy, without additional premium or examination, as if said decree had not been issued. Such eligibility shall not be required if the decree expressly provides otherwise.

(b) The former spouse shall be eligible for coverage pursuant to this section through the member's participation in a group or blanket accident and health insurance policy, while such policy remains in force or is replaced by another group or blanket policy covering the member, until the earliest of the following events occurs:

- (1) The 3-year anniversary of the final decree of divorce or legal separation;
- (2) The remarriage of the former spouse;
- (3) The remarriage of the member;
- (4) The death of the member; or
- (5) Such earlier time as provided by the final decree of divorce or legal separation.

(c) Upon the occurrence of the earliest of the events set forth in subparagraph (b), other than remarriage of the former spouse, the former spouse shall have the right to continuation coverage under RSA 415:18, XVI. An insurance carrier may charge a premium for the former spouse's continuation coverage under this subparagraph, in accordance with RSA 415:18, XVI. The former spouse shall request enrollment under RSA 415:18, XVI, in writing, within 30 days after the first occurring of the events set forth in subparagraph (b), provided that the former spouse may not request enrollment upon remarriage of the former spouse. If the first occurring event is the member's remarriage or death, the former spouse may request enrollment under RSA 415:18, XVI, in writing, within 30 days after receiving notice of said event.

(d) In the event of the former spouse's remarriage, the former spouse shall notify the insurance carrier, in writing, within 30 days after the date of remarriage, and the effective date of termination of the former spouse's eligibility pursuant to this section shall be the date of remarriage.

(e) The member or former spouse shall submit to the insurance carrier evidence of the former spouse's eligibility under this section within 30 days after the final decree of divorce or legal separation. If the group or blanket accident and health insurance policy existing as of the date of the decree is replaced by another group or blanket policy covering the member that is issued by a different insurance carrier, said carrier may request that the member or former spouse submit evidence of the former spouse's eligibility under this section within 30 days of the effective date of the member's coverage under the replacement policy. A former spouse's coverage under the member's group or blanket accident and health insurance policy pursuant to this section shall be effective as of the date of the final decree of divorce or legal separation in the case of a then existing policy, or, in the case of a replacement policy, the effective date of the member's coverage under such policy.

(f) The former spouse shall notify the insurance carrier, in writing, of any address other than the member's address to which notices and correspondence pertaining to the former spouse's coverage should be mailed, including but not limited to notice of cancellation and any right to reinstate coverage, and the carrier shall use such address until it receives written notice from the former spouse of a change.

(g) Upon termination of the eligibility of a former spouse for group coverage pursuant to this section, said former spouse may apply for individual coverage or the high risk pool, whichever is applicable.

(h) Eligibility of a former spouse for group coverage pursuant to this section exists independent of any right to continuation of coverage under RSA 415:18, XVI. To the extent that there is a conflict between this paragraph and RSA 415:18, XVI with respect to eligibility for group coverage upon a final decree of nullity, divorce or legal separation, the provisions that confer greater rights on the former spouse shall apply unless the decree expressly provides otherwise.

11 Contingent HB 921-FN; Group Health Insurance Plans. Amend RSA 458:18-a to read as follows:

458:18-a Group Insurance Plans. Upon a decree of nullity, divorce, or legal separation, if one spouse is a member of a group health insurance plan and the employer or any other sponsor is responsible for the payment of the premium required by the insurer as the consideration for providing coverage to an ex-spouse, such premium shall be paid either by the health insurance plan member, the ex-spouse of the member, or by both the member and the ex-spouse as they shall agree or as shall be ordered in the decree of divorce by the court. The provisions of this section shall apply to dental coverage provided by such group health insurance plan and shall apply whether or not the ex-spouse is receiving child support payments. This section shall apply only to continued coverage under RSA 415:18, ~~[VII(e)(1)]~~ XVI or 29 U.S.C. section 1161, and shall not affect or limit any rights of the former spouse under RSA 415:18, VII-b.

12 Contingency. If HB 921-FN of the 2007 legislative session becomes law, section 1 of this act shall not take effect, sections 2-4 of this act shall take effect January 1, 2008, and sections 5-11 of this act shall take effect January 1, 2008 at 12:01 a.m. If HB 921-FN of the 2007 legislative session does not become law, sections 1-4 of this act shall take effect January 1, 2008, and sections 5-11 of this act shall not take effect.

13 Effective Date.

I. Sections 1-11 of this act shall take effect as provided in section 12 of this act.

II. The remainder of this act shall take effect upon its passage.

Majority committee amendment adopted.

The question now being adoption of the majority committee report of Ought to Pass with Amendment. Rep. Hunt spoke against.

Rep. DeStefano spoke in favor.

Rep. Wallner requested a roll call; sufficiently seconded.

----------------	--------------------

and the majority committee report was adopted.
Ordered to third reading.

SB 233-FN, relative to sales by beverage manufacturers and relative to the definition of specialty beer. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: OUGHT TO PASS WITH AMENDMENT.**

Rep. John B. Hunt for the Majority of Commerce: The bill as it came from the Senate has two parts. The first part addresses a United States Supreme Court ruling that states who permits in-state vintners to sell directly to consumers may not deny that same right to out-of-state producers.

Discrimination in interstate commerce is an unconstitutional trade barrier. This bill, with the amendment, contains a severability clause that will protect New Hampshire's liquor laws if some part is found invalid. The bill also addresses the one obvious discrimination where our current laws allow only New Hampshire microbrewers to self distribute. The committee amendment allows an out-of-state beverage vendor license to self distribute with the same restrictions as an in-state beer manufactures. The second part of the bill was more controversial. Although stores can sell wine coolers or wine up to 24% alcohol, current law limits beer at 12% and flavored malt beverages or FMBs at 6% alcohol. The committee struggled with the Senate version that allowed for sales of both beer and FMBs to be sold up to 14%. The primary concern is that some believe that FMBs are targeted to underage drinkers. The committee's amendment creates a study committee to address whether FMBs with a higher alcohol level should be allowed in New Hampshire and at a different tax rate than beer. The amendment also allows beer over 12% to be sold in New Hampshire with the approval of the liquor commission. The commission already has an approval process to review new beers and insure that inappropriate products will not be permitted in the state. Finally, the committee amendment requires that any beer over 6% must have the alcohol percentage on the label on the bottle. Vote 17-2.

Rep. Joel F. Winters for the Minority of Commerce: Letting the liquor commission decide the alcohol content of specialty beers is a change from current laws, which set a maximum of 12 percent. Every specialty beer, from 15, 20 or up to 25 percent could be sold if the liquor commission allows. Vesting this power to the commission, instead of setting the percentage in statute, is passing the buck. It is our responsibility as legislators to outline the policy that the various departments should follow. Let us continue to set that policy with the minority amendment. Specialty beers with up to 18% alcohol by volume would be permitted.

Majority Amendment (1916h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to specialty beer, relative to sales by beverage vendor licensees, and establishing a committee to study flavored malt beverages.

Amend the bill by replacing all after the enacting clause with the following:

1 Alcoholic Beverages; Definitions; Specialty Beers. Amend RSA 175:1, LXIV-a to read as follows:

LXIV-a. "Specialty beer" means any beer as defined in RSA 175:1, VII intended for human consumption as a beverage, having an alcohol content greater than 6 percent but not more than 12 percent by volume at 60 degrees Fahrenheit. ***The commission may approve any specialty beer greater than 12 percent.***

2 New Section; Alcoholic Beverages; Severability. Amend RSA 175 by inserting after section 7 the following new section:

175:8 Severability. If any provision of this title, or the application thereof to any person or circumstance is held invalid, the invalidity does not affect the other provisions or applications of the title which can be given effect without the invalid provisions or applications and to this end the provisions of this title are severable.

3 Beverage Vendor License. Amend the section heading of RSA 178:15 to read as follows:

178:15 Beverage Vendor ***License.***

4 New Paragraphs; Beverage Vendor License; Distribution. Amend RSA 178:15 by inserting after paragraph IV the following new paragraphs:

V. A holder of a beverage vendor license who represents a manufacturer who manufactures 15,000 barrels or less during its licensing period, as shown by its monthly brewer's reports and tax payments filed with the U.S. Department of the Treasury, Alcohol and Tobacco Tax and Trade Bureau may elect to distribute the beverages manufactured by it directly to New Hampshire retail licensees or to distribute its beverages pursuant to RSA 180, provided that total in-state direct retail sales do not exceed 5,000 barrels.

VI. All sales made to New Hampshire retailers under this section shall be products and packages approved by the commission, be C.O.D., and shall not be subject to the provisions of RSA 179:13. All product shall be transported in accordance with RSA 178:14 and be accompanied by a priced invoice showing in detail all product delivered, a copy of which shall be mailed to the commission by the vendor 2 days prior to the day of delivery.

VII. All sales made to New Hampshire retailers under this section shall be subject to the provisions of RSA 178:26.

5 New Section; Specialty Beer Label Requirements. Amend RSA 179 by inserting after section 40 the following new section:

179:40-a Specialty Beer Label Requirements. No person shall sell any specialty beer unless the label on the container and any packaging for the consumer clearly states the percent of alcohol by volume of the specialty beer.

6 Flavored Malt Beverages Study Committee.

I. There is established a committee to study flavored malt beverages.

II. The members of the committee shall be as follows:

(a) Three members of the house of representatives, one of whom shall be from the ways and means committee, appointed by the speaker of the house of representatives.

(b) One member of the senate, appointed by the president of the senate.

III. Members of the committee shall receive mileage at the legislative rate when attending to the duties of the committee.

IV. The committee shall study all aspects of the distribution and sale of flavored malt beverages in New Hampshire.

V. The members of the study committee shall elect a chairperson from among the members. The first meeting of the committee shall be called by the first-named house member. The first meeting of the committee shall be held within 45 days of the effective date of this section. Three members of the committee shall constitute a quorum.

VI. The committee shall report its findings and any recommendations for proposed legislation to the speaker of the house of representatives, the president of the senate, the house clerk, the senate clerk, the governor, and the state library on or before November 1, 2007.

7 Effective Date.

I. Section 5 of this act shall take effect January 1, 2008.

II. The remainder of this act shall take effect upon its passage.

AMENDED ANALYSIS

This bill changes the definition of specialty beer and prohibits the sale of specialty beer unless the label indicates alcohol content. This bill permits certain beverage vendor licensees to distribute beverages manufactured by them directly to retailers. This bill also establishes a committee to study flavored malt beverages.

Majority committee amendment adopted.

Majority committee report adopted and ordered to third reading.

SB 262, establishing a committee to study certain prohibitions on smoking. **INEXPEDIENT TO LEGISLATE.**

Rep. James R. Martin for Commerce: This bill would create a committee to study smoking indoors, outdoors and every place in between. No one appeared before the committee or subcommittee to testify in favor of this bill. The committee believes that SB 42 expresses the will of the committee and the will of the people and that further study is not necessary. No reasons were suggested by anyone in favor of this bill. Vote 13-5.

Committee report adopted.

CACR 18, relating to funding of public education. Providing that the general court shall define an adequate education, regularly determine the cost thereof, fund not less than fifty percent of the total statewide cost of an adequate education each year and distribute state aid to promote equal opportunity to receive an adequate education. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: OUGHT TO PASS WITH AMENDMENT.**

Rep. Marjorie K. Smith for the Majority of Finance: The Committee amendment has three main components. First, it makes clear that the legislature has the responsibility, with regard to elementary and secondary education in the public schools, to define standards, determine the level of state funding and establish standards of accountability. Second, it requires that every school district receive a reasonable share of state funds. Third, it acknowledges that local communities have both rights and responsibilities for public education that differ from community to community and the state, in honoring the differences among local communities, may allocate state funds in order to mitigate local disparities in education opportunity and fiscal capacity. The committee amendment avoids the use of words which have no statutory or constitutional basis so as to avoid as much as possible future misunderstandings. Vote 15-10.

Rep. Neal M. Kurk for the Minority of Finance: The minority of the Committee respectfully disagrees with the majority amendment to CACR 18 and offers its own. While the two amendments share certain principles, they differ in other important aspects. The minority amendment: (1) uses the constitutional word “establish” to reaffirm that the legislature is the policy making branch of NH government, as stated in Part II, Article 5 of the Constitution, and more effectively states that the legislature shall “reasonably establish,” thereby making it more explicit that the appropriate level of judicial review shall be that of a rational basis; (2) makes clear that education is a “shared responsibility” with local communities, referring specifically to “local control,” knowing that local participation in the decision making process always produces the best results; and (3) ensures that every school district receives a reasonable share of funding on a per pupil basis, which guarantees a base amount while offering the possibility of targeting funds to mitigate local disparities and meet local needs. The minority believes that its amendment is more clear and specific, thereby reducing the possibility of misinterpretation and is written in a way that New Hampshire voters will understand and approve.

Majority Amendment (1971h)

Amend the title of the resolution by replacing it with the following:

RELATING TO: funding of public education.

PROVIDING THAT: the legislature shall define standards for education, determine the level of state funding thereof, establish standards of accountability, and allocate state funds in a manner that mitigates disparities in educational opportunity and fiscal capacity, provided every school district receives a share of the funds.

Amend paragraph I of the resolution by replacing it with the following:

I. That the second part of the constitution be amended by inserting after article 83 the following new article:

[Art.] 83-a [Funding Public Education.] In fulfillment of the state’s duties set forth in the preceding article, the legislature shall have the authority and responsibility to reasonably define standards for elementary and secondary education in its public schools, determine the level of state funding thereof and establish standards of accountability. The legislature shall have the authority to allocate state funds for public education in a manner that honors the rights and responsibilities of local communities and that reasonably will mitigate local disparities in educational opportunity and fiscal capacity, provided that every school district receives a reasonable share of the state funds. Amend paragraph IV of the resolution by replacing it with the following:

IV. That the wording of the question put to the qualified voters shall be:

“Are you in favor of amending the second part of the constitution by inserting after article 83 a new article to read as follows:

[Art.] 83-a [Funding Public Education.] In fulfillment of the state’s duties set forth in the preceding article, the legislature shall have the authority and responsibility to reasonably define standards for elementary and secondary education in its public schools, determine the level of state funding thereof and establish standards of accountability. The legislature shall have the authority to allocate state funds for public education in a manner that honors the rights and responsibilities of local communities and that reasonably will mitigate local disparities in educational opportunity and fiscal capacity, provided that every school district receives a reasonable share of the state funds.”

AMENDED ANALYSIS

This constitutional amendment concurrent resolution provides that the legislature shall define standards for public education, determine the level of state funding, establish standards of accountability, and allocate funds in a manner that mitigates disparities in educational opportunity and fiscal capacity. Reps. Kimberly Shaw, Gary Richardson, John Kelley and Peterson spoke against. Reps. Reardon and Marjorie Smith spoke in favor. Rep. Marjorie Smith requested a roll call; sufficiently seconded.

REGULAR CALENDAR (CONT'D)

SB 18-FN, raising the age of required attendance of children in school. **MAJORITY: OUGHT TO PASS. MINORITY: OUGHT TO PASS WITH AMENDMENT.**

Rep. Marjorie K. Smith for the Majority of Finance: This bill raises the school leaving age to 18 while at the same time attempting to systematize a wide variety of program alternatives which can be utilized in a plan developed by the student, a parent or guardian, a guidance counselor and the principal. There is no funding in this bill, because the budget and other bills do provide additional funding. The Committee notes the economic benefit to the individual and the community directly related to an increase in the number of our citizens who earn a high school diploma. This bill is widely supported by the business community as well as law enforcement and social service agencies. The year's delay in implementation will give school districts time to assess the resources already in place and develop procedures to make sure every child is in the right place to do the best he or she can do to prepare to play a useful role in society. Vote 13-12.

Rep. Kenneth L. Weyler for the Minority of Finance: The narrow margin by which this bill passed is reflective of real concerns. The minority feels it is an unfunded mandate on local districts and could lead to large cost increases. Even though most of the bill has a 2009 deadline, the school districts have already passed next year's budgets, so there is only one year to make the changes required for compliance. Many districts have created drop out prevention programs. It is more appropriate to analyze these programs and find which ones are most successful and worthy of state support. Forcing unwilling students to remain in classrooms where their activities are often disruptive is a negative for the other students. We are not sure this bill will treat that problem.

Rep. Weyler offered minority committee amendment (1901h).

Minority Amendment (1901h)

Amend the bill by replacing all after section 5 with the following:

6 Applicability. This act shall take effect in each school district of the state beginning July 1, 2009 only after both of the following occur:

I. The commissioner of the department of education certifies to the secretary of state and the governor that sufficient funds are available to the department to fully fund the educational programs, services, and personnel and, where appropriate, the alternative learning plans as set forth in RSA 193:1, I(g), necessary to provide appropriate educational services to children who are at least 16 years of age but under 18 years of age and who, but for the increase in the age of compulsory attendance set forth in RSA 193:1, I(a), would not have attended school; and

II. The school board of the school district certifies to the commissioner of the department of education that the school district is able to comply with the provisions of this act.

7 Effective Date.

I. Sections 1-5 of this act shall take effect as provided in section 6 of this act.

II. The remainder of this act shall take effect upon its passage.

AMENDED ANALYSIS

This bill raises from 16 to 18 the age for compulsory school attendance and provides a procedure for a pupil who is at least 16 years of age to obtain an attendance waiver from school and requires that the commissioner of the department of education and the school board of a school district certify their respective abilities to comply with the provisions of the bill.

Rep. Weyler spoke in favor and yielded to questions.

Rep. Foose spoke against.

Rep. Foster requested a roll call; sufficiently seconded.

and the minority committee amendment failed.
Rep. Itse offered floor amendment (2056h).

Floor Amendment (2056h)

Amend RSA 193:1, I(g)(3) as inserted by section 1 of the bill by replacing it with the following:

(3) If the superintendent does not approve the alternative learning plan, the parent or guardian of the pupil may appeal such decision to the local school board. A parent or guardian may appeal the decision of the local school board to the state board of education consistent with the provisions of RSA 21-N:11, III. A parent or guardian of the pupil may object to the alternative learning plan by notifying the superintendent of such objection. The superintendent shall not approve an alternative learning plan that is the subject of an objection by a parent or guardian of the pupil. If a parent or guardian of the pupil objects after a plan is approved, the superintendent shall rescind the approval and any waiver that may have been granted under this subparagraph.

Rep. Itse spoke in favor.

Rep. Rous spoke against.

Rep. Foster requested a roll call; sufficiently seconded.

and the majority committee report was adopted.

Ordered to third reading.

The House recessed at 12:25 p.m.

RECESS**(Speaker Norelli in the Chair)**

The House reconvened at 1:45 p.m.

MOTION TO RECONSIDER

Having voted with the prevailing side, Rep. Peterson moved that the House reconsider its action whereby it voted to indefinitely postpone **CACR 18**, relating to funding of public education. Providing that the general court shall define an adequate education, regularly determine the cost thereof, fund not less than fifty percent of the total statewide cost of an adequate education each year and distribute state aid to promote equal opportunity to receive an adequate education.

Reps. Peterson, Daniel Eaton, Bergin and Marjorie Smith spoke against.

Reps. James Garrity and Itse spoke in favor and yielded to questions.

Reps. Vaillancourt, Lynne Ober, Whalley and Stepanek spoke in favor.

Rep. Hess requested a roll call; sufficiently seconded.

MOTION TO PRINT DEBATE

Rep. Vaillancourt moved that the debate relative to *CACR 18*, relating to funding of public education. Providing that the general court shall define an adequate education, regularly determine the cost thereof, fund not less than fifty percent of the total statewide cost of an adequate education each year and distribute state aid to promote equal opportunity to receive an adequate education, be printed in the Permanent Journal.

Rep. Lund requested a roll call; sufficiently seconded.

REGULAR CALENDAR (CONT'D)

SB 67-FN-A, relative to implementation of the recommendations of the YDC master plan and making an appropriation therefor. **OUGHT TO PASS.**

Rep. Larry A. Emerton for Finance: This bill implements the recommendations of the 17 member YDC Master Plan Task Force Committee which did an in-depth study of the entire property. SB 67-FN-A has two major parts: 1) It provides \$200,000 to subdivide two vacant properties on the far northeasterly portion of the 150 acres (-+) site in preparation for them to be placed for sale, to decommission three large buildings for possible future use and demolish and asbestos abate two buildings, the Sanders and East Cottage; 2) it instructs the department to sell two vacant homes (1165 & 1188 N. River Rd.) for no less than their appraised market value of \$420,000; with the proceeds to be deposited in the state general fund. Vote 23-2.

Rep. Emerton yielded to questions.

Committee report adopted and ordered to third reading.

SB 82-FN, reorganizing the administration and governance of the regional community-technical college system. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Kenneth L. Weyler for Finance: This bill continues a long term evolution for what started as a system of trade schools over 60 years ago. In the last ten years, the system has evolved into community technical colleges. This involved the offering of more liberal arts courses and a new type of accreditation. This new accreditation allows greater transferability of course credits to other colleges and universities. This has the consequence of making college more affordable for NH students. The bill allows more independence in the governance of what now will be named the Community College System of New Hampshire, but less than the University System. The Community College System will still be dependent on many state systems, including retirement, and auditing. The committee had concerns that are addressed by the amendment: 1) the concern that technical programs might be deemphasized was allayed by both a statement in the purpose paragraph and the addition of more specific designation of trustees; 2) oversight in the transfer of state employees added 'non-classified' to classified or unclassified was clarified; 3) eminent domain powers were removed from the colleges' authority; 4) a paragraph dealing with a 10% cap for administration spending was judged difficult and costly to apply. It was eliminated. This Community College System and its predecessor have proved dynamic and flexible in meeting both the needs of our state employers, and in providing many options for our state's students. Vote 19-6.

Amendment (1921h)

Amend RSA 188-F:1 as inserted by section 2 of the bill by replacing it with the following:

188-F:1 Community College System of New Hampshire Established. The community college system of New Hampshire is hereby established and made a body politic and corporate, the main purpose of which shall be to provide a well-coordinated system of public community college education offering, as a primary mission, technical programs to prepare students for technical careers as well as general, professional, and transfer programs, and certificate and short term training programs which serve the needs of the state and the nation. The colleges of the community college system of New Hampshire are authorized to grant and confer in the name of the colleges all such degrees, literary titles, honors, and distinctions as other community colleges may of right do. The community college system of New Hampshire shall include, but is not limited to, colleges in Berlin, Claremont, Concord, Laconia, Manchester, Nashua, and Stratham/Portsmouth.

Amend RSA 188-F:4, II as inserted by section 2 of the bill by replacing it with the following:

II. The following voting members who shall be appointed by the governor with the advice and consent of the council:

- (a) Four members from the fields of business and industry.
- (b) One member who shall be a high school vocational/technical education director.
- (c) One member who shall be an alumnus of one of the colleges within the community college system.
- (d) One member from the field of education.
- (e) One member from the health care profession.
- (f) Two members from the building or mechanical trades who represent labor.
- (g) One member from the community service sector.
- (h) One member from the law enforcement community.
- (i) Four members from the general public.
- (j) Two members who shall be New Hampshire residents and who are full-time students enrolled in one of the colleges within the community college system. The student trustees shall be voted from the colleges within the community college system of New Hampshire locations proceeding in alphabetical order and shall be elected by the student body of the campus responsible for providing the student trustee. The student trustees shall serve a one-year term commencing June 1 of the year for which the student was elected and ending May 31 of the next year. In the event that a student trustee ceases for any reason to attend the school from which the student was elected, the chancellor of the community college system of New Hampshire shall declare a vacancy in that student trustee position, and the next school in order shall elect the student trustee who shall serve for the remainder of the predecessor's term and an additional one-year term immediately thereafter.
- (k) One member representing a technology company.

Amend RSA 188-F:7, III as inserted by section 2 of the bill by replacing it with the following:

III. Service as an employee of the community college system of New Hampshire shall be creditable service for purposes of RSA 100-A, RSA 21-I:29, RSA 21-I:30, RSA 21-I:30-a, RSA 21-I:30-b, and RSA 21-I:30-c. Any community college system of New Hampshire employee who transfers, without a break in service, to a state classified, unclassified, or nonclassified service position shall retain and transfer all leave accruals and seniority and be entitled to all the rights and benefits of a permanent employee in the classified or unclassified service of the state based on the years of creditable state service. At the time of such a transfer, the employee shall immediately begin to accrue annual and sick leave as granted at the time of the transfer by the receiving agency according to the employee's continuous years worked. Any state employee in a classified, unclassified, or nonclassified service position who transfers, without a break in service, to the community college system of New Hampshire shall retain and transfer all leave accruals and seniority and be entitled to all the rights and benefits of a permanent employee in the classified or unclassified service of the state based on the years of creditable state service. At the time of such a transfer, the employee shall immediately begin to accrue annual and sick leave as granted at the time of the transfer by the receiving agency according to the employee's continuous years worked.

Amend RSA 188-F:9, II as inserted by section 2 of the bill by replacing it with the following:

II. All sums so credited are appropriated to community college system of New Hampshire for the support and maintenance thereof, including payments of salaries and wages to employees, current expenses, the construction of additional buildings, the purchase of land, library books, and periodicals, and the making of necessary repairs and replacements, the building of roads and walks, the improvement of the grounds, the construction, extension, and maintenance of water, sewer, and heating systems, and in general for the payment of all such expenses incident to the management of the community college system of New Hampshire as the trustees thereof may from time to time determine.

Amend section 2 of the bill by deleting RSA 188-F:21-a.

Amendment adopted.

Committee report adopted and ordered to third reading.

Rep. Carson declared a conflict of interest on **SB 82-FN** and did not participate.

SB 93-FN, relative to insurance coverage for children's early intervention therapy services. **MAJORITY: OUGHT TO PASS. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Martha McLeod for the Majority of Finance: The committee found no fiscal impact on the state's general fund from this bill. These services are already covered under the State Employees Health Plan and other major health plans. Early Intervention Services offer significant future savings to both the state and private providers. Vote 16-8.

Rep. Fran Wendelboe for the Minority of Finance: The minority believes that SB 93 puts an unfair mandate on insurance companies that will be passed down onto our citizens and business community. The fiscal note states that there will be an increase of approximately \$200,000 in insurance tax revenue to the state. This increase in tax represents a premium increase on individuals and companies of approximately \$19,000,000 (nineteen million dollars). It has been shown that for every increase in health care premiums there is an offsetting decrease in people who stay insured, either because they drop the coverage or their employers cease providing coverage. Insurance mandates work against encouraging new insurers to our market and increase the cost of coverage. While the majority argues that the state "makes money" on this, the minority believes that we must weigh the consequences to the individuals and businesses bearing the burden of this new mandate and tax increase.

Committee report adopted and ordered to third reading.

Rep. Morrison declared a conflict of interest on **SB 93-FN** and did not participate.

SB 101, relative to payment of costs for certain students attending alternative education programs. **OUGHT TO PASS.**

Rep. Linda T. Foster for Finance: This bill provides statewide access to alternate education for high school students at risk of dropping out. Tuition and transportation currently provide state reimbursement to regional vocational centers for 75% of the tuition of students coming from other high schools. It also pays \$.08 per mile to the sending districts for these students. SB 101 makes state tuition and transportation support available to students attending regional alternative education programs in either the vocational centers or an associate high school using the same formulas. This bill will assure that every 16 and 17 year old at risk of dropping out will be able to attend an alterna-

tive program, regardless of the size of their local school and the local opportunities available. It will also allow students in danger of dropping out to attend regional alternative and credit recovery programs, even if they elect not to participate in vocational courses. Whether a student is at risk and whether they will take part in an alternative education program located off site will be determined by the district. Vote 18-7.

Committee report adopted and ordered to third reading.

(Rep. Foster in the Chair)

REGULAR CALENDAR (CONT'D)

SB 138-FN-A, relative to the waiting list for services to persons with developmental disabilities and acquired brain disorders and making appropriations therefor. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Martha McLeod for Finance: The committee amended this bill to correct the date in section 3 of the bill in RSA 171-A:1-d,I(a) to read January 1, 2009, to be consistent with the budget. The language about salary increases for FY09 and parity with workers at NH Hospital was removed. Section 8, the appropriation, was deleted, as the budget contains this funding. Vote 22-3.

Amendment (1862h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to the waiting list for services to persons with developmental disabilities and acquired brain disorders.

Amend RSA 171-A:1-d, I(a) as inserted by section 3 of the bill by replacing it with the following:

(a) The average salary of direct support staff employed by area agencies or providers with which area agencies contract shall increase by at least 2 percent beginning on July 1, 2007 and at least 2 percent on January 1, 2009.

Amend the bill by deleting section 8 and renumbering the original section 9 to read as 8.

AMENDED ANALYSIS

This bill:

I. Requires the department of health and human services to provide services to persons with developmental disabilities and acquired brain disorders within certain time limits.

II. Increases the salaries for certain direct care support staff of area agencies.

III. Establishes a committee to develop a plan to address long-term workforce and related human resource issues and to develop a quality assurance and enhancement plan.

Amendment adopted.

Committee report adopted and ordered to third reading.

SB 169-FN-A, establishing a death benefit to be paid to the family of a police officer or firefighter killed in the line of duty and establishing a committee to study the feasibility of establishing a state death benefit for emergency medical technicians killed in the line of duty. **OUGHT TO PASS.**

Rep. Benjamin C. Baroody for Finance: This bill known as "Michael's Law," in honor of Police Officer Michael Briggs who was shot in the line of duty, requires that the state treasurer shall pay a \$100,000 death benefit to the family of a police officer or firefighter killed in the line of duty. It also establishes a committee to study the policies and methods for determining the eligibility for benefits. Vote 17-7.

Committee report adopted and ordered to third reading.

Rep. Patrick Garrity declared a conflict of interest on **SB 169-FN-A** and did not participate.

SB 176-FN, relative to lead paint poisoning and establishing a commission to study the current childhood lead poisoning prevention law, policies, and standards. **MAJORITY: OUGHT TO PASS. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Larry A. Emerton for the Majority of Finance: The policy in this bill came to Finance after an over five hour hearing and considerable work in the House Health and Human Services Committee. Money for the implementation of this bill is in the budget passed by the House. The bill is effective in two parts: 1) the 25 member commission takes effect upon passage; 2) the balance of the bill takes effect on July 01, 2008. The divided purpose of the bill is to allow the commission to suggest any possible changes that remain, after the commission's hearings and in time to be presented to the 2008 legislative session. Vote 16-8.

Rep. Fran Wendelboe for the Minority of Finance: The minority strongly believes in preventing lead poisoning in children. SB 176 goes too far in scope and places too broad of an impact on our older housing pool. The Department of Health and Human Services statistics show that there are 157,000 housing units in NH that pre-date 1950, the date when lead paint was most prevalent and at higher levels as a percentage of paint content. There were significant policies put in place in the last decade and lead paint exposures have been declining for years. The last two years of statistics show 24 and 23 over the 20dcl level (out of 157,000 units). Some of these elevated levels were in primary homes and some were in multi-family housing. This legislation exempts all owner-occupied residences and places the financial impact only on landlords. It appears that a number of the multi-family elevated exposures were in immigrant families. The minority believes this indicates a failure on the part of those agencies assisting with housing to properly inspect the premises for these issues. Also, there is possibly a communication breakdown in that all tenants are given handbooks about lead paint. These cover what to look for (flaking and peeling paint) and how to prevent lead exposure. Another issue is hygiene with immigrant families who move here with different cultures of housekeeping and hand washing - both which greatly impact the potential accumulation of lead dust or exposure from lead dirt from years of cars using leaded gasoline. The minority feels that better education and closer attention to housing for immigrants would take care of many of these issues without creating an over broad impact on rental housing. This legislation, as drafted, could significantly affect the availability and affordability of rental housing in NH.

Majority committee report adopted and ordered to third reading.

Reps. Blanchard and Baroody declared a conflict of interest on **SB 176-FN** and did not participate.

SB 192-FN, establishing an outreach program in the children's health insurance program. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Martha McLeod for Finance: The committee amended this bill in two places. Section I(d)(2) was a simple wording change from "providing" to "and provide"; Section I(d)(3) was changed to clarify that this enhanced reimbursement is for providing additional follow-up with applicants whose situations are more complex than most and therefore require additional time to accurately document their circumstances. This bill does not permit "double billing." Vote 16-8.

Amendment (1802h)

Amend RSA 126-A:5, XIV(d)(2)-(3) as inserted by section 1 of the bill by replacing them with the following:

(2) The department shall, through the New Hampshire healthy kids corporation, allocate funds for the development of a volunteer program to promote the program to eligible families and to identify those families who may require assistance with the application or redetermination process, and provide training and supervision of volunteers. The healthy kids corporation shall coordinate with and utilize the services of the governor's office of volunteerism, AmeriCorps, and other volunteer organizations.

(3) The department shall reimburse designated partner agencies, including health and home visiting providers, who had to provide additional follow-up with applicants an enhanced application fee for the outreach assistance to individuals requesting assistance in the application or redetermination process. Such fee shall be equal to twice the regular application fee.

Amendment adopted.

Committee report adopted and ordered to third reading.

SB 204-FN-A, relative to collection of debts owed the state. **OUGHT TO PASS.**

Rep. Bernard L. Benn for Finance: This bill allows state agencies and departments to refer to the Attorney General any uncollected debt owed to the state for collection. The bill establishes procedures for agencies to attempt collection prior to referring the case to the Attorney General's office. The bill establishes a non-lapsing debt recovery fund into which all amounts collected shall be deposited. After deducting allowable expenses, a proportion of the debt collected will be returned to the agency accounts for which they were collected and a percentage will be retained in the fund for the purpose of all debt collection. The bill appropriates \$100,000 to the debt recovery fund for the purpose of start-up costs. The committee considers this bill fiscally neutral since it is expected that the appropriation will be offset with equal revenue from debt recovery within the biennium. Vote 23-1.

Committee report adopted and ordered to third reading.

SB 213-FN-A, establishing a comprehensive cancer plan fund and making an appropriation therefor, and establishing a comprehensive cancer plan oversight board. **OUGHT TO PASS WITH AMENDMENT.**

Rep. John DeJoie for Finance: This bill establishes a comprehensive plan for cancer prevention education and screening for New Hampshire citizens. The House has appropriated \$2 million each year in HB 1 for this program. This bill represents the mechanics to make the program operational. The bill as amended removes the specified dollars, since the funding is in the budget. In place of actual dollars, the amendment includes figures for apportionment of the appropriation. This was done to preserve the effectiveness of the NH Cancer Plan as it was originally developed. Vote 17-8.

Amendment (1962h)

Amend RSA 126-A:63, II as inserted by section 1 of the bill by replacing it with the following:

II. Strategic contribution fund payments as agreed to in the master settlement agreement shall be deposited into the comprehensive cancer plan fund for the fiscal years ending June 30, 2008, June 30, 2009, June 30, 2010, and June 30, 2011. No sums shall be deposited into the comprehensive cancer plan fund if such strategic contribution fund payments are not received. The fund shall be expended annually for the following purposes:

- (a) 67.4 percent towards the state tobacco use prevention program which shall be expended by the department for tobacco use prevention and cessation programs as provided in RSA 126K:15.
- (b) 2.5 percent towards diet and exercise programs.
- (c) 5.9 percent towards early detection and screening programs for breast and cervical cancer.
- (d) 17.6 percent towards early detection and screening programs for colorectal cancer.
- (e) 1.2 percent towards survivorship and cancer support for those affected by prostate cancer.
- (f) 2.2 percent to identify and promote treatment and support services for survivors.
- (g) 3.2 percent to minority oversampling data for information on behavioral risk and cancer rates.

On a division vote, 267 members having voted in the affirmative and 77 in the negative, the committee amendment was adopted.

Committee report adopted and ordered to third reading.

Rep. Drisko did not vote and notified the Clerk that he wished to be recorded in favor.

SB 217-FN-A, establishing the New Hampshire housing and conservation planning program. **OUGHT TO PASS.**

Rep. Bernard L. Benn for Finance: This bill establishes a housing and conservation planning program in the Office of Energy and Planning. The committee heard testimony that the need for workforce/affordable housing exists in communities throughout New Hampshire. The bill is designed to help communities plan for workforce housing by awarding grants for technical assistance to municipalities to plan for growth and development strategies in 4 specific stages of activities. Each stage requires that municipalities address housing and conservation in an integrated manner. Grants are awarded for one stage at a time; subsequent grants depend on the completion of previous stages. The bill establishes a Housing and Conservation Planning Program Advisory Board. This program received a \$400,000 appropriation to the Office of Energy and Planning for "workforce housing grants" in the Governor's budget proposal and the budget passed by the House. Vote 16-9.

Committee report adopted and ordered to third reading.

Rep. Reardon declared a conflict of interest on **SB 217-FN-A** and did not participate.

SB 226-FN, relative to the temporary assistance to needy families (TANF) program. **MAJORITY: OUGHT TO PASS. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. John DeJoie for the Majority of Finance: The policy of this bill, as approved by the House, allows additional options to TANF recipients to meet work requirements, as adopted under HB 1331, Chapter 325, Laws of 2006. These additional options are currently utilized by other states. While the fiscal note suggests "potential costs," these are not costs of the legislation; these are costs of not complying with federal TANF requirements. Since the House has endorsed the policy changes as being in compliance with federal requirements, these costs are not relevant to the fiscal determination of this bill. Since HHS adopted the costs associated with HB 1331, Chapter 325, Laws of 2006 from within their operating budget, it is the belief of the committee that any costs associated with expanding work options, can also be borne by the department from their operating budget. Vote 16-9.

Rep. Fran Wendelboe for the Minority of Finance: Senate Bill 226 changes the intent of HB 1331, Chapter 325, Laws of 2006, of last session by eliminating/changing some of the work requirements as part of the Deficit Reduction Act. The state is required to meet a 50% work participation rate of welfare clients by October 1st of this year and these requirements/penalties have shown astonishing results. Prior to the enactment by the legislature in 2006, the percentage of welfare clients showing up to their scheduled meetings was only verified at 16%; now it is at 42%. This was verified as of March. This program is obviously working. The minority strongly believes that changing the existing language of HB 1331, Chapter 325, Laws of 2006 just by the decision of some commissioner in the future jeopardizes the state meeting the 50% participation rate and could mean the loss of several million dollars of federal funds. The legislature took a strong policy and financial position last year which has proven to be successful. Why do we want to change a program that shows great results before even letting it work for a full year?

Rep. Kurk requested a roll call; sufficiently seconded.

SULLIVAN

Rodeschin, Beverly

and the majority committee report was adopted.

Ordered to third reading.

Rep. Bedrick did not vote and notified the Clerk that he wished to be recorded against.

SB 242-FN, establishing the intellectual property business loan development program. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Neal M. Kurk for Finance: This bill allows the Business Finance Authority (BFA) to add intellectual property loans - loans secured by patents or trade secrets, for example, are just beginning to be made. Allowing the BFA to guarantee these loans may help New Hampshire's business community, especially its high technology sector with its many start-up companies. The bill requires an appraisal of the intellectual property and limits the BFA's guarantee to 75% of the amount that may be borrowed, but not more than \$250,000 per loan. The amendment further reduces the risk to the state by (a) limiting the total dollar amount of such loans to \$1 million and (b) requiring additional bad debt reserves equal to 50% of the guaranteed portion of the loans. The committee notes that the BFA has been guaranteeing loans for many years, has bad debt reserves of over \$6 million and has never had to ask the state to pay a nickel for guaranteed loans which have gone into default. Vote 21-3.

Amendment (1987h)

Amend RSA 162-A:13-c as inserted by section 1 of the bill by inserting after paragraph V the following new paragraphs:

VI. The total amount of guarantees awarded under this section shall not exceed in the aggregate at any time \$1,000,000 plus interest.

VII. Whenever a guarantee is awarded under this section, the authority, the borrower, the lending institution or any appropriate combination of them shall deposit in the guarantee fund established under RSA 162-A:11 an amount equal to not less than 50 percent of the guaranteed portion of the principal of the loan.

Amendment adopted.

Committee report adopted and ordered to third reading.

Rep. Baroody declared a conflict of interest on **SB 242-FN** and did not participate.

SB 27-FN, relative to the display of the POW-MIA flag. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Robert H. Rowe for the Majority of Judiciary: Under current law (RSA 3:3-a) the POW-MIA flag is flown above the State House in Concord. This bipartisan amended bill expands the locations where the flag is flown to all state facilities and National Guard armories and other state-owned facilities where the US flag is flown. The flag, which reads "POW-MIA You Are Not Forgotten" is a poignant symbol of the respect and gratitude all New Hampshire citizens owe to those men and women who served in our military and whose fate has not been resolved. We take the phrase as though it were chiseled in New Hampshire granite. Vote 12-4.

Rep. Philip Preston for the Minority of Judiciary: The minority believes that the legislature should not mandate the flying of any flag over courthouses other than the American and the New Hampshire flags because courts should hold no position on issues regardless of how universally or widely supported. It also believes that state facilities should be neutral territories over which no symbolic flags should be allowed or required. The minority supports the efforts of diverse groups to bring closure to those families and individuals whose relatives and friends remain missing as a result of combat operations, but it believes that the legislature should honor the impartiality and neutrality of state functions.

Majority Amendment (1554h)

Amend RSA 3:3-a as inserted by section 1 of the bill by replacing it with the following:

3:3-a Display of POW-MIA Flag. The POW-MIA flag shall be displayed above the state house in Concord, *all state facilities, and national guard armories and other state-owned military facilities* whenever the flag of the United States is flown until all questions concerning the fate of America's POWs and MIAs are sufficiently resolved.

AMENDED ANALYSIS

This bill requires the display of the POW-MIA flag above the state house, all state facilities, and national guard armories and other state-owned military facilities whenever the United States flag is flown.

Majority committee amendment adopted.

(Speaker Norelli in the Chair)

Rep. Philip Preston offered floor amendment (2071h).

Floor Amendment (2071h)

Amend RSA 3:3-a as inserted by section 1 of the bill by replacing it with the following:

3:3-a Display of POW-MIA Flag.

I. The POW-MIA flag shall be displayed above the state house in Concord whenever the flag of the United States is flown until all questions concerning the fate of America's POW's and MIA's are sufficiently resolved.

II. *The POW-MIA flag may be displayed above any state-owned facility, except court facilities, with the approval of the department head under whose authority the facility is operated.*

AMENDED ANALYSIS

The bill permits the display of the POW-MIA flag above any state-owned facility, except court facilities, with the approval of the department head under whose authority the facility is operated.

Rep. Rowe spoke against.

Reps. Bishop and Shurtleff spoke against and yielded to questions.

Reps. Philip Preston, Morrison, Heard and Butterworth spoke in favor.

Rep. Bishop requested a roll call; sufficiently seconded.

MOTION TO RECONSIDER

Having voted with the prevailing side, Rep. Jasper moved that the House reconsider its action whereby it adopted the majority committee report of Ought to Pass with Amendment on **SB 98**, relative to party access to voter information.

Rep. Weed spoke against.

Rep. Kurk spoke in favor.

On a division vote, 139 members having voted in the affirmative and 195 in the negative, the motion failed.

REGULAR CALENDAR (CONT'D)

SB 88, relative to public employee terms of employment, bargaining units, and dispute resolution. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. John K. Knowles for the Majority of Labor, Industrial and Rehabilitative Services: This bill does three things to increase balance in the public bargaining process: (1) allows, but does not require, safety issues to be brought up in negotiations; (2) makes collective bargaining more widely available by reducing the number of employees necessary to form a bargaining unit; and (3) for future agreements only (so there is no "28-A" issue), makes clear that agreed pay plans ("step increases") will continue in force in the event of bargaining impasse. In response to employer input, several provisions were changed by the committee: (1) retained "number of employees" as a management prerogative; (2) increased the minimum number of members for a bargaining unit from the federal standard of three to a compromise number of five; and (3) eliminated retroactivity for the "evergreen" provision. The committee majority feels this is a balanced approach to a fair bargaining process. Vote 10-7.

Rep. William J. Infantine for the Minority of Labor, Industrial and Rehabilitative Services: This bill makes three major changes to RSA 273-A dealing with contracts between bargaining units and municipalities. The minority is concerned with all three changes, however there are two that report the balance between how bargaining units and municipalities negotiate salaries and benefits. The bill reduces the number of employees needed to form a bargaining unit from ten down to five. The minority believes this will greatly increase the costs to municipalities and create large numbers of smaller bargaining units. There was no testimony that indicated that there were a significant number of groups that wanted this number decreased. Rather they wanted municipalities to have the ability to recognize smaller groups, an ability they currently do not have. Some members also argue this may be an unfunded mandate in violation of Section 28-A of the New Hampshire Constitution. This bill was opposed by all municipalities that testified before the committee as well as the municipal association.

Majority Amendment (1947h)

Amend the bill by replacing all after the enacting clause with the following:

1 Definitions. Amend RSA 273-A:1, XI to read as follows:

XI. "Terms and conditions of employment" means wages, hours, and other conditions of employment, *including matters directly related to safety considerations*, other than managerial policy within the exclusive prerogative of the public employer, or confided exclusively to the public employer by statute or regulations adopted pursuant to statute. ~~[The phrase "managerial policy within the exclusive prerogative of the public employer" shall be construed to include but shall not be limited to the functions, programs and methods of the public employer, including the use of technology, the public employer's organizational structure, and the selection, direction of its personnel, so as to continue public control of governmental functions.]~~

2 New Paragraph; Definitions. Amend RSA 273-A:1, by inserting after paragraph VII the following new paragraph:

VII-a. Managerial policy within the exclusive prerogative of the public employer" shall be construed to include but shall not be limited to the functions, programs and methods of the public employer, including the use of technology, the public employer's organizational structure, and the selection, direction and number of its personnel, so as to continue public control of governmental functions.

3 Determining Bargaining Unit. Amend RSA 273-A:8, I to read as follows:

I. The board or its designee shall determine the appropriate bargaining unit and shall certify the exclusive representative thereof when petitioned to do so under RSA 273-A:10. In making its determination the board should take into consideration the principle of community of interest. The community of interest may be exhibited by one or more of the following criteria, although it is not limited to such:

- (a) Employees with the same conditions of employment;
- (b) Employees with a history of workable and acceptable collective negotiations;
- (c) Employees in the same historic craft or profession;
- (d) Employees functioning within the same organizational unit.

In no case shall the board certify a bargaining unit of less than ~~[+0]~~ 5 employees with the same community of interest. ~~[For purposes of this section, probationary employees shall be counted to~~

~~satisfy the 10 employee minimum requirement. In no case shall such probationary employees vote in any election conducted under the provisions of this chapter to certify an employee organization as the exclusive representative of a bargaining unit.]~~

4 New Paragraph; Resolution of Disputes. Amend RSA 273-A:12 by inserting after paragraph VI the following new paragraph:

VII. If the impasse is not resolved at the time of the expiration of the parties' agreement, the terms of the collective bargaining agreement shall continue in force and effect, including but not limited to the continuation of any pay plan included in the agreement, until a new agreement shall be executed.

5 Applicability. Section 4 of this act shall apply only to contracts ratified on or after the effective date of this act.

6 Effective Date. This act shall take effect 60 days after its passage.

On a division vote, 218 members having voted in the affirmative and 84 in the negative, the majority committee amendment was adopted.

Rep. Bedrick offered floor amendment (2045h).

Floor Amendment (2045h)

Amend RSA 273-A:8, I as inserted by section 2 of the bill by replacing it with the following:

I. The board or its designee shall determine the appropriate bargaining unit and shall certify the exclusive representative thereof when petitioned to do so under RSA 273-A:10. In making its determination the board should take into consideration the principle of community of interest. The community of interest may be exhibited by one or more of the following criteria, although it is not limited to such:

- (a) Employees with the same conditions of employment;
- (b) Employees with a history of workable and acceptable collective negotiations;
- (c) Employees in the same historic craft or profession;
- (d) Employees functioning within the same organizational unit.

A municipality may recognize a union with 3-10 members, but in no case shall ~~[the board] it be required to~~ certify a bargaining unit of less than 10 employees with the same community of interest. ~~[For purposes of this section, probationary employees shall be counted to satisfy the 10 employee minimum requirement. In no case shall such probationary employees vote in any election conducted under the provisions of this chapter to certify an employee organization as the exclusive representative of a bargaining unit.]~~

AMENDED ANALYSIS

This bill:

I. Adds safety considerations to terms and conditions of employment.

II. Removes probationary employees from the determination of a bargaining unit.

III. Continues the terms of a collective bargaining agreement until a new agreement is executed.

Rep. Bedrick spoke in favor.

Rep. Mears spoke against.

On a division vote, 144 members having voted in the affirmative and 192 in the negative, floor amendment (2045h) failed.

Rep. Infantine offered floor amendment (2043h).

Floor Amendment (2043h)

Amend the bill by replacing all after the enacting clause with the following:

1 Definitions. Amend RSA 273-A:1, XI to read as follows:

XI. "Terms and conditions of employment" means wages, hours, and other conditions of employment, *including matters directly related to safety considerations*, other than managerial policy within the exclusive prerogative of the public employer, or confided exclusively to the public employer by statute or regulations adopted pursuant to statute. ~~[The phrase "managerial policy within the exclusive prerogative of the public employer" shall be construed to include but shall not be limited to the functions, programs and methods of the public employer, including the use of technology, the public employer's organizational structure, and the selection, direction of its personnel, so as to continue public control of governmental functions.]~~

2 New Paragraph; Definitions. Amend RSA 273-A:1, by inserting after paragraph VII the following new paragraph:

VII-a. "Managerial policy within the exclusive prerogative of the public employer" shall be construed to include but shall not be limited to the functions, programs and methods of the public employer, including the use of technology, the public employer's organizational structure, and the selection, direction and number of its personnel, so as to continue public control of governmental functions.

3 Determining Bargaining Unit. Amend RSA 273-A:8, I to read as follows:

I. The board or its designee shall determine the appropriate bargaining unit and shall certify the exclusive representative thereof when petitioned to do so under RSA 273-A:10. In making its determination the board should take into consideration the principle of community of interest. The community of interest may be exhibited by one or more of the following criteria, although it is not limited to such:

- (a) Employees with the same conditions of employment;
- (b) Employees with a history of workable and acceptable collective negotiations;
- (c) Employees in the same historic craft or profession;
- (d) Employees functioning within the same organizational unit.

In no case shall the board certify a bargaining unit of less than ~~[10]~~ 5 employees with the same community of interest. ~~[For purposes of this section, probationary employees shall be counted to satisfy the 10 employee minimum requirement. In no case shall such probationary employees vote in any election conducted under the provisions of this chapter to certify an employee organization as the exclusive representative of a bargaining unit.]~~

4 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

I. Adds safety consideration to terms and conditions of employment.

II. Defines "managerial policy within the exclusive prerogative of the public employer."

III. Reduces the number of employees required for certifications a bargaining unit.

Rep. Infantine spoke in favor.

Rep. Mears spoke against.

Rep. Infantine requested a roll call; sufficiently seconded.

LAID ON THE TABLE

Rep. Rodeschin moved that **SB 88**, relative to public employee terms of employment, bargaining units, and dispute resolution, be laid on the table.
 On a division vote, 184 members having voted in the affirmative and 156 in the negative, the motion was adopted.

REGULAR CALENDAR (CONT'D)

SB 92, relative to the definition of employee and clarifying the criteria for exempting workers from employee status. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Sally H. Kelly for Labor, Industrial and Rehabilitative Services: A version of this bill passed in the full House last session. This amendment, which has the approval of the prime sponsor, adds the purpose statement "...the need to protect employees from being improperly classified as independent contractors and thereby being denied worker's compensation and certain other benefits." The bill as amended addresses the concerns of labor, business and the Department of Labor. This bill strengthens and clarifies the definitions of "employees" and "sub-contractors" and will go a long way in creating a level playing field for the workers of New Hampshire. Vote 14-3.

Amendment (1806h)

Amend the bill by replacing all after the enacting clause with the following:

1 Definition of Employee. Purpose Statement. The general court recognizes the need to protect employees from being improperly classified as independent contractors and thereby being denied workers' compensation coverage and certain other benefits. Therefore, it is the intent of the general court to define "employee" in a manner that clarifies the criteria for the classification.

2 Procuring Employment; Imposition of Conditions; Definition of Employee Changed. RSA 275:4, II is repealed and reenacted to read as follows:

II. In this subdivision, "employee" means and includes every person who may be permitted, required, or directed by any employer, in consideration of direct or indirect gain or profit, to engage in any employment, but shall not include any person exempted from the definition of employee as stated in RSA 281-A:2, VI(b)(2), (3), or (4), or RSA 281-A:2, VII(b), or a person providing services as part of a residential placement for individuals with developmental, acquired, or emotional disabilities, or any person who meets all of the following criteria:

(a) The person possesses or has applied for a federal employer identification number or social security number, or in the alternative, has agreed in writing to carry out the responsibilities imposed on employers under this chapter.

(b) The person has control and discretion over the means and manner of performance of the work, in that the result of the work, rather than the means or manner by which the work is performed, is the primary element bargained for by the employer.

(c) The person has control over the time when the work is performed, and the time of performance is not dictated by the employer. However, this shall not prohibit the employer from reaching an agreement with the person as to completion schedule, range of work hours, and maximum number of work hours to be provided by the person, and in the case of entertainment, the time such entertainment is to be presented.

(d) The person hires and pays the person's assistants, if any, and to the extent such assistants are employees, supervises the details of the assistants' work.

(e) The person holds himself or herself out to be in business for himself or herself.

(f) The person has continuing or recurring business liabilities or obligations.

(g) The success or failure of the person's business depends on the relationship of business receipts to expenditures.

(h) The person receives compensation for work or services performed and remuneration is not determined unilaterally by the hiring party.

(i) The person is responsible in the first instance for the main expenses related to the service or work performed. However, this shall not prohibit the employer or person offering work from providing the supplies or materials necessary to perform the work.

(j) The person is responsible for satisfactory completion of work and may be held contractually responsible for failure to complete the work.

(k) The person supplies the principal tools and instrumentalities used in the work, except that the employer may furnish tools or instrumentalities that are unique to the employer's special requirements or are located on the employer's premises.

(l) The person is not required to work exclusively for the employer.

3 Payment of Wages; Definition of Employee Changed. RSA 275:42, II is repealed and reenacted to read as follows:

II. "Employee" means and includes every person who may be permitted, required, or directed by any employer, in consideration of direct or indirect gain or profit, to engage in any employ-

ment, but shall not include any person exempted from the definition of employee as stated in RSA 281-A:2, VI(b)(2), (3), or (4), or RSA 281-A:2, VII(b), or a person providing services as part of a residential placement for individuals with developmental, acquired, or emotional disabilities, or any person who meets all of the following criteria:

(a) The person possesses or has applied for a federal employer identification number or social security number, or in the alternative, has agreed in writing to carry out the responsibilities imposed on employers under this chapter.

(b) The person has control and discretion over the means and manner of performance of the work, in that the result of the work, rather than the means or manner by which the work is performed, is the primary element bargained for by the employer.

(c) The person has control over the time when the work is performed, and the time of performance is not dictated by the employer. However, this shall not prohibit the employer from reaching an agreement with the person as to completion schedule, range of work hours, and maximum number of work hours to be provided by the person, and in the case of entertainment, the time such entertainment is to be presented.

(d) The person hires and pays the person's assistants, if any, and to the extent such assistants are employees, supervises the details of the assistants' work.

(e) The person holds himself or herself out to be in business for himself or herself.

(f) The person has continuing or recurring business liabilities or obligations.

(g) The success or failure of the person's business depends on the relationship of business receipts to expenditures.

(h) The person receives compensation for work or services performed and remuneration is not determined unilaterally by the hiring party.

(i) The person is responsible in the first instance for the main expenses related to the service or work performed. However, this shall not prohibit the employer or person offering work from providing the supplies or materials necessary to perform the work.

(j) The person is responsible for satisfactory completion of work and may be held contractually responsible for failure to complete the work.

(k) The person supplies the principal tools and instrumentalities used in the work, except that the employer may furnish tools or instrumentalities that are unique to the employer's special requirements or are located on the employer's premises.

(l) The person is not required to work exclusively for the employer.

4 Whistleblowers' Protection Act; Definition of Employee Changed. RSA 275-E:1, I is repealed and reenacted to read as follows:

I. "Employee" means and includes every person who may be permitted, required, or directed by any employer, in consideration of direct or indirect gain or profit, to engage in any employment, but shall not include any person exempted from the definition of employee as stated in RSA 281-A:2, VI(b)(2), (3), or (4), or RSA 281-A:2, VII(b), or a person providing services as part of a residential placement for individuals with developmental, acquired, or emotional disabilities, or any person who meets all of the following criteria:

(a) The person possesses or has applied for a federal employer identification number or social security number, or in the alternative, has agreed in writing to carry out the responsibilities imposed on employers under this chapter.

(b) The person has control and discretion over the means and manner of performance of the work, in that the result of the work, rather than the means or manner by which the work is performed, is the primary element bargained for by the employer.

(c) The person has control over the time when the work is performed, and the time of performance is not dictated by the employer. However, this shall not prohibit the employer from reaching an agreement with the person as to completion schedule, range of work hours, and maximum number of work hours to be provided by the person, and in the case of entertainment, the time such entertainment is to be presented.

(d) The person hires and pays the person's assistants, if any, and to the extent such assistants are employees, supervises the details of the assistants' work.

(e) The person holds himself or herself out to be in business for himself or herself.

(f) The person has continuing or recurring business liabilities or obligations.

(g) The success or failure of the person's business depends on the relationship of business receipts to expenditures.

(h) The person receives compensation for work or services performed and remuneration is not determined unilaterally by the hiring party.

(i) The person is responsible in the first instance for the main expenses related to the service or work performed. However, this shall not prohibit the employer or person offering work from providing the supplies or materials necessary to perform the work.

(j) The person is responsible for satisfactory completion of work and may be held contractually responsible for failure to complete the work.

(k) The person supplies the principal tools and instrumentalities used in the work, except that the employer may furnish tools or instrumentalities that are unique to the employer's special requirements or are located on the employer's premises.

(l) The person is not required to work exclusively for the employer.

5 Minimum Wage Law; Definition of Employee Changed. RSA 279:1, X is repealed and reenacted to read as follows:

X. "Employee" means and includes every person who may be permitted, required, or directed by any employer, in consideration of direct or indirect gain or profit, to engage in any employment, but shall not include any person exempted from the definition of employee as stated in RSA 281-A:2, VI(b)(2), (3), or (4), or RSA 281-A:2, VII(b), or a person providing services as part of a residential placement for individuals with developmental, acquired, or emotional disabilities, or any person who meets all of the following criteria:

(a) The person possesses or has applied for a federal employer identification number or social security number, or in the alternative, has agreed in writing to carry out the responsibilities imposed on employers under this chapter.

(b) The person has control and discretion over the means and manner of performance of the work, in that the result of the work, rather than the means or manner by which the work is performed, is the primary element bargained for by the employer.

(c) The person has control over the time when the work is performed, and the time of performance is not dictated by the employer. However, this shall not prohibit the employer from reaching an agreement with the person as to completion schedule, range of work hours, and maximum number of work hours to be provided by the person, and in the case of entertainment, the time such entertainment is to be presented.

(d) The person hires and pays the person's assistants, if any, and to the extent such assistants are employees, supervises the details of the assistants' work.

(e) The person holds himself or herself out to be in business for himself or herself.

(f) The person has continuing or recurring business liabilities or obligations.

(g) The success or failure of the person's business depends on the relationship of business receipts to expenditures.

(h) The person receives compensation for work or services performed and remuneration is not determined unilaterally by the hiring party.

(i) The person is responsible in the first instance for the main expenses related to the service or work performed. However, this shall not prohibit the employer or person offering work from providing the supplies or materials necessary to perform the work.

(j) The person is responsible for satisfactory completion of work and may be held contractually responsible for failure to complete the work.

(k) The person supplies the principal tools and instrumentalities used in the work, except that the employer may furnish tools or instrumentalities that are unique to the employer's special requirements or are located on the employer's premises.

(l) The person is not required to work exclusively for the employer.

6 Workers' Compensation; Definition of Employee Changed. RSA 281-A:2, VI(b)(1) is repealed and reenacted to read as follows:

(b)(1) Subject to the preceding subparagraph, any person, other than a direct seller or qualified real estate broker or agent or real estate appraiser, or person providing services as part of a residential placement for individuals with developmental, acquired, or emotional disabilities, who performs services for pay for an employer, is presumed to be an employee. This presumption may be rebutted by proof that an individual meets all of the following criteria:

(A) The person possesses or has applied for a federal employer identification number or social security number, or in the alternative, has agreed in writing to carry out the responsibilities imposed on employers under this chapter.

(B) The person has control and discretion over the means and manner of performance of the work, in that the result of the work, rather than the means or manner by which the work is performed, is the primary element bargained for by the employer.

(C) The person has control over the time when the work is performed, and the time of performance is not dictated by the employer. However, this shall not prohibit the employer from reaching an agreement with the person as to completion schedule, range of work hours, and maximum number of work hours to be provided by the person, and in the case of entertainment, the time such entertainment is to be presented.

(D) The person hires and pays the person's assistants, if any, and to the extent such assistants are employees, supervises the details of the assistants' work.

(E) The person holds himself or herself out to be in business for himself or herself.

(F) The person has continuing or recurring business liabilities or obligations.

(G) The success or failure of the person's business depends on the relationship of business receipts to expenditures.

(H) The person receives compensation for work or services performed and remuneration is not determined unilaterally by the hiring party.

(I) The person is responsible in the first instance for the main expenses related to the service or work performed. However, this shall not prohibit the employer or person offering work from providing the supplies or materials necessary to perform the work.

(J) The person is responsible for satisfactory completion of work and may be held contractually responsible for failure to complete the work.

(K) The person supplies the principal tools and instrumentalities used in the work, except that the employer may furnish tools or instrumentalities that are unique to the employer's special requirements or are located on the employer's premises.

(L) The person is not required to work exclusively for the employer.

7 Workers' Compensation; Definition of Direct Seller. Amend RSA 281-A:2, VI(b)(3)(B) to read as follows:

(B) Who receives substantially all remuneration as such in a direct relationship to sales or other output including the performance of services, rather than the number of hours worked and whose services are performed pursuant to a written contract with the person for whom the services are performed, which provides that the individual will not be treated as an employee for federal tax purposes. ***For purposes of this subparagraph a mortgage originator as defined by RSA 397-A:1, XVII who meets the conditions of this subparagraph shall be deemed a direct seller.***

8 Definition. Amend RSA 281-A:2, VII(b) to read as follows:

(b) "Employee," with respect to public employment shall not include any inmate of a county or state correctional facility who is, under RSA 651, required or allowed to work or perform services for which no significant remuneration is provided, any volunteer not covered under RSA 281-A:2, VII(a)(2) through (5), who performs services for which no significant remuneration is provided, or any participant performing community service work under a court order or the provisions of a court diversion program, ***or any person providing services as part of a residential placement for individuals with developmental, acquired, or emotional disabilities.*** "Employee," with respect to public employment, shall include any person participating in a local welfare work program established under RSA 165:31; however, the local governing body may vote to make the provisions of this chapter not applicable to local welfare work program participants through guidelines adopted under RSA 165:1, II.

9 Workers' Compensation; Definition of Employee; Reference Changed. RSA 281-A:2, VI(c) is repealed and reenacted to read as follows:

(c) Prima facie evidence that the criteria prescribed in subparagraphs (b)(1)(A)-~~(E)~~(L) have been met may be established by a written agreement signed by the employer and the person providing services, on or about the date such person was engaged, which describes the services to be performed and affirms that such services are to be performed in accordance with each of the criteria. Nothing in this subparagraph shall require such an agreement to establish that the criteria have been met. If the commissioner finds that the employer's use of such written agreement was intended to misrepresent the relationship between the employer and the person providing services, the commissioner may assess a civil penalty of up to \$2,500; in addition, such employer shall be assessed a civil penalty of \$100 per employee for each day of noncompliance. The fines shall be

assessed from the first day of the infraction but not to exceed one year. The chief executive officer, chief financial officer, and members of limited liability companies shall be held personally liable for payments of fines. All funds collected under this subparagraph shall be continually appropriated and deposited into a nonlapsing workers' compensation fraud fund dedicated to the investigation and compliance activities required by this section and related sections pertaining to labor and insurance law. The commissioner of labor shall appoint as many individuals as necessary to carry out the department's responsibilities under this section.

10 New Subparagraph; Application of Receipts. Amend RSA 6:12, I(b) by inserting after subparagraph 252 the following new subparagraph:

(253) Moneys deposited in the workers' compensation fraud fund established by RSA 281-A:2, VI(c).

11 Effective Date. This act shall take effect January 1, 2008.
Amendment adopted.

Rep. Holden offered floor amendment (2074h).

Floor Amendment (2074h)

Amend RSA 281-A:2, VI(c) as inserted by section 9 of the bill by replacing it with the following:

(c) Prima facie evidence that the criteria prescribed in subparagraphs (b)(1)(A)-~~(E)~~(L) have been met may be established by a written agreement signed by the employer and the person providing services, on or about the date such person was engaged, which describes the services to be performed and affirms that such services are to be performed in accordance with each of the criteria. Nothing in this subparagraph shall require such an agreement to establish that the criteria have been met. If the commissioner finds that the employer's use of such written agreement was intended to misrepresent the relationship between the employer and the person providing services, the commissioner may assess a civil penalty of up to \$2,500; in addition, such employer shall be assessed a civil penalty of \$100 per employee for each day of noncompliance. The fines shall be assessed from the first day of the infraction but not to exceed one year. Notwithstanding any provision of law to the contrary, any person with control or responsibility over decisions to disburse funds and salaries and who knowingly violates the provisions of this subparagraph shall be held personally liable for payments of fines. All funds collected under this subparagraph shall be continually appropriated and deposited into a nonlapsing workers' compensation fraud fund dedicated to the investigation and compliance activities required by this section and related sections pertaining to labor and insurance law. The commissioner of labor shall appoint as many individuals as necessary to carry out the department's responsibilities under this section.

Rep. Sally Kelly spoke in favor.

Floor amendment (2074h) adopted.

Committee report adopted and ordered to third reading.

SB 154, relative to the worker's compensation compliance statement. **MAJORITY: OUGHT TO PASS. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Marlene M. DeChane for the Majority of Labor, Industrial and Rehabilitative Services: This bill simply requires the Department of Labor to make public worker's compensation compliance statements upon request. It also ensures that worker's compensation coverage is up to date. New Hampshire law requires that all employees are covered. Vote 10-7.

Rep. William J. Infantine for the Minority of Labor, Industrial and Rehabilitative Services: This bill amends current law under RSA 281-A:4-a that currently requires employers to provide compliance statements to the Department of Labor. The bill requires this department to make these statements public even if the employer appears to be in compliance with the law. These reports include proprietary information such as the total number of employee hours worked and what worker's compensation classification codes were used. We should not be legislating that private information be made public when employers are abiding by New Hampshire law. This does not serve any benefit to the state or general public. It only serves to give private entities vital information about their competitors.

On a division vote, 203 members having voted in the affirmative and 126 in the negative, the majority committee report was adopted.

Ordered to third reading.

SB 54, relative to dog license fees. **INEXPEDIENT TO LEGISLATE.**

Rep. Betsey L. Patten for Municipal and County Government: This bill proposes to increase the fee required to license dogs owned or kept in a municipality to be "no more than \$5.00" instead of the current "no more than \$1.00," as stated in RSA 466:39. All dog owners are required to furnish rabies vaccination verification to the municipal clerk prior to licensure. The committee knows that a rabies vaccination is costly, although there is help for income eligible owners. However, the vaccination program is a higher public policy priority than an increase of licensing fees. There was concern by the committee that a license increase might force dog owners to opt out of the successful rabies vaccination program presently in statute. This bill was recommitted with the intent of adding an amendment. Further information gathered confirmed that an amendment was not warranted. In discussion with the town clerks it was agreed to bring this issue to the legislature next year. Vote 13-0. Committee report adopted.

SB 58, relative to the recommendation for the town budget. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Betsey L. Patten for Municipal and County Government: The amendment allows any town with or without a budget committee to vote that the tally of the vote taken regarding budget items or warrant articles be printed in the town warrant. This enables both traditional towns and official ballot towns to have this question put on the ballot. The amendment also puts this budget preparation issue in RSA 32:5 and RSA 40:13 instead of just in the statute covering the duties of the selectmen. Vote 13-0.

Amendment (1815h)

Amend the bill by replacing all after the enacting clause with the following:

1 New Paragraph; Budget Preparation. Amend RSA 32:5 by inserting after paragraph V the following new paragraph:

V-a. Any town may vote to require that all votes by an advisory budget committee or a town budget committee or, in towns without a budget committee, all votes of the selectmen relative to budget items or warrant articles shall be recorded votes and the numerical tally of any such vote shall be printed in the town warrant next to the affected warrant article.

2 New Paragraph; Use of Official Ballot. Amend RSA 40:13 by inserting after paragraph V the following new paragraph:

V-a. Any town may vote to require that all votes by an advisory budget committee or a town budget committee or, in towns without a budget committee, all votes of the selectmen relative to budget items or warrant articles shall be recorded votes and the numerical tally of any such vote shall be printed in the town warrant next to the affected warrant article.

3 Effective Date. This act shall take effect 60 days after its passage.

Rep. Theberge spoke against.

Amendment failed.

Rep. Theberge offered floor amendment (1864h).

Floor Amendment (1864h)

Amend the bill by replacing all after the enacting clause with the following:

1 New Paragraph; Budget Preparation. Amend RSA 32:5 by inserting after paragraph V the following new paragraph:

V-a. Any town may vote to require that all votes by an advisory budget committee, a town budget committee, and the governing body or, in towns without a budget committee, all votes of the governing body relative to budget items or warrant articles shall be recorded votes and the numerical tally of any such vote shall be printed in the town warrant next to the affected warrant article.

2 New Paragraph; Use of Official Ballot. Amend RSA 40:13 by inserting after paragraph V the following new paragraph:

V-a. Any town may vote to require that all votes by an advisory budget committee, a town budget committee, and the governing body or, in towns without a budget committee, all votes of the governing body relative to budget items or warrant articles shall be recorded votes and the numerical tally of any such vote shall be printed in the town warrant next to the affected warrant article.

3 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill permits towns to require that votes by a budget committee or the governing body relative to budget items be recorded and that the tally be printed in the town warrant.

Rep. Theberge spoke in favor and yielded to questions.

Floor amendment (1864h) adopted.

Committee report adopted and ordered to third reading.

SB 219-FN, establishing a committee to study the effectiveness of current preservation planning tools designed to prevent unnecessary demolitions of significant historic properties and recommend new incentives to aid communities, improvements to existing methods, or creation of new programs.

MAJORITY: OUGHT TO PASS. MINORITY: INEXPEDIENT TO LEGISLATE.

Rep. Larry Brown for the Majority of Municipal and County Government: It was the majority opinion of the committee that much of the history of the state and its value as a travel destination comes from its rich architectural heritage. The charge to the proposed study committee is to assess current "best practice" and to consider other incentives, methods or programs which can help communities preserve that heritage and prevent the unnecessary demolition of significant historic properties. Vote 9-5.

Rep. Joseph A. Guthrie for the Minority of Municipal and County Government: Although the minority agreed that the concern for the demolition of historic properties has merit, it was felt not necessary to establish a study committee.

Majority committee report adopted and ordered to third reading.

MOTION TO REMOVE FROM TABLE

Rep. DeJoie moved that **SB 88**, relative to public employee terms of employment, bargaining units, and dispute resolution, be removed from the table. (Pending question: Ought to Pass with Amendment).

Rep. Goley requested a roll call; sufficiently seconded.

SPECIAL ORDERED

Without objection, the Speaker ordered the remainder of the bills on today's calendar to be made Special Orders for the next session day in their Regular Calendar order.

RESOLUTION

Rep. Wallner offered the following: **RESOLVED**, that the House now adjourn from the early session, that the business of the late session be in order at the present time, that the reading of bills be by title only and resolutions by caption only and that all bills ordered to third reading be read a third time by this resolution, and that all titles of bills be the same as adopted, and that they be passed at the present time, and when the House adjourns today it be to meet June 7, 2007 at 10:00 a.m.
Adopted.

LATE SESSION**Third reading and final passage**

SB 188, relative to unfair claim settlement practices by insurers.

SB 189, relative to medical benefits under motor vehicle insurance.

SB 229, relative to restitution ordered against an inmate.

SB 125-FN, relative to certificates for architect business organizations.

SB 178-FN, relative to the judicial retirement plan.

SB 60-FN, relative to compensations for injuries and illnesses suffered by national guard members on state active duty.

SB 68-FN-A, making an appropriation to the department of environmental services to implement the New Hampshire estuaries project's comprehensive conservation and management plan.

SB 215-FN-A, making an appropriation for AIDS services.

SB 222-FN, relative to health insurance for national guard members.

SB 237, establishing a council on employment issues affecting veterans.

SB 206-FN-L, relative to the investment authority of local government entities.

SB 111, permitting a dam to be constructed on Lake Ivanhoe in the town of Wakefield.

SB 97, relative to unemployment administrative contributions and the training fund, and transferring the job training program administered by the department of regional community-technical colleges to the department of resources and economic development.

SB 133-FN, relative to the escrow fund for court facility improvements.

SB 197, relative to continuation of group health insurance in the event of divorce or legal separation.

SB 233-FN, relative to sales by beverage manufacturers and relative to the definition of specialty beer.

SB 18-FN, raising the age of required attendance of children in school.

SB 67-FN-A, relative to implementation of the recommendations of the YDC master plan and making an appropriation therefor.

SB 82-FN, reorganizing the administration and governance of the regional community-technical college system.

SB 93-FN, relative to insurance coverage for children's early intervention therapy services.

SB 101, relative to payment of costs for certain students attending alternative education programs.

SB 138-FN-A, relative to the waiting list for services to persons with developmental disabilities and acquired brain disorders and making appropriations therefor.

SB 169-FN-A, establishing a death benefit to be paid to the family of a police officer or firefighter killed in the line of duty and establishing a committee to study the feasibility of establishing a state death benefit for emergency medical technicians killed in the line of duty.

SB 176-FN, relative to lead paint poisoning and establishing a commission to study the current childhood lead poisoning prevention law, policies, and standards.

SB 192-FN, establishing an outreach program in the children's health insurance program.

SB 204-FN-A, relative to collection of debts owed the state.

SB 213-FN-A, establishing a comprehensive cancer plan fund and making an appropriation therefor, and establishing a comprehensive cancer plan oversight board.

SB 217-FN-A, establishing the New Hampshire housing and conservation planning program.

SB 226-FN, relative to the temporary assistance to needy families (TANF) program.

SB 242-FN, establishing the intellectual property business loan development program.

SB 27-FN, relative to the display of the POW-MIA flag.

SB 92, relative to the definition of employee and clarifying the criteria for exempting workers from employee status.

SB 154, relative to the worker's compensation compliance statement.

SB 58, relative to the recommendation for the town budget.

SB 219-FN, establishing a committee to study the effectiveness of current preservation planning tools designed to prevent unnecessary demolitions of significant historic properties and recommend new incentives to aid communities, improvements to existing methods, or creation of new programs.

UNANIMOUS CONSENT

Reps. Phinizy and DeChane addressed the House.

MOTION TO PRINT REMARKS

Rep. John Thomas moved that the remarks made by Rep. Phinizy be printed in the Permanent Journal.

Adopted.

REMARKS

Rep. Phinizy: Thank you, Madam Speaker. I woke up this morning and it was a lovely morning. By the time I woke up, 63 years ago people had already landed in Normandy. The Normandy landings were the beginning, I took some of this from the BBC journal, the Normandy landings were the beginning of Operation Overlord of the invasion of German occupied Europe. Originally planned to take place on May 1st, the operation was postponed a month to allow time to gather more troops and equipment. The timing was important to allow for the right weather, a full moon and tidal conditions. To keep the destination of the landing secret, a deception plan, Operation Fortitude, was mounted which led the Germans to believe the main target was the Pas de Calais, much further to the East. When the landings finally began, there were only 14 of the 58 German divisions in France facing the allies. While there was stiff resistance at other beaches, Omaha, otherwise known as "Bloody Omaha," was the only one where the success of the allied mission was in serious doubt. Bloody Omaha was 3.5 miles long. It had 1,200 casualties by the end of the day. The 29th and the 1st Infantry Divisions; Big Red 1 is the 1st Infantry Division. Eight companies of Rangers, of those Rangers, the second Ranger assaulted the Pointe du Hoc, which is where you had artillery that ranged not only across Omaha, but ranged across some of the other beaches. The invasion of Normandy, at that point, was the largest and still is the largest amphibious assault ever launched. It involved five army divisions in the initial assault and over 7,000 ships. In addition, there were 11,000 aircraft. A total of 72,000 British and Canadian troops and 57,000 American troops landed by sea on D-Day. Another 23,000 landed by air. That, of course, was the 101st, the 82nd and I believe the 6th paratroopers, the British 6th paratroopers. By the 11th of June, the allies had secured the Cotentin Peninsula beyond Cherbourg. The progress continued slowly as the Germans put up fierce resistance. The end of the Normandy campaign came through with the destruction of the Germans at the Falaise pocket. Normandy, perhaps together with an action that took place 65 years ago, two days earlier, the battle for Midway where three American aircraft carriers, a fleet of cruisers and some destroyers took on the Imperial Japanese fleet and sunk four of their major aircraft carriers: the Akagi, the Kaga, the Hiryu and the Soryu, as well as other Japanese ships. They basically dented or blunted what was the Japanese invasion of the West Coast. So these two events surrounding the 4th of June and the 6th of June perhaps, I think, are critically the most important events in American history. Some might argue Antietam. Some people might say Shiloh and some people might say Gettysburg, but this is where the people of my father's generation did a lot for the world and I thank them.

RECESS MOTION

Rep. Wallner moved that the House stand in recess for the purpose of enrolled bill amendments, enrolled bill reports and receiving Senate messages.

Adopted.

The House recessed at 4:40 p.m.

RECESS

(Rep. Daniel Eaton in the Chair)

ENROLLED BILLS REPORT

The Committee on Enrolled Bills has examined and found correctly Enrolled House Bills numbered 49, 102, 180, 221, 248, 336, 344, 395, 439, 446, 448, 480, 534, 543, 554, 598, 599, 602, 703, 733, 813, 844, 849 and 866 and Senate Bill number 56.

Rep. Hager, Sen. D'Allesandro for the Committee

RECESS

(Speaker Norelli in the Chair)

Rep. Wallner moved that the House adjourn.

Adopted.

HOUSE JOURNAL No. 19

Thursday, June 7, 2007

The House assembled at 10:00 a.m., the hour to which it stood adjourned, and was called to order by the Speaker.

Prayer was offered by House Chaplain, Reverend Jared A. Rardin, Pastor of the South Congregational Church in Concord.

A Prayer for Children
by Ina J. Hughs

We pray for children

who put chocolate fingers everywhere,
who like to be tickled,
who stomp in mud puddles and ruin their new pants,
who sneak Popsicles before supper,
who erase holes in math workbooks,
who can never find their shoes.

And we pray for those

who stare at photographers from behind barbed wire,
who've never squeaked across the floor in new sneakers,
who never "counted potatoes,"
who are born in places we wouldn't be caught dead,
who never go to the circus,
who live in an X-rated world.

We pray for children

who bring us sticky kisses and fistfuls of dandelions,
who sleep with the dog and bury goldfish,
who hug us in a hurry and forget their lunch money,
who cover themselves with Band-Aids and sing off-key,
who squeeze toothpaste all over the sink,
who slurp their soup.

And we pray for those

who never get dessert,
who watch their parents watch them die,
who have no safe blanket to drag behind,
who can't find any bread to steal,
who don't have any rooms to clean up,
whose pictures aren't on anybody's dresser,
whose monsters are real.

We pray for children

who spend all their allowance before Tuesday,
who throw tantrums in the grocery store and pick at their food,
who like ghost stories,
who shove dirty clothes under the bed and never rinse out the tub,
who get visits from the tooth fairy,
who don't like to be kissed in front of the car pool,
who squirm in church and scream in the phone,
whose tears we sometimes laugh at and whose smiles can make us cry.

And we pray for those

whose nightmares come in the daytime,
who will eat anything,
who have never seen a dentist,
who aren't spoiled by anybody,
who go to bed hungry and cry themselves to sleep,
who live and move, but have no being.

We pray for children
 who want to be carried, and for those who must.
 For those we never give up on, and for those who don't get a chance.
 For those we smother, and for those who will grab the hand of anybody
 kind enough to offer it.

Rep. John Thomas, member from Belmont, led the Pledge of Allegiance.

The National Anthem was sung by Shelby Stanton, a student at Marlborough Middle School.

LEAVES OF ABSENCE

Reps. Dalrymple, Forest, Forsing, Grote and Martineau, the day, illness.
 Reps. Janet Allen, Barry, Bergin, Blanchard, Bleyler, Brennan, Jennifer Brown, Larry Brown, Brendon Browne, Case, Claudia Chase, Clemons, Stephanie Eaton, Donald Flanders, Fletcher, Greco, Hager, Hamm, Lee Hammond, Harvey, Houde, Hutchinson, Hutz, L'Heureux, Lawrence, Leishman, Lessard, Levesque, Manney, McKinney, Scott Merrick, Benjamin Moore, Nielsen, Rausch, Deanna Rollo, Sprague, Stevens and Joy Tilton, the day, important business.

INTRODUCTION OF GUESTS

Honorable Charlotte Houde-Quimby, former member from Meriden, guest of Rep. Harding. Kim Stanton, mother of the singer, guest of the House. Paul Howard, husband of Rep. Howard.

SENATE MESSAGES

REQUEST CONCURRENCE WITH AMENDMENTS

HB 83, relative to the deliberations of the board of tax and land appeals under the right-to-know law. (Amendment printed SJ 5-24-07)

Rep. Ryan moved that the House concur and spoke in favor.
Adopted.

HB 649, relative to the disposition of real estate given, devised, or bequeathed to a town for charitable or community purposes. (Amendment printed SJ 5-31-07)
Rep. Theberge moved that the House concur and spoke in favor.
Adopted.

REGULAR CALENDAR

SPECIAL ORDERS

SB 74-FN, relative to the operation and administration of the state park system. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.**
Rep. Donald A. Brueggemann for the Majority of Resources, Recreation and Development: This establishes a bureau of historic sites in the Department of Resources and Economic Development.

Although initially only minimally staffed, this bill provides a framework by which the bureau will be developed in order to address the abysmal condition into which our state-owned historic sites have fallen. In addition, SB 74 details the content and the development process of a strategic plan for the state parks system and requires an audit of the Division of Parks and Lands. Lastly, a State Park System Advisory Council is established in order to provide advice as the master plan is developed and advocate for the park system. The amendment eliminates a Legislative Oversight Committee, incorporates legislators into the Advisory Council and sunsets the council in 2010, two years after completion of the plan. Vote 12-6.

Rep. Andrew Renzullo for the Minority of Resources, Recreation and Development: This bill is a typical government response to a problem, to form a committee. This bill creates another advisory group to add to the 170 plus committees/groups/councils that give input to the Department of Resources and Economic Development (DRED). The bill also asks for \$500,000 to have the Director of DRED produce a master plan for the park system. We hire people to do a job and have the vision to create their plan for their department's future, not hire a consultant to do it. In addition, this bill requests the establishing of a bureau of historic sites within the state park system and staffing said bureau. Preservation of historic sites within the park system is best handled by individually funded projects and not establishing a bureau.

Majority Amendment (1809h)

Amend the bill by replacing all after the enacting clause with the following:

1 New Sections; Department of Resources and Economic Development; Bureau of Historic Sites Established. Amend RSA 12-A by inserting after section 10-c the following new sections:

12-A:10-d Bureau of Historic Sites Established. There is established a bureau of historic sites in the division of parks and recreation of the department of resources and economic development. The chief supervisor of the bureau shall report directly to the director of the division of parks and recreation.

12-A:10-e Duties of the Bureau of Historic Sites. The bureau shall:

I. Define missions and goals for the state's historic sites and ensure accountability in the ongoing stewardship responsibilities for such sites.

II. Create a comprehensive and coordinated interpretive approach for the network of state historic sites.

III. Develop operating and management plans and policies specific to the state's historic sites.

IV. Enter into partnerships and provide effective management of partnerships with other agencies and "friends" groups connected to the state's historic sites.

V. Address the deferred maintenance of existing sites and develop a long-term maintenance plan for all state-owned historic sites.

VI. Develop sustainable funding mechanisms that include state funds, earned income, and foundation and private support.

VII. Build an operations team with cultural resource expertise and administrative, interpretive, and preservation experience.

VIII. Work collaboratively with the division of historical resources in the department of cultural resources, in the management of the state historic sites and the development of interpretive and visitor programs for students and the general public that will build ongoing recognition and appreciation for the state's historic sites.

2 Expansion of State Park System; Development Plan. RSA 216-A:3-c is repealed and reenacted to read as follows:

216-A:3-c Development Plan.

I. The director of parks and recreation shall by September 30, 2008, publish a written comprehensive 10-year development plan for the state park system. The director may contract with an experienced, independent firm to assist in the development of this plan. The director shall submit copies of the plan to the governor, the governor's council, the presiding officers of the general court, the chairperson of the house resources, recreation and development committee, and the chairperson of the senate energy, environment, and economic development committee. On or before June 1, 2008, the director of parks and recreation shall submit a progress report to the chairperson of the house resources, recreation and economic development committee and the chairperson of the senate energy, environment, and economic development committee.

II. The director shall continually review this plan and revise it as necessary.

III. The strategic plan shall include:

- (a) An analysis of the recreational needs of each geographic region of the state and the degree to which existing park facilities address those needs.
- (b) An evaluation of overall state park system operations to identify strengths, weaknesses, and future approaches to increase revenue and simplify operations.
- (c) Specific goals and objectives for the park system.
- (d) A report on the progress in meeting goals and objectives during each biennium.
- (e) Identification of areas in which there is a need for physical expansion of park properties.
- (f) Identification of park system properties which are surplus to the state's needs.
- (g) A summary of the division's planned maintenance program for park facilities, including, but not limited to, measures to protect against undue environmental stress.
- (h) Proposed improvements to park facilities, including major renovations, repairs, additions, or new construction.
- (i) A full evaluation of facilities, profit and loss, and usage trends in each state park and a comparison of such usage to national trends.
- (j) A continual overview of marketing approaches and reservation systems to maximize day rental usage of the state park system.
- (k) The adoption of uniform standards for managing facility day use including uniformity in fee structure, reservation procedures, and monitoring of use.
- (l) An analysis of whether leasing or outsourcing certain state park functions, or entering into public/private partnerships would increase revenues and simplify operations.

IV. The strategic plan shall serve as a basis for the division's capital and operating budget requests.

V. In developing the plan, the department shall solicit local input. The director shall also consult with the division of historical resources of the department of cultural resources. The office of energy and planning shall provide the director of parks and recreation with such information on the recreational needs of the state and other technical assistance as is necessary for the division to properly perform its responsibilities under this section.

VI. The director of parks and recreation shall report to the house resources, recreation and development committee and the senate energy, environment, and economic development committee by January 31 of each year on the state of the parks and historic sites.

3 Audit of Division of Parks and Recreation. Notwithstanding RSA 17-N:1, the legislative budget assistant shall, no later than January 1, 2008, initiate an audit of the division of parks and recreation of the department of resources and economic development. The audit topics shall include, but are not limited to, cash control, cash flow management, and security issues. On or before June 30, 2008, the legislative budget assistant shall submit an audit progress report to the chairperson of the house resources, recreation and development committee and the chairperson of the senate energy, environment, and economic development committee. A final audit report shall be submitted on or before September 30, 2008. Extensions to these reporting dates may be granted by the fiscal committee of the general court.

4 New Section; State Park System Advisory Council. Amend RSA 216-A by inserting after section 3-j the following new sections:

216-A:3-k State Park System Advisory Council.

I. There is established a state park system advisory council which shall consist of the following members:

- (a) Ten who shall be appointed by the governor.
- (b) One who shall be the commissioner of the department of resources and economic development or designee, whose appointment shall be coterminous with the commissioner's tenure of office.
- (c) Three members of the house of representatives, at least 2 of whom shall be from the resources, recreation and development committee, appointed by the speaker of the house of representatives.
- (d) Two senators, appointed by the president of the senate.

II. In the event of a vacancy in membership of a member appointed under paragraph I, appointment shall be made in the same manner.

III. Members of the council shall be residents of the state of New Hampshire, at least one of whom shall be qualified, experienced, and representative of each of the following areas:

- (a) The business community.
- (b) A park friends group.
- (c) Recreation.

- (d) Forestry.
- (e) The general public.
- (f) Conservation.
- (g) Marketing or public relations.
- (h) Historic preservation, including the development and management of historic sites.

IV. The council shall elect a chairperson from among the membership.

V. Members of the council shall serve without compensation but shall be entitled to receive mileage and expenses when attending to the duties of the council. Legislative members of the council shall receive mileage at the legislative rate when attending to the duties of the council.

VI. The council shall:

(a) Provide advice to the director of the division of parks and recreation on issues relating to the operation and development of the state park system.

(b) Act as an advocate for the state park system.

(c) Review existing statutes and capital appropriations relating to the state park system and recommend to the general court any changes needed to improve efficiency and clarify responsibilities in the operation of the state park system.

(d) Review, with the assistance of the attorney general, all agreements, memoranda of understanding, leases, special use permits, deeds, or other legal documents to which the division of parks and recreation, or the department of resources and economic development, or both, are a party.

(e) Investigate the development of new incentives to encourage nonprofit clubs, "friends" groups, or other individuals or organizations to assist with construction, maintenance, scientific research, visitor services, and other activities required for the efficient operation of the state park system.

(f) Submit a report of its findings to the speaker of the house of representatives, the president of the senate, the house clerk, the senate clerk, the governor, and the state library no later than November 1 each year.

5 Repeal. Section 4 of this act is repealed effective June 30, 2010.

6 Effective Date. This act shall take effect 60 days after its passage.

Majority committee amendment adopted.

Majority committee report adopted and ordered to third reading.

SB 143, naming Jericho Mountain state park and establishing ATV and trail bike trails in such park.

MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: OUGHT TO PASS.

Rep. Suzanne H. Gottling for the Majority of Resources, Recreation and Development: This bill with amendment names the new state park near Berlin "Jericho Mountain Park." It also defines a procedure for building and completing ATV and trail bike trails in areas of the park where the criteria established in RSA 215-A:43 make this development impracticable. A waiver of some criteria may be obtained. Each waiver must be agreed to in writing by the Department of Resources and Economic Development and the Fish and Game Department. If water quality is impacted, the Department of Environmental Services must also agree in writing to the waiver. The allowable maximum size of ATVs was increased to 1200 pounds and 60 inches wide to provide opportunities for enhanced revenues at the park. Vote 11-6.

Rep. Elisabeth N. Sanders for the Minority of Resources, Recreation and Development: The minority of the committee strongly supports the Jericho Mountain state park development due to its valuable economic impact goals. The committee drafted and discussed four different proposals, none of which were satisfactory. After hours of debate, the minority felt that the original SB 143 as amended by the Senate was the best solution for House approval and feels that an OTP (no amendment) would best serve the interest of increasing travel and tourism to the North County – helping economic growth and job creation. All the amendments contained language that focused on micromanaging the agencies, rather than allowing the agencies to perform their responsibilities as set out in statute and the Jericho Mountain State Park Master Plan. The bill as passed by the Senate strikes a balance between the economic goals and environmental protection. There is already a solid level of cooperation between the Department of Resources and Economic Development (DRED), the Fish & Game Department, and the Department of Environmental Services (DES) in the creation and the implementation of this new park initiative.

Majority Amendment (1829h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to ATV and trail bike trails in Jericho Mountain park.

Amend the bill by replacing all after the enacting clause with the following:

1 New Paragraphs; Jericho Mountain Park. Amend RSA 215A:43 by inserting after paragraph V the following new paragraphs:

VI. The property acquired for the purposes of developing ATV and trail bike trails in the city of Berlin by the department of resources and economic development, division of parks and recreation, bureau of trails, and any abutting land donated or acquired after the effective date of this paragraph, shall hereby be known as Jericho Mountain Park.

VII. Notwithstanding the provisions of this section to the contrary, at Jericho Mountain Park:

(a) An ATV or trail bike trail may be established and subsequently maintained within Jericho Mountain Park even though it:

(1) Is within 330 feet of a known raptor nest provided that it is not within 650 feet of trees with eagle or osprey nests; or

(2) Fails to comply with the criteria in RSA 215-A:43, II(o) and (q) to the extent that it is utilizing an existing surface roadway located within the protected area which would reduce adverse environmental impacts.

(b) Site specific waivers of the criteria specified in RSA 215-A:43, II(o) and (q) are allowed on trails in Jericho Mountain Park provided that all of the following criteria are met:

(1) There is no practicable alternative location of the trail that would meet the criteria in RSA 215-A:43, II;

(2) The proposed trail location and construction is the least impacting alternative; and

(3) Conditions of the site specific waiver are agreed to in writing by:

(A) The department of resources and economic development and the fish and game department, for waivers that will have no impact on water quality; or

(B) The department of resources and economic development, the fish and game department, and the department of environmental services for waivers that may have an impact on water quality.

(c) A person may operate an OHRV within Jericho Mountain Park which weighs up to 1200 pounds and is no wider than 60 inches.

2 Effective Date. This act shall take effect July 1, 2007.

AMENDED ANALYSIS

This bill allows waivers of certain criteria in the evaluation process for establishment of ATV and trail bike trails relative to Jericho Mountain park in Berlin.
Majority committee amendment adopted.

RECONSIDERATION

Having voted with the prevailing side, Rep. Spang moved that the House reconsider its action whereby it adopted the majority committee amendment on **SB 143**, naming Jericho Mountain state park and establishing ATV and trail bike trails in such park.

Rep. Spang spoke in favor.

Motion adopted.

The question now being adoption of majority committee amendment (1829h).

Rep. Chris Christensen spoke against.

Rep. Gottling spoke in favor.

Rep. Lasky requested a roll call; sufficiently seconded.

SULLIVAN

Ferland, Brenda Rodeschin, Beverly
and the majority committee amendment was adopted.
Majority committee report adopted and ordered to third reading.

SB 123, relative to pole attachments. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Jacqueline A. Cali-Pitts for the Majority of Science, Technology and Energy: The bill is very simple and uncomplicated giving the Public Utilities Commission the authority to hear and resolve complaints concerning pole attachments relative to rates, charges, terms, conditions, voluntary agreements, or denial of attachments. The bill streamlines the pole attachments question as it will be handled on the state level and not in Washington. Vote 12-3.

Rep. John H. Thomas for the Minority of Science, Technology and Energy: The minority of the committee opposes this bill because the process is not broken. Basically we are talking about private contracts between private entities. There is a process of review and appeal at the Federal Communications Commission (FCC) and we have had testimony that the FCC has not heard a case in 10 years. On the local level, when an attachment rate is in dispute there is the court system to appeal to as in any private contract case.

Majority Amendment (1894h)

Amend the bill by replacing all after the enacting clause with the following:

1 New Subdivision; Pole Attachments. Amend RSA 374 by inserting after section 34 the following new subdivision:

Pole Attachments**374:34-a Pole Attachments.**

I. In of this subdivision, a "pole" means any pole, duct, conduit, or right-of-way that is used for wire communications or electricity distribution and is owned in whole or in part by a public utility, including a rural electric cooperative for which a certificate of deregulation is on file with the commission pursuant to RSA 301:57.

II. Whenever a pole owner is unable to reach agreement with a party seeking pole attachments, the commission shall regulate and enforce rates, charges, terms, and conditions for such pole attachments, with regard to the types of attachments regulated under 47 U.S.C. section 224, to provide that such rates, charges, terms, and conditions are just and reasonable. This authority shall include but not be limited to the state regulatory authority referenced in 47 U.S.C. section 224(c).

III. The commission shall adopt rules under RSA 541-A to carry out the provisions of this section, including appropriate formula or formulae for apportioning costs.

IV. In exercising its authority under this subdivision, the commission shall consider the interests of the subscribers and users of the services offered via such attachments, as well as the interests of the consumers of any pole owner providing such attachments.

V. Nothing in this subdivision shall prevent parties from entering into pole attachment agreements voluntarily, without commission approval.

VI. Any pole owner shall provide nondiscriminatory access to its poles for the types of attachments regulated under this subdivision. A pole owner may deny access to its poles on a non-discriminatory basis where there is insufficient capacity and for reasons of safety, reliability, and generally applicable engineering purposes.

VII. The commission shall have the authority to hear and resolve complaints concerning rates, charges, terms, conditions, voluntary agreements, or any denial of access relative to pole attachments.

2 Adoption of Rules. The public utilities commission shall expeditiously adopt interim rules and then final rules to carry out the provisions of RSA 374:34-a. For a period of at least 2 years after the effective date of this act, the rules shall be consistent with the regulations adopted by the Federal Communications Commission under 47 U.S.C. section 224, including the formulae used to determine maximum just and reasonable rates. The public utilities commission may incorporate into its rules, by reference, applicable regulations of the Federal Communications Commission. Notwithstanding RSA 541-A:19, X, the interim rules may be effective for up to 2 years. Once the interim rules are adopted, pole attachments shall become subject to RSA 374:34-a and the rules of the public utilities commission.

3 Effective Date. This act shall take effect upon passage.
 Majority committee amendment adopted.
 Majority committee report adopted and ordered to third reading.

SB 140, relative to transmission upgrades, the process for siting renewable generation facilities, and the study of demand response programs and distributed generation. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Michael A. Kaelin for the Majority of Science, Technology and Energy: This bill addresses the process for approval of renewable energy systems. The bill directs the PUC to advocate for New Hampshire interests to FERC and other federal and regional bodies, and to address transmission line upgrades with the regional utility organizations. Moreover, it enables the Site Evaluation Committee to streamline its rules for new renewable energy facilities. It also changes the representation on the State Energy Policy Commission from 4 to 8 House members, and adds the study of energy conservation, enhancing renewable energy, various technical issues related to demand management, and whether to allow distribution companies to invest in small scale renewable systems. Vote 10-6.

Rep. John H. Thomas for the Minority of Science, Technology and Energy: This bill, originally, was meant to stimulate the lost economy of the northern part of New Hampshire. It also named Public Service of New Hampshire (PSNH) as one of the companies to invest in or build a wood fired generation electric generation facility in the North Country for the simple reason they have been there and done that very successfully at their Schiller Station in Portsmouth. When the bill arrived in the House, all reference to PSNH had been removed. By omission of PSNH as a generator it took away the fastest resource to stimulating the economy and took 70% of the rate payers out of the financial benefits of new generation. Those financial benefits in the form of renewable energy credits, federal renewable energy tax credits and forward capacity market funds are considerable and by New Hampshire law returned to the rate payer in the case of a regulated utility. In the case of a merchant generator those benefits go to the shareholder, most of whom are out of state and out of country. Except for the site evaluation language and the increase in membership of the state energy policy commission, the rest of the bill is moot. All transmission is controlled by the Federal Energy Regulatory Commission and the Independent Systems Operators, New England so the NH PUC already does what the bill, as amended by the committee, tells them to do. The minority also agrees with the proposed amendment that brought PSNH and Unital Corp back into the game. Unital, though not included in current law, brought forward an investment proposal in private generation which received bi-partisan support in the committee. This is a strong indication that this is a rate payer issue not a party issue. Because of the complexity of generation, regulation and deregulation, transmission, site evaluation, and financial implications the committee voted 8 to 8 to retain the bill prior to the final committee vote.

Majority Amendment (1939h)

Amend the bill by replacing all after the enacting clause with the following:

1 Transmission Infrastructure; Action by Public Utilities Commission. It is in the public interest and to the benefit of New Hampshire to encourage the development of renewable energy. In order to develop substantial electric generation from renewable energy, existing transmission infrastructure, particularly in the northern part of the state, will need to be upgraded or replaced or new transmission facilities will need to be built. Appropriate upgrades to the transmission infrastructure are important to economic development. The public utilities commission, in furtherance of its duties under RSA 374-F:8, shall facilitate discussions among parties interested in the upgrade of electricity transmission in the northern part of the state. The public utilities commission shall file a report with the general court by December 1, 2007 that describes: the existing electricity transmission system in New Hampshire; the current process for siting, constructing, and financing transmission upgrades and expansion; the approximate costs of potentially appropriate transmission upgrades; approaches pursued by other states to encourage transmission expansion related to renewable generation; and actions the public utilities commission has taken to advance New Hampshire interests with respect to transmission.

2 Public Utilities Commission Participation in Regional and National Activities. RSA 374-F:8 is repealed and reenacted to read as follows:

374-F:8 Participation in Regional Activities. The commission shall advocate for New Hampshire interests before the Federal Energy Regulatory Commission and other regional and federal bodies.

The commission shall participate in the activities of the New England Conference of Public Utility Commissioners, the National Association of Regulatory Utility Commissioners, and the New England States Committee on Electricity, or other similar organizations, and work with the New England Independent System Operator and NEPOOL to advance the interests of New Hampshire with respect to wholesale electric issues, including policy goals relating to fuel diversity, renewable energy, and energy efficiency, and to assure nondiscriminatory open access to a safe, adequate, and reliable transmission system at just and reasonable prices.

3 New Paragraph; Definitions. Amend RSA 162-H:2 by inserting after paragraph XI the following new paragraph:

XII. "Renewable energy facility" means electric generating station equipment and associated facilities designed for, or capable of, operation at a nameplate capacity of greater than 30 megawatts but less than 120 megawatts and powered by wind energy, geothermal energy, hydrogen derived from biomass fuels or methane gas, ocean thermal, wave, current, or tidal energy, methane gas, biomass technologies, solar technologies, or hydroelectric energy. "Renewable energy facility" shall also include electric generating station equipment and associated facilities of 30 megawatts or less nameplate capacity but at least 5 megawatts which the committee determines requires a certificate, consistent with the findings and purposes set forth in RSA 162-H:1, either on its own motion or by petition of the applicant or 2 or more petitioners as defined in RSA 162-H:2, XI.

4 Site Evaluation Committee. Amend RSA 162-H:3 to read as follows:

162-H:3 Site Evaluation Committee. The site evaluation committee shall consist of the commissioner of the department of environmental services or assistant commissioner as designee, the director of the division of water, the commissioner of the department of resources and economic development or the director of the division of economic development as designee, the commissioner of the department of health and human services or one of the 2 most senior administrators within the department responsible for management of public health services as designee, the executive director of the fish and game department, the director of the office of energy and planning *or deputy director as designee*, the director of the division of parks and recreation, the director of the division of forests and lands, the director of the division of air resources, the ~~[director of the governor's office of energy and community services or deputy director as designee, the]~~ commissioner of the department of transportation or assistant commissioner as designee, the commissioners of the public utilities commission, and a staff engineer designated by the commissioners of the public utilities commission. The commissioner of the department of environmental services shall be chairperson of the committee, and the chairperson of the public utilities commission shall be vice-chairperson.

5 New Paragraph; Site Evaluation Committee; Review of Renewable Energy Projects. Amend RSA 162-H:4 by inserting after paragraph IV the following new paragraph:

V.(a) The committee shall file with the director of legislative services initial proposed procedural rules no later than December 31, 2007, that, to the extent practicable, streamline the filing requirements for renewable energy facilities. Prior to the effective date of such procedural rules, the committee shall consider applications by applying the attorney general's model procedural rules under RSA 541-A:30-a, V.

(b) Once an application has been accepted in accordance with RSA 162-H:6-a, the chairperson shall designate a subcommittee of no fewer than 7 members that shall consider and approve or reject all applications for renewable energy facilities. The subcommittee shall include the chairperson or the vice-chairperson of the committee, and at least 3 members selected from among the department of environmental services, the department of resources and economic development, and the fish and game department. A majority vote of the subcommittee shall be sufficient to issue a certificate, issue a certificate with conditions, or deny a certificate under this chapter. With the exception of the chairperson or vice-chairperson, each member of the committee may designate an employee from his or her agency to assume his or her responsibilities as a subcommittee member for the purposes of this subparagraph, provided that such designee shall be a senior administrator within the agency, department, or division that the member represents under RSA 162-H:3. To the extent that they do not conflict with the provisions of this subparagraph or RSA 162-H:6-a, all other provisions of this chapter shall apply to the review of a renewable energy facility.

6 New Section; Time Frames for Review of Renewable Energy Projects. Amend RSA 162-H by inserting after section 6 the following new section:

162-H:6-a Time Frames for Review of Renewable Energy Facilities.

I. Upon the filing of an application for a certificate for a renewable energy facility, the chairperson shall expeditiously forward to each of the other state agencies having jurisdiction, under state or federal law, to regulate the construction or operation of the proposed facility, a copy of the parts of the application that are relevant to its jurisdiction. Upon the filing of the copy, each of the other state agencies shall conduct a preliminary review as described in RSA 162-H:7, IV. To qualify for the time frames for review specified in this section, an application for a renewable energy facility shall include testimony, exhibits, and sufficient information to satisfy the application requirements of each state agency having jurisdiction, under state or federal law, to regulate the construction or operation of the proposed facility, and shall include each agency's completed application forms.

II. Upon the filing of an application for a certificate for a renewable energy facility, the chairperson or designee shall expeditiously conduct a preliminary review to ascertain whether the application contains sufficient information to carry out the purposes of this chapter. The chairperson or designee shall require as much information as he or she deems necessary to review the application and may take other administrative or procedural actions on behalf of the committee to aid in the orderly conduct of the proceeding.

III. The chairperson of the committee or designee shall decide whether or not to accept the application within 30 days of filing. Once an application has been accepted the chairperson shall designate a subcommittee as provided in RSA 162-H:4, V.

IV. After acceptance of the application, the subcommittee, upon 30 days notice, shall promptly hold at least one public hearing in each county in which the proposed facility is to be located.

V. All participating state agencies shall report their progress to the subcommittee within 90 days of the acceptance of the application, outlining draft permit conditions and specifying additional data requirements necessary to make a final decision.

VI. All participating state agencies shall make and submit to the subcommittee a final decision on the parts of the application that relate to its jurisdiction, no later than 180 days after the application has been accepted.

VII. Within 30 days of the submission of final decisions under paragraph VI, the subcommittee shall hold a public hearing on the merits of the application, which shall be part of an adjudicative proceeding as provided under RSA 162-H:10, II. At such public hearing, the subcommittee shall hear testimony and receive evidence submitted on behalf of the applicant, any intervenors, agencies with jurisdiction, and members of the public represented by counsel for the public appointed under RSA 162-H:9. At such public hearing the subcommittee may also receive comment from any member of the public on the application.

VIII. Within 240 days of the acceptance of an application, the subcommittee shall issue or deny a certificate for a renewable energy facility.

IX. If the subcommittee at any time during its deliberations relative to an application for a certificate deems it to be in the public interest, it may temporarily suspend its deliberations and enlarge the time frame established under this section to issue or deny a certificate.

7 Public Hearings. Amend RSA 162-H:10, II to read as follows:

II. Except for informational hearings, subsequent hearings shall be in the nature of ~~[adversary]~~ *adjudicative* proceedings and may be held in the county or one of the counties in which the proposed facility is to be located or in Concord, New Hampshire, as determined by the site evaluation committee. The committee shall give adequate public notice of the time and place of each subsequent session.

8 State Energy Policy Commission; Membership. Amend 2006, 257:2, I(b) to read as follows:

(b) ~~[Four]~~ *Eight* members of the house of representatives, *at least 4 of whom shall be members of the science, technology and energy committee*, appointed by the speaker of the house of representatives.

9 New Paragraphs; State Energy Policy Commission; Duties. Amend 2006, 257:3 by inserting after paragraph V the following new paragraphs:

VI. Whether the state should allow electric distribution companies to invest in small scale generation resources as part of a strategy for balancing load and distribution, reducing transmission line losses, minimizing transmission and distribution costs, improving energy conservation, and enhancing renewable energy.

VII. Demand management and response mechanisms and programs.

10 Report. Amend RSA 2006, 257:5 to read as follows:

257:5 Report. The commission shall report its findings and any recommendations for proposed legislation to the president of the senate, the speaker of the house of representatives, the senate clerk, the house clerk, the governor, and the state library in the form of [an] interim [report] **reports** on or before December 1, 2006 **and December 1, 2007** and a final report on or before December 1, [2007] **2008**.

11 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill:

I. Defines "renewable energy facility."

II. Extends the powers of the site evaluation committee.

III. Establishes time frames for reviewing applications for renewable energy facilities.

IV. Expands the duties of the state energy policy commission.

Majority committee amendment adopted.

The question now being adoption of the majority committee report of Ought to Pass with Amendment. Rep. John Thomas spoke against and yielded to questions.

Rep. Kaelin spoke in favor and yielded to questions.

On a division vote, 237 members having voted in the affirmative and 83 in the negative, the majority committee report was adopted.

Ordered to third reading.

Rep. Reardon declared a conflict of interest on **SB 140** and did not participate.

SB 223-FN, establishing a New Hampshire medal of honor. **OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Kris E. Roberts for the Majority of State-Federal Relations and Veterans Affairs: This bill establishes the New Hampshire medal of honor for families of New Hampshire citizens who died in the "War on Terror" and service members stationed with a New Hampshire based military unit by Department of Defense orders and deployed to the war zone under Department of Defense direction at the time of his or her death. The bill came to the committee with the best of intentions but had some very serious flaws which the committee worked long and hard to correct. First and most important, the young Marine who lost his life in Afghanistan and who served as the driving force for the creation of this medal would not have been eligible to receive the medal because he was not killed in action, but rather he died in a vehicle accident. Under Marine Corps policy, his family did not receive the Purple Heart with the black line. The committee heard of other young service members who lost their lives in hazardous, realistic, pre-deployment training who would not be eligible to receive the medal. While a New Hampshire citizen, serving in the French Foreign Legion or the Israel Defense Force could be eligible. An Air Force pilot flying from North Dakota on a bombing mission who crashes prior to entering or after leaving the combat zone would not be eligible. Furthermore, since an important point was made concerning the "War on Terror," the date was changed from Jan 1, 1991; the start of Operation Desert Storm, to Nov 4, 1979, when the U.S. Embassy located in Tehran, Iran was attacked. Any New Hampshire service member killed in the "line of duty" would be eligible regardless if his or her untimely death occurred in the Beirut bombing, the barracks bombing in Saudi Arabia, or the attacks on U.S. embassies in Africa or the Philippines. The committee understood that every death occurring in the "line of duty" during the "War on Terror" must have equal value. Additionally, the committee wanted to make absolutely sure that the New Hampshire medal of honor was neither confused with our nation's highest military award for valor on the battlefield nor degraded or devalued that award in any shape, form or manner. The "Medal of Honor" is for the service member and his or her fellow service members. The New Hampshire medal of honor is for the family only, a small token that goes a short way to help ease the pain. The committee had grave concerns with the possibility that while we were taking action to honor the families who had suffered a loss, a parent who had to bury a child, a spouse who became a widow and or a child who became fatherless, if we were allowing an opportunity for protestors to invade the privacy of those final moments before the casket is lowered into the ground. The committee heard from many people from both sides of the debate when someone's right to privacy overrules someone's first amendment right to protest. People who stated that first amendment rights are very important said there were three rules the Supreme Court would look at. First is the requirement that it must be neutral. The committee amendment meets that requirement

as it covers all funerals. Second, it could not be overly broad. The amendment meets that requirement by matching federal law limiting the ban to 150 feet from the road entering the place of burial and/or 300 feet from the grave site. Third, it was stated the law had to spell out what was an unlawful protest and the committee amendment did that. It is firmly felt that New Hampshire's prohibition on funeral protests not only meets all the Supreme Court requirements, but it could serve as a model for other states. Vote 13-2.

Rep. Frank R. Emiro for the Minority of State-Federal Relations and Veterans Affairs: The minority opposes the "Ought to pass with amendment" because we believe that it should be split into two distinct bills. The Medal of Honor is a distinct decoration awarded by the President of the United States to a recipient for gallantry and sacrifice with no regard to his or her personal well-being. On the other hand, the proposed New Hampshire medal of honor would be given to the family of any New Hampshire resident who died in service to our country while serving on active duty with our armed forces. It is strongly believed that such an award deserves its own distinct title. The minority firmly believes the Medal of Honor should not be imitated or mimicked in any way. The funeral issue, while of grave importance, should be considered separately. Let's give both issues the attention they deserve.

Majority Amendment (1837h)

Amend the title of the bill by replacing it with the following:

AN ACT establishing a New Hampshire medal of honor and prohibiting funeral protests.

Amend the bill by replacing all after the enacting clause with the following:

1 New Subdivision; New Hampshire Medal of Honor. Amend RSA 110-B by inserting after section 80 the following new subdivision:

New Hampshire Medal of Honor

110-B:81 New Hampshire Medal of Honor.

I. There is established a New Hampshire medal of honor, which may be awarded on behalf of the people of the state of New Hampshire to any New Hampshire citizen who has given his or her life while in the line of duty to protect and preserve the rights and freedoms of the people of New Hampshire on or after November 4, 1979, and while:

- (a) Engaged in an action against an enemy of the United States.
- (b) Engaged in military operations involving conflict with an opposing foreign force.
- (c) Assigned as military personnel to friendly forces engaged in an armed conflict against an opposing armed force in which the United States is not a belligerent party.
- (d) Serving in a combat zone as designated by Presidential order.
- (e) Engaged in training in preparation for deployment to a combat zone as designated by Presidential order.

(f) Serving in the military and killed as a result of a terrorist act.

II. The adjutant general shall cause the name of a recipient of the New Hampshire medal of honor to be entered on a New Hampshire medal of honor roll.

III. Individuals eligible to receive the New Hampshire medal of honor include:

- (a) Members of the New Hampshire national guard at the time they were killed.
- (b) Members of the United States military reserves who were legal residents of New Hampshire at the time they were killed.
- (c) Members of the United States armed forces who were:
 - (1) Legal residents of New Hampshire at the time they were killed.
 - (2) Stationed in New Hampshire by a proper order of the United States Department of Defense at the time they were killed.

IV. The New Hampshire medal of honor shall be awarded, with the recommendation of the adjutant general, by a joint resolution introduced by the president of the senate, the speaker of the house of representatives, or the senator or a member of the house of representative representing the town or city of residence of the individual killed.

V. The adjutant general, with the approval of the governor and council, shall design and provide for the manufacture of the New Hampshire medal of honor. The adjutant general shall design and maintain a New Hampshire medal of honor roll, which shall be available for public viewing.

VI. The governor shall present the New Hampshire medal of honor awarded under this section to the family members of the recipient.

2 New Section; Prohibition on Funeral Protests. Amend RSA 644 by inserting after section 2-a the following new section:

644:2-b Prohibition on Funeral Protests.

I. In this section, "funeral" means the ceremonies, processions, and memorial services held in connection with the burial or cremation of the dead.

II. It shall be unlawful for any person to engage in picketing or other protest activities at any location at which a funeral is held, within one hour prior to the commencement of any funeral, and until one hour following the cessation of any funeral, if such picketing or other protest activities:

(a) Take place within 150 feet of a road, pathway, or other route of ingress to or egress from cemetery property and include, as part of such activities, any individual willfully making or assisting in the making of any noise or diversion that disturbs or tends to disturb the peace or good order of the funeral, memorial service, or ceremony; or

(b) Are within 300 feet of such cemetery and impede the access to or egress from such cemetery.

III. Each day on which a violation of this section occurs shall constitute a separate offense. Violation of this section is a class B misdemeanor, unless committed by a person who has previously pled guilty to or been found guilty of a violation of this section, in which case the violation is a class A misdemeanor.

3 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill establishes a New Hampshire medal of honor which may be awarded on behalf of the citizens of the state of New Hampshire to certain individuals who gave their lives in the line of duty while serving in the military on or after November 4, 1979.

This bill also prohibits picketing or other protest activities at locations where a funeral is held.

MOTION TO DIVIDE

Rep. Kjellman moved that Sections 1 and 2 of majority committee amendment (1837h) be divided. The Speaker ruled that the majority committee amendment was divisible.

Reps. Kjellman and Winters spoke in favor.

Reps. Roberts and Patrick Garrity spoke against.

On a division vote, 115 members having voted in the affirmative and 207 in the negative, the motion failed.

The question now being adoption of majority committee amendment (1837h).

Reps. Coughlin, Aguiar and Baldasaro spoke in favor.

Rep. Howard requested a roll call; sufficiently seconded.

Rep. Emiro offered floor amendment (1859h).

Floor Amendment (1859h)

Amend the title of the bill by replacing it with the following:

AN ACT establishing a New Hampshire ultimate sacrifice medal.

Amend the bill by replacing all after the enacting clause with the following:

1 New Subdivision; New Hampshire Ultimate Sacrifice Medal. Amend RSA 110-B by inserting after section 80 the following new subdivision:

New Hampshire Ultimate Sacrifice Medal

110-B:81 New Hampshire Ultimate Sacrifice Medal.

I. There is established a New Hampshire ultimate sacrifice medal which may be awarded on behalf of the people of the state of New Hampshire to any New Hampshire citizen who died while in the line of duty to the United States armed forces and while:

- (a) Engaged in an action against an enemy of the United States;
- (b) Engaged in military operations involving conflict with an opposing foreign force;
- (c) Serving with friendly foreign forces engaged in an armed conflict against an opposing armed force in which the United States is not a belligerent party; or
- (d) Serving in a combat zone as designated by Presidential order.
- (e) Engaged in training or on duty service.

II. The adjutant general shall cause the name of a recipient of the New Hampshire ultimate sacrifice medal to be entered on a New Hampshire ultimate sacrifice medal roster.

III. Individuals eligible to receive the New Hampshire ultimate sacrifice medal include:

- (a) Members of the New Hampshire national guard at the time they were killed.
- (b) Members of the United States military reserves who were legal residents of New Hampshire at the time they were killed.
- (c) Members of the United States armed forces who were:
 - (1) Legal residents of New Hampshire at the time they were killed; or
 - (2) Stationed in New Hampshire by a proper order of the United States Department of Defense at the time they were killed.

IV. The New Hampshire ultimate sacrifice medal shall be awarded, with the recommendation of the adjutant general, by a joint resolution introduced by the president of the senate, the speaker of the house of representatives, or the senator or a member of the house of representative representing the town or city of residence of the individual killed.

V. The adjutant general, with the approval of the governor and council, shall design and provide for the manufacture of the New Hampshire ultimate sacrifice medal. The adjutant general shall design and maintain a New Hampshire ultimate sacrifice medal roster, which shall be available for public viewing.

VI. The governor shall present the New Hampshire ultimate sacrifice medal awarded under this section to the family members of the recipient.

2 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill establishes a New Hampshire ultimate sacrifice medal which may be awarded on behalf of the citizens of the state of New Hampshire to certain New Hampshire citizens who died while in the line of duty to the United States Armed Forces.

Reps. Emiro and Winters spoke in favor and yielded to questions.

Rep. Lisle spoke against.

Rep. Roberts spoke against and yielded to questions.

MOTION TO LAY ON THE TABLE

Rep. Weyler moved that **SB 223-FN**, establishing a New Hampshire medal of honor, be laid on the table.

Rep. Patrick Garrity requested a roll call; sufficiently seconded.

and the majority committee report was adopted.
Ordered to third reading.

The House recessed at 1:00 p.m.

RECESS**(Speaker Norelli in the Chair)**

The House reconvened at 2:00 p.m.

REGULAR CALENDAR-SPECIAL ORDERS (CONT'D)

SB 75-FN, relative to establishing a south central New Hampshire rail transit authority that will have responsibility for developing and providing commuter rail and related public rail transportation services in New Hampshire. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Michael B. O'Brien for the Majority of Transportation: This bill will establish a rail transit authority that will have the responsibility for developing and providing commuter rail and public

rail transportation services in New Hampshire. This idea has been discussed before by members of this body, but has fallen short due to the complexities of the issue. Indeed, numerous studies have been conducted with regard to commuter rail service by various public committees, including the House. One only needs to consider traffic, sprawl and escalating fuel prices to cause us to wonder if we are already behind the times in providing an economic alternative to our commuting public. Nashua has led the way with grants and studies showing a commuter rail venture would be a viable means of transportation. Notwithstanding the leadership of the Gate City in this area, the matter is clearly one of statewide importance and the amendments supplied by the committee broaden the rail authority to include the entire state. This bill, as amended, will provide an authority concerned with rail transportation and is the result of a recommendation of a task force created by the Governor to begin the consequential work of augmenting our transportation system. When the bill appeared before the committee it was presented as a rail system between Nashua and Lowell and it was proposed as the "South Central New Hampshire Rail Authority." Our committee realized a Nashua to Lowell rail system is a priority; however the Authority should be more inclusive of other areas of our state and to contain existing rail ventures, it was renamed the "New Hampshire Rail Authority". The New Hampshire Rail Authority will consist of a delegation of elected officials or their designees. It shall also include members of local regional planning commissions and the Department of Transportation. The Senate and House delegation to the Authority shall consist of the chair of the Senate and House Transportation Committee, and the ranking minority member of both committees. The committee heard substantial testimony regarding the bill and carefully crafted amendments to respond to issues regarding the bonding authority, the land and rights of way process together with the need of stakeholders such as the Manchester-Boston Airport to be included within the authority. Vote 12-4.

Rep. Sherman A. Packard for the Minority of Transportation: The minority of the committee opposes this legislation because it is flawed. We fully support the introduction of passenger rail service in NH. This bill establishes a Rail Transit Authority with absolute autonomy. The bill creates a 25 member board of directors – four of whom are legislative members. That is not legislative oversight. Powers that are granted to the authority include employing assistants, attorneys, experts, inspectors and other employees or consultants the board deems necessary. Acquire property by eminent domain if it follows the procedure set forth by the laws of the State of NH, our Constitution and a resolution of the General Court. There are four resolutions defined in House rules, a joint resolution has the effect of law and there is a CACR. Are we to assume that a simple resolution could suffice as approval of the legislation? Issue bonds for any project, including taking property by eminent domain and paying employee salaries. Conduct or pay to be conducted any studies the authority deems necessary. What must be considered the most egregious part of the bill is the power given to the authority to allow officers, agents or employees the ability to enter upon any lands, waters and premises in the state for the purpose of making surveys, soundings, drillings and examinations it determines necessary. Such entry shall not be deemed a trespass. The authority shall not be subject to regulation by the public utilities commission. It will take hundreds of millions of dollars to re-institute train service in the State of NH. Passenger rail service must be subsidized by local, state and federal funds to be successful. To believe that this authority can be anything but an avenue to waste millions of dollars without a commitment by the state to help pay for the reintroduction of a successful rail service is a complete fallacy. Until a commitment to a funding method to support alternative means of transportation is established this authority will be unable to complete its stated mission.

Majority Amendment (1496h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to establishing a New Hampshire rail transit authority that will have responsibility for developing and providing commuter rail and related public rail transportation services in New Hampshire.

1 New Chapter; New Hampshire Rail Transit Authority. Amend RSA by inserting after chapter 238 the following new chapter:

CHAPTER 238-A

NEW HAMPSHIRE RAIL TRANSIT AUTHORITY

238-A:1 Definitions. In this chapter:

I. "Authority" means the New Hampshire rail transit authority.

II. "Government agency" includes any department, agency, commission, public corporation, bureau, authority, instrumentality, or political subdivision of:

- (a) The United States of America.
- (b) The state of New Hampshire.
- (c) Any state adjacent to New Hampshire.

III. "Municipality" means town as defined in RSA 21:5.

IV. "Regional planning commission" means any commission formed pursuant to RSA 36:46.

V. "Railroad lines" means railroad rights-of-way and any tracks, track appurtenances, ties, ballast, bridges, stations, yards, facilities, and other appurtenant structures located thereon or adjacent thereto.

238-A:2 Authority Established. There is hereby established the New Hampshire rail transit authority which shall be a body both corporate and politic in the state established for the general purpose of developing and providing commuter rail or other similar forms of passenger rail service. It is declared that the purposes of this chapter are public and that the authority shall be regarded as performing an essential governmental function in carrying out this chapter.

238-A:3 Duties. The authority shall take all actions that are reasonably necessary to establish regularly scheduled commuter rail or other similar forms of passenger rail service between points within the state of New Hampshire and points within and adjacent to the state of New Hampshire. These actions may include, but are not limited to:

I. The acquisition, lease, possession, use, operation, repair, renewal, construction, reconstruction, rehabilitation, modernization, rebuilding, relocation, maintenance, and disposition of:

- (a) Railroad lines and related facilities.
- (b) Railroad rolling stock, machinery, and equipment.
- (c) Real and personal property of any kind.

II. The acquisition, lease, license, possession, use, and disposition of any rights in or related to such property, including trackage, operating, maintenance, dispatching, and other contractual rights and services from railroad companies, other transportation service providers, public utilities, private persons, and government agencies including the Massachusetts Bay Transportation Authority.

238-A:4 Membership.

I. The governing body of the authority shall be a board of directors. The board of directors shall have the following members:

- (a) The commissioner of the department of transportation or designee.
- (b) The mayor of the city of Nashua, or designee.
- (c) A designee of the town of Merrimack town council.
- (d) A designee of the town of Bedford town council.
- (e) The mayor of the city of Manchester or designee.
- (f) A designee of the Nashua regional planning commission.
- (g) A designee of the southern New Hampshire planning commission.
- (h) Three members appointed by the governor, one of whom resides in the service area of the authority as established in RSA 238-A:5, I, and 2 of whom are recognized as experts in railroad matters.
- (i) The chair of the house transportation committee.
- (j) The ranking minority member of the house transportation committee.
- (k) The chair of the senate transportation and interstate cooperation committee.
- (l) The ranking minority member of the senate transportation and interstate cooperation committee.

- (m) The mayor of the city of Concord, or designee.
- (n) A designee of the central New Hampshire regional planning commission.
- (o) The chair of the Manchester-Boston regional airport board or designee.
- (p) The mayor of the city of Dover, or designee.
- (q) A designee of the town of Durham town council or university of New Hampshire.
- (r) A designee of the town of Exeter board of selectmen.
- (s) A designee of the Rockingham planning commission.
- (t) A designee of the Strafford regional planning commission.
- (u) A designee of the town of Claremont board of selectmen.
- (v) A designee of the Upper Valley Lake Sunapee regional planning commission.
- (w) A designee of the lakes region planning commission.

(x) The mayor of the city of Franklin or designee.

(y) The mayor of the city of Berlin, or designee.

II. The members of the board of directors appointed by the governor shall serve for a term of 2 years and until a successor has been designated.

238-A:5 Service Area of the Authority.

I. The service area of the authority shall include any town or city in the state of New Hampshire through which commuter rail or other similar forms of passenger rail service operates or may operate.

II. The board of directors shall determine when to expand the service area of the authority. Upon approval of a resolution to expand the service area of the authority, after a properly noticed public hearing, the board of directors shall notify eligible cities, towns, or regional planning commissions of the determination to expand the service area of the authority. A city, town, or regional planning commission may petition the authority to support the development and establishment of commuter rail and related public transportation services within its jurisdiction. The board of directors shall have sole discretion to accept or reject any such petition. When considering an expansion of the service area of the authority the board of directors shall consider support for the proposed passenger or commuter rail project by affected towns, cities, and regional planning commissions, and the completion of an alternatives analysis or major investment study.

III. When the service area of the authority is expanded as identified in RSA 238-A:5, II new members will be added to the board of directors as follows:

(a) One designee for each town or city added to the service area that is not represented on the board of directors.

(b) One designee for each regional planning commission added to the service area that is not represented on the board of directors.

238-A:6 Meetings.

I. The board of directors shall, at the initial meeting of the authority, elect a chairperson and vice-chairperson of the board. The board of directors shall also designate a secretary, treasurer, or other officer as may be necessary to carry out the functions of the board.

II. The authority shall conduct an annual meeting. At such meeting the board of directors shall approve an annual report the authority and elect a chairperson and vice-chairperson of the board.

III. The board of directors may exercise all the powers of the authority in a lawful meeting. A majority of directors then in office shall constitute a quorum. Regular meetings of the board of directors may be established by bylaws.

238-A:7 Conflict of Interest.

I. A director, officer, or employee of the authority shall not acquire any interest, direct or indirect, in any contract or proposed contract of the authority. A director, officer, or employee of the authority shall not participate in any decision on any contract entered into or to be entered into by the authority if that individual has any interest, direct or indirect, in any firm, partnership, corporation, or association that will be party to such a contract or financially involved in any transaction with the authority.

II. The prohibition in paragraph I shall not apply to:

(a) The execution of agreements by banking institutions for the deposit or handling of authority funds in connection with any contract.

(b) Utility services, for which rates are fixed or controlled by a government agency.

(c) Contracts with the department of transportation, a regional planning commission, or any other government agency.

III. The authority shall not:

(a) Employ a person or firm to promote or oppose, directly or indirectly, any legislation pending or proposed before the general court, or to promote or oppose, directly or indirectly, any action by the governor, governor and council, or any agency, as defined in RSA 15-A:2, where such action concerns legislation or contracts pending or proposed before the general court, any pending or proposed administrative rule, or the procurement of goods or services that are being or may be purchased by the state.

(b) Employ or remunerate in any fashion any member of the legislature.

238-A:8 Powers. The authority may:

I. Sue and be sued to the same extent as a town or city under New Hampshire law.

II. Have a seal and alter the seal.

III. Adopt and amend bylaws covering procedure and rules for the purposes of this chapter, develop and adopt rules in accordance with the laws of the state of New Hampshire, publish bylaws and rules as necessary or advisable, and cause records of its proceedings to be kept.

IV. Employ such assistants, attorneys, experts, inspectors, and such other employees and consultants as the board of directors considers necessary for its purposes.

V. Utilize the services and resources of the department of transportation that are available and expedient. All charges for services provided by the department may be paid to it by the authority as mutually agreed upon.

VI. Utilize the services of the Nashua regional planning commission or other regional planning commissions that are available and expedient. All charges for services provided by such commission may be paid to it by the authority as mutually agreed upon.

VII. Acquire any property or property rights through purchase, lease, lease-purchase, gift, contract, devise, or otherwise. In making these acquisitions the authority may exercise the power of eminent domain following the same procedure set forth for similar government agencies under the laws of the state of New Hampshire, provided it is consistent with the purposes established under the New Hampshire constitution and approved by a resolution of the general court.

VIII. Accept gifts, grants, or loans of money or other property, and enter into contracts or other transactions with any federal or state agency, or any other public entity.

IX. Enter into and fulfill any contracts or agreements with public or private transportation operators, government agencies, or other entities for management, operation, or support of public transit services or as the board of directors otherwise deems necessary.

X. Lease the passenger rail system or part thereof, or contract for the use of the passenger rail system or any part thereof with any operator as may be required for operation of the passenger rail service.

XI. Receive and disburse funds for authority purposes. The authority shall have the power to deposit any monies of the authority, in accordance with the provisions of the general laws of the state of New Hampshire governing the deposit of public monies in such bank or banks or investment deposit pools as may be authorized to receive deposits of public funds.

XII. Issue bonds for the implementation of any project of the authority, including the acquisition of property, or paying off of any debt or obligation of the authority. The authority may issue such types of bonds as may be determined by the board of directors, including certificates on which principal and interest are payable:

(a) Exclusively from income or revenue from the operation of the authority financed with the proceeds of such bonds or together with such proceeds and grants from any instrumentality or other person or corporation in aid of such projects.

(b) Exclusively from income and revenues of certain designated projects.

(c) From general revenues of the authority. Any such bond may be additionally secured by mortgage of the passenger rail system or any part thereof constituting real or personal property of the authority.

XIII. Conduct or cause to be conducted any studies that the authority determines necessary.

XIV. Enter into agreements, contracts, and compacts with any government agency, Pan Am Railways, Massachusetts Bay Transportation Authority, and any other person or entity, public or private, as may be required to develop, establish, and provide passenger rail transportation services, including but not limited to property owners and developers of property adjacent to or incidental to the railroad lines and related facilities.

XV. In conjunction with the Massachusetts Bay Transportation Authority or any other government agency with a vested interest in such matters, fix equitable fares or charges and other rules and regulations for passenger rail services developed or established in whole or in part by the authority.

XVI. Take all lawful action necessary and incidental to effectuate the purposes set forth in this chapter.

238-A:9 Funding. The authority shall seek, apply for, accept for its use, and use funds necessary for the implementation of this chapter.

I. Such funds shall be spent first to develop and initiate, at the earliest practicable time, regularly scheduled commuter rail service between Lowell, Massachusetts and Manchester, New Hampshire.

II. The authority shall seek and use funds to extend regularly scheduled commuter rail or other similar forms of passenger rail service, to the extent practicable, to other points within the state of New Hampshire.

III. The authority shall seek and expend funds as necessary to coordinate with other government agencies providing public transportation services that support or complement regularly scheduled commuter or other form of passenger rail service identified in paragraphs I and II.

IV. The authority shall use any revenues it receives from the operation of the passenger rail service and any ancillary support facilities and services established under this chapter, including fares, fees, rents, royalties, and other revenues, to pay the operational expenses of that service. The authority shall seek and use funds necessary to pay all operational expenses of its passenger rail service that are not met by fares and other authority funds or revenues. For the purposes of this section, "operational expenses" include, but are not limited to, all ongoing capital expenses necessary to maintain the passenger rail service.

V. The authority may take all actions, consistent with this chapter, that are necessary to apply for, qualify for, accept, and disburse any money that the federal government may grant or loan to the authority to fund any actions the board of directors deems necessary under this chapter.

VI. Any government agency may allocate money and take other actions that may aid in the implementation of this chapter. The authority may provide funds, including loans and matching grants, to government agencies in order to encourage their participation in implementing this chapter.

VII. The authority shall use its best efforts to ensure that fares for passenger rail service established under this chapter be set at reasonable levels to encourage use of this service.

VIII. The authority shall obtain all additional funds, through borrowing, revenues, or other means, necessary to satisfy operating deficits arising from expenses, including capital expenditures, necessary to ensure the continuation of passenger rail service established pursuant to this chapter.

238-A:10 Bonds.

I. The authority shall have the power and is hereby authorized to issue its bonds and notes in such principal amount as the authority shall determine to be necessary to provide sufficient funds for achieving any of its corporate purposes. Neither the directors of the authority nor any person executing bonds on behalf of the authority shall be personally liable thereon by reason of the issuance thereof.

II. Bonds of the authority shall be authorized by its resolution and may be issued in one or more series and shall bear such date or dates, mature at such time or times, bear interest at such rate or rates, be in such denomination or denominations, be in such form, either coupon or registered, carry such conversion or registration privileges, have such rank or priority, be executed in such manner, be payable in such medium of payment, at such place or places and be subject to such terms of redemption, with or without premium, as such resolutions, its trust indenture, or mortgage may provide. In case any of the directors or officers of the authority whose signatures appear on any bond or coupon shall cease to be such directors or officers before the delivery of such bonds, such signatures shall nevertheless be valid and sufficient for all purposes. All bonds may be signed on behalf of the authority by, or with the facsimile signatures of, such persons as at the actual date of such execution shall be the proper officers authorized by resolution of the authority to execute said bonds, notwithstanding the fact that on the day said bonds are dated, or on the date of the delivery thereof, any such person shall not have been such officer.

III. Obligations of the authority other than certificates shall be payable from general funds of the authority and shall at no time be a charge against any special fund allocated to the payment of bonds except upon payment of current annual maturities and reserves thereof.

IV. Notwithstanding any restrictions on investments contained in any laws of this state, the state and all public officers, municipal corporations, political subdivisions, public bodies, all banks, bankers, trust companies, savings banks and institutions, building and loan associations, savings and loan associations, investment companies, and other persons carrying on a banking business, all insurance companies, insurance associations and other persons carrying on an insurance business, and all executors, administrators, guardians, trustees, and other fiduciaries may legally invest any sinking funds, moneys, or other funds belonging to them or within their control in any bonds or other obligations issued by the authority under this chapter, when such bonds or other obligations are secured by rentals or other monies to be paid by the United States of America or any department or agency thereof, and such bonds and other obligations shall be authorized security for all public deposits, it being the purpose of this section to authorize any persons, firms, corporations, associations, political subdivisions, bodies, and officers, public or private, to use any funds owned or controlled by them, including, but not limited to, sinking, insurance, investment,

retirement, compensation, pension and trust funds, and funds held on deposit, for the purchase of any such bonds or other obligations; provided, however, that nothing contained in this section shall be construed as relieving any person, firm, or corporation from any applicable duty of exercising reasonable care in selecting securities.

V. The authority may obligate itself for the payment of bonds and other debts incurred in the furtherance of its public purposes by the state of New Hampshire, or by any county, municipality, political subdivision, or public corporation.

VI. The authority shall determine the time, form, and manner of the issuance of its bonds and the specific provisions for, and references to such time, form, and manner set forth in this chapter are illustrative of its powers and are not in limitation thereof. The authority may designate a bank or trust company, qualified to do business in this state, as a trustee for the authority and the holders of bonds issued hereunder, and may authorize the trustee to act on behalf of the holders of the bonds, or any stated percentage thereof, and to exercise and prosecute on behalf of the holders of the bonds such rights and remedies as may be available to the holders.

238-A:11 Expenses and Obligations. All expenses incurred in carrying out this chapter shall be paid solely from funds provided to or obtained by the authority under this chapter. Any notes, obligations, or liabilities under this chapter shall not be deemed to be a debt of the state or a pledge of the faith and credit of the state; but those notes, obligations, and liabilities are payable exclusively from funds provided to or obtained by the authority under this chapter. The records and correspondence relating to negotiations, trade secrets received by the authority, and estimates of costs on projects to be put out to bid are confidential.

238-A:12 Annual Report and Audit.

I. Beginning one year after the establishment of the authority and on an annual basis thereafter, the authority shall present an annual report to the governor, the commissioner of transportation, the members of the executive council, and the standing committees of the senate and house and representatives having jurisdiction over transportation matters. The report shall include a description of the authority's activities for the preceding fiscal year, including a report of its receipts and expenditures from all sources. All administrative costs shall be identified. A copy of the report shall be made available to any interested person.

II. The authority shall cause an audit by an independent certified public accountant of its books and accounts to be made each fiscal year. After certification of the audit by the board of directors copies shall be provided to the governor, the commissioner of transportation, the members of the executive council, and the standing committees of the senate and house and representatives having jurisdiction over transportation matters.

238-A:13 Property of the Authority.

I. All property owned or leased by the authority under this chapter is exempt from levy and sale by virtue of any execution. An execution or other judicial process is not a valid lien upon its property held under this chapter. The authority may use its property only for the purposes set forth in this chapter.

II. The authority and its authorized officers, agents, and employees may enter upon any lands, waters, and premises in the state for the purpose of making surveys, soundings, drillings, and examinations it determines necessary under this chapter. Such entry shall not be deemed a trespass. The authority shall not be liable for the discovery during any such entry of any form of waste or environmental contamination.

III. Any county, municipality, or other political subdivision, any public agency or commission of the state, and any public service corporation or district, notwithstanding any contrary provisions of law, may lease, lend, grant, or convey to the authority, upon its request and upon such terms and conditions as the proper authorities of the political subdivision, agency, commission, public corporation, or district determine reasonable and fair, any real or personal property or rights in the property that are necessary or convenient to the effectuation of the authorized purposes of the authority, including real and personal property or rights in the property already devoted to public use.

238-A:14 Exemption from Taxes. Because the accomplishment by the authority of the authorized purpose of this chapter is for the benefit of the people of the state and for the improvement of their commerce and prosperity and is the performance of essential governmental functions, the authority shall not be required to pay any taxes or assessment on any property acquired or used by it for the purposes of this chapter, except that service facilities leased or rented by the authority to business

entities are subject to taxation and assessments shall be made against the tenant in possession based upon the value of the leasehold interest, both real and personal. The authority shall not be required to pay any tax upon its income except as may be required by the laws of the United States.

238-A:15 Public Utilities Commission. The authority shall not be subject to regulation by the public utilities commission.

238-A:16 Review of Rail Transit Authority. The general court shall review the scope of the rail transit authority during the 2012 legislative session, giving particular attention to expanding the jurisdiction and membership of the governing body of the authority.

238-A:17 Open Meetings and Records. The authority shall be subject to all requirements of RSA 91-A:2.

2 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill establishes a New Hampshire rail transit authority that will have responsibility for developing and providing commuter rail and related public rail transportation services in New Hampshire. Rep. Ryan spoke in favor and yielded to questions. Reps. Kurk and Packard spoke against.

MOTION TO LAY ON THE TABLE

Rep. Ferland moved that **SB 75-FN**, relative to establishing a south central New Hampshire rail transit authority that will have responsibility for developing and providing commuter rail and related public rail transportation services in New Hampshire, be laid on the table. Rep. Ryan requested a roll call; sufficiently seconded.

and the majority committee amendment was adopted.
Rep. Ryan offered floor amendment (2110h).

Rodeschin, Beverly

Floor Amendment (2110h)

Amend RSA 238-A:4, I(u) as inserted by section 1 of the bill by replacing it with the following:

(u) The mayor of the city of Claremont, or designee.

Amend RSA 238-A:8, VII as inserted by section 1 of the bill by replacing it with the following:

VII. Acquire any property or property rights through purchase, lease, lease-purchase, gift, contract, devise, or otherwise. In making these acquisitions the authority may exercise the power of eminent domain following the same procedure set forth for similar government agencies under the laws of the state of New Hampshire, provided it is consistent with the purposes established under the New Hampshire constitution and approved by a joint resolution of the general court.

Rep. Ryan spoke in favor.

Floor amendment (2110h) adopted.

The question now being adoption of the majority committee report of Ought to Pass with Amendment.
Rep. Kurk spoke against.
Rep. Ryan requested a roll call; sufficiently seconded.

MOTION TO PRINT DEBATE

Rep. Graham moved that the debate on *SB 75-FN*, relative to establishing a south central New Hampshire rail transit authority that will have responsibility for developing and providing commuter rail and related public rail transportation services in New Hampshire, be printed in the Permanent Journal.

On a division vote, 143 members having voted in the affirmative and 163 in the negative, the motion failed.

REGULAR CALENDAR-SPECIAL ORDERS (CONT'D)

***SB 134-FN-A*, establishing a research and development credit against business taxes. MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Michael G. Marsh for the Majority of Ways and Means: This bill establishes a new R&D tax credit, allowing businesses that increase their R&D spending in the state to take a modest tax credit when they spend more in R&D salaries. The credit is capped at \$50,000 per year for each company and \$1 million dollars statewide annually, and its goal is to increase the level of R&D spending in the state. The committee heard evidence that R&D spending is critical to maintaining our competitive position in the global economy and generating economic growth, that an R&D tax credit is a significant way to spur research, and that 40 other states and many other countries currently offer some form of R&D tax credit. We heard additional testimony that NH's position in R&D job creation has fallen to 34th place among the states in the past 6 years. We believe that this is due in part to our lack of a tax credit, and this bill seeks to remedy the situation. The committee made significant changes to the original bill received from the Senate to make the credit more attractive for start-up companies and smaller companies, while keeping within the \$1 million per year cap requested by the Governor and passed by the Senate. Vote 11-6.

Rep. Dennis P. Vachon for the Minority of Ways and Means: The minority of the committee believes that giving a targeted group of taxpayers a break of up to \$50,000 on business taxes for research and development in a time of limited budgetary resources is fiscally irresponsible. The proponents of this legislation have failed to make the case for why this tax credit is in the state's best interest given our business tax structure and other factors that affect business decisions such as the availability of a suitable work force, affordable housing and necessary infrastructure to complement business activities. We need to know who will benefit from the tax credit and ensure that it is not used simply to line the pockets of companies already profiting from Defense contracts. There is no guarantee that the resulting products will be produced in New Hampshire or that the persons employed in the research and development activities will not be imported from elsewhere. This bill has the potential for being nothing more than an annual corporate giveaway of \$1 million which could be better used to support needed state services.

Majority Amendment (1883h)

Amend the title of the bill by replacing it with the following:

AN ACT establishing a research and development credit against business taxes and requiring the commission of resources and economic development to report on the research and development tax credit program.

Amend the bill by replacing all after the enacting clause with the following:

1 New Paragraph; Business Profits Tax; Research and Development Tax Credit. Amend RSA 77A:5 by inserting after paragraph XII the following new paragraph:

XIII.(a) There shall be allowed a research and development tax credit for qualified manufacturing research and development expenditures made or incurred during the fiscal year, as follows:

(1) The aggregate of tax credits issued by the commissioner to all taxpayers claiming the credit shall not exceed \$1,000,000 for any fiscal year, except that any amount of the credit less than \$1,000,000 that is not claimed in the fiscal year ending June 30, 2008 may be claimed in the fiscal year ending June 30, 2009.

(2) Each credit shall be used to offset the taxpayer's tax liability within the subsequent 5 tax years. The amount of the credit shall be the lesser of:

(A) Ten percent of the excess of the qualified manufacturing research and development expenses for the taxable year over the base amount;

(B) The proportional share of the maximum aggregate credit amount allowed in subparagraph (1);

(C) \$50,000.

(3) Taxpayers shall apply for the tax credit on forms provided by the commissioner and shall be accompanied by information or records required by the commissioner. Such application shall be postmarked no later than June 30 following the tax year during which research and development occurred.

(4) A determination on the final amount of the credit awarded by the commissioner to each taxpayer claiming the credit shall be made no later than September 30 of each year.

(5) Wages for which a credit is taken under this paragraph shall not also be eligible for a credit under RSA 162-N.

(b) For purposes of this paragraph:

(1) The term "qualified manufacturing research and development expenditures" shall mean solely any wages paid or incurred to an employee of the business organization for services rendered by such employee within this state within the meaning of RSA 77-A:3; I(b), provided that:

(A) Such wages shall be treated as wages for qualified research expenses under section 41(b) of the United States Internal Revenue Code; and

(B) Such services are undertaken for the purpose of discovering information which constitutes qualified research and development of a new or improved manufacturing process or business component of the business organization.

(C) The wages qualify and are reported as a credit by the business organization under section 41 of the United States Revenue Code as defined in RSA 77-A:1, XX.

(D) The wages are reported by the business organization in the enterprise value tax base under RSA 77-E.

(2) "Base amount" shall mean the base amount of expenditure as defined under section 41 of the United States Revenue Code as defined by RSA 77-A:1, XX, except that the minimum base amount may be 0.

(c) A unitary business or an enterprise consisting of one or more taxpayers under this chapter shall be considered a single taxpayer for purposes of claiming the credit under this paragraph.

2 New Section; Business Enterprise Tax; Credit for Research and Development. Amend RSA 77E by inserting after section 3-a the following new section:

77-E:3-b Credit for Research and Development. The unused portion of any research and development credit awarded by the commissioner under RSA 77-A:5, XIII shall be available to apply to the business enterprise tax.

3 New Chapter; Research and Development Tax Credit Program. Amend RSA by inserting after chapter 162-O the following new chapter:

CHAPTER 162-P

RESEARCH AND DEVELOPMENT TAX CREDIT PROGRAM

162-P:1 Research and Development Tax Credit Program.

I. The commissioner of resources and economic development shall file a report detailing the implementation of the tax credit program under RSA 77-A:5, XIII and the results achieved. The report shall include the following:

(a) Methods and activities used to implement the tax credit program.

(b) The number of companies, including venture capital funds, contacted relative to locating research and development activities in the state.

(c) Other information as deemed relevant.

II. This report shall be filed with the president of the senate, the speaker of the house of representatives, and the governor on or before July 31 of each year, beginning with July 31, 2008.

4 Severability. If any provision of this act or the application thereof to any person or circumstance is held invalid, it is the intent of the legislature that the invalidity shall not affect RSA 77-A, and to this end the provisions of this act are severable.

5 Applicability. Sections 1-3 of this act shall apply to taxes due on account of taxable periods ending on or after September 7, 2007.

6 Repeal. The following are repealed:

I. RSA 77-A:5, XIII, relative to the research and development tax credit.

II. RSA 77-E:3-b, relative to the credit for research and development.

III. RSA 162-P:1, relative to the research and development tax credit program.

7 Effective Date.

I. Section 6 of this act shall take effect July 1, 2013.

II. The remainder of this act shall take effect July 1, 2007.

AMENDED ANALYSIS

This bill establishes a research and development tax credit against the business profits tax and the business enterprise tax.

The bill also requires the commissioner of resources and economic development to file reports on the research and development tax credit program.

Majority committee amendment adopted.

The question now being adoption of the majority committee report of Ought to Pass with Amendment.

Rep. Vachon spoke against and yielded to questions.

Reps. Marsh and Hinkle spoke in favor and yielded to questions.

Rep. Wells spoke against.

Rep. Campbell requested a roll call; sufficiently seconded.

Ordered to third reading.

SB 137-FN, removing the prospective repeal of community reinvestment and opportunity zones (CROP zones). **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. William A. Hatch for the Majority of Ways and Means: This bill, as sent to the House by the Senate, sought to repeal the sunset provision for the CROP (community redevelopment and opportunity program) tax credit. This credit is given to companies that create jobs in areas of the state that are designated as urban renewal zones or are otherwise economically disadvantaged. This program is the major general-purpose job creation program in the state and is administered by the Department of Resources and Economic Development (DRED). It provides a maximum of \$825,000 annually in job creation incentive credits to companies. The Ways and Means Committee believes the program is a worthy one, but that it has failed to achieve the desired goals after being in place for almost four years. After careful analysis, and with the cooperation of DRED, the committee identified changes to the program to make it more accessible to towns and more attractive to in-

dustry, while keeping the maximum credit cap of \$825,000 in place. These changes include reducing the investment required to qualify for the program, increasing the value of the credit for jobs, capping the amount of credit available to any single firm, and making the rules defining a CROP zone simpler to understand. A further 4 year sunset clause, plus new reporting requirements, should ensure that more oversight is given to the program in the next two biennia. The committee added an amendment dealing with economic nexus that closes corporate tax loopholes, originally passed by the House as HB 351 in March that has been retained in the Senate. This is an important amendment for state business tax revenues. Vote 15-2.

Rep. Dennis P. Vachon for the Minority of Ways and Means: The minority of the committee believes that the revitalization of older sections of our cities and towns, though a laudable goal, is something that would be best left to the free market. This legislation would earmark \$825,000 each year for tax credits to businesses for doing rehabilitation work in qualified areas. That money would be better spent meeting the numerous and pressing needs of our state so that we are not forced to further increase business taxes.

Majority Amendment (1985h)

Amend the title of the bill by replacing it with the following:

AN ACT establishing the economic revitalization zone tax credit program and redefining "business activity" for purposes of the business profits tax.

Amend the bill by replacing all after the enacting clause with the following:

1 Community Reinvestment and Opportunity Zones; Economic Revitalization Zone Tax Credits. RSA 162-N is repealed and reenacted to read as follows:

CHAPTER 162-N

ECONOMIC REVITALIZATION ZONE TAX CREDITS

162-N:1 Definition. In this chapter, "economic revitalization zone" means a zone designated by the commissioner of resources and economic development as an economic revitalization zone in accordance with the provisions of this chapter.

162-N:2 Designation of Economic Revitalization Zone.

I. "Economic revitalization zone" means a zone with a single continuous boundary, comprised of one or more contiguous census tracts or blocks or smaller recognizable physical areas, designated in accordance with the rules adopted under RSA 162-N:8, and certified by the commissioner of resources and economic development as being a brownfields site as defined under RSA 147-F, or having at least one of the following characteristics:

(a) The population of the municipality or municipalities in which the zone is located, according to the most recent federal census, decreased during the 20 years prior to the census.

(b) The median household income in the census tract or tracts in which the zone is located is less than \$40,500 according to the most recent federal decennial census.

(c) At least 20 percent of households in the census tract or tracts in which the zone is located have a median income below the federal poverty level.

(d)(1) The zone contains either:

(A) Unused or underutilized industrial parks; or

(B) Vacant land or structures previously used for industrial, commercial, or retail purposes but currently not so used due to demolition, age, obsolescence, deterioration, relocation of the former occupant's operations, or cessation of operation resulting from unfavorable economic conditions either generally or in a specific economic sector; and

(2) Certification of the zone as an economic revitalization zone would likely result in the reduction of the rate of vacant or demolished structures or the rate of tax delinquency in the zone.

II. Economic revitalization zones shall be designated by the commissioner of resources and economic development only upon petition by the local governing body, as defined by RSA 672:6, or the town council. The commissioner of resources and economic development shall certify that the economic revitalization zone meets the criteria required in paragraph I.

III. The commissioner of resources and economic development is authorized to establish an advisory board for each economic revitalization zone established under this chapter.

162-N:3 Eligibility Requirements for Business Tax Credits. No economic revitalization zone tax credits shall be allowed to any taxpayer unless the taxpayer's project receives written certification from the commissioner of resources and economic development that it will expand the commercial or industrial base in a designated economic revitalization zone and will create new jobs in the state.

162-N:4 Economic Revitalization Zone Tax Credit Agreement.

I. The commissioner of resources and economic development shall enter into a written economic revitalization zone tax credit agreement with each taxpayer; such agreement to be certified by the commissioner of resources and economic development under this section. The agreement shall contain such provisions as the commissioner of resources and economic development determines to be in the public interest, which shall include, but not be limited to:

- (a) Quality and quantity of jobs to be created.
- (b) Duration of the taxpayer's commitments with respect to the economic revitalization zone.
- (c) The amount of the taxpayer's investment in the project.
- (d) A precise definition of the location of the facility eligible for the credit.
- (e) The maximum amount of the economic revitalization zone tax credit that will be allowed to the business under this agreement for jobs created and for construction or reconstruction expenses.

II. A certified copy of each agreement signed by the commissioner of resources and economic development and the taxpayer shall be provided to the commissioner of revenue administration.

162-N:5 Limit On Total Economic Revitalization Zone Credits. The aggregate value of all of economic revitalization zone tax credit agreements that the commissioner of resources and economic development enters into shall not exceed the limit of \$825,000 in any fiscal year. Notwithstanding RSA 162-N:6, the maximum credit awarded to a taxpayer in any fiscal year shall not exceed \$40,000.

162-N:6 Determination of Economic Revitalization Zone Tax Credits Eligible Amount.

I. For the purpose of determining the economic revitalization zone tax credit that the taxpayer is eligible to receive, the amount of the credit to be taken shall be the lesser of the following:

(a) The maximum amount of the economic revitalization zone tax credit as stated in the agreement as specified by RSA 162-N:4, I(e); or

(b) The sum of the following:

(1) 4 percent of the salary for each new job created in the fiscal year with a wage less than or equal to 1.75 times the then current state minimum wage.

(2) 5 percent of the salary for each new job created in the fiscal year with a wage greater than 1.75 times the then current state minimum wage and less than or equal to 2.5 times the then current state minimum wage.

(3) 6 percent of the salary for each new job created in the fiscal year with a wage greater than 2.5 times the then current state minimum wage.

(4) 4 percent of the lesser of the following:

(A) The actual cost incurred in the fiscal year of creating a new facility or renovating an existing facility, and expenditures for machinery, equipment, or other materials, except inventory.

(B) \$20,000 for each new job created in the fiscal year.

162-N:7 Application of Economic Revitalization Zone Tax Credit. The economic revitalization zone tax credit shall be applied against the business profits tax under RSA 77-A, and any unused portion thereof may be applied against the business enterprise tax under RSA 77-E. Any unused portion of the credit allowed under this chapter may be carried forward and allowed against taxes due under RSA 77-A or RSA 77-E for 5 taxable periods from the taxable period in which the tax was paid.

162-N:8 Rules. The commissioner of revenue administration shall adopt rules, under RSA 541-A, relative to documentation of the credits claimed under this chapter. The commissioner of resources and economic development shall, in consultation with the executive director of the community development finance authority, adopt rules, under RSA 541-A, relative to the administration and implementation of this chapter. The rules adopted by the commissioner of resources and economic development shall include provisions relative to:

I. Establishment and certification of economic revitalization zones.

II. Criteria for and approval of projects in economic revitalization zones, including jobs per dollar thresholds.

III. Fees which the commissioner of resources and economic development may charge to each applicant to cover the reasonable costs of the state's administration of the applicant's participation in the economic revitalization zone tax credit program.

162-N:9 Reports. The commissioner of resources and economic development shall file an annual report with the governor, the senate president, the speaker of the house of representatives, and the fiscal committee. The report shall describe the results of the economic revitalization zone tax credit program and shall include any recommendations for further legislation regarding the economic revitalization zone tax credit program.

2 Business Profits Tax; Economic Revitalization Zone Tax Credit. RSA 77-A:5, XII is repealed and reenacted to read as follows:

XII. The economic revitalization zone tax credit, as computed in RSA 162-N:6.

3 Business Enterprise Tax; Economic Revitalization Zone Tax Credit. RSA 77-E:3-a is repealed and reenacted to read as follows:

77-E:3-a Credit. The economic revitalization zone tax credit, as computed in RSA 162-N:6, shall be allowed against the tax due under this chapter.

4 Definitions; Business Activity. Amend RSA 77-A:1, XII to read as follows:

XII. "Business activity" means *a substantial economic presence evidenced by a purposeful direction of business toward the state examined in light of the frequency, quantity, and systematic nature of a business organization's economic contacts with the state.* "Business activity" includes, but is not limited to, a group of actions performed by a business organization for the purpose of earning income or profit from such actions and includes every operation which forms a part of, or a step in, the process of earning income or profit from such group of actions. The actions ordinarily include, but are not limited to, *the employment of business assets*, the receipt of money, property, or other items of value and the incurring or payment of expenses. Notwithstanding any other provision of this paragraph, a holder of an ownership interest in a qualified investment company as defined in RSA 77-A:1, XXI, shall not be deemed to be carrying on any business activity within this state due solely to its holding an ownership interest in such qualified investment company.

5 Repeal. The following are repealed:

I. RSA 162-N, relative to the economic revitalization zone tax credit program.

II. RSA 77-A:5, XII, relative to the economic revitalization zone tax credit.

III. RSA 77-E:3-a, relative to the economic revitalization zone tax credit.

6 Effective Date.

I. Section 5 of this act shall take effect July 1, 2011.

II. The remainder of this act shall take effect July 1, 2007.

AMENDED ANALYSIS

This bill establishes a economic revitalization zone tax credit against the business profits tax and the business enterprise tax. The credit is based on the creation of jobs in areas that have been identified by the commissioner of resources and economic development as economic revitalization zones. The economic revitalization zone tax credit program replaces the CROP zone tax credit program.

The bill also redefines "business activity" for the purposes of the business profits tax.

Majority committee amendment adopted.

The question now being adoption of the majority committee report of Ought to Pass with Amendment. Rep. Vachon spoke against and yielded to questions.

Rep. Hatch spoke in favor.

Rep. Almy requested a roll call; sufficiently seconded.

and the majority committee report was adopted.
Ordered to third reading.

SB 235-FN-A, relative to milk support for dairy farmers. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. William A. Hatch for the Majority of Ways and Means: This bill establishes a milk producers' emergency relief fund for milk producers and an Emergency Relief Board to develop eligibility criteria to determine who qualifies for relief. As the bill is written there is no funding provided. After review, the committee voted to remove the portion of the bill that taxed milk to provide funds to buy property development rights for dairy farmers. There are no further revenue implications in this bill. Vote 9-8.

Rep. Peyton B. Hinkle for the Minority of Ways and Means: This bill creates a fund with no money. Members of the minority felt this would unfairly create the expectation in people's minds that money would be available. Leaving the fund open would create the opportunity in the future to provide a direct subsidy to a small group of businesses. Members felt it is inappropriate for the state to make direct financial payments in support of businesses, especially when revenues are projected to fall far short of budgeted expenditures. Economic conditions for the dairy industry are currently improving, so there is no immediate need for assistance. In the meantime, there are other possibilities that could be considered to assist the farmers. Members of the committee remain sympathetic to the farmers' plight and would have favored retaining the bill to work on other ways to help improve their economic conditions.

Majority Amendment (1954h)

Amend the title of the bill by replacing it with the following:

AN ACT establishing a milk producers emergency relief fund.

Amend the bill by deleting sections 2-3 and renumbering the original sections 4-6 to read as 2-4, respectively.

AMENDED ANALYSIS

This bill establishes a milk producers emergency relief fund.

Majority committee amendment adopted.

Majority committee report adopted and ordered to third reading.

BILL REMOVED FROM CONSENT CALENDAR ON JUNE 6, 2007

SB 191-FN-A, relative to the nongame species account in the fish and game fund. **INEXPEDIENT TO LEGISLATE.**

Rep. Kenneth L. Weyler for Finance: Fish and Game Department has a program for the 400 species that are not hunted, trapped, or fished. It is called the Nongame and Endangered Wildlife Program. Since no licensee is taking these species, the normal revenue of the department cannot be used for the management of this program. In prior budgets, federal funds matched contributions three to one, and contributed 3.7 million dollars in six years to the program. The federal match has now changed to a one to one match. Committee members had lengthy discussions with the Fish and Game Department in the house budget review. There were discussions about revenue problems, and this program was also discussed. This bill and the change in funding match were never brought up by the department. This leaves us to believe that this is not a priority of theirs. We believe that this is an important program, but to add an additional \$300,000 of general funds would have caused problems in other parts of the budget. Conservation license plates, private charities, specific programs, like the Karner Blue Butterfly, and contributions from the public, provide the funds presently and amount to about \$300,000 per year. We believe more members of the public would respond if the department made a concerted effort. Vote 24-1.

Rep. Abbott spoke against.

Rep. Weyler spoke in favor.

LAID ON THE TABLE

Rep. Daniel Eaton moved that ***SB 191-FN-A***, relative to the nongame species account in the fish and game fund, be laid on the table.

Motion adopted.

SENATE MESSAGES

REQUEST CONCURRENCE WITH AMENDMENT

HB 721, relative to the appropriation to the department of health and human services for rates paid for nursing services. (Amendment printed SJ 5-31-07)

Reps. Rosenwald and Marjorie Smith moved that the House concur.

Rep. Rosenwald spoke in favor.

Adopted.

Rep. Donovan declared a conflict of interest on ***HB 721*** and did not participate.

REMOVED FROM THE TABLE

Rep. Michael Rollo moved that **SB 88**, relative to public employee terms of employment, bargaining units, and dispute resolution, be removed from the table. (Pending question: Ought to Pass with Amendment).

Rep. Patrick Garrity requested a roll call; sufficiently seconded.

and the motion was adopted.

Rodeschin, Beverly

The question now being adoption of the majority committee report of Ought to Pass with Amendment. Rep. Goley offered floor amendment (2118h).

Floor Amendment (2118h)

Amend the bill by replacing all after the enacting clause with the following:

1 Definitions. Amend RSA 273-A:1, XI to read as follows:

XI. "Terms and conditions of employment" means wages, hours, and other conditions of employment, ***including matters directly related to safety considerations***, other than managerial policy within the exclusive prerogative of the public employer, or confided exclusively to the public employer by statute or regulations adopted pursuant to statute. ~~[The phrase "managerial policy within the exclusive prerogative of the public employer" shall be construed to include but shall not be limited to the functions, programs and methods of the public employer, including the use of technology, the public employer's organizational structure, and the selection, direction of its personnel, so as to continue public control of governmental functions.]~~

2 New Paragraph; Definitions. Amend RSA 273-A:1, by inserting after paragraph VII the following new paragraph:

VII-a. "Managerial policy within the exclusive prerogative of the public employer" shall be construed to include but shall not be limited to the functions, programs and methods of the public employer, including the use of technology, the public employer's organizational structure, and the selection, direction and number of its personnel, so as to continue public control of governmental functions.

3 Determining Bargaining Unit. Amend RSA 273-A:8, I to read as follows:

I. The board or its designee shall determine the appropriate bargaining unit and shall certify the exclusive representative thereof when petitioned to do so under RSA 273-A:10. In making its determination the board should take into consideration the principle of community of interest. The community of interest may be exhibited by one or more of the following criteria, although it is not limited to such:

- (a) Employees with the same conditions of employment;
- (b) Employees with a history of workable and acceptable collective negotiations;
- (c) Employees in the same historic craft or profession;
- (d) Employees functioning within the same organizational unit.

In no case shall the board certify a bargaining unit of less than ~~[10]~~ 5 employees with the same community of interest. ~~[For purposes of this section, probationary employees shall be counted to satisfy the 10 employee minimum requirement. In no case shall such probationary employees vote in any election conducted under the provisions of this chapter to certify an employee organization as the exclusive representative of a bargaining unit.]~~

4 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

I. Adds safety consideration to terms and conditions of employment.

II. Defines "managerial policy within the exclusive prerogative of the public employer."

III. Reduces the number of employees required for certifications a bargaining unit.

Rep. Goley spoke in favor.

Rep. Goley withdrew floor amendment (2118h).

LAID ON THE TABLE

Rep. Goley moved that **SB 88**, relative to public employee terms of employment, bargaining units, and dispute resolution, be laid on the table.

Motion adopted.

RESOLUTION

Rep. Wallner offered the following: **RESOLVED**, that the House now adjourn from the early session, that the business of the late session be in order at the present time, that the reading of bills be by title only and resolutions by caption only and that all bills ordered to third reading be read a third time by this resolution, and that all titles of bills be the same as adopted, and that they be passed at the present time, and when the House adjourns today it be to meet June 13, 2007 at 10:00 a.m.

Adopted.

LATE SESSION**Third reading and final passage**

SB 74-FN, relative to the operation and administration of the state park system.

SB 143, naming Jericho Mountain state park and establishing ATV and trail bike trails in such park.

SB 123, relative to pole attachments.

SB 140, relative to transmission upgrades, the process for siting renewable generation facilities, and the study of demand response programs and distributed generation.

SB 223-FN, establishing a New Hampshire medal of honor.

SB 75-FN, relative to establishing a south central New Hampshire rail transit authority that will have responsibility for developing and providing commuter rail and related public rail transportation services in New Hampshire.

SB 134-FN-A, establishing a research and development credit against business taxes.

SB 137-FN, removing the prospective repeal of community reinvestment and opportunity zones (CROP zones).

SB 235-FN-A, relative to milk support for dairy farmers.

PERSONAL PRIVILEGE

Reps. Kjellman and Vaillancourt addressed the House.

RECESS MOTION

Rep. Wallner moved that the House stand in recess for the purpose of enrolled bill amendments, enrolled bill reports, receiving Senate messages and forming committees of conference.

Adopted.

The House recessed at 4:45 p.m.

Rep. Hager, Sen. D'Allesandro for the Committee

RECESS

(Speaker Norelli in the Chair)

Rep. Wallner moved that the House adjourn.

Adopted.

HOUSE JOURNAL No. 20

Wednesday, June 13, 2007

The House assembled at 10:00 a.m., the hour to which it stood adjourned, and was called to order by the Speaker.

Prayer was offered by House Chaplain, Reverend Jared A. Rardin, Pastor of the South Congregational Church in Concord.

From the book, Common Prayers by Michael Leunig.

God give us rain when we expect sun.

Give us music when we expect trouble.

Give us tears when we expect breakfast.

Give us dreams when we expect a storm.

Give us a stray dog when we expect congratulations.

God play with us, turn us sideways and around.

Amen.

Rep. Brueggemann, member from Concord, led the Pledge of Allegiance.

LEAVES OF ABSENCE

Reps. David Cote, Forest, Ginsburg and Martineau, the day, illness.

and the motion failed.

The question now being adoption of the motion to concur with the Senate amendment on **HB 143**, relative to the apportionment of damages in civil actions.

Rep. John Flanders moved the previous question.

Adopted.

On a division vote, 182 members having voted in the affirmative and 153 in the negative, the motion was adopted.

HB 337, relative to penalties for failure to have workers' compensation coverage and continually appropriating a special fund. (Amendments printed SJ 5-24-07)

Reps. Mears and Almy moved that the House concur.

Rep. Mears spoke in favor.

Adopted.

HB 471-FN-A, relative to workers' compensation compliance in the construction sector and continually appropriating a special fund. (Amendments printed SJ 5-24-07)

Reps. Mears and Almy moved that the House concur.

Rep. Mears spoke in favor.

Adopted.

HB 797, regulating mandatory overtime for nurses and assistants. (Amendment printed SJ 6-6-07)

Rep. Mears moved that the House concur and spoke in favor.

Adopted.

Rep. Roberts declared a conflict of interest on **HB 797** and did not participate.

HB 731, relative to the use of vehicle information or location tracked by an electronic toll collection system. (Amendment printed SJ 5-24-07)

Rep. Bouchard moved that the House concur and spoke in favor.

Adopted.

HB 319, relative to emergency permits for projects funded through the Emergency Watershed Protection Program. (Amendment printed SJ 5-31-07)

Rep. Spang moved that the House concur and spoke in favor.

Adopted.

HB 383, relative to waterfront buffer and woodland buffer requirements in the comprehensive shoreland protection act. (Amendments printed SJ 6-7-07)

Rep. Spang moved that the House concur and spoke in favor.

Adopted.

HB 663-FN-A, relative to the protected shoreland permitting process and establishing and funding positions within the department of environmental services. (Amendment printed SJ 6-7-07)
 Reps. Spang and Marjorie Smith moved that the House concur.
 Rep. Spang spoke in favor and yielded to questions.
 Rep. Brueggemann yielded to questions.
 Adopted.

HB 664-FN, relative to annual dam registration and permit application fees. (Amendments printed SJ 6-7-07)
 Reps. Spang and Almy moved that the House concur.
 Rep. Spang spoke in favor.
 On a division vote, 172 members having voted in the affirmative and 78 in the negative, the motion was adopted.

HB 710, establishing a commission to study issues relative to the practice of leasing state-owned real estate on the shores of public waters. (Amendment printed SJ 5-31-07)
 Rep. Spang moved that the House concur and spoke in favor.
 Adopted.

HB 511, increasing the total prize value of a bingo game or series of games. (Amendments printed SJ 6-7-07)
 Rep. Almy moved that the House concur and spoke in favor.
 Adopted.

HB 597-FN, relative to expenditure caps for institutional health facilities under the certificate of need law. (Amendment printed SJ 5-24-07)
 Reps. Donovan and Marjorie Smith moved that the House nonconcur.
 Rep. Donovan spoke in favor.
 Adopted.
 Rep. Rosenwald declared a conflict of interest on **HB 597-FN** and did not participate.

HB 833, establishing a committee to study the outsourcing of jobs involving state contracts. (Amendment printed SJ 5-31-07)
 Rep. Gorman moved that the House nonconcur, spoke in favor and yielded to questions.
 On a division vote, 263 members having voted in the affirmative and 66 in the negative, the motion was adopted.

(Rep. Foster in the Chair)

SENATE MESSAGES

REQUEST CONCURRENCE WITH AMENDMENTS (CONT'D)

HB 1-A, making appropriations for the expenses of certain departments of the state for fiscal years ending June 30, 2008 and June 30, 2009. (Amendment printed SJ 6-7-07)
 Rep. Marjorie Smith moved that the House nonconcur and request a Committee of Conference.
 Rep. Marjorie Smith spoke in favor and yielded to questions.
 Rep. Almy yielded to questions.
 Adopted.

The Speaker appointed Reps. Marjorie Smith, Daniel Eaton, Nordgren, Almy and Kurk.
 Alternates: Reps. Wallner, Franklin and Wendelboe.

(Speaker Norelli in the Chair)

SENATE MESSAGES

REQUEST CONCURRENCE WITH AMENDMENTS (cont'd)

HB 2-FN-A, relative to state fees, funds, revenues, and expenditures. (Amendments printed SJ 6-7-07)
 Rep. Marjorie Smith moved that the House nonconcur and request a Committee of Conference.
 Adopted.

The Speaker appointed Reps. Marjorie Smith, Foster, DeJoie, Marsh and Weyler.
 Alternates: Reps. Leishman, McLeod and Major.

HB 25-FN-A, making appropriations for capital improvements. (Amendment printed SJ 6-6-07)

and the motion was adopted.

The Speaker appointed Reps. Rous, Casey, Dunn and Hess.

AMENDMENT TO HOUSE RULES

Reps. Wallner and Whalley moved that House Rules be amended to add the following deadlines for the 2008 legislative Session:

First day to file legislation for 2008 Session
Last day to file legislation for 2008 Session
Last day to sign off on 2008 legislation
Last day to report retained bills
Last day to introduce House bills for 2008
Adopted by the necessary two-thirds.

Monday, September 10, 2007
Friday, September 21, 2007 at 4:00 p.m.
Friday, November 2, 2007 at 4:00 p.m.
Friday, November 16, 2007
Wednesday, January 2, 2008

SUSPENSION OF RULES

Reps. Wallner and Whalley moved that House Rule 64 be so far suspended to allow the sign-off deadline on Committees of Conference to be moved from noon to 4:30 p.m. Thursday, June 21, 2007.
Adopted by the necessary two-thirds.

ADJOURNMENT FROM THE EARLY SESSION

Rep. Wallner offered the following: **RESOLVED**, that the House now adjourn from the early session, that the business of the late session be in order at the present time and when the House adjourns today it be to meet Wednesday, June 27, 2007 at 10:00 a.m.

Adopted.

LATE SESSION**UNANIMOUS CONSENT**

Reps. Bedrick and Larry Brown addressed the House.

MOTION TO PRINT REMARKS

Rep. Vaillancourt moved that the remarks made by Rep. Bedrick be printed in the Permanent Journal.

Adopted.

REMARKS

Rep. Bedrick: Thank you, Madam Speaker. On June 12, 1987, twenty years ago yesterday, President Ronald Reagan stood at Brandenburg Gate along the Berlin Wall in Germany and issued a challenge, "Gen. Sec. Gorbachev, if you seek peace, if you seek prosperity for the Soviet Union and Eastern Europe, if you seek liberalization, come here to this gate. Mr. Gorbachev, open this gate. Mr. Gorbachev, tear down this wall." Just two years later, that wall did fall and the Evil Empire came crashing down with it. But in its wake it had left death and destruction of an unimaginable scale. Yesterday, on the anniversary of Reagan's famous speech, the Victims of Communism Memorial in Washington D.C. was dedicated to commemorate the more than one hundred million people murdered by communist regimes in the 20th century. Josef Stalin once said, "The death of one man is a tragedy, the death of millions is a statistic." Communism killed more people than nazism, fascism and religious extremism combined. Were we to pause for a moment of silence for one second for every person who had been killed, we would be standing in this chamber for more than three years. Ideas for the new monument abounded. Early proposals included a replica of the Berlin Wall, a Gulag prison, or a boat used by the Vietnamese or Cuban refugees. The final monument is a ten-foot bronze statue based on the "Goddess of Democracy" statue that Chinese dissidents built in Tiananmen Square in 1989 before tanks crushed them and their cause. This is especially fitting as a reminder that the world's most populous nation is still not free today. Anhthu Lu, a financial analyst in Virginia who left Vietnam on a boat as a young girl and who was a part of the memorial foundation, said, "We need to educate people about the terror of Communism and continue to eradicate it from the world." Indeed, this memorial is meant to remember the victims of communism oppression and the heroes who fought against it, like Natan Sharansky; the refuseniks; Aleksandr Solzhenitsyn, who exposed the horrors of the Gulags; and the Polish Solidarity movement. But more than that, it serves as a reminder that there's still a long way to go. The Berlin Wall fell and the Cold War ended, but there are those who appear to be bringing it back from the ashes and who are willing to kill every journalist, businessman or ex-spy who stands in their way. Hugo Chavez in Venezuela recently shut down the last national opposition TV station and, like Russia, has nationalized the oil companies. The Chinese are arresting and torturing Christians and the Falun Gong merely for practicing their faith. Kim Jong Il is starving the North Korean people in order to build nuclear weapons. Fidel Castro continues to hold about three hundred political prisoners in Cuba, such as the poet and journalist Raul Rivero. And, honorable colleagues, if you want to hear stories of escaping communist oppression, you need not look far: just ask Officer Stanley Kolodnicki, one of our very own security guards, who escaped from communist-occupied Poland with his family as a young man. Now, in reflecting upon the evil that communism has wrought in the world, I'm not saying that we're a perfect society; indeed, no perfect society has ever existed. Our history has blemishes and we've made mistakes as a nation. And yet, one must appreciate the blessings of liberty. Indeed, this year in this very chamber, we debated our nation's war policy and the majority voted to criticize our president and the war and yet not one – not one person feared retribution. Not one person worried that they'd be arrested or that they would come home to find that their family had disappeared. We're fortunate enough that we can take that for granted, but to do the same in any of the world's communist-controlled countries is to do so at your own mortal peril. There was an old joke in the Soviet Union about an American lecturing a Russian about freedom. The American explained that, if he wanted, he could walk into the oval

office and tell him, "Mr. Reagan, I deplore the policies of the United States. I think you're leading us down the wrong track." To which the Russian replied, "So what? I can do that too! Just last week I walked into Gorbachev's office and I said, 'Mr. Gorbachev, I deplore the policies of the United States. I think Ronald Reagan is leading them down the wrong track!'" Adlai Stevenson once said, "Communism is the corruption of the dream of justice. Communism is the death of the soul. It is the organization of total conformity – in short, of tyranny – and it is committed to making tyranny universal." I pray that we will live to see the day when this evil ideology is finally relegated to where it belongs: in the ash heap of history. Thank you.

RECESS MOTION

Rep. Wallner moved that the House stand in recess for the purpose of enrolled bill amendments, enrolled bill reports, receiving Senate messages and forming committees of conference.
Adopted.

The House recessed at 1:40 p.m.

RECESS

(Rep. Ryan in the Chair)

ENROLLED BILL AMENDMENTS

HB 44, relative to the authority of authorized persons to take custody of nuisance dogs.

Amendment (2131-EBA)

Amend section 1 of the bill by replacing line 1 with the following:

1 Dogs a Menace; Custodial Authority of Authorized Persons. Amend RSA 466:31, III(a) to read
Adopted.

HB 46-FN-A-L, making an appropriation to fund kindergarten programs in the Merrimack, Hampstead, Goffstown, Fremont, and Timberlane regional school districts.

Amendment (2124-EBA)

 The first meeting of the commission shall be held within 45 days of the effective date of this section. Seven members of the commission shall constitute a quorum.
 Adopted.

HB 590-FN, changing the state migratory waterfowl stamp into a license issued by the fish and game department.

Amendment (2129-EBA)

Amend the bill by replacing all after section 3 with the following:

4 State Migratory Waterfowl License. RSA 214:1-d is repealed and reenacted to read as follows:
 214:1-d State Migratory Waterfowl License Required.

I. No person shall at any time hunt, shoot, pursue, kill, or take migratory waterfowl without first procuring, in addition to the applicable hunting license required by RSA 214 and the federal duck stamp required by RSA 209:6, a license to do so under RSA 214:9, XII, for the same period. A person under the age of 16 years may hunt, shoot, pursue, kill, or take migratory waterfowl without such a license, provided that, while so doing, he or she is accompanied by an adult who has procured such a license. For the purpose of this section "migratory waterfowl" shall mean ducks, mergansers, coots, geese, and brant.

II. Any person who violates any provision of this section or RSA 214:9, XII shall be guilty of a violation and shall be guilty of a separate offense for each migratory waterfowl bird taken.
 Adopted.

HB 689, establishing a commission to study production and distribution of biodiesel fuel in New Hampshire.

RECESS

(Speaker Norelli in the Chair)

Rep. Wallner moved that the House adjourn.

Adopted.

HOUSE JOURNAL No. 21

Wednesday, June 27, 2007

The House assembled at 10:00 a.m., the hour to which it stood adjourned, and was called to order by the Speaker.

Prayer was offered by House Chaplain, Reverend Jared A. Rardin, Pastor of the South Congregational Church in Concord.

From Earth Prayers by Mary Rogers, adapted from the Gaelic.

Deep peace of the running wave to you,
of water flowing, rising and falling,
sometimes advancing, sometimes receding...
May the stream of your life flow unimpeded!
Deep peace of the running wave to you!

Deep peace of the flowing air to you,
which fans your face on a sultry day,
the air which you breathe deeply, rhythmically,
which imparts to you energy, consciousness, life.
Deep peace of the flowing air to you!

Deep peace of the shining stars to you,
which stay invisible till darkness falls
and discloses their pure and shining presence
beaming down in compassion on our turning world.
Deep peace of the shining stars to you!

Deep peace of the Son of Peace to you,
who, swift as the wave and pervasive as the air,
quiet as the earth and shining like a star,
breathes into us His Peace and His Spirit.
Deep peace of the Son of Peace to you!
Amen.

Rep. Claire Clarke, member from Boscawen, led the Pledge of Allegiance.

The National Anthem was sung by Sydney Skinner, a sophomore at Keene High School.

LEAVES OF ABSENCE

Rep. Pilliod, the day, illness.

Reps. Gene Andersen, Benn, Jennifer Brown, Stephanie Eaton, Grassie, Heald, John Kelley, Lessard, Martineau, Mesa, O'Brien, Pelkey, Pilotte and Serlin, the day, important business.

INTRODUCTION OF GUESTS

Lori Plifka, wife of Rep. Plifka. Jim Wheeler, guest of Rep. Mack. Wayne and Kate Skinner, Dick and Coke Kelly and Anthony Dostilio, parents, grandparents and friend of the singer, guests of the House. Amy and Jake Kelley, daughter and grandson of Rep. Bridgham. Members of the Legislative Youth Advisory Council, Mikayla Foster and Anthony Conti, guests of Rep. Gargas. Amy Friedrich, daughter of Rep. Friedrich. Students from East Haverhill Academy, guests of the Haverhill delegation. Honorable Peter Zis, former member from Nashua, guest of Rep. David Cote.

INTRODUCTION OF SPECIAL GUESTS

The Red Star Twirlers of Derry were selected by The World War II Memorial Dedication Committee and the National Park Service to represent New Hampshire in the 2007 National Independence Day Parade in Washington D.C. They will have the honor of placing a wreath at the Tomb of the Unknown Soldier as well as the graves of New Hampshire's Iraq War Soldiers. They will also be present on the Capitol lawn for the National Concert and fireworks on July 4th and will perform at the Tidal Basin in front of the Jefferson Memorial on July 5th. They were accompanied by their coach, Gina Hutchinson.

Representing New Hampshire at the Global Special Olympics in Shanghai, China in October 2007; Tracy Bleyler of Lebanon, daughter of Rep. Bleyler, will compete in the bowling competition. She was accompanied by her father, Pete Bleyler. Thomas Liseno of Somersworth will compete in the track and field competition. He was accompanied by his parents, Thomas and Renee Liseno and siblings Adria and Vince Liseno. Jeremy Colter of Lebanon will coach the U.S. basketball team. He was accompanied by his mentor Don Marcotte and his parents, Sandy and Blake Colter. Mike Murray, a school resource officer at Merrimack High School, will be representing the United States in the final leg of the torch run into Shanghai. They were all accompanied by Dan Curran, Program Director from Special Olympics New Hampshire, Mike Quinn, President of Special Olympics New Hampshire and Mark Capano, part of Team USA for the World Games in Shanghai.

Doris "Granny D" Haddock, guest of the House.

Dr. Nahed K. Attia, Dr. Hamman El Abd, Dr. Guzine El Diwani, Dr. Salwa Ismail Hawash, Dr. Shadia Ragheb Tawfik and Dr. Ferial Zaher, members of the UNH-Egypt Biodiesel Delegation. They were accompanied by Dr. Farag and Tim Drew, guests of the House.

SPECIAL PERFORMANCES

Rick Shaw of the Shaw Brothers sang "New Hampshire, Naturally."

Actress and singer, Carol Channing, accompanied by Reps. Wendelboe and Emerson, sang a special version of "Hello Dolly" as "Hello Governor."

HOUSE RESOLUTION NO. 13

Memorializing State Representative Donald R. Buxton of Brentwood

WHEREAS, we have learned with great sorrow of the death of our friend and colleague Donald Roy Buxton, who was in his second term of service to the citizens of Rockingham County District #10 as a member of the House of Representatives; and

WHEREAS, Don Buxton served with diligence and distinction as a member of the Judiciary Committee, earning the respect of his colleagues for his sense of duty, and for his depth of knowledge and understanding in considering the many issues that were presented to the committee – knowledge and understanding gained during his many years in law enforcement; and

WHEREAS, Don Buxton's years of service in the National Guard and the United States Army, his twenty-three years in the New Hampshire State Police followed by seventeen years with the United States Secret Service, including time as a personal assistant to President George Herbert Walker Bush, are indicative of an individual committed to the true meaning of public service; and

WHEREAS, Don Buxton was also a man whose interests included travel and history, who was a member of the Brentwood Historical Society and a friend of the environment, holding memberships in the Society for the Protection of New Hampshire Forests, the Wilderness Society and Save the Redwoods; and

WHEREAS, since 1964, Don Buxton was an active member of the Masonic fraternity, serving with the Major General John Sullivan Lodge in Epping and then becoming a Charter Member and officer of General Court Lodge in Concord; and

WHEREAS, Don Buxton was a good man, kind and friendly with a cheerful twinkle in his eye, now, therefore, be it

RESOLVED, by the New Hampshire House of Representatives in Regular Session convened, that Donald Roy Buxton be granted the highest praise and accolades for his dedicated service to his community, his state and his country, and be it further

RESOLVED, that expressions of heartfelt sympathy be extended to his family and that a suitable copy of this Resolution be prepared for presentation to them.

Offered by the House of Representatives

Adopted unanimously by a rising vote.

Rep. Mooney addressed the House.

MOTION TO PRINT REMARKS

Rep. David Cote moved that the remarks made by Rep. Mooney be printed in the Permanent Journal. Adopted.

MEMORIAL REMARKS

Rep. Mooney: Thank you, Madam Speaker. It is with great sorrow and disbelief that we mourn the loss of Representative Donald Roy Buxton. Don was an exemplary legislator who took his duties seriously. He loved serving his constituents and participating in state government. He told me that he made it a daily routine, while in Concord, to walk straight up the middle front steps and through the front door of the State House. This was his reminder just how important a job it is to be a state representative. He was a reliable and loyal friend, gentleman and colleague on the House Judiciary Committee on which he was serving his second term. Don stood out in so many ways - his detailed stories, joyful demeanor, generosity, respect for tradition, ceremony, order and public office were beyond comparison. Don was a husband, father, U.S. Army veteran, former New Hampshire state trooper and member of the United State Secret Service - all of which he excelled at, and in which he took justifiable pride. He would tell stories of his past that left his listener spellbound. His life spanned from being raised in a family of 12 children on a farm with no modern plumbing, to Secret Service detail trips where he interacted with President George H.W. Bush, President Bill Clinton and Lady Margaret Thatcher, just to name a few. He seemed to know everyone and struck up a conversation with everyone he met. What was most unique about Don is that he took a genuine interest and concern in the people he knew. He wanted to know a person's history - where they were from, where they went to school and what their interests were. He appreciated everyone and set an example to stop once in a while and truly get to know those around us. Representative Don Buxton will be dearly missed by all who knew him. His love for our state, our country and the people around him will never be forgotten. In a phrase - he was the best. Rest in peace, Don. It was a privilege of the highest caliber to have known you. Thank you, Madame Speaker and Members of this House.

COMMITTEE OF CONFERENCE REPORTS ON SENATE BILLS

COMMITTEE OF CONFERENCE REPORT ON SB 35-FN-A

Committee of Conference Report on **SB 35-FN-A**, an act making an appropriation for disaster relief assistance in response to the May 2006 floods and establishing a committee to study the distribution of financial disaster assistance.

Recommendation:

That the Senate recede from its position of nonconcurrency with the House amendment, and concur with the House amendment, and

That the Senate and House each pass the bill as amended by the House.

Conferees: Sens. Hassan, Dist. 23; Janeway, Dist. 7; and Burling, Dist. 5.

Conferees: Reps. King, Coos 1; David Smith, Hills. 22; Stepanek, Hills. 6; and Foster, Hills. 4.

Rep. King moved that the House adopt the Committee of Conference Report.

Committee of Conference Report adopted.

COMMITTEE OF CONFERENCE REPORT ON SB 52

Committee of Conference Report on **SB 52**, an act relative to authorizing the attorney general to bring actions for violations of New Hampshire combination and monopolies law.

Recommendation:

That the Senate recede from its position of nonconcurrency with the House amendment, and

That the House recede from its position in adopting its amendment to the bill, and

That the Senate and House each pass the bill as passed by the Senate.

Conferees: Sens. Gottesman, Dist. 12; Reynolds, Dist. 2; and Clegg, Dist. 14.

Conferees: Reps. DeStefano, Merr. 3; Butler, Carr. 1; Reardon, Merr. 11; and Marshall Quandt, Rock. 13.

Rep. DeStefano moved that the House adopt the Committee of Conference Report.

Committee of Conference Report adopted.

COMMITTEE OF CONFERENCE REPORT ON SB 67

Committee of Conference Report on **SB 67**, an act relative to implementation of the recommendations of the YDC master plan and making an appropriation therefor.

Recommendation:

That the Senate recede from its position of nonconcurrency with the House amendment, and concur with the House amendment, and

That the Senate and House each pass the bill as amended by the House.
 Conferees: Sens. D'Allesandro, Dist. 20; Hassan, Dist. 23; and Gatsas, Dist. 16.
 Conferees: Reps. Rausch, Rock. 5; Long, Hills. 10; Cloutier, Sull. 4; and Emerton, Hills. 7.
 Rep. Rausch moved that the House adopt the Committee of Conference Report.
 Committee of Conference Report adopted.

COMMITTEE OF CONFERENCE REPORT ON SB 91

Committee of Conference Report on **SB 91**, an act relative to political contributions by corporations, partnerships, and labor unions.

Recommendation:

That the Senate recede from its position of nonconcurrence with the House amendment, and

That the House recede from its position in adopting its amendment to the bill, and

That the Senate and House adopt the following new amendment to the bill as amended by the Senate, and pass the bill as so amended:

Amend the bill by inserting after section 1 the following and renumbering the original section 2 to read as 3:

2 New Paragraph; Prohibited Political Contributions; Definition Added. Amend RSA 664:4 by inserting after paragraph V the following new paragraph:

VI. For purposes of this section, "person" shall mean any natural person, any enterprise, whether corporation, partnership, limited liability company, proprietorship, association, business trust, real estate trust, or other form of organization, organized for gain or profit, or labor union.

AMENDED ANALYSIS

This bill repeals the prohibitions on political contributions by corporations, partnerships, and labor unions. This bill exempts nonprofit organizations from the remaining political contribution prohibitions.

Conferees: Sens. Foster, Dist. 13; Burling, Dist. 5; and Letourneau, Dist. 19.

Conferees: Reps. Clemons, Hills. 24; Weed, Ches. 3; Claudia Chase, Hills. 2; and Jasper, Hills. 27.

Rep. Weed moved that the House adopt the Committee of Conference Report.

Rep. Splaine spoke against.

Rep. Chandler requested a roll call; sufficiently seconded.

COMMITTEE OF CONFERENCE REPORT ON SB 106

Committee of Conference Report on **SB 106**, an act allowing lobbyists and those connected with lobbyists to sit on committees established by the judicial branch.

Recommendation:

That the Senate recede from its position of nonconcurrence with the House amendment, and concur with the House amendment, and

That the Senate and House adopt the following new amendment to the bill as amended by the House, and pass the bill as so amended:

Amend the bill by replacing all after the enacting clause with the following:

1 Lobbyist Registration; Registration Required. RSA 15:1, I is repealed and reenacted to read as follows:

I.(a) The following persons shall register as lobbyists with the secretary of state:

(1) Any person who works as an independent contractor or who provides services for a fee for another to represent the other for the purposes specified in paragraph II including, but not limited to, an attorney, or a legislative or government relations representative;

(2) Any person who is an employee of any other person or employer, and who works in a representative capacity exclusively for the purposes specified in paragraph II; and

(3) Any person who is an employee of any other person or employer, who is employed for purposes in addition to or other than the purposes specified in paragraph II, and who spends more than 75 hours in a calendar year working in a representative capacity for the purposes specified in paragraph II.

(b) Each person described in subparagraphs (a)(1) and (2) shall register no later than 10 business days after engaging in the activities specified in paragraph II. Each person described in subparagraph (a)(3) shall register no later than 10 business days following completion of 75 hours of such work. Each registration shall report the existence of a relationship between a single client and either a single lobbyist or a partnership, firm, or corporation with one or more partners, members, or employees of a firm acting as a lobbyist.

2 Expiration Date. Amend RSA 15:1, IV to read as follows:

IV. All registrations required under this section shall expire on December [±] 31.

3 New Paragraph; Exclusions From Requirements. Amend RSA 15:1 by inserting after paragraph IV the following new paragraph:

V. The following communications are excluded from the regulation imposed by this chapter and shall not be considered in a determination of whether a person is required to register and report as a lobbyist:

(a) Public testimony before a legislative committee or sub-committee;

(b) Public testimony before any entity subject to RSA 91-A, the right-to-know law;

(c) A written document filed in the course of a public proceeding or any other communication that is made on the record in a public proceeding;

(d) Communication made by a public official acting in the public official's official capacity;

(e) Communication made by a representative of a media organization if the purpose of the communication is gathering or disseminating news and information to the public;

(f) Communication made in a speech, article, publication, or other material that is distributed and made available to the public, or through radio, television, cable television, the internet, or other medium of mass communication;

(g) Communication made in writing which becomes a public record subject to the provisions of RSA 91-A, the right-to-know law, provided in response to a written request by a legislative or executive branch official; and

(h) Attendance or participation in executive and legislative branch task forces, work groups, stakeholder groups, and other similar meetings which are not subject to RSA 91-A, provided that,

prior to or concurrent with the convening of any such group or meeting, the convening authority files with the secretary of state a statement listing the subject matter, participants, and anticipated duration of the group or meeting. The secretary of state shall make available a form to effectuate the purpose of this filing requirement.

4 Lobbyist Statements. Amend RSA 15:6 to read as follows:

15:6 Statements.

I. Each lobbyist shall file with the secretary of state itemized statements under oath of:

(a) All fees received from any lobbying client that are related, directly or indirectly, to lobbying, such as public advocacy, government relations, or public relations services including research, monitoring legislation, and related legal work.

(b) All expenditures made from lobbying fees, including by whom paid or to whom charged.

(c) Any ~~[honorarium or]~~ expense reimbursement, as defined in RSA 15-B, or political contribution, as defined in RSA 664, made by the lobbyist in his or her professional ~~[or personal]~~ capacity, on behalf of the lobbyist, the partnership, firm, or corporation or by the lobbyist on behalf of the client or employer ~~[or by a family member of the lobbyist]~~. The statements shall be open to public inspection. ~~[For the purposes of this chapter, "family member" shall mean any person related to and living in the same domicile as the lobbyist, who shares a common economic interest in the expenses of daily living, including, but not limited to, a spouse, child, or parents.]~~

II. Lobbyists shall file statements no later than the second Friday of each ~~[month]~~ **January, April, July, and October** covering all fees received and expenditures ~~[-contributions, honorariums,]~~ or expense reimbursements made ~~[during the previous month,]~~ **since the last required filing**, from fees received at any time from a lobbying client or employer or from funds otherwise provided by the lobbyist, partnership, firm, or corporation, or from the client or employer. ***The first statement filed by persons who register as lobbyists pursuant to RSA 15:1, I(a)(3) shall cover all fees received and expenditures or expense reimbursements made from such fees received and funds provided during the 75 hours worked prior to registration.***

III. In this chapter "value" means the amount at which property or services would change hands between a willing buyer and a willing seller when neither is under any compulsion to buy or sell and both have reasonable knowledge of the relevant facts.

~~[IV. A lobbyist, in his or her professional or personal capacity, or a family member of a lobbyist making a contribution, honorarium, or expense reimbursement, in a form other than cash, check or negotiable instrument, to a person with a duty to report that contribution, honorarium, or expense reimbursement pursuant to RSA 15-B or RSA 664 shall provide the recipient with a written statement of the value of the contribution, honorarium, or expense reimbursement if the value is different than any price or value printed on the contribution, honorarium, or expense reimbursement or if the contribution, honorarium, or expense reimbursement does not have a price affixed to it.]~~

~~[V.]~~ IV. The lobbyist statement shall be in the form prescribed by the secretary of state, may be in paper or electronic form, and shall include at a minimum:

(a) The full name of each lobbyist covered by the report.

(b) The name of the lobbyist partnership, firm, or corporation, if any.

(c) The business address and telephone number for the lobbyist, partnership, firm, or corporation.

(d) For each lobbying client, the full name and business address of the client, the scope of the representation or lobbyist services being paid for, the gross amount of all fees received from that client, not reduced by any expenses, that are related, directly or indirectly, to lobbying, such as public advocacy, government relations, or public relations services including research, monitoring legislation, and related legal work, a statement of the aggregate total of fees received that are related, directly or indirectly, to lobbying services during the calendar year, and a statement of any fee payment due, but not yet paid.

(e) For each ~~[honorarium or]~~ expense reimbursement made, that is reportable pursuant to RSA 15-B:

(1) The name of the client on whose behalf the expense reimbursement ~~[or honorarium]~~ was made, if any.

(2) The name of the person receiving the ~~[honorarium or]~~ expense reimbursement.

(3) A brief description of the event to which the ~~[honorarium or]~~ expense reimbursement relates.

(4) The value of the ~~[honorarium or]~~ expense reimbursement.

(f) ~~[For each political contribution made that is reportable pursuant to RSA 664:~~

~~(1) The name of the candidate;~~

~~(2) The office the candidate is seeking;~~

~~(3) The value of the contribution;~~

~~(4) If the contribution is an in-kind contribution, a brief description of the contribution;~~

(g) For all expenditures for salaries, benefits, support staff, and office expenses, related directly or indirectly to lobbying, a statement of the total aggregate expenses for salaries, support staff, and office expenses related directly or indirectly to lobbying shall satisfy the requirement that an itemized statement of these expenses be filed.

(h) (g) The following statement followed by a line for each person filing the form to sign and date the form: "I have read RSA 15[-RSA 15-B, and RSA 664] and hereby swear or affirm that the foregoing information is true and complete to the best of my knowledge and belief." ~~[This statement shall be made under oath before a notary public or justice of the peace.]~~

~~[V:]~~ V. The secretary of state shall maintain the statements required by this section for 6 years from the date of filing, after which time the statements may be destroyed. The public information on the forms shall be available to the public in the form of a photocopy or an electronic record. The secretary of state shall, as soon as is practical, implement an electronic record keeping system that makes lobbyist registration forms and fee and expense reports available to the public through the internet.

5 Gifts; Exclusion From Definition. Amend RSA 15-B:2, V(c)(5) and (6) to read as follows:

(5) Objects *or services* which primarily serve an informational purpose provided in the ordinary course of business, such as reports, books, maps, or charts.

(6) Money in any form, an object, or an intangible thing *or service* of economic value, where the donor's act of giving is purely private and personal in nature and the money, object, or intangible thing *or service* of economic value would have been given and received even if the person were not an elected official, public official, public employee, constitutional official, or legislative employee.

6 New Subparagraph; Definition of Gift; Exclusion Added. Amend RSA 15-B:2, V(c) by inserting after subparagraph (12) the following new subparagraph:

(13) Information or advice concerning any state law or rule, any legislation pending or proposed before the general court, or any pending or proposed administrative rule.

7 Executive Branch; Code of Ethics; Appointee and Volunteer Service. RSA 21-G:25 is repealed and reenacted to read as follows:

21-G:25 Ethical Standards for Appointee and Volunteer Public Service. Appointee and volunteer public service within the executive branch is an honorable tradition that should be encouraged and maintained. Appointees and volunteers shall not use such public service, directly or indirectly:

I. For personal financial gain; or

II. To facilitate nonpublic communications with executive branch officials for the purpose of promoting or advancing any matter on behalf of themselves, their employers or business associates, or any other third party.

8 Purpose; Financial Disclosure. The general court finds that many public spirited citizens perform volunteer service for the state each year under circumstances where their service does not create any appreciable opportunity to influence the setting of public policy, the expenditure of state funds, or the selection of vendors for the state. Recognizing that the purpose of financial disclosure is to ensure the public has access to information about the financial interests of those who act on the public's behalf when setting public policy, spending state funds, or choosing vendors to do work for the state, requiring volunteers who do not perform such actions to file statements of financial interests does not advance the purpose of the statute and may chill volunteerism. The general court intends to exempt from financial disclosure requirements those individuals who serve the state solely in a volunteer capacity and whose service does not afford any appreciable opportunity to influence public policy or spending, including but not limited to individuals who assist with search and rescue, teach hunter safety, work on recreational trials, or assist with the annual Easter egg hunt.

9 Financial Disclosure; Filing. Amend RSA 15-A:3 to read as follows:

15-A:3 Persons Required to File.

I. The following persons shall file a statement of financial interests as required by this chapter:

~~[I:]~~ (a) All candidates who file for state or county office.

~~[H:]~~ (b) All persons filing an acceptance of nomination form for state or county office.

~~[HH:]~~ (c) Every person appointed by the governor, governor and council, president of the senate, or the speaker of the house of representatives to any board, commission, committee, board of directors, authority, or equivalent state entity whether regulatory, advisory, or administrative in nature.

~~[IV-]~~ (d) All agency heads.

~~[V-]~~ (e) Any public official designated, due to the responsibilities of the position, by the agency head.

~~[VI-]~~ (f) The secretary of state and the treasurer, and any of their subordinates designated, due to the responsibilities of the position, by the secretary of state or treasurer.

~~[VII-]~~ (g) All persons elected to state or county office, and all persons appointed to such elective office to fill a vacancy; and

~~[VIII-]~~ (h) Any person, not employed by or working under contract for the state, who is acting on behalf of the governor or an agency while engaged in state business.

II.(a) Any person who is otherwise subject to the filing requirements of paragraph I (h) shall be exempt from filing a statement of financial interests provided the head of the executive branch entity for whom the individual is volunteering certifies in a public register of volunteers, to be maintained by the secretary of state, that the volunteer's work for the state:

(1) Does not directly or indirectly influence the setting of public policy;

(2) Does not directly or indirectly influence decisions on how state funds will be expended; and

(3) Does not directly or indirectly influence the selection of vendors for the state.

(b) The secretary of state shall establish a public register of volunteers for the state that shall include the name and town or city of residence of the volunteer and the executive branch entity for whom the volunteer work is done. The name and residence of exempt volunteers shall not be listed for volunteers who provide service occurring at a single event that does not exceed one day in duration, provided the head of the executive branch entity accepting the volunteer service submits a brief description of the event and an estimate of the number of volunteers to the secretary of state for inclusion in the register.

(c) The head of any executive branch entity that accepts volunteer work shall cause a list of volunteers who qualify for this exemption to be certified to the secretary of state. An annual certification shall be submitted not later than the third Friday in January listing all exempt volunteers who are expected to volunteer during that calendar year. A certification shall be submitted no later than the third Friday of each month certifying all new exempt volunteers who started service with that entity during the previous month.

10 Executive Branch Volunteer List. Each head of an executive branch entity that accepts volunteer work shall cause a list of volunteers providing service to the state on the effective date of this act who qualify for the exemption set forth in RSA 15-A:3, II to be submitted to the secretary of state within 60 days of the effective date of this act.

11 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill changes the registration requirements for lobbyists and the frequency and content of the statements required to be filed. The bill repeals the restriction on simultaneous employment and public service, and exempts certain appointed and volunteer service from the financial disclosure requirements. The bill also establishes an executive branch public register of volunteers.

Conferees: Sens. Burling, Dist. 5; Foster, Dist. 13; and Clegg, Dist. 14.

Conferees: Reps. Michael Rollo, Straf. 2; Lee Hammond, Graf. 11; Hager, Merr. 12; and Clemons, Hills. 24.

Rep. Michael Rollo moved that the House adopt the Committee of Conference Report.

Rep. Splaine spoke against.

Rep. McEachern spoke against and yielded to questions.

Reps. Hager and Michael Rollo spoke in favor.

Rep. Whalley requested a roll call; sufficiently seconded.

and the Committee of Conference Report failed.

Rep. Robert Johnson declared a conflict of interest on **SB 106** and did not participate.

COMMITTEE OF CONFERENCE REPORT ON SB 143

Committee of Conference Report on **SB 143**, an act naming Jericho Mountain state park and establishing ATV and trail bike trails in such park.

Recommendation:

That the Senate recede from its position of nonconcurrence with the House amendment, and concur with the House amendment, and

That the Senate and House adopt the following new amendment to the bill as amended by the House, and pass the bill as so amended:

Amend the bill by replacing all after the enacting clause with the following:

1 New Paragraphs; Jericho Mountain State Park. Amend RSA 215A:43 by inserting after paragraph V the following new paragraphs:

VI. The property acquired for the purposes of developing ATV and trail bike trails in the city of Berlin by the department of resources and economic development, division of parks and recreation, bureau of trails, and any abutting land donated or acquired after the effective date of this paragraph, shall hereby be known as Jericho Mountain state park.

VII. Notwithstanding the provisions of this section to the contrary, at Jericho Mountain state park:

(a) An ATV or trail bike trail may be established and subsequently maintained within Jericho Mountain state park even though it:

(1) Is within 330 feet of a known raptor nest provided that it is not within 650 feet of trees with eagle or osprey nests; or

(2) Fails to comply with the criteria in RSA 215-A:43, II(o) and (q) to the extent that it is utilizing an existing surface roadway located within the protected area which would reduce adverse environmental impacts.

(b) Site specific waivers of the criteria specified in RSA 215-A:43, II(o) and (q) are only allowed on trails in Jericho Mountain state park provided that all of the following criteria are met:

(1) There is no practicable alternative location of the trail that would meet the criteria in RSA 215-A:43, II;

(2) The proposed trail location and construction is the least impacting alternative; and

(3) Conditions of the site specific waiver are authorized in writing by:

(A) The department of resources and economic development, in agreement with the fish and game department, for waivers at Jericho Mountain state park that will have no impact on water quality; or

(B) The department of resources and economic development, in agreement with the fish and game department and the department of environmental services for waivers at Jericho Mountain state park that may have an impact on water quality.

(c) A person may operate an OHRV within Jericho Mountain state park which weighs up to 1200 pounds and is no wider than 60 inches.

VIII. This section shall not apply to department of transportation property required for trail crossing or connector permits at, or which directly connect to, Jericho Mountain state park.

2 Effective Date. This act shall take effect July 1, 2007.

AMENDED ANALYSIS

This bill allows waivers of certain criteria in the evaluation process for establishment of ATV and trail bike trails relative to Jericho Mountain state park in Berlin.

Conferees: Sens. Fuller Clark, Dist. 24; Cilley, Dist. 6; and Gallus, Dist. 1.

Conferees: Reps. Brueggemann, Merr. 12; Gottling, Sull. 3; Kepner, Rock. 15; and David Russell, Belk. 6.

Rep. Brueggemann moved that the House adopt the Committee of Conference Report.

Committee of Conference Report adopted.

COMMITTEE OF CONFERENCE REPORT ON SB 161-FN

Committee of Conference Report on **SB 161-FN**, an act relative to the registration fees for mortgage servicing companies.

Recommendation:

That the Senate recede from its position of nonconcurrence with the House amendment, and concur with the House amendment, and

That the Senate and House adopt the following new amendment to the bill as amended by the House, and pass the bill as so amended:

Amend the bill by replacing section 3 with the following:

3 Debt Adjustment; Definition. RSA 399-D:2, IV is repealed and reenacted to read as follows:

IV. "Debt adjustment" means:

(a) Providing debt management advice or counseling to consumers for direct or indirect compensation;

(b) Creating debt management plans for consumers for direct or indirect compensation;

(c) Negotiating with creditors on behalf of consumers for direct or indirect compensation; or

(d) Receiving, for a fee or compensation and as agent of a debtor, money or evidences thereof for the purpose of distributing such money or evidences thereof among creditors in full or partial payment of obligations of the debtor.

Conferees: Sens. Gottesman, Dist. 12; Foster, Dist. 13; and Barnes, Dist. 17.

Conferees: Reps. Reardon, Merr. 11; Hunt, Ches. 7; DeStefano, Merr. 13; and Nord, Rock 1.

Rep. Reardon moved that the House adopt the Committee of Conference Report.

Committee of Conference Report adopted.

COMMITTEE OF CONFERENCE REPORT ON SB 170-FN

Committee of Conference Report on **SB 170-FN**, an act establishing an office of mediation and arbitration within the judicial branch.

Recommendation:

That the Senate recede from its position of nonconcurrence with the House amendment, and concur with the House amendment, and

That the Senate and House adopt the following new amendment to the bill as amended by the House, and pass the bill as so amended:

Amend the bill by inserting after section 4 the following and renumbering the original sections 5-8 to read as 6-9, respectively:

5 Funding for Alternative Dispute Resolution. Any amounts appropriated to PAU 02-01-01-01, classes 50, 60, and 92 in the state operating budget for fiscal years 2008 and 2009 for salary and benefits for the part-time alternative dispute resolution coordinator and for alternative dispute resolution, shall be transferred by the department of administrative services to the mediation and arbitration fund, established under RSA 490-E:4, pursuant to section 2 of this act.

Conferees: Sens. Foster, Dist. 13; Gottesman, Dist. 12; and Clegg, Dist. 14.

Conferees: Reps. Lasky, Hills. 26; Baxley, Merr. 6; Shurtleff, Merr. 10; and Mooney, Hills. 19.

Rep. Lasky moved that the House adopt the Committee of Conference Report.

Committee of Conference Report adopted.

Rep. Coughlin declared a conflict of interest on **SB 170-FN** and did not participate.

COMMITTEE OF CONFERENCE REPORT ON SB 176-FN

Committee of Conference Report on **SB 176-FN**, an act relative to lead paint poisoning and establishing a commission to study the current childhood lead poisoning prevention law, policies, and standards.

Recommendation:

That the Senate recede from its position of nonconcurrence with the House amendment, and concur with the House amendment, and

That the Senate and House adopt the following new amendment to the bill as amended by the House, and pass the bill as so amended:

Amend RSA 130-A:6, I as inserted by section 2 of the bill by replacing it with the following:

I. The commissioner may, as part of an investigation conducted under RSA 130-A:5 ~~[and after making reasonable efforts to notify the owner or the owner's agent]~~, conduct an inspection of any leased or rented dwelling or dwelling unit during business hours, or at a time mutually agreed ~~[to]~~ *upon with the owner or the owner's agent*, for the purposes of identifying the presence of lead base substances. The findings of the inspection shall be provided to the occupant, the health authority, the child's health care provider and to the owner or the owner's agent. *If the leased or rented dwelling has multiple units, and if a lead exposure hazard is determined to exist during an investigation conducted under RSA 130-A:5, the commissioner shall conduct inspections of all other dwelling units of the leased or rented dwelling with the owner or owner's agent for the purposes of identifying the presence of lead base substances. The findings of these inspections shall be provided to the occupant, the health authority, and the owner or the owner's agent.* When a lead exposure hazard is determined to exist per RSA 130-A:1, XVI(a), (b) or (c), the commissioner shall issue an order requiring lead hazard reduction to the owner and, if appropriate, to the owner's agent. When a lead exposure hazard is determined to exist per RSA 130-A:1, XVI(d), the commissioner may issue an order requiring lead hazard reduction to the owner and, if appropriate, to the owner's agent. A copy of the order shall be provided to the occupants of the dwellings or dwelling unit, to the occupants of any adjacent or attached dwellings or dwelling units having the same owner and where a child resides, and to the health authority. An order shall be issued in accordance with RSA 130-A:7.

Amend the bill by replacing section 16 with the following:

16 Effective Date.

I. Sections 10-14 of this act shall take effect upon its passage.

II. The remainder of this act shall take effect January 1, 2008.

Conferees: Sens. Estabrook, Dist. 21; DeVries, Dist. 18; and Foster, Dist. 13.

Conferees: Reps. Rosenwald, Hills. 22; Bridgham, Carr. 2; Carolyn Brown, Carr. 1; and Emerton, Hills. 7.

Rep. Rosenwald moved that the House adopt the Committee of Conference Report.

Committee of Conference Report adopted.

Reps. Blanchard and Baroody declared conflicts of interest on **SB 176-FN** and did not participate.

COMMITTEE OF CONFERENCE REPORT ON SB 187

Committee of Conference Report on **SB 187**, an act relative to motor vehicles operated in parades.

Recommendation:

That the Senate recede from its position of nonconcurrence with the House amendment, and concur with the House amendment, and

That the Senate and House adopt the following new amendment to the bill as amended by the House, and pass the bill as so amended:

Amend RSA 265:108-a, I(a) as inserted by section 1 of the bill by replacing it with the following:

(a) No person may use any type of vehicle with protruding or outrigger wheels in a parade unless the vehicle is suitably modified to protect both riders and pedestrians from the wheel assembly.

Conferees: Sens. Letourneau, Dist. 19; DeVries, Dist. 18; and Burling, Dist. 5.

Conferees: Reps. Ryan, Merr. 2; Robert Williams, Merr. 11; Nedeau, Belk. 3; and Cunningham, Carr. 3.

Rep. Ryan moved that the House adopt the Committee of Conference Report.

Committee of Conference Report adopted.

COMMITTEE OF CONFERENCE REPORT ON SB 188

Committee of Conference Report on **SB 188**, an act relative to unfair claim settlement practices by insurers.

Recommendation:

having considered the same, report the committee is unable to reach agreement.

Conferees: Sens. Gottesman, Dist. 12; Reynolds, Dist. 2; and Foster, Dist. 13.
 Conferees: Reps. Houde, Sull. 1; Butler, Carr. 1; Martin, Carr. 5; and Reardon, Merr. 11.
 Rep. Houde moved that the House adopt the Committee of Conference Report.
 Committee of Conference Report adopted.

COMMITTEE OF CONFERENCE REPORT ON SB 204-FN-A

Committee of Conference Report on **SB 204-FN-A**, an act relative to collection of debts owed the state.
 Recommendation:

That the Senate recede from its position of nonconcurrence with the House amendment, and concur with the House amendment, and

That the Senate and House each pass the bill as amended by the House.

Conferees: Sens. Kelly, Dist. 10; Downing, Dist. 22; and Burling, Dist. 5.
 Conferees: Reps. Harding, Graf. 11; Hawkins, Hills. 18; Beck, Hills. 2; and Eric Anderson, Merr. 3.
 Rep. Harding moved that the House adopt the Committee of Conference Report.
 Committee of Conference Report adopted.

COMMITTEE OF CONFERENCE REPORT ON SB 215-FN-A

Committee of Conference Report on **SB 215-FN-A**, an act making an appropriation for AIDS services.
 Recommendation:

That the Senate recede from its position of nonconcurrence with the House amendment, and concur with the House amendment, and

That the Senate and House adopt the following new amendment to the bill as amended by the House, and pass the bill as so amended:

Amend the bill by replacing section 2 with the following:

2 Department of Health and Human Services; Grants to AIDS Services Organizations. The department shall distribute to the specified agencies the total sum of \$500,000 in the fiscal year ending June 30, 2008 and the total sum of \$500,000 in the fiscal year ending June 30, 2009 for grants to the following AIDS services organizations: a Community Resource Network (ACORN) in Lebanon; AIDS Response-Seacoast in Portsmouth; AIDS Services for Monadnock in Keene; the Greater Manchester AIDS Project; and Southern New Hampshire HIV/AIDS Task Force in Nashua. The department shall fund said grants from funds appropriated to the department in the state operating budget in fiscal years 2008 and 2009. The awarding of such grants to the specified agencies by the department of health and human services shall be on a per capita basis. The administration of these grants by the department of health and human services shall follow the procedures established by the Boston Public Health Commission AIDS Program, both for eligibility and billing.

Conferees: Sens. Fuller Clark, Dist. 24; Hassan, Dist. 23; and Gallus, Dist. 1.
 Conferees: Reps. Donovan, Sull. 4; Joy Tilton, Merr. 6; MacKay, Merr. 11; and Mitchell, Ches. 7.
 Rep. Donovan moved that the House adopt the Committee of Conference Report.
 Committee of Conference Report adopted.

COMMITTEE OF CONFERENCE REPORT ON SB 217-FN-A

Committee of Conference Report on **SB 217-FN-A**, an act establishing the New Hampshire housing and conservation planning program.

Recommendation:

That the Senate recede from its position of nonconcurrence with the House amendment, and concur with the House amendment, and

That the Senate and House adopt the following new amendment to the bill as amended by the House, and pass the bill as so amended:

Amend RSA 4-C:29, III(a) and (b) as inserted by section 1 of the bill by replacing it with the following:

(a) Two members of the house of representatives, appointed by the speaker of the house of representatives.

(b) One member of the senate, appointed by the senate president.

Conferees: Sens. Fuller Clark, Dist. 24; Barnes, Dist. 17; and Cilley, Dist. 6.
 Conferees: Reps. Osborne, Merr. 12; Cooney, Graf. 7; Butterworth, Ches. 4; and Baroody, Hills. 13.
 Rep. Osborne moved that the House adopt the Committee of Conference Report.
 Committee of Conference Report adopted.
 Rep. Reardon declared a conflict of interest on **SB 217-FN-A** and did not participate.

COMMITTEE OF CONFERENCE REPORT ON SB 233-FN

Committee of Conference Report on **SB 233-FN**, an act relative to sales by beverage manufacturers and relative to the definition of specialty beer.

Recommendation:

That the Senate recede from its position of nonconcurrence with the House amendment, and concur with the House amendment, and

That the Senate and House adopt the following new amendment to the bill as amended by the House, and pass the bill as so amended:

Amend the bill by replacing section 5 with the following:

5 New Section; Specialty Beer Label Requirements. Amend RSA 179 by inserting after section 40 the following new section:

179:40-a Specialty Beer Label Requirements. No person shall sell any specialty beer having an alcohol content greater than 12 percent unless the label on the container and any packaging for the consumer clearly states the percent of alcohol by volume of the specialty beer.

Conferees: Sens. Burling, Dist. 5; Fuller Clark, Dist. 24; and Downing, Dist. 22.

Conferees: Reps. Reardon, Merr. 11; Hunt, Ches. 7; Butler, Carr. 1; and DeStefano, Merr. 13.

Rep. Reardon moved that the House adopt the Committee of Conference Report.

Committee of Conference Report adopted.

COMMITTEE OF CONFERENCE REPORT ON SB 235-FN-A

Committee of Conference Report on **SB 235-FN-A**, an act relative to milk support for dairy farmers.

Recommendation:

That the Senate recede from its position of nonconcurrence with the House amendment, and concur with the House amendment, and

That the Senate and House adopt the following new amendment to the bill as amended by the House, and pass the bill as so amended:

Amend RSA 184:110, IV as inserted by section 1 of the bill by replacing it with the following:

IV. The board, using fund moneys with the approval of the governor and council, may employ legal counsel as necessary to perform its duties in administering the emergency milk producers relief fund.

Conferees: Sens. Fuller Clark, Dist. 24; Kelly, Dist. 10; and Kenney, Dist. 3.

Conferees: Reps. Phinizy, Sull. 7; O'Connell, Hills. 6; Sad, Ches. 2; and Hamm, Merr. 4.

Rep. Phinizy moved that the House adopt the Committee of Conference Report.

On a division vote, 202 members having voted in the affirmative and 97 in the negative, the Committee of Conference Report was adopted.

SENATE MESSAGES

ADOPTION OF COMMITTEE OF CONFERENCE REPORTS

HB 1-A, making appropriations for the expenses of certain departments of the state for fiscal years ending June 30, 2008 and June 30, 2009.

HB 2-FN-A, relative to state fees, funds, revenues, and expenditures.

HB 25-FN-A, making appropriations for capital improvements.

HB 37, relative to notification requirements for criminal offenders.

HB 83, relative to the deliberations of the board of tax and land appeals under the right-to-know law.

HB 95-L, relative to the treatment of charter school pupils in the definition of average daily membership in residence.

HB 134, relative to electronic prescribing for prescription drugs.

HB 187, establishing that sheriffs' departments have sole jurisdiction to enforce civil orders.

HB 202, relative to a point system for automobile dealer and inspection station violations.

HB 229, relative to licensing requirements for operators of games of chance.

HB 261, prohibiting the Carroll County attorney from engaging in the private practice of law.

HB 293, allowing municipalities to establish agricultural commissions.

HB 306, establishing a task force on work and family.

HB 365, establishing a commission to study foreclosures of home mortgages and the foreclosure rescue scam industry.

HB 377-FN-L, relative to the right-to-know law.

HB 429, relative to nominations by multiple parties.

HB 488-FN-A-L, relative to the state chief medical examiner and medico-legal death investigations and making an appropriation to the department of justice for autopsy costs.

HB 498-FN-A, dedicating certain OHRV and snowmobile unrefunded road tolls to the fish and game department.

HB 533, relative to Occupational Safety and Health Administration certification requirements for state contracts.

HB 653, relative to the determination of benefits, funding, and administration of the New Hampshire retirement system.

HB 659-FN, exempting certain motor vehicles manufactured prior to 1941 from vehicle equipment and inspection requirements.

HB 723, extending the moratoriums on nursing home beds and rehabilitation.

HB 735, relative to the form of the presidential primary election ballot.

HB 767, relative to insurance for volunteer drivers.

HB 796, relative to civil liability for damaging highway protective barriers.

HB 828-FN, relative to a state ethics officer.

HB 876-FN-L, establishing a commission to make recommendations to ensure the long-term viability and sustainability of the New Hampshire retirement system.

HB 882-FN, relative to limitations on tort liability of government units.

HB 903-FN, prohibiting delivery of oil to non-compliant underground storage facilities.

HB 927-FN, relative to the specific criteria and substantive educational program that define an adequate education.

COMMITTEE OF CONFERENCE REPORT ON HOUSE BILLS

HB 1-A, making appropriations for the expenses of certain departments of the state for fiscal years ending June 30, 2008 and June 30, 2009. (Report printed SJ 6-27-07)

Rep. Marjorie Smith moved that the House adopt the Committee of Conference Report.

MOTION TO SUSPEND THE RULES

Rep. Jasper moved that the Rules be so far suspended to allow consideration of all Committee of Conference Reports not signed off by the deadline.

The Speaker ruled the motion out of order.

APPEAL OF THE RULING OF THE CHAIR

Rep. Jasper appealed the ruling of the Chair.

The question now being should the ruling of the Chair be upheld?

Rep. Jasper spoke against.

Rep. Daniel Eaton spoke in favor and yielded to questions.

Rep. Campbell requested a roll call; sufficiently seconded.

and the Committee of Conference Report failed.

Rep. Harvey voted Yea and intended to vote Nay.

HB 488-FN-A-L, relative to the state chief medical examiner and medico-legal death investigations and making an appropriation to the department of justice for autopsy costs. (Report printed SJ 6-27-07)

Rep. Franklin moved that the House adopt the Committee of Conference Report.
Committee of Conference Report adopted.

HB 498-FN-A, dedicating certain OHRV and snowmobile unrefunded road tolls to the fish and game department. (Report printed SJ 6-27-07)

Rep. Bouchard moved that the House adopt the Committee of Conference Report.
Reps. Benn, Tupper and Kurk spoke in favor.
Committee of Conference Report adopted.

MOTION TO PRINT DEBATE

Rep. Phinizy moved that the debate on **HB 498-FN-A**, dedicating certain OHRV and snowmobile unrefunded road tolls to the fish and game department, be printed in the Permanent Journal.
Adopted.

DEBATE ON HB 498

Reps. Benn, Tupper and Kurk sang the following to the tune of *Red River Valley*.
From this House bill we say flows a story
It began life to help Fish and Game
But the Senate had altered its purpose
By invading the plate fund – a shame.

Come and sit by our side as we tell you
Of our angst and our woe at their game
Just remember your conferees' promise
To defend our dear House, not defame.

We said "no" to their way out proposals
We would hear of no compromise pill
We stood firm on the House's position
And were poised to go in for the kill.

Come and sit by our side as we tell you
Of our angst and our woe at their game
Just remember your conferees' promise
To defend our dear House, not defame.

They had added a new date for LCHIP
And they said they would use plate fund cash
To augment highway monies they needed
So the twenty-eight year plan won't crash.

Come and sit by our side as we tell you
Of our angst and our woe at their game
Just remember your conferees' promise
To defend our dear House, not defame.

COMMITTEE OF CONFERENCE REPORT ON HOUSE BILLS (CONT'D)

HB 533, relative to Occupational Safety and Health Administration certification requirements for state contracts. (Report printed SJ 6-27-07)

Rep. Sally Kelly moved that the House adopt the Committee of Conference Report.

Rep. Holden spoke against and yielded to questions.

Rep. Sally Kelly spoke in favor.

On a division vote, 170 members having voted in the affirmative and 139 in the negative, the Committee of Conference Report was adopted.

HB 653, relative to the determination of benefits, funding, and administration of the New Hampshire retirement system. (Report printed SJ 6-27-07)

MOTION TO PRINT DEBATE

Rep. Dokmo moved that the debate on **HB 927-FN**, relative to the specific criteria and substantive educational program that define an adequate education be printed in the Permanent Journal.
Adopted.

DEBATE ON HB 927-FN

Rep. Hess: Thank you, Madam Speaker. Well, fellow Members, here we are again. The last bill of the last session day going down towards an artificially established trip wire that, according to the five wizards across the river on the hill, will occur in less than 80 hours if we don't do something. I say here we are again because, for those of you who were here in 1999, you know exactly what we are facing. In 1999, the same group of wizards told us we had to come up with an education funding plan by March 31st or be in violation. Well, guess what? We missed that deadline in 1999 and we didn't adopt an education funding program until April 30th after the coach had turned to a

pumpkin. There is no reason to believe that the....and the court, by the way, did nothing because of that 30 day hiatus. There is no reason to believe circumstances have changed on that issue at the present time. This bill, Madam Speaker, may be the most important bill we take up today. Not because it carries, I hope not, a price tag of \$5 billion a year like our budget, but because it may be the cornerstone for educational policy in this state for many, many years, not just the next biennium. So the last, in this sense, shall be first. What exactly are we being asked to adopt in this Committee of Conference Report? To my friends on my left, I suggest that if you voted against HB 927 in March, you have four very significant additional reasons to vote against it today. To my friends on my right, I suggest that if you voted for it in April, you have four very significant reasons to reconsider your vote, reevaluate it and change it. What are those factors? Well, first of all, as you will recall, in April we adopted a definition of adequacy that for the first time in 8 years included a reference to kindergarten, but at least we specified that it was to be a half-day of kindergarten. The Committee of Conference has voted to remove the words "half-day" so now we are incorporating kindergarten into the definition of adequacy. When this Member suggested to the head of the Senate delegation that this was merely a subterfuge to in effect enact full-day kindergarten, I was told that was not in fact the case at all and that the Senate did not intend to change the intent of the House version. No one on the Committee of Conference disagreed with that representation so I am going to assume that that reflects the intent of the Committee of Conference and therefore the intent of the legislation that is before us. Again, let me ask you, what exactly are we doing with kindergarten? Let me read to you what the minimum standards say about kindergarten. "Every district shall strive to offer at least a half-day kindergarten program." There is no mandate in the minimum standards for any kindergarten program. So what are we doing? In the bill before you it sets forth nine subject matter areas that are part of the definition of adequacy and then simply states and I quote, "The standards shall cover kindergarten through twelfth grade." So what are we doing? We are adopting, if we enact this bill, a kindergarten program. A kindergarten program of unknown impact because kindergarten is not a required grade in our statutes or in our rules. The four legally trained people who participated in the Committee of Conference discussions all agreed that deleting the word "half-day" from kindergarten creates an inherent ambiguity. Guess what, my friends? Ambiguity leads to law suits. Law suits lead to uncertain, undefined, unanticipated, unpredictable consequences. If those wizards should decide that we did indeed enact a full-day kindergarten and we are obligated to pay for it, under their past decisions, we could be facing a price tag far in excess of \$20 million and perhaps as much as \$100 million or more. I say that based, in part, upon an article that appeared in the March 31st issue of the Manchester Union Leader in which the superintendents of schools in Salem and Derry, two towns that do not have any kindergarten right now, projected the cost to start up of at least \$15 million. This is start up only for their programs alone. If kindergarten is a part of adequacy, my friends, the state, under the Supreme Court decisions, has to pay all of it. Number two: In the legislation that the House passed, the nature and effect of adopting what we were doing was stated very unclearly, and I read, "The General Court establishes within the school approval standards the essential opportunities for educational programs in the following areas." What does that mean? Well, there is disagreement within the Committee of Conference as to the interpretation of that phrase and I know there is disagreement on the House floor and among Members of the House about the interpretation of that phrase. What did we do? What did the Committee of Conference do? The Committee of Conference amended that language and inserted this language in two other places to state, and I quote, "The specific criteria and substantive educational program that delivers the opportunity for an adequate education shall be defined and identified as the school approval standards in the following areas." That, my friends, is crystal clear. What is it clear about? It is about this book. This book is a set of 65 pages of administrative rules that were adopted by unelected, unaccountable bureaucrats within the Department of Education. The provision in this bill that incorporates some of these rules adopts 30 of those 65 pages. Ladies and gentlemen, 45 percent of these rules are going to be written into statute with a wave of the hand. In total, word for word, without any changes whatsoever from what the bureaucrats have written into the rules. Do you want to adopt legislation in that fashion? Incorporation by reference, without a change in comma, without any significant discussion about what these different rules mean and how much they are going to cost? I would hope that you wouldn't. I certainly won't. So here we have an adoption of 60 pages of administrative rules, word for word, without discussing the substantive content of those rules. The third reason why this Committee of Conference report significantly expands over what was passed

by this House is the inclusion of a reference to a new category of education entity, "Schools with enhanced needs." Where did the phrase come from? The idea came from the Senate version. That phrase is not in any statute. That phrase is not in any administrative rule promulgated by the Department of Education. If fact, it exists nowhere in the area of education law or regulations or actions in the State of New Hampshire, yet we are adopting that phrase and then empowering a costing study committee, a legislative costing study committee, to come up with criteria to implement that phrase. Not now, as we are ready to vote on this, but in 9 months in February of 2008. We know not what it is. We know not how much it costs. We know not what is going to be required. We are being asked to adopt it. Now there is one saving grace, however. Schools with enhanced needs are not part of the definition of adequacy in HB 927. It is outside. It is above and beyond the definition of adequacy, for now. There is nothing that says it can't and won't be incorporated in the future. Fourth, this legislation creates a legislative study committee to study and report out on the cost of providing an adequate education by February 1st of 2008. What is interesting about this committee is two-fold. Number one, the committee, by being a standing committee, and reporting out requires the prestige and status having studied something and therefore has the aura of superiority that may be introduced. In that process, it abrogates, to a significant extent, the jurisdiction, the obligations and responsibilities of the two standing Education Committees because the product of this committee is going to fast forward through this House, I predict, in February. The second thing about this legislative committee is membership and composition. For those of you who have been here for a few years, you will know that the difference between a legislative committee and a commission is the fact that a legislative committee consist only of legislators, Senators and Representatives and no one else, whereas a commission includes members of the public, etc. This legislative study committee contains a member who is outside of the Senate and outside of the House. As the Chairman of the Finance Committee has so frequently stated, "Were we to pass an education amendment to the constitution, he or she would only have a vote in the adoption of that amendment." I am referring to the Governor. This law, this bill specifically states that the Governor or his designee would be an ex-officio member of this committee. I have never in 16 years seen such a designation. Isn't there something in this state called the separation of powers? If there is, should the Governor be sitting on a "legislative committee" establishing reported legislative policy? I think not. The suggestion was made to me that as an ex-officio member he only gets to discuss the issue and does not get to participate in the decision. I suggest to you that that is far from settling both in language and in tradition. The word ex-officio, according to Merriam Webster dictionary and also Black's law dictionary simply says "by virtue of one's position." In other words, the Vice President of the United States, according to Merriam Webster's dictionary, is an ex-officio member of the Senate of the United States because he is Vice President. Guess what? The President of the Senate, the Vice President of the United States, has a vote in the Senate of the United States limited only by the Senate rules which restrict that vote to ties. Another situation that I am more familiar with here in New Hampshire deals with the Governor sitting as an ex-officio member of the Board of Trustees of Dartmouth College. I am not sure that anyone since Walter Peterson, Governor Walter Peterson, ever exercised that power and actually went to Hanover and sat in on some Board Meetings, etc., but if I remember correctly, he, the Governor of the State of New Hampshire, is not limited or restricted to just sitting there or even debating, but can have and does exercise a full right to vote. Are we giving the Governor a vote, 9% of the power to decide what we are going to consider next year by this legislation without even thinking of it. Lastly, I want to mention one final thing. In the bill that we passed in the House, the law became effective upon passage. That too has been changed in this legislation. Yes, the language "This bill shall become effective upon passage" still exists in the line at the end of the bill, but when it discusses the specific parts of adequate education which are the 30 pages in this bill, it says that will occur beginning in the school year 2008-2009 and a provision in the costing committee specifies that one of their assigned tasks is to figure out how to transition towns which have no kindergarten so that they will be up to speed over a transition period. Now, my friends, early in this game we had a phase in legislation to phase in certain tax provisions and guess what the wizards said? You can phase in desegregation, 1954, but you can't phase in adequate education. So how are we going to survive a transition that is expressly stated in the bill? I would suggest with very great difficulty despite the fact that we obviously recognize in the bill that this is a major step. Much more major than the step that we took when the House passed the bill. So let

me conclude by saying, if you didn't like HB 927 the way we passed it in April, you are not going to like this bill one bit. If you were on the edge about HB 927 as the House passed it in April, but at the last minute said, "Let's pass it on to the Senate, see what develops and comes back," I don't think you're going to like this bill anymore either. I would ask you to look at the faults of the bill, exercise your conscience and press the red button. Thank you.

Speaker: Will the member yield to a question? The member yields, Rep. Itse, you may inquire.

Rep. Itse: Thank you, Madam Speaker. Thank you, Representative for taking my question. I was taking the time to peruse my constitution and it provides two instances in which the Governor can intervene in the actions of the House. One is to veto a bill and the other is to prorogue or adjourn the Legislature. Would you agree that allowing the Governor to sit on a legislative committee is an improper commingling of powers and therefore unconstitutional?

Rep. Hess: As I said before, Honorable Member, I think it flouts the concept embodied in our constitution in numerous provisions for the separation of powers and is indeed contrary to it.

Speaker: The question before the House is on the adoption of the Committee of Conference Report on HB 927. A roll call has been requested and this is the last speaker of the last Committee of Conference Report for the day. I would ask Members to start to take their seats. The Chair recognizes the Member from Durham, Representative Rous.

Rep. Rous: So, last but not least, the vote that we have all been waiting for. Ever since the court decision, the Londonderry court decision of September, we have known that we have been working toward this July 1st deadline. Guess what? July 1st is Sunday and we, I would say to you, ladies and gentlemen, are ready for that deadline. I believe that the bill before you is not only as good as the one we supported overwhelmingly when it left the House, but better. This bill affirms the legislature's commitment to define the opportunity for a constitutionally adequate public education for every child in New Hampshire, building on the aspirational definition in RSA 193 E:2. A definition worked on by previous legislatures and with input from the public, educators and government officials, this definition responds to the Londonderry decision's demand for specificity, comprehensibility, cost ability and accountability. The definition is very close to the definition that left the House with a wide margin of support but with some additions and subtractions. It maintains that focus.

Speaker: Will the member please suspend? I know that I asked Members to take their seats. I would ask you to do that quietly. The Member has a right to be heard.

Rep. Rous: Thank you, Madam Speaker and thank you for your attention. The definition maintains the focus on instruction and the standards related to nine areas of instruction as offering the opportunity for a constitutionally adequate education. It acknowledges the need for a range of services, educational supports and instruction resources, but removes mention of specific resources. It refers to kindergarten without mentioning "half-day" leaving open the opportunity for full-day kindergarten and I will say some more about kindergarten in a moment. It strengthens the legislature's oversight, which was a prime concern of the minority the first time we debated this bill, by requiring review of the standards at least every ten years and written notice if standards affecting the definition change in the meantime. It creates a costing committee with members of the House and Senate Education and Finance committees charged to study and recommend a costing model and formula. It calls for a transition plan for districts currently without kindergarten. It extends the House language acknowledging that schools with greater challenges require different resources. The bill now charges the costing committee to develop and propose criteria for identifying schools with enhanced needs. In other words, directing or targeting more funds to schools with greater educational needs and to propose resources to meet those needs. The previous speaker mentioned that the term "enhanced needs" has no definition in statute, but part of the bill and part of the charge to the committee is not just to implement enhanced needs, but to propose criteria for identifying those schools. The bill sets a deadline of February 1, 2008 for the costing committee's recommendations in time for next year's legislative process. Let me say a few things about the four points mentioned by the Representative from Hooksett. First of all, in reference to the standards, the only misunderstanding about what the standards refer to was on the part of the Representative from Hooksett. The entire Committee of Conference had common understanding. The House Education Committee, the subcommittee certainly, working on this bill also had common understanding. The calendar report on HB 927 when it first came forward referred to the specific standards listed under each of the nine subject areas. So there was no misunderstanding. Let me read just a little bit of the language from the bill as it came forward originally and as it still stands. In the statement of purpose, IV reads, "The General Court identifies the standards in RSA 193 E:2a

and the curriculum framework that supports those standards as the specific criteria for an adequate education.” Again, in the definition section of the bill, IV again. “The school approval standards for the areas identified in paragraph I shall constitute the opportunity for the delivery of an adequate education.” The standards constitute guidelines for delivering instruction in each subject area and are not intended as a smorgasbord or a “choose your own” curriculum. Now, to the point about kindergarten. There have been a wide range of claims of what kindergarten might cost. Anywhere, the previous speaker said, from \$20 million to a \$100 million or more. A realistic estimate is much lower. As the previous speaker read to you, the standards currently call for districts to, “Strive to offer at least a half-day kindergarten program.” This definition leaves the door open for full-day kindergarten, especially in districts with greater educational challenges, but by no means mandates it. As mentioned before, the charge to the costing commission includes developing a transition plan for districts without kindergarten. We currently pay a little more than half of the state aid per pupil, or \$1,200 per kindergarten child and for new programs needing building aid the state pays 75%. DOE estimates that Salem, the largest district currently without kindergarten, may need \$2 million in building aid. Districts with shrinking enrollments can use existing spaces. If every district with a half-day kindergarten decided all at once to institute a full-day kindergarten, a very unlikely event given how long it’s taken to get to half-day, the additional cost to the state for teachers could be around \$15 million. Whatever parameters we develop for costing adequacy will also apply to kindergarten. Lastly, most importantly, I would say solid research shows that investing in kindergarten saves money in the long run. For the first time, New Hampshire will offer kindergarten to every child in the state. This is a step we can be proud of. From the beginning of this process I have hoped and believed the legislature would come forward with a definition of educational adequacy that would maintain high standards of excellence for education in New Hampshire. I believe this is that definition and I urge you to support the combined work of the Senate and House. Vote green to concur and move this process forward. Thank you.

Speaker: Will the member yield to a question? The member yields, Representative Peterson you may inquire.

Rep. Peterson: Thank you, Madam Speaker and I thank the Chair of the House Education Committee for taking my question. Just so that I can understand better what the effect of this action today would be if we were to pass this bill and thus define the framework, at least, for an adequate education. Is this somehow more than law? My question is this. We have a deadline which has been established by the court and is rapidly approaching. We are passing this language now as we pass other bills. Would it be possible for us to amend this language or alter it as we get into some of our deliberations next year or is it in some way immutable law, or more than law, or a constitutional prescription which we are passing today? Thank you.

Rep. Rous: Thank you for the question. My understanding is that this bill is a bill like any other bill. It is not immutable. I would say if we were somewhere down the road to amend this, to change our definition in such a way that someone saw fit to sue us, say we decided that adequacy ended at 4th grade, then that might be a point where the court might have something to say about our definition. This definition is open to changes as any other bill would be open to change.

MOTION TO SUSPEND THE RULES

Rep. Hall moved that the Rules be so far suspended to allow late drafting and introduction of a House Resolution.

Rep. Hall spoke in favor.

Rep. Foster spoke against.

On a division vote, 41 members having voted in the affirmative and 258 in the negative, the motion failed.

SENATE MESSAGES

ADOPTION OF COMMITTEE OF CONFERENCE REPORTS

SB 35-FN-A, an act making an appropriation for disaster relief assistance in response to the May 2006 floods and establishing a committee to study the distribution of financial disaster assistance.

SB 52, relative to authorizing the attorney general to bring actions for violations of New Hampshire combination and monopolies law.

SB 67, relative to implementation of the recommendations of the YDC master plan and making an appropriation therefor.

SB 143, naming Jericho Mountain state park and establishing ATV and trail bike trails in such park.

SB 161-FN, relative to the registration fees for mortgage servicing companies.

SB 170-FN, establishing an office of mediation and arbitration within the judicial branch.

SB 176-FN, relative to lead paint poisoning and establishing a commission to study the current childhood lead poisoning prevention law, policies, and standard.

SB 187, relative to motor vehicles operated in parades.

SB 188, relative to unfair claim settlement practices by insurers.

SB 204-FN-A, relative to collection of debts owed the state.

SB 215-FN-A, making an appropriation for AIDS services.

SB 217-FN-A, establishing the New Hampshire housing and conservation planning program.

SB 233-FN, relative to sales by beverage manufacturers and relative to the definition of specialty beer.

SB 235-FN-A, relative to milk support for dairy farmers.

THIRD READING MOTION

Rep. Wallner offered the following: **RESOLVED**, that the House now adjourn from the early session, that the business of the late session be in order at the present time, that the reading of bills be by title only and resolutions by caption only and that all bills ordered to third reading be read a third time by this resolution, and that all titles of bills be the same as adopted, and that they be passed at the present time.

Adopted.

LATE SESSION

Third reading and final passage

HR 13, memorializing State Representative Donald R. Buxton of Brentwood.

UNANIMOUS CONSENT

Reps. Hess, Reuschel, Roberts and Larry Brown addressed the House.

MOTION TO PRINT REMARKS

Rep. Simon moved that the remarks made by Rep. Hess be printed in the Permanent Journal.

Adopted.

MEMORIAL REMARKS

Rep. Hess: Thank you, very much, Madam Speaker and thank you, fellow Members. I rise to memorialize and honor the memory of one who sat among us and a favorite son of Hooksett. Arthur J. "Bud" Locke died on May 4 of this year at the age of 91. He was born in 1915. He grew up in Hooksett. He lived his entire life in Hooksett, but for the 27 years he spent in the military of the United States. Those years were the defining moments of his life. Immediately following his graduation from Concord High School in 1934, he enlisted in the US Army. Upon completion of training, was assigned to the 15th Infantry Regiment which was then stationed in Beijing and which in the coming years defended the US Embassy and the US Nationals from the onslaught of the Imperial Japanese Army when they crossed from Manchuria and invaded Mainland China. Unfortunately and unfortuniously in October of 1941, he was transferred to the Army Air Corps and assigned to Clark Air Base in the Philippines. He was on duty on December 8, which is the day that the Japanese hit Pearl Harbor on the other side of the International Date Line on December 7th. As a First Sergeant of his unit, he survived numerous strafing and bombing runs leading his troops back and forth in a V-shaped trench so that they were always sheltered from the incoming Zeros and Mitsubishi as they came from first one side and then the other. Within days, he was ordered to Manila where after a very brief stint, he was reassigned to Bataan. For those of you familiar with military history or old enough to remember, the MacArthur defense plan for the Philippines required that all able American servicemen and Philipinos were to pull back to Bataan for a final stand. Over 80,000 did and in the course of the next three months held a heroic but eventually unsuccessful defense. 72,000 of those soldiers, 10,000 Americans and 62,000 Philipinos survived. When they surrendered or were ordered to surrender, the hell that they were about to face was unknown but quickly became known. On April 4, 1942, after having contracted malaria and dysentery from the previous three months, Bud Locke started on the Bataan death

march. Over the next 10 days, without food, without water, without medication and under the armed guard of Japanese Imperial soldiers who at the time believed firmly in the Bushido philosophy of take no prisoners, surrender is an insult to oneself, one's family, one's Emperor and one's person, Bud Locke survived. I've driven that road a number of times while I was stationed in the Philippines. I wouldn't want to walk that road as a healthy person with full food and water in that tropical sun, even without Japanese guards bayoneting my friends and my fellow military personnel who had surrendered. Bud Locke survived that. He not only survived the Bataan death march, but he made it in shipment to Kobe, Japan where he continued as a surviving POW until August of 1945 when the Japanese surrendered in Tokyo Bay. Bud never bragged about what he did. In fact, it took awhile for some people to learn what he did, but he was truly a hero and I thank you for your time.

RECESS MOTION

Rep. Wallner moved that the House stand in recess for the purpose of enrolled bill amendments and enrolled bill reports, receiving Senate messages and veto messages from the Governor, after which the House will stand adjourned to the Call of the Chair.
Adopted.

The House recessed at 6:35 p.m.

RECESS

ENROLLED BILL AMENDMENTS

HB 87, relative to the exceptions to compulsory school attendance.

Amendment (2364-EBA)

Amend the bill by replacing all after section 1 with the following:

2 School Attendance; Compulsory Attendance by Pupil. Amend RSA 193:1, I to read as follows:

I. A parent of any child at least 6 years of age and under 18 years of age shall cause such child to attend the public school to which the child is assigned in the child's resident district. Such child shall attend full time when such school is in session unless:

(a) The child is attending a New Hampshire public school outside the district to which the

child is assigned or an approved New Hampshire private school for the same time;

(b) The child is receiving home education pursuant to RSA 193-A *and is therefore exempt from this requirement*;

(c) The relevant school district superintendent has excused a child from attendance because the child is physically or mentally unable to attend school, or has been temporarily excused upon the request of the parent for purposes agreed upon by the school authorities and the parent. Such excused absences shall not be permitted if they cause a serious adverse effect upon the student's educational progress. Students excused for such temporary absences may be claimed as full-time pupils for purposes of calculating state aid under RSA 186-C:18 and equitable education grants under RSA 198:41; [or]

(d) The child is attending a public or private school located in another state which has been approved by the state education agency of the state in which the school is located[-] ;

(e) *The pupil has been exempted from attendance pursuant to RSA 193:5;*

(f) *The pupil has successfully completed all requirements for graduation and the school district is prepared to issue a diploma or the pupil has successfully achieved the equivalent of a high school diploma by either:*

(1) *Obtaining a GED certificate; or*

(2) *Documenting the completion of a home school program at the high school level by submitting a certificate or letter to the department of education;*

(g) *The pupil has been accepted into an accredited postsecondary education program; or*

(h) *The pupil obtains a waiver from the superintendent, which shall only be granted upon proof that the pupil is 16 years of age or older and has an alternative learning plan for obtaining either a high school diploma or its equivalent.*

(1) *Alternative learning plans shall include age-appropriate academic rigor and the flexibility to incorporate the pupil's interests and manner of learning. These plans may include, but are not limited to, such components or combination of components of extended learning opportunities as independent study, private instruction, performing groups, internships, community service, apprenticeships, and on-line courses.*

(2) *Alternative learning plans shall be developed, and amended if necessary, in consultation with the pupil, a school guidance counselor, the school principal and at least one parent or guardian of the pupil, and submitted to the school district superintendent for approval.*

(3) *If the superintendent does not approve the alternative learning plan, the parent or guardian of the pupil may appeal such decision to the local school board. A parent or guardian may appeal the decision of the local school board to the state board of education consistent with the provisions of RSA 21-N:11, III.*

3 School Attendance; Bylaws as to Nonattendance. Amend RSA 193:16 to read as follows:

193:16 Bylaws as to Nonattendance. Districts may make bylaws, not repugnant to law, concerning habitual truants and children between the ages of 6 and [16] 18 years not attending school [~~and not having a regular and lawful occupation;~~] *or who are not participating in an alternative learning plan under RSA 193:1, I(h),* and to compel the attendance of such children at school; failure to comply with such bylaws shall constitute a violation for each offense.

4 Truant Officers; Duties. Amend RSA 189:36 to read as follows:

189:36 Duties. Truant officers shall, when directed by the school board, enforce the laws and regulations relating to truants and children between the ages of 8 and [16] 18 years not attending school [~~and without any regular and lawful occupation~~] *or who are not participating in an alternative learning plan under RSA 193:1, I(h);* and the laws relating to the attendance at school of children between the ages of 8 and 18 years; and shall have authority without a warrant to take and place in school any children found employed contrary to the laws relating to the employment of children, or violating the laws relating to the compulsory attendance at school of children under the age of 18 years, and the laws relating to child labor. *No home school pupil nor any person between the ages of 6 and 18 who meets any of the requirements of RSA 193:1, I(c)-(h) shall be deemed a truant.*

5 Contingency. If SB 18-FN of the 2007 regular legislative session becomes law, sections 2-4 of this act shall take effect July 1, 2009 and sections 1-3 of SB 18-FN shall not take effect. If SB 18-FN of the 2007 regular legislative session does not become law, sections 2-4 of this act shall not take effect.

6 Effective Date.

I. Sections 2-4 of this act shall take effect as provided in section 5 of this act.

II. The remainder of this act shall take effect 60 days after its passage.

Adopted.

The Committee on Enrolled Bills has examined and found correctly Enrolled House Bills numbered 37, 83, 87, 134, 187, 202, 306, 365, 407, 488, 495, 498, 533, 659, 661, 664, 723, 735, 767, 796, 822, 828, 882 and 903 and Senate Bills numbered 35, 41, 52, 66, 67, 82, 92, 118, 143, 161, 170, 176, 187, 192, 197, 204, 206, 215, 217, 233 and 235.

Rep. Hager, Sen. D'Allesandro for the Committee

The House is adjourned to the Call of the Chair.

RECESS

(Speaker Norelli in the Chair)

Rep. Wallner moved that the House adjourn.

Adopted.

HOUSE JOURNAL No. 22

Wednesday, September 5, 2007

The House assembled at 10:00 a.m. and was called to order by the Speaker.

Prayer was offered by House Chaplain, Reverend Jared A. Rardin, Pastor of the South Congregational Church in Concord.

Somewhere during these summer months, O God, perhaps in a moment with our toes in the sand, with our eyes on a sunset or with an unexpected moment to simply rest and breathe again, somewhere during these summer months, You reminded us of a wisdom we once knew in our time of youth, but since forgot. We are often wiser, stronger, more hopeful, more helpful, when we slow down. When doing gives way, if only briefly, to being and lists give way to life. How quickly we forget, O God, of how rich each moment is all by itself. Would that we might recapture some of that Holy awareness for today and for the days to come. Help us in our work to pause just enough to embrace the fullness of life You have placed within our grasp so that our service for the sake of others might make possible greater fullness of life for them as well. In the Holy Spirit of Your spacious name we pray. Amen.

Rep. Donald Flanders, member from Laconia, led the Pledge of Allegiance.

LEAVES OF ABSENCE

Reps. DeChane, Forsing, Hunter, John Kelley, Evalyn Merrick and Stevens, the day, illness.

Reps. Ahlgren, Benn, Bergin, Carson, DeJoie, Stephanie Eaton, Fargo, Hebert, Holden, Hutz, George Katsakiores, Phyllis Katsakiores, John Knowles, Mary Ann Knowles, Leishman, McLeod, Miller, Morrison, O'Brien, Pearson, Rochette, Michael Rollo, Serlin, Kimberly Shaw, Sprague and Yvonne Thomas, the day, important business.

Reps. Billian and Goodwin, the day, illness in the family.

INTRODUCTION OF GUESTS

Sally Humphries, Barbara and Steve Mouring, and Anna, Steve Jr., Danny, Abby and Timmy Mouring; wife, daughter, son-in-law and grandchildren of Rep. Humphries. Peter Fay, brother of Rep. Flockhart. Timothy McGuire and Mary Zwick, guests of Rep. Mooney. Phil Saperia, guest Rep. Butler. Mark and Shirlee Butt, guests of Rep. Parkhurst.

COMMUNICATION

July 18, 2007

Ms. Karen Wadsworth
Clerk of the House of Representatives
State House
Concord, NH 03301

Dear Karen:

Please be advised that the following representative-elect was sworn into office by the Governor and Executive Council on this day:

Merrimack County District No. 9, David R. Boutin, r, Hooksett (1465 Hooksett Rd., #80) 03106

Sincerely,
William M. Gardner
Secretary of State

COMMUNICATION

August 22, 2007

Ms. Karen Wadsworth
Clerk of the House of Representatives
State House
Concord, NH 03301

Dear Karen:

Please be advised that the following representative-elect was sworn into office by the Governor and Executive Council on this day:

Rockingham County District No. 14, Jim Webber, d, Kensington (5 Wild Pasture Rd) 03833

Sincerely,
William M. Gardner
Secretary of State

GOVERNOR'S VETO MESSAGE ON HB 143

July 2, 2007

By the authority vested in me, pursuant to part II, article 44 of the New Hampshire Constitution, on July 2, 2007, I vetoed HB 143, an act relative to the apportionment of damages in civil cases.

New Hampshire's system of comparative fault is a hybrid system that works to balance the interests of injured plaintiffs with those of defendants bearing relatively low percentages of fault for causing damages. When multiple individuals or entities are responsible for causing harm, the New Hampshire approach is to ensure that injured plaintiffs receive just compensation, and that the degree of negligence of all responsible parties is appropriately weighed when apportioning damages among the negligent parties. Injured victims should be compensated fairly, but not at the disproportionate expense of those bearing relatively minor fault.

Under New Hampshire law, for the purpose of apportioning damages in a civil case, the jury is instructed to determine the amount of damages to be awarded to each plaintiff and then allocate fault in proportionate share to anyone who contributed to the incident giving rise to the plaintiff's injuries. Fault may be apportioned against any individual or entity who was negligent and whose conduct was a substantial factor in causing the harm – including persons or entities that are parties to the lawsuit, parties who previously settled their lawsuits, or are immune from liability, or are not otherwise before the court.

HB 143 would change existing law and allow the jury to allocate fault only between those individuals or entities that remain parties to the lawsuit at the conclusion of the trial. This change in law would prohibit the jury from apportioning fault to certain individuals or entities who carry significant degrees of fault for the plaintiff's injuries, but who either settled claims prior to conclusion of the lawsuit, or who are not parties to a particular lawsuit for other reasons. I cannot support this change in the law because it is unfair for a defendant with a low degree of fault to have to pay a disproportionately large share of the damages.

The attorney general has testified that the passage of HB 143 will result in increased litigation costs and higher judgments borne by the taxpayers of the State of New Hampshire. I believe these concerns warrant further study.

There may be steps that we can take to better ensure that injured victims are fully compensated under the law. I remain open to considering improvements to our existing statutory system of comparative fault, apportionment of liability and contribution laws. I encourage those interested in this bill to communicate closely with one another and to continue their work next session.

Respectfully submitted, John H. Lynch, Governor

The question now being, notwithstanding the Governor's veto, shall **HB 143**, relative to the apportionment of damages in civil cases, become law?

Rep. Lasky spoke in favor.

Rep. DiFruscia spoke against.

Pursuant to the New Hampshire Constitution, Part II, Article 44, a roll call, requiring a two-thirds vote of the House for approval, was taken.

UNANIMOUS CONSENT

Reps. Stiles and Vaillancourt addressed the House.

MOTION TO PRINT REMARKS

Rep. Daniel Eaton moved that the remarks made by Rep. Stiles be printed in the Permanent Journal. Adopted.

REMARKS

Rep. Stiles: Thank you very much. On August 24th we lost a former legislator, Tom Gillick. Tom served 4 years in this legislature, 2003 to 2006, and served as Clerk of the Municipal and County Government Committee. Tom is remembered for his incredible capability to recall the cause and effect of any point in history. Tom may have been small in stature, but he was sure huge in compassion and knowledge. He brought to this legislature his expertise of municipal operations having served many years as a town manager, selectmen, on the local planning board and local zoning board. He held in high regard the educational opportunities for our children. Tom also served his country in World War II and was present at the surrender of the Japanese forces. Tom was a friend to anyone who sought his friendship and respected anyone's differences of opinion. Many of our colleagues will miss his warm smile and his willingness to help. Thank you.

A moment of silence was observed.

The House recessed at 11:30 a.m.

RECESS**(Rep. Foster in the Chair)**

The House reconvened at 12:30 p.m.

SENATE MESSAGES

The Senate has voted to sustain the Governor's veto on the following bills:

SB 109, relative to emergency powers of the supreme court.

SB 213-FN-A, establishing a comprehensive cancer plan fund, requiring master settlement agreement strategic contribution fund payments to be deposited in such fund, and establishing a comprehensive cancer plan oversight board.

The Senate has passed Bills and Resolutions with the following titles, in passage of which it asks the concurrence of the House of Representatives:

SB 266-FN-A, relative to a capital appropriation for the Laconia district court renovation.

MOTION TO SUSPEND HOUSE RULES

Reps. Wallner and Whalley moved that House Rules be so far suspended as to permit introduction and consideration at the present time of **SB 266-FN-A**, relative to a capital appropriation for the Laconia district court renovation, without the required referral to committee, public hearing and report from committee and, if passed, to allow for immediate third reading. Adopted.

RESOLUTION

Rep. Wallner offered the following: **RESOLVED**, that in accordance with the list in the possession of the Clerk, Senate Bill numbered 266 shall be by this resolution read a first and second time by the therein listed title.

Adopted.

INTRODUCTION OF SENATE BILL**First, second reading**

SB 266-FN-A, relative to a capital appropriation for the Laconia district court renovation.

CONSIDERATION OF SB 266-FN-A

Rep. Bouchard moved Ought to Pass and spoke in favor.

Rep. Graham spoke in favor.

Adopted.

THIRD READING MOTION

Rep. Wallner offered the following: RESOLVED, that **SB 266** be read by title only and that it be read a third time by this resolution, and that its title be the same as adopted, and that it be passed at the present time.

Adopted.

Third reading and final passage

SB 266-FN-A, relative to a capital appropriation for the Laconia district court renovation.

ADJOURNMENT FROM THE EARLY SESSION

Rep. Wallner offered the following: RESOLVED, that the House now adjourn from the early session and that the business of the late session be in order at the present time.

Adopted.

LATE SESSION**ADJOURNMENT**

Rep. Wallner moved that the House stand in recess for the purpose of enrolling **SB 266-FN-A**, relative to a capital appropriation for the Laconia district court renovation, at the completion of which the House will stand adjourned to the Call of the Chair.

Adopted.

The House recessed at 12:45 p.m.

RECESS

(Rep. Daniel Eaton in the Chair)

ENROLLED BILL REPORT

The committee on Enrolled Bills has examined and found correctly enrolled Senate Bill number 266.

Rep. Hager, Sen. D'Allesandro for the Committee

The House stands adjourned to the Call of the Chair.

CLERK'S NOTE**OUTSTANDING BILLS**

At the time of adjournment from the 2007 session, the following bills remained laid on the table in the House:

HB 92, decriminalizing marijuana.

HB 109, eliminating straight ticket voting.

HB 177-FN, including "unborn child" in the definition of "another" for the purpose of first and second degree murder, manslaughter, and negligent homicide.

HB 234, establishing a committee to study state environmental laboratory fees and services.

HB 674, extending the veterans' property tax credit to all honorably discharged veterans.

HB 745, relative to the use of secret databases.

HR 12, affirming revenue estimates for fiscal years 2007, 2008, and 2009.

SB 73-FN-A, relative to lottery prizes and administration by the lottery commission.

SB 88, relative to public employee terms of employment, bargaining units, and dispute resolution.

SB 191-FN-A, relative to the nongame species account in the fish and game fund.

At the time of adjournment from the 2007 session, the following bills were retained in committee for House action in the second year of the biennium:

HB 31-FN, requiring the licensure of property and casualty insurance appraisers.

HB 35, establishing a commission to study human trafficking issues in New Hampshire.

HB 40, relative to living wills and durable powers of attorney for health care.

HB 45, relative to addresses on motor vehicle registrations.

HB 47, exempting inheritances from marital assets for purposes of divorce settlements.

HB 48, relative to the definition of "party" for election purposes.

HB 57, relative to advance directives for durable powers of attorney and living wills.

HB 65, relative to the appointment of the director of the division of ports and harbors.

HB 76-FN, creating an environmental policy for New Hampshire.

HB 79, relative to the safety of school bus stops.

HB 91-FN, relative to registration fees for lobbyists and requiring registration of employers of lobbyists.

HB 116, limiting access to certain business records.

HB 121-FN, expanding eligibility for special number plates for veterans to family members of soldiers killed in action.

HB 145, establishing an education funding study committee.

HB 156, relative to the membership of the ballot law commission.

HB 159, establishing a committee to study the need for a classification system for criminal offenders.

HB 172-FN, establishing the position of state meat inspector.

HB 173-FN-A, relative to the promotion, acquisition, and retention of a large animal veterinarian in those areas of the state where there is a need, and making an appropriation therefor.

HB 174-FN, relative to regulating residential building and remodeling contractors.

HB 181-FN-A, establishing a tuition voucher program for New Hampshire national guard members and making an appropriation therefor.

HB 185-FN, extending the duration of the CROP zone tax credits program and expanding the state jobs grant fund.

HB 186-FN, relative to random recounts.

HB 190, relative to the definition of "resident" for motor vehicle purposes.

HB 201-FN-A, relative to recycling and reconstituting the recycling market development steering committee.

HB 208, relative to the definition of swine as a nuisance.

HB 211-FN, requiring that first-time driver's license applicants be informed of and examined on laws relating to blind pedestrians.

HB 214, relative to discovery in criminal matters.

HB 233-FN-A, specifying compensation for ballot law commissioners.

HB 235, relative to the recognition of out-of-state marriages.

HB 241, relative to permissible campaign contributions by business organizations and labor unions.

HB 255, establishing a committee to study the implementation and use of growth management ordinances.

HB 260-FN, relative to bail agents and recovery agents.

HB 265-FN-A, relative to the waiting list for services to persons with developmental disabilities and acquired brain disorders and making an appropriation therefor.

HB 267, relative to certain small loans.

HB 269, prohibiting "pretexting" as a means of obtaining personally identifiable information.

HB 270, allowing municipalities to adopt a homestead exemption for property tax assessments on a person's principal place of residence.

HB 271, making political and commercial advertising placed illegally on public property subject to state litter laws.

HB 282, relative to administration of road tolls.

HB 283, allocating a portion of unrefunded road tolls to the dam maintenance fund.

HB 285, prohibiting municipalities and state and local officials from entering into nondisclosure agreements with vendors of voting machines with respect to the purchase or lease of voting machines.

HB 287, requiring the seller to provide notice to the buyer of privately owned land or property known, or in an area historically known, to have been inhabited by Native Americans.

HB 291, relative to licensure of fireworks sellers.

HB 294-FN, relative to current use taxation of certain farm buildings.

HB 295, relative to the definition of biomass and biomass fuel.

HB 296, prohibiting the use of flatbed trailers with outrigger wheels in parades.

HB 310, allowing municipalities to regulate small wind energy systems.

HB 315, relative to criminal background checks of municipal employees through the New Hampshire state police.

HB 329, relative to the fire equipment servicing certification program.

HB 330, establishing a task force to study the feasibility of supplying laptop computers to all 7th grade children in the state.

HB 331, relative to the withholding of building permits in certain cases.

HB 335, defining "unnecessary hardship" for purposes of zoning variances.

- HB 352-L**, relative to trust funds for public school educational enhancement.
- HB 355-FN**, establishing number plates supporting New Hampshire public higher education.
- HB 358**, relative to the procedure for listing candidates on state election ballots.
- HB 359-FN**, relative to recovery of medical assistance from an estate.
- HB 369-FN**, relative to state reimbursement for costs of bailiffs.
- HB 373**, relative to unlawful possession of alcohol by a minor.
- HB 374-FN-A**, increasing the appropriation to the fireman's relief fund.
- HB 385-FN**, relative to licensing and insurance fees.
- HB 399**, relative to variable rates of overtime.
- HB 404-L**, prohibiting state and local law enforcement agencies from enforcing federal immigration laws.
- HB 415-FN**, establishing a geothermal assessment project.
- HB 432-FN**, relative to age requirements for cocktail lounges.
- HB 436**, expanding employee freedom of expression to all public employees.
- HB 441-FN-A**, establishing a non-motorized trails grant program and making an appropriation therefor.
- HB 442-FN**, prohibiting unconscionable prices for essential commodities during a declared state of emergency.
- HB 443**, relative to requirements for admission to the New Hampshire bar upon motion.
- HB 445-FN-L**, relative to the assessment of open space land.
- HB 449-FN**, relative to motor vehicle inspections.
- HB 454**, relative to meetings of the supervisors of the checklist.
- HB 455**, repealing the law relative to screening panels for medical injury claims.
- HB 461**, relative to purchasing alliances.
- HB 467**, establishing a state climate change policy commission and developing a climate action plan and to report on climate change issues.
- HB 474**, excluding septic and sewage treatment facilities from the tax exemption for water and air pollution control facilities.
- HB 485**, exempting tidal waters from the general rules for vessels operating on water.
- HB 492**, relative to consumer protection in telecommunication contracts.
- HB 493-FN-A**, expanding the meals and rooms tax on rentals to include motorized recreational vehicles.
- HB 502-FN-A-L**, allowing foster families to receive subsidies for foster children attending postsecondary educational facilities and establishing a scholarship fund for foster children.
- HB 503-FN**, relative to establishing a solid waste management fund and assessing a surcharge for the disposal of solid waste.
- HB 520-FN-A**, establishing a state-owned casino to provide funds for public education.
- HB 522**, requiring the supreme court to notify the legislature of any pending cases or matters before the court which involve constitutional issues regarding current law or pending legislation.
- HB 527-FN-A**, establishing a recreational saltwater license for fishing of marine species in coastal and estuarine waters.
- HB 535-FN**, establishing a regional license suspension hearing pilot program.
- HB 537**, establishing a task force on homeless teenagers.
- HB 540-FN-A**, relative to solid waste reduction, establishing a solid waste disposal fee, and renaming the recycling market development steering committee.
- HB 544**, relative to exemptions from auctioneering for Internet sales.
- HB 555**, relative to certain disclosures by campaign workers.
- HB 560-FN**, relative to insurance coverage for prostate cancer testing.
- HB 561-FN**, relative to pharmacy benefit managers.
- HB 563**, relative to obtaining birth certificates for stillborn children.
- HB 570-FN-A**, increasing the fee for a wild turkey hunting license.
- HB 574-FN-L**, relative to preservation of electronic voting machine data.
- HB 576-FN-A**, increasing certain fish and game nonresident license or permit fees.
- HB 577-FN**, establishing the number of associate justices of the superior court.
- HB 578-FN**, providing a definition of an adequate education and establishing an adequacy board.
- HB 581-FN**, relative to the penalty for purposely mistreating service dogs.
- HB 582-FN-A**, relative to the bridge over the Merrimack River.

HB 584-FN, raising the age of minority for juvenile delinquency proceedings from 17 to 18 years of age.

HB 585-FN, requiring all animal shelter facilities, pet shops and commercial kennels to collect a neutering deposit when placing a cat or dog that has not been neutered.

HB 589-FN, relative to the calculation of concurrent and consecutive terms of imprisonment.

HB 592-FN, relative to tolls on the Everett Turnpike.

HB 594-FN, granting group II retirement system status to certain positions in the department of corrections.

HB 595-FN, establishing a sentence reduction method for state prisoners.

HB 596-FN, relative to a retirement system calculation exemption for certain retired teachers of the Concord school district.

HB 603-FN, establishing a task force on mental health costs and requiring the commissioner of the department of corrections to enroll any person being released from a correctional facility in any available free or reduced cost drug program.

HB 610-FN-A, requiring the criminal justice and public safety committee to review motor vehicle fines and extending the effective date for certain motor vehicle fine reductions.

HB 617-FN-L, establishing a property tax relief program and fund and making an appropriation therefor.

HB 618-FN-A, establishing a research and development credit against the business profits tax and the business enterprise tax.

HB 620-FN, repealing the statutory provisions regarding small loans, title loans, and payday loans and establishing a general statutory usury rate.

HB 628-FN-A, establishing the New Hampshire Rx advantage program and continually appropriating a special fund.

HB 630-FN, relative to an electronic controlled drug prescription monitoring program.

HB 632-FN, relative to the penalty for death resulting from the trafficking of controlled drugs.

HB 637-FN-A-L, establishing a gaming oversight authority and video lottery gaming.

HB 640-FN, relative to requiring reimbursement of search and rescue costs of the fish and game department.

HB 642-FN, relative to educational accountability programs.

2007
HOUSE JOURNAL
NUMERICAL INDEX

This index, arranged by bill and resolution numbers, gives page numbers for all action in the House on each numbered bill and resolution. They are listed in the following order:

HB	House Bill
HJR	House Joint Resolution
HCR	House Concurrent Resolution
HR	House Resolution
SB	Senate Bill
SCR	Senate Concurrent Resolution
CACR	Constitutional Amendment Concurrent Resolution

To find a bill by its subject see the Subject Index immediately following this NUMERICAL Index. All matters not relating to bills and resolutions will be found in the Subject Index.

The abbreviations listed below are used in the Numerical Index:

adop	adopted
am	amended, amendment
Com	re-referred to committee
conc	concurred, concurrence
conf	conference committee
Criminal Justice	referred to Criminal Justice and Public Safety committee
enr	enrolled
Exec Depts	referred to Executive Departments and Administration committee
ext	extension of time for hearing
Finance	referred to Finance Committee
intro	introduced, introduction
IP	indefinitely postponed
K	killed (Inexpedient to Legislate)
LT	laid on the table
nonconc	nonconcurrent
opin	opinion
psd	passed
RC	roll call
rcmt	recommitted
recon	reconsideration, reconsidered
rej	rejected
rem	removed from consent calendar
rep	report
req	requests, requested
ret	retained
S	Senate
SO	special order
study	referred to interim study committee
vac	vacate
Ways & Means	referred to Ways and Means committee
wthd	withdrawn
